GoWin, Qsl Manager Program

Dear DX'ers,

After successfuly passed HAM exam in Senegal, Jovica, T98A (ex. 9K2/T94FC, ST0RM, ST2A, T94FC) received 6W1SJ license today. As during previous activities you can expect most of the activity on CW, with some SSB and digital modes. Jovica stays in Senegal for at least two years with great possibilities to activate other West Africa countries.

QSL via T93Y: Boris Knezovic, P.O. Box 59, BA-71000 Sarajevo, Bosnia and Herzegovina. Bureau and E-mail requests are OK.

Hi friends

From Alberto, LU1DZ

The following QRA must be used during the GACW 30th Anniversary Celebration to be held in the city of SAMUEL MORSE, located in Buenos Aires province, ARGENTINA.

These are not vanity call signs and is mandatory in Argentina to add /D or /E to each call when operating out of your normal QTH in Buenos Aires province.

Opérateurs : LU1DZ/E, LW2DX/E, LU5FZ/D LU6UO/D, LW1EXU/D

Dates : du 12 au 15 octobre.

De Boris, T93, hier soir

SENEGAL:

Après avoirpassé son examen, au Sénégal, Jovica, T98A (ex.
9K2/T94FC, ST0RM, ST2A, T94FC) vient de recevoir sa licence et son nouvel
indicvatif 6W1SJ le 10 octobre.
Comme pendant ses précédentes expéditions, principalement e CW, et quelques
incursions en SSB et numériques.
Jovica est au négal pour les deux prochaines années.
Il aura sans doute l'occasion d'activer quelques autres contrées de la Cote
Ouest Afrique.

QSL via T93Y: Boris Knezovic, P.O. Box 59, BA-71000 Sarajevo, Bosnia and
Herzegovina. Bureau et demandes par E-mail acceptées.

I.C.P.O. Bulletin (October 11-19, 2007)
Islands, Castles & Portable Operations.
Listing is by calendar date (day/month/year)
==========

11/10/2007: Tim, A45WG plans to be active as A45WG/p from Masirah Island (AS-014) between October 11-15th. Look for activity on the usual island and IOTA frequencies. QSL via A45WG, direct only (Tim Seed, Al Hudd Hudd Trading & Services, PO Box 2260, Ruwi PC 112, Sultanate of Oman). Visit Tim's web site at: www.qsl.net/a45wg/ [RSGB IOTA]

11/10/2007: Members of the Radio Club Venezolano announce they will be active as YW3AJ from Portuguesa State, Venezuela, from October 11-14th. Activity will be on 160-6 metres, VHF/UHF and all modes. Four stations will be on the air around the clock. GRID FJ59mp. QSL via YV5AJ using QRZ.com address or by the bureau. Operation is good for the D.E.V. (Venezuelan States Award). For more info, visit the web page at: www.radioclubvenezolano.org/concurso.htm [OPDX]

12/10/2007: Rick/N0NJY and JoAnne/KB0IRW will be active from Runaway Bay, island of Jamaica (NA-097, WLOTA LH-0214), as homecall/6Y5 from October 12-14th. This will be a "fun island DXpedition" (Celebrating their 30th wedding anniversary and 18 years as hams together!). Operational times: approximately 1700-2100 UTC on Friday and Saturday, and 1700-2000 UTC on Sunday. Frequency: split frequency operation during operations hours on 14.190 +/-10 kHz, TX, listening 14.200 - 14.230 (+/- 10 kHz). Equipment: ICOM IC-735, Alinco Power Supply and Home brew antenna. QSL direct to N0NJY for both calls. Further information can be found at: jamaicadxpedition2007.blogspot.com/ [K1XN & The GOLIST]

12/10/2007: Tom, W4JKC will be working at a biological field station on the Isla Colon in the Bocas del Toro Province Group (NA-088), Panama, from October 12th to November 2nd. He will be using the call sign HP4/W4JKC and activity will be limited as time permits. Look for him on 40/20/18/15/10 metre CW and SSB. QSL via W4JKC, direct or bureau. [RSGB IOTA]

12/10/2007: Rudi/KF4OM and Larry/KG4LCF will be active as K4P from Pigeon Key (NA-062, USi FL-437S, WW Loc. EL94KQ, Monroe County), Florida, between October 12-14th. Look for activity around the usual island and IOTA frequencies. QSL SASE Direct to KF4OM (Rudi Neuhaus, 1275 SW 21st St., Boca Raton, FL 33486 USA. [RSGB IOTA]

12/10/2007: Wally/VK6YS, Nigel/VK6KHD and Bruce/KD6WW will be active as VK6CHI from Cheyne Island (OC-193) from about 0900z October 12th about 2400z October 15th. They plan to operate CW and SSB mainly on 40, 30 and 20 metres.QSL direct to VK4AAR (Alan Roocroft, 376 Old Toowoomba Road, Placid Hills, QLD 4343 Australia). [RSGB IOTA]

13/10/2007: Look for François/F5JNE and Claude/F5MCC to be active October 13th as F5JNE/p from the Castle of Du Plessis (DFCF 10-024), located in the city of Frenoy le Château (CP 10270), canton of Lusigny sur Barse (DDCF 10-12), Department Aube/10 and Province of Champagne-Ardennes. Activity will start around 0600 UTC on 80m, then QSY to 40m, CW and SSB. QSL via F5JNE, direct or bureau. SWL cards are welcome. [F5NQL]

13/10/2007: Jean Michel, F5PRR/p will be active October 13th from the Castle of Rocher. Look for activity mainly on 80 and 40 metres. QSL via home call, direct or bureau. [F5PRR]

13/10/2007: Look for Tom, N8TJC to be active October 13th using the special call N8V from Lake Alma Island (USi OH-022L, Not IOTA), located in Lake Alma, Vinton County, Ohio. Operations could be cut short due to weather. Frequencies will be 7.250 and 14.250 MHz SSB, starting around 1600z. Send QSL's to QRZ address of N8TJC with SASE. [USi]

13/10/2007: Hans, SM0BYD will operate CW as OH0/SM0BYD from the Aland Islands (EU-002) for 24 hours during the weekend of October 13-14th. He plans to be QRV on as many HF bands as time permits, and on 6 metres, if possibile. QSL via home call. [425 DX News]

13/10/2007: Team RK9YYD will be active October 13th as RK9YYD/p from RDA Districts AL-72 (Belokuriha), AL-30 (Krasnogorsky) and AL-61 (Troitsky), Altaysky Kraj (AL). QSL via home call, direct or bureau. [RX3RC]

13/10/2007: Special event call sign W3B will be aired October 13th (1400z-2000z) from the Blackistone lighthouse (ARLHS USA-060), Maryland. QSL with SASE to KA3UNQ via his info at QRZ.com. [ARLHS]

14/10/2007: The Fagnes A.R.C. (F5KDB) will be active October 14th as follows, from several Forts located in the Nord department/59, North of France. All of these activities count for the Val de Sambre Fortresses Award (DFVS). 1) The Fort du Bourdiau (DFCF 59-029, DFVS 59-05), city of Ferrière la Grande (CP 59680) using the call sign F5KDB/P1, by F4CGQ and F4CJH on 40 metres. 2) The Fort de Cerfontaine (DFCF 59-045, DFVS 59-10), city of Cerfontaine (CP 59680) using the call sign F5KDB/P2, by F5UGX and F4CIT on 40 metres. 3) The Fort de Boussois (DFCF 59-041, DFVS 59-09), city of Boussois (CP 59168) using the call sign F5KDB/P3, by F8BMN and F5AQH on 40 and 80 metres. At less than 500m away the following will be activated by the same team on 40 and 80m: The Fort de la Salmagne (DFCF 59-038, DFVS 59-08), and the Mill of Salmagne (DMF 59-026), city of Vieus-Reng (CP 59600), using the call sign F5KDB/P4; The Fort de Bersillies (DFCF 59-037, DFVS 59-07), city of Bersillies (CP 59600) using the call sign F5KDB/P4, by F4FIU, F0DTC and Philippe/swl. The four teams will join together at 1030 UTC and will activate the Fort Leveau (DFCF 59013, DFVS 5901), city of Feignies (CP 59750), using the call sign F5KDB. As the forts of Buots, Heron Fontaineand the Redoute of Férrière la Petite have disappeared, new rules for the Val de Sambre Fortresses Award, will be issued soon. Further information at: pageperso.aol.fr/f8bmn/ReglementDFVS.html [F5NQL]

14/10/2007: Leo/IZ5FSA, Stefano/IW5DPF and Luca/I5IHE will be active as S79LL, S79SO and S79LC from Praslin Island (AF-024), Seychelles, October 14-19th. QSL via home calls, direct only. [425 DX News]

15/10/2007: Toby, DD5FZ is going to hit the airwaves from Montenegro as 4N6FZ from October 15-27th. He may also be a guest operator at the station of YT6A and plans to take part in the CQWW DX SSB and the WAG Contests. QSL via DD5FZ, via bureau is ok. [DXNL]

15/10/2007: Roberto, YV5IAL will be active QRP as CE2/YV5IAL from Chile, October 15-21st. He plans to operate PSK31 daily on 14070.15 (from 2200 to 0000 UTC) and ocasionally on 10, 15 and 40 metres. QSL via home call, direct or bureau. [425 DX News]

15/10/2007: Larry, N0UU and his XYL Jo Ann are travelling through the South Pacific and Larry plans to activate following DXCC entities and IOTA Islands: October 15th as FO/N0UU from Makatea Island (OC-066, DIFO FO-051); October 16th as FO/N0UU from Fakarava Atoll

(OC-066, DIFO FO-040); October 17th as FO/N0UU from Raroia Atoll (OC-066, DIFO FO-075); October 19th as FO/N0UU from Pukarua Atoll (OC-238, DIFO FO-072); October 23rd as VP6UU from Henderson Island (OC-056); October 24th as VP6UU from Ducie Island (OC-182); and October 27th as CE0/N0UU from Easter Island (SA-001). Larry's preferred frequencies are 21.290 and 14.215 MHz but he has also been spotted on 17m SSB. He confirms all QSOs also via the bureau and invites everybody to visit his homepage at: www.tri.net/n0uu/ [DXNL]

15/10/2007: Wally/VK6YS and Bruce/KD6WW will be active as VK6YS/p from Rottnest Island (OC-164, WLOTA LH-2197), between 1100z October 15th to 0300z October 17th. This will be a short mid week stay with activity on 40, 30 and 20m CW and SSB. QSL direct to VK4AAR (Alan Roocroft, 376 Old Toowoomba Road, Placid Hills, QLD 4343 Australia). [RSGB IOTA]

17/10/2007: A group of 6 operators will be active as C52C between October 17-30th. Activity will be on all HF bands (160-10m), and 6m with an accent on the lower bands, especially 160m. They plan to have up to 4 well equipped stations on the air. They will also participate in CQWW SSB Contest using the call sign C50C. Operators mentioned are: Rich/OM2TW (Team Leader), Bob/OM1KW (CW/SSB operator), Roman/OM2RA (CW/SSB operator), Joe/OM5AW (CW/SSB operator), Noro/OM6NM (CW/SSB operator) and Dano/OM1NW (Digi modes and SSB operator). During this DXpedition, the group wants to try to activate Bijol Island (AF-060). Currently, they still don't have permission for landing and the licence for the island. QSL via OM2FY, direct (Branislav Daras, P.O. Box 6, Bratislava 28, 82008 Slovakia) or by the bureau. Full details can be found at: www.om0c.com/gambia/index.html [OPDX]

17/10/2007: Ulli, DL2AH will be active from Chatham Island (OC-038) using the call sign ZL7/DL2AH between October 17-30th. He will use a FT897 with loop antennas for 40-10m, SSB and RTTY. QSL via his home call. [RSGB IOTA]

18/10/2007: John, KE6GFF, will once again operate as T6EE from Kabul, Afghanistan, between October 18th and November 12th. It is suggested to look for him on SSB on or about 14210 kHz. QSL via his home call (John Kountz, 1065 van Dyke Dr., Laguna Beach, CA 92651). [OPDX]

18/10/2007: Igor/VE3ZF, Ken/VE3FDX, Bill/K5YG, Travis/W5GED, John/VA2MCJ and Eugene/N2AA will be active from Orleans Island (NA-128), October 18-21st. They will be signing VE3ZF/2 (CW and SSB) and W5GED/VE2 (RTTY and PSK), while during the W/VE Islands QSO Party (20-21 October) the callsign will be VE2IDX. QSL VE2IDX via VE3ZF, others via home call. The website for the operation is at: www.ve2z.com/ [425 DX News]

19/10/2007: Jim, W7EJ will be QRV from Casablanca, Morocco, as CN2R from October 19-28th. Look for activity on all bands and modes. Jim will also participate in the CQWW DX SSB Contest (October 27-28th) as a Single-Op/Single-Band (160m) entry. QSL via W7EJ (QRZ.com). [NG3K]

19/10/2007: Jack, HB9TL (VK6CTL) will be active October 19-25th as VK9CNF from Norfolk Island (OC-005). He plans to operate SSB on 10-80 metres. QSL direct to HB9QR. [425 DX News]

19/10/2007: Haru Uchida, JA1XGI/W8XGI pland to be active as VK9GLX from Lord Howe Island (OC-004) between October 19th and 22nd. Activity will be on 40, 30 and 20 metres, with emphasis on the low bands, using CW, SSB and digital modes (RTTY, SSTV). QSL via JA1XGI, direct or by the bureau. You can also QSL direct only to W8XGI. [NG3K]

==========

LOOKING AHEAD

20/10/2007: Special event station SU50JOTA will be aired October 20th and 21st to celebrate the Golden Jubilee of JOTA. The SU50JOTA team will join more than 500,000 people, from over 100 countries, participating in the largest annual world-wide Scouting event - a Jamboree on the Air, or JOTA. The station will be operational from the Cairo International Scout Centre. Bands will be 14 Mhz, 21, Mhz, 18 Mhz, 3.5 Mhz and 7 Mhz CW and SSB. SU50JOTA Team Members is SU1GS, SU1SA, SU1AO, SU1KM, SU1KA, SU9NC and SU1SK. QSL via SU1SK (SU1SK Said, P.O. Box 190, New Ramsis Center, Cairo 11797 Egypt). All updated information can be found at: www.qsl.net/su50jota/ [4X4-2238]

20/10/2007: Mike, W7ASF will be active during the W/VE QSO Party (October 20-21st) as W7ASF/p from Clover Island (USi WA-052R, WW Loc. DN06KF), located in the Columbia River, Benton county, Washington. Look for him on 80, 40 and 20 metres. QSL via home call, direct or bureau. [USi]

24/10/2007: Laci, HA6NL and his friends will be again be on Thassos Island (EU-174, MIA MG-124, WLOTA LH-4186), Greece, from October 24th to November 8th. The group call is J48RT and the operators are Gyuszi/HA2VR, Laci/HA6NL (J48NL), Zsolt HA6PS (J48PS), Tibor/HA6ZV, Al/HA7JJS (J48JJ) and Laci/HA7PL (J48PL). All of them will work with SV8/HA.... as well. The operation is planned on all HF bands plus 6 and 2 metres. They will use CW-SSB-PSK31-MS- JT6M modes. They will take part in The CQ WW DX SSB contest (October 27-28th) as Multi-Single with J48RT call. They also will take part in the HA QRP contest (November 1-7th) and try to work on The Ukrainian Contest too. First time this year they will make a trip to the Ypsario montain, and will be operating on 2m, in the VHF contest, November 2-4th. The QTH name is Kazaviti and the QRA locator is KN20HR. All QSL cards will be answered the same way as they received them, it is means via home calls, via HA bureau or direct. J48RT via HA6NL. [Tnx HA0HW]

24/10/2007: Rich, N0HJZ will be active from Belgium as ON9CMV (semi rare prefix) between October 24-30th, including a fulltime effort in the CQ WW DX SSB Contest (October 27-28th). He will be running high power into good antennas. QSL direct to his home call or via LoTW. [F5NQL]

27/10/2007: Operators Les/SP9LJD and Kazik/SP6AXW will be QRV from Artik, Armenia, as EK0B during the CQWW DX SSB Contest (October 27-28th), as a Multi-2 entry. QSL via SP9ERV, direct or bureau. [NG3K]

27/10/2007: Thomas, HZ1EX will operate at the station of HZ1GW in Saudi Arabia with his or own call sign during the CQWW DX SSB Contest (October 27-28th), as a Single-Op/All-Band entry. 80m not available in HZ! QSL HZ1GW via GW0RHC. QSL HZ1EX via SM0BYD. [NG3K]

27/10/2007: Operators Doug/CO8DM, Alex/CO8KA, Rafael/CO8MA, Josy/CO7RR, Gerardo/CO7GG and Raúl/CO8ZZ will be active from Cuba (NA-015, WLOTA LH-0032) as T48K during the CQWW DX SSB Contest (October 27-28th) as a Multi-Single entry. They will be operating from their Radioclub’s station in Las Tunas (WW Loc. FL10MW). QSL via DK1WI. [NG3K]

03/11/2007: To celebrate the 20th birthday of the Society, PI4NAF will be QRV with the call sign PA20NARAS on HF and VHF between November 3-19th. [F5NQL]

21/11/2007: Nikolay, LZ1NK will be active as TA3/LZ1NK from the Bursa region of Asian Turkey between November 21-26th, including the CQWW DX CW Contest (November 24-25th) as a Single-Op/Single-Band (40m)/Low-Power entry using the call TC3A. Skeds OK before the contest. QSL via home call. [NG3K]

23/11/2007: Juhani, OH3SR plans to be active holiday style as VP9/OH3SR from the island of Bermuda (NA-005, WLOTA LH-0201), November 23-27th, including a casual entry in the CQWW DX CW Contest as a Single-Op/Low-Power entry. Outside the contest Juhani will be QRV on all bands using SSB, CW and RTTY. QSL via home call, direct or bureau. [NG3K]

24/11/2007: Arno, RV1AW will be QRV as CN2AW, from the CN2R superstation in Morocco, during the CQWW DX CW Contest (November 24-25th) as a Single-Op/Single-Band (20m) entry. QSL via home call. [NG3K]

24/11/2007: Seppo, OH1VR will be QRV once again as OH1VR/VP9 from the island of Bermuda (NA-005, WLOTA LH-0201) between November 24-27th, including the CQ WW DX CW Contest as a Single-Op/Single-Band (20m)/Low-Power entry. QSL via home call (CBA). [NG3K]

01/12/2007: Jean/ON5JV and Georgette/ON6AK will sign EA8/homecall from Tijoco Bajo, Tenerife Island (S-012 for the Spanish Islands Award, WLOTA LH-1276), Canary Islands (AF-004), between December 1, 2007 and January 31, 2008. Mainly on 20 and 40m in the evening (local time). QSL via home calls, bureau preferred. [F5NQL]

27/01/2008: Lars, MM0DWF will be active from Husvik (an old whaling station) located on South Georgia Island (AN-007) as VP8DIF from January 27 to February 28, 2008. Activity will be on all bands, depending on his work schedule. QSL via DJ9ZB, direct or bureau. Further information can be found at: www.lars-boehme.de/vp8dif/index.html [RSGB IOTA]

26/07/2008: Colin, MM0NDX states that IOTA EU-008 will be on air for sure during the 2008 IOTA Contest (July 26-27th). He will use the call sign MM0NDX/p. He is undecided as to which island he will activate, Gigha (EU-008, IOSA NH-24, SCOTIA CS-23) or Kerrera (EU-008, IOSA FL-02, SCOTIA CN-02) Islands. Colin will update the information in due time. QSL direct only to his home call. [RSGB IOTA]

==========

SPECIAL EVENTS

12/10/2007: As part of the GACW 30th Anniversary, a team of operators will be QRV from the city of Samuel Morse, Buenos Aires Province, between October 12-15th. The call signs will be LU1DZ/E, LU5FZ/D, LU6UO/D, LU7BTO/D, LW1EXU/D and LW2DX/D. They will have two complete stations, with high power and wire/vertical antennas. They will be active on all band/modes from 160 to 10 metres, with emphasis in CW. Samuel Morse is located in the NW region of Buenos Aires Province. One of the nearest major Cities is Junín, which is 26 KM from Morse. QSL via operator's instructions. [LU6EF]

12/10/2007: Special event station I0RI will be aired October 12th (Spain's National Day) from the Spanish Embassy in Rome. QSL via IZ0GKN (bureau) or IZ0FMA (direct). A certificate will be issued free of charge for contacting both I0RI and EH4EI in June and October. Send the details of the four QSOs to (ea4ct -at- ure.es) before 30 November. [425 DX News]

12/10/2007: Special event station EH4EI will be aired October 12th (Spain's National Day) from the Italian Embassy in Madrid. QSL via EA4CT, direct or bureau. [425 DX News]

12/10/2007: The W5-National Wildlife Refuge ARC will operate from the Hagerman National Wildlife Refuge (www.fws.gov/southwest/refuges/texas/hagerman/index.html) on October 12-14th. This operation coincides with the National Wildlife Refuge Week and is in support of the KP1-5 Project and the US national wildlife refuge system. Look for W5NWR on SSB, CW, RTTY and PSK on frequencies of opportunity. QSL via NA5U. Other stations will be operating from wildlife refuges across the nation. Look for additional information on this operation

and others at www.pilgrimriver.com/nwr2007/ [425 DX News]

13/10/2007: On the 17th of October 1907 Guglielmo Marconi sent his first commercial message from the, then new, station at Clifden, Ireland. This October, in celebration of this historic event, members of the Galway Radio Experimenters Club will be running a special event station from Saturday 13th to Wednesday 17th from Clifden. The club has been issued the call sign EI100MFT for the event, MFT being the last call sign used on the original station. On the Wednesday they will be making a special linkup with the Marconi sister station in Glace Bay, Nova Scotia. Part of this linkup will be an exchange of greetings between President Mary McAleese and Lieutenant Governor of Nova Scotia the Honourable Mayann E. Francis. The group will also be honoured to have Princess Electra Marconi present as she is coming to Clifden for the festival along with an Exhibit from the Marconi Foundation in Bologna. The Galway Radio Experimenters Club will also be presenting a display of vintage equipment. More details on the festival can be found at www.clifden.ie [Southgate ARC]

15/10/2007: Look for Syrian hams to use the special prefix 6C60 to celebrate the 60th anniversary of amateur radio in Syria during the period October 15th to November 15th on all HF bands. [OPDX]

17/10/2007: To honour the admission of the Republic of Montenegro to the Council of Europe, the radio club of the Council of Europe organizes an expedition in collaboration with 4O3A/Ranko October 17th to 21st, airing the special event callsign 4O0CE. QSL via F5LGF. Logs will be available at: ewwa.free.fr/ [UBA HF News]

17/10/2007: Special event station PA50JOTA (www.scoutnet.nl/~jota) will be active October 17-31st from Nieuweroord to celebrate the Golden Jubilee of the Jamboree On The Air. QSL via PA3EFR. [425 DX News]

18/10/2007: Look for Mike, UA1QV to air special event call sign UE1RSP/p on October 18th to celebrate the birthday of Sergei Preminin. The operation will be from the street "Sergej Preminin" in Vologda (RDA district VO-01). QSL via UA1RJ, direct or by the bureau. [F5NQL]

19/10/2007: UBA-section GDV will activate special event call sign ON50JOTA, October 19-21st on HF/VHF/UHF scouting frequencies. Skeds may be arranged via e-mail to on50jota-at-mail.be. [UBA HF News]

19/10/2007: The Italian's Strange Radio Event will take place this year between 0600z, October 19th and 2200z, October 21st. This year the "Strange Radio Team" (SRT) is trying to involve SRT members outside of Italy too. Many Italian stations will be using many special "SRT" call signs (such as IS0SRT, II1SRT, IR8SRT, IO8SRT, IU7SRT, II0SRT etc ...) and the SRT group is hoping to hear many other SRT call signs from many other countries. SRT plaques will be awarded for this event and Strange Radio Event certificates will be available for making QSOs with different SRT special call signs. The mode for this event is SSB only. For more details, please visit the SRT Web page at: www.strangeradioteam.com . If you need any additional info, send an E-mail to: iz7dok-at-strangeradioteam.com [OPDX]

19/10/2007: Arlindo, CT1EGW will be active October 19-21st as CT7EPO. The special call sign celebrates the Gold Jubilee of the JOTA Scout event (EPO stands for Escoteiros de Portugal). QSL via home call, direct or bureau. [425 DX News]

19/10/2007: Look for 3V8CB and 3V8ST to be QRV October 19-21st to celebrate the 10th anniversary of the Tunisia Scouts Amateur Radio Club. Expect activity on all bands, mainly

SSB and CW. QSL only via the bureau. No direct QSLs with $/SAE please. [F5NQL]

French Castles Award, from the Award manager:
By numerous requests it's now possible to get the whole list of Castles validations, both HF and VHF.
An Excel file (abt 150 Kb), can be sent as attached file to a mail.
Sincerely,
Jean Pierre F6FNA DFCF Manager [F5NQL]
==========
After successfuly passed HAM exam in Senegal, Jovica, T98A (ex. 9K2/T94FC, ST0RM, ST2A, T94FC) received 6W1SJ license today (October 10, 2007). As during previous activities you can expect most of the activity on CW, with some SSB and digital modes. Jovica stays in Senegal for at least two years with great possibilities to activate other West Africa countries.

QSL via T93Y: Boris Knezovic, P.O. Box 59, BA-71000 Sarajevo, Bosnia and Herzegovina.
Bureau and E-mail requests are OK. [T93Y]

Hi John,

YES, it is great having them embedded in the weekly data files. Keeps from having multiple sheets at the operating position for reference.

Hi Mike,
I did not know the * was there. It is not in the message as composed.
The email client (Thunderbird) must have added that. I wonder why?
I wonder if it is doing that to all my email messages?

6068. QSL INFORMATION for 4U1UN and OTHERS

Yahoo group: GOLIST (2007 — 2010)
Date: 2007-10-13 00:04:14 UTC
From: K1XN
Topic: 6068 Message: 6068

GoWin, Qsl Manager Program

*I just received this info from Herb HB9BOU this afternoon.

For countries outside Europe: from September 1st, 2007 on the Swiss Post accepts now 1 IRC as sufficient postage for a priority mail to a country outside of Europe, if the IRC has been sold in a non European country. If the IRC has been sold in a European country, 2 IRC's are needed. 1$ does even not cover an economy mail for outside Europe. Till now I returned all mails with 1$ return postage via priority mail. I think that the 4U1UN QSL situation has now improved, so I am going to send back letters containing 1$ via economy mail only from now on.

For European countries, 1IRC sold in Europe is ok for a priority mail. 1$ is ok for an economy mail in Europe.

About QSL's via bureau: It took a long time to get cards via the bureau. But I think the situation has improved now as I got hundreds of cards from January this year. The QSL bureaus seems to know me now. So I am a bit behind but backing up fast. The return way is another problem. I know from cards I sent in 2005 who still not arrived.

4U1UN and 4U/UN special calls: from 1985 and after means for all logs we could recover till now. Although we could recover many logs, there are still many missing. For example, 1998 is a very bad year.

4U1UN and 4U/UN special calls: all logs earlier than 1985 do no longer exist.

LoTW: I will start to upload 4U/UN logs during this coming winter. First log will be the 4U60UN log. Then I will proceed by year starting with 2007- 2006 - 2005 etc. Before doing that some work had to be done, this took some time.

Yes my address is ok in all callbooks.

I also do also have the following information:

DX Station Manager Note
HB9SPACE HB4FR All contacts - Bureau - Direct+SASE <2$ / 1IRC>

About the IRC's, same remark as for 4U1UN

Hope this is of any help. Would be pleased to answer if you have more questions. Thank you very much for publishing these informations.

73, Herb, HB9BOU.*

6070. Ven isl results, LX; QSL Bureau VE, Op's or no needed for Antarctica

Yahoo group: GOLIST (2007 — 2010)
Date: 2007-10-14 17:37:17 UTC
From: F5nql@aol.com
Topic: 6070 Message: 6070

Hi friends

We closed down at 6825 contacts from Ven Island (IOTA EU-137).

Please note, that our QSL informations is

SD7T via DL2RTK

SD7V via DL2VFR

SD7W via DL2SWW

Via bureau (or direct, if absolutely necessary).

Do not send QSL to the SM-QSL-Bureau. They will not be answered.

SM7DAY/p of course confirms via the SM-QSL-bureau.

Tnx for the nice pile ups . see you from our next expedition
On behalf of the crew

Ric, DL2VFR

I.C.P.O. Bulletin (October 18-26, 2007)
Islands, Castles & Portable Operations.
Listing is by calendar date (day/month/year)
==========

17/10/2007: Willy/ON5AX and his XYL Magda/ON3AX are travelling the South Pacific between October 17th and December 14th. They will be QRV using CW/SSB/PSK on 40m/30m/20m and they also intend to participate in the CQWW SSB Contest while staying on American Samoa. This is their schedule: October 17-22nd as 5W0AX from Samoa (OC-097); October 24-29th as KH8/ON5AX from American Samoa (OC-045); November 2-14th as A35AX from Tonga (OC-049); November 16th to December 14th as ZL/ON5AX from New Zealand. QSL all calls via ON5AX. [DXNL]

18/10/2007: Juergen, BX3/DJ3KR, will stay in Taiwan (AS-020, WLOTA LH-0022) between October 18th and November 5th and plans to hit the airwaves on all bands/modes. QSL via home call. [DXNL]

18/10/2007: A German group (DJ6QT, DJ7JC, DK8NC, DL8OBF) will be QRV on all bands from Madeira Island (AF-014, MA-001 for the Portuguese Islands Award) until October 30th as CT3/homecalls. They will sign CT9L during the upcoming WAG and CQWW SSB Contests. QSLs for CT9L via DJ6QT, all other QSLs via the operator's home call. [DXNL]

18/10/2007: John, KE6GFF, will once again operate as T6EE from Kabul, Afghanistan, between October 18th and November 12th. It is suggested to look for him on SSB on or about 14210 kHz. QSL via his home call (John Kountz, 1065 van Dyke Dr., Laguna Beach, CA 92651). [OPDX]

18/10/2007: Igor/VE3ZF, Ken/VE3FDX, Bill/K5YG, Travis/W5GED, John/VA2MCJ and Eugene/N2AA will be active from Orleans Island (NA-128), October 18-21st. They will be signing VE3ZF/2 (CW and SSB) and W5GED/VE2 (RTTY and PSK), while during the W/VE Islands QSO Party (20-21 October) the callsign will be VE2IDX. QSL VE2IDX via VE3ZF, others via home call. The website for the operation is at: www.ve2z.com/ [425 DX News]

19/10/2007: Jim, W7EJ will be QRV from Casablanca, Morocco, as CN2R from October 19-28th. Look for activity on all bands and modes. Jim will also participate in the CQWW DX SSB Contest (October 27-28th) as a Single-Op/Single-Band (160m) entry. QSL via W7EJ (QRZ.com). [NG3K]

19/10/2007: Larry, N0UU and his XYL Jo Ann are travelling through the South Pacific and Larry plans to activate following DXCC entities and IOTA Islands: October 19th as FO/N0UU from Pukarua Atoll (OC-238, DIFO FO-072); October 23rd as VP6UU from Henderson Island (OC-056); October 24th as VP6UU from Ducie Island (OC-182); and October 27th as CE0/N0UU from Easter Island (SA-001). Larry's preferred frequencies are 21.290 and 14.215 MHz but he has also been spotted on 17m SSB. He confirms all QSOs also via the bureau and invites everybody to visit his homepage at: www.tri.net/n0uu/ [DXNL]

19/10/2007: Jack, HB9TL (VK6CTL) will be active October 19-25th as VK9CNF from Norfolk Island (OC-005). He plans to operate SSB on 10-80 metres. QSL direct to HB9QR. [425 DX News]

19/10/2007: Haru Uchida, JA1XGI/W8XGI pland to be active as VK9GLX from Lord Howe Island (OC-004) between October 19th and 22nd. Activity will be on 40, 30 and 20 metres, with emphasis on the low bands, using CW, SSB and digital modes (RTTY, SSTV). QSL via JA1XGI, direct or by the bureau. You can also QSL direct only to W8XGI. [NG3K]

20/10/2007: Rich, AA1KS will be QRV for the W/VE Islands QSO Party (October 20-21st) from his home QTH in Eastport, Moose Island (USi ME-033S, IOTA NA-055, Washington County, WW Loc. FN64MV), Maine. QSL direct or via the bureau. [USi]

20/10/2007: Paul, AA4ZZ/p will be active from Sunset Beach island (NA-112, USi NC-012S, Brunswick County, WW Loc. FM03RU), North Carolina, between 1200z October 20 and 1600z October 22. Activity will be mainly on 20m SSB, with the possibility of some 17m SSB. QSL via home call (Paul Trotter, 6801 Folger Dr., Charlotte, NC 28270 USA). [RSGB IOTA]

20/10/2007: Jacky, F5OGC/p will be QRV October 20th from the Castle of Montbraye (DFCF 72-059), located on the commune of Parigné l'Evêque, Department Sarthe/72 and Province of Pays-de-Loire. Activity will start on 80m at 0900z and will probably continue on 40m at 1015z. QSL via home call, direct or bureau. [Radioamateur.org]

20/10/2007: Weather permitting, J-François F8BMN/p will be QRV October 20th from the Castle of the Hermitage (DFCF 59-001), validated in 1999 and never reactivated. The castle is located on the commune of Condé sur l'Escaut (CP 59163), canton Conde sur Escaut (DDCF 5919, WW Loc. JO10TG), Department Nord/59 and Province of Nord Pas de Calais. Activity on 80m if possible and 40m. QSL via home call, bureau preferred. [F8BMN]

20/10/2007: Freddy, F8CKS will be active October 20th as F8CKS/p from the Castle Sainte Marie (DFCF 24-091), located in the commune of Siorac, canton of Belves (DDCF 24-02), Department Dordogne/24 and Province of Aquitaine. Look for activity mainly on 80 and 40 metres. QSL via home call, direct or bureau. [F8CKS]

20/10/2007: Bill, K4WP will be signing K4WP/p from Isle of Hope (USi GA-030R, Not IOTA, Chatham County, WW Loc. EM92LA), Georgia, during the W/VE Islands QSO Party. QSL via home call. [USi]

20/10/2007: Look for Don, KB5IQJ to be active in the W/VE Islands QSO Party (October 20-21st) from Nolte Island (USi TX-033R, Not IOTA, Guadalupe County, WW Loc. EL19AM), Texas. QSL via home call, direct or bureau. [USi]

20/10/2007: Keith, KL7KG will be QRV during the W/VE Islands QSO Party from Mitkof Island (USi AK-155S, IOTA NA-041, 1st S. Eastern County, WW Loc. BP51AM), Alaska. QSL via the information at QRZ.com. [USi]

20/10/2007: Don/KM0R and Gary/N0PBM will be signing homecall/p during the W/VE Islands QSO Party from Berry Bend Island (USi MO-013L, Not IOTA, St. Clair County, WW Loc. EM38FE), Missouri. Look for the to be active on on 40m and 20m SSB, and may try PSK too. SASE for QSL, they will have another photo card for this trip. Please send an envelope large enough to enclose a 4 x 6.5 inch card. (A4 or standard #10 envelopes are great and need only the standard first class postage) USI eQSL or CBA. DX via the bureau. [USi]

20/10/2007: Look for Dave, N4LCC who will qualify a new island during the W/VE Islands QSO Party. He will be operating from Rabbit Island (USi LA-098, Not IOTA, Orleans County, WW Loc. EM50ED), Louisiana, using 20 metre and 10 metre SSB and PSK31. Look for him on 14.070 PSK, 14.260 SSB and 28.350 SSB. QSL via home call. [USi]

20/10/2007: Mike, W7ASF will be active during the W/VE Islands QSO Party (October 20-21st) as W7ASF/p from Clover Island (USi WA-052R, Not IOTA, WW Loc. DN06KF), located in the Columbia River, Benton county, Washington. Look for him on 80, 40 and 20 metres. QSL via home call, direct or bureau. [USi]

20/10/2007: Look for Page WA3EOP/m to be QRV for the W/VE Islands QSO Party from Kent Island (USi MD-004S, Not IOTA, Queen Annes County, WW Loc. FM18UW), Maryland. QSL via home call. [USi]

20/10/2007: A Finnish/Belgian team consisting of Wim/XU7TZG, Reijo/OH4MDY (XU7MDY), Anni/OH4JGE (XU7JGE), and Jack/ON4AJV (XU7AJV), was announced to become active from Cambodia between October 20th and November 5th. The following frequencies have been published: 1825, 3507, 7003, 10104, 14007, 21007, 24897 and 28020 kHz, but the lowbands will be emphasized. Listen for XU7MDY in a single band category of the CQWW SSB Contest. Unfortunately QSLs only direct. [DXNL]

21/10/2007: An international team will be active as 1A4A from the Sovereign Military Order of Malta during the week of the CQWW SSB Contest (October 27-28th, M/? entry). They will participate in the CQWW SSB Contest using the call sign 1A3A, a M/? entry. This will be the first activity from this most wanted during one of the major contest on the HF bands. QSL via IZ4DPV, direct only (Mr. Massimo Cortesi, P.O. Box 24, 47100 Forli'-Centro, Italy). Further information will be updated at: www.mdxc.org/1a4a/ [F5NQL & NG3K]

23/10/2007: Look for John, W2GB to be active from the island of Jamaica (NA-097, WLOTA LH-0214) as 6Y0B, October 23-30th, CQWW DX SSB Contest included (October 29-30th). QSL via W2GB. [NG3K]

23/10/2007: Operators David/KY1V, Filipe/CT1ILT, John/W2GB, Robert/W5AJ Manu/LU9ESD and Gerald/W1VE will be active as 6Y1V between October 23-30th. QSL via OH3RB, direct preferred. [OPDX]

23/10/2007: Operators Frank/WA2VYA, Ken/K2WB, Tony/W2WAS and John/N2VW will be signing VP5/homecalls from Provo Island (NA-002) between October 23-30th, CQ WW DX SSB Contest included (October 27-28th) using the call sign VP5T. Before and after the contest they will be QRV on the WARC bands, mainly CW. QSL via the operators home call. QSL VP5T via N2VW or LoTW. No eQSLS. SWL QSLs are OK. [NG3K]

24/10/2007: A team of stateside operators will activate the island of Grenada (NA-024, WLOTA LH-0718) from late October 24th to October 31st. The contest station J3A (QSL via WA1S) will be active as a Multi-Multi entry in the CQ WW DX SSB Contest (October 27-28th). Team members are Don/WC4D, Jon/N7AZ, Patrick/KI4QCS, Ed/K1EP, Brian/KA7KUZ, Jim/K0RH, Janet/W8CAA, Ron/WA8LOW, Richard/N0RB, Harry/W8KKF, Joe/W8GEX and Harry/AC8G. For outside the contest, with the exception of W8GEX and AC8G, the team members have been assigned homecall/J3. W8GEX will be J3K and AC8G will be J37K. QSL each to their home callsign or as announced. Expect various other modes outside the contest and operations on the 30/17/12m bands as well as 60 and 6 metres. The team has arranged for antenna and power improvements especially on 80 and 160 previously weak links. [OPDX]

24/10/2007: Laci, HA6NL and his friends will be again be on Thassos Island (EU-174, MIA MG-124, WLOTA LH-4186), Greece, from October 24th to November 8th. The group call is J48RT and the operators are Gyuszi/HA2VR, Laci/HA6NL (J48NL), Zsolt HA6PS (J48PS), Tibor/HA6ZV, Al/HA7JJS (J48JJ) and Laci/HA7PL (J48PL). All of them will work with SV8/HA..... as well. The operation is planned on all HF bands plus 6 and 2 metres. They will use CW-SSB-PSK31-

MS- JT6M modes. They will take part in The CQ WW DX SSB contest (October 27-28th) as Multi-Single with J48RT call. They also will take part in the HA QRP contest (November 1-7th) and try to work on The Ukrainian Contest too. First time this year they will make a trip to the Ypsario montain, and will be operating on 2m, in the VHF contest, November 2-4th. The QTH name is Kazaviti and the QRA locator is KN20HR. All QSL cards will be answered the same way as they received them, it is means via home calls, via HA bureau or direct. J48RT via HA6NL. [Tnx HA0HW]

24/10/2007: Rich, N0HJZ will be active from Belgium as ON9CMV (semi rare prefix) between October 24-30th, including a fulltime effort in the CQ WW DX SSB Contest (October 27-28th). He will be running high power into good antennas. QSL direct to his home call or via LoTW. [F5NQL]

24/10/2007: Scott, NE1RD will be active from CariVista Villa, Saint Peter Basseterre Parish, St. Kitts (NA-104) as V4/NE1RD between October 24th and 31st, CQWW DX SSB Contest included (October 27-28th) as a Single-Op/All-Band entry. QSL via home call, direct or bureau. Further info at: dxpedition-v4.com/ [NG3K]

24/10/2007: Igor/VE3ZF, Ken/VE3FDX, Bill/K5YG, Travis/W5GED, John/VA2MCJ and Eugene/N2AA will be active from Port Cartier (Zone 2), October 24-28th. They will be signing VE8DX/2 (CW and SSB) and K5YG/VE2 (RTTY and PSK), while during the CQ WW DX SSB Contest the call sign will be VE2Z. QSL VE2Z via VE3ZF, QSL VE8DX/2 via N5FG, QSL K5YG/VE2 via home call. The website for the operation is at: www.ve2z.com/ [VE3ZF]

24/10/2007: Operators George/K2DM, Peter/K3ZM and Glen/W4GKA will be active from the island of Montserrat (NA-103) as VP2MDG, VP2MZM and VP2MKA, respectively, from October 24-30th. They will also be active as VP2MDG during the CQ World Wide DX SSB Contest (October 27-28th) as a Multi/2 entry. Also, look for VP2MDG on 6m SSB and VP2MZM on 160m CW outside the contest. QSL via their home calls. [OPDX]

25/10/2007: Operators Pete/W2GJ (C6APR), Ed/K3IXD (C6AXD) and Randy/K4QO (C6AQO) will be QRV from Crooked Island (NA-113, ARLHS BAH-005, WLH C6-002, WLOTA LH-0118), Bahamas. Their main focus is the CQWW DX SSB Contest (October 27-28th) as a Multi-Single entry using the call sign C6APR. Before and after the contest they will be on 160m thru 6m, CW, SSB, and RTTY. QSL via K3IXD, direct or bureau. [NG3K]

25/10/2007: Alan, WQ5W, announces his upcoming C6AQW DXpedition to Treasure Cay, Abaco, Bahamas (IOTA NA-080, WW Loc. FL16IQ), October 25-31st. The primary purpose of this trip is to operate the CQWW DX SSB Contest as a Single-Band (40m)/Low-Power entry. Outside the contest Alan will concentrate on 160, 80, 30, 17 and 12 metre CW/SSB plus RTTY on all bands. QSL via WQ5W, direct or bureau. Further information and updates can be found at: wq5w.blogspot.com/ [OPDX]

25/10/2007: John, W5JON will be QRV October 25-31st from Ambergris Caye (NA-073) as V31FB, CQWW DX SSB Contest included. He plans to be active on 160-10m, with IC-7000 and a 400 watt amplifier. QSL via home call. [NG3K]

26/10/2007: Operators Raffaello/IT9ATF, Gianni/IT9ORA, Renato/IT9NPR, Pippo/IT9PPG, Giuseppe/IT9RZU and Pino/IT9WDC will be active as IF9A from Favignana Island (EU-054, IIA TP-011, MIA MI-025, WLOTA LH-1545), October 24-29th, CQ WW DX CW Contest included. Activity will be on all bands and modes. QSL via IT9ATF. [RSGB IOTA]

==========

LOOKING AHEAD

27/10/2007: Operators Hal/W8HC, Jerry/K8OQL, Slava/4Z5MU, Azar/4X6MI, Mark/4Z4KX, Ruben/4Z5FI and Paul/4X6UU will be participating in the CQWW DX SSB Contest (October 27-28th) from Israel as 4X0C, a Multi-Single entry. QSL via W8HC, direct or bureau. Logs will be uploaded to LoTW. [NG3K]

27/10/2007: The Aquarius Beach Tower Contest Club, Saipan, Mariana Islands (OC-086), will be active as AH0BT during the CQWW DX SSB Contest as a possible Multi/2 entry. QSL via 7L1FPU, direct or bureau. [NG3K]

27/10/2007: The Veron section Noord en Midden Limburg is celebrating its 60th anniversary year and operating with the special call sign PA60LIM. They also plan to participate in the CQWW DX SSB Contest (October 27-28th). QSL via PE1NCP, direct (QRZ.com) or bureau. [PE1NCP]

28/10/2007: Special event station 8J1WALK will be aired October 28th through November 4th to celebrate the 30th Japan 3-day March. QSL via the JARL bureau. [JJ1WTL/AC6IM]

28/10/2007: Special event station 8J6HAM will be aired October 28th through November 4th to celebrate 7th Nishinihon (or West Japan) Ham Fair. QSL via the JARL bureau. [JJ1WTL/AC6IM]

03/11/2007: Klaus, DK9LO will be QRV November 3-16th as OZ/DK9LO from Vendsyssel-Thy / Nordjylland (EU-171, NJ-001 for the Danish Islands Award). Look for activity around the usual island and IOTA frequencies. QSL via home call, direct, bureau or e-QSL. [RSGB IOTA]

08/11/2007: Ronnie, SM7DKF will be active from Mauritius Island (AF-049) as 3B8/SM7DKF between November 8-24th. This will be a holiday style operation, with activity on the usual IOTA frequencies mostly SSB and perhaps also digital modes. QSL direct to home call, with SASE (see QRZ.com). Further info at: www.sm7dkf.se/index-info.htm [RSGB IOTA]

15/11/2007: Carlos/XE1YK, The President of Mexico's FMRE, has announced the dates for an XF4, Revillagigedo, expedition to celebrate the 75th anniversary of FMRE. It is a full month long, November 15th to December 15th. The requested call signs are 6E4LM and XF4YK. The operators will focus on 160m and 6m, where they feel XF4 is most needed, but will be on the other HF bands as well, with a goal of 25,000 QSOs. They plan a simple antenna and hundred-watt radio. Further information in due course. [F5NQL]

==========

SPECIAL EVENTS

18/10/2007: Look for Mike, UA1QV to air special event call sign UE1RSP/p on October 18th to celebrate the birthday of Sergei Preminin. The operation will be from the street "Sergej Preminin" in Vologda (RDA district VO-01). QSL via UA1RJ, direct or by the bureau. [F5NQL]

19/10/2007: UBA-section GDV will activate special event call sign ON50JOTA, October 19-21st on HF/VHF/UHF scouting frequencies. Skeds may be arranged via e-mail to on50jota-at-mail.be. [UBA HF News]

19/10/2007: The Loire Atlantique ARS and Hams will activate the special call TM9TSF on October 19, 20 and 21, to commemorate the 90th anniversary of the settlement of the Basse Lande TSF station, in the city of Brains. This station utilized an antenna farm composed of 10 towers, each 198 yards high, supporting a 1,095 yard long antenna. The maing goal of this radio station was to allow communications with submarines. During WWII, the 3rd Reich forces of occupation settled down the site. A special QSL card will automatically be sent via the bureau to all contacts made. [F5NQL]

19/10/2007: The amateur radio station HB9S of the World Scout Bureau in Geneva will be active on all short-wave and VHF bands during the full JOTA weekend. For the 50th JOTA, however, the call sign will be the unique HB 50 S. The station will be operational from the Geneva Scout Centre "Les Perouses" and operated by Scout radio amateurs from Switzerland, Germany, Finland, United Kingdom and the Netherlands. HB50S will be operational from around 20:00 GMT on Friday 19 October until late Sunday afternoon 21 October. Further information can be found at: home.tiscali.nl/worldscout/HB9S/hb9s.htm [HB9S]

19/10/2007: The Italian's Strange Radio Event will take place this year between 0600z, October 19th and 2200z, October 21st. This year the "Strange Radio Team" (SRT) is trying to involve SRT members outside of Italy too. Many Italian stations will be using many special "SRT" call signs (such as IS0SRT, II1SRT, IR8SRT, IO8SRT, IU7SRT, II0SRT etc ...) and the SRT group is hoping to hear many other SRT call signs from many other countries. SRT plaques will be awarded for this event and Strange Radio Event certificates will be available for making QSOs with different SRT special call signs. The mode for this event is SSB only. For more details, please visit the SRT Web page at: www.strangeradioteam.com . If you need any additional info, send an E-mail to: iz7dok-at-strangeradioteam.com [OPDX]

19/10/2007: Arlindo, CT1EGW will be active October 19-21st as CT7EPO. The special call sign celebrates the Gold Jubilee of the JOTA Scout event (EPO stands for Escoteiros de Portugal). QSL via home call, direct or bureau. [425 DX News]

19/10/2007: Look for 3V8CB and 3V8ST to be QRV October 19-21st to celebrate the 10th anniversary of the Tunisia Scouts Amateur Radio Club. Expect activity on all bands, mainly SSB and CW. QSL only via the bureau. No direct QSLs with $/SAE please. [F5NQL]

19/10/2007: Members of the Bittern DX Group will be operating a 50 years of JOTA station from the 1st Rural Roughton Scout HQ at Roughton Windmill from October 19-21st. They will be using the call sign GB50RFR, this is our finale to a week of running radio demonstrations to various age groups of scouts. QSL is via M0CNP. [Pete's-DX-Newsdesk]

20/10/2007: Special event station SU50JOTA will be aired October 20th and 21st to celebrate the Golden Jubilee of JOTA. The SU50JOTA team will join more than 500,000 people, from over 100 countries, participating in the largest annual world-wide Scouting event - a Jamboree on the Air, or JOTA. The station will be operational from the Cairo International Scout Centre. Bands will be 14 Mhz, 21, Mhz, 18 Mhz, 3.5 Mhz and 7 Mhz CW and SSB. SU50JOTA Team Members is SU1GS, SU1SA, SU1AO, SU1KM, SU1KA, SU9NC and SU1SK. QSL via SU1SK (SU1SK Said, P.O. Box 190, New Ramsis Center, Cairo 11797 Egypt). All updated information can be found at: www.qsl.net/su50jota/ [4X4-2238]

20/10/2007: Members of the Radio Club de Panama will be using the special event station callsign HP1RCP during the 2007 JOTA Weekend from the Panama City National Scout Center, October 20-21st. A special QSL will be used. QSL via HP1RCP. [OPDX]

20/10/2007: In commemoration of the 50th anniversary of Scouting Jamboree on the Air, HL9BSA (Yongsan Army Post, Seoul, Korea) will be activated on Saturday, October 20th. QSL to WX8C. [OPDX]

21/10/2007: The Wirral and District Amateur Radio Club will be active as GB2JAM for the 2007 JOTA (Jamboree on the Air), October 21-22nd. Look for activity on all bands. QSL via G4MGR, direct or bureau. [WADARC]

Thailand HF hams are celebrating the granting of new bands as of last Friday. The RAST Club likely will issue a very formal statement but..... it is true, HS has joined the world on many more ham bands, at last!!! The cat is out of the bag, but RAST will issue a statement.

Freqency:
160M: 1.800 - 1.825 MHz
80M: 3.500 - 3.540 MHz
30M: 10.100 - 10.150 MHz
17M: 18.068 - 18.168 MHz
12M: 24.890 - 24-990 MHz

Please give RAST leadership credit for steady, gently work to get this new plan. Note that there are no NO time nor date restrictions on the use of these bands, but at 100 watts, I think.... certainly not over 200 watts.

I will check on modes allowed on 160 and 80, but all other bands will conform to usual band plans.

We are happy Thailand hams today.... 73

Charles Harpole HS0ZCW

SIDC BELGIUM ISSUES "ALL QUIET ALERT"

The sun is extremely quiet right now, so much in fact that the Solar Influences Data Center (sidc.oma.be/index.php3) in Belgium has issued an "All quiet alert" (sidc.oma.be/products/quieta/) on October 5th. Since then, the sunspot number has remained at zero.

There is talk of an extended solar minimum occurring. [UBA HF News]
==========
China to launch Amateur Radio satellite -

China is hoping to launch an Amateur Radio Satellite towards the end of 2008.

The micro-satellite proposed by CAMSAT is planned to carry a CW Telemetry Beacon, Linear Transponder, FM repeater and a Digital Store-forward Transponder.

The satellite will have uplinks in the 2 metre Amateur band and downlinks on 70 cms with 500 mW output. The satellite is expected to have a mass of 30 kgs and be launched from China into a sun syncronous orbit with a 670km apogee. The launch is planned for late 2008. [Southgate ARC]

6082. V26B Dxpedition Announcement

Yahoo group: GOLIST (2007 — 2010)
Date: 2007-10-19 01:38:48 UTC
From: ka2aev@aol.com
Topic: 6082 Message: 6082

Team Antigua will ride again into the Warm Caribbean sunshine
V26B will be active during the 2007 running of the CQWW SSB
competition
The operators will be mostly preparing the station starting on
or about October 22, 2007 and will probably be active through
October 30, 2007 using their own callsigns as assigned by the
Antiguian Licensing Authority

This year Team Antigua Welcomes two new operators to our
Family. They are:
NI1N Tom
N3KS Kam
They currently do not have any V2 Callsigns assigned to them
But when they are they will both have they QSLs with SASE's
via their own Home Callsigns

Please QSL The Following Operators With SASEs
V26B Via KA2AEV
V26BA Via WA3RHW
V26BZR Via W2BZR
V26CW Via KM9M
V26JN Via WX3B
V26OC Via N3OC

L’équipe Antigua retourne au chaud soleil des Caraïbes, pour le CQWW SSB
2007.
Lesopérateurs sont motivés. Leur séjour débutera le 22 octobre et se
terminera le 30. Ils seront actifsen dehors du co,cours avec leur indicatif V26
qui doit leurêtre délivré par les autorités d’Antigua.
Cetteannée nous accueillons deux nouveaux opérateurs : NI1N Tom et N3KS Kam

Pour l’instant ils n’ont pas encore de licence VBut when they are they will
both have they QSLs with SASE's
. Quand ils l’auront ils seront tous les deux QSL avec SASE à leurs
indicatifs d’origine.
QSL comme suit avec SASEs
V26B Via KA2AEV
V26BA Via WA3RHW
V26BZR Via W2BZR

V26CW Via KM9M

6085. ICPO Update (October 20, 2007)

Yahoo group: GOLIST (2007 — 2010)
Date: 2007-10-20 15:14:56 UTC
From: Dave Raycroft
Topic: 6085 Message: 6085

I.C.P.O. (Islands, Castles & Portable Operations)
UPDATE -
==========

* Rich/OM2TW and Joe/OM5AW will be active from the Bijol Islands (AF-060) for about 10 hours on October 21st. Callsign will be C50C and look for them on 14260 and 21260 kHz. They will use 100W (maybe less) with 100 Ah battery. QSL via OM2FY. [OM3JW]

* Rick, K6VVA will be going back to Revillagigedo Island (NA-041) again for the ARRL 160m Contest (Nov 30 - Dec 02) operating as KL8C, and also hopes to be QRV on other bands as K6VVA/KL7 again (the Sept/2007 QSLs are being printed - QSL via N6AWD). The operating QTH has a great over-salt-water path to the U.S. and much of Europe, although condx in Sept. were not good for EU. There is a big hill in the direction of JA, so Rick may try to operate from the other side of the Island with a clear shot to JA for a while during the daytime/non-160m hours (if not this trip, then the next time). [K6VVA]

From: Bob Main
Topic: 6087 Message: 6087

I have asked this a couple times and keep hoping that maybe somebody had heard something.

Does anybody know what happened to FH5CB logs? I had heard that maybe his sister had them, but after sending her 3 letters, one was written in French in case she didn't understand English. I have never received a response so at a lost how to get it confirmed. Especially since he was the only FH station that I have ever heard.

Was the 3C7Y that just completed Annobon Is. or Equatorial Guinea? Since it was not a 3C0 I thought it was Equatorial Guinea, now I am seeing things that say otherwise.

GoWin, Qsl Manager Program

From: <frosty1@...>

Hi Guys,

Just a short note to inform you all that AfricanDXSafaris is on the move again.......ZS6DXB, ZS2DL and I, ZS6JR, are competeing again in the contest in the Multi2 category. (See How's DX column in Nov 2007 QST). Dave ZS6AVM with the call 3DA0VM will be accompanying us and will be active on the regular bands in testing the station prior to the weekend and while the 3 of us will be busy in the contest those of you who are not contesters will be able to work Dave on 18 and/or 24 MHz on a completely separate station. He will have an A3WS up at 20m and 500w of power....the same setup that was highly successful earlier this year with the Irish Afri75 group. Donovan, being a highly skilled CW op, may test the station on CW prior to the contest for those of you in need of 3DA0 on that mode.

New for the contest and AfricanDXSafaris will be a wire 4 square (Comtek) on 80m. The configuration that will be used has never been tried by us at all and as such we will only know the success of this based on the signals you hear from us during the contest. Testing of this new antenna will commence probably Thursday evening. 30 40m long radials will be run beneath this array to enhance its performance. The 40m 4 square which produced great results for Afri75 will also benefit from 30 20m long radials to be added for the contest. 1 Set of Dunestar BPFilters will be tried for the first time as an upgrade from the older ICE filters. Additional stubs have been constructed to minimise any possible RX overload/harmonic problems created not only by the second station but also by the third station running separately on the WARC bands.....yes 3 stations running simultaneously during the course of the weekend. New Heil ProHeadsets will be used in place of the older standard one. In addition, replacing the 2 old faithful amps, the IC2KL's, will be an Alpha78 and a QSK modified TL922. Upgraded laptops provided by Rhy will be used together with N1MM's latest upgrades.

The rest of the station will be as before....2 Yaesu FT1000MP's, 2 by A4S's, 1 at 24m and 1 at 22m on portabel tower, 20m vertical for 160m with 30 40m long radials, K9AY RX loop antenna for 80/160m.

Last year 5 hours of operating time was lost due to tropical storms and power outages.....Hawane has arranged to provide us with a standby generator to help us out of the power problems but we have no solution for the possible lightning storms.....here the best is still to be to disconnect and wait for it to pass on by.....!!

Special thanks to Andy and Willie for their efforts in getting our paperwork ready in time.

Hoping to give you all 5 9 38 this weekend in the 'test.

73
Daniel ZS6JR 0835534140

Hi Guys,

Just a short note to inform you all that AfricanDXSafaris is on the move again.....again.....<WBR>ZS6DXB, ZS2DL and I, ZS6JR, are competeing again in the Multi2 category. (See How's DX column in Nov 2007 QST). Dave ZS6AVM with the call 3DA0VM will be accompanying us and will be active on the regular bands in testing the station prior to the weekend and while the 3 of us will be busy in the contest those of you who are not contesters will be able to work Dave on 18 and/or 24 MHz on a completely separate station. He will have an A3WS up at 20m and 500w of power....the same setup that was highly successful earlier this year with the Irish Afri75 group. Donovan, being a highly skilled CW op, may test the station on CW prior to the contest for those of you in need of 3DA0 on that mode.

New for the contest and AfricanDXSafaris will be a wire 4 square (Comtek) on 80m. The configuration that will be used has never been tried by us at all and as such we will only know the success of this based on the signals you hear from us during the contest. Testing of this new antenna will commence probably Thursday evening. 30 40m long radials will be run beneath this array to enhance its performance. The 40m 4 square which produced great results for Afri75 will also benefit from 30 20m long radials to be added for the contest. 1 Set of Dunestar BPFilters will be tried for the first time as an upgrade from the older ICE filters. Additional stubs have been constructed to minimise any possible RX overload/harmonic problems created not only by the second station but also by the third station running separately on the WARC bands.....separately on the WARC bands.....<W during the course of the weekend. New Heil ProHeadsets will be used in place of the older standard one. In addition, replacing the 2 old faithful amps, the IC2KL's, will be an Alpha78 and a QSK modified TL922. Upgraded laptops provided by Rhy will be used together with N1MM's latest upgrades.

The rest of the station will be as before....2 Yaesu FT1000MP's, 2 by A4S's, 1 at 24m and 1 at 22m on portabel tower, 20m vertical for 160m with 30 40m long radials, K9AY RX loop antenna for 80/160m.

Last year 5 hours of operating time was lost due to tropical storms and power outages.....power outages.....<WBR>...Hawane has arranged to prov generator to help us out of the power problems but we have no solution for the possible lightning storms.....the possible lightning storms.... disconnect and wait for it to pass on by.....!!

Special thanks to Andy and Willie for their efforts in getting our paperwork ready in time.

Hoping to give you all 5 9 38 this weekend in the 'test.

73
Daniel ZS6JR 0835534140

Hi Pete,
This may be of interest mate......
73 & thanks again for the worlds best DX news....

Bonjour les amis
Juste un petit mot pour vous informer que l’ AfricanDXSafaris est en route
de nouveau……
ZS6DXB, ZS2DL et moi même, ZS6JR, serons à nouveau en compétition, (dans le
CQ WW SSB de fin octobre 2007 – 27&28), en catégorie Multi/2, (pour ceux
qui le reçoivent, voir How’s DX dans le QST de novembre)
Dave ZS6AVM avec l’indicatif 3DA0VM accompagnera et sera actif sur les
bandes pour tester un peu avant ce week-end précédant que trois d’entre nous
seront dans le concours. Ceux qui ne participent pas pourront contacter Dave sur
18 et 24; il opérera une station complètement indépendante .
Il disposera de 500 w dans une A3WS, à 20m du sil.
Cette station s’est montrée très efficace lors de l’activité du 75ème
anniversaire de l’IRTS.
Donovan est un excellent opérateur CW Il sera actif avec 3DA0 dans ce mode
avant le concours.

Nous disposerons également en matière d’antennes (nouveau) de 4 verticales Comtek pour le 80m. Cette disposition n’a jamais été utilisée, ùais nous espérons que nos essais seront confirmés pendant le concours.
Les nouveaux essais commenceront sans doute mercredi.
Les 4 verticales sur 40m seront couplées à une nappe de 30 radians de 20m pour le concours.
Nous essaierons pour la première fois des filtres Dunestar Un autre set de filtres complétera cette installation pour éviter toute interférence entre les trois émetteurs, deux en concours et le troisième sur les WARC.
Oui il y aura trois stations opérant simultanément pendant tout le week-end !
Les vieux casques seront remplacés poar de nouveaux Heil ProHeadsets.0
Pour remplacer les vieux amplis à lampe qui ont fait leur office brillamment, un Alpha78 et un TL922 avec QSK remplaceront les vieux IC2KL's,
Enfin l’nformatique, fournie par Rhy, utilisera la dernoière version du logiciel N1MM.
Le reste de l’installation comprendra 2 Yaesu FT1000MP's, 2 x A4S's, une à 24m et l’autre à 22m sur des mâts provisoires, une verticale de 20m pour le 160 avec 30 radians de 40m, et une loop de réception K9AY RX pour les 80/160m.

L’an drrnier, nous avons perdu 5 heures de trafic à cause d’un orage tropical et des coupures d’électricité.
Hawane s’est arrangé pour que nous disposions d’un groupe de secours pour résoudre les problèmes éventuels d’alimentation, mais nous devons avouer n’ avoir aucune solution pour la foudre…… Ici dans ce cas, le meilleur est encore de tout couper et d’attendre que ça passe.
Remerciements particuliers à Andy et Willie pour leurs efforts et efficacité pour nous avoir permis d’obtenir nos licences à temps.
En espérant vous donner un 5 9 38 ce weekend pendant le concours.

GoWin, Qsl Manager Program

ALAND ISLANDS FOR YOUR BAND POINT AND MULTIPLIER PLEASURE

Old war-horses, Pertti, OH2PM and Martti, OH2BH, will be taking a boat to reach Alands and provide you a good shot at OH0-multiplier on 80M and 20M during the CQWW SSB Contest this coming weekend.

Martti will sign OH0B (80M) and Pertti will be OH0R (20M).

They test their new Creative Design (Japanese) 80M beam along the other things. You may find them there as early as on Thursday.

OH0B via OH2BH and OH0R via OH2PM.

6096. Marconi CW VHF, Swans Isl IOTA NA 035, CQWW SSB&CW announcements

Yahoo group: GOLIST (2007 — 2010)

Hi Friends

From Joachim, F6BUL

I will be active in the enxt Marconi Memoial CW on Nov 3 to 4th from JN30OS

30 w and 16 el yagi .

73 Joachim.

From Eyran, 4X4-2238

According to an info on Qrz.com and email correspond , Javier/HR2J
Will be active from Swan islands IOTA NA-035 between 16-23 March
2008 , six days of operation are planned .
To remind that the last plan this year was cancelled due
transportation problems .
The good news is that The Honduran Navy is willing to take the guys
for one week in March if the pay for the diesel for the boat will be
payed .
Javier is looking for 5 or 6 US amateurs to join and help with the
cost of the transportation .
Also The Radio Club of Honduras members (RCH) will now participate
in this special expedition .
Cost of ship is 4500.00 USD .
Javier is very dedicated to the idea of activating IOTA NA-035 !
Check the profile at Qrz.com :
http://www.qrz.com/hq8r
also see some pictures from IOTA NA-035 taken by Javier last week :

Bonjour à tous

De Joachim, F6BUL

Je serai actif dans le prochain Marconi CW des 3 et 4 novembre depuis JN30OS

30 w et 16 el yagi .

73 Joachim.

D’Eyran, 4X4-2238

Selon Qrz.com et email, Javier/HR2J pourrait être actif depuis Swan, IOTA
NA-035 du 16 au 23 mars 2008.
La précédente expédition annulée pour raisons liées au transport, pourrait
être remplacée par celle-ci la Marine Hondurienne ayant accepté de transporter
l’expédition si elle paie le gas oil necessaire.

Javier recherche (ou 6 colègues (US ?) pour le rejoindre et l’aider à
payer le coût de cette expédition, car le Radio Club of Honduras (RCH) n’en sera
pas partie prenante.
Le coût du bateau est estimé à 4500.00 USD .

Javier est très décidé à se rendre sur et activer ce IOTA NA-035 !

I have asked this a couple times and keep hoping that maybe somebody had
heard something.

Does anybody know what happened to FH5CB logs? I had heard that maybe his
sister had them, but after sending her 3 letters, one was written in French
in case she didn't understand English. I have never received a response so
at a lost how to get it confirmed. Especially since he was the only FH
station that I have ever heard.

Hi Bob and John

Effectively it seems that I've had to answer to such enquiry when I was DX
pages editor for the French Ham paper, the Megahertz Magazine, several years
ago.

I've kept no longer any archive from this period. But I've written to Rafik,
F5CQ, who was my successor as editor for this paper, and still beeing.

Elio died several years ago and it seems his family was not at all involved
, nor marked any interest in his (and our) hobby.

When getting Rafik's answer I'll forward it

Date: 2007-10-23 01:24:03 UTC
From: K1XN
Topic: 6099 Message: 6099

GoWin, Qsl Manager Program

Dear DX Editors,
The VooDoo Contest Group previously announced that its project for CQ WW CW 2007 will be in 3X, Guinea. This is our 14th straight year operating from various countries in West Africa in the Multi-Multi category of the contest. We will mount seven 1KW stations with monoband antennas for all six bands right beside the Atlantic ocean in Conakry, the capital of Guinea.

The call-sign we have been allocated is 3XY5D. We still hope to secure a shorter call but this is now the most likely to be used in the contest. We also have a VHF licence for 2mtr EME: 3XT1 (3X tango one with no suffix).

QSL 3XY5D via G3SXW.

CQWW CW contest is on November 24/25. We will also be QRV a few days before and after the contest. All logs will be uploaded to LotW soon after our return home.

More information at: http://www.voodoocontestgroup.com/

This is one of our more daring DXpeditions. We face the possible risk of civil unrest, washed-out roads and banditry, not to mention zero sunspots! We hope to C U in the contest!
73 de Roger/G3SXW.

Hi friends

November 4

The A.R.V.M. is organizing his X Exposition Ham Fair in Lisboa.

D'ont miss one of the biggest events of Hamradio in Portugal

+ INFO: http://www.arvm.org/index_fr2007.html

arvm@...

A.R.V.M.

Japan

Look for special event station 8N0M100A/3 to be QRV in celebration of the
100th anniversary of the Matsumoto City station, in the city of Himeji
Ie-shima Is IOTA AS-117 Oct 26-28
Look for on the HF band
http://www.jarl-nagano.org/index.php?html_id=00000036
QSL to JARL bureau

de Yuki JI6KVR IOTA-JA

Gibraltar EME

Frank DH7FB and Bernd DF2ZC will conduct another dxpedition focussing on 2m
MS/EME and hopefully ES to Gibraltar (ZB2) in 2008. They plan to arrive at
the Caleta Hotel on 28 May 2008 evening and will leave 2 June 2008 in the
morning, so net activity times will be from 29 May to 1 June. Hotel stay and
antenna permission are already confirmed. Further details will be communicated
later at MMMonVHF . . .

Dominican Republic

And IK5ZUI, is active portable HI9 from Las Terrenas in the Dominican
Republic. The length of his stay is unknown at the moment. Currently
he is using a long wire antenna and only 50 watts. QSL as directed on
the air.

Rotuma:

FO5RK who is planning a DXpedition to Rotuma is expected to be
active as 3D2AG slash P starting on December 15th, and lasting until
January 20th or so. Exact dates depend on transportation schedules.
There is no electricity or adequate supplies of fuel or any other
commodities on the island, so all necessary items will need to be taken
by boat. Tony will be managing his own QSL requests upon his return
home.

Thes 3 upper info from MMM VHF and Guy, DL8EBW

Subject: D9K the Contest Call for this weekend..
Date: Tue, 23 Oct 2007 20:57:42 +0900
From: Rocky Han <rockyhl1vau@...>
To: Bill@...

Hi Bill..

I'm so happy to announce the contest operation from Korea.
Members of Korea Contest Club will be active as D9K (Delta
Nine Kilo)
during 2007 CQWW SSB DX Contest which the biggest autumn
festival. :-)
The category may be Multi OP - Two Transmitter(M2).
Oprators are HL1AHQ, HL3AMO, HL1VAU, DS4NYE, DS2NSC, DS3MLG,
6K2ABX and
a few more guests..
QSL for this operation via DS4NYE.

CU in the contest..

73 from Rocky Han, HL1VAU

The VooDoo Contest group is on the move in West Africa this year. This November (24th to 30th), the contest team is moving their ton or more of equipment into neighboring Guinea to operate in the CQWW DX CW contest from an ocean-side locale. LATEST NEWS from Ned, AA7A, dated 2007-10-20: CALL will be 3XT1

for the EME-operation - I just want to give out the link to our
Expedition-Homepage: http://members.cox.net/aa7a/3XT1_EME.htm". Everything is ready to go.
We hope to do even better than we did last year in TZ. We have more antennas
and a good plan for a quieter site. And, we intend to include CW operating
times as well . . .

ZoneProp for CQ World Wide Contest
Zone to Zone Propagation information will be available for the CQWW SSB from
Radio Sport Canada http://www.radiosport.ca/zoneprop/

For technical details see
http://www.radiosport.ca/zoneprop/manual.php

ZoneProp is designed for high speed Internet access using IE 6/7 or a recent
release of FireFox. It has not been tested in other browsers or on slow
speed (e.g. dialup) Internet access.

De Rafik, F5CQ
FH5CB logs and QSL

Several years ago Elio, ex FH5CB came to his daughter’s in Reunion island.
When he died, in 2002, Rafik, F5CQ, took in touch with a FR ham who did ask
Elio’s family the permission, in his memory, to pick his log books and to
become FH5CB’s QSLmanager. Unfortunately without any answer nor news, we are now
considering that FH5CB’s logbooks are lost.

Tks Rafik, F5CQ

French Castles activity

On next Saturday, François, F5JNE and Gerard F6ICG will be active as
F5JNE/p, from the Castle of Passy les Tours DFCF 58085, canton of La Charité sur
Loire DDCF 58-02 (new one) and city of Varennes lès Narcy , zip code 58400.
As usually starting around 0600 utc, 80 then 40m, CW and SSB .
QSL bureau preferred, SWL cards welcome.

Amitiés François

De Rafik, F5CQ
FH5CB logs etQSL

Il y a plusieurs années, Elio, ex FH5CB revint chez sa fille à la Réunion, où il est décédé.

Rafik, F5CQ avant demandé à un OM FR de prendre contact avec la famille pour essayer de continuer à faire vivre les logs en sa mémoire. Il s’était également proposé d’être le QSL manager.

Sans aucune réponse après toutes ces années, il nous faut nous rendre à l’évidence ; les logs doivent être considérés perdus.

Merci Rafik, F5CQ

Châteaux français.
Samedi prochain en compagnie de Gérard F6ICG je serai F5JNE/p, depuis le château de Passy les Tours DFCF 58085 dans le canton de La Charité sur Loire DDCF 58-02 (new one) et commune de Varennes lès Narcy 58400.
A partir de 0600 utc, 80 puis 40m, CW et SSB.
QSL bureau de préférence, cartes écouteurs bienvenues
Amitiés François/F5JNE

I.C.P.O. Bulletin (Oct. 25 - Nov. 02, 2007)
Islands, Castles & Portable Operations.
Listing is by calendar date (day/month/year)
==========

25/10/2007: Alan, WQ5W, announces his upcoming C6AQW DXpedition to Treasure Cay, Abaco, Bahamas (IOTA NA-080, WW Loc. FL16IQ), October 25-31st. The primary purpose of this trip is to operate the CQWW DX SSB Contest as a Single-Band (40m)/Low-Power entry. Outside the contest Alan will concentrate on 160, 80, 30, 17 and 12 metre CW/SSB plus RTTY on all bands. QSL via WQ5W, direct or bureau. Further information and updates can be found at: wq5w.blogspot.com/ [OPDX]

25/10/2007: Old war-horses, Pertti/OH2PM and Martti/OH2BH, will be taking a boat to reach Brändö Island, Aland Islands (EU-002) and provide you a good shot at OH0-multiplier on 80m and 20m during the CQWW DX SSB Contest (October 27-28th). Martti will sign OH0B (80m) and Pertti will be OH0R (20m). They will test their new Creative Design (Japanese) 80m beam along the other things. You may find them there as early as Thursday, October 25th. QSL OH0B via OH2BH and OH0R via OH2PM. [OH2BH]

25/10/2007: John, W5JON will be QRV October 25-31st from Ambergris Caye (NA-073) as V31FB, CQWW DX SSB Contest included. He plans to be active on 160-10m, with IC-7000 and a 400 watt amplifier. QSL via home call. [NG3K]

25/10/2007: Alex, RK3DT reports he will be active again as XW3DT from Laos from October 25th to November 6th. QSL to Alex Sinchukov, P.O. Box 11, GPO, Hong Kong. [425 DX News]

26/10/2007: Operators Raffaello/IT9ATF, Gianni/IT9ORA, Renato/IT9NPR, Pippo/IT9PPG, Giuseppe/IT9RZU and Pino/IT9WDC will be active as IF9A from Favignana Island (EU-054, IIA TP-011, MIA MI-025, WLOTA LH-1545), October 24-29th, CQ WW DX SSB Contest included. Activity will be on all bands and modes. QSL via IT9ATF. [RSGB IOTA]

27/10/2007: Operators Donovan/ZS2DL, Rhy/ZS6DXB and Daniel/ZS6JR will be active from Swaziland as 3DA0WW during the CQ WW DX SSB Contest, as a Multi-2 entry. QSL via ZS6DXB. Further info can be found at www.zs6dxb.bravehost.com/ and also on QRZ.com. [NG3K]

27/10/2007: Look for Achraf (3V4-002) from the scout radio club 3V8SS (Sousse), mainly 20m, during the CQWW DX SSB Contest. QSL via the bureau. [NG3K]

27/10/2007: Gia, 4L4WW will be QRV from Obcha (WW Loc. LN12KC), Georgia, during the CQWW DX SSB Contest, as a Single-Op/Single-Band 80m/High-Power entry. QSL via EA7FTR, direct or bureau. [NG3K]

27/10/2007: WRC delegates will be active during the CQWW DX SSB Contest as 4U1WRC from ITU Headquarters in Geneva, as a M/? entry. QSL via 4U1ITU (QRZ.com). [NG3K]

27/10/2007: Operators Hal/W8HC, Jerry/K8OQL, Slava/4Z5MU, Azar/4X6MI, Mark/4Z4KX, Ruben/4Z5FI and Paul/4X6UU will be participating in the CQWW DX SSB Contest from Israel as 4X0C, a Multi-Single entry. QSL via W8HC, direct or bureau. Logs will be uploaded to LoTW.

[NG3K]

27/10/2007: Miki, YT1CS will be QRV as 5Z4/YT1CS from Lamu Island (AF-040, Zone 37), Kenya, during the CQWW DX SSB Contest. QSL via home call, direct or bureau. [NG3K]

27/10/2007: Javier, EA1FDI will be QRV from Senegal as 6V7G for the CQWW DX SSB Contest. No category was given. QSL via home call. [NG3K]

27/10/2007: Al, F5VHJ will be active from Senegal as 6W1RY during the CQ WW DX SSB Contest, as a Single-Op/All-Band/High-Power entry. QSL via F5VHJ. [NG3K]

27/10/2007: Look for Tom, W2SC to be active as 8P5A from the island of Barbados (NA-021, WLOTA LH-0999) for the CQWW DX SSB Contest, as a Single-Op/All-Band entry. QSL via NN1N. [NG3K]

27/10/2007: Operators Hamad/9K2HN, Marko/N5ZO, Faisal/9K2RR, Yaser/9K2YM, Ahmad/9K2LT and Hamad/9K2RT will be QRV from Kuwait City, Kuwait, as 9K2HN during the CQWW DX SSB Contest, as a Multi-Single entry. QSL via 9K2HN (QRZ.com). [NG3K]

27/10/2007: Richard, G4ZFE will be signing 9M2CNC during the CQWW DX SSB Contest from Western Malaysia, as a Single-Op/Single-Band (20m?) entry. QSL via home call either direct, bureau or LoTW. [NG3K]

27/10/2007: Look for Sei, JF1SQC to be signing 9M6LSC during the CQWW DX SSB Contest, as a Single-Op/All-Band entry. He will be operating from the Langkah Syabas Beach Resort Amateur Radio Club located in Kota Kinabalu, East Malaysia. QSL via JF1SQC. [NG3K]

27/10/2007: The Aquarius Beach Tower Contest Club, Saipan, Mariana Islands (OC-086), will be active as AH0BT during the CQWW DX SSB Contest, as a possible Multi/2 entry. QSL via 7L1FPU, direct or bureau. [NG3K]

27/10/2007: Operators JG3RPL, JI3ERV, JH7QXJ, JR7OMD and JO1DFG will be active as AH2R from Guam Island (OC-026, USi GU-003S, WLOTA LH-0064) for the CQWW DX SSB Contest, as a Multi-Single entry. QSL via JH7QXJ, direct or bureau. [NG3K]

27/10/2007: Members of the new formed "Coconut Wireless Contest Club" will be active from Hawaii (OC-019) as AH6XX in the CQ World Wide DX SSB. John/K1ER, Rich/K2WR, Tetsuo/AH7C and Kan/JA1BK (KH6BK). QSL via QRZ.com. [OPDX]

27/10/2007: Operators Pekka/EA8AH, Juan/EA8CAC, Manuel/EA8ZS, Toivo/ES2RR, Kari/OH5XT, Juha/OH6XX and Juha/OH9MM will operate as AO8A from the Canary Islands (AF-004) during the CQWW DX SSB Contest, as a Multi-Two entry. QSL via EA8AH. [NG3K]

27/10/2007: A Chinese team which includes Fan/BA1RB, Yongjian/BA1AJ, BG1AC, Mok/BD1ES, BG1AI, Hongxiang/BD1LBE, Yue/BD1LBF and foreign operators James/9V1YC, Richard/K5SF and Doc/VE2QV will be active as B1Z during the CQ World Wide DX SSB Contest, as a Multi-Multi entry. Activity will be on all bands including 160 metres. QSL via EA7FTR. [OPDX]

DIFO FS-001, WLOTA LH-0711). QSL via KN5H. [NG3K]

27/10/2007: Operators Marc/F1HAR, Hervé/F5HRY, Olivier/F5MZN, Gérard/F6FGZ, Laurent/F6FVY and Didier/FY5FY will operate as FY5KE from French Guiana for the CQWW DX SSB Contest, as a Multi-Single entry. QSL via FY5KE. [NG3K]

27/10/2007: Siso, HK3W (Ex HK3SGP) will be active from Colombia for the CQWW DX SSB Contest, as a Single-Op/Single-Band (80m)/Low-Power entry. QSL via the information at QRZ.com. NO E-QSL! [HK3W]

27/10/2007: Dan, HR2DMR will participate in the CQWW DX SSB Contest from Honduras, as a Single-Op/All-Band/High-Power entry. He will be using just monobander antennas. QSL via QRZ.com. [NG3K]

27/10/2007: Thomas, HZ1EX will operate at the station of HZ1GW in Saudi Arabia with his or own call sign during the CQWW DX SSB Contest, as a Single-Op/All-Band entry. 80m not available in HZ! QSL HZ1GW via GW0RHC. QSL HZ1EX via SM0BYD. [NG3K]

27/10/2007: Lou, IK8HCG will be QRV as IG9R during the CQ World Wide DX SSB Contest from Lampedusa Island (AF-019, IIA AG-001, MIA MI-126, also count for WLOTA LH-2312), as a Single-Op/Single-Band (20m) entry. QSL via IK8HCG. [NG3K]

27/10/2007: Giuseppe ("Joe"), IT9RBW will be active as IT9RBW/IG9 in the CQ World Wide DX SSB Contest from Lampedusa Island (AF-019, IIA AG-001, MIA MI-126, WLOTA LH-2312), as a Single-Op/Single-Band (10m) entry. QSL via home call, direct or bureau. [NG3K]

27/10/2007: Look for the Strange Radio Team HQ Station, IQ8OM, to be active during the CQ WW DX SSB Contest. Operator mentioned will be Oreste, IZ8EDJ. He states that a special QSL card will be printed. QSL via IZ8EDJ, by the bureau. [OPDX]

27/10/2007: The Radio Gruppo Etna Team and others will be active from the island of Sicily (EU-025, WLOTA LH-1362) as IQ9BF during the CQWW DX SSB Contest, as a Multi-Single entry. QSL via the bureau. [NG3K]

27/10/2007: The Valdarno Contesting Radio Team (IK5AAB, IK5AFJ, IK5YOJ, IW5ECI, IW5EFR, IZ5AJP, IZ5DKG, IZ5IIN and IZ5ILF) will participate in the CQWW DX SSB Contest as IR5A (Multi-Single). QSL via IK5AFJ. [425 DX News]

27/10/2007: Sicilia Contest Team members Franco/IT9CQC, Sebastiano/IW9HBY, Giovanbattista/IT9HCS and Mario/IW9DCM will be active as IR9P for the CQ World Wide DX SSB Contest from the island of Sicily (EU-025, IIA SC-001, MIA MI-107, WLOTA LH-1362) as a M/? entry. QSL via IW9HMQ. [NG3K]

27/10/2007: Look for Joe, IT9BLB to be active during the CQWW DX SSB Contest from Sicily (EU-025, IIA SC-001, MIA MI-107, WLOTA LH-1362), as a Single-Op/Single-Band (160m)/High-Power entry. QSL via QRZ.com. [NG3K]

27/10/2007: Look for Enk, JT1DA to be active from Mongolia during the CQWW DX SSB Contest, as a Single-Op/All-Band/High-Power entry. QSL via the information at QRZ.com. [NG3K]

27/10/2007: Mathias/JW5NM and Ragnar/LA7FD will be QRV as JW5E from Longyearbyen, Spitsbergen Island (EU-026, WLOTA LH-0125) in the CQWW DX SSB Contest, as a Multi-Op/Single Transmitter entry. QSL via JW5NM (QRZ.com). [NG3K]

27/10/2007: Joel, KG6DX will be QRV from Guam (OC-026, USi GU-003S, WLOTA LH-0064) for the CQWW DX SSB Contest, as a Single-Op/All-Band/High-Power entry. Added Note: USA East Coast please look LP on 21MHz 1200 - 1300z. QSL via KG6DX. [NG3K]

27/10/2007: Craig, AH8DX will be signing KP2/AH8DX from the U.S. Virgin Islands (NA-106) during the CQWW DX SSB Contest, as a Single-Op entry. QSL via home call. [NG3K]

27/10/2007: Look for Philippe, LX2A to be active as LX7I from Luxembourg during the CQWW DX SSB Contest, as a Single-Op/All-Band entry. QSL via LX2A. [NG3K]

27/10/2007: Members of the Wythall Radio Club and Contest Group, along with some friends, will be on the air from a group member's farm on the Pembrokeshire coast in West Wales during the CQ WW DX SSB Contest. The group will be using the club's call sign MW5W and enter the contest as a Multi-Multi entry with three stations. The team will consist of: Chris/G1VDP, Tim/M3SDE, Charles/M0OXO, Oliver/M3SDO, Ant/MW0JZE, Villiam/OM0AAO, Ian/M0KCM, Neil/M3POV (Novice Op, First Contest), Daz/MW5HOC and Rob/MW0RLJ (the Host and Farm owner). Some of the operators will be on the air before the contest signing their own call sign. For example, G1VDP will become GW1VDP, from the Farm. G1VDP will also be operating some CW and DATA from the location in the days before the contest. The group will also have the option of adding 3 additional stations if they choose. The reference numbers are: WW Loc. IO71LX and WAB SM83 PEM (Pembrokeshire). QSLs for this operation will be available via the QSL Manager M3SDE (see QRZ.com). [OPDX]

27/10/2007: Koji, JL3RDC will be active from Guam (OC-026, WLOTA LH-0064) as NH0DX/NH2 during the CQWW DX SSB Contest, as a Single-Op/All-Band/High-Power entry. QSL via JL3RDC. [NG3K]

27/10/2007: Operators John/NP2B, Bruce/W4OV, Julio/WD4R, Steve/W4DTA, Fred/K9VV and Lisa/W4LIS will be signing NP2B from Christiansted, island of St. Croix, U.S. Virgin Islands (NA-106, WLOTA LH-2477) during the CQWW DX SSB Contest, as a Multi-? entry. QSL via NP2B, direct (John J Ellis, P.O. Box 24492, Christiansted, VI 00824, USA) or by the bureau. [NG3K]

27/10/2007: Ari, OH5DX plans to be active as OH0Z during the CQWW DX SSB Contest from Riddarklint hill, (WW Loc. JP90XI), Aland Islands (EU-002), as a Single-Op/Single-Band entry. He will most likely choose 15m. QSL via W0MM, direct or bureau or Email request. [NG3K]

27/10/2007: Look for Przemek, SP7VC to be QRV from the Aland Islands (EU-002) using the call OH0/SP7VC during the CQWW DX SSB Contest, as a Single-Op/All-Band entry. QSL via home call. [NG3K]

27/10/2007: Operators Geo/5B4AGC, Bob/5B4AGN, Dave/G3NKC, Peter/G4MJS, Martin/G4XUM, Phil/GJ4CBQ and Andy/ZC4VJ will be active as P3F from Cyprus (AS-004, WLOTA LH-0051) during the CQWW DX SSB Contest, as a Multi-Two entry. QSL for this event only goes via G3NKC (QRZ.com). [NG3K]

27/10/2007: Operators Alex/RA1AIP, Alex/RW4WR, Tony/RX9TL, Jack/RW3QC, Igor/UA2FZ and Igor/RA3AUU will be QRV as P33W from the island of Cyprus (AS-004, WLOTA LH-0051) during the CQWW DX SSB Contest, as a Multi-Single entry. QSL via RA3AUU. [NG3K]

27/10/2007: Look for John, KK9A to be active as P40A from the island of Aruba (SA-036, WLOTA LH-0033) during the CQ WW DX SSB Contest, as a Single=Op/All-Band entry. QSL via WD9DZV. [NG3K]

27/10/2007: Scott, W4PA plans to be active from the island of Aruba (SA-036, WLOTA LH-0033) as P40PA during the CQWW DX SSB Contest, as a Single-Operator/All-Band/High-Power entry. Note that the P40PA call sign applied for is subject to change. QSL via W4PA. [NG3K]

27/10/2007: John, W2GD will be signing P40W from the island of Aruba (SA-036, WLOTA LH-0033) during the CQ WW DX SSB Contest, as a Single-Op/All-Band entry. QSL via N2MM. [NG3K]

27/10/2007: Kris, SP6DVP (ex-3Z6V) will be active as SO6V during the CQ World Wide DX SSB Contest, as a Single-Op/Single-Band (40m)/Low-Power entry. QSL via SP6DVP, by the bureau or direct (QRZ.com SP6DVP and 3Z6V). [OPDX]

27/10/2007: Dean, G0RIF, will be active as SV5/G0RIF on the Island of Rhodes (EU-001, MIA MGD-028, WLOTA LH-0045) for the CQ World Wide DX SSB Contest, as Low-Power entry. Activity outside of the contest will be holiday style 20 and 17 metres. QSL via G0RIF. [OPDX]

27/10/2007: Operators Doug/CO8DM, Alex/CO8KA, Rafael/CO8MA, Josy/CO7RR, Gerardo/CO7GG and Raúl/CO8ZZ will be active from Cuba (NA-015, WLOTA LH-0032) as T48K during the CQWW DX SSB Contest, as a Multi-Single entry. They will be operating from their Radioclub's station in Las Tunas (WW Loc. FL10MW). QSL via DK1WI. [NG3K]

27/10/2007: Operators Don/N6JRL, Sandra/N3TQU, Cliff/N0ZUQ, Lisa/KB0RLJ and Dave/WA6IFI will be QRV from Costa Rica as TI5N for the CQWW DX SSB Contest, as a Multi-Single entry. QSL via TI5N (QRZ.com). [NG3K]

27/10/2007: Operators YT1AD, YU1AU, YU1DW, YU1KX, YZ1BX, YU1EW, YT3W, K1LZ, N2OW and 3V8BB will be QRV from Tunis as TS6A during the CQWW DX SSB Contest, as a Multi-Two entry. QSL via YT1AD. [NG3K]

27/10/2007: Look for Mohammad, V8AQM to be QRV in the CQWW DX SSB Contest from Kampong Bukit Panggal Tutong, Brunei, as a Single-Op/Single-Band(20m)/Low-Power entry. QSL via W3HNK. [NG3K]

27/10/2007: Noel, VE2BR and Gregg, VE3ZZ will participate in the CQ WW DX SSB Contest as VC2Z from Mercier, Quebec (Zone 5). QSL via VE2BR. [425 DX News]

27/10/2007: Igor, VE3ZF will be active as VE2Z from Zone 2 (Port Cartier) for the CQ WW DX SSB Contest. QSL via VE3ZF, direct only (Igor Slakva, 105 La Rose Avenue, PH #1410, Etobicoke, Ontario, M9P 1A9, Canada). [VE3ZF]

27/10/2007: David, VK2CZ will be QRV as VK8AA during the CQWW DX SSB Contest from Darwin, NT, Australia (OC-001), as a Single-Op/Single-Band (40m) entry (stacked 40m yagi's). QSL via VK6NE (Neil Penfold, 2 Moss Ct, Kingsley, WA 6026, Australia). [NG3K]

27/10/2007: Ted/W3TB and Blair/K3YD will be QRV as VP9I from the island of Bermuda (NA-005, WLOTA LH-0201) during the CQ WW DX SSB Contest, as a Multi-Single entry. QSL via N1HRA. [NG3K]

27/10/2007: Prasad, VU2PTT will be QRV from Bangalore, India, during the CQWW DX SSB Contest, as a Single-Op/All-Band/Low Power entry. QSL via QRZ.com. [NG3K]

27/10/2007: Larry, XW1A will be active from Laos during the CQWW DX SSB Contest, as a Single-Op/Single-Band (20m) entry. QSL via E21EIC. [NG3K]

27/10/2007: Adhi/YB3MM will be active from the Camping Ground on Karimunjawa Island (OC-186) as YB3MM/2 from October 27-29th, mainly active during the CQWW SSB Contest. One station with two dipoles, working 15, 20 and 40 metres during SSB contest. Outside the contest Adhi will be QRV using CW and Digital modes. QSL via IZ8CCW. [4X4-2238]

27/10/2007: Look for Ozer, TA2RC to be QRV from Turkey as YM0T during the CQWW DX SSB Contest, as a Single-Op/Single-Band (160m)/Low-Power entry. QSL via the TA bureau, or direct to TA2RC. [NG3K]

27/10/2007: Jean-Michel, F6AJA, Editor of Les Nouvelles DX, reports he will be once again active in his spare time as YO/F6AJA from the YO3KPA club station in Bucharest, Romania from October 27 to November 2nd. QSL via F6AJA. [425 DX News]

27/10/2007: Tom, KC0W will be active from St. Helena Island (AF-022) as ZD7X during the CQWW DX SSB Contest, as a Single-Op/Low Power entry. QSL via W0MM (see QRZ.com). [NG3K]

27/10/2007: Ken/ZL4NR and Chris/ZL1CT will be active from New Zealand as ZM4A during the CQWW DX SSB Contest, as a Multi-Single entry. QSL via ZL4AA. [NG3K]

27/10/2007: Tom, ZP5AZL plans to be active from Paraguay as ZP0R during the CQWW DX SSB Contest, as a Single-Op/All-Band entry. QSL via ZP5AZL. [NG3K]

** Be sure to check Bill's (NG3K) web site for updated CQWW DX SSB Contest activity at: ng3k.com/Misc/cqs2007.html

29/10/2007: Claudio, HB9OAU reports he will operate holiday style as 8Q7AU from Dhonveli Island, Maldives (AS-013), between 29 October 19th and November 10th. QSL via home call. [425 DX News]

30/10/2007: Ben, OZ5AAH/OZ5IPA will be active as UT/OZ5IPA from Kiev Borispol, Ukraine, from October 30th to November 7th. Activity will be on CW and SSB using a wire antenna (if nothing better turns up). He will, as usual, particitate in The International Police Association's Contest (November 3-4th). This will be a new country for all the IPA awards. QSL via his home call direct: Ben Jakobsen, Gjethusparken 25, DK-3300 Frederiksvaerk, Denmark. [OPDX]

01/11/2007: Anderson/PY2TNT and Alex/PY2WAS will be active November 1-4th as 8R1PY from Georgetown, Guyana. They plan to operate around the clock on 2, 10, 12, 15, 17, 20, 30, 40, 60 and 80 metre SSB and CW. QSL via PY4KL, direct or bureau. [425 DX News]

01/11/2007: Bill, NM7H (aka G0MKT and YI9WF) will be back in Qatar from around November 1, 2007 and January 5, 2008. He will be active again as A7/G0MKT, and will operate primarily CW with some PSK and some SSB on 40-10 metres. If 6m opens up and he is available, he will give that a try too. QSL via NM7H, direct or bureau. [425 DX News]

01/11/2007: Mick, G3LIK reports he will be active as GB4RN from November 1-21st, which will include the RNARS CW Activity Contest (November 17-18th) Rules at: www.rnars.org.uk/RNARS_Contest_2007.htm [425 DX News]

01/11/2007: Ulli, DL2AH will be active from Norfolk Island (OC-005) using the call sign VK9ANH between November 1-15th. He will use a FT897 with loop antennas for 40-10m, SSB and RTTY. QSL via home call. [RSGB IOTA]

01/11/2007: A team of 8 Greek ham radio operators all members of the National Amateur Radio Society (Radio Amateur Association of Greece - R.A.A.G.) are going to activate the Syrian island of Arwad [aka Rouad] (AS-186) and Jazirat Arwad lighthouse (ARLHS SYR-003, WW Loc. KM74WU) between November 1-12th. The island will be activated for the first time in the IOTA program with the call sign YK9SV. The team so far consists of: Manos/SV1IW, Cliff/SV1JG, Spiros/SV1RC, George/SV1RP, George/SV1QN, Aris/SV1ACK, John/SV1GYG and Spiros/SV8CS. Special emphasis will be given on the low bands and modes of SSB, CW, RTTY and PSK31. QSL via SV1JG. 6 metre activity is expected if propagation permits. Further information can be found at: www.raag.org/arwad/ [F5NQL]
==========
LOOKING AHEAD

03/11/2007: A group of EA5s obtained permission to operate on board the Antarctic polar ship 'Hesperides' which is located in Cartagena (Murcia), Spain. They will use the special call AO5URD (valid for the Antarctic Challenge as polar ship) on November 3rd and 4th. QSL EA5URD via the bureau. [F5NQL]

04/11/2007: Operators Harald/DL5HAQ, Manfred/DK6HA and Siegfried/DL3HBZ plan to be QRV November 4-17th from the island of Dominica (NA-101), using the call sign J75/DK0RZ. Look for activity on all bands and modes. QSL via DK0RZ (QRZ.com). [RSGB IOTA]

05/11/2007: Look for Yoshiaki, JA1OCZ to be QRV November 7-12th as 9M4DXX from Penang, S.T of Malaysia, South East Asia. He has already obtained the license, and plans to operate on 80-10 metre CW, SSB, and FM. He also plans an entry in the JIDX Contest, all bands. QSL via home call, direct (Yoshiaki Kobayashi, Ohta-ku, Tokyo, 143-0025, Japan) or by the bureau. [NG3K]

14/11/2007: Dennis, WA2USA will be QRV November 14-20th as WA2USA/4 from Dauphin Island (NA-213, USi AL-002S, Mobile County), Alabama, including an entry in the ARRL Sweepstakes Phone Contest (November 18-19th). Look for activity around the usual island and IOTA frequencies. QSL via home call, direct (Dennis Martin, 5577 Victoria Ct., Newburgh, IN 47630 USA) or via the bureau. [RSGB IOTA]

18/11/2007: Operators Roger/W7VV, Ralph/VE7XF, Harry/K7LAZ and Jim/K7WA will be active as VP5/homecall from VP5JM's "Hamlet" on Providenciales (Provo) Island, Caicos Islands (NA-002), between November 18th and 30th, including a Multi-Two entry in the CQWW DX CW Contest (November 24-25th) as VP5W. QSL VP5W via W7TSQ. QSL others via their home call. [NG3K]

18/11/2007: Hotang, YC0IEM will be active from Bangka Island (OC-144, WLOTA LH-1308) as YC0IEM/4 between November 18th and December 5th. QSL VIA IZ8CWW, direct or bureau. [4X4-2238]

21/11/2007: The VooDoo Contest Group previously announced that its project for the 2007 CQWW DX CW Contest (November 24-25th) will be in 3X, Guinea. This is our 14th straight year operating from various countries in West Africa in the Multi-Multi category of the contest. They will mount seven 1KW stations with monoband antennas for all six bands right beside the Atlantic ocean in Conakry, the capital of Guinea. The call-sign they have been allocated is 3XY5D. The group still hopes to secure a shorter call but this is now the most likely to be used in the contest. They also have a VHF licence for 2mtr EME: 3XT1 (3X tango one with no suffix). QSL 3XY5D via G3SXW. Look for the team to be QRV a few days before and after the contest. All logs will be uploaded to LoTW soon after their return home. More information at: www.voodoocontestgroup.com/ . This is one of the groups more daring

DXpeditions. They face the possible risk of civil unrest, washed-out roads and banditry, not to mention zero sunspots! [G3SXW]

24/11/2007: Look for Saty, JE1JKL to be QRV as FM5BH, from the QTH of FM5BH on Martinique Island (NA-107, WLOTA LH-1041), for the CQWW DX CW Contest (November 24-25th). He plans on a Single-Op/All-Band/High-Power entry. QSL via W3HNK. [NG3K]

24/11/2007: Jorma, OH2KI will be QRV from Gibraltar as ZB2X for the CQWW DX CW Contest (November 24-25th), as a Single-Op/Single-Band or Single-Op/All-Band entry. QSL via OH2KI. [NG3K]

16/02/2008: Heijo, DJ1OJ will be QRV from the Canary Islands (AF-004) as EA8OM during the ARRL DX CW Contest (February 16-17th), as a Single-Op/All-Band/Low-Power entry. QSL via home call. [NG3K]

16/02/2008: Look for Mark, K0EJ to be active from St. Kitts/Nevis (NA-104) as V49A during the ARRL DX CW Contest (February 16-17th), as a Single-Op/All-Band/Low-Power entry. Outside of the contest he will be QRV as V44/K0EJ on all bands. QSL via V44NK. [NG3K]

29/05/2008: Frank/DH7FB and Bernd/DF2ZC will conduct another DXpedition with focus on 2m MS/EME and hopefully ES from Gibraltar (ZB2) in 2008. They plan to arrive at the Caleta Hotel on the evening of May 28th and will leave the morning of June 2nd, so net activity times will be from May 29th to June 1st. Hotel stay and antenna permission are already confirmed. Further details to follow at MMMonVHF. [F5NQL]

Michele, IK5ZUI is active portable HI9 from Las Terrenas in the Dominican Republic (NA-096, WLOTA LH-2274). The length of his stay is unknown at the moment. Currently he is using a long wire antenna and only 50 watts. QSL as directed on the air. [F5NQL]
==========
SPECIAL EVENTS

26/10/2007: Look for special event station 8N0M100A/3 to be QRV in celebration of the 100th anniversary of the Matsumoto City station, in the city of Himeji Ie-shima Island (AS-117, JIIA AS-117-038, JA3 Hyogo Prefecture), October 26-28th. Look for activity on all HF bands. QSL via the JARL bureau. Web site is at: www.jarl-nagano.org/index.php?html_id=00000036 (Japanese language). [F5NQL]

27/10/2007: The Veron section Noord en Midden Limburg is celebrating its 60th anniversary year and operating with the special call sign PA60LIM between October 27th and November 11th. They also plan to participate in the CQWW DX SSB Contest (October 27-28th). QSL via PE1NCP, direct (QRZ.com) or bureau. [PE1NCP]

28/10/2007: Special event station 8J1WALK will be aired October 28th through November 4th to celebrate the 30th Japan 3-day March. QSL via the JARL bureau. [JJ1WTL/AC6IM]

28/10/2007: Special event station 8J6HAM will be aired October 28th through November 4th to celebrate 7th Nishinihon (or West Japan) Ham Fair. QSL via the JARL bureau. [JJ1WTL/AC6IM]

According to an info on QRZ.com and e-mail correspond, Javier/HR2J will be active as HQ8R from Swan Island (aka Isla Grande - Isla Santanilla) (NA-035, WLOTA LH-0061), Honduras, between March 16-23, 2008. Six days of operation are planned. To remind that the last plan this year was cancelled due transportation problems. The good news is that the Honduran Navy is willing to take the guys for one week in March if they pay for the diesel fuel for the boat. Javier is looking for 5 or 6 US amateurs to join and help with the cost of the transportation. Also the Radio Club of Honduras members (RCH) will now participate in this special expedition. Cost of the ship is 4500.00 USD. Javier is very dedicated to the idea of activating IOTA NA-035! Check the profile at: www.qrz.com/hq8r . Also see some pictures from IOTA NA-035 taken by Javier last week at:

New Section Manager Appointed in Western Pennsylvania

John Rodgers, N3MSE, of Butler, Pennsylvania, has been appointed Section Manager of the Western Pennsylvania Section, announced Dave Patton, NN1N, ARRL Membership and Volunteer Programs Manager, effective today.

He will complete the term of office of Larry O'Toole, K3LBP, of Mount Pleasant, who stepped down due to health reasons. He has served as Section Manager since April 2006.

Rodgers is returning to Section's top position where he served as Western Pennsylvania Section Manager from January 2000 to September 2003. He also served as an Assistant Section Manger starting in 1995.

Rodgers' term of office continues through December 31, 2008. [ARRL]
==========
From the CQ Newsroom...

FCC amateur radio enforcement chief Riley Hollingsworth, K4ZDH, has announced that he will retire from the Commission in early January. Hollingsworth has been in charge of FCC amateur rules enforcement since 1998 and has held the title of Special Counsel for Amateur Radio since 1999. He has spearheaded nearly a decade of revitalized FCC enforcement activities on the ham bands, after some 15 years of "benign neglect" by the Commission. Hollingsworth assured CQ that the FCC's active enforcement of amateur radio rules will continue even after his retirement.

Hollingsworth is a native of South Carolina and holds a Master's degree in political science from the University of South Carolina as well as a law degree from Wake Forest University Law School. Prior to taking the reins of amateur radio rules enforcement, Hollingsworth served in several other FCC positions, including Deputy Chief of Licensing and Assistant Chief of the Wireless Telecommunications Bureau. He works out of the FCC's Gettysburg, Pennsylvania office. [CQ News Letter]

Hi friends

PRESS RELEASE

January, 11th to 21st, 2008, GUINEE BISSAU – J5C - by F6KOP team
The F6KOP Team is very glad to inform you about its next Dxpedition 2008, which will happen in Guinee Bissau, on Bubaque Island. For this event the most important team ever componed by F6KOP, is on the go.
We hope to be able to use all the former skills gained in the past _XT2C_ (http://xt2c.free.fr/) and to be active on the most bands as possible at the same time.
At the lowest of the solar cycle, we will focuse on the lower bands (40-160 m). Among our goals is especially to realize the first bilateral J5-JA on 160m.
We would dedicate this J5C/2008 Dxpedition to the memory of our beloved friend, F5PVF - Gilles Simeon, past President of F6KOP ARC , Silent Key in last Septembre 2007. Gilles was one of our numerous former dx trips and was always part of the F6KOP dxpeditions,
You are missing Gilles.
The J5C team :
Frank, F4AJQ, Team leader, SSB operator, (ex CT/F6KOP/P, F6KOP/P, F8KTH/P, TM5FM, TM5S, TM5Y, TM5FP, TM5N, TM7R, 5V7C, TM2S, TM0C, TO7C, TM7C, TM8CDX, TM2Y, TM0TAF, 5H1C, XT2C)
Gérard, F2JD, CW and SSB operator (ex G0SHN, FB8XX, VK0HM, ZD8JD, 5V7JG, 5Z4JD, 5R8EN, J79JD, TU4AU, A6, 5U7, TR8JD, TR0AB, J6, J7, VP2M, HR, CE, XT2C, S79JD, HP1XBI, CE0Z, XR9A, 3Y0X and many other).
Gérard, F2VX, SSB operator, (exC30CAU, C31ON, FG0HAS, FM0HAS, G5AVU, J20X, S02R, ZA1ZVX, 7O8AA, A52FH, A52CDX, 5H1C, XT2C, F2VX/CN, CT1, SV8, SV9, TK, 3A, 5B , etc..). Gérard is currently the French cards checker for the DXCC.
Pascal, F5JSD, CW operator, (ex TM2Y, TM0HQ, TM5Y, TM8CDX, 5V7C, TM7C, 5H1C)
Mathieu, F5PED, CW operator, Topband specialist (ex TM2S, FR5DC, TO7C)
Frank, F5TVG, CW and Digital modes operator (ex M/F5TVG/M (EU-120), TM5S, TK/F5TVG, 5V7C, TO7C, XT2C), par ailleurs QSL manager de l’expédition.
John, F5VHQ, SSB operator (ex OE5TGL, EI4VGL, F5VHQ/HI9, 6W/F5VHQ, TK/F5VHQ, TM7R, 5V7C, TO7C, TM7C, 5H1C, XT2C)
Serge, F6AML, CW and SSB operator, Topband specialist (ex 3A2FK, G/GM/GW/F6AML, M0SCQ, TO7C, TM7C, TO5R, TX5M, 5H1C, 5H1Z)
Jean-Paul, F8BJI, Digital modes and SSB operator (ex TM7R, TM8CDX, TO7C, 5H1C, XT2C)
Romain, F8BUI, CW and Digital modes operator (ex TM5Y, TM5N, TM7R, F6KOP/P, 5V7C, 5H1C)
Benoit, F8PDR, CW operator (ex TM6JUN, F5KAQ/P, 6W7/F8PDR, 5T5DY)
Michel, FM5CD, SSB and Digital modes operator (ex F6AGM, GC5AOK, FB8YC,

FM0FJE, FM7CD, FY0GA, FM0A, TX0A, TX4B, TO5M, TO2DX, 3Y0X, XR9A, 3B7C,)

Bernard, F9IE, CW and SSB operator (ex PX1IE, C31BC, 3A0FS, G5AMU,
FO0XE, 9M6TE, 5R8PR, XU7ABZ, FG0P, FR0P, FY0P, TO0P, XV8FP, 5R8OP, TO7C, 5H1C,
C56, HC2, J8, XT2C, OA5, 4S7, 6W7, XF1, XF3, LU and many other .)
Dieter, OE8KDK, SSB operator and Digital modes (ex OE1A, OE4A, VK2TKD,
OE1KDK, 9A0R, ZS/OE8KDK, W8/OE8KDK, XT2C)
Bill, N2WB, CW, SSB operator, Topband specialist (operator at or ex 4U1ITU,
KG4WB, 9M6OO, WP2Z, FG5BG, HB0/N2WB, J68WB, J79WB, V25WB, VP2MWB,
HK0/N2WB, 5J0X, T70A, ZL7C, ZL3/N2WB, PJ4/N2WB, HH4/N2WB, CE0Z, XR9A, 3Y0X, XT2C
....)
Bob, N6OX, SSB operator (opérator at or ex EW/N6OX, YT6OX, LU8/N6OX,
HB0/N6OX, JA/N6OX, CE0Z, 3Y0X, 3B7C, XT2C)

The J5C calsign will be 24h a day, on all HF bands from 160 to 10 meters.
We are sorry for no 6 meters traffic, but this band is not allowed in Guinee
Bissau.
We will use, mainly, CW, SSB, RTTY, PSK31, PSK63 and MFSK16 . As usually
we will try too, to get contacts on SSTV, at the end of the expedition.
Besides the DXCC award, the J5C will count also for the IOTA program –
Bubaque Isl AF-020 –, and the World Lighthouses on the Air WLOTA – number 1145 –
.
The QSL route is via Franck F5TVG (address correct in all of the major
International and French Callbooks)
See the the dedicated page of the J5C Website. Please don’t ask for your
card before the end of the expedition, Frank is part of it.
All information are now online on the official website at :
http://www.j5c.eu/ (http://www.j5c.eu/) .
As you know, this kind of expedition is very expensive. Those of you who
wish help us can use the tools included in the Sponsor page of our Website.
We thank all of those who sponsor us.
Finally, don’t forget to write a little word through our guestbook.
73 and have luck for your future QSO’s with J5C.
Maurice, F5NQL, (of F6KOP), official Internet Comunications Officer for J5C.

Bonjour à tous
Communiqué de presse :

11 au 21 janvier 2008, GUINEE BISSAU – J5C - par F6KOP
L'équipe de F6KOP est heureuse d'annoncer que sa DXpedition 2008 se
déroulera en Guinée-Bissau, sur l'île de Bubaque avec l'équipe la plus importante que
nous ayons jamais constituée.

Nous souhaitons utiliser l’expérience acquise en _XT2C_
(http://xt2c.free.fr/) afin d'être actifs sur toutes les bandes ouvertes simultanément.
Nous comptons profiter du minimum du cycle solaire pour accentuer le trafic
sur les bandes basses (40-160m) et espérons, entre autres, pouvoir réaliser
la première liaison JA-J5 sur la Topband.

Nous souhaitons dédier cette expédition à notre regretté ami F5PVF - Gilles
Simeon, ancien président de F6KOP qui est allé rejoindre les Silent Key en

Septembre 2007. Gilles a participé à plusieurs de nos expéditions et était toujours très présent pour donner un coup de main lors de la préparation de nos antennes avant nos nouvelles expéditions.
Tu nous manques déjà beaucoup Gilles...
L'équipe est composée de:
Frank, F4AJQ, Chef d'expédition, opérateur SSB, (ex CT/F6KOP/P, F6KOP/P, F8KTH/P, TM5FM, TM5S, TM5Y, TM5FP, TM5N, TM7R, 5V7C, TM2S, TM0C, TO7C, TM7C, TM8CDX, TM2Y, TM0TAF, 5H1C, XT2C)
Gérard, F2JD, opérateur CWSSB, (ex G0SHN, FB8XX, VK0HM, ZD8JD, 5V7JG, 5Z4JD, 5R8EN, J79JD, TU4AU, A6, 5U7, TR8JD, TR0AB, J6, J7, VP2M, HR, CE, XT2C, S79JD, HP1XBI, CE0Z, XR9A, 3Y0X et tant d'autres).
Gérard,F2VX, opérateur SSB, (ex C30CAU, C31ON, FG0HAS, FM0HAS, G5AVU, J20X, S02R, ZA1ZVX, 7O8AA, A52FH, A52CDX, 5H1C, XT2C, F2VX/CN, CT1, SV8, SV9, TK, 3A, 5B , etc..). Gérard est également contrôleur pour le DXCC.
Pascal, F5JSD, opérateur CW (ex TM2Y, TM0HQ, TM5Y, TM8CDX, 5V7C, TM7C, 5H1C)
Mathieu, F5PED opérateur CW spécialisé Topband (ex TM2S, FR5DC, TO7C)
Frank, F5TVG, opérateur CW et modes numériques (ex M/F5TVG/M (EU-120), TM5S, TK/F5TVG, 5V7C, TO7C, XT2C), par ailleurs QSL manager de l'expédition.
John, F5VHQ, opérateur SSB (ex OE5TGL, EI4VGL, F5VHQ/HI9, 6W/F5VHQ, TK/F5VHQ, TM7R, 5V7C, TO7C, TM7C, 5H1C, XT2C)
Serge, F6AML, opérateur CW et SSB spécialisé Topband (ex 3A2FK, G/GM/GW/F6AML, M0SCQ, TO7C, TM7C, TO5R, TX5M, 5H1C, 5H1Z)
Jean-Paul, F8BJI, opérateur modes numériques et SSB (ex TM7R, TM8CDX, TO7C, 5H1C, XT2C)
Romain, F8BUI, opérateur CW et modes numériques (ex TM5Y, TM5N, TM7R, F6KOP/P, 5V7C, 5H1C)
Benoit, F8PDR, opérateur CW (ex TM6JUN, F5KAQ/P, 6W7/F8PDR, 5T5DY)
Michel, FM5CD, opérateur SSB et modes numériques (ex F6AGM, GC5AOK, FB8YC, FM0FJE, FM7CD, FY0GA, FM0A, TX0A, TX4B, TO5M, TO2DX, 3Y0X, XR9A, 3B7C,)

Bernard, F9IE, opérateur CW (ex PX1IE, C31BC, 3A0FS, G5AMU, FO0XE, 9M6TE, 5R8PR, XU7ABZ, FG0P, FR0P, FY0P, TO0P, XV8FP, 5R8OP, TO7C, 5H1C, C56, HC2, J8, XT2C, OA5, 4S7, 6W7, XF1, XF3, LU et tant d'autres .)
Dieter, OE8KDK, opérateur SSB et modes numériques (ex OE1A, OE4A, VK2TKD, OE1KDK, 9A0R, ZS/OE8KDK, W8/OE8KDK, XT2C)
Bill, N2WB, opérateur CW, SSB et Topband (ex ou opérateur à 4U1ITU, KG4WB, 9M6OO, WP2Z, FG5BG, HB0/N2WB, J68WB, J79WB, V25WB, VP2MWB, HK0/N2WB, 5J0X, T70A, ZL7C, ZL3/N2WB, PJ4/N2WB, HH4/N2WB, CE0Z, XR9A, 3Y0X, XT2C ....)
Bob, N6OX, opérateur SSB (opérateur ou ex EW/N6OX, YT6OX, LU8/N6OX, HB0/N6OX, JA/N6OX, CE0Z, 3Y0X, 3B7C, XT2C)

L'indicatif J5C sera présent 24/24 sur toutes les bandes HF de 160 à 10 mètres en CW, SSB, RTTY PSK31 PSK63 et MFSK16. Comme d'habitude s'y ajouteront les essais habituels en SSTV, vers la fin de l'expédition.
Nous sommes désolés pour les adeptes de la Magic Band, mais le 6m est interdit en Guinée Bissau.
Outre le DXCC, bien sûr, cette expédition comptera également pour le IOTA - AF-020 - et le WLOTA – 1146 -.
La QSL sera via Frank, F5TVG, en direct ou via le bureau. Reportez vous au site officiel pour voir les modalités de demande de votre carte QSL.

Il ne servira à rien de demander votre carte avant la fin de l’expédition, Frank étant par ailleurs, l’un des opérateurs de celle-ci.
Tous renseignements sont dores et déjà mis en place sur le site de l’ expédition à : _http://www.j5c.eu/_ (http://www.j5c.eu/) .
Eux qui souhaitent aider financièrement cette expédition peuvent utiliser les outils en place sur le site.
Enfin n’oubliez pas vos encouragements à travers le livre d’or de l’ expédition.
Nous remercions dores et déjà tous ceux qui ont permis cette organisation.
N'hésitez pas à répendre cette information sans réserves.
73 et bonne chance pour vos futurs contacts avecJ5C
Maurice, F5NQL, (de F6KOP), Responsable des communications Internet pour J5C.

From: K1XN
Topic: 6114 Message: 6115

Bob,
I use DX SUMMIT to check for spots of dx stations. This might help you.
I think you can get this info from any of the DX Clusters on the
internet. Just
drop the sysop of your favorite cluster and note and ask how to do the
chores
you wish to do.
In my logging program, WIN EQF, I can set it up to capture all the
spots while
I am connected and I use this also to verify dx station call signs,
activity and even
get qsl routes to check using this cluster log feature.

6116. RE: [GOLIST] Searching Spots

Yahoo group: GOLIST (2007 — 2010)
Date: 2007-10-28 15:12:35 UTC
From: Bob Main
Topic: 6114 Message: 6116

I went to DX Summit and did a search on one call and got three hits and one of those I remembered being the one I keyed on to go after the station. The other call I must have entered in the log incorrectly since when I entered that call there were no hits. So trying to figure out what that call might really had been.

Man getting older causes you to swap numbers and letters all the time. What a pain, but considering the alternative I'll put up with it.

Bob

Subject: Re: [GOLIST] Searching Spots

Bob,
I use DX SUMMIT to check for spots of dx stations. This might help you.
I think you can get this info from any of the DX Clusters on the internet. Just
drop the sysop of your favorite cluster and note and ask how to do the chores
you wish to do.
In my logging program, WIN EQF, I can set it up to capture all the spots while
I am connected and I use this also to verify dx station call signs, activity and even
get qsl routes to check using this cluster log feature.

6117. SUSPECTED GOLIST DATA ERROR?

Yahoo group: GOLIST (2007 — 2010)
Date: 2007-10-28 14:55:48 UTC
From: K1XN
Topic: 6117 Message: 6117

Bob,
Never do I think a user is complaining when they find something different
that what I publish. Managers change, some change often!!!
The Golist data file HAS ERRORS!!! I get lazy and miss info I should catch,
I accept something I see without verifying it, just normal human things.
Users are in a much better position than I am to catch errors and I rely on
users like yourself to report these changes or any confusing routes to me.
I sometimes get two or more managers confirming that they are the only
manager.
This sometimes get pass me and I have a confusing record in the DB. When
found
I then have to re-verify with the manager in more detail.
I use the Cluster info to alert me to a manager being reported that is
different than
what I have published and that means the "hunt" is on. Most of the time
I am correct,
but when I am wrong, it is a record I can correct or add.
I wish all my users would report suspected errors to me. It would make
the DB even
more accurate
I hate mistakes, so I really like to know about them to get them corrected.
Thank you again Bob for sending me the call signs you questioned.

GoWin, Qsl Manager Program

Dear all,

in the evenings/night of the 1st, 2nd and 3rd of November me and Simone IZ0BTV will be active from Monaco 3A on the low bands (40/80/160) using a 40 meters long wire antenna in ssb and digital modes (psk/rtty).

The location should be one of the higher positions available in Monaco.

If possible we will be active on the cluster network as well.

Callsigns:

3A/F5VKV
3A/IZ0BTV

Best regards,
Fabio

Topic: 4780 Message: 6125

GoWin, Qsl Manager Program

JW -- SVALBARD
Roger, G3SXW and Nigel, G3TXF will be doing one of their weekenders this coming weekend from Spitzbergen. Look for them on whatever bands are open, "most likely 40 & 30" according to Roger. He adds, "There is no sunrise this time of year, only twilight for several hours." QSL to the respective home call or LoTW.

E51 -- SOUTH COOK
George, K5KG/E51MMM and Ron, KK9K/E51NNN will be active November 12 through December 1. They plan to concentrate heavily on 160/80. All QSL requests should go to K5KG.

6E4LM -- XF4 DXpedition
This callsign will be used on the DXpedition but no QSL route was given on the web site. An inquiry brought a quick response this morning: QSL Manager for 6E4LM will be: XE2K, Jose Hector Garcia M., P. O. Box 73, El Centro, CA., 92244-0073, USA.

Dear Friends,
The Ukrainian Contest Club (UCC) and The Ukrainian Amateur Radio
League (UARL) invite you to participate in annual Ukrainian DX Contest
on November 3-4 2007, from 12:00 UTC Saturday to 12:00 UTC Sunday.
Modes: CW, SSB. Frequency Band: 1.8 - 28 MHz.
Up-dated Rules 2007 available at:
http://www.ucc.zp.ua
UR-DX-Contest Committee decided to exclude RTTY mode
from UR-DX-Contest since 2007 because of separate
UR-DIGI-DX-Contest appearance.

anusz Slowinsk SP9YI is the skipper of "Bona Terra" , a 14 mts Sailing Yackt, which is actually on Antarctic waters up and down between King George Island (Polish Base Henryk Arctowski), Ushuaia and the Falklands.

The "S/Y BONA TERRA" will sail that area until February 2008. Janusz operates as SP9YI/MM from onboard using an ICOM HF/VHF/UHF . He prefers digital modes(PSK31), but he can operate SSB and CW on 20 mts.
Web Page of his program is on http://www.antarktyda.pl/

I will be in VP5 Turks & Caicos between November 17 and November 30.
The primary purpose for the trip is the CQ WW DX Contest November 24-25
where we will be active as VP5W.

Before and after the contest our group will be active as VP5/ home
call. I will be active on the FISTS frequencies looking for contacts
with other members. QSL via FISTS Bureau or home QTH.

73, Jim K7WA

I.C.P.O. Bulletin (November 01 - 09, 2007)
Islands, Castles & Portable Operations.
Listing is by calendar date (day/month/year)
==========

01/11/2007: In the evenings of November 1st, 2nd and 3rd Fabio, IZ1EGT/F5VKV and Simone, IZ0BTV will be active from Monaco 3A on the low bands (40/80/160) using a 40 metre long wire antenna in SSB and digital modes (PSK/RTTY). The location should be one of the higher positions available in Monaco. Call signs will be 3A/F5VKV and 3A/IZ0BTV. QSL via home calls. [F5NQL]

01/11/2007: Anderson/PY2TNT and Alex/PY2WAS will be active November 1-4th as 8R1PY from Georgetown, Guyana. They plan to operate around the clock on 2, 10, 12, 15, 17, 20, 30, 40, 60 and 80 metre SSB and CW. QSL via PY4KL, direct or bureau. [425 DX News]

01/11/2007: Bill, NM7H (aka G0MKT and YI9WF) will be back in Qatar from around November 1, 2007 and January 5, 2008. He will be active again as A7/G0MKT, and will operate primarily CW with some PSK and some SSB on 40-10 metres. If 6m opens up and he is available, he will give that a try too. QSL via NM7H, direct or bureau. [425 DX News]

01/11/2007: Alain, ON6MG is currently QRV until November 4th as F/ON6MG from the Department Vosges/88, Province of Lorraine, at an altitude of 900m asl. Look for him on HF 80-10m CW/SSB using 100w and dipole antenna and on 2m CW/SSB with 100w and 9 element yagi. QSL via home call. [UBA HF News]

01/11/2007: Mick, G3LIK reports he will be active as GB4RN from November 1-21st, which will include the RNARS CW Activity Contest (November 17-18th) Rules at: www.rnars.org.uk/RNARS_Contest_2007.htm [425 DX News]

01/11/2007: Ulli, DL2AH will be active from Norfolk Island (OC-005) using the call sign VK9ANH between November 1-15th. He will use a FT897 with loop antennas for 40-10m, SSB and RTTY. QSL via home call. [RSGB IOTA]

01/11/2007: Wim, ON6NP will be QRV November 1-20th from Cambodia using the call XU7ACJ. He is running SSB and digimodes with an FT897 and AT897 with G5RV antenna. QSL via home call. [UBA HF News]

01/11/2007: A team of 8 Greek ham radio operators all members of the National Amateur Radio Society (Radio Amateur Association of Greece - R.A.A.G.) are going to activate the Syrian island of Arwad [aka Rouad] (AS-186) and Jazirat Arwad lighthouse (ARLHS SYR-003, WW Loc. KM74WU) between November 1-12th. The island will be activated for the first

time in the IOTA program with the call sign YK9SV. The team so far consists of: Manos/SV1IW, Cliff/SV1JG, Spiros/SV1RC, George/SV1RP, George/SV1QN, Aris/SV1ACK, John/SV1GYG and Spiros/SV8CS. Special emphasis will be given on the low bands and modes of SSB, CW, RTTY and PSK31. QSL via SV1JG. 6 metre activity is expected if propagation permits. Further information can be found at: www.raag.org/arwad/ [F5NQL]

02/11/2007: Willy/ON5AX and his XYL Magda/ON3AX are travelling the South Pacific between October 17th and December 14th. They will be QRV using CW/SSB/PSK on 40m/30m/20m and they also intend to participate in the CQWW SSB Contest while staying on American Samoa. This is their schedule: November 2-14th as A35AX from Tonga (OC-049); November 16th to December 14th as ZL/ON5AX from New Zealand. QSL all calls via ON5AX. [DXNL]

03/11/2007: Jacky, F5OGC/p will be QRV November 3rd from the Castle of Mondragon (DFCF 72-061), located on the commune of La Bosse, Department Sarthe/72, Province of Pays-de-Loire. The activity will be started on 80m and possibly completed on 40m. QSL via home call, direct or bureau. [Radioamateur.org]

03/11/2007: Look for Freddy, F8CKS/p to be QRV November 3rd from the Castle Betou ou Betouy (DFCF 24-092), located in the commune of St. Cyprien (DDCF 24-32), Department Dordogne/24, Province of Aquitaine. QSL via home call, direct or bureau. [F8CKS]

03/11/2007: Roger/G3SXW and Nigel/G3TXF will be doing one of their weekenders this coming weekend (November 3-4th) from Spitsbergen Island (JW, EU-026, WLOTA LH-0125). Look for them on whatever bands are open, "most likely 40m and 30m" according to Roger. He adds, "There is no sunrise this time of year, only twilight for several hours." QSL to the respective home call or LoTW. [K1XN & The GOLIST]

03/11/2007: WLD Waasland (section UBA), WLD activity weekend (November 3-4th) for WLD Award. Look for activity from the following Belgian Castles and Mills, starting November 3rd at 0800 UTC: Ch?teau Sombeke (BCA OV-027 - New One!) by Bill/ON5JE and Luk/ON4BB; Ch?teau Lippens (BCA OV-026), Moerbeke-Waas, by by Eddy, ON6HE; the Mill Heirbrugmolen (WIM 9046) by Francois/ON4AUB and Leon/ON4DAP; and the Mill Grote Napoleon (WIM 9009) by Eddy/ON5JK, and Guido/ON6RL and Stany/ON6TC. Main activity will be on 40m and 80m. QSL via home calls. [ON4AUB]

03/11/2007: Klaus, DK9LO will be QRV November 3-16th as OZ/DK9LO from Vendsyssel-Thy / Nordjylland (EU-171, NJ-001 for the Danish Islands Award). Look for activity around the usual island and IOTA frequencies. QSL via home call, direct, bureau or e-QSL. [RSGB IOTA]

04/11/2007: Jean-Fran?ois, F8BMN will be QRV November 4th as F8BMN/p from two French Castle references. He plans to activate the Castle d'Arenberg (DFCF 59-112) and the Castle Mabille (DFCF 59-115), located

in Department Nord/59, Province of Nord Pas de Calais. QSL via home call, direct or bureau. [F8BMN]

04/11/2007: Operators Harald/DL5HAQ, Manfred/DK6HA and Siegfried/DL3HBZ plan to be QRV November 4-17th from the island of Dominica (NA-101), using the call sign J75/DK0RZ. Look for activity on all bands and modes. QSL via DK0RZ (QRZ.com). [RSGB IOTA]

04/11/2007: Operators Ronald/PA3EWP, Flo/F5CWU and Tom/GM4FDM are planning a DXpedition to Brunei between November 4-18th. The team is staying at the residence of V85SS in Bandar Seri Begawan. Call signs are: V8FWP [PA3EWP] (QSL via PA7FM), V8FWU [F5CWU] (QSL via F5CWU) and V8FDM [GM4FDM] (QSL via GM4FDM). Activity will be on all bands from 160-10 metres, conditions permitting. Modes of operations will be on CW, SSB and RTTY. Special attention will be given to the lower bands (160-30m). Also, special attention will be given to Western Europe and the USA. They plan to use at least one beam antenna along with verticals and dipoles. All operators have plenty of experience during DXpedition operation. Further information can be found on their web site at: www.v8.pa7fm.nl/ . On-line logs will be uploaded if the local Internet access allows this during the operation, otherwise they will be available after the expedition. [OPDX]

05/11/2007: JA6QIN/6 will be active from four different islands in the Goto Island Group (AS-040), JA6 Nagasaki prefecture, November 5-7th. Plans are to activate Arifuku Island (JIIA AS-040-003), Wakamatsu Island (JIIA AS-040-059), Zuga Island (JIIA AS-040-064) and Nakadori Island (JIIA AS-040-034). Look for activity on the usual island and IOTA frequencies on the HF bands. QSL via home call, direct or bureau. [JI6KVR]

05/11/2007: Look for Yoshiaki, JA1OCZ to be QRV November 7-12th as 9M4DXX from Penang, S.T of Malaysia, South East Asia. He has already obtained the license, and plans to operate on 80-10 metre CW, SSB, and FM. He also plans an entry in the JIDX Contest, all bands. QSL via home call, direct (Yoshiaki Kobayashi, Ohta-ku, Tokyo, 143-0025, Japan) or by the bureau. [NG3K]

06/11/2007: The Hungarian Travelling Amateur Radio Team will go to Liechtenstein again from November 6-14th. HB0/HA0HW Laci, HB0/HA4DX Tomi and HB0/HA4XG Geza will operate from Masescha (JN47SD, 1350 m ASL), on HF CW, SSB, maybe some digital modes + 2 m on tropo and MS. The main focus will be on 160m and 80m with separeted Inverted-L antennas and amplifiers. On the other bands they will use DunaX Gps. QSL via HA bureau ok, or direct via the operator's QRZ.COM address. [HA0HW]

07/11/2007: Slavo, SP2JMB will be QRV as EA8/SP2JMB from the Canary Islands (AF-004), November 7-12th. Activity will be on 80-10m using CW and SSB. QSL via home call, direct or bureau. [NG3K]

08/11/2007: Ronnie, SM7DKF will be active from Mauritius Island (AF-049) as 3B8/SM7DKF between November 8-24th. This will be a holiday style operation, with activity on the usual IOTA frequencies mostly SSB and perhaps also digital modes. QSL direct to home call, with SASE (see QRZ.com). Further info at: www.sm7dkf.se/index-info.htm [RSGB IOTA]

08/11/2007: Andy/DL5CW and Marina/DM5YL will be active from the island of Anguilla (NA-022), November 8-26th, CQWW DX CW Contest included. Probably their callsigns will be VP2EDL and VP2EDM, and they plan to operate mostly CW (Andy) and RTTY/PSK31 (Marina) on the HF bands. QSL via home calls, direct or bureau. [425 DX News]

==========

LOOKING AHEAD

12/11/2007: George/K5KG (E51MMM) and Ron/KK9K (E51NNN) will be active November 12th through December 1st from the island of Rarotonga (OC-013), South Cook Islands. They plan to concentrate heavily on 160/80m. All QSL requests should go to K5KG. [K1XN & The GOLIST]

12/11/2007: Look for Pekka, OH2YY to be QRV from Reunion Island (AF-016, DIFO FR-001, WLOTA LH-1812) as FR/OH2YY, November 12-15th. Activity will be on 40-10m SSB, using 100w with vertical and dipole antennas. QSL via home call, direct or bureau. [NG3K]

15/11/2007: A Dxpedition to Socorro Island (NA-030, WLOTA LH-2941, WW Loc. DK48MS), Revillagigedo (XF4) by the Federacion Mexicana de Radio Experimentadores, A.C. will take place between November 15th and December 17th, using the call sign 6E4LM. This expedition is to celebrate the 75th anniversary of FMRE. Team members include Carlos/XE1YK, Manuel/XE1VVD, Eduardo/XE2YW and Daniel/XE3RBA. They will be QRV 160-10m plus 50 MHz-144 MHz-430 MHz and Satellite activity using SSB, CW, and digital modes. The operators will focus on 160m and 6m, where they feel XF4 is most needed. QSL direct to XE2K (Jose Hector Garcia M., P. O. Box 73, El Centro, CA., 92244-0073, USA). Logs will be uploaded to LoTW after all direct QSLs have been sent. Further information can be found at: www.6e4lm.xedx.org/ [FMRE]

16/11/2007: Pekka, OH2YY to be QRV from Mauritius Island (AF-049) as 3B8/OH2YY, November 16-22nd. Look for him on be on 40-10m SSB, using 100w with vertical and dipole antennas. QSL via home call, direct or bureau. [NG3K]

17/11/2007: Jim, K7WA (FISTS member #13341) will be operating from VP5JM's "Hamlet" on Providenciales (Provo) Island, Caicos Islands (NA-002) between November 17th and November 30th. The primary purpose for the trip is the CQ WW DX Contest (November 24-25th) where we will be active as VP5W. Before and after the contest our group will be active as VP5/ home call. Jim will be active on the FISTS frequencies looking for contacts with other members. QSL via FISTS Bureau or home QTH. [K7WA]

20/11/2007: Operators Geoff/W0CG, Jeff/K8ND, Jim/W0NB, Jim/W8WTS, Gerry/G0RTN and others will be QRV as PJ2/homecall from Signal Point, Curacao (SA-006, WLOTA LH-0942), November 20-26th. Their main goal s the CQWW DX CW Contest (November 24-25th), as a Multi-Two entry using the call PJ2T. QSL PJ2T via N9AG. QSL others via their home calls. [CCC]

23/11/2007: Operators JA1OZK, JA1CGC, JA1OHP, JF1TAB, JH1FUD, JL1LOW, JQ2IQW and JK1DRM will be active from Australia (VK4) between November 23rd and 28th. The will participate in the CQWW DX CW Contest (November 24-25th) as VK4AHY, a Multi-? entry. Outside the contest they will be active using their personal home calls. QSL via the operators home call. QSL VK4AHY via JA1OZK. [NG3K]

24/11/2007: Operators Valery/RD3AF, Alex/RZ3AZ, Yuri/RA9JR and Yuri/UA9AM will be signing EF8M from the Canary Islands (AF-004) for the CQWW DX CW Contest (November 24-25th), as a Multi-Two entry. QSL via RX3DU (QRZ.com) [NG3K]

24/11/2007: The LA3Z Club of Stavern, Norway, will be active as LN3Z during the CQWW DX CW Contest (November 24-25th), as a Milti-Single entry. Operators mentioned are Harald/LA5UF, Paul/LA6YEA, Jon/LA8HGA and Tom/LA9GX. QSL via LA9VDA, direct or bureau. QSL cards can also be requested by e-mail to la9vda2003-at-yahoo.no [NG3K]

24/11/2007: Dave, WJ2O will be QRV from Belize as V31DF during the CQWW DX CW Contest (November 24-25th), as a Single-Op/All-Band/High-Power entry. QSL via WJ2O. [NG3K]

24/11/2007: Adhi, YB3MM will try to be QRV again from the Karimunjawa Islands (OC-186) as YB3MM/2 during the CQWW DX CW Contest (November 24-25th). The last planned DXpedition to Karimunjawa Islands (OC-186) by Adhi during the CQWW SSB Contest was cancelled due to transceiver problems, probably due to unstable voltage. QSL via IZ8CCW. [4X4-2238]

27/11/2007: Jeff/K8ND and Jim/W8WTS will be QRV from Signal Point, Curacao (SA-006, WLOTA LH-0942) as PJ2/homecall between November 27th and December 3rd. They will also be active in the ARRL 160-Meter Contest (November 30th-December 2nd), as a Multi-? entry using the call sign PJ2T. QSL PJ2T via N9AG. QSL others via their home call. [CCC]

12/12/2007: Jerry, WB9Z will be active vacation style as PJ2/WB9Z from Signal Point, Curacao (SA-006, WLOTA LH-0942), December 12-25th. Look for activity on all bands. QSL via home call. [CCC]

01/01/2008: Lions Clubs International, the world?s largest volunteer service organization, will be sponsoring an amateur radio special event station to be operated by Great Britain?s Bedworth Lions Club January 1-28th. The station will operate on 2 metre FM and 80-10 metre SSB with the call sign GB4BLC. Additionally for 2008, contacts via amateur satellite are planned. QSL via G8GMU, direct or via the RSGB bureau. Further details at: www.bedworthlionsclub.co.uk/evawa.htm

[Southgate ARC]

18/02/2008: The Blue Mountains Amateur Radio Club is celebrating its 50th birthday in January 2008. The original club was formed as the 'Blue Mountains Radio Club' in 1958, by the late Bill Moore after the disastrous bushfires that raged through the Blue Mountains in November and December of 1957. Bill held the callsign VK2HZ. By request, VK2HZ was adopted by the current Blue Mountains Amateur Radio Club Inc after Bill became a silent key. It was 1974 when the club became 'The Blue Mountains Amateur Radio Club'. The current club still has 3 members who were members of the original club. A special call sign to commemorate the 50 years has also been allocated by the ACMA. The call sign is VI2BMARC50 and will only be valid for 10 days from January 18th to January 28th 2008. A special QSL card will be available for all stations contacting VI2BMARC50. Further information can be found at: www.bmarc.org/ [Southgate ARC]

==========

SPECIAL EVENTS

01/11/2007: The Bou Saada ARC (7X5VRK) of Bou Saada, Algeria, will sign 7W53N during the month of November to commemorate the 53th anniversary of the National Algerian Revolution beginning. QSL via 7X5VRK. [F5NQL]

01/11/2007: The ISWL Club Callsigns in use during November 2007 will be:
GX4BJC /A - Operated from Healing, near Grimsby, by Cliff G4YHP - The ISWL's Hon Treasurer and Chief Editor. (WAB Square = TA21 LNE).
MX1SWL /A - Operated from Portsmouth, in Hampshire, by Steve M0RNA (WAB Square = SU60 POR).
All QSL Info is on www.iswl.org.uk or www.qrz.com or via www.eQSL.cc
NO LOTW! [Pete's-DX-Newsdesk]

03/11/2007: Special event station IY1EY will be active November 3-11th to celebrate Gugliemo Marconi's experiments from his yacht "Elettra" between 1919 and 1936. Expect activity on all bands CW, SSB and RTTY. Special QSL via IK1QBT. [425 DX News]

03/11/2007: To celebrate the 20th birthday of the Netherlands Air Force Radio Amateur Society (PI4NAF) will be QRV with the call sign PA20NARAS on HF and VHF between November 3-19th. QSL via PA1TT. [F5NQL]

03/11/2007: A group of EA5s obtained permission to operate on board the Antarctic polar ship 'Hesperides' which is located in Cartagena (Murcia), Spain. They will use the special call AO5URD (valid for the Antarctic Challenge as polar ship) on November 3rd and 4th. QSL EA5URD via the bureau. [F5NQL]

07/11/2007: Special event station II8MM will be active November 7-12th for the 3rd annual DX Meeting organized by the Mediterraneo DX Club (http://www.mdxc.org/meeting.asp). QSL via IZ8EPY. [425 DX News]

08/11/2007: Special event station HS35SEA will be aired November 8-11th for the the 35th SEANET Convention that will be held in Lampang, Thailand. QSL via HS1CKC. Full information on the convention can be found at: www.sabah.net.my/seanet/seanet_2007.htm [425 DX News]

==========
D88S QSL cards are in printing and will be ready in about 2 weeks. Your request must be sent to DS4MNJ (ex DT8A) if needed via the following address:
Lee Sanghoon via (C-605, Digital Empire B/D) 980-3, Yeongtong-dong, Yeongtong-gu, Suwon-si, Geonggi-do, South Korea.
==========
Hollingsworth to Stay Put at FCC -

Riley Hollingsworth, K4ZDH, Special Counsel for the FCC's Enforcement Bureau, has decided not to retire. He had announced last week that he would leave the FCC in January 2008.

Riley states, "After spending the entire weekend thinking about the decision [to retire], it became more and more clear to me that it just isn't the right decision for me right now. There are several issues on the table that I want to continue to work through with the amateur community."

The Enforcement Bureau is the primary organizational unit within the Federal Communications Commission that is responsible for enforcement of provisions of the Communications Act, the Commission's rules, Commission orders and terms and conditions of station authorizations, as well as enforcement of Amateur Radio rules (Part 97). [ARRL]
==========
SEANET Convention -
The Radio Amateur Society of Thailand's 35th SEANET Convention will take place in Thailand's fourth-largest city, the northern town of Lampang, from November 8-11th.

Activity includes a traditional wedding ceremony on elephant-back, visits to hot springs, a tour of a power-generating plant, sight-seeing tours and a northern Thai feast along with a welcome dinner.

Then there will be the grand gala dinner on Saturday evening and the technical session on Sunday morning featuring, among other things, an account of the 3B7C St Brandon DXpedition.

Also, look for special event station HS35SEA to be on the air from the Wienglakor Hotel during the event. QSLs go to HS1CKC.

From: "jim_k7wa" <jim_k7wa@...>

For clarification: VP5W QSLs should go via W7TSQ - Bob has handled the VP5W QSLs in the past and will do so again this year.

When we operate VP5/ our own calls, we will handle our own QSLs.

I will make an effort to get on the WARC bands - we will have e-mail there and I will try to let folks know the operating schedule. Other operators on the trip will be VE7XF, W7VV, and K7LAZ.

73, Jim K7WA

If the manager is DK4VW, he's just a maildrop. He's also manager for
RW2F/RK2FWA.

6142. REQUESTING HELP FROM GOLIST USERS

Yahoo group: GOLIST (2007 — 2010)
Date: 2007-11-03 13:08:27 UTC
From: K1XN
Topic: 6142 Message: 6142

Hi folks,
I am in need of assistance from users of the Golist.
As the Golist database grows, and it has in the past few years,
it becomes much harder to get records checked and corrected
as needed. Keeping up to date with active DX stations and managers
who change call signs, resign from clients, etc is making it much
more difficult to keep the DB accurate. This is where I need the
help of users.
When you get qsl routing info on a dx call that is either not in the
Golist or is different than what it published in the db, please drop me
an email with the following into if known.
dx call
manager
dates heard/worked
qsl received: Y/N?
I can then do the research to make sure the route is correct and
make the
required changes to the Golist db. I send out many requests daily for qsl
route verification to managers and/or dx stations. My return rate is
much like
yours, if they are not too busy I get a reply right away, if they are
busy, it takes
much longer and then some do not reply at all. If you saw my list of
managers
that have not responded to any request in the last two years you would
be shocked.
There are many vacation style operations that now take place without
announcement
and these are hard to pick up. I have to rely on the dx cluster spots
for these operations,
and the info from this method is only slightly better than not getting
any info. 60%
of it is incorrect when I get the verification request back. But at
least I am then aware of
the operation and can follow up.
Any info you can send me is very helpful.
I want the Golist to be 100% accurate, even though I know it will
never be. Your help
is instrumental in keeping the accuracy up.
Thanks to all of you that currently keep me posted to new and
different routes, this is
a great help.
John K1XN

CLIPPERTON 2008

The following press release is for immediate publication. Thank you for helping get the word out to the DX community. We look forward to putting everyone in the log, from the little pistol to the big gun. More information will be forthcoming as it develops.

72,73,
Jay, K4ZLE

Clipperton 2008
This press release formally announces the 2008 DXpedition to Clipperton Island. The DXpedition will be led by N6OX with N7CQQ and K4SV as the management team. The goal is to make 100,000+ contacts, including working as many European, Mediterranean and African stations where Clipperton is high on the most wanted list. Departure date is February 28, 2008, arriving on Clipperton on March 4+-. The team plans to operate 12 to 14 days, depending on conditions, using the call TX5C.
Currently Clipperton is ranked 35th on the most needed countries list worldwide. The team of 22 or so amateur operators look forward to meeting or exceeding the performance expectations of modern DXpeditions. In addition to the ham activities, there will be a series of scientific studies done by the team.

Clipperton Island (French: Île de Clipperton and as the real French name Île de la Passion) is a nine-square-kilometer coral atoll in the North Pacific Ocean, southwest of Mexico and west of Costa Rica, at 10°18′N, 109°13′W. It has no permanent inhabitants. It is an overseas possession of France administered by the Minister of Overseas France.

More information about this expedition, including details of the scientific studies, ways you can help support this expedition financially, bios on the operators, a sponsor list and history of this DXCC entity, can be found at the team's web site: http://www.clipperton2008.org. While checking out the web site, be sure to visit the TX5C STORE.

CLIPPERTON 2008

Communiqué de presse. Merci de votre coopération.
Nous espérons vous compter parmi nos QSO.
Informations complémentaires à venir

72,73,
Jay, K4ZLE

Clipperton 2008
Annonce officielle de l'expédition 2008 à Clipperton.

Equipe dirigée par N6OX avec l'assistance de N7CQQ et K4SV.
Nous nous sommes fixés 100 000 QSO et plus, et notamment avec les Européens,
les pays bordant la Méditerranée et les stations africaines, pour lesquels,
l'atoll figure parmi l'une des contrées les plus recherchées.

Le départ est fixé au 28/02/2008 ^uor un débarquement prévu sur l'atoll le
4 mars au mieux.
L'équipe a prévu d'être sur l'air pendant 12 à 14 jours, selon les
conditions .
Les autorités françaises ont délivré l'indicatif : TX5C.

Pour l'instant, Clipperton figure au 35ème rang des contrées les plus
recherchées, tous continents confondus.
Quelques 22 opérateurs seront actifs , espérant approcher les performances
des dxpéditions modernes, voire les dépasser.
Certains membres de l'équipe, outre le trafic, s'adonneront à des études
scientifiques qui leur ont été confiées.
l'île Française de Clipperton est un atoll coralien de 9 km², situé dans le
Pacifique Nord, au sud ouest du Mexique, et à l'ouest du Costa Rica (10°18′N,
109°13′W). C'est un atoll inhabité.
Cette possession française d'outre mer, est gérée par le Ministère français
de l'Outre-Mer.

Plus d'informations, y compris les études scientifiques envisagées, les
moyens d'aider cette expédition très onéreuse, les biographies des opérateurs, la
liste des parrains, et une histoire de cette entité DXCC, sont disponibles
sur le site de l'expédition à :
http://www.clipperton2008.org.
N'oubliez pas de visiter la boutique de produits dérivés TX5C.

Nouvelle balise 6 mètres en activité au Portugal.

Indicatif : CS1RLA/B

Localisation : Santiago do Casém, 92 km sud de Lisbonne.
Puissance: 2,5 wtts dans un dipole 1/2 onde.

Fréquence : 50,076 MHz.

Merci d'envoyer vos reports à :
Associao de Radioamadores do Litoral Alentejano
Rua do Parque, n10 (Antigo Colegio de S. Jos,)
7540-180 Santiago do Cacem

Date: 2007-11-04 22:20:41 UTC
From: Bob Main
Topic: 6148 Message: 6148

Where can I go to check what stations for a certain country use LoTW? I can't seem to be able to get a QSL from a certain country no matter how many stations I work, how many cards, $$$$ or IRCs I send. So thought I would try to determine who use LoTW and go strictly after those stations and forget sending anymore cards that way.

Thanks,

Bob

6153. RE: [GOLIST] LoTW Stations

Yahoo group: GOLIST (2007 — 2010)
Date: 2007-11-04 23:33:44 UTC
From: Bob Main
Topic: 6148 Message: 6153

I worked ER1Q and ER1QQ back in Feb 2006 and found that the QSL manager was the same person ER1DAF for both stations. So far I have sent her two QSL cards, one with $$$$ and the other with IRC and still waiting. ER4DX I sent 4 QSLs with $$$ in each one and have given up on that one.

ER1QQ confirmed for me in 2003, reasonably promptly. 1GS as I recall. That was my 78th country.

Bob,

I just got a QSL from ER4DX last month. Send your card to Valery, ER1DA, via the Moldova QSL Bureau as follows:

ARM
Valery Metaxa
P.O. Box 3000
Chisinau MD-2071
Moldova EU

Include appropriate IRC's or GS and the card comes back in about 3 weeks. I am the second person I know of who was successful with thir route. ER4DX's address on QRZ.com does not work.

Thomas, HZ1EX PY2ZXU/SM0CXU

BURKINA FASO:

>From Michel, F1IQH

Hi

I'll be a new time in Burkina Faso in next December , from Bobo Dioulasso .

The exact dates will be announced later.

I need a 14Mhz antenna. Please contact me (F1IQH at QRZ.com)

73
Michel,
F1iqh / Xt2wc

6166. Over Atlantic Flight and 30 MHz, African Calendar

Yahoo group: GOLIST (2007 — 2010)
Date: 2007-11-06 09:53:37 UTC
From: F5nql@aol.com
Topic: 6166 Message: 6166

Hi friends
10 MHz Amateur Radio balloon to cross the Atlantic

Amateurs at the University of Tennessee Amateur Radio Club are launching a balloon with a beacon in the 10 MHz Amateur Band that may travel across the Atlantic during its 5-day mission.

The latest Icarus X mission UX-19, will hopefully launch by next weekend and its goal is to be the first Amateur Radio equiped helium balloon to cross the Atlantic.

The balloon payload will include a GPS unit and CPU that will regulate the balloon's altitude and send telemetry on 10.123 MHz in CW and RTTY formats.

The 10 MHz transmitter will run 3 watts output into a half wave dipole hung below the balloon.

The students need receiving stations to copy the telemetry data. They have developed a decoding program that anyone can download from the University of Tennessee web site which will relay the values back to the campus server.

All that is needed for the receiving station is a good antenna and a computer with a high speed internet connection. Audio from the receiver is feed into the sound card of the computer and Mtty will decode the values and give a nice visual status page of the flight data. Also the data will be sent to the University of Tennessee's server where it will be placed onto the club's web page for everyone to follow.

The flight has been dubbed 'The Spirit Of Knoxville' after Lindbergh's first trans-Atlantic flight.

The flight could be up to a five days long but the actual crossing should take only three days. The balloon will be carrying enough ballast and battery power for five days and nights. Check the UT Radio Club's web page at _http://www.utarc.http_ (http://www.utarc.org/) for more technical details
and a host of photos.

This site chronicles the last years worth of effort at developing the hardware and flight testing the different systems to produce an autonomous altitude control.

In addition to the 30m beacon there will also be an APRS beacon AA4UT-11 on 144.390 MHz FM.

University of Tennessee Amateur Radio Club
http://www.utarc.http (http://www.utarc.org/)

If you go to their website and click on the Balloon Launch link right above the article you'll go to a page with a neat You Tube video of a previous launch.

73,
John - AG9D

Bonjour à tous
Ballon Radio-amateur au dessus de l'Atlantique
Les radioamateurs du Radio club de l'Université de Tennessee vont lancer un ballon gonflé à l'hélium, transportant une balise dans la bande amateur des 10 MHz , et qui devrait traverser l'Atlantique en 5 jours.
La mission Icarus X mission UX-19, partira le prochain week end et le but est de faire traverser l'Atlantique à ce premier ballon amateur gonflé à l'hélium.
La charge comportera également un GPS et un ordinateur qui réguleront l'altitude du ballon et enverront les données télémétriques sur 10.123 MHz en CW et RTTY.

L'emetteur 10 MHz délivrera 3 watts dans une antenne dipole demi-onde pendant sous le ballon.

Les etudiants ont besoin de vos reports et de vos réceptions des données.
Ils ont développé un programme pour décoder les données que chacun peut télécharger, sur le site de l'Université de Tenessee, qui relaiera les informations sur le serveur du campus.
Tout ce qui vous est nécessaire consiste en une bonne antenne et un PC relié à une connexion Internet haut débit.
Le signal audio du récepteur est injecté dans la carte son et MTTY décode et donne un visuel des données de vol.
Les données seront également expédiées sur le serveur de l'Université de Tennessee, et elles seront ensuite incluses sur la page web du RC.
L'expérience a été baptisée le 'The Spirit Of Knoxville' en souvenir du Spirit of Saint Louis de Lindbergh.
Bien qu'il faille normalement 3 jous pour traverser l'océan, ce voyage poyrrait durer jusqu'à cinq jours et cinq nuits, durée pour laquelle ont été calculés le lest le l'autonomie des batteries.
Ceux qui sont intéressés peuvent consulter le site du RC de l'Université de Tenessee à : _http://www.utarc.http_ (http://www.utarc.org/) (détails techniques et photos).
Ce site relate les années d'effort de développement du matériel et les tests en vol, ayant permis d'aboutir au contrôle automatique de l'altitude en vol.
Outre la balise 30m, une balise APRS sera embarquée (AA4UT-11 sur 144.390 MHz FM.)

University of Tennessee Amateur Radio Club
http://www.utarc.http (http://www.utarc.org/)

Si vous faites un click droit de souris sur le ballon, vous déclencherez une vidéo hébergée sur Youtube, relative à un vol précédent.

73,
John - AG9D

SABLE Island
A six meter expediton is planned on June 25 - July 05 next year to the Sable Island by VE3IKV, K5AND, W3CMP, and W4TAA. The fixed 6m station in FN93 will have 800W to a 7 el beam up 40 ft and will be used for CW and SSB. A portabele 6m station in GN03 has 100W to a 5 el beam up 30 ft. Callsign and frequencies to be advertised later . . .

***
Special Event UK:

Lions Clubs International, the worldâ€^(TM)s largest volunteer service organization, will be sponsoring an amateur radio special event station to be operated

by Great Britainâ€^(TM)s Bedworth Lions Club January 1-28th. The station will operate on 2 metre FM and 80-10 metre SSB with the call sign GB4BLC. Additionally for 2008, contacts via amateur satellite are planned. QSL via G8GMU, direct or via the RSGB bureau.

Canary Islands and Lighthouse

Hey all:

"ANAGA LIGTHOUSE DXPEDITION"

The station EG8FDA will be on the air from the Anaga Lighthouse (Tenerife, Canary Islands, ARLHS CAI-001, WLOTA 1276, FEA D-2820), operated by EA8ARG, EA8AY and EA8BFH Nov 10-11th. The lighthouse location is one of difficult access, by land through several kilometres of mountain footpath, and by the sea.QSL vÃa EA8NQ, direct (+SASE) (see http://www.qrz.com/ea8nq) or via the bureau.

Hello Folks,

If you work R35NP who is close to the North Pole
it WILL NOT count for DXCC.

The status was checked out by Paul VE1DX who
got the following repy from the DXCC Desk.

Vy 73 to all de Pete
==========

From: "Moore, Bill, NC1L" <nc1l@...>
To: "Paul M Dunphy"

Paul:

Sorry, this one will not count.

73
Bill Moore NC1L
DXCC Manager

Paul writes:

That clears that one up . . . a nice "novelty" contact, but not
a DXCC counter.

/_All_/ operations on Vlad, UA4WHX's last trip are now OK for DXCC credit. These include but may not be limited to:

5X1VB -- Uganda

9U0VB -- Burundi

9X0VB -- Rwanda

D20VB -- Angola

D60VB -- Comoros

J20VB -- Djibouti

Other operations include:

3DA0VB -- Swaziland

5R8VB -- Madagascar

A25VB -- Botswana

C91VB -- Mozambique

ST2VB -- Sudan

Z2/UA4WHX -- Zimbabwe

V51VV -- Namibia

OD5/UA4WHX -- Lebanon

That is the "North Pole-35" drifting station. Mike, RW1AI is floating around on a big chunk of ice, which makes him, more or less, Maritime Mobile :o) Not a DXCC entity, but one could pick up the grid squares Mike floats through. I wonder if he puts that info on his QSLs?
Cheers!!

73 from Dave, VA3RJ

6172. ICPO Bulletin (November 08 - 16, 2007)

Yahoo group: GOLIST (2007 — 2010)
Date: 2007-11-08 20:12:19 UTC
From: Dave Raycroft
Topic: 6172 Message: 6172

I.C.P.O. Bulletin (November 08 - 16, 2007)
Islands, Castles & Portable Operations.
Listing is by calendar date (day/month/year)
==========

08/11/2007: Ronnie, SM7DKF will be active from Mauritius Island (AF-049) as 3B8/SM7DKF between November 8-24th. This will be a holiday style operation, with activity on the usual IOTA frequencies mostly SSB and perhaps also digital modes. QSL direct to home call, with SASE (see QRZ.com). Further info at: www.sm7dkf.se/index-info.htm [RSGB IOTA]

08/11/2007: Adolfo, EA7TV will be active as CT/EA7TV/P from Culatra Island (EU-145, AL-001 for the Portuguese Islands Award, WLOTA LH-0144), November 8-11th. He plans to operate on 10-40 metres. QSL via home call, direct or bureau. [425 DX News]

08/11/2007: Andy/DL5CW and Marina/DM5YL will be active from the island of Anguilla (NA-022), November 8-26th, CQWW DX CW Contest included. Probably their callsigns will be VP2EDL and VP2EDM, and they plan to operate mostly CW (Andy) and RTTY/PSK31 (Marina) on the HF bands. QSL via home calls, direct or bureau. [425 DX News]

10/11/2007: Jos? Antonio/EA8ARG, Luis/EA8AY and ?ngel/EA8BFH will be active November 10-11th as EG8FDA from the Anaga Lighthouse (FEA D-2820, ARLHS CAI-001, TWLHD WLH EA8-002, WLOTA LH-1276, WW Loc. IL18WN) on Tenerife Island (AF-004, DIE S-012), Pontevedra (DME 38038), community of Galicia. They plan to operate on the HF bands as well as on 6 and 2 metres. QSL via EA8NQ, direct or bureau. Further information can be found at: ea8arg.ure.es/eg8fda/ [425 DX News]

10/11/2007: Patrick, F8DYD/p will be QRV November 10th from the Castle (DFCF 86-038) and Mill (DMF 86-020) of Ch?teau-Larcher (CP 86370), canton de Vivonne (DDCF 86-29), Department Vienne/86, Province of Poitou-Charentes (DPF 19). QSL via home call, direct or bureau. [F8DYD]

10/11/2007: This weekend (November 10-11th), at the time of the festival of St-Martin, the section Pierre-Pertuis will be QRV using the call HB9XC/p from the castle of Porrentruy (DCS JU014), canton of Jura (DCSR-JU014 rare!) with the operators Marc/HB9ONN, Christophe/HB3YMM and Michel/HB9DLO. Beginning of the activities will be Saturday morning on 80m then successively on the other bands according to propagation, all day November 10th until midday November 11th. QSL via home call, direct or bureau. [HB9DLO]

10/11/2007: There will be an operation from the rare Matera Province of Italy on November 10-11th using the callsign I7ALE/7 or IK8SHL/7. Operations will be on CW with some SSB possible. Activity will be good

for the WAIP award. [OPDX]

10/11/2007: Andrea, IK1PMR and Claudia, IZ1GLO/K2LEO will be touring South America between early November and early December. They plan to take part in the major CW/RTTY contests, with CW/RTTY on the WARC and low bands on week-days. Their tentative schedule is the following - 10-11 November WAE RTTY: CW2C (multi) or K2LEO/CX & IK1PMR/CX; 17-18 November LZ DX: IK1PMR/LU & K2LEO/LU (requested); 24-25 November CQWW CW: ZP0R (op IK1PMR); ZP6/IZ1GLO RTTY operations; 01-02 December ARRL 160m: ZP0R (op IK1PMR); TARA RTTY: ZP6/IZ1GLO; 08-09 December ARRL 10m: CW2C (multi) or IK1PMR/CX & K2LEO/CX. Updates will be posted on www.ik1pmr.com, as they will have Internet access from all locations. [425 DX News]

10/11/2007: Jim, KA3UNQ/p plans to be QRV November 10th from the Bloody Point Bar Lighthouse [aka The Coffee Pot] (ARLHS USA-063), located on Kent Island (USi MD-004S, Not IOTA), Queen Anne's County, Maryland. Activation times will be from 1330z - 1900z, starting on 80m, then 40m, 20m and finally 17m (at least 30 mins on 80 and 40 each). Frequencies: 3990, 7235, 14270 and 18130 kHz (+/- QRM). QSL via the info for KA3UNQ at QRZ.com. [KA3UNQ]

10/11/2007: Mustapha, DL1BDF will be attending a conference in Cairo organized by a local ITU section. The subject of the conference will be "How Amateur Radio can help handicapped persons to live". During his stay in Cairo, Mustapha will be active during his spare time from the SU0ARA ARC station between November 10-18th. [OPDX]

11/11/2007: Rick, N8OIL/4 will be QRV November 11-23rd from St. Simons Island (NA-058, USi GA-003S, WW Loc. EM91HF, Glynn County), Georgia. Look for activity on all bands, around the ususal Island and IOTA frequencies. QSL via home call, direct (Richard M Patterson, Box 911 Kent, OH 44240 USA) or by the bureau. [RSGB IOTA]

12/11/2007: George/K5KG (E51MMM) and Ron/KK9K (E51NNN) will be active November 12th through December 1st from the island of Rarotonga (OC-013), South Cook Islands. They plan to concentrate heavily on 160/80m. All QSL requests should go to K5KG. [K1XN & The GOLIST]

12/11/2007: Look for Pekka, OH2YY to be QRV from Reunion Island (AF-016, DIFO FR-001, WLOTA LH-1812) as FR/OH2YY, November 12-15th. Activity will be on 40-10m SSB, using 100w with vertical and dipole antennas. QSL via home call, direct or bureau. [NG3K]

14/11/2007: Dennis, WA2USA will be QRV November 14-20th as WA2USA/4 from Dauphin Island (NA-213, USi AL-002S, Mobile County), Alabama, including an entry in the ARRL Sweepstakes Phone Contest (November 18-19th). Look for activity around the usual island and IOTA frequencies. QSL via home call, direct (Dennis Martin, 5577 Victoria Ct., Newburgh, IN 47630 USA) or via the bureau. [RSGB IOTA]

15/11/2007: A Dxpedition to Socorro Island (NA-030, WLOTA LH-2941, WW Loc. DK48MS), Revillagigedo (XF4) by the Federacion Mexicana de Radio Experimentadores, A.C. will take place between November 15th and December 15th, using the call signs 6E4LM, XF4YK and XF4YW. This expedition is to celebrate the 75th anniversary of FMRE. Team members include Carlos/XE1YK, Manuel/XE1VVD, Eduardo/XE2YW and Daniel/XE3RBA. They will be QRV 160-10m plus 50 MHz-144 MHz-430 MHz and Satellite activity using SSB, CW, and digital modes. The operators will focus on 160m and 6m, where they feel XF4 is most needed. QSL direct to XE2K (Jose Hector Garcia M., P. O. Box 73, El Centro, CA., 92244-0073, USA). QSL XF4YK via XE1YK (QRZ.com) and QSL XF4YW via XE2YW (QRZ.com). Logs will be uploaded to LoTW after all direct QSLs have been sent. Further information can be found at: www.6e4lm.xedx.org/ [FMRE]

15/11/2007: Wayne, W5KDJ will be QRV as C91KDJ from 50km north of Maputo (WW Loc. KG64IK), Mozambique, between November 15th and 28th. Activity will be mostly CW and possibly RTTY, with emphasis on 160 and 80 metres. He uses splits of 15 kHz up, listens on the outer edges most of the time (15 up: -.5 down and 15 up: +3.). Online log will be available after the DXpedition. QSL direct with SASE to W5KDJ. Further information at: www.tdxs.net/c91kdj.html [W5KDJ]

15/11/2007: Ann/KP2YL and Brian/KP2HC have relocated to California, but will visit the island of St. Croix (NA-106, WLOTA LH-2477), November 15-23rd. They will be QRV on HF SSB and CW throughout their stay. Brian will monitor 6m and take full advantage of any openings on that band. Ann will take part in a Multi-Op effort for the ARRL November Sweepstakes Phone from the NP2B contest station. QSL KP2YL and KP2HC direct only via their California address. QSL NP2B via NP2B. [425 DX News]

15/11/2007: Operators J?rn/DG5XJ, Bernd/DH1ND and J?rgen/DJ5HD will be active November 15-28th as PJ7/homecalls from the island of Sint Maarten (NA-105) and as FS/homecalls from the island of St. Martin (NA-105, WLOTA LH-0383). Look for activity on all bands and modes. QSL via home calls, direct or bureau. Further info can be found at: www.dg5xj.de/dg5xjpj7.htm [RSGB IOTA]

15/11/2007: Oleg, RA4ST will be active November 15-17th as RA4ST/p from District MR-03 (Koz'moden'jansk City), Republic of Marij-El (MR). QSL via home call, direct or bureau. [RX3RC]

16/11/2007: Pekka, OH2YY to be QRV from Mauritius Island (AF-049) as 3B8/OH2YY, November 16-22nd. Look for him on be on 40-10m SSB, using 100w with vertical and dipole antennas. QSL via home call, direct or bureau. [NG3K]

==========

LOOKING AHEAD

17/11/2007: Members of the Cherokee County DX Society, namely Doug/KI4PAU, Kenney/KF4HUD, Phil/K4PBW and Bob/KI4BDM will be active November 17th, using the club call W4CDX, from Godfrey's Island (USi AL-009L, WW Loc. EM74FE), located in Weiss Lake, Cherokee County, State

of Alabama. Activity is planned for 40, 20, 17 and 10 metres. QSL via W4CDX (CBA). [USi]

18/11/2007: Bernd/VK2IA (VK9AA) and Jan/DJ8NK (VK9CCC) will operate from Cocos Keeling (OC-003) during November 18-26th. Actvity will be on 160-10m CW, SSB and RTTY. VK9AA will be active in CQWW DX CW Contest (November 24-25th) with QSL via DL8YR. VK9CCC via DJ8NK. [NG3K]

21/11/2007: Look for Dave, G3TBK to be QRV November 21-29th from the island of St. Vincent (NA-109, WLOTA LH-0492) as J88DR, CQWW DX CW Contest (November 24-25th) included as a Single-Op/All-Band entry. Outside the contest he will be active on all bands, WARC included. QSL via G3TBK, direct or via the RSGB bureau. [NG3K]

21/11/2007: Hiro, JA6WFM will be operating as JF6YME/6 from Yoron Island [Yoron Shima] (AS-023, JIIA AS-023-013, WLOTA LH-0287), JA6 Amami Island Group, November 21-24th. Look for him on the HF bands using SSB, CW and RTTY. QSL via the JARL bureau. [JI6KVR]

24/11/2007: Marko, N5ZO/OH6DO plans to be active from Swaziland signing 3DA0ZO during the CQWW DX CW Contest (November 24-25th), as a Single-Op/All-Band entry. QSL via the bureau to Olli, OH0XX, or direct to his Panama address (Olli Rissanen, Apartado 0860-00432, Villa Lucre, Panama). [NG3K]

24/11/2007: Ismael, XE1AY will be active during the CQWW DX CW Contest (November 24-25th) from Manzanillo, Mexico, as 6H1AY. No operating category was given. QSL via XE1AY (P.O. Box 440, 28200 Manzanillo, Colima, Mexico). [NG3K]

24/11/2007: Operators Dave/KY1V, Ken/N4OI and possibly others will be active from Hopewell, Jamaica (NA-097, WLOTA LH-0214) as 6Y1V in the CQWW DX CW Contest (November 24-25th), as a Multi-Single/High-Power entry. Note: experienced cw ops needed for M/S or M/2 category. QSL only to OH3RB, direct preferred but bureau ok. [NG3K]

24/11/2007: Tom, W2SC will be signing 8P5A from Barbados (NA-021, WLOTA LH-0999) during the CQWW DX CW Contest (November 24-25th), as a Single-Op/All-Band/High-Power entry. QSL via NN1N. [NG3K]

24/11/2007: Andy, N2NT will be operating as V47NT from the QTH of V47KP on the island of St. Kitts (NA-104) during the CQWW DX CW Contest (November 24-25th), as a Single-Op/All-Band/High-Power entry. QSL via W2RQ. [NG3K]

24/11/2007: Larry, XW1A will be active from Vientiane, Laos, during the CQWW DX CW Contest (November 24-25th), as a Single-Op entry. QSL via E21EIC. [NG3K]

30/11/2007: Look for Jeff, K8ND to be active as PJ2T from the island of Curacao (SA-006, WLOTA LH-0942) for the ARRL 160 Metre Contest (November 30th - December 2nd), as a Single-Op/High-Power entry. QSL via LoTW or via K8ND. [NG3K]

06/12/2007: Look for Dave, KY1V to be active as 6Y1V from Hopewell, Jamaica (NA-097, WLOTA LH-0214) for the ARRL 10-Metre Contest (December 8-9th), as a Single-Op/High-Power/CW entry. QSL only to OH3RB, direct preferred but bureau ok. [6Y1V]

29/12/2007: Harry, JG7PSJ will be QRV December 29th to January 4th from Chichi-Jima (AS-031, JIIA AS-031-003, WW Loc. QL17CC), Ogasawara, using the call sign JD1BMH. Activity will be on 160-10m using CW, SSB and RTTY. QSL via JG7PSJ, direct (Hiroyuki Kawanobe, 1-4-1,Mikamine, Taihaku, Sendai, Miyagi 982-0826 JAPAN) or bureau. Further info and log search at: sapphire.ganko.tohoku.ac.jp:8080/jd1bmh/ [NG3K]

26/01/2008: Operator Valery, RD3AF will be active as EF8M in the CQ 160-Metre Contest (January 26-27, 2008) from the Canary Islands (AF-004), as a Single-Op/All-Band entry. QSL via RX3DU. [NG3K]

26/01/2008: Art, N3DXX will be active as VY2/N3DXX in the CQ 160-Metre Contest (January 26-27, 2008) from Prince Edward Island (NA-029, CIsA PE-001), as a Single-Op entry. QSL via home call. [NG3K]

06/02/2008: Ed, K3IXD will be active as ZF2XD from the Cayman Islands (NA-016, Grid EK99) between February 6-11th, including the CQ WW WPX RTTY Contest (February 9-10th), as a Single-Op/All-Band/Low Power entry. Outside the contest look for ZF2XD on 80-10m SSB and digital modes. QSL via K3IXD, direct (Ed Steeble, 202 Huntington Rd, Summerville, SC 29483, USA) or by the bureau. [K1XN & The GOLIST]

25/06/2008: A six meter expediton is planned for June 25 - July 05, 2008, to Sable Island (CY0, NA-063, CIsA NS-004) by Pete/VE3IKV, Dick/K5AND, Chris/W3CMP, and Bill/W4TAA. The fixed 6m station in FN93 will have 800W to a 7 el beam up 40 ft and will be used for CW and SSB. A portabele 6m station in GN03 has 100W to a 5 el beam up 30 ft. Call sign and frequencies to be advertised later. Other references are: Sable Island - East Lighthouse (ARLHS SAB-001, TWLHD WLH CY0-001, WLOTA:0758, WW Loc. GN03CX) and Sable Island - West Lighthouse (ARLHS SAB-002, TWLHD WLH CY0-002, WW Loc. FN93XW). [F5NQL]

==========

SPECIAL EVENTS

07/11/2007: The Havering Radio Club will be operating special event station GB4HRC from Hornchurch, Essex, from November 7th as part of the club's ongoing 40th anniversary celebrations. The first activation was in March, 2007, and will continue at various times and dates until December 31st. QSL via the RSGB bureau, preferred. Further information can be found at: www.qrz.com/callsign/GB4HRC [GB2RS]

07/11/2007: Special event station II8MM will be active November 7-12th for the 3rd annual DX Meeting organized by the Mediterraneo DX Club (http://www.mdxc.org/meeting.asp). QSL via IZ8EPY. [425 DX News]

08/11/2007: Special event station HS35SEA will be aired November 8-11th for the the 35th SEANET Convention that will be held in Lampang, Thailand. QSL via HS1CKC. Full information on the convention can be

found at: www.sabah.net.my/seanet/seanet_2007.htm [425 DX News]

17/11/2007: Special event station 8N1420T will be QRV by JARL between November 17th and December 16th to celebrate the 20th anniversary of Tsukuba-city (Ibaraki Prefecture, JCC #1420). QSL via the JARL bureau. [JJ1WTL/AC6IM]

Motorola buys Yaesu
November 5, 2007 -

Motorola USA has announced its intention to launch a tender offer to acquire a controlling interest in Vertex Standard Co, Ltd. Vertex Standard is the parent company of Yaesu. Motorola will own 80 percent of Vertex Standard; Tokogiken, a privately held Japanese company, controlled by current president and CEO of Vertex Standard Jun Hasegawa, will retain 20 percent, forming a joint venture. The total purchase price for 80 percent of the outstanding shares on a fully diluted basis will be approximately US $108 million. [W1AW]

==========

Digital Voice Dongle Project -

Moe AE4JY is working on a project that could allow PC's to send and receive D-STAR Digital Voice.

The project is to create a small board that when plugged into a PC USB port, will provide an interface to a DVSI digital voice VOCODER chip.

The idea is to be able to use a PC and soundcard and listen and talk to a D-Star voice data stream over the internet.

Other uses would be to create a soundcard program that would implement the G4GUO HF digital voice modem or just to use as a low bit rate vocoder for VOIP.

Exciting news from the Adventure Radio Society -

The Adventure Radio Society (ARS) is breaking new ground. We are moving from our traditional Web site to a new home: the ARSQRP Wiki.

If you've never participated in a wiki before, you are in for an amazing experience.

The wiki:
- Features a clean, intuitive layout that is a pleasure to use.
- Allows everyone to instantly become a commenter and contributor to a wide range of interesting outdoor and radio topics.
- Makes it easy to publish an article on any radio or outdoor topic of your choosing, with an impressive range of authoring tools, including tables, graphics, plug-ins, and formatting.

When you visit the wiki, you will also see that we have re-emphasized ARS' commitment to collegiality and community building. There is now less of an orientation on top-of-the-heap contesting, and more of a focus on sharing remarkable experiences in the outdoor and technical realms.

Please bookmark the following URL. All you need to do is click it, and you are instantly admitted in the arsqrp wiki, with full rights as a

contributor.

http://arsqrp.pbwiki.com/?wph=d0e44870be97c9b849207b77fb5785e3eb10757f

Spartan Sprinters, please use this URL to report your experiences. Don't
use the old log submission form, because it doesn't work anymore.

Welcome!

Russ Carpenter, AA7QU and Richard Fisher, KI6SN
Founders of the Adventure Radio Society. [Southgate ARC]

Hi friends
Antarctica
Hi !
R1ANR is active from "Novo Runway" located 14km away from
Novolazarevskaja base.
Therefore,that activity is valid as new one for the Antarctic
challenge.
He seems to be active 14.160-14170 mhz every night, and he called
cq without success today !!!!
Good luck !
73 Mehdi F5PFP

EIRE -
1st) 70 MHz to be available to all Eire Radio Amateurs
The Eire regulator ComReg will be making the 70 MHz Amateur Radio band
available to all Amateurs.
The latest IRTS new bulletin contains the good news that it has been agreed
that as soon as the necessary documentation is amended by ComReg the secondary
allocation at 70 MHz will be made generally available to existing and new
licensees without the need for a special application in each case.
Eire Regulator ComReg
http://www.comreg.ie/ (http://www.comreg.ie/)
Irish Radio Transmitters Society (IRTS)
http://www.irts.ie/ (http://www.irts.ie/)

2nd) Radio Amateurs in Eire get access to 5 MHz
On the 10th of July, a meeting was held between the Eire Regulator ComReg
and the Irish Radio Transmitters Society (IRTS).
ComReg was represented by Brian Whelan, Manager, Licensing Division and
Derek O'Reilly while the society was represented by the President Finbarr Buckley
EI1CS, Vice President Paul Martin EI2CA, Seán Donelan EI4GK, treasurer and
Seán Nolan EI7CD IRTS/ComReg Liaison.
At the time of the meeting there were ongoing contacts between the IRTS and
the military authorities in relation to 5 MHz and we wished to await the
conclusion of these in order to give full details of the outcome of the meeting.
Following extensive contact with the military authorities by the Society it
has now been agreed with the military and ComReg that for an initial period
of a year four 3 kHz channels will be allocated to experimenters on a
secondary and non-interference basis. Individual applications will have to be made
for permission to operate on these channels. The 3 kHz channels are centred on
5280, 5290 5400 and 5405 kHz.
The power limit will be 23 dBW (200 watts) to an antenna with not more than
0 dBd gain (e.g. a dipole). The permitted modes will be CW, USB and digital
Modes. The USB carrier frequency will be 1.5 kHz on the low frequency side of

the channel centre frequencies. Some or all of these channels are also in use in the UK, Iceland, Finland, Norway, Canada and the USA. It should be noted that three beacon stations in the UK operate on the 5290 kHz channel for three minutes in every fifteen minutes. These stations are GB3RAL, GB3WES and GB3ORK. Care should be taken to avoid any interference with these propagation beacons.
Still on 5 MHz, ComReg agreed to consider favourably an application by the Society for a 5 MHz beacon. An application was submitted after the meeting and the indications are that this will be granted in the near future.

I.C.P.O. (Islands, Castles & Portable Operations)
UPDATE -
==========

09/11/2007: Rif, RZ3BJ is signing R1ANR (new club call) since November 7th from "Novo Runway" (right name should be "Blue 1 Runway"), located 14km away from Novolazarevskaja base. Therefore, this activity is valid as new one for the Antarctic challenge. He seems to be active 14.160-14170 MHz every night, and he called cq without success today!! QSL via operator's instructions. Further info can be found at: www.waponline.it/Events/tabid/59/Default.aspx [F5NQL]

10/11/2007: Fran?ois/F5JNE and Claude/F5MCC will be active November 10th as F5JNE/p, from the Castle of Montalembert (DFCF 21-063), City of La Roche en Br?nil (CP 21530), canton of Saulieu (DDCF 21-31), department of C?te d'Or/21 and province of Burgundy (DPF 05). As usually, 80 then 40m, CW/SSB, starting around 0700 UTC. QSL via bureau preferred, SWL cards welcome. [F5NQL]

10/11/2007: Dan, KD3CQ is going to return to the East Wharf lighthouse (USA-1236), located in Lake Hefner, Oklahoma, on November 10th, beginning around 1400z. He will be there for two days visiting and will be active on Sunday as well. He will start out on 80m and work his way up to 20m. QSL C.B.A with SASE. [KA3UNQ]

11/11/2007: Between November 11-25th, look for the special call sign TM0TMM, to be active from the city of Wittenheim, Alsace, France, for the end of the restoration of the old mine installations. Will be open this day the new heritage settlements, which will remain all the memory of more then 800 miners dead when working in this mine between 1910 and 2002. The opening will happen November 17th. Only on this day, TM0TMM will count as ref. MA-F2007, for the Dipl?me des Mines (Mines award). All HF bands and modes. Special QSL card via F5FTI (perso.orange.fr/f5tfi/index.htm) in French language. [F5NQL]

15/11/2007: Special event station TU0PAX will be aired November 15th for the yearly Ivorian Peace Fest. Look for activity on all HF bands using SSB, CW, RTTY and PSK31. QSL via TU2CI [ARAI, Association des Radio-Amateurs Ivoiriens, 01 BP 2946 Abidjan 01, Cote d'Ivoire (Ivory Coast)]. [F5NQL]

18/11/2007: Osamu, JR8VSE will be QRV November 18-21st from Koror, Palau Islands (OC-009) and will be active as T88SE using CW, SSB, RTTY, PSK31 and SSTV on all bands. QSL via JR8VSE, direct or by the JARL bureau. [NG3K]

24/11/2007: Radio Club de los Andes LU8YE (www.lu8ye.com.ar/) will be ready with a Multi-Op crew for the next CQ WW CW contest (November 24-25th). The GACW representatives Carlos/LW1EXU, Fernando/LW2DX and Alberto/LU1DZ will drive more than 1,700 km from Buenos Aires to San Martin de los Andes to participate with the local crew. [F5NQL]

From: Craftygal
Topic: 6148 Message: 6177

Marc,

I've never sent anything to a foreign QSL bureau. Please help me address the envelopes. do I read correctly that I put on that address on the outside of the envelope then on the inside my QSL card, SAE, and IRC?

What does ARM mean? My guess was amateur radio manager.

Thanks and 73,

Marsha F. N8FE
Live life to the fullest while maintaining your integrity

I just got a QSL from ER4DX last month. Send your card to Valery, ER1DA, via the Moldova QSL Bureau as follows:

ARM
Valery Metaxa
P.O. Box 3000
Chisinau MD-2071
Moldova EU

Include appropriate IRC's or GS and the card comes back in about 3 weeks. I am the second person I know of who was successful with thir route. ER4DX's address on QRZ.com does not work.

Mark WC5M

Here is a current list of foreign bureaus maintained by the IARU as
of three weeks ago:

http://www.iaru.org/iaruqsl.html

They also indicate the Moldovian address was last updated in 2003 to:

Valery Metaxa
C/O Moldavian QSL Bureau
P.O. Box 2942, Chisinau, MD-2071
MOLDOVA

(The spelling of "Moldavian" may be a typo as "Moldovian" would seem
correct, but I don't know)

As an aside, Gene Chumakov UT7ND states that he is the manager for
ER4DX (see http://www.qsl.net/ut7nd/about.html). I finally received
a Registered Return Receipt from Gene about nine months ago, but no
card yet. I guess I'll try again to one of the buro addresses,
though I'm still confused as to which PO Box address to use: 2942
(as per IARU) or 3000 (as per anecdotal experience).

As I stated last week, I received a card from ER4DX for a September, 2006
RTTY QSO about 10 days ago. The card says:

QSL via bureau or direct:
P.O. Box 1662, Chisinau
MD 2044 MOLDOVA

A stamp on the card says "Verified by UT2UP"

The name on the card was "Vasily (Willy) Romanyuk"

6181. Re: [GOLIST] ER4DX via Moldova Buro

Yahoo group: GOLIST (2007 — 2010)
Date: 2007-11-11 09:33:19 UTC
From: Jerry Plemmons
Topic: 6148 Message: 6181

For new countries that I really need, I send cards direct with $2 to $5 each and an SASE. I gave up on IRCs some years ago. So far, 100% response. I'm up over 300 worked/confirmed so it's easier now because those I need are generally covered by DXpeditions with well organized QSL managers.

I send about 1,200 cards a year via the ARRL bureau. The return rate is about 35% and the return time is anywhere from 1 year to 8 years. My last pack of cards from ARRL were mostly 2003 to 2006 contacts but two cards were for 1999 QSOs.

The cost of my subscription to the GOLIST is more than offset by what I save in postage by finding stateside managers rather than sending to a foreign station via air mail and the return is much better.

Jerry, K6JRY
Wickford, Rhode Island

6182. QSL information for FK/JA1NLX

Yahoo group: GOLIST (2007 — 2010)
Date: 2007-11-11 11:07:27 UTC
From: a.yoshida
Topic: 6182 Message: 6182

Hi all

QSL information for FK/JA1NLX during Nov 5 to Nov 9.

QSL for all QSOs will be sent via Buro.
If you need quick QSL then you may send SASE to following address.
I will send QSL quickly as soon as I recieve your SASE.
LoTW log may be uploaded in a few weeks.

Diredt SASE should be sent to

Akira Yoshida, JA1NLX
1238-23, Kogasaka, Machida-city, Tokyo, Japan 194-0014

Thanks

de aki, ja1nlx

6184. POSTAGE FOR FOREIGN QSL MANAGERS

Yahoo group: GOLIST (2007 — 2010)
Date: 2007-11-11 19:45:55 UTC
From: K1XN
Topic: 6184 Message: 6184

*Folks,
Due to the exchange rate of the US dollar to foreign currency, most
foreign
Qsl requests will now require $3.00 instead of the normal $2.00. One IRC
in most cases is still quite enough. Some managers can not/do not accept
IRC's
so be sure before sending your Qsl requests.
John K1XN

PAUL TIBBETS --K4ZVZ - SK

The ham who flew the aircraft that dropped the first Atomic Bomb in
combat has died. 92 year old Paul Tibbets, the former K4ZVZ, who
piloted the B-29 bomber Enola Gay that dropped the atomic bomb on
Hiroshima near the end of World War 2, passed away at his Columbus,
Ohio Thursday. November 1st from what news reports describe as a variety
of health problems.

Hi friends
Received from Arne, SM7AED
FYI
73
Arne
I will be operating on 6 meters from Alaska from June 18 to June 30, 2008.
Location is from a mountain top 30 miles
NE of Fairbanks with outstanding view in all directions. Altitude 2500 feet.
Distance to London is 4200 miles, 4000 to
Frankfurt, 4100 miles to Tokoyo. Will have 800 watts and big antenna. I will
need lot of luck and lots of people staying
up late, but hope to work a lot of you.
Jimmy, W6JKV

From Orange County Amateur Radio Club (South California)
DXpedition to VP5
OCARC Member KB7UB Will Participate!
Bob, K0OK and Dale, KB7UB, will be active as VP5/K0OK and VP5/KB7UB from
Providenciales (NA-002), Turks and Caicos Islands from December 6th
thru December 11th 2007
Look for activity on 6 through 160 meters CW and SSB.
They will be operating in the ARRL 10 Meter Contest as VP5E (K0OK) and
VP5UB (KB7UB).
QSL via home calls.
Online logs will be available at _http://www.dxer.com/dxlogs/_
(http://www.dxer.com/dxlogs/) ;
All QSOs will be uploaded to LOTW.
Tks OCARC (_http://www.w6ze.org/_ (http://www.w6ze.org/))

Bonjour à tous
Reçu d’ Arne, SM7AED
FYI
73
Arne
Je serai actif sur 6 mètres depuis l’Alaska, du 18 au 30 juin 2008.

Le site se trouve à environ 30 miles NE de Fairbanks, avec un horizon dégagé à 360°.
Altitude 850 m environ . (Londres à 4200 miles , Frankfort à 4000 miles et Tokoyo à 4100 miles).
J’aurai besoin de beaucoup de chance et aussi de beaucoup de monde à l’ écoute, mais j’espère vous contacter.
Jimmy, W6JKV
Merci Arne, SM7AED

>>> CLARION ISLAND (NA-115) * UPDATE <<<

IOTA chasers please note that the Revillagigedo group (6E4LM, XF4YK, XF4YW)
is now due to stop on Clarion during their voyage to Socorro. They also
expect to be active for many more hours than previously announced [425DXN
861].

"The team received news from the Mexican Navy that their first stop will be
Clarion Island (NA-115) and they will be able to disembark and operate for 24
hours. They will arrive on Clarion this Friday, November 16, at 0500Z. After
that they will go to Socorro (NA-030) where they will stay at the Navy base
for a month".

6190. ICPO Bulletin (November 15 - 23, 2007)

I.C.P.O. Bulletin (November 15 - 23, 2007)
Islands, Castles & Portable Operations.
Listing is by calendar date (day/month/year)
==========

15/11/2007: Gerben, PG5M will be active either as 9M2/PG5M/6 or with a 9M6 call sign of his own from Kota Kinabalu, Sabah [aka Borneo] (OC-088, WLOTA LH-0119), East Malaysia, November 15-18th. He plans to operate CW only on 10-40 metres with a beam for 10, 15, 20 and 40 meters, and a G5RV for the other bands. QSL via PG5M, direct or bureau. His website is at www.dx.to/ [425 DX News]

15/11/2007: Wayne, W5KDJ will be QRV as C91KDJ from 50km north of Maputo (WW Loc. KG64IK), Mozambique, between November 15th and 28th. Activity will be mostly CW and possibly RTTY, with emphasis on 160 and 80 metres. He uses splits of 15 kHz up, listens on the outer edges most of the time (15 up: -.5 down and 15 up: +3.). Online log will be available after the DXpedition. QSL direct with SASE to W5KDJ. Further information at: www.tdxs.net/c91kdj.html [W5KDJ]

15/11/2007: Ann/KP2YL and Brian/KP2HC have relocated to California, but will visit the island of St. Croix (NA-106, WLOTA LH-2477), November 15-23rd. They will be QRV on HF SSB and CW throughout their stay. Brian will monitor 6m and take full advantage of any openings on that band. Ann will take part in a Multi-Op effort for the ARRL November Sweepstakes Phone from the NP2B contest station. QSL KP2YL and KP2HC direct only via their California address. QSL NP2B via NP2B. [425 DX News]

15/11/2007: Operators J?rn/DG5XJ, Bernd/DH1ND and J?rgen/DJ5HD will be active November 15-28th as PJ7/homecalls from the island of Sint Maarten (NA-105) and as FS/homecalls from the island of St. Martin (NA-105, WLOTA LH-0383). Look for activity on all bands and modes. QSL via home calls, direct or bureau. Further info can be found at: www.dg5xj.de/dg5xjpj7.htm [RSGB IOTA]

15/11/2007: Oleg, RA4ST will be active November 15-17th as RA4ST/p from District MR-03 (Koz'moden'jansk City), Republic of Marij-El (MR). QSL via home call, direct or bureau. [RX3RC]

16/11/2007: Pekka, OH2YY to be QRV from Mauritius Island (AF-049) as 3B8/OH2YY, November 16-22nd. Look for him on be on 40-10m SSB, using 100w with vertical and dipole antennas. QSL via home call, direct or bureau. [NG3K]

16/11/2007: A Dxpedition to Socorro Island (NA-030, WLOTA LH-2941, WW Loc. DK48MS), Revillagigedo (XF4) by the Federacion Mexicana de Radio

Experimentadores, A.C. will take place between November 16th and December 16th, using the call signs 6E4LM, XF4YK and XF4YW. This expedition is to celebrate the 75th anniversary of FMRE. Their first stop will be Clarion Island (NA-115) where they will operate for 24 hours starting November 16th, then they will travel to Socorro Island where they will be QRV for one onth. Team members include Carlos/XE1YK, Manuel/XE1VVD, Eduardo/XE2YW and Daniel/XE3RBA. They will be QRV 160-10m plus 50 MHz-144 MHz-430 MHz and Satellite activity using SSB, CW, and digital modes. The operators will focus on 160m and 6m, where they feel XF4 is most needed. QSL direct to XE2K (Jose Hector Garcia M., P. O. Box 73, El Centro, CA., 92244-0073, USA). QSL XF4YK via XE1YK (QRZ.com) and QSL XF4YW via XE2YW (QRZ.com). Logs will be uploaded to LoTW after all direct QSLs have been sent. Further information can be found at: www.6e4lm.xedx.org/ [FMRE]

17/11/2007: Look for Bruno, F4FIU/p to be active November 17th from the Mill of Bousignies sur Roc (DMF 59-057), Department Nord/59, Province Nord Pas de Calais (DPF 16). He plans to be QRV on 80 and 40 metres. QSL via home call, direct or bureau. [Radioamateur.org]

17/11/2007: Fran?ois/F5JNE and Gilles/F4FGJ will be QRV November 17th as F5JNE/p from the Castle of La Motte (DFCF 45-043), city of Ch?reaurenard (CP 45200) and county of Chateaurenard (DDCF 45-07), Department Loiret/45, Province Centre. As usually, starting around 0700 UTC, on 80 then 40m, both CW and SSB. Bureau cards preferred and SWL cards welcome. [F5NQL]

17/11/2007: Some members of the Beziers ARC (F6KEH) will be QRV November 17th from the XVII century built Castle of Bassan (DFCF 34-040), located in the City of Bassan (CP 34290), Canton [County] of Beziers (2nd) (DDCF 34-05), Department H?rault/34 and Province of Languedoc-Rousillon (DPF 12). QSL via F6KEH, direct or bureau. [F5NQL]

17/11/2007: Operators JA6RGJ/6, JK6IIS/6 and JO6RGZ/6 will be active November 17-18th from Muku Island (AS-012, JIIA AS-012-034), JA6 Kyushu Coastal Island Group, on the HF bands using SSB and CW. QSL via their home calls, direct or bureau. January 1 to December 31, 2007 is Japanese IOTA Islands Award "Activity Year". JIIA Award (www3.ocn.ne.jp/~iota/newpage61.htm). [JI6KVR]

17/11/2007: Rosel/DL3KWR and Hardy/DL3KWF will be active as MD/DL3KWR and MD/DL3KWF from the Isle of Man (EU-116, WLOTA LH-0449), November 17-30th. They plan to operate mostly CW (CQWW DX CW Contest included) and on 12, 17 and 30 metres. Hardy will also try to operate RTTY and PSK31. QSL via home calls, direct or bureau (e-mail requests for bureau cards can be sent to dl3kwr-at-darc.de). Their web page is at www.mydarc.de/dl3kwr/ [425 DX News]

17/11/2007: Starting November 17, 2007 up to March 2008, all Belgian SOTA references on several bands and modes (always QRP) will be activated by the team of Nick/ON3DSN, Johan/ON3IWB, Ed/ON4EDM, Paul/ON6AW, Luc/ON6DSL and ONL Jeroen as homecall/p. The teams schedule

is as follows: November 17th from Signal de Botrange summit (SOTA ON-001), November 17th from Baraque Michel summit (SOTA ON-002), November 24th from Massif de Saint-Hubert summit (SOTA ON-004), December 1st from Baraque de Fraiture summit (SOTA ON-003), December 9th from Recogne-Bastogne summit (SOTA ON-005), January 26, 2008 from Preusswald summit (SOTA ON-007), February 2, 2008 from Croix Scaille summit (SOTA ON-006) and March 8, 2008 from Kemmelberg summit (SOTA ON-008). ON4EDM/p will be QRV 144300 kHz SSB, 145475 kHz FM. ON3IWB/p will be QRV 14070, 7035 kHz digital modes. ON3DSN/p, ON6AW/p and ON6DSL/p will be QRV 14285, 7090 kHz SSB. QSL via operator's instructions. [UBA HF News]

17/11/2007: Operators Roger/W7VV, Ralph/VE7XF, Harry/K7LAZ and Jim/K7WA (FISTS #13341) will be active as VP5/homecall from VP5JM's "Hamlet" on Providenciales (Provo) Island, Caicos Islands (NA-002), between November 17th and 30th, including a Multi-Two entry in the CQWW DX CW Contest (November 24-25th) as VP5W. QSL VP5W via W7TSQ. QSL others via their home call. [NG3K]

17/11/2007: Members of the Cherokee County DX Society, namely Doug/KI4PAU, Kenney/KF4HUD, Phil/K4PBW and Bob/KI4BDM will be active November 17th, using the club call W4CDX, from Godfrey's Island (USi AL-009L, WW Loc. EM74FE), located in Weiss Lake, Cherokee County, State of Alabama. Activity is planned for 40, 20, 17 and 10 metres. QSL via W4CDX (CBA). [USi]

18/11/2007: Ray, ND6S has planned a vacation operation to Treasure Cay Villa 415, Bahamas (NA-080), from November 18th to December 1st. He will use the call sign C6AGY and will also participate in the CQWW DX CW Contest (November 24-25th), as a Single-Op/All-Band or Single-Op/Single-Band (15m) entry. QSL via ND6S. [NG3K]

18/11/2007: Fred, KE7X will be signing C6AKX from Eleuthera Island (NA-001), Bahamas, November 18-26th. Look for him mainly on 160-20 metres. He will also participate in the CQ WW DX CW Contest (November 24-25th) as a Single-Op/Single-Band(20m)/Low-Power entry. QSL via WA4WTG. [NG3K]

18/11/2007: Kenny, K2KW will be QRV November 18-26th from the Bahamas as C6ATA, including a Single-Op/Single-Band/Low-Power (40m) entry in the CQWW DX CW Contest (November 24-25th). Outside of the contest he will be active on 30-160m, mostly CW. QSL via home call. [NG3K]

18/11/2007: Osamu, JR8VSE will be QRV November 18-21st from Koror, Palau Islands (OC-009) and will be active as T88SE using CW, SSB, RTTY, PSK31 and SSTV on all bands. QSL via JR8VSE, direct or by the JARL bureau. [NG3K]

18/11/2007: Bernd/VK2IA (VK9AA) and Jan/DJ8NK (VK9CCC) will operate from Cocos Keeling (OC-003) during November 18-26th. Actvity will be on 160-10m CW, SSB and RTTY. VK9AA will be active in CQWW DX CW Contest (November 24-25th) with QSL via DL8YR. VK9CCC via DJ8NK. [NG3K]

18/11/2007: Hotang, YC0IEM will be active from Bangka Island (OC-144, WLOTA LH-1308) as YC0IEM/4 between November 18th and December 5th. QSL VIA IZ8CWW, direct or bureau. [4X4-2238]

19/11/2007: Look for Alex, GM0DHZ to be QRV from the 3V8SS station in Tunisia between November 19th and December 24th. Expect activity on all bands/modes. QSL direct to GM0DHZ for this operation only. [NG3K]

19/11/2007: Jacques, F6BEE will be active from Senegal as 6W1RW between November 19-25th, CQWW DX CW Contest (November 24-25th) included as a Single-Op/All-Band/High-Power entry. Look for Jacques to be active on all bands prior to the contest. QSL via his home call. [NG3K]

19/11/2007: Jim, W7EJ will be active from Casablanca, Morocco, as CN2R starting around November 19th and plans to be active in the CQ World Wide DX CW Contest (November 24-25th) as a Single-Op/Single-Band (160m) entry. QSL via W7EJ. [OPDX]

19/11/2007: Operators Tom/K3WT, Vlad/N0STL, Bill/W0OR and Ron/N0AT will be QRV November 19-27th from San Andres Island (NA-033, WLOTA LH-2990) as HK0/homecall. They will also participate in the CQWW DX CW Contest (November 24-25th) as 5J0A, a Multi-Single entry. QSL 5J0A via W0JAR and QSL others via home call, direct or by the W0 QSL bureau. [NG3K]

20/11/2007: Operators Rudi/DF8AE, Burkhard/DF8XC, Georg/DK5QN, Dirk/DL1YDI and Pete/DL1YAW will be QRV November 20-27th from Vendsyssel-Thy/Nordjylland (EU-171, NJ-001 for the Danish Islands Award). They will use the call sign 5P3WW, with 3 stations operating CW, SSB and digital modes. Look for them in the CQWW DX CW Contest (November 24-25th) as a Multi-Two entry. QSL via DL1YAW, direct (CBA) or by the bureau. [RSGB IOTA]

20/11/2007: John/K3TEJ and Ted/K3VA will be active as KP2/homecall from the U.S. Virgin Islands (NA-106) between November 20-27th, including a Multi-Two entry in the CQWW DX CW Contest (November 24-25th) as KP2M. QSL KP2/K3TEJ and KP2/K3VA via their home calls. QSL KP2M via AI4U. [NG3K]

20/11/2007: Operators Geoff/W0CG, Jeff/K8ND, Jim/W0NB, Jim/W8WTS, Gerry/G0RTN and others will be QRV as PJ2/homecall from Signal Point, Curacao (SA-006, WLOTA LH-0942), November 20-26th. Their main goal is the CQWW DX CW Contest (November 24-25th), as a Multi-Two entry using the call PJ2T. QSL PJ2T via N9AG. QSL others via their home calls. Operators Jeff/K8ND and Jim/W8WTS will stay on until December 3rd. [CCC]

20/11/2007: Operators Jeff/KU8E, John/K4BAI and Larry/K5OT will be active from the island of Bonaire (SA-006, WLOTA LH-1279) as PJ4/homecall between November 20-27th. They also plan to enter the CQWW DX CW Contest (November 24-25th), as a Multi-Single entry, using the call sign PJ4A. QSL via K4BAI. [NG3K]

20/11/2007: Tomas, VK2CCC will be active November 20-27th as VK9Lxx (to be confirmed) from Lord Howe Island (OC-004), CQWW DX CW Contest

included. Focus will be on the low bands, mainly CW. QSL via LoTW or via LY1F (QRZ.com). [NG3K]

20/11/2007: Operators Larry/K3VX, Greg/K4NO, Lee/K7NM, Howard/AK9F, Don/K9NR and Carl/K9CS (VP2MSC) plan to be active from the island of Montserrat (NA-103) between November 20th and December 3rd. Activity will include entries in the CQWW DX CW Contest (November 24-25th) and ARRL 160 Contests (November 30th-December 2nd). Call signs and other info will be forthcoming. QSL via K9CS. [OPDX]

20/11/2007: As the Iraqi government has reopened the amateur radio service as of November 20th, I'd like to annouce the following operation: Scott, AD7MI/YI9MI will be active November 20, 2007 to May 15, 2008 from US Army Camp Taji, Iraq, using the call YI9MI. QRV 80-10m using SSB, CW, PSK-31 and RTTY. QSL via the Bureau to AD7MI or QSL direct: MAJ Scott Hedberg 3 BN, 2 BDE, 9 DIV MiTT, TAJI, IRAQ, APO, AE 09378, USA. [NG3K]

21/11/2007: The VooDoo Contest Group previously announced that its project for the 2007 CQWW DX CW Contest (November 24-25th) will be in 3X, Guinea. This is our 14th straight year operating from various countries in West Africa in the Multi-Multi category of the contest. They will mount seven 1KW stations with monoband antennas for all six bands right beside the Atlantic ocean in Conakry, the capital of Guinea. The call-sign they have been allocated is 3XY5D. The group still hopes to secure a shorter call but this is now the most likely to be used in the contest. They also have a VHF licence for 2mtr EME: 3XT1 (3X tango one with no suffix). QSL 3XY5D via G3SXW. Look for the team to be QRV a few days before and after the contest. All logs will be uploaded to LoTW soon after their return home. More information at: www.voodoocontestgroup.com/ . This is one of the groups more daring DXpeditions. They face the possible risk of civil unrest, washed-out roads and banditry, not to mention zero sunspots! [G3SXW]

21/11/2007: Nick, G3RWF will be in Kampala, Uganda from November 21-30th using the call sign 5X1NH. He will be operating from the station of 5X1GS, including the CQWW DX CW Contest (November 24-25th) as a Single-Op/Low-Power entry. This is a solo dedicated DX outing with a short safari to the Mountains of the Moon after the contest. Nick will also travel to Western Uganda and will do some "spare time" portable work on the low and WARC bands using CW, SSB, RTTY and PSK. QSL via home call (Nick Henwood, Conifers, Church Rd, Littlebourne, Canterbury CT3 1UA, England). [NG3K]

21/11/2007: Rich/K2WR, Dick/GU4CHY and possibly others will be active from the isle of Jersey (EU-013, WLOTA LH-0818) as MJ0AWR and GJ4CHY respectively, including a Multi-Single or Multi-Two entry in the CQWW DX CW Contest using the call GJ2A. QSL GJ2A via K2WR or GJ3DVC. For pre-contest activity QSL MJ0AWR via K2WR and GJ4CHY via GU4CHY. [NG3K]

21/11/2007: Look for Dave, G3TBK to be QRV November 21-29th from the island of St. Vincent (NA-109, WLOTA LH-0492) as J88DR, CQWW DX CW

Contest (November 24-25th) included as a Single-Op/All-Band entry. Outside the contest he will be active on all bands, WARC included. QSL via G3TBK, direct or via the RSGB bureau. [NG3K]

21/11/2007: Hiro, JA6WFM will be operating as JF6YME/6 from Yoron Island [Yoron Shima] (AS-023, JIIA AS-023-013, WLOTA LH-0287), JA6 Amami Island Group, November 21-24th. Look for him on the HF bands using SSB, CW and RTTY. QSL via the JARL bureau. [JI6KVR]

21/11/2007: Nikolay, LZ1NK will be active as TA3/LZ1NK from the Bursa region of Asian Turkey between November 21-26th, including the CQWW DX CW Contest (November 24-25th) as a Single-Op/Single-Band (40m)/Low-Power entry using the call sign TC3A. Skeds OK before the contest. QSL via home call. [NG3K]

21/11/2007: Bud, AA3B, will be active as V26K from the island of Antigua (NA-100, WLOTA LH-1118) between November 21-26th. Activity will include the CQWW DX CW Contest (November 24-25th) as a Single-Op/All-Band/Low-Power entry. This will be an all CW operation on the contest HF bands only. Please QSL via AA3B. [OPDX]

22/11/2007: Jim, K1NA will be QRV as PJ5NA from St. Eustatius Island (NA-145, WLOTA LH-1851) from approximately November 22nd and 27th, including a Single-Op/All-Band entry in the CQWW DX CW Contest (November 24-25th). QSL via home call, SASE only. [NG3K]

22/11/2007: Esa, OH7WV will be signing T88WV from the Palau Islands (OC-009) from around November 22nd to November 27th, CQWW DX CW Contest included as a Single-Op/All-Band entry. Before and after the contest it will be casual operation only. QSL via OH7WV, direct or by the bureau. [NG3K]

22/11/2007: Jack, F6BUM will be active as XU7BUM from Cambodia from November 22nd to December 12th. He plans to operate only CW during his spare time. QSL via F6CXJ. [425 DX News]

22/11/2007: Look for Tony, KM0O to be active from Cambodia as XU7MWA between November 22-26th, including the CQWW DX CW Contest (November 24-25th) as a Single-Op/High-Power entry. QSL via home call. [NG3K]

23/11/2007: Yoshi, JK2VOC plans to be active as T88IW from Koror, Palau Islands (OC-009) between November 23-26th, including a Single-Op/All-Band entry in the CQWW DX CW Contest (November 24-25th) using the call sign T88FY. Before and after the contest, Yoshi will be QRV on the WARC bands, and also satellite operation (VO-52, FO-29, AO-7, AO-51, AO-27). QSL T88IW via JF2IWW and QSL T88FY via JK2VOC [NG3K]

23/11/2007: Operators JA1OZK, JA1CGC, JA1OHP, JF1TAB, JH1FUD, JL1LOW, JQ2IQW and JK1DRM will be active from Australia (VK4) between November 23rd and 28th. The will participate in the CQWW DX CW Contest (November 24-25th) as VK4AHY, a Multi-? entry. Outside the contest they will be active using their personal home calls. QSL via the operators home call.

QSL VK4AHY via JA1OZK. [NG3K]

23/11/2007: Juhani, OH3SR plans to be active holiday style as VP9/OH3SR from the island of Bermuda (NA-005, WLOTA LH-0201), November 23-27th, including a casual entry in the CQWW DX CW Contest as a Single-Op/Low-Power entry. Outside the contest Juhani will be QRV on all bands using SSB, CW and RTTY. QSL via home call, direct or bureau. [NG3K]

==========

LOOKING AHEAD

24/11/2007: Ismael, XE1AY will be active during the CQWW DX CW Contest from Manzanillo, Mexico, as 6H1AY. No operating category was given. QSL via XE1AY (P.O. Box 440, 28200 Manzanillo, Colima, Mexico). [NG3K]

24/11/2007: Jovica, T98A will be active from Senegal as 6W1SJ during the CQWW DX CW Contest as a Single-Op/Single-Band (40m)/Low-Power entry. QSL via T93Y, direct or bureau. [NG3K]

24/11/2007: Stefano, IK2QEI plans to be QRV from Morocco as CN3A during the CQWW DX CW Contest, as a Single-Op/All-Band/High-Power entry. QSL via I2WIJ. [NG3K]

24/11/2007: Look for Luis, CO6LP to be active during the CQWW DX CW Contest as a Single-Op/Single-Band (80m) entry. He will be using a FT-80C at 100w, with dipole antenna at 10 metres above ground. Especially listening for EU on 3580-3590 MHz and Asia on 3505-3520 MHz. QSL direct only! [NG3K]

24/11/2007: Operators Lars/DF1LON, Adam/DJ0IF, Diethelm/DJ2YE, Falk/DK7YY and Stewart/GM4AFF will be QRV as CT9L from Santana, Ilha da Madeira (AF-014, DIP MA-001, WLOTA LH-0053) during the CQWW DX CW Contest, as a Multi-? entry. QSL via DJ6QT. [NG3K]

24/11/2007: Toni, OH2UA will be active from Ponta Delgada, Ilha de Sa? Miguel (EU-003, DIP AZ-002, WLOTA LH-2016) as CU2A for the CQWW DX CW Contest, as a Single-Op/All-Band/High-Power entry. QSL via OH2BH. Web site at: www.cu2a.com/ [NG3K]

24/11/2007: Look for Dej, E21YDP to be active from Thailand during the CQWW DX CW Contest as a Single-Op/All-Band entry. QSL via QRZ.com. [NG3K]

24/11/2007: Fred, K3ZO will be signing HS0ZAR from Thailand during the CQWW DX CW Contest, as a Single-Op/All-Band entry. QSL via K3ZO. [NG3K]

24/11/2007: Cha, HS8KAY will be active during the CQWW DX CW Contest as a Single-Op/Single-Band (20m)/Low-Power entry, from Phuket Island (AS-053, WLOTA LH-0701), Thailand. QSL via QRZ.com. [NG3K]

24/11/2007: Joel, KG6DX will be active during the CQWW DX CW Contest as a Single-Op/All-Band/High-Power entry, from Guam (OC-026, USi GU-003S, WLOTA LH-0064). QSL via QRZ.com. [NG3K]

24/11/2007: Operators Tom/DL1QW, Juergen/DL4SDW, Bernd/DL8SCG, Philippe/LX2A and maybe others will be QRV from Luxembourg as LX7I during the CQWW DX CW Contest, as a Multi-Single entry. QSL via LX2A. [NG3K]

24/11/2007: Ozer, TA2RC will be active from Turkey during the CQWW DX CW Contest as a Single-Op/Single-Band (160m)/Low-Power entry. QSL TA2RC direct or by the bureau. [NG3K]

30/11/2007: Rick, K6VVA will be going back to Revillagigedo Island (NA-041, USi AK-141S, 1st S. Eastern County), Alaska, again for the ARRL 160m Contest (Nov 30 - Dec 02) operating as KL8C, and also hopes to be QRV on other bands as K6VVA/KL7 again (the Sept/2007 QSLs are being printed - QSL via N6AWD). The operating QTH has a great over-salt-water path to the U.S. and much of Europe, although condx in Sept. were not good for EU. There is a big hill in the direction of JA, so Rick may try to operate from the other side of the Island with a clear shot to JA for a while during the daytime/non-160m hours (if not this trip, then the next time). QSL via N6AWD. [K6VVA]

01/12/2007: Look for special event station SP80KKK to be aired from Cracow, Poland during the month of December to commemorate the area of Crakow 80 years of revolt of movement (traffic) Kr?tkofalarskiego and Cracow land (earth). QSL via SP9PKZ. [DX Summit]

11/02/2008: Ulf, DK5TX will be active February 11-17th as PA/DK5TX from Goeree Overflakkee (EU-146). QRV on 2m (SSB/slow-CW), 6m (SSB/slow-CW) and 10-80m (SSB/slow-CW/RTTY). QSL via home call, bureau preferred or direct (QRZ.com). Email request for a bureau card can be made to dk5tx@... instead of sending a QSL. [RSGB IOTA]

26/02/2008: Ulli, DL2AH plans to be active holiday style as VP8/DL2AH from Pebble Island, Falkland Islands (SA-002), between February 26th and March 13th. QRV 40-10m with FT897 and Windom antenna, using mainly SSB with some RTTY. QSL via DL2AH, direct (QRZ.com) or by the bureau. [NG3K]

March/2008: Dave Vittum, W1DV will be activating TL8DV Central Africa starting last week of March 2008 or 1st week of April 2008, for about 8 or 9 weeks. Mainly CW, some phone. For more information see W1DV at QRZ.com. Will have internet so will be able to view spots. [NG3K]

18/06/2008: Jimmy, W6JKV will be operating on 6 meters from Alaska (KL7) between June 18 and June 30, 2008. Location is from a mountain top 30 miles NE of Fairbanks with outstanding view in all directions. Altitude 2500 feet. Distance to London is 4200 miles, 4000 to Frankfurt, 4100 miles to Tokoyo. Will have 800 watts and big antenna. QSL via home call. [F5NQL]

==========

SPECIAL EVENTS

01/11/2007: Look for special event station HF80KKK to be aired from Cracow, Poland during the month of November to commemorate the area of Crakow 80 years of revolt of movement (traffic) Kr?tkofalarskiego and

Cracow land (earth). QSL via SP9PKZ. [DX Summit]

15/11/2007: Special event station TU0PAX will be aired November 15th for the yearly Ivorian Peace Fest. Look for activity on all HF bands using SSB, CW, RTTY and PSK31. QSL via TU2CI [ARAI, Association des Radio-Amateurs Ivoiriens, 01 BP 2946 Abidjan 01, Cote d'Ivoire (Ivory Coast)]. [F5NQL]

17/11/2007: Special event station 8N1420T will be QRV by JARL between November 17th and December 16th to celebrate the 20th anniversary of Tsukuba-city (Ibaraki Prefecture, JCC #1420). QSL via the JARL bureau. [JJ1WTL/AC6IM]

19/11/2007: COTA (Carabinieri on the Air) members will be active from HV5PUL, the amateur radio station at the Pontifical Lateran University (Vatican City), between November 19-21st. Expect them to operate on all modes and bands, 6 metres included. This activity celebrates Saint Mary "Virgo Fidelis", patron saint of the Carabinieri, the Italian military police. QSL via the information at QRZ.com. [425 DX News]

U.S.A. Special events can be found at: www.arrl.org/contests/spev.html

Paul Tibbets, K4ZVZ - Silent Key -

The ham who flew the aircraft that dropped the first Atomic Bomb in combat has died. 92 year old Paul Tibbets, the former K4ZVZ, who piloted the B-29 bomber Enola Gay that dropped the atomic bomb on Hiroshima near the end of World War 2, passed away at his Columbus, Ohio, Thursday November 1st from what news reports describe as a variety of health problems.
==========
John Sluymer 2006 Radio Amateur of the Year -

On 16 October 2007, the RAC Board of Directors unanimously chose John Sluymer VE3EJ as the 2006 Radio Amateur of the Year.

John, who lives in Grassie ON, is Canada's best-known and most accomplished Amateur Radio sportsman. Over and above his regular globe-leading scores in conventional contests, in July 2006, John and team-mate Jim VE7ZO won the gold medal at the World Radiosport Team Championship (WRTC) in Brazil, against 50 other teams of Amateurs from around the world. Date: 15 Nov 2007 15:19:47 -0000
To: Bill@...

Contest: CQ World Wide DX CW Contest (Nov 24-25)
Submitter's callsign: T98A
Submitter's e-mail: tjovica@...
Contest callsign: 6W1SJ
DXCC entity: Senegal
Operation class: SOSB 40 LP
CQ zone: 35
QSL route: T93Y
Operators: T98A

From Toshi, JA1ELY:
MALI:
Mac, TZ6JA, stays in the Republic of Mali by work again from November 22 to
December 14. 2007.
He hopes for DXing during Mali stay.
He moves to a small village in east 150km of capital Bamako concerning work
from December 1 to 12th.
There are no electricity, and therefore this place is an area with a few
noises.
He will bring a 1.5kWH generator to operate for 500w AMP.
He will put up two 2el phased vertical for 75m and 40m, and a 7ele

Log-Periodic antenna for 20m,17m and 15m.
QSL direct only to;
Makoto Obara, P.O.Box 59, Tama, Tokyo, 206-8691 JAPAN

Bonjour à tous
Reçu de Bill, NG3K

Sir,

Suite à la réouverture du service amateur en Irak à partir du 20 novembre
voici les informations me concernant :
Dates : 20/11/07 au 15 mai 2007.
Indicatif YI9MI
QSL via: AD7MI
Info: Operations depuis le Camp Taji, Irak, en SSB, CW, PSK-31, et
RTTY. 80M - 10M.

73 Scott AD7MI/YI9MI
US Army, Camp Taji, Irak

Concours : CQ World Wide DX CW Contest (24-25 Nov)
De : T98A _tjovica@..._ (mailto:tjovica@...))
Indicatif : 6W1SJ
DXCC : Senegal
Catégorie : Mono-opérateur 40m basse puissance
CQ : 35
QSL via: T93Y
Operateur: T98A

De Toshi, JA1ELY,
MALI:
Mac, TZ6JA, sera au Mali du 22/11 au 14/12 pour son travail. Il espère
trafiquer pendant son séjour.
Il sera à 150 km de Bamako, dans une zone sans électricité et sans doute
préservée du bruit.
Il emmène un groupe de 1.5kw pour trafiquer avec 500w. Il aura 2 verticales
en phase pour 40 et 80m et une log périodique de 7 éléments pour 20, 17 et
15m.
QSL directe (rien par le bureau) à Makoto Obara, P.O.Box 59, Tama, Tokyo,
206-8691 JAPAN

Hi friends
De Bill/NG3K, with 73,

Contest: CQ World Wide DX CW Contest (Nov 24-25)

De : K9NW (_k9nw@..._ (mailto:k9nw@...))
Contest callsign: H7/K9NW
DXCC entity: Nicaragua
Operation class: SOAB
CQ zone: 7
QSL route: K9NW
Operators: K9NW

Notes: QRV 21-28 November. Probably low power.

De : G4EDG (_g4edg@..._ (mailto:g4edg@...))
Contest callsign: ZL4LW or ZL/G4EDG
DXCC entity: ZL
Operation class: SOSB 40
CQ zone: 32
QSL route: G4EDG
Operators: G4EDG

Notes: ZL4LW if the licence arrives in time,
ZL/G4EDG if not.

De: JJ1RJR (_dzb05176@..._ (mailto:dzb05176@...))
Contest callsign: T88RJ
DXCC entity: Palau
Operation class: SO HP
CQ zone: 27
QSL route: JJ1RJR
Operators: JJ1RJR

Notes: QRV Nov 22-26 as T88RJ (QSL via direct
to home call)

De : HR2DMR (_dmr148@..._ (mailto:dmr148@...))
Contest callsign: HR2DMR
DXCC entity: Honduras
Operation class: sosb 160 low power
CQ zone: 07
QSL route: HR2DMR
Operators: HR2DMR

Notes: 160 MTRS LOW POWER FULL SET SLOPERS
ANTENNAS

De : VU2PTT (_vu2ptt@gmail.com_ (mailto:vu2ptt@...))
Contest callsign: VU2PTT
DXCC entity: India
Operation class: SOAB LP
CQ zone: 22
QSL route: LoTW
Operators: VU2PTT

Notes: QSL is OK via Bureau, Direct & LoTW.

Antarctica :
Hi !

1-LU4ZS Marambio,Seymour island:
Daniel the new radio officer appeared for the 1st time,last night at
2230 gmt on 40 meters with an excellent signal and seems to be very
enthusiast for exchanging reports.

2-Summer bases:
As you know the argentine icebreaker "Almirante Irizar" burnt and
couldn't be repared at time for this summer antarctic campain.
So,the usuals summer camps stations like Camara,Melchior,So,the usua
stay closed,but some others like Primavera,Decepcionstay closed,but
be active.

3-Antarctic dx net:
Due to poor conditions we plan to remove our usual dx net on 40
meters more or less 23 or 00 GMT,once again LU1ZV Esperenza,
LU4ZS Marambio joined us with big signals.

4-Sunday 18th:
LU1ZV Esperenza op Edgardo,LU1ZG Belgrano 2 op Martin,LU1ZD
San Martin op Daniel could appear at 1800 gmt on 14.315 mhz
according to LU4DXU but we are pessimist due to the very low
sun spots numbers.

5-Polar ship "Corbeta Uruguay".
That old antarctic vessel is now attached in Buenos Aires and
is became a museum.
Horacio is planing an activity from that ship for the antarctic
challenge program.

That was the last antarctic dx bulletin from our argentines friends.
Thanks to Horacio LU4DXU and 73 de Mehdi F5PFP.
Tks Antarctica news group and Mehdi, F5PFP.

WAB Award :
De : "Kevin Jackson" <_m0xlt@amserve.m0x_ (mailto:m0xlt@...) >

Hi everyone,

Some info with regard to a forthcoming WAB activation in the Yorkshire Dales
by
the Craven Radio Amateur Group (CRAG). www.cravenradio.the C

On Sunday the 25th November 2007 the Craven Radio Amateur Group (CRAG) will
be
activating a scarce WAB square.

The square to be activated is SD96 YSN, Locator IO84XB, on 160M - 10M, 4M,
2M,
70 Cms and 23Cms. Various modes will be used on the differing bands.

Activation will be an all day affair.

73 Kevin M0XLT.

c.c. CRAG, WAB, RSGB.

French Antarctica cruise :
HI !

The antarctic cruise expedition which was scheduled for the end of
2008 or 2009 is confirmed.
I made last Monday a bank transfert for the ship reservation,I ma
one is allowed to sail and to land for his activities.
The program changed a little and will be more or less the following.
One activation per a day is planed from each base and refuge
between 1700 gmt until 2200 with 2 stations at least.
Thanks to Raymond our team leader for his efforts.

ANTARCTICA (Mainland) AN-016
Videla station,Danco cost
Almirante Brown station,Danco cost

PALMER Archipelago AN-012
Yelcho station,Doumer island
Port Locckroy,Wiencke island

SOUTH SHETLAND Archipelago AN-010

HAM TECHNOLOGY: A NEW BREW OF ALE

In other digital news, F6CTE has announced the availability of a narrow band version of the popular Automatic Link Establishment or ALE software. Called ALE 400 the new program uses a bandwidth of only 400 Hz instead of 2000 Hz. The test version in a ZIP test package is available at _http://f6cte.http://f6cte.<WBhttp://f6http://f6ct_ (http://f6cte.free.fr/MULTIPSK_TEST_28_10_2007.ZIP) (F6CTE, VHF Reflector)

**
HAM RADIO IN SPACE: AO-16 PARTIALLY RESTORED:

After being off the air for several months, the AO-16 ham radio satellite has been partially restored to service and is transmitting on 437.026 Mhz. According to Drew Glasbrenner, KO4MA, the satellite was recovered to the boot loader by Mark Hammond N8MH with guidance from Bruce Rahn WB9ANQ and others. Glasbrenner, who is AMSAT North America's Vice President for Operations says that further reloading of the satellite is underway. He adds that the AO-16 team could use help collecting the binary MBL telemetry for now, and the regular telemetry once the reload is completed.

If you receive any telemetry from AO-16, please submit it) to telemetry AT quagliana DOT com and put the words "AO-16 Telemetry" in the subject of your email) (ANS)

Antarctique :
Salut :
1-LU4ZS Marambio, île Seymour :
Daniel , le nouvel officier radio est apparu pour la première fois la nuit derrnière vers 2230 gmt sur 40m avec un excellent signal, et semble très enthousiaste pour l'échange des reports.

2- Bases d'été :
Comme vous le savez le brise glace argentin "Almirante Irizar" a été détruit par un incendie et ne sera pas remis en état avant la caùpagne antarctique d' été.
Les bases de Camara,Melchior,Les bases de Camara,Melchior,<WBR>Petrel,resteront donc fermées cette année, mais nous pouvons malgré tout espérer une
activité à partir des autLes bases

3-Réseau Antarctique DX:
A cause des conditions de propagation détestables, nous envisgeons de nous installer sur 40m + ou – 23 à 00.00utc. Une fois de plus LU1ZV Esperenza, et LU4ZS Marambio en seront.
4 Bateau polaire "Corbeta Uruguay".
Ce très vieux bateau antarctique a reçu son nouveau port d'attache à Buenos Aires où il est devenu un musée.
Horacio, LU4DXU, essaie d'organiser une activité pour le Xhammenge A,ntartique depuis ce musée.
C'taient les dernières nouvelles reçuyes dfe nos amis Argentins, via Horacio LU4DXU
73 de Mehdi F5PFP.
Merci groupe Antarctique et
Mehdi, F5PFP.

**
Technologie Radio-Amateur:

Entre autres nouvelles concernant les modes numériques, F6CTE a annoncé la mise à disposition d'une version bande étroite de son logiciel Automatic Link Establishment ou ALE

Le nouvel ALE 400 utilise une bande passante de 400 Hz au lkieu de 2000. La version test ‘fichier zip)est téléchargeable à : _http://f6cte.http://f6cte.<WBhttp://f6http://f6ct_ (http://f6cte.free.fr/MULTIPSK_TEST_28_10_2007.ZIP) (F6CTE, VHF Reflector)

**
Espace ; Redémarrage partiel du satellite : AO-16:
Après plusieurs mois de silence, le satellite amateur AO-16 a été partiellement restauré. Il transmet sur 437.026 Mhz.
Selon Drew Glasbrenner, KO4MA, ce sont les travaux de Mark Hammond N8MH, aidé et guidé par Bruce Rahn WB9ANQ et quelques autres qui ont permis cette remise en route.
Glasbrenner, Vice Président de l’AMSAT pour l’Amérique du Nord, a indiqué que d’autres opérations de restauration seraient menées bientôt. Il ajoute que l’équipe AO-16 pourrait utiliser la télémétrie binaire MBL telemetry maintenant, pour revenir à la télémétrie normale, une fois la restauration complète effectuée.
Si vous recevez des données télémétriques d’ AO-16, merci de les soumettre par mail à Telemetry@... avec les mots "AO-16 Telemetry" dans le sujet.
Merci.
Merci Radio Newsweek

>>> CLARION ISLAND (NA-115) * UPDATE <<<

The latest information from the team (thanks Tony, XE1GRR) indicates that they now expect to arrive at Clarion Island around 14 UTC on 20 November and to start operating as 6E4LM within a couple of hours. They will remain there for approximately 24 hours and expect to go QRT around 11-12 UTC on 21 November.

On 22 November they will reach Socorro (NA-030), where they will remain for about 30 days and operate as 6E4LM, XF4YK and XF4YW.

Bookmark http://www.6e4lm.xedx.org/ for updates.

6199. North American QRP CW

Yahoo group: GOLIST (2007 — 2010)
Date: 2007-11-20 13:23:59 UTC
From: K1XN
Topic: 6199 Message: 6199

From: "Larry Makoski" <Makos327@...>

This Wednesday evening, the North American QRP CW Club will be holding its monthly sprint.

Here are the particulars:

Date and time:
Thursday November 22nd, 0030-0230 UTC
(Remember that's Wednesday evening here in the USA) That's 8:30 - 10:30 EDT, 7:30 - 9:30 CDT, 6:30 - 8:30 MDT and 5:30 - 7:30 PDT.

Bands - Frequencies:
80M - 3555-3565 kHz (Be courteous to FISTS operating on 3558 kHz)
40M - 7039-7050 kHz (Avoid W1AW on 7047.5 kHz).
20M - 14059-14065 kHz. General:
A particular station may be worked once on each band. Operate CW only. All licensed amateurs are invited to participate, but only those operating QRP (5 watts or less) are eligible for awards.

Call: CQ NA

Exchange:
RST - SPC (State Province or Country) - NAQCC Nr.
(non-Members substitute power level for NAQCC Nr., e.g. 5W, 1W, etc. Be sure to add the W.)

QSO Points:
QSO with a Member, 2 points.
QSO with a Non-member, 1 point.

Multipliers:
Each USA state
Each VE province
Each country except W/VE
All multipliers count only once in the contest.

Bonus:
If you use only a straight key for the entire sprint, multiply your score by 2.
If you use only a bug for the entire sprint, multiply your score by 1.5.
If you key with anything other than a straight key or bug, there is no bonus multiplier.

Categories:
SWA - simple wire antennas - for those using a simple wire antenna per NAQCC definition.

GAIN - gain antennas - for those using other than a simple wire antenna.

Special Award:
Our special award this month goes to the one who has the highest score and uses a homebrew straight key. If a 1st or 2nd place certificate winner also qualifies for winning the SA, the SA goes to the next highest scorer. That is because we want as many members as possible to receive one of our certificates. You must indicate in your report if you are applying for the SA, and include a picture of your straight key.

Autologger SA info: To be eligible for the SA, you must select Yes in the 'Eligible for the Special Award.......' box. Nothing need be put in the 'Special Award info.......' box. You will have to submit your key picture in a separate email.

Prize:
Continuing this month we are giving away a set of CD's to one participant according to the following rules:

1. The participant meeting the requirements below and posting the highest score will be the winner of a set of CD's in the following months: July, August, September, October, November, January, February, March, April, and May.
A. Requirements: The participant must be a NAQCC member and can not have won a CD set previously.
B. If the highest scorer does not meet the requirements, then the CD set winner will be the next highest scorer who does meet the requirements.

2. Twice a year - in the December and June sprints, the winner will be a participant drawn at random who meets the requirements in 1A and who makes at least 5 QSO's in the sprint.

3. Club Officers (WY3H (ex-KB3LFC), K3WWP, W2LJ, K5DUZ, KD2MX) are not eligible.

REMEMBER: You HAVE to be a NAQCC member to be eligible to win the CDs; and there's still plenty of time to join before Wednesday night's sprint. To join the NAQCC, please visit:
http://www.arm-tek.net/~yoel//joinup.html

Entry Deadline:
All entries must be RECEIVED before 2400Z on November 28th, 2007. So submit as soon as possible, especially regular mail entries.

NEW! NEW! NEW!
Be sure to use the new NAQCC Sprint Autologger feature! Please visit http://home.alltel.net/johnshan/sprintlog.html after the Sprint to send in your entry!

For further information, please visit:
http://www.arm-tek.net/~yoel//sprint200711.html

6200. CALL SIGN CHANGE FOR GUINEA OPERATION

Yahoo group: GOLIST (2007 — 2010)
Date: 2007-11-20 15:50:36 UTC
From: K1XN
Topic: 6200 Message: 6200

The new call sign is 3X5A.

The VooDoo Contest Group previously announced that its
project for the 2007 CQWW DX CW Contest (November 24-25th) will be in
3X, Guinea. This is our 14th straight year operating from various
countries in West Africa in the Multi-Multi category of the contest.
They will mount seven 1KW stations with monoband antennas for all six
bands right beside the Atlantic ocean in Conakry, the capital of Guinea.
The call-sign they have been allocated is *3X5A*. The group still hopes
to secure a shorter call but this is now the most likely to be used in
the contest. They also have a VHF licence for 2mtr EME: 3XT1 (3X tango
one with no suffix). QSL 3X5A via G3SXW. Look for the team to be QRV a
few days before and after the contest. All logs will be uploaded to LoTW
soon after their return home. More information at:
www.voodoocontestgroup.com/ . This is one of the groups more daring
DXpeditions. They face the possible risk of civil unrest, washed-out
roads and banditry, not to mention zero sunspots! [G3SXW]

TANZANIA /
Hi Bill,

just today I received my old licence frm Nov/Dez. 2005 again,
this times
for my new operation from Jan. 13 to 24., 2008.

It will be again an one-man holiday operation (my wife and I).

call: 5H1CM
time: 13.01. - 24.01.2008
bands: 160 - 6mtrs, mainly lowbands
modes: cw, ssb, rtty
QTH: Uroa loc: KI93
more info: www.qsl.net/dl7cm/5H1.htm
<http://www.qsl.net/dl7cm/5H1.htm>
gear: IC706 + 800 Watt amp, 31mtr long slooper for 160/80 and
other wires
qsl: home call DL7CM

last times my MOSFET-linear was broken on the 2. day. I hope the
tube-amp will stay longer....

73 de Hans / DL7CM

GUAM

I will be operating in Guam as follows :

Date : April 4 to 5, 2008

Peru 2007/2008
Hello folks,

I am happy to announce that Jorge/OA4BHY, Daniel/DL5YWM, Rene/DL2JRM and Bodo/DL3OCH will be active from Isla Lobos de Tierra which belongs to IOTA SA-076, ARLHS PER-053, WLOTA-1521. The optained callsign for SA-076 is OC1I. It is planned to be active in CW/SSB from January 2 until January 7 with 2 stations simulaneously from 10m to 160m. Dates can vary depending on the weather and the sea.
Before going to SA-076, the team will put Isla Blanca which counts for IOTA SA-098 on the air. This is planned from December 28 for at least 2 days. OC6I will be used for that island. When the island trips are finished, the team will be resting in Lima and partly QRV as OA4/homecall until January 12.
Bodo/DL3OCH is planning to do some 23cm EME (JT65) during that time. Peru has been never actived on 23cm before. The QSLs for OC1I and OC6I only via Jeff/DL5WM. All the others via their homecalls. Due to the high value of the Euro - please take note that the postage from Germany to overseas is nearly simliar to 2,60 USD (1,70 EURO). Letters from Germany to Europe are 0,70 EURO which

simliar to 1,10 USD.
For more information and how do you get your EME-Sked please check the
website at _www.qslnet.de/oc1i_ (http://www.qslnet.de/oc1i) or
www.qslnet.de/oc6i (http://www.qslnet.de/oc6i) .

Perou 2007/2008
Hello folks,

Je vous annonce avec plaisir que Jorge/OA4BHY, Daniel/DL5YWM, Rene/DL2JRM et Bodo/DL3OCH seront actifs depuis l'ile Lobos de Tierra, IOTA SA-076, ARLHS PER-053, WLOTA-1521.
Indicatif : OC1I.
Du 2 au 7 janvier 2008, CW/SSB de 10 à 160m.
Les dates sont tributaires du temps, des conditions de mer et des possibilités de débarquement.
Avant d'accoster sur cette île, le groupe fera escale à l'île Blanca (lîle Blanche), qui compte pour le IOTA SA-098. Il est prévu d'y rester deux jours à partir du 28 décembre.
Pour cette ile, l'indiatif sera : OC6I.
Quand les activités IOTA seront terminées, le groupe restera à Lima ; et essaiera d'être QRV avec les indicatifs OA4/homecall jusqu'au 12 janvier.
Bodo/DL3OCH a prévu de trafiquer en EME sur 23 cm (JT65). Ce sera une première au Pérou.
QSL pour OC1I et OC6I uniquement via Jeff/DL5WM. Toutes les autres QSL sont via les indicatifs d'origine.
A cause du cours de l'Euro, noter qu'une carte d'Allemagne pour être expédiée hors d'Europe, revient à 2, 60 USD. Les lettres pour l'Europe sont à 0,70 Euro (= 1,10 US dollars)
Plus d'informations et obtenir des skeds EME, consultez les sites : _www.qslnet.de/oc1i_ (http://www.qslnet.de/oc1i) or _www.qslnet.de/oc6i_ (http://www.qslnet.de/oc6i) .

6204. E4/OM2DX - Palestine

Yahoo group: GOLIST (2007 — 2010)
Date: 2007-11-22 12:54:09 UTC
From: K1XN
Topic: 6204 Message: 6204

After almost one year of hard working with Palestinian authorities a
callsign E4/OM2DX was issued. As a country which wasnt activated
for almost 8 years and which is on 26th place on the
ARRL Most Wanted List we didn't hesitate and made immidiate steps
to active this call as soon as possible. After Slovak hamfest which was
held on the third weekend in November the team got complete. We decided
to go in group of 4 operators. Mike *OM2DX* <http://www.qrz.com/om2dx>,
Steve *OM3JW* <http://www.qrz.com/om3jw>, Rudy *OM3PC *
<http://www.qrz.com/om3pc>
and Miro *OM5RW* <http://www.qrz.com/om5rw>. All four top CW operators
and contestmans with plenty
of experiences from the past. The operation is planned on 14.-22.12.2007
and we will be active on all bands from 160m - 10m CW,SSB and RTTY
with two stations. QSL manager will be OM3JW.
More informations comming soon.

6205. ICPO Bulletin (November 22 - 30, 2007)

I.C.P.O. Bulletin (November 22 - 30, 2007)
Islands, Castles & Portable Operations.
Listing is by calendar date (day/month/year)
==========

22/11/2007: Look for JS6RRR, JI3DST/JS6 and JH5YCW/JS6 to be active on 160-10 metres plus 6 metres SSB, CW, RTTY, PSK31 and FM from Miyako-Jima (AS-079, JIIA AS-079-005, WLOTA LH-0249), November 22-27th. QSL to home calls via the bureau. [425 DX News]

22/11/2007: Look for KH2/JL3RCU (QSL via JL3RCU), KH2/N3MU (QSL via JA3CEK), KH2/KI6MHU (QSL via JI3DNN) and KH2/K2JA (QSL via JL3SIK - FISTS member 9836) to be active from Guam (OC-026, WLOTA LH-0064), November 22-25th. They plan to operate CW, SSB and some digital modes on 160-6 metres and to participate in the CQ WW DX CW Contest. Cards can be sent direct or via the bureau, and JL3SIK will upload the logs for KH2/K2JA to LoTW. [425 DX News]

22/11/2007: Jim, K1NA will be QRV as PJ5NA from St. Eustatius Island (NA-145, WLOTA LH-1851) from approximately November 22nd and 27th, including a Single-Op/All-Band entry in the CQWW DX CW Contest (November 24-25th). QSL via home call, SASE only. [NG3K]

22/11/2007: Ed/PY4WAS and Julio/PQ2BT will be in the rare Brazilian State of Amapa, November 22-26th. They plan to be active on 10-80 metre CW and SSB as PQ8KL, and to participate in the CQWW DX CW Contest. QSL via PY4KL. [425 DX News]

22/11/2007: Kei, JJ1RJR will be active as T88RJ from the Palau Islands (OC-009), November 22-26th, including a Single-Op/High-Power entry in the CQWW DX CW Contest. QSL direct to JJ1RJR. [NG3K]

22/11/2007: Esa, OH7WV will be signing T88WV from the Palau Islands (OC-009) from around November 22nd to November 27th, CQWW DX CW Contest included as a Single-Op/All-Band entry. Before and after the contest it will be casual operation only. QSL via OH7WV, direct or by the bureau. [NG3K]

22/11/2007: Mac, TZ6JA (JA8SLU) will stay in the Republic of Mali for work again from November 22 to December 14, 2007. He hopes to do some DXing during his stay. Mac will move to a small village in the east, 150km from the capital of Bamako for work from December 1-12th. There is no electricity, and therefore this location is an area with less noise. He will bring a 1.5kWH generator to operate for 500w AMP. He will put up two 2el phased verticals for 75m and 40m, and a 7ele Log-Periodic antenna for 20m, 17m and 15m. QSL direct only to: Makoto Obara, P.O. Box 59, Tama, Tokyo, 206-8691 JAPAN. [NG3K]

22/11/2007: Look for Juergen, DJ3KR to be active from India as VU3JRA between November 22nd and December 16th. He will work single band on 80m in the CQWW DX CW Contest. QSL via DJ3KR. [DX Newsletter]

22/11/2007: Jack, F6BUM will be active as XU7BUM from Cambodia from November 22nd to December 12th. He plans to operate only CW during his spare time. QSL via F6CXJ. [425 DX News]

22/11/2007: Look for Tony, KM0O to be active from Cambodia as XU7MWA between November 22-26th, including the CQWW DX CW Contest (November 24-25th) as a Single-Op/High-Power entry. QSL via home call. [NG3K]

23/11/2007: Yoshi, JK2VOC plans to be active as T88IW from Koror, Palau Islands (OC-009) between November 23-26th, including a Single-Op/All-Band entry in the CQWW DX CW Contest (November 24-25th) using the call sign T88FY. Before and after the contest, Yoshi will be QRV on the WARC bands, and also satellite operation (VO-52, FO-29, AO-7, AO-51, AO-27). QSL T88IW via JF2IWW and QSL T88FY via JK2VOC [NG3K]

23/11/2007: Operators JA1OZK, JA1CGC, JA1OHP, JF1TAB, JH1FUD, JL1LOW, JQ2IQW and JK1DRM will be active from Australia (VK4) between November 23rd and 28th. The will participate in the CQWW DX CW Contest (November 24-25th) as VK4AHY, a Multi-? entry. Outside the contest they will be active using their personal home calls. QSL via the operators home call. QSL VK4AHY via JA1OZK. [NG3K]

23/11/2007: Juhani, OH3SR plans to be active holiday style as VP9/OH3SR from the island of Bermuda (NA-005, WLOTA LH-0201), November 23-27th, including a casual entry in the CQWW DX CW Contest as a Single-Op/Low-Power entry. Outside the contest Juhani will be QRV on all bands using SSB, CW and RTTY. QSL via home call, direct or bureau. [NG3K]

24/11/2007: Marko, N5ZO/OH6DO plans to be active from Swaziland signing 3DA0ZO during the CQWW DX CW Contest as a Single-Op/All-Band entry. QSL via the bureau to Olli, OH0XX, or direct to his Panama address (Olli Rissanen, Apartado 0860-00432, Villa Lucre, Panama). [NG3K]

24/11/2007: Look for Leon, 4K8F to be active during the CQWW DX CW Contest (November 24-25th) as a Single-Op/Multi-Band/Low-Power entry, from Azerbaijan (CQ Zone 21). He will concentrate on the low bands. QSL via 4K8F (QRZ.com). [NG3K]

24/11/2007: Jack, RW3QC will be QRV as 5B4AII, a Single-Op/All-Band/High-Power entry from Cyprus (AS-004, MIA MCI-002, WLOTA LH-0051), in the CQWW DX CW Contest. QSL via RW3RN. [NG3K]

24/11/2007: Ismael, XE1AY will be active during the CQWW DX CW Contest from Manzanillo, Mexico, as 6H1AY. No operating category was given. QSL via XE1AY (P.O. Box 440, 28200 Manzanillo, Colima, Mexico). [NG3K]

24/11/2007: Jovica, T98A will be active from Senegal as 6W1SJ during the CQWW DX CW Contest as a Single-Op/Single-Band (40m)/Low-Power entry. QSL via T93Y, direct or bureau. [NG3K]

24/11/2007: Operators Dave/KY1V, Ken/N4OI and possibly others will be active from Hopewell, Jamaica (NA-097, WLOTA LH-0214) as 6Y1V in the CQWW DX CW Contest as a Multi-Single/High-Power entry. Note: experienced cw ops needed for M/S or M/2 category. QSL only to OH3RB, direct preferred but bureau ok. [NG3K]

24/11/2007: Tom, W2SC will be signing 8P5A from Barbados (NA-021, WLOTA LH-0999) during the CQWW DX CW Contest, as a Single-Op/All-Band/High-Power entry. QSL via NN1N. [NG3K]

24/11/2007: Jon, KL2A will be active from Abdullah Al-Salem Area, Kuwait, as 9K2HN during the CQWW DX CW Contest as a Single-Op/All-Band entry. QSL direct or by the bureau to 9K2HN. [NG3K]

24/11/2007: Ed, N1UR will be active from East Malaysia as 9M6AAC during the CQWW DX CW Contest, as a Single-Op/All-Band/Low-Power entry. QSL via N2OO. [NG3K]

24/11/2007: Jim, N6TJ will be active as 9Y4AA from the 9Y4ZC QTH in Scarborough, Summerhill, Tobago Island (SA-009, WLOTA LH-0412), during the CQWW DX CW Contest as a Single-Op/All-Band entry. QSL via VE3HO. [OPDX]

24/11/2007: Members of the Guam Contest Club, namely Aki/JI3ERV, Toshi/JR7OMD, Kazu/JK3GAD, Osamu/JR8VSE and Nozomu/JE8KKX will be active from Guam (OC-026, USi GU-003S, WLOTA LH-0064) as AH2R during the CQWW DX CW Contest, as a Multi-Single entry. QSL via JH7QXJ. [NG3K]

24/11/2007: Members of the new formed "Coconut Wireless Contest Club" will be active from Hawaii (OC-019) as AH6XX in the CQWW DX CW Contest. Operators include Tetsuo/AH7C and Kan/JA1BK (KH6BK). QSL via QRZ.com. [OPDX]

24/11/2007: Arno, RV1AW will be QRV as CN2AW, from the CN2R superstation in Morocco, during the CQWW DX CW Contest as a Single-Op/Single-Band (20m) entry. QSL via home call. [NG3K]

24/11/2007: Stefano, IK2QEI plans to be QRV from Morocco as CN3A during the CQWW DX CW Contest, as a Single-Op/All-Band/High-Power entry. QSL via I2WIJ. [NG3K]

24/11/2007: Winton, CO2WF will be active as a Single-Op/Single-Band (40m)/Low-Power entry during the CQ WW DX CW Contest. QSL via N1KI. [OPDX]

24/11/2007: Look for Luis, CO6LP to be active during the CQWW DX CW Contest as a Single-Op/Single-Band (80m) entry. He will be using a FT-80C at 100w, with dipole antenna at 10 metres above ground. Especially listening for EU on 3580-3590 MHz and Asia on 3505-3520 MHz. QSL direct only! [NG3K]

24/11/2007: Juan, CO8TW will be active from Cuba as a Single-Op/Single-Band (20m)/Low-Power entry during the CQ WW DX CW Contest. QSL via HB9SVT. The log will be online after the contest at:

www.qsl.net/co8tw/ [OPDX]

24/11/2007: Jose, CT1BOH will be active as CT3NT from Madeira Island (AF-014, MA-001 for the Portuguese Islands Award) during the CQWW DX CW Contest as a Single-Op/All-Band entry. QSL via CT1BOH, direct or via LoTW. Further info at: www.qsl.net/ct1boh/ct3nt.htm [NG3K]

24/11/2007: Operators Lars/DF1LON, Adam/DJ0IF, Diethelm/DJ2YE, Falk/DK7YY and Stewart/GM4AFF will be QRV as CT9L from Santana, Ilha da Madeira (AF-014, DIP MA-001, WLOTA LH-0053) during the CQWW DX CW Contest, as a Multi-? entry. QSL via DJ6QT. [NG3K]

24/11/2007: Toni, OH2UA will be active from Ponta Delgada, Ilha de Sa? Miguel (EU-003, DIP AZ-002, WLOTA LH-2016) as CU2A for the CQWW DX CW Contest, as a Single-Op/All-Band/High-Power entry. QSL via OH2BH. Web site at: www.cu2a.com/ [NG3K]

24/11/2007: Look for Dej, E21YDP to be active as a Single-Op/All-Band entry from Thailand during the CQWW DX CW Contest. QSL via QRZ.com. [NG3K]

24/11/2007: Operators Detlef/DK3QZ, Markus/DL1EKC, Hape/DL1EMH, Kai/DL3HAH, Joerg/DL3QQ, Stefan/DL5XX and Rein/PA0R will be signing ED8A during the CQWW DX CW Contest as a M/? entry. Also look for them to be QRV outside of the contest as EA8/homecall. QSLs for ED8A will be sent automatically via bureau and the log will be uploaded to the LotW. [NG3K]

24/11/2007: Operators Valery/RD3AF, Alex/RZ3AZ, Yuri/RA9JR and Yuri/UA9AM will be signing EF8M from the Canary Islands (AF-004) for the CQWW DX CW Contest as a Multi-Two entry. QSL via RX3DU (QRZ.com) [NG3K]

24/11/2007: Look for Serge, UT5UDX to be signing ER0WW from Kyiv, Ukraine, during the CQWW DX CW Contest as a Single-Op/All-Band entry. QSL via UT3UA. [NG3K]

24/11/2007: Look for Nodir, EY8MM to be QRV for the CQWW DX CW Contest from Dushanbe, Tajikistan Republic, as a Single-Op/Single-Band 160m/High-Power entry. QSL via K1BV, direct or bureau. Skeds are welcome before the contest (ey8mm.codan.ru/). [NG3K]

24/11/2007: Fran?ois/F5JNE and Gerard/F6ICG will be QRV November 24th as F5JNE/p from the Castle of Chanteloup (DFCF 58-086), in the City of Guipy (CP 58420), canton of Brinon sur Beuvron (DDCF 58-01), Department Ni?vre/58, Province of Burgundy (DPF 05). As usually, starting around 0700 UTC, 80 then 40m, both CW and SSB. QSL via the bureau is always preferred and SWL QSL cards are welcome. [F5NQL]

24/11/2007: Jacky, F5OGC/p will be QRV November 24th (weather permitting) from the Castle of Pierre (DFCF 72-062), on the commune of Coucredieux, Department Sarthe/72, Province Pays de Loire (DPF 17). Activity mainly on 80m to be completed, if need be, on 40m. QSL via home call, direct or bureau. [Radioamateur.org]

24/11/2007: Look for J-Fran?ois F8BMN/p to be active November 24th from the Castle of Odomez (DFCF 59-117, WW Loc. JO10SL), located on the commune of Odomez (CP 59970), canton Conde sur Escaut (DDCF 59-19), Department Nord/59, Province Nord Pas de Calais (DPF 16). Activity mainly on 80 and 40 metres. QSL via home call, direct or bureau. [Radioamateur.org]

24/11/2007: Look for Saty, JE1JKL to be QRV as FM5BH, from the QTH of FM5BH on the island of Martinique (NA-107, WLOTA LH-1041), for the CQWW DX CW Contest. He plans on a Single-Op/All-Band/High-Power entry. QSL via W3HNK. [NG3K]

24/11/2007: Steve/KN5H and Art/N3DXX will be signing FS/N3DXX during the CQWW DX CW Contest as a Multi-Two entry from the QTH of FS5UQ on the island of Saint Martin (NA-105, DIFO FS-001, WLOTA LH-0711). QSL via KN5H. [NG3K]

24/11/2007: Look for Didier, FY5FY to be active from Kourou, French Guiana during the CQWW DX CW Contest as a Single-Op/All-Band/QRP entry. QSL via FY5FY, direct or bureau. [NG3K]

24/11/2007: Ray, WQ7R will be signing HQ9R from Roatan Island (NA-057, WLOTA LH-1671), Honduras, during the CQWW DX CW Contest as a Single-Op/All-Band/Low-Power entry. QSL via K5WW. [NG3K]

24/11/2007: Look for Dan, HR2DMR to be QRV during the CQWW DX CW contest from Progreso, Honduras, as a Single-Op/Single-Band (160m)/Low-Power entry. He has a full set of sloper antennas for 160m. QSL via QRZ.com. [NG3K]

24/11/2007: Fred, K3ZO will be signing HS0ZAR as a Single-Op/All-Band entry from Thailand during the CQWW DX CW Contest. QSL via K3ZO. [NG3K]

24/11/2007: Cha, HS8KAY will be active during the CQWW DX CW Contest as a Single-Op/Single-Band (20m)/Low-Power entry, from Phuket Island (AS-053, WLOTA LH-0701), Thailand. QSL via QRZ.com. [NG3K]

24/11/2007: Thomas, HZ1EX will be active from the QTH of HZ1GW in Al Khobar, Saudi Arabia, during the CQWW CW Contest as a Single-Op/All-Band entry. Note that 80m is not permitted in HZ. QSL via SM0BYD, direct or bureau. [NG3K]

24/11/2007: Art, IK7JWY will be signing IH9M from Pantelleria Island (AF-018, IIA TP-001, MIA MI-124, WLOTA LH-0041), African Italy, during the CQWW DX CW Contest as a Single-Op/Single-Band (80m) entry. QSL via IK7JWY. [NG3K]

24/11/2007: Look for Emilio, IZ1GAR to be active as IH9R from Pantelleria Island (AF-018, IIA TP-001, MIA MI-124, WLOTA LH-0041), African Italy, during the CQWW DX CW Contest as a Single-Op/Single-Band (40m) entry. QSL via IZ1GAR. [NG3K]

24/11/2007: Claudio, I1NVU will sign IH9U from Pantelleria Island (AF-018, IIA TP-001, MIA MI-124, WLOTA LH-0041), African Italy, during

the CQWW DX CW Contest as a Single-Op/Single-Band (40m) entry. QSL via I1NVU. [NG3K]

24/11/2007: Martin, OK1FUA will be active as IS0N from the island of Sardinia (EU-024, IIA SD-001, MIA MIS-035, WLOTA LH-1608) during the CQ World Wide DX CW Contest, as a Single-Op/Sinlge-Band (40m or 80m)/Low-Power entry. QSL via OK1MG, direct or bureau. [OPDX]

24/11/2007: Mauro IN3QBR will be QRV as IS0/K7QB from the island of Sardinia (EU-024, IIA SD-001, MIA MIS-035, WLOTA LH-1608) during the CQWW DX CW Contest as a Single-Op/All-Band entry. QSL via the bureau to IN3QBR. [NG3K]

24/11/2007: Operators Ann/WA1S, Bill/VE3EBN, Ulf/DL5AXX, George/N2GA, Diane/K2DO, Leo/S50R, Tim/K5AC, and Les/W2LK will be active as J3A from the island of Grenada (NA-024, WLOTA LH-0718) during the CQWW DX CW Contest as a M/? entry. Outside the contest they will be using personal call signs. QSL J3A via WA1S, others via their home calls. [NG3K]

24/11/2007: Dick, G3URA will be active as J49XF from the island of Crete (EU-015, MIA MGC-005, WLOTA LH-1400) during the CQWW DX CW Contest as an All-Band entry. QSL via G3URA, direct or by the bureau. [NG3K]

24/11/2007: Look for Alan, WQ5W to be QRV from the island of Dominica (NA-101) using the call J75W for the CQWW DX CW Contest, as a Single-Op/Single-Band(40m)/Low-Power entry. QSL via WQ5W, direct or bureau. Logs will be uploaded to LoTW. Further info at: wq5w.blogspot.com/ [NG3K]

24/11/2007: Joel, KG6DX will be active during the CQWW DX CW Contest as a Single-Op/All-Band/High-Power entry, from Guam (OC-026, USi GU-003S, WLOTA LH-0064). QSL via QRZ.com. [NG3K]

24/11/2007: The LA3Z Club of Stavern, Norway, will be active as LN3Z during the CQWW DX CW Contest (November 24-25th), as a Milti-Single entry. Operators mentioned are Harald/LA5UF, Paul/LA6YEA, Jon/LA8HGA and Tom/LA9GX. QSL via LA9VDA, direct or bureau. QSL cards can also be requested by e-mail to la9vda2003 -at- yahoo.no [NG3K]

24/11/2007: Radio Club de los Andes LU8YE (www.lu8ye.com.ar/) will be ready with a Multi-Op crew for the next CQ WW CW contest. The GACW representatives Carlos/LW1EXU, Fernando/LW2DX and Alberto/LU1DZ will drive more than 1,700 km from Buenos Aires to San Martin de los Andes to participate with the local crew. [F5NQL]

24/11/2007: Operators Tom/DL1QW, Juergen/DL4SDW, Bernd/DL8SCG, Philippe/LX2A and maybe others will be QRV from Luxembourg as LX7I during the CQWW DX CW Contest, as a Multi-Single entry. QSL via LX2A. [NG3K]

24/11/2007: Ian, G3WVG will be active as MZ5B from Shetland [main] Island (EU-012, IOSA SH-01, SCOTIA SI-11, WAB HU27) and Eshaness lighthouse (ARLHS SCO-075, TWLHD WLH GM-026, WLOTA LH-0867) during the

CQWW DX CW Contest, as a Single-Op entry. Ian has not yet decided on a category. QSL via G3TXF, direct or bureau. [NG3K]

24/11/2007: Felipe, NP4Z will be active during the CQWW DX CW Contest as a Single-Op/All-Band/High-Power entry, from Puerto Rico (NA-099, USi PR-006S, WLOTA LH-2802). QSL via QRZ.com. [NG3K]

24/11/2007: Operator Ari, OH5DX, reports that there will be three Single-Band entries from the Radio Sporting Team site (OH0Z) during the CQ WW CW Contest. Please look for OH0M (by OH1JT) on 160m, OH0Z (by OH5DX) on 15m and OG0Z (by OH1RX) on 10m. QSL OH0M via OH1MM, OG0Z and OH0Z via W0MM. [OPDX]

24/11/2007: Seppo, OH1VR will be QRV once again as OH1VR/VP9 from the island of Bermuda (NA-005, WLOTA LH-0201) between November 24-27th, including the CQ WW DX CW Contest as a Single-Op/Single-Band (20m)/Low-Power entry. QSL via home call, CBA. [NG3K]

24/11/2007: John, KK9A will be QRV as P40A from Iguana Villa, island of Aruba (SA-036, WLOTA LH-0033), during the CQWW DX CW Contest (November 24-25th), as a Single-Op/All-Band entry. QSL direct to Tim, WD9DZV, with sufficient postage/IRC and SAE. [NG3K]

24/11/2007: Andy, AE6Y will be active from the island of Aruba (SA-036, WLOTA LH-0033) as P49Y during the CQ WW DX CW Contest, as a Single-Op/All-Band/High (or Low)-Power entry. QSL via AE6Y. [OPDX]

24/11/2007: Operators RZ9AR, RZ9AW and RA9AA will be active from Asiatic Russia as RK9AWN during the CQ WW DX CW Contest, as a Multi-Single entry. QSL via the information at QRZ.com. [OPDX]

24/11/2007: Operators RA3ATX, RK3AW, RK3FT, RL3FT, RU3RQ, RU4PL, RV3BA, RV3FF, RW3FO, RX3APM, RX3DCX and UA3ASZ will be active from European Russia as RL3A during the CQWW DX CW Contest, as a Multi-Single entry. QSL via W3HNK. [OPDX]

24/11/2007: Stig, LA7JO will be signing S21JO from Bangladesh as a Single-Op/All-Band/Low-Power entry during the CQWW DX CW Contest. QSL direct to HS0ZGD. [NG3K]

24/11/2007: Bernd, DL6FBL will be active as SV9CVY from the island of Crete (EU-015, MIA MGC-005, WLOTA LH-1400) during the CQWW DX CW Contest as a Single-Op/All-Band/High-Power entry. QSL via SV9CVY (QRZ.com). [NG3K]

24/11/2007: Ozer, TA2RC will be active from Turkey as a Single-Op/Single-Band (160m)/Low-Power entry during the CQWW DX CW Contest. QSL TA2RC direct or by the bureau. [NG3K]

24/11/2007: Operators Matthieu/F5PED, Dany/F5CW, Francis/F5QF, Manu/F5NCU, Bruno/F5AGB, Romain/F8BUI, Martin/F4UKP (DD4UKP), Frank/F4AJQ and Maurice/F5NQL will be active from France as TM2S during the CQWW DX CW Contest as a Multi-Single entry. QSL via F5PED. [NG3K]

24/11/2007: Sam, FK8DD will be active from Noumea, New Caledonia (OC-032, DIFO FK-001, WLOTA LH-1280) as TX3SAM during the CQWW DX CW Contest as a Single-Op/All-Band/Low-Power entry. QSL via LZ1JZ. [NG3K]

24/11/2007: Dave, WJ2O will be QRV from Belize as V31DF, a Single-Op/All-Band/High-Power entry, in the CQWW DX CW Contest. QSL via WJ2O. [NG3K]

24/11/2007: Andy, N2NT will be operating as V47NT, from the QTH of V47KP, on the island of St. Kitts (NA-104) during the CQWW DX CW Contest as a Single-Op/All-Band/High-Power entry. QSL via W2RQ. [NG3K]

24/11/2007: Prasad, VU2PTT plans to be active from Bangalore, India, during the CQWW DX CW Contest, as a Single-Op/All-Band/Low-Power entry. QSL via the bureau, direct or LoTW. [NG3K]

24/11/2007: Alfredo, WP3C will be active during the CQWW DX CW Contest from Puerto Rico (NA-099, WLOTA LH-2802) as a Single-Op/All-Band/Low-Power entry. QSL via W3HNK. [NG3K]

24/11/2007: Larry, XW1A will be active from Vientiane, Laos, during the CQWW DX CW Contest as a Single-Op entry. QSL via E21EIC. [NG3K]

24/11/2007: Operator Pri, YB0ECT, will be active from Indonesia during the CQWW DX CW Contest as a Single-Op/Single-Band (20m)/Low-Power entry. QSL via K3AIR only. [OPDX]

24/11/2007: Adhi, YB3MM will try to be QRV again from the Karimunjawa Islands (OC-186) as YB3MM/2 during the CQWW DX CW Contest. The last planned DXpedition to Karimunjawa Islands (OC-186) by Adhi during the CQWW SSB Contest was cancelled due to transceiver problems, probably due to unstable voltage. QSL via IZ8CCW. [4X4-2238]

24/11/2007: The Z37M Team (R. C. "Nikola Tesla"), including Chris/DL1MGB, Tom/DL5LYM and Anja/DO2WW will be active in the CQWW DX CW Contest as a Multi-Two entry from Stip, Macedonia. QSL via Z37M (QRZ.com). [NG3K]

24/11/2007: Jorma, OH2KI will be QRV as ZB2X, a Single-Op/Single-Band or Single-Op/All-Band entry, from Gibraltar during the CQWW DX CW Contest. QSL via OH2KI. [NG3K]

24/11/2007: Tom, KC0W will be active from St. Helena Island (AF-022) as ZD7X during the CQWW DX CW Contest as a Single-Op/Low Power entry. QSL via W0MM (see QRZ.com). [NG3K]

24/11/2007: Operators John/K6AM, Robert/K5PI and Steve/AC6T will be active as ZF1A from Grand Cayman Island (NA-016, WLOTA LH-1042) for the CQWW DX CW Contest, as a Multi-Two entry. QSL via W5ASP. [NG3K]

24/11/2007: Steve, G4EDG will be active as ZL4LW or ZL/G4EDG from the South Island (OC-134, WLOTA LH-0342), New Zealand, during the CQWW DX CW Contest. Notes: ZL4LW if the licence arrives in time, ZL/G4EDG if not.QSL via G4EDG. [NG3K]

24/11/2007: Operators Fred/ZS1FZ, Allan/ZS1AAX, Martin/ZS1SM, Deon/ZS1ZL and Sigi/DL6QW will be signing ZS1FZ from the Cape Town, Republic of South Africa, during the CQWW DX CW Contest as a Multi-Single entry. QSL via DL6QW, direct or bureau. [NG3K]

27/11/2007: Ken, K6TA, will be active from the island of Aruba (SA-036, WLOTA LH-0033) as P40TA from November 27th to December 18th. He plans to be active in the ARRL 160 Metre Contest (November 30th-December 2nd) as a Single-Op/High-Power entry. QSL via WM6A and LotW. [OPDX]

27/11/2007: Jeff/K8ND and Jim/W8WTS will be QRV from Signal Point, Curacao (SA-006, WLOTA LH-0942) as PJ2/homecall between November 27th and December 3rd. They will also be active in the ARRL 160-Metre Contest (November 30th-December 2nd), as a Single-Op/High-Power entry using the call sign PJ2T. QSL PJ2T via N9AG or LoTW. QSL others via their home call. [CCC]

30/11/2007: Rick, K6VVA will be going back to Revillagigedo Island (NA-041, USi AK-141S, 1st S. Eastern County), Alaska, again for the ARRL 160m Contest (Nov 30 - Dec 02) operating as KL8C, and also hopes to be QRV on other bands as K6VVA/KL7 again (the Sept/2007 QSLs are being printed - QSL via N6AWD). The operating QTH has a great over-salt-water path to the U.S. and much of Europe, although condx in Sept. were not good for EU. There is a big hill in the direction of JA, so Rick may try to operate from the other side of the Island with a clear shot to JA for a while during the daytime/non-160m hours (if not this trip, then the next time). QSL via N6AWD. [K6VVA]

30/11/2007: Alan, WQ5W will be signing V25W from the island of Antigua (NA-100, WLOTA LH-1118) during the ARRL 160 Metre Contest (November 30-December 2) as a Single-Op/High-Power entry. QSL direct to WQ5W, or via LoTW. Further info at: wq5w.blogspot.com/ [NG3K]

Be sure to check Bill's (NG3K) web site for updated CQWW DX CW Contest activity at: ng3k.com/Misc/cqc2007.html
==========
LOOKING AHEAD

01/12/2007: The Thailand FCC, called the NTC, is sponsoring a celebration of His Magesty the King of Thailand's 80th birth year with the fact that the King is a ham, HS1A, and has been active as such over the years. The special call sign of HS80A (HS8 zero A) will be used from the NTC celebration site. Date is December 1, 2007, All day Thai time (+7 UTC). No freqs. yet determined. check RAST web site. [K1XN & The GOLIST]

26/12/2007: A Peru IOTA DXpedition by Jorge/OA4BHY, Daniel/DL5YWM, Rene/DL2JRM and Bodo/DL3OCH will start with the team being QRV December 26-27th as OA4/homecall from the Club station OA4O des Radioclub Peruano, located in Lima, Peru. They will then travel to Isla Blanca (SA-098, WW Loc. FH32WX) and be active December 28-30th, using the call sign OC6I, with 2 stations simulaneously from 10m to 160m. Note: dates can vary depending on the weather and the sea. The team will then travel

to Isla Lobos de Tierra (SA-076, ARLHS PER-053, WLOTA LH-1521) where they will be active again with 2 stations on all bands from January 2-7th, using the call sign OC1I. From January 8-12th the team will be back in Lima where Bodo/DL3OCH is planning to do some 23cm EME (JT65) work. QSL OC1I and OC6I via DL5WM, direct or bureau. QSL OA4/homecall via the operators home call. For more information and how do you get a EME-Sked, check the website at www.qslnet.de/oc1i or www.qslnet.de/oc6i [DE0MST]

13/01/2008: Hans, DL7CM will be operating holiday style (with xyl) using the call 5H1CM from Uroa White Villa, Zanzibar Island (AF-032, Grid KI93, WLOTA LH-1080), Tanzania, January 13-24th. He plans to be QRV 160m to 6m, CW, SSB and RTTY with emphasis on the low bands. Hans will be using IC706 + 800 Watt amp, 31mtr long sloper for 160/80 and other wires. QSL via DL7CM direct preferred (Hans-Rainer Uebel, Hartmannsdorfer Chaussee 3, 15528 Spreenhagen, Germany), bureau ok. Further information can be found at: www.qsl.net/dl7cm/5H1.htm [NG3K]

09/02/2008: Dej, E21YDP will be active from Thailand as a Single-Op/All-Band entry during the CQ WW RTTY WPX Contest. QSL via QRZ.com. [NG3K]

09/02/2008: Heijo, DJ1OJ will be QRV as EA8OM from Tenerife (S-012 for the Spanish Islands Award, WLOTA LH-1276), Canary Islands (AF-004), during the CQ WW RTTY WPX Contest (February 9-10th), as a Single-Op/All-Band/Low-Power entry. QSL via home call. [NG3K]

09/02/2008: Costantino, HI3CCP plans to be QRV as HI3C from Loma del Toro, Dominican Republic (NA-096, WLOTA LH-2274) during the CQ WW RTTY WPX Contest (February 9-10th), as a Single-Op/Low-Power entry. QSL via ON4IQ. [NG3K]

04/04/2008: Kirk (ITAYA, WE8A, JF3MYU) will be QRV April 4-5th from the island of Guam (OC-026, USi GU-003S, WLOTA LH-0064) on 80-12m SSB with some CW. QSL direct only to his JA address: Kirk Itaya, 5-1-35, Daikaidori, Hyogo-ku, Kobe, 652-0803, JAPAN. [NG3K]

21/05/2008: Look for Eric, K9GY to be active May 21-26th as C6AYM from New Providence Island [Nassau] (NA-001, WLOTA LH-1115), Bahamas. QRV on 80-10m CW and 6m SSB/CW, including a Single-Op/All-Band/Low-Power entry in the CQ WPX CW Contest (May 24-25th). QSL via K9GY. [NG3K]

24/05/2008: Alfredo, WP3C will be active during the CQ WPX CW Contest (May 24-25th) from Puerto Rico (NA-099, WLOTA LH-2802) as a Single-Op/All-Band/Low-Power entry. QSL via W3HNK. [NG3K]

24/05/2008: Tom, KC0W will be active from St. Helena Island (AF-022) as ZD7X during the CQ WPX CW Contest (May 24-25th) as a Single-Op/Low Power entry. QSL via W0MM (see QRZ.com). [NG3K]

==========

SPECIAL EVENTS

25/11/2007: A group of stations will be active from India with special call sign prefix blocks (AU1 to AU0) from November 25th to December 2nd, during the birth anniversary of the great Indian scientist Sir Jagadish Chandra Bose (which falls on November 30, 2007). Look for the following special event stations: AU1JCB (Op. Arasu, VU2UR), AU2JCB (Op. Datta, VU2DSI), AU4JCB (Op. Horey, VU2HFR), AU7JCB (Op. Suhas, VU2SMN), AU8JCB (Op. San, VU2SDF), AU9JCB (Op. Shinde, VU2SMS) and AU0JCB (Op. D.C.Sharma, VU2DCT). In addition, some more applications are under process for the special call signs, all of which have common Suffix "JCB" with varying prefixes from AT1 to AT0, and AU1 to AU0. All DX stations are requested to send QSL via VU2SMN direct only (QRZ.com) with 2 IRCs of the latest version only, which expire on 31.12.2009. All VU stations are likewise requested to QSL with SASE for QSLs. No QSLs will be handled via the bureau. Further information can be found on their web site at: au9jcb.angelfire.com/ [F5NQL]

U.S.A. Special events can be found at: www.arrl.org/contests/spev.html
==========
NEWS FROM ANTARCTICA:

LU4ZS Marambio, Seymour Island (AN-013) - Daniel the new radio officer appeared for the 1st time, last night at 2230 gmt on 40 meters with an excellent signal and seems to be very enthusiast for exchanging reports. [F5NQL]

Summer bases - The Argentine icebreaker "Almirante Irizar" burnt and could not be repared in time for this summers Antarctic campain. So, the usual summer camps Camara, Melchior, Petrel, will stay closed, but Primavera, Decepcion, Matienzo could be active. [F5NQL]

Antarctic DX Net - Due to poor conditions we plan to remove our usual dx net on 40 metres more or less 23 or 00 GMT, once again LU1ZV Esperenza, LU4ZS Marambio joined us with big signals. [F5NQL]

Sunday November 18th - LU1ZV Esperenza op Edgardo, LU1ZG Belgrano 2 op Martin, LU1ZD San Martin op Daniel could appear at 1800 gmt on 14.315 mhz according to LU4DXU but we are pessimist due to the very low sun spots numbers. [F5NQL]

The old Antarctic vessel "Corbeta Uruguay" is now in Buenos Aires, Argentina, and has become a museum. Horacio is planing an activity from the ship for the antarctic challenge program. [F5NQL]

==========
E4/OM2DX Palestine
After almost one year of hard working with Palestinian authorities a callsign E4/OM2DX was issued. As a country which wasnt activated for almost 8 years and which is on 26th place on the ARRL Most Wanted List we didn't hesitate and made immidiate steps to active this call as soon as possible. After Slovak hamfest which was held on the third weekend in November the team got complete. We decided to go in group of 4 operators. Mike *OM2DX* <http://www.qrz.com/om2dx>, Steve *OM3JW* <http://www.qrz.com/om3jw>, Rudy *OM3PC* <http://www.qrz.com/om3pc> and Miro *OM5RW* <http://www.qrz.com/om5rw>. All four top CW operators and contestmans with plenty of experiences from the past. The operation is planned on 14.-22.12.2007 and we will be active on all bands from 160m - 10m CW, SSB and RTTY with two stations. QSL manager will be OM3JW. More informations comming soon. Hi friends
The GAMBIA
1st) Editor C56YK/ON7YK
QRV in The Gambia from February the 11th ,2008 till March 6th
,2008.....
80M to 10M ,for 80 and 40 Meter with a FD4 Ant. and for all other bands with
a spiderbeam.
Also qrv on 6 meter and 160 Meter band.
See you on the log C56YK.....
QSL Information , see C56YK's notice on QRZ.COM.
-Qsl Manager: Bourbon André. Route de Xhoffraix 30. B- 4970 Hockai-Stavelot
Belgium.
73' de C56YK
2nd)
José ON4LAC will be in Gambia as C56JC, between Feb 12th to March 05 2008.
He will focuses the PSK and RTTY modes which were , unless we'll mistaken,
never actived from C 5.
Somme SSB too except when C56YK will be on the air using this mode.
Tks Jean, 5T0JL.

Dear DX Editor,

6212. GIFT GIVING TIME IS UPON US!!

Yahoo group: GOLIST (2007 — 2010)
Date: 2007-11-25 15:16:06 UTC
From: K1XN
Topic: 6212 Message: 6212

Hi folks,
December is the month of the year that many of us spend time
with our friends, families and help others less fortunate than ourselves.
We also give gifts to family and friends with whom we love and share
our daily lives.
The Golist is a gift that every DXer likes to receive, so consider
adding
it to your list of gifts for friends and family. For each gift of Golist
you give
you will receive a gift from Golist in return.
Most of all have a great Holiday Season with all the folks that are
important
to you and share your love with those whom you do not yet know.
John K1XN @ the GOLIST.

Hi there!

Just wanted to send you some news about my upcoming activities.
As usual, I will be in South-East Asia working, starting
in January
2008. Unless anything odd happens, I will stay in the region until
April and - when not shooting my pictures - try to operate as
much as
possible.
Here's the plan:

January - activity as HS0ZFI (all bands and all modes),
concentrating on WARC and low bands.
January/February - activity as XU7ADI (all bands, all modes)

March - activity from Brunei/V8

March - 9M6/SM5GMZ + WPX SSB from Sarawak as 9M8Z

April - still open. Maybe some surprises!

All QSLs via SM5GMZ
Best of 73's!
Pete/S M5GMZ
Tks Bill, NG3K

GOT6???

6M Caribbean DXpedition 2008, V3 and HK0. "Thank you" to those who shared your
thoughts for a Caribbean DXpedition next year. I have decided to go to both V3
and HK0 San Andres between June 19 and July 6. I am returning to V3 because last
year's trip was too late in the season to feed the European need. HK0 demand is
high everywhere so that was easy to decide. This DXpedition will have one...and
only one...focus - SIX METERS. Small rental cottages are already reserved on the
eastern shore of both islands. The budget for this two-island trip is a bit
staggering and beyond my pocket book, but I am going to "go for it" believing
sufficient financial support will come. Mick McManus W1JJ will be the DXpedition
Treasurer collecting support monies,. Mick will also be doing QSL Manager duty
as well. Pat W5OZI has agreed to once again be my Pilot Station because Internet
access will be limited...at best. The station at both locations will be a KW to
7 elements within 10 meters of the Caribbean shore.
Website _http://www.qth.com/k7bv/caribe2008_
(http://www.qth.com/k7bv/caribe2008) will appear in the next day
or so and grow as more details are firmed up. And...as always...may the Es be
with us! 73, Dennis Motschenbacher K7BV

Tks Andy 'NEON' Sargent N8OFS "6 TIL DEATH"

HI folks,
6th Edition release 1.10 of the WAP Directories (WAP-WACA & WAP-WADA) are
available to download for free at the WAP web site www.waponline.it.
Just go to the site and when on the download section, click on the "compass" to
download WAP-WADA Directory and on the "penguin" to download WAP-WACA
Directory.
On the same location, you can download the Polar Ship Book, 180 pages edited by
IT9MRM , Official at the Italian Navvy and founder of ARMI.
Suggestions new calls to insert and new report of Antarctic activities are
always welcome.
Enjoy Antarctica
Gianni I1HYW

Dear Editor,
received the following DX information from DS4MNJ:
Lee Sanghoon DS4NMJ (DT8A) will QRV in AS-060 Chung island with some
japanese and korean. op : HL4/JA1HGY , HL4/JA1WPX , HL4/JA1RJU , DS4NMJ , HL4CEL ,
HL4CEY

from Nov.30 04:00 utc ~ Dec.1 04:00utc for 24hours - This IOTA is for JA's Korean Wedding ceremony attending. See you on the air.
73 de Gianni I1HYW
www.waponline.it (http://www.waponline.it/)

Hi !

The Radio Club "La Salle" obtained a permission to operate from the Spanish Antarctic station "Juan Carlos I " with an official callsign. The operator who will be passenger or crew member of the polar ship "Hesperides" plan to be active during his free time from January 1st until Juanuary 17th.
Juan Carlos 1 = 62°39 South---60°23 West
South shetland archipelago,Livingston island

Thanks to Jose EA3NW for that great news !

De , Bill/NG3K

Hi there!

Quelques news Comme chaque année je travaillerai dans le Sud Est asiatique,
à partir de Janvier jusqu'en avril 2008.
Voici le plan (sauf modif de dernière minute)
Janvier : HS0ZFI (toutes bandes tous modes, priorité bandes basses et WARC)
Janvier-Février : XU7ADI (all bands, all modes)

March - activity from Brunei/V8

Mars - 9M6/SM5GMZ + WPX SSB depuis Sarawak indicatif 9M8Z

April – Quelques surorises possibles

Atoutes les QSL via SM5GMZ

Best of 73's!
Pete/SM5GMZ
Merci Bill, NG3K.

Expédition 6m 2008 en Caraïbes, V3 et HK0.
Merci à ceux qui partagent nos idées concernant notre expédition 2008 aux
Caraïbes.
J'ai décidé de retourner en V3 et HKà St Andres entre le 19 juin et e 6
juillet 2008.
Consulter le site : _http://www.qth.com/k7bv/caribe2008_
(http://www.qth.com/k7bv/caribe2008) où seront prochainement développées toutes les
informations.

6215. Pirate MU, HS EME 2m, French Castles

Yahoo group: GOLIST (2007 — 2010)
Date: 2007-11-28 12:32:23 UTC
From: F5nql@aol.com
Topic: 6215 Message: 6215

Hello all,

During CQWW CW, the callsign MU0A was very active, and was spotted
numerous
times, as well as making many S&P contacts.

Sadly, this call has never been issued, a fact which has been confirmed by
Ofcom, the licencing authority in the UK, and therefore the operation was
a pirate.

Please mention this in your news bulletins.

Best 73

Phil GU0SUP

Thailand
Around King’s, 80's birthday festivities, HS2JSW will demonstrate 2m EME
Nov. 30-Dec.01. Still their 23cm license is not issued, although.
Good News! We will have a special event for our Kings 80 years birthday this
weekend. We get special call for this event HS80A already. This is a mini
hamvention with thousons ham will join this event and also have some ham radio
activities. Activities include demonstrate station on all HF band (also WARC
band), Echolink System, Satellite Operation and also EME. Its only 1 day
event on November 30 - December 1. Now Im organize to made only 2m EME. 1.2GHz
still not get the license. Hope I will get it. EME system for 2m we have now is
10 elements cross yagi with 200 watts and very good preamp.
Tks mmm VHF and DL8EBW

French Castles:
Hi friends
On next Sunday, Dec 02nd, and wx permitting, the F5KDB ARC members
wil be active as follow from ::
-F5KDB , Fort de Leveau , DFCF 59013, city of Feignies CP 59750 canton
DDCF 5908, Val de Sambre Fortresses award DFVS 5901
-F4FIU/P Bruno, Fort des Sarts DFCF 59033 , city of Mairieux CP 59600,
canton DDCF 5944 Val de Sambre Fortresses award DFVS 5906
-F8BMN/P , Fort d'Hautmont DFCF 59023, city of Hautmont CP 59330, canton
DDCF 5969 Val de Sambre Fortresses award DFVS 5902
40 and 80m
.
Information about the Val de Sambre Fortresses award :
http://pageperso.http://pagepehttp://pageperhttp
(http://pageperso.aol.fr/f8bmn/ReglementDFVS.html)

Hi all

On next Saturday , De st, i’ll be active as F8DYD/p from the Castle of BOIVRE DFCF 86039 and Mill of VOUNEUIL sous Biard DMF 86003, both located in the city of Vouneuil sous Biard 86580 and canton of Poitiers 86-35.
Starting around 0700 utc, 80 then 4m.

Salut à tous.
Pendant le dernier CQWW CW l’indicatif MU0A a été très actif et fut spotté de nombreuses fois dur les clusters. De nombreux participants au concours l’ ont contacté.
Malheureusement cet indicatif n’a jamais été délivré par les autorités habilitées à délivrer les licences au Royaume Uni, ainsi que l’a confirmé l’ OFCOM.
Force est de constater que nous avons eu affaire à un pirate.
Merci de diffuser .

Phil GU0SUP
Merci Rafik, F5CQ

A l’occasion des festivités autour du 80ème annibersaire du Roi de Thaïlande, HS2JSW fera des démoinstrations sur 2m EME les 30 novembre et premier décembre.
Pas de licence sur 23 cm, mauvaise nouvelle.
Par contre on lui a attribué l’indicatif HS80A already.
En dehotrs des démonstrations en HF et WARC .
Suer 2m, 10 el croisée 200 watts et préamp.

6216. SOMETHING TO REFLECT UPON

Yahoo group: GOLIST (2007 — 2010)
Date: 2007-11-29 13:07:20 UTC
From: K1XN
Topic: 6216 Message: 6216

A Different Christmas Poem

The embers glowed softly, and in their dim light,
I gazed round the room and I cherished the sight.
My wife was asleep, her head on my chest,
My daughter beside me, angelic in rest.

Outside the snow fell, a blanket of white,
Transforming the yard to a winter delight.
The sparkling lights in the tree I believe,
Completed the magic that was Christmas Eve.

My eyelids were heavy, my breathing was deep,
Secure and surrounded by love I would sleep.
In perfect contentment, or so it would seem,
So I slumbered, perhaps I started to dream.

The sound wasn't loud, and it wasn't too near,
But I opened my eyes when it tickled my ear.
Perhaps just a cough, I didn't quite know, Then the
sure sound of footsteps outside in the snow.

My soul gave a tremble, I struggled to hear,
And I crept to the door just to see who was near.
Standing out in the cold and the dark of the night,
A lone figure stood, his face weary and tight.

A soldier, I puzzled, some twenty years old,
Perhaps a Marine, huddled here in the cold.
Alone in the dark, he looked up and smiled,
Standing watch over me, and my wife and my child.

"What are you doing?" I asked without fear,
"Come in this moment, it's freezing out here!
Put down your pack, brush the snow from your sleeve,
You should be at home on a cold Christmas Eve!"

For barely a moment I saw his eyes shift,
Away from the cold and the snow blown in drifts..
To the window that danced with a warm fire's light
Then he sighed and he said "Its really all right, I'm out here by
choice. I'm here every night."

"It's my duty to stand at the front of the line,
That separates you from the darkest of times.
No one had to ask or beg or implore me,
I'm proud to stand here like my fathers before me.

My Gramps died at ' Pearl on a day in December,"
Then he sighed, "That's a Christmas 'Gram always remembers."

My dad stood his watch in the jungles of ' Nam ',
And now it is my turn and so, here I am.
I've not seen my own son in more than a while,
But my wife sends me pictures, he's sure got her smile.

Then he bent and he carefully pulled from his bag,
The red, white, and blue... an American flag.
I can live through the cold and the being alone,
Away from my family, my house and my home.

I can stand at my post through the rain and the sleet,
I can sleep in a foxhole with little to eat.
I can carry the weight of killing another,
Or lay down my life with my sister and brother..

Who stand at the front against any and all,
To ensure for all time that this flag will not fall."
"So go back inside," he said, "harbor no fright,
Your family is waiting and I'll be all right."

"But isn't there something I can do, at the least,
"Give you money," I asked, "or prepare you a feast?
It seems all too little for all that you've done,
For being away from your wife and your son."

Then his eye welled a tear that held no regret,
"Just tell us you love us, and never forget.
To fight for our rights back at home while we're gone,
To stand your own watch, no matter how long.

For when we come home, either standing or dead,
To know you remember we fought and we bled.
Is payment enough, and with that we will trust,
That we mattered to you as you mattered to us."

I.C.P.O. Bulletin (Nov. 29 - Dec. 07, 2007)
Islands, Castles & Portable Operations.
Listing is by calendar date (day/month/year)
==========

29/11/2007: Gena, RA9CMI is currently QRV until December 15th as RA9CMI/9 from District AL-72 (Belokuriha), Altaysky kraj (AL). QSL via home call, direct or bureau. [RX3RC]

29/11/2007: Juergen, DJ3KR is currently QRV until December 15th from Indonesia using the call sign YB1AQB. He will be active on all bands with an IC-7000 and a vertical with a height of 10m. QSL via DJ3KR. [DX Newsletter]

30/11/2007: Radio Club Ushuaia, with yearning to activate different geographic points of the Isla Grande, Tierra del Fuego (SA-008) [according to the connected Awards], will be active from 'MOAT' (Destacamento de la Prefectura Naval Argentina) Grid Square FD65PA, from 1501 UTC November 30th to the 1800 UTC December 2nd, using AY7X call sign, operating SSB, CW, PSK and RTTY around the following suggested November 30th to the 18:00 UTC of December 2nd, using AY7X callsign, frequencies: CW - 3.550, 7.020, 14.010, 21.010 28.050 MHz; SSB - 3.680, 7.080, 14.200, 21.200, 28.300 MHz; PSK - 3.610, 7.035, 14.070, 21.070, 28.120 MHz; RTTY - 3.620, 7.040, 14.080, 21.070, 28.130 MHz. QSL via WD9EWK, direct (Patrick Stoddard, 4031 E. Aster Drive, Phoenix, AZ 85032-7417, U.S.A.) or bureau. Contact with Tierra del Fuego qualifys, for WAP Awards (ARG-023) or IOTA (SA-008 - Tierra del Fuego islands). Web site at: www.lu8xw.net/ [I1HYW]

30/11/2007: Lee Sanghoon, DS4NMJ (DT8A) will be QRV from Chung island (AS-060) with other Japanese and Korean operators, namely HL4/JA1HGY, HL4/JA1WPX, HL4/JA1RJU, DS4NMJ, HL4CEL and HL4CEY for 24 hours from 0400z November 30th to 0400z December 1st. This IOTA is for attending JA's Korean Wedding ceremony. [F5NQL]

30/11/2007: Rick, K6VVA will be going back to Revillagigedo Island (NA-041, USi AK-141S, 1st S. Eastern County), Alaska, again for the ARRL 160m Contest (Nov 30 - Dec 02) operating as KL8C, and also hopes to be QRV on other bands as K6VVA/KL7 again (the Sept/2007 QSLs are being printed - QSL via N6AWD). The operating QTH has a great over-salt-water path to the U.S. and much of Europe, although condx in Sept. were not good for EU. There is a big hill in the direction of JA, so Rick may try to operate from the other side of the Island with a clear shot to JA for a while during the daytime/non-160m hours (if not this trip, then the next time). QSL via N6AWD. [K6VVA]

30/11/2007: Victor RX6DL will be active November 30th to December 2nd as RU9QRP/6/p from Districts KR-26 (Apsheronsky), Krasnodarsky kraj (KR) and AD-06 (Majkopsky), Republic of Adygeya (AD). QSL via RX6DL, direct or bureau. [RX3RC]

30/11/2007: Alan, WQ5W will be signing V25W from the island of Antigua (NA-100, WLOTA LH-1118) during the ARRL 160 Metre Contest (November 30-December 2) as a Single-Op/High-Power entry. QSL direct to WQ5W, or via LoTW. Further info at: wq5w.blogspot.com/ [NG3K]

01/12/2007: Jan, PA4JJ will once again be active as C56JJ from Banjul, The Gambia, between December 1-11th. Further information and QSL route can be found at: www.c56jj.pa4jj.nl/ [NG3K]

01/12/2007: Jean/ON5JV and Georgette/ON6AK will sign EA8/homecall from Tijoco Bajo, Tenerife Island (S-012 for the Spanish Islands Award, WLOTA LH-1276), Canary Islands (AF-004), between December 1, 2007 and January 31, 2008. Mainly on 20 and 40m in the evening (local time). QSL via home calls, bureau preferred. [F5NQL]

01/12/2007: Patrick, F8DYD/p will be QRV December 1st to activate the Castle of Boivre (DFCF 86-039) and the Mill of Vouneuil sous Biard (DMF 86-003), located in the City of Vouneuil sous Biard (CP 86580), Poitiers 5th canton (DDFM 86-35), Department Vienne/86, Province Poitou Charentes (DPF 19). QSL via home call, direct or bureau. [F8DYD]

01/12/2007: Peter, RW3PF will be active December 1-2nd as RW3PF/m from the following RDA Districts TL-02 (Privokzal'nyj - Tula Area), TL-03 (Proletarian - Tula Area), TL-13 (Shchekino City), TL-12 (Uzlovaya City), TL-33 (Uzlovsky), TL-28 (Novomoskovsk) and TL-25 (Kireevsky), Tul'skaya oblast (TL). QSL via home call, direct or bureau. [RX3RC]

01/12/2007: Claude, F6AEW/p will be QRV December 1st using the special call TM7AJ from the Castle of l'Aune Mongenard (DFCF 53-144), Martigne sur Mayenne (CP 53470), Department Mayenne/53, Province Pays de Loire (DPF 17). Activity will be on 80 and 40m, starting around 0830z. QSL via F6KSU, direct or bureau. [F6AEW]

02/12/2007: The Radio Club of Fagnes (F5KDB) and some of its members will be QRV December 2nd to finish the reactivation of the Forts of the defense of Maubeuge. These Forts will count for the Dipl?me des Forts du Val de Sambre (DFVS). Information about the Val de Sambre Fortresses award can be found at: pageperso.aol.fr/f8bmn/ReglementDFVS.html . This activity will take place mainly on 40m and possibly 80m, propagation permitting. The following calls and Forts will participate: F5KDB will be at Fort de Leveau in the buildings of the Radio-Club (DFCF 59-013), commune of Feignies (CP 59750, DDCF 59-08, DFVS 59-01); Bruno, F4FIU/p will reactivate the Fort des Sarts (DFCF 59-033), located on the commune of Mairieux (CP 59600, DDCF 59-44, DVFS 59-06); and J-Fran?ois, F8BMN/p will reactivate the Fort d'Hautmont (DFCF 59-023), located on the commune d'Hautmont (CP 59330, DDCF 59-69, DFVS 59-02). QSL via operator's instructions. [F8BMN]

04/12/2007: Well-known DXer Kan, JA1BK will be visiting Southwestern Europe and Africa between December 4-13th. He might be showing up on the air time permitting in his busy schedule. Look for him as F/JA1BK from the Bordeaux area, EA3/KH6BK from Barcelona, side visit to Gibraltar (activity unlikely), then EA7/KH6BK. Paul, F6EXV, plans to join him and both will attend the Spanish URE DX Convention in San Fernando. On December 10th and 11th, Kan along with Paul, will be visiting Juan, EA9IE and might take the mike and/or the key, signing EA9/KH6BK and EA9/F6EXV. QSL respectively to their home call signs (JA1BK and F6EXV). [OPDX]

04/12/2007: Look for Geoff, W0CG and others to be active as PJ2/homecall from Signal Point, Curacao (SA-006, WLOTA LH-0942) between December 4-11th. Their main focus will be the ARRL 10-Metre Contest (December 8-9th) using the call sign PJ2T, a Multi-Single entry. QSL PJ2T via N9AG. QSL others via their home call. [CCC]

05/12/2007: Michael, F1IQH will visit Bobo Dioulasso, Burkina Faso, as XT2WC December 5th through early January 2008. QSL via F1IQH. [DX Newsletter]

06/12/2007: Bob/K0OK and Dale/KB7UB, will be active as VP5/K0OK and VP5/KB7UB from Providenciales (NA-002), Turks and Caicos Islands, December 6-11th. Look for activity on 6 through 160 metres CW and SSB. They will be operating in the ARRL 10 Metre Contest (December 8-9th) as VP5E (K0OK) and VP5UB (KB7UB). QSL via home calls. Online logs will be available at: www.dxer.com/dxlogs/; all QSOs will be uploaded to LOTW. [425 DX News]

06/12/2007: Look for Dave, KY1V to be active as 6Y1V from Hopewell, Jamaica (NA-097, WLOTA LH-0214) for the ARRL 10-Metre Contest (December 8-9th), as a Single-Op/High-Power/CW entry. QSL only to OH3RB, direct preferred but bureau ok. [6Y1V]

07/12/2007: Hiro/W1VX, Toshi/N3YS, and Hide/AB2WE will be active from Saipan, Northern Mariana Isands (OC-086), December 7-10th as KH0/homecall and KH0D. They plan to operate 80-10 metre CW, SSB, RTTY and FM. QSL W1VX and KH0D via JF1OCQ, N3YS via JE1SYN, AB2WE via JI1JPJ. See QRZ.com. [F5NQL]

==========

LOOKING AHEAD -

08/12/2007: The Radio Club F6KIM (Dept. 54) will air the special call TM4AFM for the 21st annual T?l?thon 2007, the fund-raising event organized by the French Muscular Dystrophy Association on December 8th and 9th from the town hall in Richardm?nil. They will add on the QSL confirming the QSO a recall to make gifts for the AFM. QSL via operator's instructions. [F5TSB]

12/12/2007: John/G7HIA and Robert/G8ATE will be using the special call sign GB0OO (golf bravo ? oscar one) between December 12-16th. The 12th of December is an unofficial OSCAR DAY celebrating the launch of Amateur radio's first satellite Oscar-1. They will be operating only on analogue

satellites. Further information can be found at:
www.turlington.supanet.com/ [Southgate ARC]

15/12/2007: Special event station 8J1TFD will be aired from December 15, 2007 until March 31, 2008 to celebrate the 60th anniversary of the Tokyo Fire Department. Look for activity on all bands and modes. QSL via the JARL bureau. [JJ1WTL/AC6IM]

11/02/2008: Andr?, ON7YK will be QRV from Kerr Serign, Banjul, The Gambia (WW Loc. IK13PM, as C56YK between February 11th and March 6th. 80m-10m, for 80 and 40 metre with a FD4 Ant. and for all other bands with a spiderbeam. Also QRV on 6 metre and 160 metre bands. QSL Information - see C56YK's notice on QRZ.com. [F5NQL]

12/02/2008: Jos?, ON4LAC will be in The Gambia as C56JC, between February 12th to March 5th. He will focus on PSK and RTTY modes which were, unless we are mistaken, never actived from C5. Some SSB too, except when André, C56YK will be using this mode. QSL via home call. [F5NQL]

29/03/2008: Operators Trent/VK4TI, Tony/VK3TZ and Laurie/VK4VCC will be active from Vanuatu, New Hebrides (OC-035) during the CQWW WPX SSB Contest (March 29-30, 2008) as a Multi-Two entry, using the call sign YJ0AX. QSL TBA NA and Europe. [NG3K]
==========
SPECIAL EVENTS -

26/11/2007: The 'ARAN 59' will activate the special call TM8T again this year, by F0FGG, F4DBA, F5TBE and F6BDM in Croix, for the 21st annual T?l?thon, the fund-raising event organized by the French Muscular Dystrophy Association that will take place December 7-8th. Activity will be from November 26th to December 9th on 80, 40, 20 metre CW and SSB, also on 144 MHz FM and SSB. Strong activity on Saturday 8 a.m. to 8 p.m. and Sunday 9 a.m. to 5 p.m. local time. This demonstration is done in collaboration with association "A Croix Tous Ensemble for the T?l?thon (ACTE)", which gathers a score of associations Croisiennes, the Association of the Radios Amateurs of North (ARAN 59), as well as the "Genealogy Club of the North and Flandres (GCNF)" of Croix. A special QSL could be obtained against exchanges your QSL, 2 Euros or 3 dollars and a self addressed envelope. A diploma could also be exchanged for all contacts carried out on two different bands: 80, 40, 20, 2m and 70cm and Echolink, counter exchanges your QSL, 5 Euros or 8 dollars and self addressed envelope, which covers the QSL and diploma. If possible an A4 self addressed envelope. This money will be transferred for Telethon. Address: GCNF, 87 Avenue Roger Salengro, 59170 Croix, France. For obtaining the special QSL all information can be found at:
f6bdm.free.fr/ [F6BDM]

28/11/2007: One of the most important French Engeneers Higher School, located in Toulouse, South France, the ENSEEIHT, l'Ecole Nationale Sup'rieure d'Electro-technique, Electronique, Informatique, Hydraulique et T'l'communications, is celebrating its first Century. A special

callsign, TM7IET, will be activated between November 28th and December 9th. 7 is for 1907, year of founding, and IET for Institut Erlectrotechnique de Toulouse which was the first name of the School. HF bands, in SSB, CW and PSK31 and on VHF FM at the intention of the novice operators. You can contact this call sign operating from the Higher School, Monday/Friday, during the day, from the F5KSE ARC facilities Saturday amd Sunday during the day, and from various operators' homes every evening. QSL via F4DQG. [F5NQL]

01/12/2007: Santa Claus Land (OH9SCL) will be again active in December from the Artic Circle. Activity will be on 10-160 metre CW, SSB and digital modes. Among others, Santa's helpers will include Rami/OH3BHL, Erkin/OH9KL, Kimmo/OH9MDV, Juha/OH9MM and Aaro/OH9RJ. QSL via OH9UV. [425 DX News]

01/12/2007: Look for special event station 8J7AKARI to be aired December 1-31st to celebrate the "Sendai Pageant of Starlight", which will be held in the City of Sendai December 12-31th. The Sendai Tuning DX Club will operate from the City of Sendai on HF/VHF/UHF using SSB, CW, RTTY, PSK31, SSTV and AO51 satellite. Suggested digital frequencies are 7.028 10.144 14.080 18.108 21.080 and 24.922 Mhz, with SSTV on 21.335 and 18.160 Mhz. Note: AKARI is Japanese word that means light with warmth. It is simple physics-like; shine, and hold it. For example, the warmth to show human feeling, love and friendship in. QSL info can be found at: www.qrz.com/callsign/8J7AKARI/ [JJ1WTL/AC6IM]

01/12/2007: Special event callsign PF30FRG will be aired during the month of December to celebrate the 30th anniversary of the Frisian Radio Amateur Group (FRAG) in Leeuwarden, The Netherlands. QSL via PI4FRG. [425 DX News]

01/12/2007: Look for special event station SP80KKK to be aired from Cracow, Poland during the month of December to commemorate the area of Crakow 80 years of revolt of movement (traffic) Kr?tkofalarskiego and Cracow land (earth). QSL via SP9PKZ. [DX Summit]

01/12/2007: Look for special call sign UE3DWP to be QRV December 1-9th for the days of activity of the Moscow suburbs and areas. This activity counts for the diploma "KM3-65". Activity will be on all bands and modes. QSL via operator's instructions. Inforamtion on the diploma "KM3-65" can be found at: www.qrz.ru/awards/detail/2301.html [QRZ.ru]

01/12/2007: The Thailand FCC, called the NTC, is sponsoring a celebration of His Magesty the King of Thailand's 80th birth year with the fact that the King is a ham, HS1A, and has been active as such over the years. The special call sign of HS80A (HS8 zero A) will be used from the NTC celebration site. Date is December 1, 2007, All day Thai time (+7 UTC). No freqs. yet determined. check RAST web site. [K1XN & The GOLIST]

01/12/2007: The ISWL Club Callsigns in use during December 2007 will be:

GX4BJC /A - Operated from Braintree in Essex, by Keith M0CLO (WAB Square = TL72 ESX & IOTA = EU-005).
MP1SWL /A - Operated from Guernsey, in the Channel Islands, by Lionel MU0GSY (WAB Square = WV38 & IOTA = EU-114).
All QSL Info is on www.iswl.org.uk or www.qrz.com or via www.eQSL.cc
NO LOTW!
ISWL Awards are available to all Hams and SWL's - see www.iswl.org.uk
eQSL.cc cards ARE accepted for their awards. [Pete's-DX-Newsdesk]

08/12/2007: The Radio Club F6KIM (Dept. 54) will air the special call TM4AFM for the 21st annual T?l?thon 2007, the fund-raising event organized by the French Muscular Dystrophy Association on December 8th and 9th from the town hall in Richardm?nil. They will add on the QSL confirming the QSO a recall to make gifts for the AFM. QSL via operator's instructions. [F5TSB]

U.S.A. Special events can be found at: www.arrl.org/contests/spev.html

==========
Pedestrian mobile spans the globe -

Despite the sunspot minimum, Blackpool amateur Dave Starkie, G4AKC, has managed two way pedestrian mobile contact with G7LPW/ZL3 in Christchurch, New Zealand.

On 15 November they completed the 21,100km contact on 20 metres SSB.

This was the result of two years work to improve and develop a high performance HF backpack which was used at both ends of the contact. [GB2RS]

EA - SPAIN -
Effective November 24, 2007 Spanish Amateur Radio operators were authorized use of 7100-7200 kHz on a secondary basis, using a total radiated power not exceeding 24 dBW. EA ops also gained access to the 51-52 MHz band giving them use of 50-52 MHz with a maximum power of 100 watts, except in the center of the country where the power is limit is 10 watts. [UBA HF News]

NETHERLAND'S ANTILLES -
New DXCC-Entities to come: As found on the homepage of EUDXF,

President of EUDXF Hans, PB2T, visited ARRL HQ in Newington July 24th. There was discussion about the DXCC status of Netherland's Antilles after December 15th, 2008. It looks like four new entities for Curacao, Sint Maarten, Saba, Sint Eustatius and Bonaire for future DXCC. (DJ5AV: I remember there should be no further Deleted Entities added to the existing ARRL-DXCC list - compare DXCC Rules, Removal Criteria.)
Political Background: The association "Netherland's Antilles" will finish with "Kingdom's Day", December 15th, 2008. Until late 2008 status of a new system will be set up. Bonaire, Saba and Sint Eustatius voted for closer connection with the Netherlands, while Curacao and Sint Maarten want an autonomous status like Aruba. [DX Newsletter]

J5C UPDATE -
A change happened in the list of the next F6KOP team for the next January 2008 trip to J5, Guin?e Bissau.
Unfortunately, Serge, F6AML had to cancel his participation for some reasons independant of his one?s will.
Jean-Marc, F8IXZ, (ex 6W1/F8IXZ, 6W4/F8IXZ, TM0GAY, F8IXZ/D44AC, 5H1C), a CW operator will join the F6KOP team and go to in place of Serge.
Please visit our pages at : http://www.j5c.eu/
If you want to help us you can use the information put on the sponsor page.
And don?t forget to write a little word on our guest book. [F5NQL]
==========
ANTARCTIC NEWS -

The 6th Edition release 1.10 of the WAP Directories (WAP-WACA & WAP-WADA) are available to download for free at the WAP web site www.waponline.it.

Just go to the site and when on the download section, click on the "compass" to download WAP-WADA Directory and on the "penguin" to download WAP-WACA Directory.

On the same location, you can download the Polar Ship Book, 180 pages edited by IT9MRM , Official at the Italian Navy and founder of ARMI.

Suggestions new calls to insert and new report of Antarctic activities are always welcome. [I1HYW]
==========
QSL INFO -

Denis, F5RJM reports that all direct QSL cards, received up November 25th for the last Tombelaine Island (EU-156) have been answered and mailed. The bureau cards are beeing to be treated and will be sent to the French REF-Union bureau at the beginning of December 2007. [F5NQL]

9Y - Trinidad and Tobago, SA-011
Trinidad and Tobago no longer permit two calls to one person - one for regular QSOing the second one for contests. Therefore Andy, 9Y4ZC, decided to maintain his contest call 9Y4W only. The last QSO as 9Y4ZC

took place October 22nd, 2007 at 0319 UTC. He hopes that it takes some time until 9Y4ZC will be distributed again to avoid confusion with the QSLing. (You get Andy's QSL via DL4MDO, bureau ok!). [DX Newsletter]
==========
PIRATE REPORT -

During CQWW CW, the callsign MU0A was very active, and was spotted numerous times, as well as making many S&P contacts.

Sadly, this call has never been issued, a fact which has been confirmed by Ofcom, the licencing authority in the UK, and therefore the operation was a pirate. [GU0SUP]

I.C.P.O. (Islands, Castles & Portable Operations)
UPDATE -
==========
Summits On The Air -

Tom Read M1EYP / ISWL G-20843 reports that SOTA - the "Summits On The Air" programme, is very active in many countries throughout the world.

The SOTA Awards scheme is open to both licensed Amateurs and SWL's, with certificates to mark various achievements.

All awards are inexpensive and are non profit making, so that every participant can afford to claim them.

I had a look at their webpage this morning and was surprised to see, how active this organisation is, ...on a world-wide basis.

It would appear that a lot of Hams are happy to carry radio equipment and antennas up a mountain, ...operate for a couple of hours, ...then carry it all down again.

Take a look at the live spots and activations diary at:
http://sotawatch.org/beta

This has a date/time ordered diary of all upcoming SOTA activations, together with intended bands, modes & QRGs.

It also has a live spotting section, where activations in progress are spotted, allowing others chasers and SWLs to tune in and follow proceedings.

If you want further information on how to activate a summit near you, or if you are Ham or an SWL looking for a new challenge?, then I recommend you visit http://www.sota.org.uk and see for yourself.

News of YOUR SOTA operation is welcome here.

Vy 73 to all and have a great weekend.

---- Original Message -----
From: _m0dol@..._ (mailto:m0dol@...)

Loch Doon or Balloch Castle is an eleven-sided curtain-walled castle
designed
to defend its original island site at the southern end of Loch Doon. The
stonework is outstanding and its beautifully hewn blocks of ashlar have
stood
the test of time. The original castle dates from the 13th or 14th centuries,
but it is believed that a much earlier settlement was sited on a small
island
to the south end of Loch Doon.

GM-007 2/12/07 LOCH DOON CASTLE WEST COAST OF SCOTLAND
WITH THE CALL SIGN GS4KPT/P
BY ARTHUR CLARK MM0DHQ AND THE SCOTTISH CASHOTA TEAM

Burkina Faso
Bonjour,

Mon séjour en XT2 s'annonce mieux que lors de la dernière fois. J'ai
plusieurs antennes notamment une FD4 (merci Sardif) et sans doute une autre plus
"rigide" qui devrait venir par transporteur (pas assez de poids disponible pour
l'avion).
J'aurais un FT847 et peut-être un TS140 qui resterait sur place car je vais
y être de temps en temps en 2008...

Hi friends
De Bill,NG3K
Dear Bill

My name is Pedro Castillo HR2PAC and I am a member of HQ8R
Swan Island 2008 DXpedition IOTA NA-035, I need you to add the information
for our opearation in the ADXO Website, I am forwarding the correct
data to you:

From: 15-Mar-2008
Until: 23-Mar-2008
Callsign: HQ8R
Operators: WQ7R/HR9 Ray, KC4CD/HR2 Lane, HR2DX Antonio, HR2DMR
Daniel, HR7REA Ramon, HR2J Javier and HR2PAC Pedro.
QSL Information: HR2RCH
HR2RCH: Radio Club de Honduras, PO Box 273 San Pedro Sula,
Cortes,
HONDURAS (Information from QRZ.com)
Comments: We are planning to operate two PHONE stations one CW
and one digital modes in RTTY and PSK31 (total of four stations) with 10
operators in 160 to 10 meters.
Website: http://www.hondurasdx.com
Submitted by: HR2PAC on 30 Nov 07.

Thank you for the support.

73 de HR2PAC Pedro for HQ8R DXpedition

From Larry W0OZ, through Rafik, F5CQ’s mailbox:
The following is an announcement of my upcoming DXpedition:

PJ4 Bonaire. Larry, Wo0Z, will be active as PJ4/Wo0Z from Bonaire,
SA-006, from December 8 through December 15th. He will be active on CW,
SSB, and possibly RTTY on whatever bands are open in this holiday-style
DXpedition. QSL via Wo0Z (note "whiskey oscar zero zulu" please).

(Do not include this note,this is just for DX info editors: The "whiskey
oscar zero zulu" part and the lower case "o" is because on my last
DXpedition, many QSLs were sent to whiskey zero oscar zulu instead of to
me).

Larry Wo0Z

Tkf Rafik, F5CQ.

VHF propagation forecast:
From EA6VQ

A new feature has been added to DX-Sherlock. It's a real-time ticker showing the propagation conditions on 50, 70, 144 and 432 MHz. bands.

You can watch the ticker at _http://www.vhfdx.net/spots/map.php?Frec=TIC_ (http://www.vhfdx.net/spots/map.php?Frec=TIC)

If you wish, you can add this ticker to your own WEB pages. To get more information and read the terms of use go to _http://www.vhfdx.net/spots/addticker.html_ (http://www.vhfdx.net/spots/addticker.html)

From the Wireless Institute of Australia :
Special event :

Still down-under, the Australian Communications and Media Authority has issued what might be the longest callsigns in the history of ham radio for a special event. ACMA, as its better known has made available to the Blue Mountains Amateur Radio Club the callsign VI 2 BMARC 50, to commemorate the club's 50th anniversary.

VI 2 BMARC 50 -- yep it is a mouthful -- well -- it will be on-air for 10 days early next year. Listen out for it from January 18th to the 28th 2008.

Details of the operating schedule and QSL information will be posted on the club's website. Its in cyberspace at www.bmarc.org And that U-R-L is a lot easier to say than VI 2 BMARC 50. (WIA News)

(VK2QN)

The WIA Board has approved the appointment of Ray Crawford VK4HDX as VK4 QSL Bureau manager.
Ray Crawford VK4HDX is a member of the WIA, resides at 53 Moore Street Kingaroy QLD 4610 phone (07) 4163 6940. Email: hamdxer59@.... Ray is an active Dxer and was active in NZART before coming to Australia.
The present VK4 QSL manager Eddie de Young VK4AN has resigned due to other commitments. Eddie brought a strong interest to the concepts of managing a QSL Bureau and was always ready to suggest ways by which the system could be improved.

NOTE THE CHANGE OF QSL MANAGER FOR EA8/G7COD/A

Due to the sad passing away of Buck, G0OYH, my new qsl manager with immediate effect to which qsl cards for EA8/G7COD/A are to be sent either via the buro or direct is G4KEE

To ensure you receive a reply even if you have already sent one to my previous manager, please re send another one to G4KEE.

Thanks and Kind regards

Andrew Kitchen G7COD

6224. IOTA/F, Contest, Fidji, French Castles

Yahoo group: GOLIST (2007 — 2010)
Date: 2007-12-05 21:09:43 UTC
From: F5nql@aol.com
Topic: 6224 Message: 6224

Hi friends
France :
Christian, F8HJV, will be active between to morrow morning, until Dec 22nd, from the Levant Island, IOTA EU-070, DIFM ME-012 and WLOTA 1083 (Location : 43°02,8N 006°30,6E)
The station will be settled near the Napoleon Fort.
The traffic, mainly on HF SSB, will count too for the French forts and Castles Award, the DFCF, reference 83117.

QSL via Hc when back home.
73's QRO
Christian

Tks Christian, F8HJV

De Bill/NG3K

FIJI
Rotuma (OC-060)
Tony, 3D2AG has put a lot of information about his next trip to Rotuma at :
http://www.3d2ag.fr.tc/ (http://www.3d2ag.fr.tc/)

He hopes to reach the island on Dec 15th.
An effort had be done on antennas. From 20 to 10m, included WARC bands, Tony will use a 5-Bands Spiderbeam, offered by DF4SA, and inverted Vees on the other bands.
He hopes that will make up for a PAless traffic.

QSL via 3D2AG/FO5RK according to the QRZ.com notices.
Tks Tony, FO5RK

French Castles:
On next Saturday, look for François, F5JNE and Claude, F5MCC, to be active as F5JNE/p from the Castle of Flogny DFCF 89297 , in the city of Flogny la Chapelle zip code 89360 and canton of Flogny, DDCF 89-16 .
As usually starting around 0700 utc, 80&40m CW/SSB.
QSL bureau preferred, and swl cards welcome.
Amitiés de François
Tks François

6225. ICPO Bulletin (December 06 - 13, 2007)

Yahoo group: GOLIST (2007 — 2010)
Date: 2007-12-06 21:16:32 UTC
From: Dave Raycroft
Topic: 6225 Message: 6225

I.C.P.O. Bulletin (December 06 - 13, 2007)
Islands, Castles & Portable Operations.
Listing is by calendar date (day/month/year)
==========

06/12/2007: Christian, F8HJV/p will be active between December 6-22nd from the island of Levant (EU-070, DIFM ME-012, WLOTA L-1083). Activity will be mainly on HF SSB and will also count for the French Forts and Castles Award reference DFCF 83-117 (Fort du pas de la Masque). Other references: Department Var/83, Province C?te-d'Azue (DPF 20). QSL via home call. [F5NQL]

06/12/2007: Bob/K0OK and Dale/KB7UB, will be active as VP5/K0OK and VP5/KB7UB from the VP5JM 'Hamlet' on Providenciales Island (NA-002), Turks and Caicos Islands, December 6-11th. Look for activity on 6 through 160 metres CW and SSB. They will be operating in the ARRL 10 Metre Contest (December 8-9th) as VP5E (K0OK) and VP5UB (KB7UB). QSL via home calls. Online logs will be available at: www.dxer.com/dxlogs/; all QSOs will be uploaded to LOTW. [425 DX News]

07/12/2007: Look for Klaus, DF2GN/p to be active December 7th from Schramberg summit (SOTA DM/BW-071, 922m, 10 points, WW Loc. JN48EP), Germany. He will be QRV 7-cw/ssb, 10.1-cw and 3.5-cw. This will also be a test for a new short dipole (2x12m). QSL via home call. [SOTA U.K.]

07/12/2007: Hiro/W1VX, Toshi/N3YS, and Hide/AB2WE will be active from Saipan, Northern Mariana Isands (OC-086), December 7-10th as KH0/homecall and KH0D. They plan to operate 80-10 metre CW, SSB, RTTY and FM. QSL W1VX and KH0D via JF1OCQ, N3YS via JE1SYN, AB2WE via JI1JPJ. See QRZ.com. [F5NQL]

07/12/2007: Look for Rob/MJ0RLJ (MW0RLJ), Anthony/MJ0JZE (MW0JZE) and Russell/GJ5XW (G5XW) to be active from the isle of Jersey (EU-013), December 7-10th. Their main plain is to operate SSB (with some QRS CW) on 40, 80 and 160 metres during their nights. All QSLs direct to G5XW. [425 DX News]

07/12/2007: Roland, F8EN will be active again as TR8CR (or with a special call sign) from Libreville, Gabon from December 7th to January 12th. He will operate especially on 20 metres CW (14005 kHz) and SSB (14125-14200 kHz), and will also try to go and operate from IOTA group AF-043. QSL via F6AJA or F8EN. [425 DX News]

08/12/2007: Look for Dave, KY1V to be active as 6Y1V from Hopewell, Jamaica (NA-097, WLOTA L-0214) for the ARRL 10-Metre Contest (December 8-9th), as a Single-Op/High-Power/CW entry. QSL only to OH3RB, direct preferred but bureau ok. [6Y1V]

08/12/2007: Klaus, DF2GN/p will be active December 8th from the following summits - 0900z from Feldberg (SOTA DM/BW-001, 1493m, 10 points, WW Loc. JN47AU) and at 1200z from St?benwasen (SOTA DM/BW-004, 1386m, 10 points, WW Loc. JN37XU), Germany. QRV on 7-cw/ssb, 10.1-cw and 3.5-cw. QSL via home call. [SOTA U.K.]

08/12/2007: Look for Edu EA8AUW to be active December 8th as EA8AUW/p from V?rtice Geod?sico Tagamiche (VGTF-100, WW Loc. IL18JC), municipality of San Sebastian de la Gomera (DME 38036), Santa Cruz de Tenerife (DIE S-014, WLOTA L-1276), Canary Islands (AF-004). QSL via EC4DX. [DX Fun]

08/12/2007: Chris, SM0DXT will be active as EA8/8S8L from Gran Canaria (DIE S-005), Canary Islands (AF-004), December 8th and 15th. He plans to activate the following lighthouses on the island - December 8 & 9: Punta de Castillete (FEA D-2814.3, ARLHS CAI-006, TWLHD WLH EA8-006, WLOTA L-0969) and December 15: Punta Sardina (FEA D-2816, ARLHS CAI-055, WLOTA L-0969). QSL via SM0DXT. [DX Fun]

08/12/2007: Look for Fran?ois/F5JNE and Claude/F5MCC, to be active on December 8th as F5JNE/p from the Castle of Flogny DFCF 89-297, in the City of Flogny la Chapelle (CP 89360), canton of Flogny (DDCF 89-16), Department Yonne/89, Province of Burgundy (DPF 05). As usually starting around 0700 UTC, 80 and 40m CW/SSB. QSL via F5JNE, bureau preferred and SWL cards are welcome. [F5NQL]

08/12/2007: The Radio-club of Cestas, F6KUQ will be active December 8th as homecall/p from the Mill of Dubern (DMF 33-021), Department Gironde/33, Province Aquitaine (DPF 02). They will be QRV 80m, 40m CW and SSB. QSL via F6KUQ, direct (Radio Club F6KUQ, Chateau de Choisy, Rejouit (RN10), 33610 Cestas, France) or bureau. [F1DHX]

08/12/2007: Tom, M1EYP/p will be QRV December 8th, starting around 0700z, from The Cloud summit (SOTA G/SP-015, 343m, 1 point, WW Loc. IO83WE), England. Activity will be on 7.032 MHz CW only. QSL via home call. [SOTA U.K.]

08/12/2007: Operators JL1OVB/1, JO1LVZ/1, JJ2GAZ/1 and 7L3ATQ/1 will be QRV from Izu Oshima Island (AS-008, JIIA AS-008-008), JA1 North Izu Islands, from December 8-10th. Activity will be on all HF and VHF bands using CW, SSB and FM. QSL via home calls. [JI6KRV]

08/12/2007: Larry, Wo0Z, will be active as PJ4/WO0Z from the island of Bonaire (SA-006, WLOTA L-1279), from December 8 through December 15th. He will be active on CW, SSB, and possibly RTTY on whatever bands are open in this holiday-style DXpedition. QSL via WO0Z (note "whiskey oscar zero zulu" please). [F5NQL]

08/12/2007: At the end of his business trip to China, Rupert VR2/G4XRV plans to hit the airwaves on December 9th from Hong Kong (AS-006). He hopes for better conditions than last time. [DXNL]

09/12/2007: Seccion Local de Madrid URE, EA4RCU will be QRV December 9th as EA4RCU/p from La Puerta del Sol (DMA-006), located in the municipality of Madrid (DME 28079). QSL via home call. [DX Fun]

09/12/2007: Luc ON6DSL/p, Nick ON3DSN/p and Johan ON3IWB/p will be active December 9th from Recogne-Bastogne summit (SOTA ON/ON-005, 569m, 6 points, WW Loc. JO20UB), Belgium. Nick and Luc will be QRV 7.090-ssb, while Johan will operate 14.070-psk31, 7.035-psk31. QSL via home calls. [SOTA U.K.]

10/12/2007: Seppo, OH1VR will be QRV as 4U1ITU from the ITU Geneva station from December 10 to 12th. Activity will generally be around 1600 and 1700z daily. QSL via operator's instructions. [ARRL DX News]

12/12/2007: Jerry, WB9Z will be active vacation style as PJ2/WB9Z from Signal Point, Curacao (SA-006, WLOTA L-0942), December 12-25th. Look for activity on all bands. QSL via home call. [CCC]

12/12/2007: The YW6YL DXpedition to Chimana Grande Island (SA-090, DIV-008 for the Venezuela Islands Award), organized by the 4M5DX group, will take place December 12-16th. This will be the second YL only DXpedition undertaken. Operators include Andreina/YY4AND, Carolina/YY4CVI, Laura/YY4LCG, Maika/YY5ALO and Ydorca/YY5EVA. The location will be on Chimana Grande Island (Anzo?tegui State Group SA-090) and the Isla Chimana lighthouse (WLOTA L-2062, ARLHS VEN-030). QSL via IT9DAA, direct preferred but bureau OK. Further information can be found at: www.yw6yl.4m5dx.org/ [DX IS!]

==========

LOOKING AHEAD -

22/12/2007: The Club Station of the Texas Lighthouse Radio Society, W5TLH will activate several lighthouses along the Texas Gulf Coast between December 22-29th for the "ARLHS Lighthouse Christmas Lights QSO Party". Lighthouses include: Texas Maritime Museum (ARLHS USA-1247), Corpus Christi (ARLHS USA-1137), Lydia Ann Channel (ARLHS USA-018, IOTA NA-092, USi TX-001S), Port Isabel (ARLHS USA-649, USi TX-038S), Brazos Santiago [New] (ARLHS USA-080), Brazos Santiago [Old] (ARLHS USA-081, IOTA NA-092, USi TX-007S) and Brazos Santiago Depot (ARLHS USA-1393). Primary SSB operating frequencies will be centered near 14.260 and 7.260 MHz. QSL direct with SASE to W5TLH, c/o Jim Martin, 637 Newberry Dr., Richardson, TX 75080-5622. For a QSL card use a #10 business size return envelope SASE). For a QSL card and an unfolded certificate send a 9" x 12" return envelope (SASE). Further information can be found at: www.w5azn.com/ [ARLHS]

26/01/2008: Nodir, EY8MM will be active as a Single-Op/High-Power (+ Cluster) entry from Tajikistan during the CQ 160-Metre Contest (January 26-27). QSL via K1BV. [NG3K]

26/01/2008: Operators Juha/OH1JT, Pasi/OH1MM, Timo/OH1TM, Mika/OH2JA, Ari/OH5DX and Tomi/OH6EI will be active as OH0Z, a Multi-Op entry, from Riddarklint hill, Mariehamn, Aland Island (EU-002, WLOTA L-1373) during the CQ 160-Metre CW Contest (January 26-27th). QSL via W0MM, direct or

bureau. [NG3K]

26/01/2008: A team of operators will be active as a Multi-Op entry from Bosnia & Herzegovina for the CQ 160-Metre CW Contest (January 26-27th). QSL via T98U or OE1EMS. [NG3K]

01/02/2008: Jim, W9VNE will be QRV from the VP5JM 'Hamlet' on Providenciales Island (NA-002), Turk and Caicos Islands, as VP5/homecall betweeen February 1-6th. His main focus is to participate in the FOC Marathon (a members only event - February 2-4th) on CW. Jim also knows that some prefix hunters will want to exchange reports as well, so he will be pleased to give any prefix hunter a report too. QSL via W9VNE to: Jim Danehy, Box 54482, Cincinnati, Ohio 45254 USA. [Southgate ARC]

15/02/2008: Look for Dave, WJ2O to be active as VP5/WJ2O from Jodi's Hamlet on Providenciales Island (NA-002), Turks and Caicos Islands from February 15-22nd, including a Single-Op entry in the ARRL DX CW Contest (February 16-17th). QSL via home call. [WJ2O]

23/02/2008: Siso, HK3W will be active from Colombia as 5K3W during the CQ 160-Meter SSB Contest (February 23-24th) as a Single-Op/Low-Power entry, using a dipole and 100w. QSL direct only. [NG3K]

23/02/2008: Costantino, HI3CCP plans to be QRV as HI3C from Loma del Toro, Dominican Republic (NA-096, WLOTA L-2274) during the CQ 160-Meter SSB Contest (February 23-24th) as a Single-Op/Low-Power entry. QSL via ON4IQ. [NG3K]

23/02/2008: Look for Raffaele, IH9YMC to be QRV from Pantelleria Island (AF-018, IIA TP-001, MIA MI-124, WW Loc. JM56XT), African Italy, as a Single-Op/Low-Power entry in the CQ 160-Meter SSB Contest (February 23-24th). QSL direct only. [NG3K]

23/02/2008: Tom, KC0W will be active from St. Helena Island (AF-022) as ZD7X during the CQ 160-Meter SSB Contest (February 23-24th) as a Single-Op/Low Power entry. QSL via W0MM (see QRZ.com). [NG3K]

01/03/2008: Al, F5VHJ will be QRV as a Single-Op/All-Band/High-Power entry in the ARRL DX SSB Contest (March 1-2nd) using the call sign TO5A from the island of Martinique (NA-107, DIFO FM-001, WLOTA L-1041). QSL via F5VHJ. [NG3K]

15/03/2008: Javier/HR2J and crew will be active as HQ8R from Swan Island (aka Isla Grande - Isla Santanilla) (NA-035, WLOTA L-0061), Honduras, between March 15-23rd. Operators include WQ7R/HR9 Ray, KC4CD/HR2 Lane, HR2DX Antonio, HR2DMR Daniel, HR7REA Ramon, HR2J Javier and HR2PAC Pedro. They are planning to operate two PHONE stations one CW and one digital modes in RTTY and PSK31 (total of four stations) with 10 operators on 160 to 10 metres. QSL via HR2RCH (Radio Club de Honduras, PO Box 273 San Pedro Sula, Cortes, HONDURAS). Further information can be found on their web site at: www.hondurasdx.com/ [NG3K]
==========

SPECIAL EVENTS -

08/12/2007: The Radio Club F6KIM (Dept. 54) will air the special call TM4AFM for the 21st annual T?l?thon 2007, the fund-raising event organized by the French Muscular Dystrophy Association on December 8th and 9th from the town hall in Richardm?nil. They will add on the QSL confirming the QSO a recall to make gifts for the AFM. QSL via operator's instructions. [F5TSB]

08/12/2007: Special callsign GB80GKZ will be aired December 8-9th by members of the Eagle Radio Group in Mablethorpe, Lincolnshire to commemorate 80 years of Humber Radio (callsign GKZ). Activity is planned on 80-15 metres SSB, CW and digital modes. QSL via 2E0NCG. [425 DX News]

12/12/2007: To commemorate the 35th Anniversary of the Royal Omani Amateur Radio Society, all Omani stations will sign callsigns/35 from December 12-14th. The ROARS HQ station A47RS will also be QRV as A47RS/35. QSL HQ station via bureau. [ARRL DX News]

12/12/2007: John/G7HIA and Robert/G8ATE will be using the special call sign GB0OO (golf bravo ? oscar one) between December 12-16th. The 12th of December is an unofficial OSCAR DAY celebrating the launch of Amateur radio's first satellite Oscar-1. They will be operating only on analogue satellites. Further information can be found at: www.turlington.supanet.com/ [Southgate ARC]

U.S.A. Special events can be found at: www.arrl.org/contests/spev.html

U.S. COUNTIES - USA-CA -

07/12/2007: Look for Jim, KB6TAL/m on December 7th, CW only, from the State of Arizona. He plans to run Graham around 1700 UTC. He plans to run Cochise, Graham, Gila, Navajo and Apache. QSL via home call. [County Hunter Web]

08/12/2007: Guff/KS5A and Pete/NN9K will be mobile, CW only, for the USA-CA award program between December 8-11th. Start and end dates are tentative. For planning with normal ops, band order will go down in freq from the initial run band to 80m, then move up through the unworked bands. (20-30-40-80-17-15m or 40-80-30-20-17-15m). No 10m ops are planned for this trip. They plan to run the following counties - Illinois: Knox, Peoria, Tazewell, McLean, De Witt, Piatt, Champaign and Vermilion; Indiana: Fountain, Vermillion, Putnam, Hendricks, Marion, Hancock, Henry, Union, Fayette, Rush, Shelby, Johnson, Morgan, Owen, Clay, Vigo, Sullivan, Greene, Monroe, Brown, Bartholomew, Decatur, Franklin, Ripley, Dearborn, Ohio, Switzerland, Jefferson, Jennings, Scott, Washington, Jackson, Lawrence, Martin, Daviess, Knox and Gibson; Illinois: Wabash, Edwards, White, Gallatin, Hardin, Saline, Pope, Johnson, Williamson, Franklin, Jackson, Jefferson, Marion, Fayette, Shelby, Christian, Macon, Sangamon, Logan, Tazewell, Peoria and Knox. QSL via home calls. [County Hunter Web]

08/12/2007: Sterling, WA7JHQ will be mobile on December 8th, CW only, from the following counties - New Mexico: Cibola and McKinley; Arizona: Apache, Navajo, Gila and Pinal. QSL via home call. [County Hunter Web]

12/12/2007: Randy, AA8R/m will be running counties December 12th and 13th, CW only. This is a two day trip from Montcalm, MI to Cook, IL. He will try to run county lines on 20, 30, 40 & 80m CW. Randy plans the following - Michigan: Allegan, Kalamazoo, Cass, St. Joseph, Branch and Hillsdale; Indiana: Steuben, De Kalb, Noble, Whitley, Kosciusko, Wabash, Miami, Howard, Tipton, Clinton, Carroll, Cass, Pulaski, Fulton, Starke, Jasper, Newton and Lake. QSL via home call. [County Hunter Web]
==========
The WIA Board has approved the appointment of Ray Crawford VK4HDX as VK4 QSL Bureau manager.

Ray Crawford VK4HDX is a member of the WIA, resides at 53 Moore Street Kingaroy QLD 4610 phone (07) 4163 6940. Email: hamdxer59@....
Ray is an active Dxer and was active in NZART before coming to Australia.

The present VK4 QSL manager Eddie de Young VK4AN has resigned due to other commitments. Eddie brought a strong interest to the concepts of managing a QSL Bureau and was always ready to suggest ways by which the system could be improved. [F5NQL]

I.C.P.O. (Islands, Castles & Portable Operations)
UPDATE -
==========
Dr Hunters

At Saturday 15.th. of December, I + (some company) plan to activate the 4 LH of Aggertange. All placed on Vensyssel / Thy Island EU-171 and DIA NJ-001.

Hope it will be possible working with 2 stations (20m and 40m).

At Friday 14-12-07 my web will be updated with a time-schedule at each LH and used CALLs.

All QSLs via HC - Bureau or Direct - REMARK my new adress at www.qrz.com

Vy 73 de OZ7AEI / Jakob
http://oz7aei.qrz.dk
At my web You will find info about activity in the future, pictures, movies ect. [Tnx DE0MST]

I finally got and ER station confirmed! It's party time!

I did hear from ER4DX and that gives me 10M and 20M confirmed. Best of all it gives me the country confirmed. Not going to worry about the other bands for this one. I'll find another country that is easier to confirm to give me my 100 count on those bands.

6232. A52AM NO GOOD for DXCC

Yahoo group: GOLIST (2007 — 2010)
Date: 2007-12-07 23:14:55 UTC
From: Peter Dougherty
Topic: 6232 Message: 6232

Got some bad news today in that the only Bhutan operation I've ever heard from this QTH, A52AM, isn't good for DXCC. Worked in May and just received his card received a couple of weeks ago. According to Bill Moore it was an unauthorized operation.

Feh--Back down to 305 again. HR shouldn't be getting further away <grin>.

BUY A LOTTERY TICKET NOW! TODAY!! Moldova is by FAR the hardest active country to confirm, and ER4DX is by far the hardest guy there to actually get a card out of...and I've tried EVERY method under the sun. ER1QQ and ER1DA ain't much better, either.

You got that right. Somebody on here suggested a route for ER4DX and I mailed the card about 3 weeks ago and got it today. I have also worked ER1QQ and ER1Q and a couple others. Those I would like to get confirmed because it would give me 40 and 80, but at least I have it confirmed period now.

I'm curious: What address did you use? I've managed to get a couple of
cards out of ER1QQ a few years ago to make up for the wasted postage
to ER4DX, so I don't need that one any more. I still need ER1DA for
30m; I've sent buro, direct with G$$, IRC and mint stamps. Nada.

I celebrate an All-Time New One with something far nicer. 18 Year Old Macallan the day I work 'em and a nice Highland Park 18, Ardbeg Uigedail, Laphroaig 15 YO or Talisker Distiller's Edition the evening that I receive the QSL. BS7H got nice dram of Glenmorangie Burr Oak, and the day my Honor Roll plaque arrives in a few years, that gets Ardbeg Provenance!

Needless to say, whenever I work a GM station on SSB, we frequently have something to talk about <grin>.

Hi all,
I contacted in CW yesterday night on 80m, my neighbor TN6X (Kinshasa, Brazzaville over the Congo river = 4 km...)
He said . for QSL to DJ6SI.

I've never heard of an on-line log for any of Baldur/Franz DXpeditions.

Hi John!

Thanks for the spot. I have ran into several people who have needed AK on RTTY, so I have been trying to operate it as often as I can especially when I have propagation all the way to the east coast. Band has been "okay" with lots of QSB. Been playing around with PSK31, too. I have to admit, I like RTTY better but I am kinda old fashioned.

I hope all is well back your way! We are in the mid 30's here so almost like summer in these parts!

Happy holidays to the group! I have been trying RTTY in the morning with some EU stations that need Zone 1 and/or AK. Had a few contacts this morning so hopefully tomorrow will be even better.

Hi Phil,
You were stronger than skunk scent down here for over 2 hours.
I just ast here and listened. I had to turn the attenuator on to decode.
My fingers were not working well today, so I did not jump in there
on the keyboard.
Your temp is just like ours hi! Was real foggy here today, supposed to
reach into the 70's here tomorrow and then drop back to the 50's again.
I am like you, I like RTTY better as well, but you will always find a
signal on PSK.
Hope to catch you again soon Phil, oh, 10 meters has been real good
today and I have almost worked all states today.
See ya on the bands pal.
John K1XN

6250. I WOULD LIKE YOUR OPINION

Yahoo group: GOLIST (2007 — 2010)
Date: 2007-12-09 15:08:48 UTC
From: K1XN
Topic: 6250 Message: 6250

Hi folks,
I am thinking of getting a headset and boom mic w/foot switch to use for what little I operate on phone. I have never owned any before. I would like to hear from you as to your preference to a 2 muff or a single muff headset and what headphone/mic that you use.
Thanks in advance for your info.

Hi John

Depending on the Radio. I have used Heil
headset w/boom mikes Number 4 element
with a FT-1000MP ever since they have been
out plus now with the FT-2000 I also use the
same set up

Thanks Larry. I do so little phone, it makes me
wonder if the expense of the Heil or any headset/mic
is worth the expense. But then, when you need it, you
just need it.

Hope all is well with you pal and hope to hear you on the
bands soon.

Yahoo group: GOLIST (2007 — 2010)
Date: 2007-12-09 19:33:17 UTC
From: w6nws
Topic: 6250 Message: 6255

I have used Heil headsets for years. I started with the BM-10 which is a single earpiece and the newer dual ear piece model. I prefer the dual headset myself. The foam earpiece covering on newer dual model shredded somewhat quickly for me. I prefer the bigger ear pieces that surround the ears rather than the older ones which sort of rode on the ear as the bigger ones were less fatiguing to me especially on contests and DXepditions. The bigger ones also block out the background noise better.

John: I have been using the Heil Pro with 2 ear muffs and HC5 element in the boom. The HC5 works very well with the high boost on my Kenwood 850. Work a lot of contests and continually get good comments on my audio.. I find the foot switch very awkward to use and sometimes revert back to vox in contests. All a matter of preference. I question whether you will need the foot switch. Might be able to save a buck or two...

Thank John. I had not thought about using VOX as I never use it now.
Something new to think about. With foot switchs running around $30.00
that might be a good choice for me.

6259. CQ Magazine 2007 DX Marathon

Yahoo group: GOLIST (2007 — 2010)
Date: 2007-12-09 20:13:09 UTC
From: K1XN
Topic: 6259 Message: 6259

SUBJECT: CQ Magazine 2007 DX Marathon

Please pass the following information to your readers:

Just a few weeks left to the end of the second annual CQ Magazine DX Marathon! Each year from January 1 to December 31, CQ Magazine sponsors a challenge to work as many countries and zones as possible in the calendar year. This year's edition ends soon, but there is still time to fill in some missing countries and zones. Remember that for 2007, the WARC bands are permitted.

For complete rules and submission information, please see our web site at: www.dxmarathon.com

Good luck and see you on the bands!

73,
John, K9EL
Program Manager, CQ DX Marathon

I'd strongly endorse the Heil ProSet Quiet Phones. The active noise reduction feature is a *HUGE* advantage on both CW and SSB, and the HC5 mic, I've found, is as good if not a little more intelligible than the harsher "DX Dream Machine" HC-4. There's a PTT switch in the inline box containing the batteries and ANR circuitry, but I find a footswitch is more intuitive.

Thanks Peter. I think I would like using a foot switch, but
may try the VOX route before spending the extra money.
Happy Holidays.

Bonjour à tous
Depuis environ huit années, j’ai assuré gratuitement ce service d’
informations trafic, tant pour mon compte que pour celui de l’Union Française des
Télégraphistes..
Je sais aussi par de nombreux témoignages reçus que ces informations sont
attendues et appréciées par les abonnés de la liste, présents aujourd'hui dans
près de 100 pays DXCC.
Certains peuvent s’imaginer ce que peuvent représenter pour moi les séances

de version et thème, mais j’ai toujours mis un point d’honneur à ce que les informations reçues en langue étrangère soit diffusées en français, et vice versa et au moins en anglais, pour celles reçues dans cette langue.
Le faisant par plaisir et pour, je le crois, rendre service au plus grand nombre, il ne m’est jamais venu à l’idée de mettre les informations transmises sous copyright.
Jamais je n'ai pensé devoir écrire : " Les informations peuvent être reproduites et diffusées par tout moyen, pourvu qu'on en cite toutes les sources".
Pour moi cela allait tellement de soi.
Les rapports entretenus avec les fournisseurs d'information sont excellents à ce jour, basés qu'ils sont sur la confiance , la réciprocité, et le Ham Spirit. Ce mode de fonctionnement vous permet de recevoir des informations quasi quotidiennement.
Certains rediffusent et ont demandé mon accord ou citent leurs sources, toutes leurs sources. Pour ceux-ci, je dis qu’ils respectent l’esprit de la liste.
Chacun a pu aussi remarquer depuis des années la fin de chacun des messages ainsi rédigée :
Retransmis avec ses amitiés par Maurice, F5NQL,
Liste d'info DX de l'UFT (_www.uft.net)_ (http://www.uft.net)/)
J’aimerais, à défaut de me citer, ce qui m'importe toutefois peu, qu’on ait au moins la pudeur de ne pas supprimer cette dernière ligne.
Il est vrai qu’il y a toujours un geai quelque part pour se parer des plumes du paon, rappelait mon ami La Fontaine. En ce moment il y en a au moins un.
Vu la tournure des événements, je suis donc amené malgré moi à réfléchir à la continuité de cette liste, sous sa forme ouverte actuelle.
Je ferai part de la décision en temps utile.

Some people hate foot switches. I got used to a footswitch in multisingle operations where the background chatter can sometimes trip the VOX. I use a foot switch exclusively even in casual operating. I also use a foot switch for CW to prevent accidental transmissions. Again, personal preference.

Larry, I think I would prefer a foot switch. I know
I would not be happy with a push button or any other
hand held device.
Happy Holidays.

Vox has its place, but on a couple of occasions it's proven rather embarassing. Once involved an expletive being passed through the mic after I'd forgotten to disengage VOX, and the second...well....have you ever heard an entire pile say "Gusundheit" at once?

Subject: [GOLIST] I WOULD LIKE YOUR OPINION

Hi folks,
I am thinking of getting a headset and boom mic w/foot switch to use for what little I operate on phone. I have never owned any before. I would like to hear from you as to your preference to a 2 muff or a single muff headset and what headphone/mic that you use.
Thanks in advance for your info.

I agree with Peter; the Heil ProSet Quiet Phones are great. I have an AC unit near my rig and the sound simply disappears when I turn on the noise-cancelling switch. I was just amazed how well the circuitry works. The only disadvantage is that the headphones require a couple of batteries to be replaced fairly frequently if you don't remember to turn it off when done using it. (When I get around to it, I plan to hook up a battery eliminator.) And the length of the headset cord seems a little short so I am going to add an extension one of these days <g>.

I do have the HC-4 DX element in mine and I'm pleased with it for DXing.

I was previously using the Heil ProSetPlus headphones which are also a fine choice but he Quiet Phones are much better. Because of the reduction in outside sounds with the Quiet phones it is possible to operate with the volume at a lower level which is easier on the ears.

Most of the time I use the Heil hand switch for PTT although the Quiet Phones have their own PTT switch, it's not as comfortable to use.

Jamie Punderson, W2QO

John, let me put the benefits of Active Noise Reduction into context. The first time you turn on the ANR circuitry and there's a very weak signal present (CW or SSB), it will sound like the equivalent of going from a dipole to a stack in terms of copyability. On high-QRN bands like 80 and 160 that headset alone has gotten me a bunch of stuff in the log that would not have been workable easily on other headsets.

On the downside, they're not the most robust cans I've ever owned, and when I sent them into Heil for refurbishment last year I had to go back to my Proset Plus. HUGE step down, IMHO, despite the fact the Proset Plus is built to much tougher specs than the Quiet Phones.

Personally, I'd like to own a professional broadcast-quality ANR headset with a Heil HC-5 element, should ever such a beast be available.

Hi John and group

I have been using the Heil Pro-set plus dual muff boom mic for about 3 years now. It is great. It came from a SK Estate for $100.

Makes copy of code real nice since it attenuates the outside distractions very well. XYL has tapped me on the shoulder many times when she called for dinner and I never heard her. Both of us can enjoy the radio. Me listening and her only hearing me speak once in a while.

Using the foot switch makes operating Contests much easier since I have 2 free hands to hold the papers and keyboard. The hand mic has only seen the light of day when I open the filing cabinet drawer. Never used VOX. I've heard many times stations with VOX key up and the operator has no idea he is TX. Coughing, doors closing, fans running, etc..

I keep the QSO's short, log them and clear the frequency for others who need the station beside myself.

73,
Tony N2MFT

Hi John:
I have the Heil ProSet with the HC5, the HM-10 dual element boom mike, a foot switch and the Heil hand switch.
I have the hand switch and the foot switch (not Heil) paralleled.This way I can use which ever is more convenient at the time. I also have a switch box to switch between the head set mike and the boom mike. I don't use VOX as I'm prone to making "editorial" comments when I'm in QSO that I wouldn't want to go out on the air.
The HC5 suits my voice and the FT1000 MKV field that I run, I often get "loudest and clearest audio" comments even though there are stronger signals in the pile.
The ear pads in the ProSet will need to be replaced once in a while as sweat seems to cause them to crack. In contests sometimes my ears become sore and uncomfortable. I find wiping my ears with witch hazel cools them and makes it comfortable to wear the head phones again.
My shack is carpeted and I need a desk mat under my chair. I got tired of chasing the foot switch around so I screwed it to the floor mat and its always in the same place.

So I hope this help.

John Passaneau

David Clark makes headsets used heavily in the aircraft industry and areas where a high degree of isolation is needed from outside noises.

Hi John,
Some good ideas. Sounds like sometimes there is a Qso within
a Qso!!! Only with religion and politics, I bet!!!
Happy Holidays.
John

From: Jerry Plemmons
Topic: 6250 Message: 6280

Another choice is Plantronics. They were one of the first to come out with a lightweight headset to replace the famous Western Electric headsets that telephone operators used for years and years. Plantronics has an extensive line of headsets.

Nothing in the FCC rules dictate that hams have to use headsets with big ear muffs on them. Check with Plantronics at www.plantronics.com or http://www.plantronics.com/north_america/en_US/products/cat1230032;jsessionid=NSWRWF4RLKYXSCQBGNUSFFAKAEZWQIV0

I use Heil and have tried the foot switch and hand switch. VOX is the best for me. I, too, tired of chasing the foot switch around the floor.

France, Castles and Mill :
On next Saturday, look for François, F5JNE, and Gérard, F6ICG, to be active
as F5JNE/p from the Castle of Surgy, DFCF 58087, in the city of Surgy (Zip
58500) and Canton of Clamecy DCF 58-05.
Other references : Department of Nièvre/58 and province of Burgundy.
In the same area is located the Monks Mill (Moulin des Moines), which count
for the French Mills award. For this mill it will be a new activity (1st in
June 2005) François will be able to give this reference 58018, if needed
with the Castle one.
As usually, starting around 0700 utc, 80 then 40m, CW & SSB.
QSL bureau preferred and SWL cards welcome.
73 from François and Gerard.
Tks François, F5JNE
French SOTA:
On next Saturday, look fot Moïse, F5IUZ to be active as HC/p, from the
DOUARD Head, 496m asl, SOTA Reference : F/CR-243.
CW on QRG : 7032 /10116 +/- QRM .
Starting around 1000 utc, for a 2 hours running.
QSL via F5IUZ, direct or bureau.
See you

If ou use or forward thes information please, don’t forget to give the sources, all the sources. Thank you.

Apologize for possible double sending.

If this kind of message could be useful to your friends please spread it and ask
them to include their address on the mailing list at : _f5nql@..._ (mailto:f5nql@...) .

If you don't want to receive these message anymore, please ask to be removed of the mailing list, same way.
Bonsoir à tous
Je remercie tous ceux d’entre vous qui m’ont adressé des messages d’amitié, à la suite de l’information relative au pillage effectué par quelques uns.
Connaissant certains de ceux qui se livrent à ce sport, j’ai décidé, pour ne pas vous pénaliser de continuer comme par le passé. J’ai simplement du, à regret, faire un peu de ménage dans la liste d’info DX de l’UFT.
J’ai du aussi, pour protéger mes informateurs, modifier la signature. Je sais que tous me comprendront.

From: HA3AUI - 6W2SC - J5UAP <ha3aui@...>
To: <Bill@...>

Hello Bill,

Une fois de plus je repars en Afrique, juste après le Nouvel an.
Je serai du 15 janvier au 15 avril 2008, à cheval sur le Sénégal et la Guinée Bissau.
Indicatifs inchangés : 6W2SC et J5UAP (QSL via HA3AUI, direct/buro/lotw/eqsl)
Principalmeent en modes numériques, et un peu de SSB.
Au Sénégal QRV de 160 à 6m et en Guinée Bissau, QRV de 3 à 10m.
A mon temps liubre, mais il y aura de longues périodes de trafic.
Les demandes de skeds et les offres de parrainages sont bienvenues.
vy 73, Peter

6286. ICPO Bulletin (December 13 - 21, 2007)

Yahoo group: GOLIST (2007 — 2010)
Date: 2007-12-13 18:58:46 UTC
From: Dave Raycroft
Topic: 6286 Message: 6286

I.C.P.O. Bulletin (December 13 - 21, 2007)
Islands, Castles & Portable Operations.
Listing is by calendar date (day/month/year)
==========

12/12/2007: Jerry, WB9Z will be active vacation style as PJ2/WB9Z from Signal Point, Curacao (SA-006, WLOTA L-0942), December 12-25th. Look for activity on all bands. QSL via home call. [CCC]

14/12/2007: After almost one year of hard working with Palestinian authorities a callsign E4/OM2DX was issued. A team of 4 operators, namely Mike/OM2DX, Steve/OM3JW, Rudy/OM3PC and Miro/OM5RW are planning to settle in Bethlehem from December 14-22nd. They will be active on all bands from 160-10m using CW, SSB and RTTY with two stations. QSL via OM3JW. More info at: www.om2dx.com/e4.html [K1XN & The GOLIST]

14/12/2007: The YW6YL DXpedition to Chimana Grande Island (SA-090, DIV-008 for the Venezuela Islands Award), organized by the 4M5DX group, will take place December 14-18th. This will be the second YL only DXpedition undertaken. Operators include Andreina/YY4AND, Carolina/YY4CVI, Laura/YY4LCG, Maika/YY5ALO and Ydorca/YY5EVA. The location will be on Chimana Grande Island (Anzo?tegui State Group SA-090) and the Isla Chimana lighthouse (WLOTA L-2062, ARLHS VEN-030). QSL via IT9DAA, direct preferred but bureau OK. Further information can be found at: www.yw6yl.4m5dx.org/ [DX IS!]

15/12/2007: Tony, 3D2AG/FO5RK reports that his trip to Rotuma Island (OC-060) is scheduled from December 15, 2007 to January 20, 2008, using the call sign 3D2AG/p. He will be active on 10-80 metre SSB and CW, plus digital modes if local power conditions allow him to use a computer. Tony will use Spiderbeam antennas, solar panels and/or a generator and no linear amplifier. QSL via 3D2AG / FO5RK in QRZ.com (c/o Sam Torope Box 3040 Noumea, 98846, New-Caledonia) direct only. Updates will be available at www.3d2ag.fr.tc/ [425 DX News]

15/12/2007: Look for Mo?se, F5IUZ/p to be active December 15th from the Sommet du Douard (SOTA F/CR-243, 496m, 1 point, WW Loc. JN23TG) located in the C?tes-du-Rh?ne region. Activity will start around 1000 UTC for about 2 hours, CW only on 7.032 and 10.116 MHz (+/- QRM). QSL via home call, direct or bureau. [F5NQL]

15/12/2007: Fran?ois/F5JNE, and G?rard/F6ICG, will be active December 15th as F5JNE/p from the Castle of Surgy (DFCF 58-087), in the City of Surgy (CP 58500) and Canton [County] of Clamecy (DCF 58-05), Department of Ni?vre/58, Province of Burgundy (DPF 05). In the same area is located the Monks Mill (Moulin des Moines), which counts for the French Mills award (DMF). For this mill it will be a new activity (1st in June 2005).

Fran?ois will be able to give this reference 58-018, if needed with the Castle one. As usually, starting around 0700 UTC, 80 then 40m, CW and SSB. QSL via the bureau is preferred and SWL cards are welcome. [F5NQL]

15/12/2007: Jim, KA3UNQ plans to activate several lighthouses in the State of Maryland on December 15th. Look for him to be at Hawkins Point (ARLHS USA-083), Brewerton Lower Range (ARLHS USA-1103), Fort Carroll (ARLHS USA-290), Leading Point (ARLHS USA-084) and Brewerton Upper Range (ARLHS USA-1104). Activity will be between 1400 to 1930 UTC on 3990, 7235 and 14270 kHz (+/- QRM). QSL direct to home call (CBA) with SASE. [ARLHS]

15/12/2007: Dan, KD3CQ (ARLHS member #979) will be active December 15th as homecall/p from Jones Point lighthouse, VA (ARLHS USA-409). Activity will start around 1330z on 7.270 (7.230 - 7.280) and 14.270 MHz (+/- QRM), for about an hour or so. After this activation Dan will south to Maryland and plans to activate Upper Cedar Point lightouse (USA-867) and/or Mathias Point Shoal lighthouse (USA-483) around 1600z. QSL direct to home call with SASE and/or SAE plus postage. [KD3CQ]

15/12/2007: Jakob/OZ7AEI, Flemming/OZ5FM and possibly others plan to activate the 4 lighthouses of Aggertange, located on Vensyssel/Thy Island (EU-171, DIA NJ-001) on December 15th. They hope to operate with 2 stations at the same time (20m and 40m). Lighthouses will be: Langholm Bagfyr [Range Rear] (ARLHS DEN-081), Langholm Forfyr [Range Front] (ARLHS DEN-082), Agger Tange Forfyr [Range Front] (ARLHS DEN-190) and Agger Tange Bagfyr [Range Rear] (ARLHS DEN-191). Jakob's web site (oz7aei.qrz.dk/) will be updated December 14th with a time-schedule at each lighthouse and calls used. All QSLs via home call, direct or bureau (Jakob's new address is ok on QRZ.com). On his web site you will find info about activity in the future, pictures, movies etc. [DE0MST]

16/12/2007: Steve, G0UIH plans to be active as VK2IAY/4 from Great Keppel Island (OC-142), December 16-22nd. As with previous DXpeditions the main operation will be centered around 14.260 MHz, with the possibility of 15 and 17m also. Equipment will be the 706MK2G used previously on VK and 3D2 activations with homebrew wire dipoles. QSL route is fine either direct or via the bureau. Check out the website for further details at: www.percy.me.uk/ [RSGB IOTA]

17/12/2007: Marty, W2CG, will be vacationing in Aruba (SA-036, WLOTA L-0033) between December 17-31st and will be active as P40CG. Operating time will be limited to early mornings/late evenings. His activity will be on 80-10 metre CW and SSB. QSL via his home call sign or LoTW. [OPDX]

17/12/2007: Yutaka, JQ2GYU (T88YU), Mihoko, JJ2VLY (T88LY) and their 13-year-old son Koki, JE1PGS (T88GS) will be active from Palau (OC-009), December 17-22nd. Expect activity on 6-80 metre CW and SSB during their mornings and evenings. QSL via home calls, direct or bureau. [425 DX News]

17/12/2007: Members of the Grupo DX Caracas are organizing the first ever DXpedition/Trek to Triple Point, Mount Roraima, Venezuela, frontier landmark between Venezuela, Guyana and Brasil. Look for special event station YW6R to be active the 3rd and 4th week of December, on HF and VHF. The Grupo DX Caracas DXpedition is open to all the radio amateurs of Venezuela and abroad, their families and friends, who wish to share a different adventure to the marvelous world of Venezuelan nature at the Gran Sabana. Complete details are available on the Web at: gdxc.org/ [OPDX]

22/12/2007: Luis, CT3EE will activate CT9EPC, a special call sign for the EPC (European PSK Club) members on Madeira Island (AF-014, DIP MA-001, WLOTA L-0053), between December 22-28th. Activity will be mainly on 40/20 metres because of propagation. The call sign CT9EPC is used only on the digital modes, and the main objective is to have more activity on these modes. QSL direct to CT3EE (see QRZ.com) and not to the bureau (he is not a member of the Portuguese National QSL bureau). [OPDX]

22/12/2007: The Club Station of the Texas Lighthouse Radio Society, W5TLH will activate several lighthouses along the Texas Gulf Coast between December 22-29th for the "Lighthouse Christmas Lights QSO Party". Lighthouses include: Texas Maritime Museum (ARLHS USA-1247), Corpus Christi (ARLHS USA-1137), Lydia Ann Channel (ARLHS USA-018, IOTA NA-092, USi TX-001S), Port Isabel (ARLHS USA-649, USi TX-038S), Brazos Santiago [New] (ARLHS USA-080), Brazos Santiago [Old] (ARLHS USA-081, IOTA NA-092, USi TX-007S) and Brazos Santiago Depot (ARLHS USA-1393). Primary SSB operating frequencies will be centered near 14.260 and 7.260 MHz. QSL direct with SASE to W5TLH, c/o Jim Martin, 637 Newberry Dr., Richardson, TX 75080-5622. For a QSL card use a #10 business size return envelope SASE). For a QSL card and an unfolded certificate send a 9" x 12" return envelope (SASE). Further information can be found at: www.w5azn.com/ [ARLHS]

==========

LOOKING AHEAD -

01/01/2008: Special event station 8J7OZE will be aired between January 1st and September 30th to commemorate "The Birth of Oze National Park". Opened on August 30, 2007, the park is an area consisting of wetlands and mountains in Chubu, Japan. The park's area includes the marshes and the mountains in the Oze area, formerly part of the Nikko National Park, and other nearby areas including the Aizu-Komagatake and Tashiroyama mountains. The park is 37,200-hectares in area and includes parts of Fukushima, Tochigi, Gunma and Niigata prefectures. QSL via the JARL bureau. [JJ1WTL/AC6IM]

01/01/2008: The special event call sign EI100SI will be aired from January 1 to December 31, 2008 to celebrate the 100th anniversary of the Boy Scouts in Ireland. QSL info will be available on QRZ.com. [F5NQL]

01/01/2008: Lions Clubs International, the world's largest volunteer service organization, will be sponsoring an amateur radio special event

station to be operated by Great Britain's Bedworth Lions Club January 1-28th. The station will operate on 2 metre FM and 80-10 metre SSB with the call sign GB4BLC. Additionally for 2008, contacts via amateur satellite are planned. QSL via G8GMU, direct or via the RSGB bureau. Further details at: www.bedworthlionsclub.co.uk/evawa.htm [Southgate ARC]

15/01/2008: Peter, HA3AUI reports that he will be leaving for Africa just after the New Year, 2008. During the period of January 15th and April 15th he will be QRV from Senegal (6W/, 6W2SC) and Guinea-Bissau (J5/, J5UAP). Activity will be mainly digital modes, with some SSB, on 160-10m from 6W, 30-10m from J5. This will be a spare time, but long operation. QSL via HA3AUI, direct or by the bureau. [NG3K]

18/01/2008: Unni, LA6RHA plans to be QRV from Svalbard [Spitsbergen Island] (EU-026, WLOTA L-0125) using the call sign JW6RHA between January 18th and 24th. She will try to be on 14.248 MHz or down. This will be Unni's 16th time on JW-land. QSL is via LA6RHA. [NG3K]

26/01/2008: Jim, W7EJ will be active as CN2R, a Single-Op/High-Power entry from Morocco, during the CQ 160-Metre CW Contest (January 26-27th). QSL via W7EJ. [NG3K]

13/02/2008: Operators Stan/AC8W, Hank/K8DD, Jim/KB8TXZ and Jay/W5JAY will be QRV from the QTH of Ramon, PZ5RA in Paramaribo, Republic of Suriname, from February 13-18th. They also plan a Multi-Single entry in the ARRL DX CW Contest (February 16-17th). Look for activity on 160-10m and WARC. Personal calls have been applied for. QSL information to follow. Stay Tuned! [NG3K]

16/02/2008: Nodir, EY8MM will be QRV from Tajikistan during the ARRL DX CW Contest (February 16-17th), as a Single-Op/Single-Band (80m)/High-Power entry. He needs KS, LA, ND, NE, WY on 80m. QSL via K1BV. [NG3K]

29/03/2008: Look for Jim, W7EJ to be QRV as CN2R from Morocco during the CQWW WPX SSB Contest (March 29-30th) as a Single-Op/Single-Band (20m) entry. WARC and maybe EME before the test. QSL via W7EJ. [NG3K]

29/03/2008: Al, F5VHJ will be QRV as a Single-Op/All-Band/High-Power entry in the CQWW WPX SSB Contest (March 29-30th) using the call sign TO5A from the island of Martinique (NA-107, DIFO FM-001, WLOTA L-1041). QSL via F5VHJ. [NG3K]

==========

SPECIAL EVENTS -

12/12/2007: To commemorate the 35th Anniversary of the Royal Omani Amateur Radio Society, all Omani stations will sign callsigns/35 from December 12-14th. The ROARS HQ station A47RS will also be QRV as A47RS/35. QSL HQ station via bureau. [ARRL DX News]

12/12/2007: John/G7HIA and Robert/G8ATE will be using the special call sign GB0OO (golf bravo ? oscar one) between December 12-16th. The 12th of December is an unofficial OSCAR DAY celebrating the launch of Amateur radio's first satellite Oscar-1. They will be operating only on analogue satellites. Further information can be found at: www.turlington.supanet.com/ [Southgate ARC]

15/12/2007: Special event station 8J1TFD will be aired from December 15, 2007 until March 31, 2008 to celebrate the 60th anniversary of the Tokyo Fire Department. Look for activity on all bands and modes. QSL via the JARL bureau. [JJ1WTL/AC6IM]

25/12/2007: Special event station 8N0SNOW will be aired from December 25, 2007 until February 22, 2008 to celebrate the 63rd Winter National Athletic Meet. Look for activity on all bands and modes. QSL via the JARL bureau. [JJ1WTL/AC6IM]

U.S.A. Special events can be found at: www.arrl.org/contests/spev.html

U.S. COUNTIES - USA-CA -

15/12/2007: Mark, N2MH will be running mobile on a short trip to Downstate New York on December 15th. He will take a short swing to New York and put out Orange and Sullivan counties. Along the way, Mark will pass through Essex, Morris, and Sussex counties, New Jersey. This will all be in the morning, Eastern Standard Time. He will run Sullivan on 40/30/20 CW and 40/20 SSB. The other counties will be on the same bands as Sullivan starting with CW and on a time available basis. QSL via home call. [County Hunter Web]
==========
ANOTHER NEW DXCC ENTITY ? -

Kosovo independence not 'if, but when': government official

Kosovo will press ahead with independence plans much earlier than anticipated, a spokesman for the breakaway Serbian province's government said Monday (December 10th), as a United Nations deadline for mediators to resolve its status was set to expire without an agreement. [CBC News]
==========
ANTARCTIC NEWS -

Gianni, I1HYW is happy to report that he has just received the beautiful 1? Years Award for the Ukrainian Antarctic Station "Akademic Vernadsky" (WAP UKR-?1).

The diploma free-of-charge was issued by Ukrainian Antarctic DX club and UARL, and it had to be requested to: Roman Bratchyk UT7UA, PO Box B-19, Kiev 01001, Ukraine.

More info at WAP web site : www.waponline.it

On the same web site,
http://www.waponline.it/WapAwards/tabid/61/Default.aspx , at the AWARD page you can get a view of the most popular & official WW Antarctic Awards. [I1HYW]
==========
NEW SHORT CALL PREFIXES IN FINLAND -

Call signs with a single letter suffix (OH1A etc.) have been issued to Finnish club stations since 2005. Starting January 2, 2008 these calls can be applied for also by individuals. Call signs are now issued also with the new prefix OG. These calls are valid for five years and may be extended later. [DX Newsletter]

From: Alan
Topic: 6289 Message: 6289

John,

I updated the latest QSL info for HK1AR from info posted at http://www.qrz.com/HK1AR, that states for the period 21 Nov thru 25 Nov 2007 including 2007 CQWWDX CW Contest QSL's ONLY go to guest op RA3CO. This is NOT how it is displayed on the GOLIST http://golist.net/lookup web site. You need to show RA3CO is shown as QSL manager for only a short period of time. You need a comments block on your QSL Manager Route Update or Submission link so details like this can be entered and shown as such.

Hi Alan,
Thank you for the info and corrections. I will get the record
corrected right now..
On the qsl route update page, info like this can be entered at the
bottom in the OTHER field. This info will then be sent to me.
I really prefer that you email me the info as you just did, then I
can have a record to refer back to when in need.
Thanks again Alan.

6291. 3Y/ZS6GCM - Bouvet Island

Yahoo group: GOLIST (2007 — 2010)
Date: 2007-12-16 15:34:28 UTC
From: K1XN
Topic: 6291 Message: 6291

Newly licensed operator from South Africa is currently on Bouvet Island, probably for the next three months.

Having only recently arrived on Bouvet, no radio equipment is currently set up. The op does have a vertical antenna for 10, 15, 20 and 40m, but no amplifier.

Being newly licensed the operator has no experience of pile-ups.

*Activity will be during spare time only.

FB John, but the look up page for HK1AR now shows RA3CO for all
of 2007. This is not correct. RA3CO was a guest op for the 2007
CQWWDX CW ONLY. He did make a few contacts a day before and
after the contest. Check the info on qrz.com for the exact
dates.

6294. 8Q7AK NEWS

Yahoo group: GOLIST (2007 — 2010)
Date: 2007-12-17 01:03:47 UTC
From: K1XN
Topic: 6294 Message: 6294

Andrew, G7COD, will be operational for the forth time from the Island of Embudu, Maldives, AS-013 using the call 8Q7AK from 21st January to the 2nd February 2008. Using predominantly SSB with a little CW, he will be operational every day from approximately 09:00 to 11:00, 14:00 to 16:00 and 18:00 to 1830 UTC.

Spot frequencies to be used are 7.093, 10.123, 14.147, 18.133, 21.253 and 24.953 MHz ± 10KHz to allow for qrm.

For comprehensive details of operating times, spot frequencies, qsl information etc, please check 8Q7AK on QRZ.COM

IMPORTANT NOTE: I am completely up to date with the return of qslâ?^(TM)s for those received direct and/or eqslâ?^(TM)s. If you have not received yours, please send your qsl again.

IMPORTANT NOTE: If you have not received a return qsl for cards sent via the bureau this is because of the slow process rate. I will return cards via the bureau as soon as possible, as and when I receive them.

All qsls should be sent via the bureau or direct to G7COD.

Hi folks,
A long time business associate of mine has become a MFJ retailer.
His online store has just come on line, but is still being added to.
He will carry the most popular MFJ items in stock and can order any
MFJ item for you. He will be adding MFJ items to his online store each
day.
You will find when you visit his store, that he is selling the
products at
hamfest prices. Discounts of 8 to 13 percent are usual. I have made
arrangements
with him to offer Golist subscribers an additional 2% discount on orders of
$250.00 or more. Golisters, if you are planning to buy an amplifier, big
tuner,
Hygain rotor or antenna, check out his web site. Write me for a promo
code for
the additional 2% discount.
If the item you are looking for is not yet listed on his web site,
contact him
(via instructions on web site) and he can make the order for you.
I hope this will provide you with some good deals on MFJ equipment.
URL: http://wc4h.com/
Remember to email me for the special promo code.

18 December 2007

Newly licensed operator Petrus, ZS6GCM is currently on Bouvet Island, for the following estimated dates: 13 December 2007 until 14 February 2008. He is part of a five man Norwegian led research team. Petrus is the medical officer of the team and will also be involved with the research.

*The Icom IC-735 and Hustler 4-BTV vertical antenna was made available by the NCDXF, OKDXA & Bernie, ZS4TX. *

Being newly licensed, Petrus ZS6GCM has limited HF experience. A brief training session and operating procedures were giving to Petrus in Cape Town by Rhynhardt Louw "Rhy", ZS6DXB, a couple of days prior to departure. Video footage and audio recordings of past DXpeditions were used to ensure that Petrus had an understanding of what he was letting himself into. Petrus displayed full understanding of the job at hand and I am more than certain the he will make a pretty good job from working pileups, Rhy said.

*Rhynhardt Louw "Rhy" ZS6DXB has also been appointed as the station pilot and media officer should you require any information please feel free to contact Rhy ZS6DXB. *

*Application for a dedicated 3Y call is underway and will be made public as soon as the call has been approved. Landing permission was granted months ago as it is a Norwegian research party that so happened to have a South African in their company. *

Petrus will have limited time to operate as a result of the work load and availability of electrical power.

Future information to be made public:

*1. **Official 3Y call*

*2. **Website address*

*3. **Preview of QSL card for this expedition*

6301. FJ - Saint Barthelemy to Count for CQ DX Awards

Yahoo group: GOLIST (2007 — 2010)
Date: 2007-12-19 00:20:08 UTC
From: Dave Raycroft
Topic: 6301 Message: 6301

I.C.P.O. (Islands, Castles & Portable Operations)
UPDATE -
==========
From the CQ Newsroom...

St. Barthelemy (FJ) to Count for CQ DX Awards

CQ DX Awards Manager Billy Williams has announced that the Caribbean island of St. Barthelemy - prefix FJ - has been added to the CQ DX Awards entity list, effective immediately, for confirmed contacts with the island made on or after February 21, 2007. For purposes of the CQ DX Field Awards, St. Barthelemy is in grid field FK.

Until now, the island (along with surrounding smaller islands) has been considered part of French St. Martin (FS) for awards purposes. Last February 21, the French government gave St. Barthelemy a new status as an "overseas collective," leading the U.S. State Department last Friday (December 14) to add the island to its list of "Dependencies and Areas of Special Sovereignty." Presence on this list is one of the criteria used to designate a location as a separate entity for award purposes. The ARRL was expected to add St. Barthelemy to its DXCC list in the near future as well.

For more information on the CQ DX Awards, visit
<http://www.cq-amateur-radio.com/awards.html>
on the CQ website or the CQ DX Awards homepage at
<http://home.earthlink.net/~bfwillia/page3.html>.

19 December 2007

On the 19 December 2007 Petrus ZS6GCM was granted temporary permission to operate an Amateur Radio Station for the duration of the 2007/2008 scientific expedition from Bouvet Island. The call sign will be 3Y0E. We would like to use this opportunity to thank Tom V. Segalstad LA4LN and Trond Olsen LA8XM, for the wonderful help and time they dedicated in obtaining permission to operate from Bouvet Island.

Secondly we would like to welcome Colin McGowan MM0NDX to the team. Colin has donated a dedicated website for the expedition and will act as the webmaster. We are hoping to receive regular logbook updates from Petrus via satellite phone and will have a logbook search page where you can look if you are in the log. The official 3Y0E operation webpage address is www.3y0e.wordpress.com <http://www.3y0e.wordpress.com> The site is under construction and we plan to have it fully operational in a couple of days. Feel free to visit the site on a regular basis for the latest news from Petrus.

Emil Stoikov, LZ3HI has began design on the 3Y0E qsl card. Emil has donated the QSL card design and printing free of charge. He will also act as the official QSL manager for 3Y0E. Previews of cards that was designed and printed by Emil can be found on his webpage www.lz3hi.com <http://www.lz3hi.com>. We look forward to present you all with the official QSL card when it is done.

3Y0E QSL information:

Emil Stoikov
P.O. Box 8
6000 Stara Zagora
BULGARIA

Petrus will be notified via Satellite phone off his new call sign and permission to start operating. We certainly look forward to bring you more exiting news in the near distant future.

73 to all and good luck

DX Bulletin 52 ARLD052
>From ARRL Headquarters
Newington CT December 19, 2007
To all radio amateurs

SB DX ARL ARLD052
ARLD052 New DXCC entity

The ARRL DXCC Desk is pleased to announce the addition of St Barthelemy (FJ) to the DXCC List, making the island entity number 338 with an effective date of 14 December, 2007. Cards with contacts dated December 14, 2007 or after will be accepted for DXCC credit. New card submissions for St Barthelemy will not be accepted until January 1, 2008 in order to allow time for administrative adjustments.

The "event date" that caused St. Barthelemy to be added to the DXCC list was December 14, 2007, the date the US State Department Fact sheet was updated by the Bureau of Intelligence and Research. This update added St Barthelemy to the List of Dependencies and Areas of Special Sovereignty with its Administrative Center in Gustavia, qualifying it under DXCC rules in Section II -- 1 Political Entities (c).

French St Martin (FS), while also added to the List of Dependencies and Areas of Special Sovereignty, will remain on the DXCC List, but it is now considered a Point 1 Political Entity under the same classification as that of St Barthelemy.

Please direct any questions you may have about St Barthelemy, St Martin or the DXCC program to the ARRL DXCC Desk at, dxcc@....

6305. DXCC Desk Announces New Entity

Yahoo group: GOLIST (2007 — 2010)
Date: 2007-12-19 22:07:30 UTC
From: K1XN
Topic: 6305 Message: 6305

DXCC Desk Announces New Entity

The ARRL DXCC <http://www.arrl.org/awards/dxcc/index.html> Desk is pleased to announce the addition of St Barthelemy <http://en.wikipedia.org/wiki/St_Barts> (FJ) to the DXCC List <http://www.arrl.org/awards/dxcc/list_1a0.html>, making the island entity number 338 with an effective date of 14 December, 2007. Cards with contacts dated December 14, 2007 or after will be accepted for DXCC credit. New card submissions for St Barthelemy will not be accepted until January 1, 2008 in order to allow time for administrative adjustments.

Background

On February 21, 2007 the French Ministry issued a decree making St Barthelemy an Overseas Collective, making its status equal to that of Guadeloupe <http://en.wikipedia.org/wiki/Guadeloupe>, Martinique <http://en.wikipedia.org/wiki/Martinique> and other French territories currently on the DXCC List. On November 8, 2007 the President of Association Des Radio Amateurs De St Barthelemy, Philippe Delcroix, FJ5DX, contacted the DXCC Desk, requesting that St Barthelemy be considered a new DXCC entity.

The "event date" that caused St. Barthelemy to be added to the DXCC list was December 14, 2007, the date the US State Department Fact sheet was updated by the Bureau of Intelligence and Research. This update added St Barthelemy to the /List of Dependencies and Areas of Special Sovereignty <http://www.state.gov/s/inr/rls/10543.htm>/ with its Administrative Center in Gustavia, qualifying it under DXCC rules in Section II -- 1 Political Entities (c):

*c) *The Entity contains a permanent population, is administered by a local government, and is located at least 800 km from its parent. To satisfy the "permanent population" and "administered by a local government" criteria of this sub-section, an Entity must be listed on either (a) the U.S. Department of State's list of "Dependencies and Areas of Special Sovereignty" as having a local "Administrative Center," or (b) the United Nations list of "Non-Self-Governing Territories."

*St Martin***

French St Martin (FS), while also added to the /List of Dependencies and Areas of Special Sovereignty,/ will remain on the DXCC List, but it is now considered a Point 1 Political Entity under the same classification as that of St Barthelemy.

Please direct any questions you may have about St Barthelemy, St Martin or the DXCC program to the dxcc@... <mailto:dxcc@...>

6306. New Entity On The AIr For The Holiday

Yahoo group: GOLIST (2007 — 2010)
Date: 2007-12-19 22:10:03 UTC
From: Tedd Mirgliotta
Topic: 6306 Message: 6306

Hello DXers,
The following was received from Bill Moore, NC1L:

DXCC Desk Announces New Entity

The ARRL DXCC Desk is pleased to announce the addition of St Barthelemy (FJ) to the DXCC List, making the island entity number 338 with an effective date of 14 December, 2007. Cards with contacts dated December 14, 2007 or after will be accepted for DXCC credit. New card submissions for St Barthelemy will not be accepted until January 1, 2008 in order to allow time for administrative adjustments.

Background

On February 21, 2007 the French Ministry issued a decree making St Barthelemy an Overseas Collective, making its status equal to that of Guadeloupe, Martinique and other French territories currently on the DXCC List. On November 8, 2007 the President of Association Des Radio Amateurs De St Barthelemy, Philippe Delcroix, FJ5DX, contacted the DXCC Desk, requesting that St Barthelemy be considered a new DXCC entity.

The ?event date? that caused St. Barthelemy to be added to the DXCC list was December 14, 2007, the date the US State Department Fact sheet was updated by the Bureau of Intelligence and Research. This update added St Barthelemy to the List of Dependencies and Areas of Special Sovereignty with its Administrative Center in Gustavia, qualifying it under DXCC rules in Section II -- 1 Political Entities (c):

c) The Entity contains a permanent population, is administered by a local government, and is located at least 800 km from its parent. To satisfy the ?permanent population? and ?administered by a local government? criteria of this sub-section, an Entity must be listed on either (a) the U.S. Department of State?s list of ?Dependencies and Areas of Special Sovereignty? as having a local ?Administrative Center,? or (b) the United Nations list of ?Non-Self-Governing Territories.?

St Martin

French St Martin (FS), while also added to the List of Dependencies and Areas of Special Sovereignty, will remain on the DXCC List, but it is now considered a Point 1 Political Entity under the same classification as that of St Barthelemy.

Please direct any questions you may have about St Barthelemy, St Martin or the DXCC program to the dxcc@...

Currently, Martti Laine, OH2BH, and Olli Rissanen, OH0XX, are active as
FJ/OH2AM through the Christmas holiday. QSL via OH2BN. Activity has been
on 20 meters SSB and 17 meters CW. Have fun working them. More details
later in the upcoming OPDX bulletin..... 73 de Tedd KB8NW

Yea, and I WORK during the day too! HI

Visit www.eqf-software.com where Version 1.92f of Win-EQF is available with the new prefix library that includes St. Barthelemy.

73,

Tom N3EQF

Yea, and I WORK during the day too! HI

Visit www.eqf-software.com where Version 1.92f of Win-EQF is available with the
new prefix library that includes St. Barthelemy.

6314. NEW DATA FILES AND REPORTS UPLOADED TO WEB

Yahoo group: GOLIST (2007 — 2010)
Date: 2007-12-20 15:28:12 UTC
From: K1XN
Topic: 5889 Message: 6314

This is the last data file issue for the month of December
Thanks to all of you for supporting the Golist.
MERRY CHRISTMAS and HAPPY NEW YEAR.

*The December Issue #712-C files have been uploaded to the Golist web site.
The weekly GoData files now include the LOTW information
and DXCC APPROVED OPERATIONS in the data file.
Use the DOWNLOAD button in your GOWIN program or this link in your
web browser.

6315. FJ/OH2AM

Yahoo group: GOLIST (2007 — 2010)
Date: 2007-12-20 21:19:28 UTC
From: K1XN
Topic: 6315 Message: 6315

I just spoke (1845Z Thursday December 20th) to Olli and Martti. They were having a lunch break and should be QRV again afterwards.

The goal of their activity is to get into as many logs as possible to give the Deserving their first QSO and a Christmas present! To continue with that goal Martti will remain on 20 meters SSB. The band seems to open just before 1100Z and here concentration is on Europe/Middle East and Africa. Once signals seem to die down to that area he picks up the Americas (NA/CA/SA). Around 2100-2200 the bands starts to open to Japan and the Far East. Once the band closes to that area he goes back to the Americas and Oceania until just after 0000Z when the band totally closes. North American stations (US included) are asked to please do not call when the operator asks for certain more difficult areas, like JA, parts of Europe and the Middle East, VK and ZL. Give them the opportunity for their first QSOs. Working VK's and ZL's has been difficult. So if a few VK's and ZL's would let me know when the FJ/OH2AM signals are peaking for you and on what band that will be relayed to the team. Olli will be mostly doing the sub bands of 40 and 17 meters, mostly on CW. Again if he asks North America to stand by please honor this request. Olli thinks the VK's and ZL's should be able to get them on 20 meters around 0400-0600 if the solar flux is high enough. Otherwise VK/ZL try 40 meters between 0700 and 1100Z. As of this moment the guys do not know when they will QRT. They can stay in their hotel until December 27th and then they must leave as all the accommodations are booked. Many have asked about on-line logs. There will be no on-line logs while on the island and might be after the operation. More on that later. Again remember there are two operators and two radios so they are a little limited and their main strategy above is to maximize the head count for first time QSOs. They are only using one callsign (FJ/OH2AM) to avoid dupes. OH2AM is the OH DX Ring club callsign. As of the moment they will not start any new bands between now and the end of the weekend (Sunday)! Activity will be on both CW and SSB on 17, 20 and 40 meters. QSL FJ/OH2AM via OH2BN. This email may be forward to your friends or club reflectors. I will also post a copy of this email to http://www.dailydx.com/barthelemy.htm

73

6316. ICPO Bulletin (December 20 - 28, 2007)

Yahoo group: GOLIST (2007 — 2010)
Date: 2007-12-20 21:55:54 UTC
From: Dave Raycroft
Topic: 6316 Message: 6316

I.C.P.O. Bulletin (December 20 - 28, 2007)
Islands, Castles & Portable Operations.
Listing is by calendar date (day/month/year)
==========

18/12/2007: On Friday December 14, 2007 the island of Saint Barthelemy was added to the "Dependencies and Areas of Special Sovereignty" public list. Martti Laine, OH2BH and Olli Rissanen, OH0XX/HP1WW begin activity December 18th around 1200 noon local (1600z) as FJ/OH2AM from St. Barthelemy (NA-146, WLOTA L-0377). They will have two stations, using an FT-1000MP and FT2000MP along with Fin Fet amplifier. Initial operations will begin on 20 metre SSB and 17 metre CW. The goal of this operation will be to give as many DXers as possible a new country. Additional bands may be added as the DXpedition goes forward. Concentration will be to have one station on CW and one on SSB. They will remain active until December 27th. QSL cards for this operation should go via OH2BN. Further information to follow. *Approved by the ARRL DX Desk - FJ is a new country starting with December 14, 2007, contacts.* [K2FF]

20/12/2007: Newly licensed operator Petrus, ZS6GCM is currently on Bouvet Island (AN-002, WAP NOR-02) as 3Y0E, until February 14, 2008. He is part of a five man Norwegian led research team. Petrus is the medical officer of the team and will also be involved with the research. An Icom IC-735 and Hustler 4-BTV vertical antenna have been made available by the NCDXF, OKDXA and Bernie, ZS4TX. QSL sponsor and manager is Emil, LZ3HI (Emil Stoikov, P.O. Box 8, 6000 Stara Zagora, Bulgaria). The official 3Y0E operation webpage address is 3y0e.wordpress.com/ and includes all information plus an on-line log. [hamspirit.wordpress]

20/12/2007: Pat, W8FV, will be returning to Mwanza, Tanzania, possibly December 20th and is expected to be active as 5H9PD until he returns stateside January 12th. Activity will be mostly on CW on 40-10 metres depending on propagation. He is going to try 80 metres but with only just 100 watts, and he doesn't know how successful he will be. He will also be active on PSK-31. QSL via his home call sign. [OPDX]

22/12/2007: Luis, CT3EE will activate CT9EPC, a special call sign for the EPC (European PSK Club) members on Madeira Island (AF-014, DIP MA-001, WLOTA L-0053), between December 22-28th. Activity will be mainly on 40/20 metres because of propagation. The call sign CT9EPC is used only on the digital modes, and the main objective is to have more activity on these modes. QSL direct to CT3EE (see QRZ.com) and not to the bureau (he is not a member of the Portuguese National QSL bureau). [OPDX]

22/12/2007: The Club Station of the Texas Lighthouse Radio Society, W5TLH will activate several lighthouses along the Texas Gulf Coast

between December 22-29th for the "Lighthouse Christmas Lights QSO Party". Lighthouses include: Texas Maritime Museum (ARLHS USA-1247), Corpus Christi (ARLHS USA-1137), Lydia Ann Channel (ARLHS USA-018, IOTA NA-092, USi TX-001S), Port Isabel (ARLHS USA-649, USi TX-038S), Brazos Santiago [New] (ARLHS USA-080), Brazos Santiago [Old] (ARLHS USA-081, IOTA NA-092, USi TX-007S) and Brazos Santiago Depot (ARLHS USA-1393). Primary SSB operating frequencies will be centered near 14.260 and 7.260 MHz. QSL direct with SASE to W5TLH, c/o Jim Martin, 637 Newberry Dr., Richardson, TX 75080-5622. For a QSL card use a #10 business size return envelope SASE). For a QSL card and an unfolded certificate send a 9" x 12" return envelope (SASE). Further information can be found at: www.w5azn.com/ [ARLHS]

23/12/2007: Horst, DJ6OV will show up as 9H3HW during his holidays in Malta (EU-023, MIA MM-001, WLOTA L-1113) from December 23, 2007 to January 5, 2008. QSL via DARC bureau or direct to DJ6OZ. [DX Newsletter]

25/12/2007: Frank, I2DMI, and his wife Giovanna are planning a trip to the Palau Islands (OC-009) between December 26th and January 1st (2008). He will be active, holiday style, as T88RY on the HF and WARC bands but only on RTTY. Further info will be available on QRZ.com (under T88RY). QSL via I2DMI: P.O.Box 55, 22063 Cantu', Italy. [OPDX]

26/12/2007: Michael, G7VJR will be active as CU2/G7VJR from Ilha de S?o Miguel (AZ-002 for the Portuguese Islands Award, WLOTA L-2016), Azores (EU-003), from December 26th to January 3rd. He plans to operate CW only on a range of HF bands including 160 metres, with a small linear and verticals. QSL via G7VJR. Logs will be uploaded to LoTW shortly after the operation. [425 DX News]

26/12/2007: A Peru IOTA DXpedition by Jorge/OA4BHY, Daniel/DL5YWM, Rene/DL2JRM and Bodo/DL3OCH will start with the team being QRV December 26-27th as OA4/homecall from the Club station OA4O des Radioclub Peruano, located in Lima, Peru. They will then travel to Isla Blanca (SA-098, WW Loc. FH32WX) and be active December 28-30th, using the call sign OC6I, with 2 stations simulaneously from 10m to 160m. Note: dates can vary depending on the weather and the sea. The team will then travel to Isla Lobos de Tierra (SA-076, ARLHS PER-053, WLOTA L-1521) where they will be active again with 2 stations on all bands from January 2-7th, using the call sign OC1I. From January 8-12th the team will be back in Lima where Bodo/DL3OCH is planning to do some 23cm EME (JT65) work. QSL OC1I and OC6I via DL5WM, direct or bureau. QSL OA4/homecall via the operator's home call. For more information and how do you get a EME-Sked, check the website at www.qslnet.de/oc1i or www.qslnet.de/oc6i . [DE0MST]

27/12/2007: Ron, KC0JQO will be QRV as homecall/p or /m at Split Rock lighthouse (ARLHS USA-783), Lake Superior, Minnesota, on December 27th from 1900 - 2200 UTC. Activity will primarily be on 14.270 MHz SSB. QSL direct to KC0JQO with SASE/SAE + postage. [ARLHS]

28/12/2007: Kazu, JA0VSH and his wife Miyuki, JG0PBJ will be active from Pohnpei, Micronesia (OC-010) from December 28th to January 3rd. They will operate V63KZ (Kazu), V63MP (Miyuki) and V63BBQ (club call) on 160-10 metres CW and SSB. All QSLs direct to JA0VSH (Kazuhide Maruyama, 1-25-49 Iruma, Chofu, Tokyo 182-0004, Japan). [425 DX News]

28/12/2007: Igor VE3ZF will be active as a VE2IDX from Orleans Island (NA-128, CIsA QC-007), December 28th/29th during RAC Canada Winter Contest. Before and after contest he will use his regular call sign VE3ZF/2. His main frequencies will be 14260 kHz (daytime) and 3795/7260 kHz (during the night). SKEDs are welcomed at: Igor.Slakva_at_smithsdetection.com This is a good chance to work for the Canadian Islands Trophy (CISA Award program). Rules concerning the CISA Award program can be found at: www.qsl.net/ve3tpz/cisa/ . QSL via VE3ZF: Igor Slakva, 105 La Rose Avenue, PH #1410, Etobicoke, Ontario, M9P 1A9 Canada. [VE3ZF]

==========

LOOKING AHEAD -

01/01/2008: Special event station 8J7OZE will be aired between January 1st and September 30th to commemorate "The Birth of Oze National Park". Opened on August 30, 2007, the park is an area consisting of wetlands and mountains in Chubu, Japan. The park's area includes the marshes and the mountains in the Oze area, formerly part of the Nikko National Park, and other nearby areas including the Aizu-Komagatake and Tashiroyama mountains. The park is 37,200-hectares in area and includes parts of Fukushima, Tochigi, Gunma and Niigata prefectures. QSL via the JARL bureau. [JJ1WTL/AC6IM]

01/01/2008: The special event call sign EI100SI will be aired from January 1 to December 31, 2008 to celebrate the 100th anniversary of the Boy Scouts in Ireland. QSL info will be available on QRZ.com. [F5NQL]

01/01/2008: Lions Clubs International, the world's largest volunteer service organization, will be sponsoring an amateur radio special event station to be operated by Great Britain's Bedworth Lions Club January 1-28th. The station will operate on 2 metre FM and 80-10 metre SSB with the call sign GB4BLC. Additionally for 2008, contacts via amateur satellite are planned. QSL via G8GMU, direct or via the RSGB bureau. Further details at: www.bedworthlionsclub.co.uk/evawa.htm [Southgate ARC]

07/01/2008: Steve, G0UIH plans to be active as VK2IAY/4 from South Molle Island (OC-160), January 7-11th. As with previous DXpeditions the main operation will be centered around 14.260 MHz, with the possibility of 15 and 17m also. Equipment will be the 706MK2G used previously on VK and 3D2 activations with homebrew wire dipoles. QSL route is fine either direct or via the bureau. Check out the website for further details at: www.percy.me.uk/ [RSGB IOTA]

21/01/2008: Andrew, G7COD, will be QRV for the forth time from Embudu Island, South Male Atoll (WLOTA L-3911), Maldive Islands (AS-013) using the call 8Q7AK from January 21st to February 2nd. Using mainly SSB with

a little CW, he will be operational every day from approximately 0900 to 1100, 1400 to 1600 and 1800 to 1830 UTC. Spot frequencies to be used are 7.093, 10.123, 14.147, 18.133, 21.253 and 24.953 MHz (+/- 10kHz). For complete details of operating times, spot frequencies, QSL information etc., please check 8Q7AK on QRZ.com. QSL via G7COD, direct or bureau. [Pete's-DX-Newsdesk]

26/01/2008: Look for Ray, WQ7R to be active as HQ9R from Roatan Island (NA-057, WLOTA L-1671), Honduras, for the CQ 160-Meter CW Contest (January 26-27th) as a Single-Op/Low-Power entry. Outside of the contest look for him to be QRV as HR9/WQ7R. QSL both calls via K5WW. [NG3K]

26/01/2008: Ozer, TA2RC will be QRV from Izmit-Kocaeli, Turkey, during the CQ 160-Meter CW Contest (January 26-27th) as a Single-Op/Low-Power entry. QSL direct or via the bureau. [NG3K]

29/03/2008: Nobby, G0VJG will once again be QRV as V25V from the V26B super station at Gunthroppes, Antigua Island (NA-100, WLOTA L-1118), for the CQWW WPX SSB Contest (March 29-30th) as a Single-Op/High-Power entry. QSL via home call. [NG3K]

==========

SPECIAL EVENTS -

20/12/2007: Between December 20, 2007 and January 6, 2008 there will be 8 Christmas special event call signs QRV from The Netherlands. QSL for each special event station via the operator: PA07XMAS (via PG7V), PC07XMAS (via PA3AM), PD07SANTA (via PD0AT), PD07XMAS (via PD2J), PD08HNY (via PD0EMR), PF07XMAS (via PA1WLB), PG07XMAS (via PA7JWC) and PH07XMAS (via PA4CHE). All stations are valid for the Christmas 2007 award. All information can be found at: www.pg7v.net/xmas2007 [PG7V]

25/12/2007: Special event station 8N0SNOW will be aired from December 25, 2007 until February 22, 2008 to celebrate the 63rd Winter National Athletic Meet. Look for activity on all bands and modes. QSL via the JARL bureau. [JJ1WTL/AC6IM]

U.S.A. Special event station information can be found at: www.arrl.org/contests/spev.html

==========

LIGHTHOUSE CALENDAR -

QSL News -

- Ed, KU4BP (V26H QSL manager) reports that all QSL requests for V26H in the 2007 ARRL DX SSB Contest went into the mail December 18th. I apologize for the delay in getting them out in a timely manner. The ops were waiting for the final results to be published in order for them to

be put on the card. Ed only has logs for the contest itself. Logs before and after the contest are in the hands of the ops. Thank you all for your patience. [KU4BP]

- SU8BHI QSL information: Gab, HA3JB reports that his new QSL card's will be will be ready by the end of January 2008. You can see new QSL design at: www.qsl.net/ha3jb (NEWS). QSL via direct only to HA3JB (Gabor Kutasi HA3JB, H-8601 Siofok, P.O.Box 243, Hungary - Europe). Please write Gab a e-mail if you received or not received his direct QSL ! (ha3jb@...). If you need a fast reply he can sent an old QSL.
[Gab / SU8BHI]

==========

Satscape TV -

Satscape is one of the most popular programs for tracking Amateur Radio Satellites. Now Scott Hather, G7LIU has added Satscape TV to his website.

On the website Scott says:

"Satscape TV is a 24 hour TV Channel that broadcasts Videos all about Satscape, Space exploration, NASA, ESA, Amateur Radio and Amateur Satellite Radio tutorials and 'how-tos', and anything else I can think of that I think you'll want to watch.

We will also have special days where we'll put the serious stuff to one side and have a "comedy day", or some other theme, so what do you need to watch Satscape TV?

You probably already have everything, just a web browser and Flash installed, it works on Windows, Linux and Mac (much like Satscape for Java!)".

New DXCC entity -

The ARRL DXCC Desk is pleased to announce the addition of St Barthelemy (FJ) to the DXCC List, making the island entity number 338 with an effective date of 14 December, 2007. Cards with contacts dated December 14, 2007 or after will be accepted for DXCC credit. New card submissions for St Barthelemy will not be accepted until January 1, 2008 in order to allow time for administrative adjustments.

The "event date" that caused St. Barthelemy to be added to the DXCC list was December 14, 2007, the date the US State Department Fact sheet was updated by the Bureau of Intelligence and Research. This update added St Barthelemy to the List of Dependencies and Areas of Special Sovereignty with its Administrative Center in Gustavia, qualifying it under DXCC

rules in Section II -- 1 Political Entities (c).

French St Martin (FS), while also added to the List of Dependencies and Areas of Special Sovereignty, will remain on the DXCC List, but it is now considered a Point 1 Political Entity under the same classification as that of St Barthelemy.

Please direct any questions you may have about St Barthelemy, St Martin or the DXCC program to the ARRL DXCC Desk at, dxcc@.... [ARRL DX Bulletin 52]

6317. Fake DX Summit spots

Yahoo group: GOLIST (2007 — 2010)
Date: 2007-12-21 05:28:19 UTC
From: Peter Dougherty
Topic: 6317 Message: 6317

Hi all,

I'm having a real problem with my call being pirated on the DX Cluster network by an individual who's going in through DX Summit directly. I caught him using his home IP on Long Island yesterday and called him on it, but now it appears he's going in through an anonymous proxy. I know who the individual is and regrettably he's got nothing but spare time on his hands and is somewhat net-savvy.

Does anybody know if it's possible to have my own callsign blocked by DX Summit as an originator or to prevent it from propagating if it's sourced from DX Summit directly and not from one or two specific nodes? I only come into the network via one node primarily and two others as a backup -- never through anywhere else.

Normally it's nothing more than an irritation, but when false spots start coming out ostensibly posted by me and disparaging comments start getting generated, I'm looking to try and put an end to this if at all possible.

Thanks in advance.

6318. 3Y, FJ, and other info from various sources

Hi friends

Sorry for a week of silence. Winter illnesses came home without any
invitation. They have gone away only to day for Marie Claire, my XYL and I.

Apologize if you've got some of the following information. In such a case
would you consider them as remaining.
Tkanks.
Maurice, F5NQL

Wed Dec 19, 2007 11:23 am (PST)
19 December 2007

On the 19 December 2007 Petrus ZS6GCM was granted temporary permission
to operate an Amateur Radio Station for the duration of the 2007/2008
scientific expedition from Bouvet Island. The call sign will be 3Y0E. We
would like to use this opportunity to thank Tom V. Segalstad LA4LN
and Trond Olsen LA8XM, for the wonderful help and time they dedicated in
obtaining permission to operate from Bouvet Island.

Secondly we would like to welcome Colin McGowan MM0NDX to the team.
Colin has donated a dedicated website for the expedition and will act as
the webmaster. We are hoping to receive regular logbook updates from
Petrus via satellite phone and will have a logbook search page where you
can look if you are in the log. The official 3Y0E operation webpage
address is www.3y0e.wordpress.com <_http://www.3y0e.wordpress.com_
(http://www.3y0e.wordpress.com/) >
The site is under construction and we plan to have it fully operational
in a couple of days. Feel free to visit the site on a regular basis for
the latest news from Petrus.

Emil Stoikov, LZ3HI has began design on the 3Y0E qsl card. Emil has
donated the QSL card design and printing free of charge. He will also
act as the official QSL manager for 3Y0E. Previews of cards that was
designed and printed by Emil can be found on his webpage www.lz3hi.com
<_http://www.lz3hi.com_ (http://www.lz3hi.com/) >. We look forward to present
you all with the
official QSL card when it is done.

3Y0E QSL information:

Emil Stoikov
P.O. Box 8
6000 Stara Zagora
BULGARIA

Petrus will be notified via Satellite phone off his new call sign and permission to start operating. We certainly look forward to bring you more exiting news in the near distant future.

73 to all and good luck

DXCC Desk Announces New Entity

The ARRL DXCC Desk is pleased to announce the addition of St Barthelemy (FJ) to the DXCC List, making the island entity number 338 with an effective date of 14 December, 2007. Cards with contacts dated December 14, 2007 or after will be accepted for DXCC credit. New card submissions for St Barthelemy will not be accepted until January 1, 2008 in order to allow time for administrative adjustments.

Background

On February 21, 2007 the French Ministry issued a decree making St Barthelemy an Overseas Collective, making its status equal to that of Guadeloupe, Martinique and other French territories currently on the DXCC List. On November 8, 2007 the President of Association Des Radio Amateurs De St Barthelemy, Philippe Delcroix, FJ5DX, contacted the DXCC Desk, requesting that St Barthelemy be considered a new DXCC entity.

The ´event date¡ that caused St. Barthelemy to be added to the DXCC list was December 14, 2007, the date the US State Department Fact sheet was updated by the Bureau of Intelligence and Research. This update added St Barthelemy to the List of Dependencies and Areas of Special Sovereignty with its Administrative Center in Gustavia, qualifying it under DXCC rules in Section II -- 1 Political Entities (c):

c) The Entity contains a permanent population, is administered by a local government, and is located at least 800 km from its parent. To satisfy the ´permanent population¡ and ´administered by a local government¡ criteria of this sub-section, an Entity must be listed on either (a) the U.S. Department of Stateÿs list of ´Dependencies and Areas of Special Sovereignty¡ as having a local ´Administrative Center,¡ or (b) the United Nations list of ´Non-Self-Governing Territories.¡

St Martin

French St Martin (FS), while also added to the List of Dependencies and Areas of Special Sovereignty, will remain on the DXCC List, but it is

now considered a Point 1 Political Entity under the same classification
as that of St Barthelemy.

Please direct any questions you may have about St Barthelemy, St Martin
or the DXCC program to the dxcc@...

Jersey

MJ/F5CWU, MJ/F4EGD, MJ/F5MOO and GJ4FDM (GM4FDM) are heading to Jersey
for the New Year! Those needing GJ should check mostly on the low
bands, 12, 17 and 30 meters as well as RTTY. They will begin on
December 28th and continue through January 6th. Plans are to have
three stations for HF and one for VHF (2 meters). They have a Web
site at jersey2008.f5cwu.net, which will have on-line logs. QSL via
their home calls either direct or via the bureau.

Tks ARRL dx news

TANZANIA, 5H. Pat, W8FV is QRV as 5H9PD from Mwanza until around
January 12. Activity is on 40 to 10 meters using mostly CW. He may
try to be active on 80 meters. He will also be active using PSK31.
QSL to home call.
Tks ARRL DX news

MALTA, 9H. Horst, DJ6OV will be QRV as 9H3HW during his holiday
here from December 23 to January 5. QSL to home call.

6319. Re: [GOLIST] Fake DX Summit spots

Yahoo group: GOLIST (2007 — 2010)
Date: 2007-12-21 11:21:41 UTC
From: K2PF
Topic: 6317 Message: 6319

Peter,

Let me know what you learn. I have had the same problem for the past couple of years. Normally the person(s) is making disparaging remarks about an operator. On three occasions I've received emails from irate people wanting to know why I disparage another ham. It has never been me.

A few months ago I received an email from a ham regarding a comment he thought I made. I quickly checked DX Summit and saw the comment had been made just a few minutes prior. I sent my own spot out telling the idiot who was using my call to stop. I have not seen a pirated spot since, but I know it is not full proof and can happen again.

Good luck.

I.C.P.O. (Islands, Castles & Portable Operations)
UPDATE -
==========
28/12/2007: MJ/F5CWU (Flo), MJ/F4EGD (Sylvain), MJ/F5MOO (Terry) and GJ4FDM (Tom, GM4FDM) are heading to the isle of Jersey (EU-013, WLOTA L0818) for the New Year! Those needing GJ should check mostly on the low bands, 12, 17 and 30 metres as well as RTTY. They will begin on December 28th and continue through January 6th. Plans are to have three stations for HF and one for VHF (2 metres). They have a Web site at jersey2008.f5cwu.net, which will have on-line logs. QSL via their home calls either direct or via the bureau. [F5NQL]

Amsterdam Island -
The logbooks for the previous FB8ZP, in Amsterdam Island by Michel F6DWQ, during the year 1983, are now available online on the Clipperton DX pages at:
www.cdxc.org/dxp/1983-FB8ZP/searchlog_fb8zp.php [F5NQL]
==========
73 and Good DX!

Yes, and that's how I found him a few days ago. He's now spoofing his IP making it harder to prove. A letter was sent to his ISP, however I doubt this will help, especially if he's spoofing.

I do wish that cluster operators would start requiring passwords to access their nodes, and only pass spots from sources that have originated from secured clusters. Would cut down on this kind of nonsense in short order.

I don't believe many cluster ops care a damn. I was QRT for many years and
before that I was assistant sysop for one of the first UK clusters. Any
aggro and we'd eject the offender, but that doesn't seem to happen nowadays. The
system seems to be about 50% garbage, including people using spots to send
messages to each other!

Sounds good, Peter ! Me in my cellular business is sometimes involved in even more complicated stuff - tracing mobiles - either stolen or associated with some other reasons and it really works and helps. Since our hobby is the same important part of our live as our business - my concern - these people have to be identified and announced for ham audience - it's the only way to stop this anarchy!From this point of view life was much easier without cluster (I am now 52 and completed HR#1 less 1 entity back in 93 when cluster in Russia was only a dream) - but it's very unlikely younger generation of dx'ers would understand this :-) !

Best 73's and Season's greeting to you and all go-listers from here in Moscow, Russia !

Dima, UA3AGW

Bonjour,

j'ai le plaisir de vous informer que le RC de l'Association des
Radio-amateurs de St Barthélemy (FJ5KH) sera actif suivant les conditions de propagations
sur les bandes suivantes à partir du samedi 22 décembre 2007 afin de
célébrer la nouvelle entité DXCC de St Barthélemy.

A partir de 1030 z environs FJ5DX démarrera l'activité, il sera ensuite
rejoint par les membres du Club actuellement sur l'Ile : DK6ST FJ5AB FJ5BC
FJ1CM.

FREQUENCES :

7065 + QRM
14065 + QRM
21265 + QRM

L'activité devrait se dérouler jusqu'au dimanche soir.

Par ailleurs, Gregg W6IZT vient d'adhérer à notre Club et opérera FJ5KH du
14 au 16 Janvier s'il trouve possibilité de logement. Nous allons nous
efforcer à l'acceuillir.

FJ5KH (qrz.com) ou via FJ5DX (qrz.com)

73
Phil

Tks F2JD

Sicily:

Salut Amis,

j'ai appris de Mr. Otto IK1PML que jusqu'au 29 décembre il se trouvera en
Sicile pour passer les vacances de Noël, dans cette période il activera
quelques références des Châteaux Italiens.
En date 22 et 23 décembre il se trouvera à l'Erice (TP) et il activera aussi
quelques références valides pour les Châteaux Italiens.

Indicatif IT9/IL1PML, QSL via HC

SALUT et bon Noel et Année Nouveau

From Phil Delcroix

I've the pleasure to inform you about the RC of the Association des Radio-amateurs de St Barthélemy (FJ5KH) activities.

We will be QRV starting Dec 22 to commemorate the new DXCC Entity

Starting around 1030 utc, FJ5DX will be on the air and will be joined by the other club members DK6ST FJ5AB FJ5BC FJ1CM.

FREQUENCIES :

7065 + QRM
14065 + QRM
21265 + QRM

The activity is scheduled to end on next Sunday evening.

An other new:

Gregg W6IZT is joining our club as full privileges member. He will be on St Barth on 14, 15 and 16 of January 2008 and be active from our club station FJ5KH , if he finds an accomodation.
We FJ hams are searchin for to welcome Gregg.

Other information :

FJ5KH (qrz.com) ou via FJ5DX (qrz.com)

Subject: {Disarmed} [IARUR3] Illegal Operation of 4S7DXG Ivan

I am sorry to inform you as the Secretary of the Radio Society of Sri Lanka that Ivan a Ukranian Ham is operating without a valid licence. He had a Sri Lankan call sign from a previous occasion and he applied for a renewal which has not been granted yet from the Ministry of Defense. In the meantime he is stealthily operating and also claiming to operate from IOTA 171 Barbaryn Island which needs special clearance from the Harbour Master which he hasn't received, while operating from elsewhere in Sri Lanka, again without a valid license. No one is permitted to land without this clearance on Barbarine. We have brought this to the notice of the Authorities.

Last time when he was in Sri Lanka he operated with his Maldivian Call sign while in Sri Lanka. We are sad to say that any contacts by him should not be counted as valid.

Je suis désolé, en tant que Secrétaire Général de la Radio Society of Sri
Lanka, de vous informer qu'un amateur ukrainien, Ivan a Ukranian opère
actuellement sans licence valide.
Il a obtenu autrefois in indicatif sri lankais lors d'un premier séjour. Il
en a demandé le renouvellement qui lui a été refusé jusqu'à maintenant par le
Ministère de la Défense.
En ce moment, il opère, sans licence valide, depuis le IOTA 171 Barbaryn,
pour laquelle une autorisation spéciale délivrée par le Chef des autorités
portuaires est nécessaire, autorisation qu'il n'a pas reçue. Personne sans cette
autorisation ,n'est autorisé à débarquer sur Barberine.
La dernière fois qu'il est venu au Sri Lanka, il opérait avec une licence des
Maldives.
Nous avons porté ceci à la connaissance Nous sommes attristés de vous
informer qu'aucu de ses contacts ne pourra revêtir quelque forme de validité qie ce
soit.

6327. 3Y0E DX NEWS

Yahoo group: GOLIST (2007 — 2010)
Date: 2007-12-23 09:47:52 UTC
From: K1XN
Topic: 6327 Message: 6327

23 December 2007

On the 22^nd of December 2007 a second report of cluster spots were received that 3Y0E was on air. The only news at time of this media release was that Petrus had some problem with his e-mail and the antenna system. It is possible that the problem with the e-mail settings and antenna system has been resolved and that he was actually on air. We have to date not confirmed if Petrus has managed to fix the antenna system and urge anybody that hears him on air to make a recording of the activity and e-mail it to the Pilot Station, Rhynhardt Louw ZS6DXB. The e-mail address to use for the recordings is zs6dxb@... <mailto:zs6dxb@...>. We will however try to resolve the confusion as quick as possible.

The official 3Y0E website has been live now for 5 days; and we are happy to announce that as of Sunday morning 23 December 2007 we have had more that 3500 visitors on the site. We would like to thank Colin McGowan MM0NDX for the time and work he has done on the website. We are still adding media relevant to Bouvet Island on a daily basis. If you have any suggestions or information that you feel we need to add, please contact the Pilot Station.

We would also like to use this opportunity to thank everybody for the wonderful reception and interest shown in the 3Y0E operation. We would also like to wish all a safe and enjoyable time with their families over this festive season. From the 3Y0E team Merry Christmas and a Happy New Year!

6331. 3Y0E UPDATE

Yahoo group: GOLIST (2007 — 2010)
Date: 2007-12-24 15:16:24 UTC
From: K1XN
Topic: 6331 Message: 6331

On the 23^rd of December Rhy ZS6DXB and Petrus 3Y0E had a conversation via satellite phone. It has emerged that two days ago a fierce windstorm hit the camp and they have lost 2 tents. Petrus reported that they had a wind chill factor of -30 degrees Celsius, the antenna and radio equipment has survived the storm. We can also confirm that Petrus has been calling CQ on 20 meters (14 MHz) for the past couple of days. He is currently active between 15:00 to 17:00 zoeloe; these times are a conclusion of activity over the last couple of days and can change without notice.

Petrus has also reported that he has not logged any stations in the logbook yet as he could not hear any stations reply to him. If you hear Petrus calling CQ please ensure that he confirms your call before you clear with him and if it is possible to record the QSO even better. Please forward these recordings to the pilot station Rhy ZS6DXB via e-mail. We need to remember that Petrus has got limited HF experience and we all will need to assist him as far as possible.

So as conclusion the sports on the cluster over the last couple of days are 100% true but we have to report that Petrus could not hear you reply to him and thus have not logged the calls in his logbook.

Please visit the website for regular updates at www.3y0e.com <http://www.3y0e.com/>

73 and good hunting

Hi friends
December 23, 2007 -
An amateur radio operator has arrived at the Richard Casey base (AA
VK-02, WAP AUS-02, AN-016), VK0AG Op Graham. More details later, I hope.

Thanks to Paul VK2JLX-VK0JLX for the information.
Tks Dave VA3RJ

Mon Dec 24, 2007 1:24 am (PST)
Dear friends,

Felix , DL5XL, has arrived to Neumayer 2 Base last week via Cape Town, where
he met our wellknown friend Oleg, UA1PBA, at the ALCI office. He will stay
on Neumayer 2 Base approximately 3 months in order to assemble the new
Neumayer 3 Base. The modules of the new station are on board of the supply vessel
NAJA ARCTICA which got stuck in the pack-ice 18 km off the shelf-ice break. The
vessel can be visited by skidoos, but the final unloading position has not
been reached yet and thus the schedule for mounting the modules is getting
pretty tight. Felix, who is part of the assembling team, thus has some free time
for ham radio besides his other duties. The QSL route for DP0GVN Neumayer 2
clubstation is via DL5EBE and a general new QSL will be printed soon as we
expect another operator (Torsten, DD1TG, from BGR) later this season.

Actually, I am receiving QSL requests for R1ANC and R1ANP 2007 activities.
So far, I have not been in touch with these operators and it might be that
misunderstandings were spread on the cluster. I am trying to clarify the
situation by contacting ALCI and Vostok Base. However, I would be glad to support
the RAE teams as usual. As soon as I get proper information I will make them
public here.

I would like to wish you all very merry Christmas, peaceful days with your
families and I am looking forward to hear you on the air when being back to
Moscow on December 28.

Best 73s from Germany,

Dominik DL5EBE
Tks Dominik and Antarctica group

A previous report from a ham visiting Arctowski station reported that HF

antennas were not evident and that perhaps HF activities there had been discontinued. The good news from this week's Ohio/Penn DX PacketCluster, DX Bulletin No. 838, is that Marek has returned!

"HF0, SOUTH SHETLANDS (AN-010). Marek, SP3GVX, has been on King George Island since November 2007. He is at the Polish "Henryk Arctowski Antarctic Station" managed by Polish Academy of Science (Institute of Antarctic Biology). At the moment he has many duties to perform, but he should soon be active as HF0POL. This is his 4th time there, and he is going to be there the whole year during 2008. His QSL manager is the same as last time: Tom, SP3WVL. For more info about the Arctowski Station, visit the Web page at: _http://www.arctowskhttp://ww_ (http://www.arctowski.home.pl/) <_http://www.arctowskhttp://www_ (http://www.arctowski.home.pl/) > ADDED NOTE: Stan, SP3BGD, who was active as HF0POL in 1998, states that his contacts are available via eQSL and LoTW."
Tks Adam and the Antarctic group

PALESTINE
The complete log and statistics for the E4/OM2DX, Bethlehem, Palestine, operation can be found at www.om2dx.com/. QSL via OM3JW. Please note that one USD does not cover return postage, but 1 IRC does. All direct request with insufficient funds will be replied to via the Bureau.

----- Original Message -----
From: Rhynhardt Louw _zs6dxb@...6dxb_ (mailto:zs6dxb@...)

On the 23rd of December Rhy ZS6DXB and Petrus 3Y0E had a conversation via satellite phone. It has emerged that two days ago a fierce windstorm hit the camp and they have lost 2 tents. Petrus reported that they had a wind chill factor of -30 degrees Celsius, the antenna and radio equipment has survived the
storm. We can also confirm that Petrus has been calling CQ on 20 meters (14 MHz)
for the past couple of days. He is currently active between 15:00 to 17:00 zoeloe; these times are a conclusion of activity over the last couple of days
and can change without notice.

Petrus has also reported that he has not logged any stations in the logbook yet
as he could not hear any stations reply to him. If you hear Petrus calling CQ
please ensure that he confirms your call before you clear with him and if it is
possible to record the QSO even better. Please forward these recordings to the
pilot station Rhy ZS6DXB via e-mail. We need to remember that Petrus has got limited HF experience and we all will need to assist him as far as possible.

So as conclusion the sports on the cluster over the last couple of days are
100%
true but we have to report that Petrus could not hear you reply to him and
thus
have not logged the calls in his logbook.

Please visit the website for regular updates at www.3y0e.com

73 and good hunting

DK7LX will be active as FH/DK7LX from the 11. June 2008 - 23.
June 2008 from Mayotte Island, AF-027. Will be QRV in mostly
CW on all bands with an emphasis on 30/40/80.

For the time being, there is a little web-page:

http://www.dk7lx.mayotte.2008.ms/

Please check there for further details in 2008.

Mon Dec 24, 2007 1:24 am (PST)
Chers amis,

Felix , DL5XL, est arrivé à la base Neumayer 2 la semaine dernière via Le Cap, où il a rencontré notre ami bien connu Oleg, UA1PBA, dans les bureaux de l ’ALCI.
Il va rester à Neumayer 2 environ trois mois, et participera à la construction de la base numéro 3. Les éléments de la base numéro 3 sont en route à bord du NAJA ARCTICA, qui est encore englué dans le pack à environ 18 kilomètres de là. On peut se rendre sur le bateau en scooter des neiges, mais l’ assemblage final n’est pas encore commencé, aussi le planning final risque d’être très serré.
Felix qui fait partie de l’équipe d’assemblage, a ainsi un peu de temps libre pour le moment à côté de ses autres activités professionnelles.
La QSL DP0GVN la, station club de Neumayer 2 est via DL5EBE . Une nouvelle QSL est en préparation et nous attendons un second opérateur un peu plus tard en saison. (Torsten, DD1TG, BGR)

Pour l’instant je reçois des QSL pour R1ANC et R1ANP 2007. Je n’ai rien à voir avec eux et il se peutque des erreurs aient été propagées sur les clusters.
J’essaie de clarifier la situation en contactant l’ ALCI et la base Vostok.
Dès que j’aurai des informations je les transmettrai.
Meilleurs vœux et j’espère vous contacter lors de mon retour à Moscou, le 28 décembre.

De : Rhynhardt Louw _zs6dxb@...6dxb_ (mailto:zs6dxb@...)

Le 23 décembre, Rhy ZS6DXB et Petrus 3Y0E ont eu une conversation par téléphone satellitaire.
Une violente tempête sur le site a détruit une partie du camp . Ils ont perdu deux tentes.
Petrus informe que le blizzard a fait descendre la température à -30 degrés Celsius, mais la station radio amateur et l'antenne sont intactes.
Il a confirmé avoir appelé (vers le 21/12), sur 20 m . Il est maintenant normalement actif entre 15:00 et 17:00 z.
ce programme peut être changé à tout moment sans autre avis.
Petrus n'a toujours pas enregistré de stations sur son carnet de trafic; si quelqu'un lui a répondu, malheureusement lui, n'a entendu personne.
Si vous entendez Petrus appeler CQ, assurez vous que c'est bien votre indicatif auquel il répond. Enregistrer les QSO est plus que recommandé. Envoyez les enregistrements à la station pilote Rhy ZS6DXB par email.
Nous devons vous rappeler que l'expérience de Petrus en HF est limitée et que nous devons l'aider autant que faire se peut.
Nous confirmons que les spots sur les clusters étaient réels, mais que Petrus n'ayant entendu aucine réponse, il n'a donc enregistré aucun indicatif.

Hello Folks,

Reports say that Olli, left the island yesterday morning (Tuesday).

OH2BH, Martti, is still there and operating. He will be leaving
the island today - December 26th around 12 noon local time (1600Z).

At 1415Z all spots for PJ2 on the DX Cluster have ceased, so I guess
he is on his way home.

Vy 73 to all de Pete

J5C by F6KOP team, press release
Hi friends
All is quite ready to go.
The team members, located near Paris have spent a lot of time to package the antennas, coaxial and guys, the four PA's and five transceivers.
Are also in the box all the micellaneous pieces of gear, like connectors, solder and irons, measure gear, laptops and so on.
The laptops net and all interfaces have been controlled and tested, they all run well. The Cat systems are on also.
Frank F4AJQ, said me on Xmas Eve, he has in hand both licences and flight tickets.
Know they had to pay 4 licences; One for J5C, the official DXpédition call sign, and one for each operator's different nationalities (1 for F, OE and K)
And to answer some inquiries, the expedition callsign will be :
J5C (Julliett five charlie)
They all regret Serge, F6AML's missing, They have all warm welcomed Jean Marc, F8IXZ who accepted to join them at the last moment.
They will depart from Roissy CDG on January 11th to Bissau, then transshipment towards Bubaque Island late in the afternoon.
Even with the great knowledge and skill about mounting antennas (Spiderbeams, verticals and wires) and settling stations, they gained in previous expeditions, it seem very difficult to expect the first signals before 1500 utc on January 12th.
The pilote stations, Thierry, F4TTR and Bruno, F5AGB, will look at these operations on real time and put the first signal on the air, directly on the various clusters (They will have just to play Enter on the keyboard).
During the expedition Pascal, F5JSD, will try to send information every day to be forwarded on Internet.
To join the expedition please only via : _pilots@j5c.eu_ (mailto:pilots@...)
Frank, F4AJQ, expedition leader and all of the crew members want to say Many Thanks, to all of you who sent donations, those who sent their contributions and encouragements ; thanks to all of those who signed our guest book,
Your help is always very appreciated .
For other information, have a look on the bilingual French & English languages J5C's website at : _http://www.j5c.eu/_ (http://www.j5c.eu/)
To all of our friends, have a nice end of 2007 and warm and best wishes for 2008
Rendez Vous from Guinée Bissau, January 12th to 21st.
For the J5C team
Maurice, F5NQL, Official Internet communications Officer for J5C

J5C par le RC F6KOP,
Communiqué :
Bonjour à tous.

Tout est quasiment prêt.
Les membres de l’expédition basés en région parisienne et leurs amis ont passé beaucoup de temps à mettre en caisses et cartons, les antennes, coaxiaux, haubans, les quatre amplificateurs et cinq transceivers.
Ils ont également mis en caisse les petits accessoires indispensables tels connecteurs de rechange, soudure et fers, petits appareils de mesure, les portables etc.
La mise en réseau des PC portables a été réalisée et testée, les systèmes CAT également.
Frank, F4AJQ, me disait au téléphone hier qu’il a reçu les licences et les billets d’avion.
Sachez que l’expédition a du s’acquitter de quatre licences ; une pour l’ expédition – J5C -, mais également une par nationalité représentée chez les opérateurs, soit trois (F, OE and K)
Pour répondre à quelques questions , l'indicatif de l'expédition sera bien composé de trois signes :
J 5 C (Juliette cinq charlie)
Ils regrettent tous unanimement l’obligation d’annuler son déplacement, imposée Serge, F6AML.
Toute l’équipe a accueilli chaleureusement Jean Marc, F8IXZ, qui a accepté de remplacer Serge au pied levé.
Ils partiront de Roissy (CdG) le 11 janvier, destination Bissau, à partir d’ où ils seront transbordés sur l’île de Bubaque, tard dans l’après midi.
Même avec la très grande habitude acquise au cours des précédentes expéditions, pour le montage des antennes (Spiderbeams, verticales et autres filaires) et dans la mise en route des stations, n’espérez pas malgré tout, les premiers signaux avant 1500 utc le 12 janvier.
Les stations pilotes, Thierry, F4TTR et Bruno, F5AGB, surveilleront ces opérations en temps réel et mettront l’information sur les divers clusters, dès le premier signal émis par J5C. (Ils n’auront qu’à taper “Entrée” sur le clavier).
Pendant toute la durée de l’expédition, Pascal, F5JSD, essaiera d’envoyer des nouvelles journellement, nouvelles qui seront retransmises sur le réseau Internet.
Pour joindre l’expédition, attention uniquement via : _pilots@..._ (mailto:pilots@j5c.eu)
Pour des informations complémentaires, vous pouvez consulter le site de l’ expédition à :
http://www.j5c.eu/ (http://www.j5c.eu/)
Frank, F4AJQ, Chef d’expédition et tous les membres de l’équipe, tiennent particulièrement à remercier tous ceux qui ont envoyé contributions et encouragements. Merci aussi à ceux qui ont mis un mot gentil sur le livre d’or.
Votre aide est toujours précieuse.
A tous nos amis, bonne fin d’année 2007 et meilleurs voeux pour 2008.
Rendez vous depuis la Guinée Bissau, du 12 au 21 janvier 2008!
Pour J5C
Maurice, F5NQL, Responsable des Communications Internet pour J5C.

From Tom DL2OBO:

Hello

Like the years before I will operate from the old QTH Chalet Barsüla in Liechtenstein HB0 again from 1-9. January 2008

I will start with 40m on my day of arrival 1.1.08 (late arrival 2200 local time, so just a vertical for 40m in the first night)

2element wire beams for 80m and 160m to USA will follow the next day(s) (I had this with great success the years before)

single vertical for JA/ASIA, sorry, there is no chance for the 2 element in that direction :-(

It's again a one-men-show.....

FT1000MP AL1200 amp mostly CW

Hope to hear you again on the bands.

73 Tom www.dl2obo.de

I.C.P.O. Bulletin (Dec 27, 2007 - Jan 04, 2008)
Islands, Castles & Portable Operations.
Listing is by calendar date (day/month/year)
==========

17/12/2007: Felix, DL5XL has arrived at Neumayer 2 Base (AA DL-03, WAP DEU-02, AN-016) last week (December 17th) via Cape Town, where he met well known friend Oleg, UA1PBA at the ALCI office. He will stay on Neumayer 2 Base (WAP DEU-02 approximately 3 months in order to assemble the new Neumayer 3 Base. The modules of the new station are on board of the supply vessel NAJA ARCTICA which got stuck in the pack-ice 18 km off the shelf-ice break. The vessel can be visited by skidoos, but the final unloading position has not been reached yet and thus the schedule for mounting the modules is getting pretty tight. Felix, who is part of the assembling team, thus has some free time for ham radio besides his other duties. The QSL route for DP0GVN Neumayer 2 clubstation is via DL5EBE and a general new QSL will be printed soon as we expect another operator (Torsten, DD1TG, from BGR) later this season. [F5NQL]

27/12/2007: Didier, F4ELJ will be active as CN4MC from Morocco from December 27, 2007 to January 3, 2008. He plans to operate on 80-10 metre SSB. QSL via home call. [425 DX News]

27/12/2007: Look for JS6RRR and JI3DST/JS6 to be active from the Miyako Islands (AS-079) from December 27, 2007 to January 7, 2008. The main QTH will be Miyakojima (JIIA AS-079-005), with side trips to Ikema-jima (AS-079-001), Kurima-jima (AS-079-003) and Ogami-jima (AS-079-006). QSL via the bureau only. [425 DX News]

27/12/2007: Ron, KC0JQO will be QRV as homecall/p or /m at Split Rock lighthouse (ARLHS USA-783), Lake Superior, Minnesota, on December 27th from 1900 - 2200 UTC. Activity will primarily be on 14.270 MHz SSB. QSL direct to KC0JQO with SASE/SAE + postage. [ARLHS]

28/12/2007: MJ/F5CWU (Flo), MJ/F4EGD (Sylvain), MJ/F5MOO (Terry) and GJ4FDM (Tom, GM4FDM) are heading to the isle of Jersey (EU-013, WLOTA LH-0818) for the New Year! Those needing GJ should check mostly on the low bands, 12, 17 and 30 metres as well as RTTY. They will begin on December 28th and continue through January 6th. Plans are to have three stations for HF and one for VHF (2 metres). They have a Web site at jersey2008.f5cwu.net, which will have on-line logs. QSL via their home calls either direct or via the bureau. [F5NQL]

28/12/2007: Kazu, JA0VSH and his wife Miyuki, JG0PBJ will be active from Pohnpei, Micronesia (OC-010) from December 28th to January 3rd. They will operate V63KZ (Kazu), V63MP (Miyuki) and V63BBQ (club call) on 160-10 metres CW and SSB. All QSLs direct to JA0VSH (Kazuhide Maruyama,

1-25-49 Iruma, Chofu, Tokyo 182-0004, Japan). [425 DX News]

28/12/2007: Igor VE3ZF will be active as a VE2IDX from Orleans Island (NA-128, CIsA QC-007), December 28th/29th during RAC Canada Winter Contest. Before and after contest he will use his regular call sign VE3ZF/2. His main frequencies will be 14260 kHz (daytime) and 3795/7260 kHz (during the night). SKEDs are welcomed at: Igor.Slakva_at_smithsdetection.com This is a good chance to work for the Canadian Islands Trophy (CISA Award program). Rules concerning the CISA Award program can be found at: www.qsl.net/ve3tpz/cisa/ . QSL via VE3ZF: Igor Slakva, 105 La Rose Avenue, PH #1410, Etobicoke, Ontario, M9P 1A9 Canada. [VE3ZF]

29/12/2007: Harry, JG7PSJ will be QRV December 29th to January 4th from Chichi-Jima (AS-031, JIIA AS-031-003, WW Loc. QL17CC, JCG 10007), Ogasawara Islands, using the call sign JD1BMH. Activity will be on 160-10m using CW, SSB and RTTY. QSL via JG7PSJ, direct (Hiroyuki Kawanobe, 1-4-1,Mikamine, Taihaku, Sendai, Miyagi 982-0826 JAPAN) or by the bureau. Further info and log search can be found at: sapphire.ganko.tohoku.ac.jp:8080/jd1bmh/ [NG3K]

30/12/2007: Giovanni, IZ2DPX, will be active as EA8/IZ2DPX from the island of Fuerteventura (AF-004, DIE S-006 for the Spanish Islands Award, WLOTA LH-0883) between December 30th and January 6th. Activity will be on 40/20/17/15/12/10 metres using a Kenwood TS-50 with a MFJ Tuner into a Spar I1UJX multiband vertical antenna. QSL direct to IK2DUW or by the bureau. [OPDX]

31/12/2007: Ben, DL7UCX will be active from Kenya as 5Z4/DL7UCX from December 31st through January 12th. Activity will be on 160-17 metres, mainly on CW and a focus on the lower bands. This will be a holiday style operation using 400 watts into a 18m vertical. QSL via DL7UCX, by the bureau or direct. [OPDX]

01/01/2008: Tom, DL2OBO will operate from the old QTH Chalet Bars?la in Liechtenstein again from January 1-9th. He will start with 40m on his day of arrival 1.1.08 (late arrival 2200 local time, so just a vertical for 40m in the first night). 2 element wire beams for 80m and 160m to USA will follow in the next day(s). Tom had great success with this setup the years before. Single vertical for JA/ASIA, sorry, there is no chance for the 2 element in that direction. It's again a one-men-show, using FT1000MP, AL1200 amp, mostly CW. QSL via home call. [K1XN & The GOLIST]

01/01/2008: Pete, SM5GMZ, reports that he will be traveling through South-East Asia starting in January 2008. He states, "Unless something odd happens, I will stay in the region until April and - when not working - try to operate as much as possible." His schedule is as follows: January - Activity as HS0ZFI from Thailand (all bands and all modes), concentrating on 30/17/12 metres and the low bands. January/February - Activity as XU7ADI from Cambodia (all bands and all modes). March - Activity as 9M6/SM5GMZ from East Malaysia. He will also

be active in the WPX Contest from Sarawak as 9M8Z. Also, activity from Brunei (V8). April - Still open. Maybe some surprises! All QSLs are via SM5GMZ. Hopefully more up-to-date details will be forthcoming before the new year. Stay tuned! [OPDX]

02/01/2008: Peter, DL9DAK will be active from Ecuador and the Galapagos Islands early next year: January 02-11th as DL9DAK/HC1 from Quito, Ecuador; January 15-18th as DL9DAK/HC8 from the Galapagos Islands (SA-004); and January 19-21st as DL9DAK/HC2 from Guayaquil, Ecuador. He will operate only digital modes (PSK, Olivia, RTTY, Feldhell, etc.) on 17, 20 and from time to time 40 metres, with vertical dipoles and 50 watts. QSL via home call. Further information at: www.dl9dak.de/ [425 DX News]

05/01/2008: The 4M5DX Group is organizing a DXpedition to Paramaribo, Suriname, to take place January 5-11th. A multinational team of skilled and experienced operators is being gathered and plans are to have three stations active for 10 days. They will operate, as PZ5YV, on all bands (160-6 metres) CW, SSB and RTTY. Team members will be: Olli/OH0XX, Spiros/SV8CS, Pedro/HK1X, Alex/YV5SSB, Ramon/XE1KK, Jos?/YV5TX, Diego/LU8ATX, Pasquale/YV5KAJ and Ramon/PZ5RA. Financial assistance is requested to offset the costs, for further information please visit: www.pz5yv.4m5dx.info/index.html . QSL via IT9DAA, direct or bureau. Logs will be uploaded to LoTW. [IT9DAA]

==========

LOOKING AHEAD -

14/01/2008: Gregg, W6IZT is joining the RC of the Association des Radio-amateurs de St Barth?lemy (FJ5KH) as a full privilege member. He will be on St Barth?lemy (NA-146, WLOTA LH-0377) from January 14-16th and will be active as FJ/W6IZT from the FJ5KH club station, if he finds accomodation. QSL via home call. [F5NQL]

01/02/2008: The Swedish Heathkit Club, SK7XN located in Huskvarna, Sweden, will be QRV February 9th (0700z-1800z) for Heathkit Activity Day and to celebrate the birth of Howard Anthony. Look for activity on 3.540, 3.700, 14.040 and 14.287 MHz. A special QSL card will be available by sending a direct request to: Swedish Heathkit Club, Mats Gunnarsson, Baldersgatan 6, Ljungby SE-341 33, SWEDEN. The Swedish Heathkit Club web site can be found at: www.heathkit.se/ [SK7XN]

09/02/2008: Look for Yuris, YL2GM to be QRV as D4C from the MonteVerde contest station, Mindelo, Ilha do S?o Vicente (AF-086 LH-1976), as a Single-Op/All-Band/High-Power entry during the CQ WW RTTY WPX Contest (February 9-10th). QSL via IZ4DPV, direct or bureau. [NG3K]

16/02/2008: Girts, YL2KL will be QRV as D4C from the MonteVerde contest station, Mindelo, Ilha do S?o Vicente (AF-086 LH-1976), as a Single-Op/All-Band/High-Power entry during the ARRL DX CW Contest WPX Contest (February 16-17th). QSL via IZ4DPV, direct or bureau. [NG3K]

11/06/2008: Georg, DK7LX will be active holiday-style as FH/DK7LX from Mayotte Island (AF-027, DIFO FH-001, WLOTA LH-0376) between June 11-23rd. He will be QRV mostly using CW, on all bands with an emphasis on 30/40/80m. Antennas will be vertical-arrays as well as dipoles. QSL via home call. Further information can be found at www.dk7lx.mayotte.2008.ms/ [NG3K]

==========

SPECIAL EVENTS -

25/12/2007: Special event station 8N0SNOW will be aired from December 25, 2007 until February 22, 2008 to celebrate the 63rd Winter National Athletic Meet. Look for activity on all bands and modes. QSL via the JARL bureau. [JJ1WTL/AC6IM]

29/12/2007: Paul, ZL3TX and local Radio Clubs operators will be active as ZM6JAM during the 18th New Zealand/International Scouts Jamboree, to be held in Christchurch, South Island (OC-134, WLOTA LH-0342), from December 29, 2007 to January 5, 2008. The main activity will take place between 0800-2000 UTC each day, apart from New Years Eve when the station will remain active till 1200 UTC. ZM6JAM will be active on 80-10 metres mainly SSB and Digital Modes, along with Echolink via the ZL3CAR repeater Node 101553 and ILRP on 145.625 repeater Node 6900. QSL via ZL3TX. For further information or for those wanting to set up skeds please email zm6jam@... [425 DX News]

01/01/2008: Ludwig, ZS6WLC will be active as ZS7BYRD from the South African Antarctic base SANAE IV [Vesleskarvet] (AA ZS-03, WAP ZAF-03) during January-February 2008. He expects to operate SSB on 14180 kHz and AM on 14280 kHz; CW will be supported using straight key. QSL to Ludwig Combrinck, P.O. Box 443, Krugersdorp 1740, South Africa. ZS7BYRD will be a commemorative station for Admiral Richard E. Byrd's 1930 and 1934 expeditions, where they used the McMurdo Silver crystal circuit for selectivity and the Collins pioneered class B AM modulator for the first voice transmissions to the USA from Antartica respectively. [425 DX News]

01/01/2008: The Balkan Contest Club will operate as LZ130LO from January 1st through March 31st to commemorate the 130th anniversary of the end of the Russo-Turkish War, which established Bulgaria as an autonomous principality. QSL via LZ1KZA, bureau preferred. Information on the relevant award can be found at qrz.com under LZ130LO. [425 DX News]

01/01/2008: On 1 January 2008 the official currency of the Republic of Cyprus will change from the Cyprus Pound to the Euro. To celebrate this historic event, members of the Pafos District of the Cyprus Amateur Radio Society will use the call C4EURO throughout 2008. Expect activity on the HF and VHF bands, SSB, CW and digital modes. QSL via 5B4AGC. [425 DX News]

01/01/2008: The special event call sign EI100SI will be aired from January 1 to December 31, 2008 to celebrate the 100th anniversary of the Boy Scouts in Ireland. QSL info will be available on QRZ.com. [F5NQL]

01/01/2008: Special event station 8J7OZE will be aired between January 1st and September 30th to commemorate "The Birth of Oze National Park". Opened on August 30, 2007, the park is an area consisting of wetlands and mountains in Chubu, Japan. The park's area includes the marshes and the mountains in the Oze area, formerly part of the Nikko National Park, and other nearby areas including the Aizu-Komagatake and Tashiroyama mountains. The park is 37,200-hectares in area and includes parts of Fukushima, Tochigi, Gunma and Niigata prefectures. QSL via the JARL bureau. [JJ1WTL/AC6IM]

01/01/2008: Lions Clubs International, the world's largest volunteer service organization, will be sponsoring an amateur radio special event station to be operated by Great Britain's Bedworth Lions Club January 1-28th. The station will operate on 2 metre FM and 80-10 metre SSB with the call sign GB4BLC. Additionally for 2008, contacts via amateur satellite are planned. QSL via G8GMU, direct or via the RSGB bureau. Further details at: www.bedworthlionsclub.co.uk/evawa.htm [Southgate ARC]

U.S.A. Special event station information can be found at: www.arrl.org/contests/spev.html

New Prefix for Bosnia-Herzegovina Officially Announced -

In response to a request from the Ministry of Communications and Transport of Bosnia and Herzegovina in August, the International

Telecommunication Union (ITU) withdrew the call sign prefix allocation T9A-T9Z for Bosnia and Herzegovina and made a new allocation, E7A-E7Z. The change was made initially on a provisional basis under authority of the ITU Secretary-General and was confirmed by the 2007 World Radiocommunication Conference to be effective November 17, 2007.

According to International Amateur Radio Union (IARU) Secretary David Sumner, K1ZZ, the Ministry of Communications and Transport (BiH) held a press conference in Sarajevo on December 18 to formally announce the change. Minister Dr Bozo Ljubic explained the desirability of changing a prefix that initially was allocated during wartime and how it was now being replaced with one that has no connection to that troubled time; similar steps have been taken with regard to passports, drivers' licenses and automobile registrations, he said. Ljubic also observed that the costs associated with the change were minimal compared to the benefits.

Amateur Radio station licenses bearing E7 prefixes will be issued beginning in January 2008, and the use of other prefixes will be phased out.

Sumner and IARU Region 1 President Ole Garpestad, LA2RR, of Norway, were invited to speak at the press conference. Accompanying them was IARU Region 1 Executive Committee member Nikola Percin, 9A5W, of Croatia. They expressed congratulations and support for the change, eliminating an issue that has complicated relations among the radio amateurs of Bosnia-Herzegovina.

Also invited to speak was Miroslav Nikse, President of the Union of Radioamateur Associations of Bosnia and Herzegovina (URAS), a recently formed umbrella organization of amateur radio associations based in different parts of the country. He thanked those involved in promoting the change. In his remarks, Dr Ljubic pledged support from the Ministry of Communications and Transport to the umbrella organization for the development of Amateur Radio repeater and digital networks that would cover the whole of the country, enhancing emergency communications capabilities. [ARRL]

J5C by F6KOP team, press release -

Hi friends,

All is quite ready to go.

The team members, located near Paris have spent a lot of time to package the antennas, coaxial and guys, the four PA's and five transceivers.

Are also in the box all the micellaneous pieces of gear, like connectors, solder and irons, measure gear, laptops and so on.

The laptops net and all interfaces have been controlled and tested, they all run well. The Cat systems are on also.

Frank F4AJQ, said me on Xmas Eve, he has in hand both licences and flight tickets.

Know they had to pay 4 licences; One for J5C, the official DXp?dition call sign, and one for each operator's different nationalities (1 for F, OE and K).

And to answer some inquiries, the expedition callsign will be:

J5C (Julliett five charlie).

They all regret Serge, F6AML's missing, They have all warm welcomed Jean Marc, F8IXZ who accepted to join them at the last moment.

They will depart from Roissy CDG on January 11th to Bissau, then transshipment towards Bubaque Island late in the afternoon.

Even with the great knowledge and skill about mounting antennas (Spiderbeams, verticals and wires) and settling stations, they gained in previous expeditions, it seem very difficult to expect the first signals before 1500 utc on January 12th.

The pilote stations, Thierry, F4TTR and Bruno, F5AGB, will look at these operations on real time and put the first signal on the air, directly on the various clusters (They will have just to play Enter on the keyboard).

During the expedition Pascal, F5JSD, will try to send information every day to be forwarded on Internet.

To join the expedition please only via: pilots@...

Frank, F4AJQ, expedition leader and all of the crew members want to say Many Thanks, to all of you who sent donations, those who sent their contributions and encouragements; thanks to all of those who signed our guest book.

Your help is always very appreciated.

For other information, have a look on the bilingual French & English languages J5C's website at: http://www.j5c.eu/

To all of our friends, have a nice end of 2007 and warm and best wishes for 2008.

Rendez Vous from Guin?e Bissau, January 12th to 21st.

For the J5C team

Maurice, F5NQL, Official Internet communications Officer for J5C [F5NQL]</p>

Sure has me puzzled. I just downloaded it and installed it and it comes
up with the correct file.

When you get to the download page, Refresh your screen to make sure
to clear your cache. Then download the file again.

Let me know. If it does not work this time, I will upload a new file.

Okay, I see the problem. Will fix it right now.
I will upload a new file in short order.

From Tom DL2OBO:

Hello

Like the years before I will operate from the old QTH Chalet Barsüla in
Liechtenstein HB0 again from 1-9. January 2008

I will start with 40m on my day of arrival 1.1.08 (late arrival 2200 local
time, so just a vertical for 40m in the first night)

2element wire beams for 80m and 160m to USA will follow the next day(s) (I had
this with great success the years before)

single vertical for JA/ASIA, sorry, there is no chance for the 2 element in that
direction :-(

It's again a one-men-show.It's a

FT1000MP AL1200 amp mostly CW

Hope to hear you again on the bands.

From: "f5pfp_mehdi" <_f5pfp@aliceadsl.f5_ (mailto:f5pfp@...) >

Hi

The polar vessel "Canal de Beagle" left Buenos Aires for a supply
mission to the argentine antarctics bases.

On board,2 radio officers allowed to operate under LU4ACB/mm on
amateur radio frequencies.

They will operate mainly on the Antarctic dx net managed by
LU4DXU and could appear this week end on air.

Thanks to Horacio LU4DXU for having arranged a such operation.
Qsos with LU4ACB/mm are valid at any position for Antarctic Challenge
as polar ship.

73 de Mehdi F5PFP.
Tks Antarctic group.

Forwarded with 73 by
Maurice, F5NQL

HI Folks,
I've just spoken with Jukka OH2BR .
Trying to arrange a sked with OJ1ABOA on 20 mts, he has just received a
mail
from Mika who was on 14.115 at 9:00 as scheduled, but no conditions at that
time. Next sked will be again at 11:30 & 11:45 on the same frequency
14.115 MHz.
In any case, on the evening from 22:00 and ahead OJ1ABOA is on 40 mts
(Check

7043, 7050, or 7056). TNX Jukka & Mika for paying such a great attention to the
DXers and Antarctic Hunters.

You may find several of the DX calls that I have an LOTW listing for as
on LOTW. These may or may not be uploaded yet to LOTW, but will be
in the future. This info is asked of the managers when I confirm the dx
records with them. It usually is a year or more before I can get back to
re confirming the records, so I list all the info that I have. This makes my
list different from the list on the internet as I have what has happened and
what will happen according to the dx station or their manager.

From: Bob Main
Topic: 6356 Message: 6362

John I also known that many of the DX ham have only some of their QSOs posted, but not all. So I may have a LoTW QSL for a station and you may not even though it is the same station. They just chose not to upload all of them.

VK9NS told me this when I asked him why I hadn't seen any QSLs for him when I was getting indications that he was using LoTW. I think he said he had uploaded only about 40,000 QSO to LoTW.

You may find several of the DX calls that I have an LOTW listing for as on LOTW. These may or may not be uploaded yet to LOTW, but will be in the future. This info is asked of the managers when I confirm the dx records with them. It usually is a year or more before I can get back to re confirming the records, so I list all the info that I have. This makes my list different from the list on the internet as I have what has happened and what will happen according to the dx station or their manager.

6365. GOLIST DATA FILE INFO

Yahoo group: GOLIST (2007 — 2010)
Date: 2007-12-28 21:58:39 UTC
From: K1XN
Topic: 6365 Message: 6365

Hi folks,
Just a note to make new users familiar with what is listed
in the Golist data files.
As all you advanced users of Golist know, I try and verify each
record in the Golist data files. Like you, I do not always get a response
to my requests, so so of the records go unconfirmed. When errors are
found either by myself or users, they are changed immediately and I then
send out a verification letter to the manager of the new record. If a record
change is made from a Qsl card received, then that is accepted as a verified
record.
I also request some information from the dx station/manager. Some of
these are, but not limited to, records ON/TO BE on LOTW, preferred qsl
request
methods, return postage requirements. New information recently added to
the Golist data files are, LOTW records and DXCC APPROVED operations
records. As mentioned in an earlier email to the group, LOTW records in the
data files may indicate a record list on LOTW when it has not been
uploaded yet. This is due to information given to me by the dx
station/manager that this will be done as possible. I record this info
so that it will not be lost in my clutter and overlooked. DXCC approved
records are usually not listed unless they have been released by the
DXCC desk. I have had some dx stations/managers send me copies of
letters indicating their operation was approved and I have listed those
as official.
I upset one US manager the other day when I sent him a verificatinn
letter indicating postage as <3$/1irc>. He told me right away that he
did not charge that much for postage. Here's the deal, when I make an
entry into the database I aways use the <3$/1irc> as the default postage
requirement due to the fact their are more foreign managers than
stateside mansger in todays world. I try to catch US manager and make
the change to <1$/1irc>.
Never the less, when the confirmation message is returned, the record is
corrected and all is well again. If you find a stateside manager with a
postage
note of more than 1$, drop me a note and I will change or verify it.
Some US managers do require 2$ to ofset printing costs.
I hope this note will help some of the new Golisters understand what
they see when they access the Golist data files on their computer or on
the Golist web site.
The solar numbers are slowly getting better and I am hearing more DX on
the bands, maybe, just maybe, thing are getting better.
Good DXing.
John K1XN

6368. Llivia - A MEW DXCC ENTITY ???

Yahoo group: GOLIST (2007 — 2010)
Date: 2007-12-29 11:00:55 UTC
From: K1XN
Topic: 6368 Message: 6368

According to reporting from the DXCC Desk are finalizing the last details
to put up a new entity for DXCC, *LLivia.*
<http://72.14.203.104/translate_c?hl=en&u=http://es.wikipedia.org/wiki/Llivia&prev=/search%3Fq%3Dea5ol%26hl%3Den>
The formalities were long but at last has been the theme track.
As we all know, this is a Spanish enclave within French territory.

6369. New poll for GOLIST

Yahoo group: GOLIST (2007 — 2010)
Date: 2007-12-29 11:20:58 UTC
From: GOLIST@yahoogroups.com
Topic: 6077 Message: 6369

Enter your vote today! A new poll has been created for the
GOLIST group:

When you shop for new radio gear, what
is your primary selection criteria for online purchases ?
What is the deal closer?

You may vote for more than one choice.

o discounted price ?
o trade-ins taken ?
o free shipping ?
o no sales tax?
o payable by personal check or bank draft?
o credit card acceptance ?
o PayPal ?

To vote, please visit the following web page:
http://groups.yahoo.com/group/GOLIST/surveys?id=2315128

Note: Please do not reply to this message. Poll votes are
not collected via email. To vote, you must go to the Yahoo! Groups
web site listed above.

Thanks!

Hi friends
Saint Barthelemy. 1:
Have a look on the clusters
Paul, F6EXV and Yuichi, JR2KDN, helped by Phil, FJ5DX have scheduled to stay in St Barthélémy, from January 6th to 20th.
Active from 160 to 10m, with 2 complete stations with PA‘s beams verticals and wires, included.
SSB and CW.
CW by Paul who says he’s not primarly a CW op, so he asks for some patience.
A web callsign is beeing constructed, where the logs will be uploaded every 2 or 3 days.
Callsigns and QSL routes : FJ/F6EXV via F6EXV and FJ/JR2KDN via JR2KDN.
(http://www.qsl.net/k0kp/disqualify.pdf)

St. Barthelemy (FJ) 2:
From the CQ Newsroom...

St. Barthelemy (FJ) to Count for CQ DX Awards

CQ DX Awards Manager Billy Williams has announced that the Caribbean island of St. Barthelemy - prefix FJ - has been added to the CQ DX Awards entity list, effective immediately, for confirmed contacts with the island made on or after February 21, 2007. For purposes of the CQ DX Field Awards, St. Barthelemy is in grid field FK.

Until now, the island (along with surrounding smaller islands) has been considered part of French St. Martin (FS) for awards purposes. Last February 21, the French government gave St. Barthelemy a new status as an "overseas collective," leading the U.S. State Department last Friday (December 14) to add the island to its list of "Dependencies and Areas of Special Sovereignty." Presence on this list is one of the criteria used to designate a location as a separate entity for award purposes. The ARRL was expected to add St. Barthelemy to its DXCC list in the near future as well.

For more information on the CQ DX Awards, visit _http://www.cq-amateur-radio.com/awards.html_ (http://www.cq-amateur-radio.com/awards.html) on the CQ website or the CQ DX Awards homepage at _http://home.earthlink.net/~bfwillia/page3.html_ (http://home.earthlink.net/~bfwillia/page3.html) .
Tks The Btown Monitoring Post
---
de Tony, F8ATS :
UK, Scilly islands.
Starting on May, 15th, in the afternoon until May 23rd, a French team leaded

by Tony, F8ATS, will go to the Scilly Islands, St Mary, IOTA EU-011, and Grid square IN69UV.
During the stay, they hipe to manage a two hours activity from the rare grid square IN79jx.
Under callsigns M/Hc, they will be active in HF (160-10), VHF(2 m) and UHF (70 cm),
Modes : CW and SSB.
They are expecting one or several digit operatorsto join them, but also able to send CW or SSB
If interested please contact Tony, F8ATS at _f8ats@..._ (mailto:f8ats@...) .
Sked requests will be possible at this address too, until May 10th.
St Mary's counts also for the Worked on the Air Lighthouses award, under the reference : WLOTA 0234.
En route to St Mary's,they will be active as HC/m and M/Hc/m, on 40m and 2m.
QSL for all of thecallsigns via F8ATS, through the French Ref-Union bureau (please only this bureau).
For those who cannot use the bureau way, Tony will accept valid IRC's and self adressed envelopes, please avoid green stamps.
More information to follow.
Tks Tony, F8ATS

BRAZIL:
PW2M - This call sign will be used in a DXpedition to Moela Island, IOTA SA-071 , between 01-08 February 2008 .
Team members :
Rolf / PY1RO, Joe /PY2EJ , Luiz /PY2OC , Alex /PY2WAS , Fred /PY2XB , Junior /PY2ZA , with administrative support by Andre /PY2MTV and Eder /PY2XAT.
Activity will be from 2m up to 160m , CW SSB Digitals.
QSL Manager will be AI4U for foreign operators and PY2AA for Brazilian operators .
There is a lighthouse in Moela Island '(WLOTA 1335)
Such an operation was granted after a Brazilian Navy's permission .
[see at Qrz.com].
Tks Eyran Millis 4X4-2238
Forwarded with 73 by
Maurice, F5NQL
DX list organizer for the Union Francaise des Telegraphistes, UFT (_www.uft.net_ (http://www.uft.net/))

Apologize for possible double sending.

If this kind of message could be useful to your friends please spread it and ask
them to include their address on the mailing list at : _f5nql@..._ (mailto:f5nql@...) .

If you don't want to receive these message anymore, please ask to be removed of the mailing list, same way.

Bonsoir à tous
Saint Barthelemy. 1:
Ayez un oeil sur les clusters:
Paul, F6EXV et Yuichi, JR2KDN, avec l'aide de Phil, FJ5DX ont programmé une expédition à Saint Barthélémy, du 6 au 20 janvier 2008.
Ils seront actifs de 160 à 10 m avec deux stations complètes, y compris PA, beams, verticales et filaires.
SSB et CW.
CW par Paul qui indique que ce n'est pas son mode de trafic habituel, aussi demande t il un peu de patience.
Une page web est en construction sur laquelle le carnet de trafic sera mis à jour toius les deux ou trois jours.
Indicatifs et QSL : FJ/F6EXV via F6EXV et FJ/JR2KDN via JR2KDN.
(http://www.qsl.net/k0kp/disqualify.pdf)

St. Barthelemy (FJ) 2:
De CQ Newsroom...

St. Barthelemy (FJ) compte pour les diplômes CQ:

Le CQ DX Awards Manager Billy Williams a annoncé que St Barthélémy, préfixe FJ, a été ajouté à la liste des entités valides pour les diplômes CQ, pour tous les contacts établis depuis le 21 février 2007, date d'entrée en vigueur du nouveau statut de l'île.
Pour ceux qui chassent le CQ DX Field Awards, St. Barthélemy est dans la grille locator FK.
Plus d'informations sur les diplômes CQ :
http://www.cq-amateur-radio.com/awards.html
(http://www.cq-amateur-radio.com/awards.html)
on the CQ website or the CQ DX Awards homepage at
http://home.earthlink.net/~bfwillia/page3.html
(http://home.earthlink.net/~bfwillia/page3.html) .
Tks The Btown Monitoring Post
---
de Tony, F8ATS :
Royaume Uni, îles Scilly
A partir du 15 mai 2008 après midi jusqu'au 23 mai 2008, Tony, F8ATS, dirigera une expédition française , aux Iles de Scilly, Saint Mary, IOTA EU-011, Carré locator IN69uv.
Ils seront actifs sous indicatif M/HC, en CW et SSB et sans doute en modes numériques (au moins RTTY et PSK31). Insistance sur V et UHF, mais équipés de 160m à 70 cm,
Au cours du séjour, une activité d'environ deux heures est prévue depuis le rare carré locator IN79jx.
En route vous pourrez les entendre en mobile sur 40m et VHF. (Indicatifs HC/m ou M/HC/m)
L'équipe recherche au moins un opérateur supplémentaire, capable de trafiquer d'abord, en modes digitaux (mais aussi en CW et SSB) . Si intéressés, prendre contact avec Tony, F8ATS à : _f8ats@..._ (mailto:f8ats@...)
Demande de skeds possible également à : _f8ats@..._
(mailto:f8ats@...) , jusqu'au 10 mai 2008 dernier délai.
Autres références : programme de diplômes Phares : WLOTA : 0234

QSL pour tous les indicatifs via F8ATS, uniquement via le bureau du
REF-Union. Pour ceux qui ne le peuvent envoyer une enveloppe et un IRC en cours de
validité, de préférences aux dollars.
Plus d'information à venir. »

BRESIL:
PW2M –
Cet indiatif sera sur l'air du 1er au 8 février, par une équipe présente sur
l'île Moela,
IOTA SA-071, WLOTA 1335.
Opérateurs : Rolf / PY1RO, Joe /PY2EJ , Luiz /PY2OC , Alex /PY2WAS , Fred
/PY2XB ,
Junior /PY2ZA , avec l'autorisation administrative d'André /PY2MTV et Eder
/PY2XAT.
Actifs e 2m à 160m, CW, SSB et modes digitaux.
QSL Manager , AI4U pour tous les opérateurs sauf les Brésiliens qui eux sont
via PY2AA.
Opération réalisée avec l'accord de la Marine brésilienne.
[voir PW2M sur Qrz.com].

----- Original Message -----
From: Rhynhardt Louw zs6dxb@...

Happy new year to you all!

30 December 2007
On the 30th of December 2007, Petrus 3Y0E and Rhynhardt ZS6DXB had a conversation via satellite phone. Petrus was happy to confirm that the radio and antenna is working. He made a couple of contacts on the 30th of December with ZS and PY stations. He also reported that he heard a lot of contest activity on Saturday the 29th of December from South America.

Rhynhardt ZS6DXB and Petrus 3Y0E will be trying a new strategy to get 3Y0E into pileups. 3Y0E will until further notice call CQ between 16:00 and 17:30 Zoeloe on 14.200 MHz only. 3Y0E will work simplex until Petrus get more acquainted with the radio equipment. Please note that no pre-arranged skeds "contacts" can be arranged with 3Y0E.

Petrus has still got some e-mail problems and we are hoping to resolve them speedily. As soon as they are resolved we will publish the 3Y0E logbook on the website, http://3y0e.com/

There has been a number of false cluster reports over the last couple of days and we urge anybody that hears Petrus 3Y0E call CQ to record him and forward the recording to zs6dxb@...

The 3Y0E team would like to use this opportunity to thank you all for the wonderful support we have received from everybody and would like to wish all a happy and prosperous New Year! May all of your expectations and whishes come true in 2008.

Hallo dear VHF-DX-friends,

again we would like to thank you for your great support during
the past month which have given us a positive sign to start with
new power and lot of new ideas again into the NEW YEAR 2008.

Please be so kind and stay with us and support us again
also in the next year again. To you and yours:

HAPPY NEW YEAR!!!

Lot new ideas from and for our USER of the VHF-DX-PORTAL MMMMonVHF:

- Trophy for the "Best VHF DX Expedition" of the Year 2007
The VHF-DX-Portal MMMonVHF is happy to invite all VHF enthusiasts
and VHF-DX'ers to join the new survey to find the
"Best VHF DX Expedition of the Year 2007".
The aim of the survey is to thank the very hard effort of those,
who organized and carried out so many nice expeditions and trips
all around the world on the VHF bands in the past year 2007.
Voting Period: 01 January 2008 to 20.January 2008
PLEASE do download the RULES of the survey at:
http://www.mmmonvhf.de/img/pdf/Trophy.pdf

- A poll if MMM shall implement also a Most WANTED DXCC List

- ICAL - iCalendar is a standard for calendar data exchange.

- Subsciption of DXpedition News

- and lot of updates at the TROPO and MS PROPAGATION Pages...

and lot up to date infos more...

Have a good start into the NEW YEAR 2008

Kind regards, Jani, HA5CRX
in the name of the MMMonVHF-Team (http://www.MMMonVHF.de)

6381. EUCW 160m CW yearly contest

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-01-03 12:34:22 UTC
From: K1XN
Topic: 6381 Message: 6381

From: F5nql@...

Hi Friends.

On the next week end will happen the ON5ME.

This contest is the EUCW 160m CW yearly contest sponsored under the EUCW regulations by its member the Union Francaise des Telegraphistes UFT.

A lot of Top banders will meet themselves in one of the most important club event organized on this band.

This contest is open, to all amateurs, members of an EUCW club or not.

Some EUCW Societies have already announced that ther wil be in the contest under their official callsign.

The HTC will use its HB9HC callsign by hb9cnu Rolf and hb9cql Ruedi, the UFT will be in with F8UFT, operated by the contest checker, Ghislain, F6CEL, and as every year, the AGCW is awaited with one or more of their callsigns;so is also Petra, DF5ZV from whom we hoped the YL-CW group callsign..

Note that contacting one of these official EUCW Societies callsigns, is worth 10 points each time and once per day.

A free software, written by F6ENO is available on the UFT pages at :
http://www.uft.net/downloadplus.php?lng=fr&catid=20

You can dowload this soft also on Alain,F6ENO's page at :
http://pagesperso-orange.fr/f6eno/Logiciels.htm.

Note the dates and time :
Saturday, Jan 2008 5th from 20h00 to 23h00 UTC and Sunday, Jan 6th, from 0400 to 0700 UTC.

Rules in French language at : http://www.uft.net/articles.php?lng=fr&pg=38
A translator tool is available on the pages to German, English, Spanish, Italian, Portuguese and Dutch languages,.

Rules in French and English languages , by the software Help files
Rules in German and English languages, on the AGCW pages at :
http://www.agcw.org/eucw/
Rules in Latvian language at :
http://rc.ktu.lt/kturc/modules/news/print.php?storyid=95
Rules in Russian language at : http://www.qrz.ru/contest/detail.phtml?id=278

So Have fun on the top band and rendez vous for a great ON5ME.

Thanks for speading this information.
73

Maurice, F5NQL, one of the organizer gang.

I.C.P.O. Bulletin (January 03-11, 2008)
Islands, Castles & Portable Operations.
Listing is by calendar date (day/month/year)
==========

03/01/2008: Mala, F4FMI is currently active from Djibouti as J20MB since January 1st and will remain there until the end of March. Look for him to be QRV on 20, 17 and 15 metre SSB. QSL via F4FMI, when he gets back home. [F5NQL]

03/01/2008: Team RK3FWW will be active January 3-5th as UE3DDX/1 and UE3DDX/3 from RDA districts NV-05 (Borovichsky), Novgorodskaya oblast (NV, 144) and TV-19 (Bologovsky), Tverskaya oblast (TV, 126). QSL via RZ3FR, direct or bureau. [RX3RC]

04/01/2008: Pavel, RA3AUM will be active January 4-8th as RA3AUM/3 from RDA districts VL-07 (Kovrov City) and VL-19 (Kovrovsky), Vladimirskaya oblast (VL, 119). QSL via home call, direct or bureau. [RX3RC]

05/01/2008: Jacques, F1HRU/p will be QRV January 5th, if time allows, and plans to reactivate the Castle of St. Alba (DFCF 33-039, WW Loc. IN94QS), Department Gironde/33, Province of Aquitaine (DPF 02), using QRP. Activity should begin around 1000 UTC on 80m then QSY to 40m. This activity will count for the QRP challenge which began January 1st (qrpfr.free.fr/challenge/). QSL via home call, direct or bureau. [F1HRU]

05/01/2008: The 4M5DX Group is organizing a DXpedition to Paramaribo, Suriname, to take place January 5-11th. A multinational team of skilled and experienced operators is being gathered and plans are to have three stations active for 10 days. They will operate, as PZ5YV, on all bands (160-6 metres) CW, SSB and RTTY. Team members will be: Olli/OH0XX, Spiros/SV8CS, Pedro/HK1X, Alex/YV5SSB, Ramon/XE1KK, Jos?/YV5TX, Diego/LU8ATX, Pasquale/YV5KAJ and Ramon/PZ5RA. Financial assistance is requested to offset the costs, for further information please visit: pz5yv.4m5dx.info/ . QSL via IT9DAA, direct or bureau. Logs will be uploaded to LoTW. [IT9DAA]

05/01/2008: Special Event Station UE1QSK will be active January 5-7th from RDA district VO-25 (Ust'-kubinski), Vologodskaya oblast (VO, 120). QSL via UA1RJ, direct or bureau. [RX3RC]

05/01/2008: Special Event Station UE1RDM will be active January 5-7th from RDA district VO-02 (Velikij Ustjug City), Vologodskaya oblast (VO, 120). QSL via UA1RJ, direct or bureau. [RX3RC]

05/01/2008: Special Event Station UE1RFF will be active January 5-7th from RDA district VO-16 (Kirillovsky), Vologodskaya oblast (VO, 120) and RFFA reference RFF-139 (Russky Sever National Park). QSL via UA1RJ,

direct or bureau. [RX3RC]

06/01/2008: Paul/F6EXV and Yuichi/JR2KDN, helped by Phil/FJ5DX have scheduled to stay on St. Barthelemy (NA-146, WLOTA LH-0377) from January 6th to 20th. Active from 160-10m, with 2 complete stations with PA's beams verticals and wires, using SSB, CW and RTTY. CW by Paul who says he's not primarly a CW op, so he asks for some patience. Call signs and QSL routes: FJ/F6EXV via F6EXV and FJ/JR2KDN via JR2KDN. A web site for the activity can be found at www.f5kbw.org/pagesperso/f6exv/index.html, where the logs will be uploaded every 2 or 3 days. [F5NQL]

06/01/2008: Gregg, W6IZT reports that he will be operating his K3 transceiver from the island of Sint Maarten (NA-105) as PJ7/W6IZT between January 6-8th and January 11-13th. He will be on the island of St. Barthelemy (NA-146, WLOTA LH-0377) from January 9-11th as FJ5KH. QRV on 80-10m (and 160m from FJ) CW, SSB and RTTY. QSL via home call. [W6IZT]

06/01/2008: Team RK3IWT will be active January 6-7th as RK3IWT/1 from RDA district NV-06 (Valdajsky), Novgorodskaya oblast (NV, 144). QSL via RZ3FR, direct or bureau. [RX3RC]

07/01/2008: Steve, G0UIH plans to be active as VK2IAY/4 from South Molle Island (OC-160), January 7-11th. As with previous DXpeditions the main operation will be centered around 14.260 MHz, with the possibility of 15 and 17m also. Equipment will be the 706MK2G used previously on VK and 3D2 activations with homebrew wire dipoles. QSL route is fine either direct or via the bureau. Check out the website for further details at: www.percy.me.uk/ [RSGB IOTA]

08/01/2008: Jacques, F6HMJ, will be active from Senegal as 6W/F6HMJ from January 8-29th. Activity is usually on 80-10 metre CW, SSB and RTTY. He will use an IC-706 MKIIG and HF9V. QSL via home call. [OPDX]

08/01/2008: Simone, IZ5JNQ reports he will be active from Santo Domingo, Dominican Republic (NA-096, WLOTA LH-2974), January 8-26th. He plans to operate SSB and digital modes on 10, 15 and 20 metres. QSL direct to home call. [425 DX News]

09/01/2008: Jouko/OH1RX, Pertti/OH2PM, Veijo/OH6KN and Juha/OH8NC will be active from Nuku Hiva, Marquesas Islands (OC-027, DIFO FO-023), January 9-22nd. They plan to have up to three stations running and to concentrate on 160-30 metres. Suggested frequencies are: 1822, 3502, 3523, 7008, 7023, 10108, 14008, 14023, 18068, 21008, 21023, 24898 and 28008 kHz (CW); 1845, 3790, 7050, 19195, 18145, 21295, 24945 and 28495 kHz (SSB); 14080, 21080 and 28070 kHz (RTTY). QSL via OH2PM, direct or bureau. [425 DX News]

09/01/2008: Richard, VA7MJR/p will be QRV from Entrance Island (NA-075, CIsA BC-176) and lighthouse (ARLHS CAN-171, TWLHD WLH VE-055, WLOTA LH-1908, WW Loc. CN89CF), British Columbia, from January 9-20th. He plans to be active on 80-6 metre SSB. Times of operation uncertain,

determined by work schedule. QSL via home call. [VA7MJR]

10/01/2008: JI5USJ and JI5RPT will be active as KH0/JI5USJ and AH0V from Saipan (OC-086), January 10-14th. They plan to operate CW, SSB and digital modes on 80-6 metres, plus satellite and 60m for the US. QSL KH0/JI5USJ via JI5USJ, QSL AH0V via JI5RPT. A web page is available at www.ji5rpt.com/ah0v/ [425 DX News]

==========

LOOKING AHEAD -

13/01/2008: Hans, DL7CM will be operating holiday style (with xyl) using the call 5H1CM from Uroa White Villa, Zanzibar Island (AF-032, Grid KI93, WLOTA LH-1080), Tanzania, January 13-24th. He plans to be QRV 160m to 6m, CW, SSB and RTTY with emphasis on the low bands. Hans will be using IC706 + 800 Watt amp, 31mtr long sloper for 160/80 and other wires. QSL via DL7CM direct preferred (Hans-Rainer Uebel, Hartmannsdorfer Chaussee 3, 15528 Spreenhagen, Germany), bureau ok. Further information can be found at: www.qsl.net/dl7cm/5H1.htm [NG3K]

26/01/2008: Siggi, TF3CW will be active from Seltjarnarnes, Iceland (EU-021, WLOTA LH-2975), during the CQ 160-Metre CW Contest (January 26-27th) as a Single-Op/Single-Band (40m) entry. QSL via LX1NO. [NG3K]

09/02/2008: This year, the team composed of the French pilot Sebastien LOEB and his co-pilot Daniel ELENA have won the World Rallies Championship (WRC), for the 4th consecutive time. To honour them, a team of hams from the French Saone et Loire area will be active on HF, VHF and UHF, all modes between February 9th and 23rd, using the special call sign TM4WRC. QSL via F4ELU. [F5NQL]

16/02/2008: Kurt, W6PH will be QRV as VP9/W6PH from the QTH of VP9GE in Hamilton Parish, Bermuda (NA-005, WLOTA LH-0201), during the ARRL DX CW Contest (February 16-17th) as a Single-Op/All-Band/Low-Power entry. QSL via home call, direct only. [NG3K]

01/03/2008: Craig, AH8DX will be active as FJ/AH8DX from St. Barthelemy Island (NA-146, DIFO FJ-001, WLOTA LH-0377) during the ARRL DX SSB Contest (March 1-2nd) as a Single-Op/All-Band entry. Also QRV RTTY and WARC before and after the contest. QSL via home call (QRZ.com). [NG3K]

01/03/2008: Look for Kurt, W6PH to be signing VP9/W6PH from the VP9GE QTH in Hamilton Parish, Bermuda (NA-005, WLOTA LH-0201), as a Single-Op/All-Band/Low-Power entry in the ARRL DX SSB Contest (March 1-2nd). QSL via home call, direct only. [NG3K]

15/05/2008: Starting on May 15th in the afternoon until May 23rd, a French team led by Tony, F8ATS, will go to St Mary's, Isles of Scilly (EU-011, WW Loc. IN69UV). During the stay, they hope to manage two hours of activity from the rare grid square IN79jx. They will use M/homecalls and will be active on 160-10m HF, 2m VHF and 70cm UHF, CW and SSB. St Mary's also counts for the Worked Lighthouses on the Air award, under the reference: WLOTA 0408. QSL all calls via F8ATS, direct or bureau.

Further information to follow. [F5NQL]

13/07/2008: Bernd, DL6IAN and his wife, DO6IAN will be QRV holiday style from Liechtenstein between July 13-18th as HB0/DL6IAN and HB0Y/DO6IAN. Activity will be mostly SSB with some CW. QSL via home calls, direct or by the DARC bureau. [NG3K]

==========

SPECIAL EVENTS -

01/01/2008: Special event station 8J7OZE will be aired between January 1st and September 30th to commemorate "The Birth of Oze National Park". Opened on August 30, 2007, the park is an area consisting of wetlands and mountains in Chubu, Japan. The park's area includes the marshes and the mountains in the Oze area, formerly part of the Nikko National Park, and other nearby areas including the Aizu-Komagatake and Tashiroyama mountains. The park is 37,200-hectares in area and includes parts of Fukushima, Tochigi, Gunma and Niigata prefectures. QSL via the JARL bureau. [JJ1WTL/AC6IM]

01/01/2008: Hardy, DL3KWF, has been licensed for 50 years now and thus activates the special callsign DM50KWF throughout the year 2008. QSLs via DL3KWF. Further information can be found on his web site at: http://www.mydarc.de/dl3kwf [DXNL]

01/01/2008: The special event call sign EI100SI will be aired from January 1 to December 31, 2008 to celebrate the 100th anniversary of the Boy Scouts in Ireland. QSL info will be available on QRZ.com. [F5NQL]

01/01/2008: Look for the following special event stations to be active during the month of January - GB1RAF, a Royal Air Force station, GB2SJA which celebrates the St John Ambulance charity, and GB5OOT for old timers. All will operate on 160 metres to 70 centimetres. QSL via the RSGB bureau. [GB2RS]

05/01/2008: Special callsign II4TRI will be aired on all bands and modes from Reggio Emilia, January 5-20th, to celebrate the 211th anniversary of the first Italian tricolour flag. QSL via IK4SWX, direct or bureau. [425 DX News]

05/01/2008: Special event station GB1JRC marks the opening of the Pontefract Junior Radio Club on Saturday, January 5th. Activity will be during the afternoon on all bands from 160 metres to 70 centimetres. QSL via the RSGB bureau. [GB2RS]

U.S.A. Special event station information can be found at: www.arrl.org/contests/spev.html

ANOTHER NEW DXCC ENTITY ? -

According to reporting from the DXCC Desk, they are finalizing the last
details to put up a new entity for DXCC - "LLivia". As we all know, this
is a Spanish enclave within French territory. [K1XN & The Golist]

Llivia is a Spanish enclave in the French Pyrenees. It remained Spanish
because of its city-rights obtained in the past. Llivia is demarcated by
45 bordermarkers. In august 2002 we photographed the first half of these
bordermarkers. In 2004 and 2005 the survey was completed. Three
bordermarkers couldn't be found: no.24, 26 and 27 but their absence
couldn't be fully established. With special thanks to Marcel Miquel for
his background information.

Llivia is situated 1 km from the Spanish border en about 20 km east from Andorra. It's size is 12 square km and the village of Llivia has 1200 inhabitants.

6384. TI9JJP route?

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-01-03 22:39:13 UTC
From: Chuck Chandler
Topic: 6384 Message: 6384

Worked 17 December 2002. My QSO notes say that I sent direct November 2005, and after no response I re-sent via QRZ.com 13 May 2007. No response so far... has anyone had any result via QRZ or other route?

Thanks!

I have sent my card to him many ways. I have been in touch with him by e mail and on the air via his TI2 call. Have asked a friend of his in Panama to help. Five years later ... no QSL. I think we will have to wait for someone else to be on the air from TI9.

I have a card from 1991

It says: QSL via TI2AOC

P.O. Box 529

Centro Colon 1007

San Jose, Costa Rica

Central America

It is not very current but that is the best I can do.

Chuck,

My notes from when I worked him on two bands that year were via QRZ.com according to my logging program. After your e-mail, I went and looked and I did send direct with our wonderful green stamps and nada here either! I worked him when I lived in Ohio.

Hello Bill,

i will send my announcement to you, as i don`t know how to do!

I (DL6IAN) and my wife (DO6IAN) will be qrv in
Liechtenstein from
13.-18.07.2008 as
HB0Y/DO6IAN and HB0/DL6IAN. Mostly SSB, some CW. Holiday style
operation.QSL
ok via homecall via DARC Buero.

So I hope you can do that for me.

Thank you very much Bill for your work.

Best regards from

Bernd Scholer DL6IAN
Tks Bill, NG3K

ANTARCTICA.
Ludwig, ZS6WLC is QRV as ZS7BYRD from the Antarctic
base SANAE IV until February. He is usually active on 20 meters
using CW, SSB and AM. QSL via operator's instructions.

Bonjour les amis
N’oubliez pas les prochaines expéditions d’envergure :
Guinée Bissau (J5C, 11/21 janvier), Ducie Isl (VP6DX, 11/22 février),
Clipperton (TX5C 4/16 mars) , Marquises (9/22 janvier),Mauritanie (16/30 mars)
et bien sûr les nombreuses expéditions à Saint Barth’. Marquez vos agendas.

Afrique, autour du Paris Dakar. (5 au 20 janvier)
Chaque année le Lisbonne Dakar ex Paris Dakar est le champ d’action de
pirates.
Sachez que la plupart des pays traversés n’autorisent pas les activités du
style Préfixe/HC ou en mobile.
Economisez temps et argent.

SURINAME – PZ5YV.

Bren,
So far no word from DXCC desk about this one. Although there are
osme issues(valid ?, maybe), I think this operation will be approved.
After all, Martti was part of it and he is in the ARRL "click" group. Can't
recall ARRL every turning down a Martti operation including his select
P5 qso's.

It would be a real shame if it weren't approved. Martti and Olli gave up
their Christmas with their families to give us a new one!

I do not know of anyone other than the resident group on St. Barts,
that does not
hope this operation will count. From all that I have read, it seems that
the group failed
to dot all the i's and cross all the t's on this one. There seems to be
a valid argument as
to the call sign used as the operation call sign. This could disqualify
it as a valid operation.
Guess we will just have to wait and see how it all shakes out!!

6398. HS0ZCW ON 80 METERS

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-01-04 16:54:28 UTC
From: K1XN
Topic: 6398 Message: 6398

As some of u know, I have been on 80 cw over the last few USA mornings 1100z-1330z or later. Here is what I am dealing with trying to cpy USA or any where....

--what I am told is tropical zone noise that just sits on the band near the equator... runs S-7 mostly, here. Louder on some freqs that changes every night meaning my xmit freq and split rcve freq must change nightly. NOT line noise and not BCI, I checked.
--a roving buzz saw noise that has some note in it also that drifts onto my freq for about 10-20 seconds at 10 over. It drifts onto and then away from my freq. Do not know what that is, but it is why I often do not come back right away. All computers are OFF.
--a turkey gobbler sound that appears most nights for abt 30 sec xmission sometimes once, and sometimes up to 3 xmissions... it appears to track signals and set down on them but goes away finally after up to three blasts.
--RF gets into my keying and makes me a worse cw op than I am.... explains my bad sending (sometimes).
--My only antenna at present is a 80 Inverted V apex at 75 ft and ends at abt 45 ft. Hv plans for a loop.
--My rig is the IC-775dsp..... the dsp and analog NR on it are GREAT, but the filters at 500 and 250 both ring like the Liberty Bell (that is why it cracked) so no gain in s/n via filters. I hv waited 8 mos. now for my K3 !!!
--yes, I do own the ON4UN low band DXing book.... signed by John no less.
--no, I do not have land for a larger antenna.
--vy few non-NA stations know what CQ NA means nor what KN on the end of xmission means. JA ops, on the other hand, will stand by if he is JA7Z-- and I call for JA7G? (one dit lost) or shut down for my CQ NA calls......Outstanding discipline!

HS 80m band is 3.500 to 3.535 STOP, cw and ssb ok. Thus, when I try SSB on some good (my) night, I will listen first about 3.610 +- split from about 3.530... and will have to spot myself because no one tunes around anymore.

Please rpt ur call sign three times when I am giving 339 and 449 to everyone and for me, it helps if you put DE in front of each signing of ur call.... resets my poor brain. QSB can take out one dit or a full letter. I may be loud to you, but no one is loud to me except XW1B. HS0ZCW on qrz.com is ok. Pse repeat this message to anyone who works 80m. HS0ZEE also works 80 CW often.

Thanks for reading. 73,

Charles Harpole, HS0ZCW

I just hope that the French stations I heard working them will put forward a
reasonable argument for it to be accepted. We should all be friends in this
game..

Bonsoir à tous
De Paul F6EXV
L’équipe Franco-Japonaise composée de Paul, F6EXV et Yuichi JR2KDN a obtenu l
’indicatif spécial : TO5FJ, qui sera utilisé pendant son séjour à Saint
Barthélemy, du 6 au 20 janvier 2008
QRV 16010m CW, SSB et RTTY.
SVP un peu de patience, à la demande de Paul, pour les QSO en CW.
Les aides seront appréciées, de même que le matériel qui après l’expédition
sera laissé en dotation au RC de St Barth, FJ5KH.
Equipement : Beams Cusghcraft, Dipoles et verticales FT 2000 et 857 + PA.
QSL : TO5FJ via F6EXV
Paul GRANGER
4 Impasse Doyen Vizioz
33400 TALENCE – FRANCE
Toute question relative à l’expédition à : _to5fj@..._
(mailto:to5fj@...) .
Adresse de la page où seront chargés les carnets de trafic :
http://www.f6exv.org/ (http://www.f6exv.org/)
Merci Paul, F6EXV.

GABON
De Jean-Michel, F6AJA

Comme annonçé dans le LNDX679, Roland F8EN/TR8CR a obtenu l'indicatif
spécial TR50R (TR5 zéro R) pour sa 50e année d'activité radio.
Il est surtout atif durant ses matinées et soirées en CW (14006)
Il est encore sur place jusqu'au 12 janvier. QSL via F6AJA

Amitiés

Jean-Michel F6AJA

Would anyone know, please, where the logs for KL7NT in 1986 might be??
I worked that Alaskan station on 80m and had a QSL but it has long been lost and I'd like to replace it. I gather that the current KL7NT, who lives in Florida, is not the same op..

Thanks

Bren G4DYO

Could be the same. Try sending him an email and asking. I've done that a few times and it paid off.

Bren,
KL7NT from 1991 (this is a far back as FCC records go) is the same
person
from Alaska and is now living in Florida with the same call. This call
has not
been re-issued since 1991 to present.
Hope this helps.

6414. GOWIN VERSION 2.15

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-01-07 12:46:55 UTC
From: K1XN
Topic: 6414 Message: 6414

Hi folks
I found an error in the Message txt file in the GoWin program file.
It states the installing version is 2.14, when it should be 2.15.
I have corrected that file.
When you open the GoWin program, the TITLE bar should
read GOWIN 2.15.
I have just reloaded the latest data file to the download page and it
has the correct GoWin.exe file in it. If you have questions about the
version you are using, just download GO801-A again. This contains the
correct program file.
Sorry for the confusion I created.

Let me say this again, did not make sense last time, I had a contact
with a KH6LEM, he move to AZ, sometimes people move around. I heard
a KL7 one time it turn out that he move to TN in 4 land. I E-mailed
this KH6 a man named LEM. He said when I sent another card to him,
he will send me another, my card was damage in a flood in my
Apt. That is why I need another one. Try sending this Man an E-mail
to KL7NT he might do it, and he might be the same one!

6420. HA-DX 2008 Contest

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-01-07 18:40:56 UTC
From: K1XN
Topic: 6420 Message: 6420

Dear Contesters,

Here I would like to remind you that the HA-DX 2008 Contest is going to
be organized on 19-20th January.

We have created a new home page for the contest under http://www.ha-dx.com

On the home page you can find the contest rules and you also can submit
your electronic log after the contest.

The most important issues regarding the contest:
Contest date: 19. January 1200GMT - 20. January 1159GMT 2008
Bands: 160, 80, 40, 20,15 and 10 m.
Mode CW and SSB.
Contest exchanges for non HA stations: RST + serial number from 001.
HA stations send their county abbreviations.

Cabrillo logs can be sent to hadx@... as attachment
or can be uploaded on the contest home page: http://www.ha-dx.com

If someone cannot create a Cabrillo log he/she also can type the QSOs
into a form on the home page.

Please publish this information.

On behalf of the contest committee:
HA1AH,
Tibor Finta

Dear ADXO editor,

Nous serons QRV comme suit :

JD1BLY(JI5RPT), JD1BMO(JE1EKS) et JD1BMP(JM1WBB), seront actifs sur
Chichijima (IOTA AS-031) Ogasawara, de 160m à 6m, + satellite en CW/SSB/DIGI et sur
2m en WSJT EME du 13 au 28 février2008.
Pour la première fois une licence autorisant le 2m EME avec 500 Watts a été
délivrée.
Nous seront donc actifs en priorité sur cette bande/mode, ainsi que sur 160
et 80m.
QSL via indicatifs personnels, Bureau ou CBA(voir pour chaque indicatif

QRZ.com)
Nouvelle adresse page web :

6422. J5C two days before - J5C deux jour s avant le départ

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-01-08 13:40:14 UTC
From: F5nql@aol.com
Topic: 6422 Message: 6422

RELEASE
J5C two days before departure.
To day at noon, by phone, with Franck, F4AJQ, team leader.
All the gear is packed.
(_http://picasaweb.google.fr/MauriceF5NQL/J5CBeforeDeparture_
(http://picasaweb.google.fr/MauriceF5NQL/J5CBeforeDeparture))
Bob N6OX and Bill, N2WD are well arrived in France.
Welcomed by Benoit, F8PDR, who lives near Saint-Lô, Manche department, they are visiting the WWII Landing beaches and Battles fields near Utah and Omaha beaches. They will return to Paris to morrow.
All the other members are joining themselves little by little and will be all together on Wednesday, for the Dxpedition dinner in Brie Comte Robert, Seine et Marne, in the evening.
The programm has been changed a little bit and the time table is now as follow:
Thursday Jan, 11th:
- at 0800 utc Orly airport : Departure
- at 1300 utc, landing in Dakar, Senegal and transfer to the Bissau plane.
- 1730 utc, takeoff to Bissau
- 1830 utc, landing at Bissau Airport
- After custom formalities and picking up the gear, going to the Bissau Harbor,
- Gear load on the boat and setting sail to Bubaque.
- Around 2200/2300 utc, arriving to Bubaque, landing and transfer to the Kasa Africana Hôtel.
Friday Jan, 12th
- around 0700/0800 utc, getting up and breakfast
- Settling the five stations. Note no signal beeing expected before the whole five stations will be able to traffic. So look at the clusters only in the evening.
Saturday Jan, 13th :
- First of the full traffic days.

Among the Dxpeditions records, compiled by G3OZF, , F6KOP holds 2 DX records by a Dxpedition, 7990 QSO’s in RTTY and 2346 QSO’s in PSK31, under XT2C in 2007.
.
I’l affraid these records could be broken and I’m sure that Jean Paul, F8BUI, digit leader will be very attentive to do.
Don’t forget to have a look on the “Working J5C” page at : _www.j5c.eu_
(http://www.j5c.eu/)
We would thanks very warm all of you who have send a kind contribution for the J5C success.
A lot of you have put friendly words on our Guest Book, thanks again, and we

hope too, to count you on our contacts list.
So see you a lot of time by bands and modes, down the J5C log.
73
The J5C Team.
Maurice, F5NQL, Internet Communications Officer for J5C.
Communiqué:
J5C deux jours avant le départ.
Nouvelles, aujourd'hui midi par téléphone, avec Franck, F4AJQ, Chef d'
expédition.
Tout le matériel est empaqueté.
(_http://picasaweb.google.fr/MauriceF5NQL/J5CBeforeDeparture_
(http://picasaweb.google.fr/MauriceF5NQL/J5CBeforeDeparture)
)
Bob N6OX et Bill, N2WD sont bien arrivés en France.
Accueillis par Benoit, F8PDR, qui habite près de Saint-Lô, ils visitent les
plages et champs de batailles du débarquement de juin 1944.
Tous trois rejoindront Paris demain.
Les autres membres arrivent petit à petit et ils seront tous ensemble demain
soir pour le repas de retrouvailles à Brie Comte Robert.
Il y a eu quelques petites modifications mineures. Voici l'emploi du temps
pour les prochains jours:

Jeudi 11 janvier.
- 0800 utc : envol d'Orly
- 1300 utc, : atterrissage à Dakar, et transfert dans l'avion de
Bissau.
- 1730 utc, envol pour Bissau
- 1830 utc, atterrisage à Bissau
- Après les formalités de douane et regroupement du matériel, départ
pour le port de Bissau, chargement du bateau et en route pour Bubaque.
- Vers 2200/2300 utc, arrivée à Bubaque, débarquement et transfert à
l'hôtel Kasa Africana.
Vendredi 12 janvier :
- Autour de 0700/0800 utc, réveil et petit déjeuner.
- Installation des cinq stations. Noter qu'il faudra attendre que
les cinq stations soient opérationnelles pour entendre les premiers signaux
prévus dans la soirée. Gardez un œil sur les clusters.
Samedi 13 janvier :
- Premier jour de plein trafic.
Parmi les records établis par les expéditions DX, recensés par G3OZF, F6KOP
en détient deux avec 7990 QSO en RTTY et 2346 QSO en PSK31, sous l'
indicatif XT2C en 2007.
Ces deux records risquent bien de tomber et je suis sûr que Jean Paul,
F8BUI, chef opérateur modes numériques, y mettra son point d'honneur.
N'oubliez pas de consulter la page d'aide au trafic sur: _www.j5c.eu_
(http://www.j5c.eu) . Cela vous évitera de nous chercher et vous informera sur nos
méthodes de trafic. Consultez aussi les prévisions de propagation.
Nous voudrions remercier chaleureusement tous ceux qui nous apporté une
sympathique contribution afin de faire de J5C un succès.
Nombre d'entre vous nous ont également encouragé à travers le livre d'or de

l’expédition ; merci à tous et nous espérons vous compter parmi nos QSO.
Nous vous espérons de nombreuses fois par bande et mode tout au long du carnet de trafic de J5C, qui sera mis en ligne à notre retour.
73
L’équipe J5C.
Maurice, F5NQL, Communications Internet pour J5C.

6424. II3NIK SPECIAL EVENT STATION

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-01-08 17:22:07 UTC
From: K1XN
Topic: 6424 Message: 6424

From: "Patrick Dubuc" <patrick-dubuc@...>

II3NIK

This special event station will be on the air starting January, 1st 2008
until June, 30th 2008.

QRG: 80m/40m/30m/20mbands

Modes: SSB / CW / PSK31 mode.

All the contacts made with the II3NIK special event station will be
confirmed via bureau or via direct to the address of the manager:

IZ3JJD Andrea Zecchinato
Vicolo Gorizia 1/A
35020 Albignasego (PD) ITALY

PLEASE NOTE:

If you send your request via direct, please follow this checklist:
1) Ensure that the QSO information on your card is clear and correct;
2) Enclose a self-addressed envelope;
3) Enclose a sufficient fund to meet postage costs by airmail or surface mail as
appropriate example: 2 USD or 1 Euro, please no expired IRC's !
QSL received direct but without a self-addressed envelope or without sufficient
return postage or expired IRC, will be confirmed via the bureau.

For any problem or question, feel free to send me an e-mail: ii3nik@...

See Andrea's website for more info on this subject: www.iz3jjd.eu/

TNX Louis ON5EN for this info

6425. 8Q7AK NEWS

From: <bev.andy@...>

Andrew, G7COD, will be operational for the forth time from the Island of Embudu, Maldives, AS-013 using the call 8Q7AK from 21st January to the 2nd February 2008. Using predominantly SSB with a little CW, he will be operational every day from approximately 09:00 to 11:00, 14:00 to 16:00 and 18:00 to 1830 UTC.

Spot frequencies to be used are 7.093, 10.123, 14.147, 18.133, 21.253 and 24.953 MHz ± 10KHz to allow for qrm.

For comprehensive details of operating times, spot frequencies, qsl information etc, please check 8Q7AK on QRZ.COM

IMPORTANT NOTE: I am completely up to date with the return of qslâ€^(TM)s for those received direct and/or eqslâ€^(TM)s. If you have not received yours, please send your qsl again.

IMPORTANT NOTE: If you have not received a return qsl for cards sent via the bureau this is because of the slow process rate. I will return
cards via the bureau as soon as possible, as and when I receive them.

All qsl's should be sent via the bureau or direct to G7COD.

Nike Hercules Memorial Year
The last symbol of Cold War left the launcher of an Italian Air Force base
last November 24th 2006.
Nike Hercules missile system was a Silent Guardian of the european N.A.T.O.
skys and some Asian States for the all the second half of last Century.

II3NIK

This special event station will be on the air starting January, 1st 2008
until June, 30th 2008.

QRG: 80m/40m/30m/QRG: 80m

Modes: SSB / CW / PSK31 mode.

All the contacts made with the II3NIK special event station will be
confirmed via bureau or via direct to the address of the manager:

IZ3JJD Andrea Zecchinato
Vicolo Gorizia 1/A
35020 Albignasego (PD) ITALY

PLEASE NOTE:

If you send your request via direct, please follow this checklist:
1) Ensure that the QSO information on your card is clear and correct;
2) Enclose a self-addressed envelope;
3) Enclose a sufficient fund to meet postage costs by airmail or surface mail as
appropriate example: 2 USD or 1 Euro, please no expired IRC's !
QSL received direct but without a self-addressed envelope or without sufficient
return postage or expired IRC, will be confirmed via the bureau.

For any problem or question, feel free to send me an e-mail:
ii3nik@... (mailto:ii3nik@...)

See Andrea's website for more info on this subject: www.iz3jjd.eu/

Hi friends

From Rafik, F5CQ his QSL manager

Freddy FO5RU is finally active until January 21st 2008, and hope to be back home on Jan 25th.

He's preparring his QSL card project, and the first batch of QSL cards is expected as soon as possible. Allow some time for the ending of the project designing and printing.

This week end Rafik may expects a new log update, to be uploaded at _http://www.f5cq.net/dxp/2007-FO5RU/searchlog_fo5ru.php_ (http://www.f5cq.net/dxp/2007-FO5RU/searchlog_fo5ru.php) .

Freddy regrets so few European stations in his log.

73's Rafik

Bonjour à tous

Reçu de Rafik, F5CQ, son QSL manager.

Bonjour Maurice,

Freddy FO5RU cessera ses émissions le 21 janvier et sera de retour à la maison le 25.
La maquette de sa future carte QSL est en préparation, il a déjà choisi la photo qui servira de fond.
Il devrait m'envoyer un complément de logs ce week-end et je mettrai à jour son log online
ASAP.(_http://www.f5cq.net/dxp/2007-FO5RU/searchlog_fo5ru.php_ (http://www.f5cq.net/dxp/2007-FO5RU/searchlog_fo5ru.php))
Très peu de stations européennes sont dans le log.

* *

J5C diary

* *

Dakar , to day, 1800 utc from Frank, F4AJQ via Serge, F6AML and John, F5VHQ via Pilot Bruno, F5AGB.

* *

All is OK at the sunset landing in Dakar.

At the Dakar Airport Murielle and Daniel, 6W7RP, made them a good surprise welcomming the crew members for their first steps 2008 in Africa.

* *

During the flight, the crew members has been divided in little teams who were each assigned the instructions for the settling of the gear .

* *

*All of them know what they will have to do and to each one to morrow . *

* *

In such a case the schedule for the first signals is maintained, late in the evening, but may be will have we a good surprise around the Bubaque sunset

**

More than ever have a look on the DX clusters

* *

More info and pictures to follow

* *

Dear John,

thanks for the mail.
I got to Thassos Island, EU-174 from 23. May - 28. May 2008.
The callsign for this DX-Pedition is J48IS.
I will work from 40 - 10 Meters. The QSL is ok via
my homecall DF3IS (Adress in QRZ.COM is ok).
Bureau is ok or direct with SASE and 2 US-Dollar or 2 IRC's.
Please no E-QSL !!! I will put the LOG after the DX-Pedition
in LOTW.
I will work also in the WPX-CW Contest 2008 with the call J48IS.

Best regards.

Mike, DF3IS (J48IS)

I.C.P.O. Bulletin (January 10-18, 2008)
Islands, Castles & Portable Operations.
Listing is by calendar date (day/month/year)
==========

10/01/2008: Gildas, TU5KG has left for a new campaign in the southern Indian Ocean area, around Kerguelen and Crozet Islands. For 2008 he will use a new callsign; now it's FT5XR and FT5WN and also maritime mobile. No particular dates for the moment. Further information to follow. QSL via F4EFI, bureau or direct. [F4EFI]

10/01/2008: John, KC4ZGQ will be active January 10-13th from Sapelo Island (NA-058, USi GA-007, WW Loc. EM91JL), Georgia. He plans to work mostly 17, 20 and 40 metres. Primary will be around 14.260 MHz (+/- QRM). Further information can be found on his web site at: kc4zgq.com/sapelo/ [RSGB IOTA]

10/01/2008: JI5USJ and JI5RPT will be active as KH0/JI5USJ and AH0V from Saipan (OC-086), January 10-14th. They plan to operate CW, SSB and digital modes on 80-6 metres, plus satellite and 60m for the US. QSL KH0/JI5USJ via JI5USJ, QSL AH0V via JI5RPT. A web page is available at www.ji5rpt.com/ah0v/ [425 DX News]

10/01/2008: Jack, V51KC is currently using the special Strange Radio Team (www.strangeradioteam.com/) call sign V55SRT from Okahandja, Namibia, until September, 2008. QRV on all bands, using SSB, RTTY, BPSK and PSK-31. QSL via IZ8EDJ. [F5NQL]

10/01/2008: Salvatore, YA/IZ1BWB is positioned in Kabul and has been QRV since December 23, 2007. He will remain there until August, 2008. He is regularly working for about two hours starting around 0830 UTC. His equipment consists of a FT-897D with 100 watts and a folded dipole. He has been spotted in CW on 20m already. QSL via his home call, direct or bureau. [DXNL]

11/01/2008: Peter, DL9DAK will be active from Ecuador and the Galapagos Islands as follows: January 11-14th as DL9DAK/HC2 from Guayaquil, Ecuador; January 15-18th as DL9DAK/HC8 from the Galapagos Islands (SA-004); and January 19-21st as DL9DAK/HC2 from Guayaquil, Ecuador. He will operate only digital modes (PSK, Olivia, RTTY, Feldhell, etc.) on 17, 20 and from time to time 40 metres, with vertical dipoles and 50 watts. QSL via home call. Further information at: www.dl9dak.de/ [425 DX News]

12/01/2008: The "F6KOP Team" will be active as J5C from Bubaque Island (AF-020, WLOTA LH-1146), Guinea Bissau, January 12-21, 2008. Operators include Frank/F4AJQ (leader) Jean-Marc/F8IXZ (logistic) Pascal/F5JSD,

John/F5VHQ, Franck/F5TVG, Matthieu/F5PED, Beno?tF8PDR, Romain/F8BUI, Jean-Paul/F8BJI, G?rard/F2JD, G?rard/F2VX, Bernard/F9IE, Bill/N2WB, Bob/N6OX and Dieter/OE8KDK. They plan to be QRV 160-10m, with 5 stations operating 24/24, using SSB, CW, digital modes, SSTV and FM. Equipment will be IC7000, FT480, TS857D, 4 ACOM 1010 amplifiers, 4 Spiderbeams, 2 verticals and 3 dipoles. QSL via F5TVG direct, bureau OK. Further information can be found on their web site at: www.j5c.eu/ [NG3K]

12/01/2008: Look for Gerhard, OE3GEA to be active as OE3GEA/J3 from the island of Grenada (NA-024, WLOTA LH-0718), January 12-24th. He will be QRV on all bands using low power CW only. QSL via home call, direct or bureau. [RSGB IOTA]

13/01/2008: Hans, DL7CM will be operating holiday style (with xyl) using the call 5H1CM from Uroa White Villa, Zanzibar Island (AF-032, Grid KI93, WLOTA LH-1080), Tanzania, January 13-24th. He plans to be QRV 160m to 6m, CW, SSB and RTTY with emphasis on the low bands. Hans will be using IC706 + 800 Watt amp, 31mtr long sloper for 160/80 and other wires. QSL via DL7CM direct preferred (Hans-Rainer Uebel, Hartmannsdorfer Chaussee 3, 15528 Spreenhagen, Germany), bureau ok. Further information can be found at: www.qsl.net/dl7cm/5H1.htm [NG3K]

13/01/2008: Bob, I2JIN will be active January 13-27th as YS3/I2JIN from El Salvador. He plans to operate on all bands CW ony. QSL via home call. [425 DX News]

14/01/2008: Niels, OZ7FOC reports he will be active as EA8/OZ7FOC from Isla de Tenerife (DIE S-012, WLOTA LH-1276), Canary Islands (AF-004), January 14-26th. QSL via home call. [425 DX News]

15/01/2008: Peter, HA3AUI reports that he will be leaving for Africa just after the New Year, 2008. During the period of January 15th and April 15th he will be QRV from Senegal (6W/, 6W2SC) and Guinea-Bissau (J5/, J5UAP). Activity will be mainly digital modes, with some SSB, on 160-10m from 6W, 30-10m from J5. This will be a long, spare time operation. QSL via HA3AUI, direct or by the bureau. [NG3K]

18/01/2008: Chae, HL5YI will be active as HL5YI/4 from Sorok Island [Sorok To] (AS-060, WLOTA LH-1252), January 18-21st. He plans to operate CW, RTTY and SSB on 80, 40, 20 and 10 metres, and to participate in the UK DX RTTY Contest (January 19-20th). QSL via home call, direct or bureau. [425 DX News]

18/01/2008: Unni, LA6RHA plans to be QRV from Svalbard [Spitsbergen Island] (EU-026, WLOTA LH-0125) using the call sign JW6RHA between January 18th and 24th. She will try to be on 14.248 MHz or down. This will be Unni's 16th time on JW-land. QSL is via LA6RHA. [NG3K]
==========
LOOKING AHEAD -

20/01/2008: Carlos, CE6AMN/p will be active from the Punta Lutrin Lighthouse (ARLHS CHI-071) 0000 UTC continuous through 2359 UTC on

January 20th. QRV 10-40m, using SSB/CW. QSL via home call. [ARLHS]

21/01/2008: Andrew, G7COD, will be QRV for the forth time from Embudu Island, South Male Atoll (WLOTA LH-3911), Maldive Islands (AS-013) using the call 8Q7AK from January 21st to February 2nd. Using mainly SSB with a little CW, he will be operational every day from approximately 0900 to 1100, 1400 to 1600 and 1800 to 1830 UTC. Spot frequencies to be used are 7.093, 10.123, 14.147, 18.133, 21.253 and 24.953 MHz (+/- 10kHz). For complete details of operating times, spot frequencies, QSL information etc., please check 8Q7AK on QRZ.com.
IMPORTANT NOTE: "I am completely up to date with the return of QSL's for those received direct and/or eQSL's. If you have not received yours, please send your QSL again".
IMPORTANT NOTE: "If you have not received a return QSL for cards sent via the bureau this is because of the slow process rate. I will return cards via the bureau as soon as possible, as and when I receive them".
All QSL's should be sent via the bureau or direct to G7COD.
[Pete's-DX-Newsdesk]

09/02/2008: John, KX7YT will be active from Dhaka, Bangladesh as S21YV during the CQ WW RTTY WPX Contest (February 9-10th), as a Single-Op/All-Band entry. QSL via KX7YT (John Core, 9831 NW Silver Ridge Loop, Portland, Oregon 97229, USA). [NG3K]

11/02/2008: Ulf, DK5TX will be active February 11-17th as PA/DK5TX from Goeree Overflakkee (EU-146). QRV on 2m (SSB/slow-CW), 6m (SSB/slow-CW) and 10-80m (SSB/slow-CW/RTTY). QSL via home call, bureau preferred or direct (QRZ.com). Email request for a bureau card can be made to dk5tx@... instead of sending a QSL. [RSGB IOTA]

12/02/2008: Look for Yuri, VE3DZ to be active from Belize as V31?? (call pending) between February 12-18th. He will also participate in the ARRL DX CW Contest (February 16-17th) as a Single-Op/All-Band entry. QSL via home call, direct or bureau. [NG3K]

13/02/2008: Koya/JI5RPT (JD1BLY), Motoaki/JE1EKS (JD1BMO) and Iseki/JM1WBB (JD1BMP) will be active from Chichijima Island (AS-031, WW Loc. QL17CB, JCG#1007), Ogasawara, on 160m to 6m + Satellite CW/SSB/DIGI + 2m WSJT EME from February 13-28th. The team will have 1st time 2m EME 500Watts license during in this expedition. They plan to focus on 160m, 80m and 2m EME. They also plan to be active in the ARRL DX CW Contest (February 16-17th) as a Single-Op/All-Band entry. QSL via home calls. Further information on their web site at: www.ji5rpt.com/ogasawara2008/jd1-2008.php [NG3K]

15/02/2008: Look for Yoshi AB2ST/KH2, Toshi KB3LTB/KH2 and Toshi KG6WTW/KH2 to be QRV from the island of Guam (OC-026, USi GU-003S, WLOTA LH-0064), February 15-17th. Activity will be on HF, all bands. QSL all calls via JF1TEU, direct or bureau. [NG3K]

16/02/2008: Members of the Rhein Ruhr DX Association Contest Team, namely Falk/DK7YY, Ulf/DL5AXX, Tom/DL5LYM and Frank/DL8WAA will be

active as CT9L from Santana, Madeira Island (AF-014, MA-001 for the Portuguese Islands Award, WLOTA LH-0053) during the ARRL DX CW Contest (February 16-17th), as a Multi-2 entry. Before and after the contest they will be QRV as CT3/homecall. QSL CT9L via DJ6QT, direct or bureau. QSL others via their home calls. [NG3K]

01/03/2008: John, KX7YT will be active from Dhaka, Bangladesh as S21YV during the ARRL DX SSB Contest (March 1-2nd), as a Single-Op/All-Band entry. QSL via KX7YT (John Core, 9831 NW Silver Ridge Loop, Portland, Oregon 97229, USA). [NG3K]

14/03/2008: Operators Axel/DH8AK, Sebastian/DO6ELW, Dirk/DK4DJ and Henning/DK9LB will be active as homecall/p from Fehmarn Island (EU-128, O-01 for the German Islands Award) from March 14-21st. They will also activate two lighthouses: Marienleuchte - Old Tower (ARLHS FED-151) and Marienleuchte - New Tower (ARLHS FED-016, WLOTA LH-0637). QRV 80-10m SSB/PSK31 and 2m SSB. QSL via home calls, direct or by the bureau. [RSGB IOTA]

25/03/2008: Mike, WA2VQW reports that the W2RZS amateur radio club will be active in the CQWW WPX SSB Contest (March 29-30th) from the island of Saint Barthelemy (NA-146, DIFO FJ-001, WLOTA LH-0377). The team, consisting of Bob/WB2NVR, Mike/WA2VQW, Bob/N2DVQ and Adam/N2DHH will be on the island from March 25th to April 1st. QRV on 160m and the WARC bands before and after the contest, and on the bands 160-10m during the WPX. They will be looking out for the weak ones and especially the mobiles. A special call sign has been requested for this event. QSL via W2RZS for direct replies, and the bureau. [NG3K]

21/05/2008: Bob, K0OK will be active May 21-28th as VP5/K0OK from Providenciales Island [aka Provo] (NA-002). He will also participate in the CQ WPX CW Contest (May 24-25th) using the call sign VP5E. Outside the contest look for activity on all bands. QSL VP5/K0OK via home call, direct (Robert D Novak, 26502 Esteban Mission, Viejo, CA 92692-3355 USA) or LoTW. QSL VP5E via K0OK either direct, bureau or LoTW. [RSGB IOTA]

23/05/2008: Mike, DF3IS will be active May 23-28th from Thasos Island (EU-174, MIA MG-124, WLOTA LH-4186 [Nisos Thasos]), Greece, using the call sign J48IS. He will also participate in the CQWW WPX CW Contest (May 24-25th) using the same call. QSL via his home call, direct or bureau - NO E-QSL !!! [NG3K]

26/07/2008: Look for Jon, M0OVL/p to be active July 26-27th from Holy Island/Lindisfarne (EU-120) for the RSGB IOTA Contest. QSL via home call, direct or by the RSGB bureau. [RSGB IOTA]

06/09/2008: Tom, DL4VM will be active as OZ/DL4VM from R?m? Island (EU-125, NS-001 for the Danish Islands Award) between September 6th and 20th. He will work only QRP 5 watts and only CW on 40m, 20m and 15m and perhaps 10m and 6m depending on conditions. QSL via home call, direct (Thomas Scheliga, Stockenbruch 12, 66119 Saarbr, Germany) or by the bureau. [RSGB IOTA]

==========
SPECIAL EVENTS -

01/01/2008: Nike Hercules Memorial Year - The last symbol of Cold War left the launcher of an Italian Air Force base last November 24th 2006. Nike Hercules missile system was a Silent Guardian of the European N.A.T.O. skys and some Asian States for the all the second half of the last Century. Special event station II3NIK will be aired January, 1st 2008 until June, 30th 2008 to commemorate this event. QRV on 80m, 40m, 30m and 20m bands, using SSB, CW and PSK31 modes. All the contacts made with the II3NIK special event station will be confirmed via bureau or via direct to the address manager: IZ3JJD Andrea Zecchinato, Vicolo Gorizia 1/A, 35020 Albignasego (PD), ITALY. More information and photos at: www.iz3jjd.eu/I%20I%203%20N%20I%20K.htm [IZ3JJD]

01/01/2008: The Belgian Air Force Amateur Radio Association (BAFARA) celebrates its 40th anniversary and will activate the special call sign ON40BAF during 2008. QSL via ON6KN, direct or via bureau. [DXNL]

01/02/2008: Special event station 8J8SSF will be aired February 1-11th to celebrate the 60th Sapporo Snow Festival. The Sapporo Snow Festival (Sapporo Yuki Matsuri) is held during one week every February in Hokkaido's capital Sapporo. The festival is best known for the ice sculpture competition attracting artists from around the world, competing to create the largest and most elaborate artworks from ice and snow. QSL via the JARL bureau. [JJ1WTL/AC6IM]

09/02/2008: The Swedish Heathkit Club, SK7XN located in Huskvarna, Sweden, will be QRV February 9th (0700z-1800z) for Heathkit Activity Day and to celebrate the birth of Howard Anthony. Look for activity on 3.540, 3.700, 14.040 and 14.287 MHz. A special QSL card will be available by sending a direct request to: Swedish Heathkit Club, Mats Gunnarsson, Baldersgatan 6, Ljungby SE-341 33, SWEDEN. The Swedish Heathkit Club web site can be found at: www.heathkit.se/ [SK7XN]

18/02/2008: The Blue Mountains Amateur Radio Club is celebrating its 50th birthday in January 2008. The original club was formed as the 'Blue Mountains Radio Club' in 1958, by the late Bill Moore after the disastrous bushfires that raged through the Blue Mountains in November and December of 1957. Bill held the callsign VK2HZ. By request, VK2HZ was adopted by the current Blue Mountains Amateur Radio Club Inc after Bill became a silent key. It was 1974 when the club became 'The Blue Mountains Amateur Radio Club'. The current club still has 3 members who were members of the original club. A special call sign to commemorate the 50 years has also been allocated by the ACMA. The call sign is VI2BMARC50 and will only be valid for 10 days from January 18th to January 28th 2008. A special QSL card will be available for all stations contacting VI2BMARC50. Further information can be found at: www.bmarc.org/ [Southgate ARC]

15/05/2008: On the occasion of the European soccer competition 2008, special event stations OE2008A-Z and HB2008A-Z will be QRV May 15th up

to June 30th. A relevant award is also available for working these stations. For more information visit: www.uska.ch/ [UBA HF News]

U.S.A. Special event station information can be found at: www.arrl.org/contests/spev.html

==========
J5C Diary -

Dakar, today (January 10th), 1800 utc from Frank, F4AJQ via Serge, F6AML and John, F5VHQ via Pilot Bruno, F5AGB.

All is OK at the sunset landing in Dakar.

At the Dakar Airport Murielle and Daniel, 6W7RP, made a big surprise by welcoming the crew members for their first steps 2008 in Africa.

During the flight, the crew members have been divided in little teams who were each assigned their instructions for setting up the gear.

All of them know what they will have to do and to each one tomorrow.

This being the case the schedule for the first signals is maintained, late in the evening, but maybe we will have a good surprise around the Bubaque sunset.

More than ever have a look on the DX clusters

More info and pictures to follow.

Maurice, F5NQL, Internet Communications Officer for J5C.

TI9K - COCOS ISLAND - UPDATE
We started planning with one generator and 3 radio stations. But too many hams are waiting for a contact with Cocos Island. Now we'll have 7 stations plus one EME-station on air. Now we have 4 generators. But the costs are growing, too. Experienced hams, who worked on the radio on Scarboroughreef or Heard Island join the team. Please consider to support our team." Andy EA2CRX/DH8WR, teamleader. Full details at: //www.ti9.eu.com/
TI9K will be QRV from Coco's island (NA-012) starting from 04/02/2008 up to 16/02/2008, all bands and modes. QSL via the bureau to EA2CRX. [UBA

6433. H7/NP3D OPERATION

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-01-11 01:34:03 UTC
From: K1XN
Topic: 6433 Message: 6433

Hello Folks,

I think it's time to let you all know that we are going to Nicaragua for CQ WPX RTTY 2008.
I will be using callsign H7/NP3D before and during the Contest.
Time of operation - February 3rd - 11th, 2008.
The Club is Yankee Clipper Contest Club.
Logs will be uploaded via LoTW on daily basis if Internet does not fail. For those who wants nice paper QSL's please send yours via my good friend for the last 25 years - Joe W3HNK. Ironically, I dont have QSL's from YN-land for RTTY mode, as well as from HR-land, but many of you I think do have them.
I will be focusing of course on RTTY on all HF bands, then CW and SSB. I beleive that RTTY mode should be in highest demand.
Not sure right now about Multy (intending) or Single Band entry and power category. This will be determined upon arrival.
My good friend Demitry AK2P (we went together to KP2) will join us for several days as well as another good friend Joel KB2PDW (we went together to HR) will be coming, just for fun.
If some of you has requests about particular Band/Mode, please email me privately, I will do my best.

-- 73's Andrei EW1AR-NP3D

6434. NEW DATA FILES AND REPORTS UPLOADED TO WEB

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-01-11 12:24:25 UTC
From: K1XN
Topic: 5889 Message: 6434

*The January 2008 Issue #801-B files have been uploaded to the Golist
web site.
The weekly GoData files now include the LOTW information
and DXCC APPROVED OPERATIONS in the data file.
Use the DOWNLOAD button in your GOWIN program or this link in your
web browser.
http://golist.net/dlauth.cfm

This data file contains the new GoWin.exe file version 2.16.
It corrects the problem of finding the new location of the RAC
call book files when loaded in the default folder on your hard drive.

Jim,
You got the error message because the GOWIN HELP.TXT file current on
your computer has the attibute set to Read Only.
In Windows Explorer find your Golist folder and highlight it and in
the right
panel look for the gowin help.txt file. Right click on this file and
select PROPERTIES
from the drop down menu. Under the General tab look for READ ONLY at the
bottom
of the page. Uncheck this item and OK out of the menu.
Go back to your desktop and now Unzip the 801-B download again. It
should install the
new help file correctly.
John

Jim,
You have me temporally stumped. The help text file in my
Golist folder automatically is set to READ by Windows. The
new help file will not update when this is set this way. When
I uncheck the READ attribute, the new help file installs correctly.
I will have to play with this awhile Jim, as it is working correctly
on my system using the download from the web site.
I will get back with you.
John

Don,
Do you have an understanding of the problem Jim is having?
Do you have any ideas what the problem might be?

I.C.P.O. (Islands, Castles & Portable Operations)
UPDATE -
==========
The ISWL Club Callsigns in use during January 2008 have been changed.

Unfortunately GS4BJC /A & GS4BJC /P - has been cancelled and replaced
by:

GX4BJC - Operated from near Heathfield in East Sussex.
by Arthur - G0KOC (The Registered Callholder and ISWL Council member).
(WAB Square = TQ62 SXE & IOTA = EU-005).

The following remains unchanged:

MX1SWL /A - Operated from Healing, in N.E. Lincs,
by Cliff - G4YHP (ISWL Treasurer & Monitor Editor)
(WAB Square = TA21 LNE & IOTA = EU-005).

All QSL Info is on www.iswl.org.uk or www.qrz.com
or via www.eQSL.cc NO LOTW.

ISWL Awards are available to all Hams and SWL's - see www.iswl.org.uk
eQSL.cc cards ARE accepted for our awards.

Vy 73 and have a good weekend.

From: K1XN
Topic: 5876 Message: 6448

Announcement from the ARRL DXCC Desk

FJ/OH2AM

This operation by OH2BH and OH0XX was conducted under CEPT Recommendation T/R 61-01. This Recommendation makes it possible for radio amateurs from CEPT countries (and certain non-CEPT countries) to operate in other CEPT countries without obtaining an individual temporary license from the visited CEPT country.

Complaints were received from several individuals. The main thrust of the complaints is that the operators used a club call for which Laine is station trustee, rather than their individual callsigns.

The intention of the operators in using a single callsign was to limit the number of duplicate contacts. Many DXpeditions use club or special-issue callsigns for this reason. The Recommendation makes no mention of club callsigns but says that the visiting license holder "must use his national call sign preceded by the call sign prefix of the visited country." Other operations using club callsigns from French territory, including in the Caribbean, have taken place under provisions of the Recommendation and have been credited for DXCC.

Since the question was raised, checking with various CEPT administrations and with the European Radiocommunication Office (ERO) has revealed different views regarding the use of club callsigns under the Recommendation. The ERO observes that the use of a club callsign could prevent an administration from determining whether a particular operator is qualified and concludes, "Club members, including the holder of the club call sign, should use their national personal call signs when abroad."

In the case of FJ/OH2AM, the two operators clearly were qualified to operate in St Barthelemy under the Recommendation. They utilized a call authorized to them by their national authority. The purpose of a radio station callsign is to identify the administration and the licensee responsible for the operation of the station. The use of FJ/OH2AM rather than FJ/OH2BH and FJ/OH0XX did not thwart this purpose.

10 January, 2008

6449. J5C Diary Journal de J5C

Date: 2008-01-11 21:54:44 UTC
From: F5nql@aol.com
Topic: 6449 Message: 6449

Hi
Last news by phone and Skype; Tks Pascal, F5JSD , Serge, F6AMlL and Thierry, F4TTR
We are all in good form welcome yesterday evening by a super Gilles the Hôtel owner.
Internet was for some hours out of order but now the line is anew available.
The 33kva generator runs full speed and instead of the four Acom 1010 PA's, the light doesn't weaken. No worry about power supply.
All the antennas have been set up except the beverages for the low bands, which are scheduled to be to morrow. Some minor details are to be finalized too.
We start also this evening on 80m.
The traffic is already serious. We thank all of our friends who awaited us for their patience and fidelity.
First tries this night on 160 (even without the Beverages), by Pascal, F5JSD.
He will focus Asia . The JA window is very sharp, about 30 mn, so Pascal at this time will call CQ JA. When doing, he ask the other to avoid calling J5C.
The final band and time planning will be published later.
We hope, for the first time in a F6KOP Dxpedition, to be able to upload the logbook, once a day on _www.j5c.eu_ (http://www.j5c.eu/) .
Bonne chance à tous
73......Serge......F6AML, Bonne chance 73 de Thierry F4TTR (_pilots@..._ (file:///D:/Mes%20Documents/article))
Be lucky , 73
Maurice, F5NQL, Internet Communications Officier, for J5C

Bonsoir à tous
Dernières nouvelles par téléphone et Skype de Pascal, F5JSD, via Serge, F6AMlL and Thierry, F4TTR
Nous sommes tous en bonne forme accueillis hier soir par un Super Gilles, le patron de l'hôtel.
La liaison Internet, en panne a été rétablie.
Le groupe de 33 kva tourne à plein régime, et malgré les quatre Acom 1010, la lumière ne faiblit pas.
Toutes les antennes ont été montées à l'exception des beverages qui le seront demain.
Il reste quelques petites bricoles à finaliser.
Le trafic est déjà sérieux.
Nous démarrerons ce soir sur 80m et Pascal F5JSD, fera les premiers essais sur 160m (même sans les beverages) . Il sera très attentif à l'Asie. La fenêtre JA est tès étroite 30mn environ. Pendant ce temps il appellera CQ JA Il demande aux autres de ne pas intervenir à ce moment là.
Le plan de travail , bande par heure, définitif sera publié un peu plus

tard.
Pour la première fois dans une expédition de F6KOP, nous espérons pouvoir mettre le log en ligne régulièrement (_www.j5c.eu_ (http://www.j5c.eu/)) .
Bonne chance à tous

6451. J5C diary - Journal J5C

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-01-12 09:30:23 UTC
From: F5nql@aol.com
Topic: 6451 Message: 6451

J5C diary, Journal de J5C
From Pascal, F5JSD, two times with F6AML and F4TTR
Hereno interferences between the four mains stations , no QRM, no QRN.
Very good traffic on low bands. Listening on transmitter antenna, better as
on the K9AY square.
40m: Benoît, F8PDR, hear a lot of JA but is overwhelm by strongest signals
from USA and EU.

80m: USA come with the biggest signals.
160m: it was like on 20m . Big signals and big mess!, First JA at 2245z
(579) . After Pascal F5JSD, begun to CQ JA 1830 qsx 1822, but no answer. New try
on Jan 12th. On 160 230 QSO in a 4 hours run.
Internet : very uncertain. We will focus on trying to upload the log on Jan
12th. (_www.j5c.eu_ (http://www.j5c.eu/))
After eight hours of traffic at 0230z, 1900 QSO’s were logged.
Thanks to all of you who have written friendly words on our guestbook.
Remain : any matter through our pilots Thierry, F4TTR and Bruno, F5AGB
(_pilots@..._ (mailto:pilots@...))
73 from Pascal/F5JSD (in Bubaque), Serge, F6AML and Thierry, F4TTR.
Be lucky 73
Maurice, F5NQL, Internet Communications Officer for J5C.

J5C diary, Journal de J5C
De Pascal, F5JSD, deux fois via F6AML et F4TTR
Ici pas d’interférence entre les quatre stations principales , pas de QRM,
pas de QRN.
Très bon trafic sur les bandes basses. Ecoute sur antenne d’émission
meilleure que sur le cadre K9AY
40m: Benoît, F8PDR, entend beaucoup de Japonais, mais ils sont submergés par
les US et EU.

80m: Les USA arrivent avec les signaux les plus forts.
160m: On aurait dit du 20m . Forts signaux et gros B... . Le premier JA nous
a passé 579 à 2245z.
Après Pascal a appelé JA pendant la fenêtre douverture, 1830 qsx 1822, sans
réponse. Nuveaux essais aujourd’hui.
Sur 160m, 230 QSO en 4 heures.
Internet : Très instable. On privilégiera le chargement du log aujourd’hui.
(_www.j5c.eu_ (http://www.j5c.eu/))
Après 8 heures de trafic, 0230z, 1900 QSO.
Merci à tous pour les encouragements sur le livre d'or de l'expédition.
Rappel : Toute question, via nos pilotes Thierry, F4TTR et Bruno, F5AGB
(_pilots@..._ (mailto:pilots@...))
73 de Pascal/F5JSD (à Bubaque), Serge, F6AML et Thierry, F4TTR.
Bonne chance 73

Maurice, F5NQL, Communications Internet pour J5C.

6452. FJ/OH2AM QSL CARDS

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-01-12 10:47:13 UTC
From: K1XN
Topic: 6452 Message: 6452

IMMEDIATE RELEASE FOR EDITORS:

We are delighted to inform you that QSL cards for the FJ/OH2AM operation will start going out early next week now that the operation is accredited for the DXCC award program as of January 11, 2008.

Full-color cards will be arriving from the printers in Poland on the 15th of January (Tuesday) and we will start processing direct requests immediately. The legwork is already done, all envelopes opened and sorted.

Those 23.340 QSOs made by the duo represent 11.730 individual DXers and obviously that many QSL requests as well. The logbook will be included in the LoTW later this year.

Because of the close DXCC Honor Roll submission date, March 31, 2008, we plan to make out all QSLs received during January to be released during the month of February. By the 20th of February we will release a status report and probably another option to bypass the queue for those who at that time still want to have QSLs received for a late March submission.

We thank you for your kind words about the operation and support received through the QSL mail.

Hello John.

Yes, I am the qsl manager for 9A50KDE spec. event station.
This special event station's will be on the air until 31. December 2008.
Start of operation's was 1. January 2008. but first QSO was made at 6.
January 2008.
Nobody before that do not used this call sign.
We are using SDX (EI5DI) log software and our log will be uploaded
to LOTW.
My address in call books is OK but I also have my post office box.
Correct address is:
IVO NOVAK 9A1AA
P.O.BOX 53
HR 31551 BELISCE
C R O A T I A
Preferred qsl request are:
Direct = SAE whit 2 $ or 1 IRC
Bureau = buy the Bureau.
I will answer by the Bureau to all direct cards without return postage.

Best regards from Croatia and see you on the air.

73, Ivo Novak 9A1AA

Blue Mountains (AUSTRALIA) Amateur Radio Club

The Blue Mountains Amateur Radio Club is turning
50 in January 2008. To commemorate this milestone in the club's history, a dinner will be held on Saturday the 9th of February 2008 at the Emu Plains Sporting and Recreation Club, Leonay Parade, Emu Plains, commencing at 7:30 PM. The cost is $40.00 per head (excluding drinks) and is non-refundable. All current and former members and their partners are invited to attend. This is a great opportunity to catch up on old times with old friends. Bookings are essential and can be made by contacting Daniel VK2DC via email to bmarc50@... snail mail to PO Box 54, Springwood NSW 2777. Full payment must be received by the 25th of January 2008 to confirm your booking.

The ACMA has issued the Blue Mountains ARC with a special event callsign to commemorate the club's 50th anniversary. The callsign, VI2BMARC50, will be on-air for 10 days from January 18th to January 28th, 2008. Two attractive QSL cards have been prepared for this special event: a standard sized 6" x 4" card and a larger very attractive card signed by the current club executive. QSLs can be sent via the bureau or direct to the club's PO Box. There will be a cost of $5.00 for the larger card to cover return postage. So please give VI2BMARC50 a call and help the Blue Mountains ARC celebrate their 50th anniversary in January 2008.

For more information on these and other BMARC activities, just point your browser to www.bmarc.org.

Hi John,
Found and fixed the problem.
Try it now and let me know.

6460. Poll results for GOLIST

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-01-13 08:44:16 UTC
From: GOLIST@yahoogroups.com
Topic: 6460 Message: 6460

The following GOLIST poll is now closed. Here are the
final results:

POLL QUESTION: When you shop for new radio gear, what
is your primary selection criteria for online purchases ?
What is the deal closer?

You may vote for more than one choice.

CHOICES AND RESULTS
- no sales tax?, 10 votes, 17.54%
- payable by personal check or bank draft?, 1 votes, 1.75%
- credit card acceptance ?, 8 votes, 14.04%
- PayPal ?, 2 votes, 3.51%
- discounted price ?, 16 votes, 28.07%
- trade-ins taken ?, 5 votes, 8.77%
- free shipping ?, 15 votes, 26.32%

6461. J5C diary - Journal de J5C

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-01-13 11:00:17 UTC
From: F5nql@aol.com
Topic: 6461 Message: 6461

Through the Serge F6AML’s mailbox:

J5C news by Pascal, F5JSD and Bernard, F9IE.
The Internet link which was yesterday very uncertain is now completely out
of order. Apologise for the next log uploading, which could not happen, before
a while. We hope to recover the link on Monday without guarantee.
The first JA/J5 QSO was logged last night.
The SSB pile up, instead of the great skill of Bernard, F9IE was quite
unworkable at night because of the lack of discipline, shown by lot of “operators”
.
Know that they are here until Jan 20th .
Apart all is fine, the crew is healthy and very happy to hav given J5 to
numerous hams, for the first time.
This morning, the 10.000 QSO level had been broken.
73.....Serge.....F6AML
Forwarded by Maurice, F5NQL, Internet Communications Officer for J5C
Bonjour à tous
De Pascal F5JSD et Bernard F9IE, via la boite de Serge, F6AML
Bonjour Maurice
Des Nouvelles du front de F5JSD et F9IE
IMPORTANT :! il n'ont plud de liaison inertnet pour le moment , donc plus de
mise à jour des log , ils esperent que tout redeviendra normal demain.
La premiere liaison JA / J5 sur 160m a ete realisé hier soir
le pile up sur 80m en ssb hier soir etait impossible malgres le tres bon
operateur qu'est F9IE, l'indicipline y est pour beaucoup.
Tout va bien . tout le monde est en forme plus de 10.000 QSO sur le log

73.....Serge.....F6AML

From Pascal by phone to Serge, F6AML.
To day is Gerard, F2VX’s birthday!
Don’t forget him!
He is currently on 20 SSB
If you cann't reach him on the bands, you can use the J5C guestbook at :
www.j5c.eu (http://www.j5c.eu)
The first JA/J5 QSO was for JH4UHB on 160m.
This evening, J5C will be QRVat the openning of the JA window at 2115 utc on
1830.
73......Serge......F6AML
Forwarded with 73 by
Maurice, F5NQL, Internet Communications Officer for J5C. (January 13th ,
1630 utc)
From Pascal, F5JSD, to Serge, F6AML
Aujourd’hui c’est l’anniversaire de Gérard F2VX.
Il est habituellement sur 20m SSB ; ne l’oubliez pas.
Si vous n'arrivez pas à le contacter sur les bandes, vous pouvez utiliser le
livre d'or de J5C à : _www.j5c.eu_ (http://www.j5c.eu) .
JH4UHB a été le premier Japonais, enregistré sur le carnet de trafic sur
160m.
Ce soir, J5C sera QRV au début de l’ouverture de la fenêtre JA à 2115 sur
1815.

J5C, Jan 14, 0840 utc.
The Internet link is always out. No updating of the web pages possible since the last on Jan 11th, wich was broken off. Pic and Traffic board by band and mode didn’t appear.
Great night on 80.
As usualy, the link J5-USA was a great deal. The Easter coast signals were so strong that the west coast were often upset. QSX between 4 to 6 up.
At 0840, look on 14 cw and 18 SSB, up 5 to 12 around 18140.
It’s not too late to whish Gerard, F2VX a very happy birthday, directly if you can or through the Guest book (www.j5c.eu)
I hope more information during the day.
73
Maurice, F5NQL, Internet Communications Officer for J5C.
J5C, 14 janvier 0840 utc :
Le lien Internet n’est toujours pas rétabli. Pas de mise à jour possible du site depuis le 11 dernier où elle a été interrompue. Les photos et tableau de trafic, ne sont pas passés.
Grande nuit sur le 80 avec un super axe J5-USA, mais la force des signaux de la côte est ont souvent empêché les OM de la Côte Ouest d’arriver jusqu’à nous.
A 0840, recherchez les sur 14 CW et 18 SSB, qsx + 5 à 12 , autour de 18140.
Il n’est pas encore trop tard pour souhaiter un joyeux anniversaire à Gérard, F2VX, en direct si vous le trouvez ou via le livre d’or (_www.j5c.eu_ (http://www.j5c.eu/))
Sans doute plus d’info dans la journée

6470. DUCIE ISLAND UPDATE

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-01-14 14:25:33 UTC
From: K1XN
Topic: 6470 Message: 6470

2008 Ducie Island Expedition: VP6DX
(for immediate release -- please feel free to forward this information to interested parties)

News #6- 2008, January 13th

Highlights:

... Equipment arrives in New Zealand...
... WA6CDR to depart for New Zealand on Thursday...
... On-line QSL request explained...
... Background information: Ducie Island radio site design...

1. Recent events:

All equipment that was shipped from Germany and the USA has now arrived in New Zealand, and everything except the last air freight shipment (laptops, microKeyers) has cleared customs in Auckland. This equipment is now traveling by truck to Tauranga, the home port of the "Braveheart".

On Thursday night this week Robin WA6CDR flies from Los Angeles to Auckland with the radios and a few other last-minute items. Robin will sail with the "Braveheart" when it leaves New Zealand January 21st. During the 2 weeks of the voyage from Tauranga to Magareva, Robin will work on consolidating all the different shipments into the needed order for orderly transport to shore. Lets hope the sea weather is kind!

The expedition team also wired funds due under its contract with the "Braveheart" management company for fuel, use of the ship and crew. During 2007 oil prices have increased substantially on world markets, and the US dollar has declined in strength on world currency markets. These two changes have increased the cost of the DXpedition, in US dollar terms, by US$20,000.

2. QSL Information:

On-line QSL information has been added to the website, www. vp6dx. com.

No need to fill out a card or write a letter... and no need for self-addressed envelopes! Just fill out an on-line form to request QSLs.

Donors will receive accelerated, automated processing of their request. Verified contacts will be confirmed promptly as soon as printed cards are available after the expedition. LOTW confirmations will also be accelerated.

Non-donors will have their requested and verified contacts confirmed with a printed QSL card, sent via the bureau, and a LOTW entry at a later date.

For people who prefer not to use on-line forms or make on-line donations, the website explains how to submit a paper request.

Thanks to DL1MGB, DF3CB and OM1AVK for the implementation of on-line QSL processing.

3. Site Planning:

The "Braveheart" is permitted to carry 13 passengers. With careful scheduling, 13 operators can staff 7 operating positions 24 hours per day. Each operator will be on-air 12-13 hours per day, typically in three-hour shifts with breaks of one hour for meals and other camp jobs. By avoiding long operating shifts, operators will be more alert and logging accuracy should improve.

Given likely propagation, how can 7 operating positions be best used? Late at night 160 through 30, and perhaps 20m, may be the only open bands. Our solution: two operating locations, separated by about 1.5 km.

The west site will host three operating positions, plus these antennas:
-- 75m SSB and 40m: 4-squares.
-- 20, 17, 15, 12, and 10m: 2-element vertical dipole arrays.

The east site, near the only safe landing point, will host four operating positions plus these antennas:
-- 160m: one or two element verticals.
-- 80m CW, 40m, and 30m: 4-squares.
-- 20, 17, 15, 12, and 10m: 2-element vertical dipole arrays.
-- 6m: 5-el Yagi (we will try vertical polarization).
The east site also contains our sleeping tents and eating/relaxing area.

With the exception of the narrow 160m and 30m bands, the large separation between sites should permit us to put two stations on any LF/HF band. The actual hour-by-hour allocation of stations to bands/modes depends on:

-- propagation: priority given to "edge" bands with the most difficult propagation.
-- geographical balance: priority given parts of the world under-represented in QSOs made to date on a particular band-mode.
-- mode balance: priority given to modes under-represented in QSOs made to date during band's opening with a particular region.

Low band receiving antennas will be midway between the east and west sites. These will be reversible beverage arrays, with each antenna split out into a separate 160m, 80m CW and 75m output (W3LPL bandpass filters). The low band operators can choose their listening antenna independently via a remote controlled switching up. DX Engineering pre-amps boost the signal from the selected antenna before it travels down the long coax run (750m) to the operator's K3 radio. The pre-amps are protected from the low band transmit signals through a combination of bandpass filters, custom notch filters (for example, to reject the 80m CW transmitter on the 75m SSB operator's antenna), physical separation from the transmit antennas, and

other measures.

A sketch of the site layout will be posted to the website shortly.

73

Carsten, DL6LAU and Eric, K3NA

J5C - Jan 14th at 1500 utc.

Hi guys

Very shortly de Franck, F4AJQ team leader, via Thierry, F4TTR.

To day the QSO's level of 19000 is broken

Always is fine except the Internet link. We have the promise of it will be QRV to night, in such a case, we will try , before, to upload a second batch of QSO's on the log online search tool.

Huge and Huge Pile-ups thanks friends.

73

Maurice, F5NQL, Internet Communications officier for J5C.

J5C - 15 janvier à 1500 utc.

Salut à tous les amis

Très brièvement de Frank, F4AJQ, chef d'expédition, via Thierry, F4TTR, pilote:

Le cap des 19 000 QSO est franchi.

Tout va bien, à l'exception de la ligne Internet . On nous l'a promise complètement fonctionnelle pour ce soir. Dans ce cas, nous privilégierons le chargement d'une deuxième série de QSO sur le log en ligne.

Les QSO sont de plus en plus terribles; Merci à tous.

73

Maurice, F5NQL, Communications Internet pour J5C.

INTERNATIONAL POLAR YEAR (I PY)

The ARI branch of Cassino, with the plead of the Lazio Regional Committee taking the opportunity is happy to present the l INTERNATIONAL POLAR YEAR (IPY) Award, starting March 1st 2007 till the end of February 2009, as a contribution to the International Polar Year . This is done in conjunction with the activities sponsored by the WAP, WORLD ANTARCTIC PROGRAM and are part of the international activities to celebrate the scientific activities in Antartica. The Italian base Mario Zucchelli at Baia Terranova is the main expression of this effort.

PARTECIPATION ..Worlwide OM, YL, SWL
PERIOD.....Dalle 00.00 UTC del 1° marzo 2007 a tutto febbraio 2009
BANDS.....HF (3,5, 7 , 10, 14 , 18 . 21 , 24,5 , 28)
MODES.....SSB, CW, RTTY, PSK, Mixed
CONTACTS ..... Can be made with the IPY stationa and with all the polar and antartica stations.
RULES .....Call "CQ CQ IPYA AWARD"
To obtain the award you need contacts
with 5 different stations. You can contact the same stations on different bands but one only contact will be considered valid for the application.

25 different stations will give you a silver color sticker
50 different stations will give you a gold color sticker
The first applicant to claim 50 different stations will obtain a plaque.

DOCUMENTS GRC request with the segnature of two amateurs
Send the request or the photocopy of your log
Qsl cards have not to be submitted
COST.....The cost of the awars is 10 ? or 15 $

Send you application to:

AWARD MANAGER
IØYKN Nuccio Meoli
Via Conte Bassavilla 1
03030 ROCCA D'ARCE
(FR) ITALY

It was June 2003 and a joint Conference was held in Madrid by the Antarctic Investigation Scientific Committe and the Scientific Union International Council
The first international polar meeting was started by an Austrian that organized an expedition during the period between 1872 and 1874,

The first polar year took place during the years 1882/1883, the second during 1922/1923, the third during 1957/1958 and the actual one is the fourth IPY.

>From a scientific point of view the polar year will involve a huge investigation campaign on all the items that have a connection with the poles. It has also the aim of soliciting interest towards the scientific research made by the polar bases, including the italian base "Mario Zucchelli" and in the meantime to give emphasis on all the environment problems that today we are creating.

Scientists are already aware that the production of toxic gas, like CO2, by the industrial world, cars and fuels like oil, results in an increase of the worldwide global temperature with the risk of destruction of the poles, if not the world itself.

All nations have signed, in Kyoto, an agreement to reduce the productions of dangerous emissions and to increase the use of new and clean sources of energy, but not much has been done.

We hope that this International Polar Year will give some results and also the Radio Amateurs are taking part to it with this nice award being fully sensibilized to respect our world.

We hope you all will get in touch with our IPY stations.

Bonjour à tous
Le 14 Janvier 2008, nous avions le matin 18,051 QSO dans le log à 1020z,
soit un rythme de +/- 7,000 QSO par jour.
Le log en ligne a été mis à jour au 14 matin.

Aucun problème à signaler, tant sur la santé de l'équipe que sur le matériel

Les conditions bandes basses se sont dégradées, Kp varie entre 2 et 4, les
fins de nuits ont généralement un niveau de bruit plus élevé (environ S6-7
comparé à S3-4 lorsque nous débutons). Les signaux 80/160m sont globalement
bons. Nous avons réalisé la première liaison J5-JA (QSO avec Masaki, JH4UYB et
non JH4UHB comme indiqué précédemment) sur 160m lors de la première nuit avec
un gros pile-up JA.

Nous continuons à porter nos efforts sur les ouvertures de propagation
réduites, nous vous remercions de votre patience lorsque nous faisions des appels
vers ces régions.

Merci pour vos messages sur notre livre d'or.
Le Redacteur de Bulletins DX bien connu, Yosi, Ja3AAW, admirait hier :
"Les plus vives félicitations pour le premier qso J5/JA jamais réalisé sur
160m.
Le 12 janvier ; déjà 10 JA ont renouvelé cette première dans de bonnes
conditions/
Merci pour vos efforts continnuels avec le JA compte tenu de l’étroitesse
des fenêtres d’ouverture depropagation.
Moi aussi j’espère bien vous contacter sur 160 et 80 en CW.
Good Luck to you all! de Yosi JA3AAW"
Claude F9OE ajoute :
" Je ne sais qui opérait le 12 sur 20 m en rtty vers 16 TU... Chapeau ! Un
sacré pianiste. 73
Claude F9OE"
Equipe J5C
Prochaines informations, fonction de la liaison Internet
73 à tous de
Maurice, F5NQL, Communications Internet pour J5C

Hi all

On 14th January 2008, morning at 1020z, we had 18,051 QSO in our log which
is a rate of +/- 7,000 QSO per day.

The Internet link is repaired.
The online log had been updated at Jan 14th morning.

We have not had any equipment failure, everything is working as expected.
Everybody is in good shape.

Low bands conditions got slightly worse with Kp, fluctuating between 2 and 4, our late night hours are more noisy than the early evening hours. 80 and 160m signals reports are good and we managed to do the first JA-J5 contact (QSO Masaki, JH4UYB and not JH4UHB as it was indicated before) on topband suring our first night with a big JA pile-up.

We are paying attention to areas with short propagation openings, we thank you for your patience for standing-by when we are making selective calls to these regions.

Thank you for your feedbacks and messages on our guestbook.
The well known DX bulletin writer Yosi, Ja3AAW, yesterday : said
"
Very congrats on the first ever 160M QSO between J5 and JA!!
On 12th-Jan, 10 JAs worked J5C in good condx.
Thank you for your continuous effort on 160 for JA with short opening time.
I'd like to get you on 160, and 80m CW too.
Good Luck to you all! de Yosi JA3AAW"
Claude F9OE also said:
"I don’t know who was operating on the 12th, 20m RTTY near 1600 utc ….Well done !!, a damned pianist!
Claude F9OE"
To day morning, since 0800 utc : 14 CW, 10.1 RTTY, 18 CW, then 21 SSB
J5C team
Next informations, depending of the Internet link.

ALBANIA:
Franck, F4DTO , along with his father Patrick, will be active from Elbassan, Central Albania, under ZA/F4DTO, callsign, between April 22nd to May 3rd, 2008.
Bands : 20, 17 and emphasis on 10m.
Modes : SSB, using a FT100, ½ Wave vertical on 10m and dipole on other bands.
QSL only direct (bureau cards are not delivered to Frank) See address on QRZ.COM.
Please enclose SAE + postage (1$ or 1 valid IRC for Europe, 2$ or 1 valid IRC for elsewhere.)
Frank has a web page at : _http://monsite.orange.fr/f4dto_ (http://monsite.orange.fr/f4dto)
Tks Frank, F4DTO.

Antarctica :
1st : from Félix, DL5XL
Hello,

I just wanted to let you know that DP0GVN is still active. This summer may very well be the last chance to work the German Antarctic base "Neumayer II" (WAP DEU-02, AA DL-03) as the base is scheduled to close in February 2009, and there will be no radio amateur on the wintering team 2008.

The sea ice is unusually thick for this time of the year, so our supply vessel "Naja Arctica" which carries most of the construction material for the planned new station "Neumayer III" has still not been able to unload at the edge of the ice shelf. Part of our cargo has been pulled to the station over the sea ice, but we need direct access to the ship from the ice shelf to unload the heavy construction machinery. We are currently getting help from the German research vessel "Polarstern" which tries to break a navigation channel into the sea ice, so we are optimistic that unloading of the vessel and construction of the new station can commence soon. If you're interested in finding out how things are progressing, please check our status reports at http://tinyurl.com/26dq8c

Meanwhile, there are three operators at "Neumayer II" who are regularly active in their spare time as DP0GVN. Our main times of activity are daily between 1800 UTC and 2200 UTC, usually on 20m, 30m or 40m. Operators are Mirko (DG9BHQ), Torsten (DL1TOG), and myself (Felix, DL5XL). I prefer CW while the other two mainly work SSB. All three operators will have left the station by March 10, 2008. There are already approximately 2,000 contacts in the DP0GVN logbook of December 2007 and January 2008. The QSL route for all DP0GVN QSOs after 2006 is DL5EBE, direct or via the bureau. There is an online log check for all contacts of this summer season available at http://www.rrdxa.eu/log (just enter your call sign)!

Additionally, the QSOs will be uploaded to ARRL's Logbook of the World.
If you have any questions or comments, please feel free to contact us at
dp0gvn@....

Hello Folks,

I think it's time to let you all know that we are going to
Nicaragua
for CQ
WPX RTTY 2008.
I will be using callsign H7/NP3D before and during the Contest.

Time of operation - February 3rd - 11th, 2008.

The Club is Yankee Clipper Contest Club.

Logs will be uploaded via LoTW on daily basis if Internet does
not fail. For those who wants nice paper QSL's please send yours via my good
friend for the last 25 years - Joe W3HNK. Ironically, I dont have QSL's from
YN-land for RTTY mode, as well as from HR-land, but many of you I
think do have them.
I will be focusing of course on RTTY on all HF bands, then CW
and SSB.I beleive that RTTY mode should be in highest demand.
Not sure right now about Multy (intending) or Single Band
entry and power category.
This will be determined upon arrival.
My good friend Demitry AK2P (we went together to KP2) will
join us for several days as well as another good friend Joel KB2PDW (we went
together to HR) will be coming, just for fun.
If some of you has requests about particular Band/Mode, please
email me privately, _np3d@..._ (mailto:np2d@...)
I will do my best.

Merci Franck, F4DTO.

Antarctique :
1st : de Félix, DL5XL
Hello,

Je veux simplement vous signaler que DP0GVN est toujours actif.
Cet été sera sans doute la dernière fois où l’on pourra contacter la base

allemande "Neumayer II" (WAP DEU-02, AA DL-03) , dont la fermeture est prévue en février 2009, et il n'y aura pas de radio amateur l'hiver 2008 prochain.
La banquise est inhabituellement très épaisse cette saison aussi notre bateau ravitailleur le "Naja Arctica" qui transporte la plupart des éléments de la nouvelle base "Neumayer III" ,n'a rien pu décharger .
Il nous faut un accès direct au navire pour transporter les pièces les plus lourdes et les machines. Nous sommes aidés par le bateau scientifique le « Polarstern » qui tente de maintenir un chenal dans la mer de glace. Ous sommes donc assez optimistes malgré tout sur les délais de déchargement et le planning de construction de la nouvelle base, qui devrait démarrer bientôt.
Si vous vous intéressez à notre job, allez voir les pages :
http://tinyurl.com/26dq8c

En ce moment il y a trois opérateurs actifs à DP0GVN journellement entre 1800 UTC et 2200 UTC, généralement sur 20m, 30m ou 40m.
Ce sont Mirko (DG9BHQ), Torsten (DL1TOG), et moi-même (Felix, DL5XL).
Je préfère la CW, mais mes deux amis pratiquent la SSB.
Nous devrions avoir quitté la base aux environs du 10 mars 2008.
Il y a environ 2000 QSO dans le carnet de trafic de déc. 2007 à janv. 2008.
La QSL pour tous les QSO DP0GVN après 2006 sont via DL5EBE, direct ou via bureau.
Vous pouvez contrôler les QSO en ligne à : http://www.rrdxa.eu/log (entrez votre indicatif)
En outre les QSO seront chargés sur le LOTW de l'ARRL.

Toute info complémentaire si nécessaire à demander à : dp0gvn@....

From the FEA News (http://www.feacw.net/).

Masumi, JA3AVO (#15029) now stays his daughter's home, Orlando, FL in the United States. He will QRV as W3AVO from January 15th to 20th and 26th to 29th EST.

He and his friends will be on the air from VP5, Turks & Caicos Islands from January 21st to 25th, from 160m to 10m, CW/SSB/RTTY/PSK. They will land to the Providenciales International Airport (PLS) at 1125EST on 21st and will take off from PLS at 1230EST on 25th. They will stay at "The HAMlet" (http://www.vp5jm.com/) owned by Jody, VP5JM. Masumi will QRV as VP5/W3AVO, and JA1CJA will be as VP5/AE6XY and JA3BZO as VP5/AE6YQ. QSL to their home calls.

According to his blog (http://ja3avo.blog81.fc2.com/), he already enjoyed his first-ever QSO of W3AVO with Fred, KI4EZC (FISTS #13506).

Hi friends
De L'ARRL:
ARLX001 Hiram Percy Maxim II Passes Away at 72

The grandson of ARRL co-founder Hiram Percy Maxim, W1AW, died at home in Lyme, Connecticut on Saturday, January 12 after a lengthy battle with prostate cancer. Hiram Percy Maxim II -- called HPM just like his grandfather -- was 72.

Not a ham, Maxim told the Newington Amateur Radio League at an October 2002 meeting that he doesn't feel he shares the inventive talents of his grandfather and great-grandfather, who held many patents between them; Maxim's great-grandfather invented the machine gun.

He told the club audience that his grandfather took on radio and filmmaking as diversions from inventing -- an endeavor he considered extremely hard work. He also thought of Amateur Radio as a means to "bring together" individuals from distant locations and believed that communication was a key to better understanding other people and cultures.

The elder Maxim -- often referred to as "The Old Man," or "TOM" -- was an amateur film buff, and a highlight of his grandson's 2002 presentation was a short 16 mm film that showed the elder Maxim and some of his friends working, relaxing and frolicking on the grounds of the family's summer home in Lyme, Connecticut, where HPM II lived until his death.

His son, Merritt Maxim, told the ARRL, "Even though he didn't have an Amateur Radio license, he was aware of the importance of his family's role in founding the League. Through his father, my grandfather -- an active engineer -- he continued to maintain an interest in all things mechanical."

A memorial service will be held at the Lyme Public Hall at 11 AM on Monday, January 21. Burial will be private. Memorial contributions may be made to the Lyme Public Hall Association, 249 Hamburg Rd, Lyme, CT 06371.

From Alberto LU1DZ.
Jus to remember and ask you to bookmark your diary:
On June 2008, 14 & 15th, will happen the World Wide South America CW DX Contest sponsored by the Grupo Argentino de CW GACW.

http://gacw.no-ip.org/menucontest.html

We will remember you in time.
73 and see you in the contest.

Muchos saludos
Best regards
Alberto U. Stilva LU1DZ

INDONESIA
Posted by IMAM YB4IR _Imamyb4ir@..._ (mailto:Imamyb4ir@...)

Dear friends,

In this week (I hope until 1 month) the propagation is open in 40M from YB land
to Europe Area.

I did try CQ DX on 40M yesterday with YB4IR and I have pile ups from EU Stations, than I change my Call sign to Special call from YB4IPY.

It is make me happy, because very very Pile Up and than also many stations from
YB follow me to make CQ DX in other freq in 40M because they can also receive
many stations from EU calling YB4IR.

Starting to day I will active in low band (40M) with first call YB4IR until pile

ups conditions and then use YB4IPY for special call.

This is my plan for WAP chasers and if possible you can also give this information to all IPY team.

Thank you 73 de YB4IR -

ARLX001 Hiram Percy Maxim II est décédé à l”âge de 72 ans:
Le petit fils du co-fondateur de l’ARRL, Hiram Percy Maxim, W1AW, est décédé à son domicile de Lyme, Connecticut le samedi 12 janvier, après une lingue kutte conttre le cancer de la prostate qui l’a finalement emporté.
Hiram Percy Maxim II – ou HPM, comme son grand père était âgé de 72 ans.
Il n’était pas radio-amateur raconta un jour d’octobre 2002 dans une réunion de la Newington Amateur Radio League qu’il ne pensait pas partager le même talent inventif que ses ancêtres, qui déposèrent de multiples brevets. N’est ce pas son arrière grand père qui inventa la mitrailleuse ?
Il raconta comment son grand père devint radio amateur et cinéaste, pour se reposer des fatigues de la recherche –des efforts qui lui demandaient un travail intense - .
Il pensait aussi que le radio amateurisme devait apporter aux individuels, la satisfaction de communiquer en vue d’une meilleure compréhension mutuelle, et que c’était la clé des relations futures inter sociétés et inter cultures.
Le “vieux” Maxim -- parlait toujours de "The Old Man," ou "TOM" --
un film amateur brut ; son petit fils montrant HP Maxims l’ancien, et ses amis , travaillant se reposant et faisant des gamineries, dans les jardins de la résidence d’été de la famille à Lyme, Connecticut, où HPM II vécut jusqu’à sa mort.

Son fils, , Merritt Maxim, a écrit à l’ARRL que même s’il n’avait pas été un radio amateur licencié, il fut toujours attentif à la part que prit sa famille dans la fondation de l’ARRL.
Un service sera donné AU Lyme Public Hall à 11 AM le lundi 21 janvier. Les

funérailles seront privées.
Des contributions en sa mémoire sont reçyuues par la Lyme Public Hall Association, 249 Hamburg Rd, Lyme, CT 06371.

Bonsoir à tous
D'Alberto, LU1DZ.
Le Grupo Agentina de CW GACW (Associé EUCW), invite tous les contesteurs à participer au World Wide South America CW DX Contest qui se tiendra en juin 2008, les 14&15.

Subject: [GOLIST] GOWIN VERSION 2.15

> Hi folks
> I found an error in the Message txt file in the GoWin
> program file.
> It states the installing version is 2.14, when it should be
> 2.15.
> I have corrected that file.

> When you open the GoWin program, the TITLE bar should
> read GOWIN 2.15.
> I have just reloaded the latest data file to the download
> page and it
> has the correct GoWin.exe file in it. If you have questions
> about the
> version you are using, just download GO801-A again. This
> contains the
> correct program file.
> Sorry for the confusion I created.

6479. Journal de J5C - J5C diary

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-01-17 09:33:53 UTC
From: F5nql@aol.com
Topic: 6479 Message: 6479

Bonjour à tous
Journal de J5C:
January 2008 17th

This morning at 1009utc , 30,123 QSO are logged.
All is fine. No problem about the gear to be pointed out.
Some said us that however, it will be something out with one of our low band station, and concerning the K9AY ant commutation relay .
This problem truncates the first dot of our CW transmisions
We are looking for to repair.
The conditions are better that we hoped on the lower bands, and without any real surprise on 10/12 and 15m.
The path to ZL, VK, JA, NA West Coast is very difficult now and if the Kp is over 2, the QSO’s are quite impossible to do.
The long path openings to these countries are sure, but the windows are very sharp, from some minutes to half an hour, so we ask the other to be patient when we are calling them.
DIGIMODES:
On January 19th, beginning of the PSK31 and 63 transmissions , with a complete night on 30/PSK on next week-end.
SSTV will be scheduled , by lists on Sunday. Information to be given.
4 stations high power are running 24/24 . When 10 an 12m are open, the Backup Flex station (barefoot) is used as a 5th one on 20m.
The log book had been put online as follow:
Digimodes >> 16/01/08 0956z === CW/SSB >> 16/01/08 1009z
73
J5C team
Maurice, F5NQL, Communications Internet pour J5C.
Bonjour à tous
Journal de J5C:
17 Janvier 2008

Nous avions 30,123 QSO dans notre log ce matin à 1009z
Tout va bien, aucun problème matériel à signaler. On nous a reporté un problème sur l'une de nos stations bandes basses avec le relais de commutation de la K9AY. Ceci tronque le premier point de nos transmissions en CW. Nous regardons cela de près.

Les conditions sont mieux que ce que nous espérions sur les bandes basses et sans réelle surprise sur 10/12 and 15m. Les trajets vers ZL, VK, JA, NA cote ouest sont très difficiles. Si Kp est supérieur à 2, ces liaisons sont presque impossibles. Les ouvertures long path vers ces régions sont fiables, mais courtes, merci donc de votre patience lorsque nous les appelons.

Pour les digimodes, nous commencerons le PSK le 19/01 et ferons une nuit complète 30/PSK le week-end prochain. Nous ferons un peu de trafic SSTV par

listes Dimanche. Les détails de cette opération seront indiqués à l'avance.

Nous trafiquons 24/24h avec 4 stations haute puissance et utilisons la
station backup barefoot sur 20m lorsque le 10m et 12m sont ouverts.
Le log en ligne à été chargé comme suit :
Dernier QSO chargé :
Digimodes >> 16/01/08 0956z === CW/SSB >> 16/01/08 1009z
73

I.C.P.O. Bulletin (January 17-25, 2008)
Islands, Castles & Portable Operations.
Listing is by calendar date (day/month/year)
==========

17/01/2008: Andrea, IK1PMR (VK7AAP) and Claudia, IZ1GLO/K2LEO (VK7CLA) are touring Australia and New Zealand through January. Andrea says that their tentative schedule is as follows: January 17-20 as VK7AAP/3 and VK7CLA/3 from Australia (OC-001, WLOTA LH-1520); January 21-31 as VK7AAP and VK7CLA from Tasmania (OC-006, WLOTA LH-0068); and February 1-?? as VK7AAP/3 and VK7CLA/3 from Australia (OC-001, WLOTA LH-1520). QSL all calls via IK1PMR (QRZ.com). [425 DX News]

18/01/2008: Chae, HL5YI will be active as HL5YI/4 from Sorok Island [Sorok To] (AS-060, WLOTA LH-1252), January 18-21st. He plans to operate CW, RTTY and SSB on 80, 40, 20 and 10 metres, and to participate in the UK DX RTTY Contest (January 19-20th). QSL via home call, direct or bureau. [425 DX News]

18/01/2008: Unni, LA6RHA plans to be QRV from Svalbard [Spitsbergen Island] (EU-026, WLOTA LH-0125) using the call sign JW6RHA between January 18th and 24th. She will try to be on 14.248 MHz or down. This will be Unni's 16th time on JW-land. QSL is via LA6RHA. [NG3K]

19/01/2008: Look for Fran?ois/F5JNE, and Gerard/F6ICG to be active January 19th as F5JNE/p from the Castle of Nozet (DFCF 58-088), in the City of Pouilly sur Loire (CP 58150) and Canton of Pouilly sur Loire (DDCF 58-18), Department of Ni?vre/58 and Province Burgundy. As usual starting around 0700 UTC 80 then 40m, CW and SSB. QSL bureau preferred and SWL cards welcome. [F5NQL]

19/01/2008: Herve, F5RMY will be active as F5RMY/P from Porquerolles Island (EU-070, DIFM ME-010 for the French Islands Award, MIA MF-021, WLOTA LH-1107), January 19-25th. He plans to operate CW and SSB on 40-10 metres. QSL via home call, direct or bureau. [425 DX News]

19/01/2008: Dave, G1OCN (VP8CLE) and Carol, 2E1DQZ (VP8DKW) will be active from different locations in the Falkland Islands (SA-002) between January 19th and February 2nd. They plan to operate SSB on 3740, 7055, 14335, 18150, 21360 and 28940 kHz (+/-), as well as FM on AO-51 and SO-50 satellites. QSL via G1OCN, direct only (P.O. Box 2, Weymouth, Dorset DT4 4AP, England, UK). [425 DX News]

20/01/2008: Carlos, CE6AMN/p will be active from the Punta Lutrin Lighthouse (ARLHS CHI-071) 0000 UTC continuous through 2359 UTC on January 20th. QRV 10-40m, using SSB/CW. QSL via home call. [ARLHS]

20/01/2008: Toze/CT1GFK, Manuel/CU1CB, Goncalo/CT1GPQ, Antonio/CU8AS and Hermann/HB9CRV will be active as CU8A and CU8/CT3FN between January 20-29th. Their QTH will be situated at Farol do Albarnaz (ARLHS AZO-016, TWLHD WLH CU-008, WLOTA LH-0947), Flores Island (EU-089, DIP AZ-008 for the Portuguese Islands Award). QRV CW/RTTY mostly on the low bands. QSL via CT1GFK, bureau is ok. [DXNL]

21/01/2008: Andrew, G7COD, will be QRV for the forth time from Embudu Island, South Male Atoll (WLOTA LH-3911), Maldive Islands (AS-013) using the call 8Q7AK from January 21st to February 2nd. Using mainly SSB with a little CW, he will be operational every day from approximately 0900 to 1100, 1400 to 1600 and 1800 to 1830 UTC. Spot frequencies to be used are 7.093, 10.123, 14.147, 18.133, 21.253 and 24.953 MHz (+/- 10kHz). For complete details of operating times, spot frequencies, QSL information etc., please check 8Q7AK on QRZ.com. QSL via G7COD, direct or bureau. [Pete's-DX-Newsdesk]

21/01/2008: Masumi, JA3AVO (FISTS #15029) and his friends will be on the air from VP5JM's 'Hamlet' located on Providenciales [aka Provo] Island (NA-002), Turks & Caicos Islands from January 21st to 25th. Activity will be on 10-160m, CW/SSB/RTTY/PSK. Masumi, JA3AVO will be QRV as VP5/W3AVO; JA1CJA will use VP5/AE6XY and JA3BZO will sign VP5/AE6YQ. QSLs via their home calls. [K1XN & Golist]

22/01/2008: Bill, W5SJ, will visit the island of Dominica (NA-101) from January 22-31st and hopes to get his favourite call sign J79SJ. He plans to participate in the CQWW 160m CW Contest (January 26-27th) and will work mostly CW on the WARC and lowbands outside of the contest. QSLs via W5FO. [DXNL]

23/01/2008: Ghis, ON5NT will be active from Monaco as 3A/ON5NT from January 23-27th. His activity will be mostly during his morning and evening hours. QSL via home call. [OPDX]
==========
LOOKING AHEAD -

26/01/2008: Toze/CT1GFK, Manuel/CU1CB, Goncalo/CT1GPQ, Antonio/CU8AS and Hermann/HB9CRV will be active as CU8A from Flores Island (EU-089, DIP AZ-008 for the Portuguese Islands Award, WLOTA LH-0947) in the Multi-Single category of the CQWW 160m CW Contest (January 26-27th). QSL via CT1GFK, bureau is ok. [DXNL]

26/01/2008: Look for Lars, DF1LON to be active as LX7I from Eschdorf, Luxembourg, during the CQ 160-Meter CW Contest (January 26-27th) as a Single-Op entry. QSL via LX2A (www.lx2a.com/). [NG3K]

26/01/2008: Look for Steve, VK6VZ to be active from western Australia (OC-001, WLOTA LH-1520) for the CQ 160-Meter CW Contest (January 26-27th) as a Single-Op entry. QSL via QRZ.com. [NG3K]

27/01/2008: Lars, MM0DWF will be active from Husvik (an old whaling station) located on South Georgia Island (AN-007) as VP8DIF from January 27th to February 28th. Activity will be on all bands, depending on his

work schedule. QSL via DJ9ZB, direct or bureau. Further information can be found at: www.lars-boehme.de/vp8dif/index.html [RSGB IOTA]

31/01/2008: Antonio/CU8AS and Hermann/HB9CRV will be active as CU7T between January 31st and February 5th from Cedros at the north coast of Faial Island ((EU-175, DIP AZ-007, WLOTA LH-1830, ARLHS AZ0-020, TWLHD WLH CU-007). They will work in CW/RTTY/PSK31 using K2/100 radios, 500 watt amps and a HB9CV antenna. QSL via CT1GFK, direct or bureau. [DXNL]

09/02/2008: Valery, RD3AF will be QRV as EF8M from Las Palmas Gran Canaria (DIE S-005 for the Spanish Islands Award, WLOTA LH-0969) Canary Islands (AF-004) during the CQ WW RTTY WPX Contest (February 9-10th), as a Single-Op/All-Band/High-Power entry. QSL via RX3DU. [NG3K]

09/02/2008: Operators Rick/KI1G, Pat/NG1G, Matt/WE1H, Carlos/WP4U and Bill/N1HRA will be QRV as NP3U from the island of Puerto Rico (NA-099, USi PR-006S, WLOTA LH-2802) during the CQ WW RTTY WPX Contest (February 9-10th), as a Multi-2 entry. QSL via WP4U, direct or bureau. [NG3K]

12/02/2008: Bill/N7OU and Bob/W7YAQ will be operating from T32, Christmas Island (OC-024), Eastern Kiribati, from February 12-26th and will be a M/S entry in the ARRL DX CW Contest. They will be using 100w and verticals on 160-10m, mostly CW, but some SSB and RTTY. They will update you soon on their call signs and QSL info. Stay tuned! [F5NQL]

23/02/2008: Nick, G3RWF reports that he will be returning to Uganda between February 23rd and March 22nd. This will largely be a holiday style operation, using the call sign 5X1NH. QSL via home call. [NG3K]

01/03/2008: A group of six members of the Texas DX Society plan to operate from San Andr?s Island (HK0, NA-033, WLOTA LH-2990), Colombia, from March 1-6th. This will include participation in the ARRL International DX Contest (March 1-2nd). The group will use two separate stations with beam and vertical antennas. After the contest, operators will use individual call signs on SSB, CW and digital modes on major HF bands. Call sign assignments are pending. Operators mentioned are Cal/WF5W, Paul/W5PF, Bill/K5WAF, Keith/NM5G, Chuck/W5PR, and Jim/N4AL. W5PF is the QSL Manager for all callsigns used. After the operation logs will be uploaded to LoTW. Further information can be found at: www.tdxs.net/hk0.html [OPDX & TDXS]

29/03/2008: Operators ZL2AL, ZL2ST, ZL2LF, ZL2FAR and ZL2QM will be active from the north island of New Zealand (OC-036, WLOTA LH-0069) during the CQWW WPX SSB Contest (March 29-30th) as a Multi-2 entry. QSL via ZL2AL. [NG3K]

24/04/2008: Franck, F4DTO along with his father Patrick, will be active from Elbassan, Central Albania, using the call sign ZA/F4DTO between April 24th and May 4th. QRV 20, 17m and emphasis on 10m SSB, with FT-100 into a 1/2 wave vertical on 10m and dipole on the other bands. QSL only direct (bureau cards are not delivered to Frank). See address on QRZ.com. Please enclose SAE + postage (1$ or 1 valid IRC for Europe, 2$

or 1 valid IRC for elsewhere). [F5NQL]

24/05/2008: Valery, RD3AF will be QRV as EF8M from Las Palmas Gran Canaria (DIE S-005 for the Spanish Islands Award, WLOTA LH-0969) Canary Islands (AF-004) during the CQ WPX CW Contest (May 24-25th), as a Single-Op/All-Band/High-Power entry. QSL via RX3DU. [NG3K]

18/06/2008: Jimmy, W6JKV will be operating on 6 metres only from Alaska as KL7/W6JKV between June 18-30th. Location is from a mountain top 30 miles NE of Fairbanks with outstanding view in all directions (Grid Loc. BP64). Altitude 2500 feet. Distance to London is 4200 miles, 4000 to Frankfurt, 4100 miles to Tokoyo. Will have 800 watts and big antenna. QSL via home call. [F5NQL]

20/06/2008: Dennis, K7BV will be QRV as V3/K7BV from Caye Caulker Island (NA-073, WW Loc. EK57XR), Belize, from June 20-26th. This will be a 6 metre only DXpedition. He will use a FT-450 with ACOM-1000 amplifier, running 1KW into a 7 element and 3 element beam. The main frequency will be 50.106.2 MHz USB and /B. The pilot station will be Pat, W5OZI. QSL direct only to W1JJ (QRZ.com). Further information can be found at: www.qth.com/k7bv/caribe2008 [N8OFS]

28/06/2008: Dennis, K7BV will be active as HK0/K7BV from San Andr?s Island (NA-033, WLOTA LH-2990, WW Loc EK92DM) between June 28th and July 6th. This will be a 6 metre only DXpedition. He will use a FT-450 with ACOM-1000 amplifier, running 1KW into a 7 element and 3 element beam. The main frequency will be 50.106.2 MHz USB and /B. The pilot station will be Pat, W5OZI. QSL direct only to W1JJ (QRZ.com). Further information can be found at: www.qth.com/k7bv/caribe2008 [N8OFS]

Oct / 2008: Operators Markus/DJ7EO, Heye/DJ9RR, Chris/DL1MGB, Dietmar/DL3DXX, Tom/DL5LYM, Ben/DL6FBL, Dieter/DL8OH and Joerg/DL8WPX plan to be QRV as VK9DWX from Willis Island (OC-007) in October 2008. QRV with four high power stations in CW/SSB/RTTY on 160m-10m for about 17 days. QSL route TBA. Further information and updates can be found at: willis2008.dl1mgb.com/ [DXNL]

25/10/2008: Look for Craig AH8DX to be active as FJ/AH8DX from St. Barthelemy Island (NA-146, DIFO FJ-001, WLOTA LH-0377) during the CQWW DX SSB Contest (October 25-26th), as a Single-Op/All-Band entry. Craig will be active on RTTY before and after the contest. QSL via home call. [NG3K]

-- GIBRALTAR:
PRE-ANNOUNCE of the next ZB2-Trip: Frank ZB2/DH7FB & Bernd ZB2/DF2ZC back in Gibraltar (IM76HD) from 2008-05-29 until 2008-06-01.
LATEST NEWS de Bernd, DF2ZC, dated 2007-01-13: Equipment will be TS2000, GS35 and/or 2xGU74b (at reduced output), MGF1302 and 2 x 2M9SSB (15 dBd altogether). We are happy having aquired UKW-Berichte as sponsor. [F5NQL]
==========
SPECIAL EVENTS -

17/01/2008: Five special event callsigns will be aired January 17-27th for the European Handball Championship (www.ehf-euro.com/) that will take place in Norway: LM8EHC/1 (QSL via LA1B), LM8EHC/2 (QSL via LA2D), LM8EHC/3 (QSL via LA2L), LM8EHC/4 (QSL via LA8D) and LM8EHC/5 (QSL via LA2T). [425 DX News]

17/01/2008: Special event station A60ISG will be active January 17-24th for the third international gathering on "Scouting and Humanitarian Action" to be held in Sharjah, United Arab Emirates. Look for activity on 80-10 metres SSB and CW, plus digital modes. According to Mohammad Darwish, A61M, this will be the first ever special event callsign from the UAE. QSL via IZ8CLM. [425 DX News]

18/01/2008: The Blue Mountains Amateur Radio Club is celebrating its 50th birthday in January 2008. The original club was formed as the 'Blue Mountains Radio Club' in 1958, by the late Bill Moore after the disastrous bushfires that raged through the Blue Mountains in November and December of 1957. Bill held the callsign VK2HZ. By request, VK2HZ was adopted by the current Blue Mountains Amateur Radio Club Inc after Bill became a silent key. It was 1974 when the club became 'The Blue Mountains Amateur Radio Club'. The current club still has 3 members who were members of the original club. A special call sign to commemorate the 50 years has also been allocated by the ACMA. The call sign is VI2BMARC50 and will only be valid for 10 days from January 18th to January 28th 2008. A special QSL card will be available for all stations contacting VI2BMARC50. Further information can be found at: www.bmarc.org/ [Southgate ARC]

01/02/2008: Special event station 8J8SSF will be aired February 1-11th to celebrate the 60th Sapporo Snow Festival. The Sapporo Snow Festival (Sapporo Yuki Matsuri) is held during one week every February in Hokkaido's capital Sapporo. The festival is best known for the ice sculpture competition attracting artists from around the world, competing to create the largest and most elaborate artworks from ice and snow. QSL via the JARL bureau. [JJ1WTL/AC6IM]

15/02/2008: Look for Jean-Claude, F5IL to be active as TM5ICE (WAP-127) from February 15-29th, from his QTH in the Eure department/27 (Normandy). Mainly on digital modes, RTTY and PSK31. Active also in CW, for the DDFM award hunters, and a little SSB. QSL via F5IL, direct (SAE + Postage) or via the REF bureau. [F5NQL]

18/02/2008: Fran?ois, F8DVD will be active February 18 to March 2nd from Macon, France, for the Antarctic Activity Week, using the special call TM8ANT (WAP-014). QRV on all HF bands, CW and SSB. QSL via F8DVD, direct (SAE + postage) or via the REF bureau. [F5NQL]

01/03/2008: Special event station 8N1MOMO will be aired from March 1st to April 5th to celebrate the Koga-city Momo (or Peach) Festival. Look for activity on all bands. QSL via the JARL bureau. [JJ1WTL/AC6IM]

U.S.A. Special event station information can be found at: www.arrl.org/contests/spev.html

==========
Now it?s mines on the air -

You have heard of windmills on the air and lighthouses on the air. Now
DG2DCI is managing a project to put mining projects on the air.

The aim is to activate pits, shafts, scaffolding towers, dumps and
refineries as well as mining schools, museums and memorials.

Further details can be obtained from Thomas Ifland by email (dg2dci at
t-online.de). [GB2SM]
==========
Just to remember and ask you to bookmark your diary:
On June 2008, 14 & 15th, will happen the World Wide South America
CW DX Contest sponsored by the Grupo Argentino de CW GACW.
http://gacw.no-ip.org/menucontest.html
We will remember you in time.
73 and see you in the contest.
Muchos saludos
Best regards
Alberto U. Stilva LU1DZ
==========
From Felix, DL5XL (15-January-2008)

I just wanted to let you know that DP0GVN is still active. This summer
may very well be the last chance to work the German Antarctic base

"Neumayer II" (WAP DEU-02, AA DL-03) as the base is scheduled to close in February 2009, and there will be no radio amateur on the wintering team 2008.

The sea ice is unusually thick for this time of the year, so our supply vessel "Naja Arctica" which carries most of the construction material for the planned new station "Neumayer III" has still not been able to unload at the edge of the ice shelf. Part of our cargo has been pulled to the station over the sea ice, but we need direct access to the ship from the ice shelf to unload the heavy construction machinery. We are currently getting help from the German research vessel "Polarstern" which tries to break a navigation channel into the sea ice, so we are optimistic that unloading of the vessel and construction of the new station can commence soon. If you're interested in finding out how things are progressing, please check our status reports at http://tinyurl.com/26dq8c

Meanwhile, there are three operators at "Neumayer II" who are regularly active in their spare time as DP0GVN. Our main times of activity are daily between 1800 UTC and 2200 UTC, usually on 20m, 30m or 40m. Operators are Mirko (DG9BHQ), Torsten (DL1TOG), and myself (Felix, DL5XL). I prefer CW while the other two mainly work SSB. All three operators will have left the station by March 10, 2008. There are already approximately 2,000 contacts in the DP0GVN logbook of December 2007 and January 2008. The QSL route for all DP0GVN QSOs after 2006 is DL5EBE, direct or via the bureau. There is an online log check for all contacts of this summer season available at http://www.rrdxa.eu/log (just enter your call sign)!

Additionally, the QSOs will be uploaded to ARRL's Logbook of the World. If you have any questions or comments, please feel free to contact us at dp0gvn@....

73 from Antarctica,

Hiram Percy Maxim II Passes Away at 72

The grandson of ARRL co-founder Hiram Percy Maxim, W1AW, died at home in Lyme, Connecticut on Saturday, January 12 after a lengthy battle with prostate cancer. Hiram Percy Maxim II -- called HPM just like his grandfather -- was 72.

Not a ham, Maxim told the Newington Amateur Radio League at an October 2002 meeting that he doesn't feel he shares the inventive talents of his grandfather and great-grandfather, who held many patents between them; Maxim's great-grandfather invented the machine gun.

He told the club audience that his grandfather took on radio and filmmaking as diversions from inventing -- an endeavor he considered extremely hard work. He also thought of Amateur Radio as a means to "bring together" individuals from distant locations and believed that communication was a key to better understanding other people and cultures.

The elder Maxim -- often referred to as "The Old Man," or "TOM" -- was an amateur film buff, and a highlight of his grandson's 2002 presentation was a short 16 mm film that showed the elder Maxim and some of his friends working, relaxing and frolicking on the grounds of the family's summer home in Lyme, Connecticut, where HPM II lived until his death.

His son, Merritt Maxim, told the ARRL, "Even though he didn't have an Amateur Radio license, he was aware of the importance of his family's role in founding the League. Through his father, my grandfather -- an active engineer -- he continued to maintain an interest in all things mechanical."

A memorial service will be held at the Lyme Public Hall at 11 AM on Monday, January 21. Burial will be private. Memorial contributions may be made to the Lyme Public Hall Association, 249 Hamburg Rd, Lyme, CT 06371. [ARRL]
==========
Journal de J5C:

January 2008 17th

This morning at 1009 utc, 30,123 QSO are logged.

All is fine. No problem about the gear to be pointed out.

Some said us that however, it will be something out with one of our low band station, and concerning the K9AY ant commutation relay .

This problem truncates the first dot of our CW transmisions.

We are looking for to repair.

The conditions are better that we hoped on the lower bands, and without any real surprise on 10/12 and 15m.

The path to ZL, VK, JA, NA West Coast is very difficult now and if the Kp is over 2, the QSO?s are quite impossible to do.

The long path opennings to these countries are sure, but the windows are very sharp, from some minutes to half an hour, so we ask the other to be patient when we are calling them.

DIGIMODES:

On January 19th, beginning of the PSK31 and 63 transmissions, with a complete night on 30/PSK on next week-end.

SSTV will be scheduled, by lists on Sunday. Information to be given.

4 stations high power are running 24/24. When 10 an 12m are open, the Backup Flex station (barefoot) is used as a 5th one on 20m.

The log book had been put online as follow:

Digimodes >> 16/01/08 0956z === CW/SSB >> 16/01/08 1009z

6482. 30 Meter VK/ZL/Pacific Digital Weekend

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-01-18 11:33:22 UTC
From: K1XN
Topic: 6482 Message: 6482

30 Meter VK/ZL/Pacific Digital Weekend

When: Weekend of February 9/10 2008

Time: For convenience of Universal Time and a reference point
this 'Free and Easy' activity will start around 0600Z on the 9th
and end 1900Z on the 10th of February

Where: 10.138 to 10.145 KHZ

Modes: PSK31 RTTY or whatever digital mode you fancy.

Depending on propagation here is a rough guide to follow in
contacting VK/ZL's:

For Europe: 0600 to 0800Z and after 1200 to 1400Z then 1500
to 1900Z.

For USA/Canada: Around 0800Z and after 1100 to 1200Z if
propagation is kind to us.

For Japan/Asia: 0800Z and onwards.

THIS ACTIVITY IS NOT A CONTEST
The main aim is the promotion of the 30 meter band and
Digital communications allowing the opportunity for the
rest of the world to work VK/ZL/Pacific stations in a easy
relax atmosphere of "Your Choice" of rag chewing and or
experimenting with modes/propagation

All our welcome to join in and have fun.

For all queries please contact:

Bill ZL3NB zl3nb@... or
Don KB9UMT dobson123@...

From: F5nql@aol.com
Topic: 6461 Message: 6486

Hi friends
John, F5VHQ to night has left J5 and is flying now to Paris.
From Dakar airport he said to Serge F6AML:
All is still fine except now a heavy noise on lower bands.
For the first time in a F6KOP team dxpedition, more than 1500 different JA stations ans 10,000 NA have been logged.
Internet communication is on but very slow.
73.....Serge.....F6AML
J5C Online log uploaded as follow :
Digimodes >> 18/01/08 1041z === CW/SSB >> 18/01/08 1036z
This Night 160 CW/SSB, 30m digit, 40m SSB, 20m CW, and later 80m CW/SSB
Maurice F5NQL

Bonsoir à tous.
John, F5VHQ a quitté J5 ce soir. Il vole maintenant vers Paris.
En transit à Dakar il a transmis à Serge, F6AML :
Tout continue d'aller pour le mieux, sauf sur les bandes basses où les bandes sont de plus en plus bruyantes.
Pour la première fois dans une expédition, du F6KOP Team, les barres des 1500 stations JA et 10 000 stations NA différentes ont été franchies
Les communications Internet sont ok mais le débit très lent.
73.....Serge.....F6AML
La carnet de trafic J5C à été téléchargé comme suit :
Digimodes >> 18/01/08 1041z === CW/SSB >> 18/01/08 1036z
Cette nuit, 160 CW/SSB, 30m digit, 40m SSB, 20m CW, et plus tard 80m CW/SSB

WIA arranges AX prefix for 26 January 2008.
==========

Amateurs should get on air and honour our National Day This prefix is only available for occasions of special national or international significance, such as the Australia Day, ITU Day or the Sydney 2000 Olympics. Occasions warranting the use of the 'AX' prefix are determined by ACMA in consultation with the WIA.

Under such circumstances:

* the 'AX' prefix, which will be made available to all amateurs, may be used in lieu of the normal 'VK' prefix;
* allocation of the prefix will be restricted to the duration of the occasion;

In consultation with the WIA, the ACMA has agreed to make the AX prefix available for Australia day 2008. The use of the prefix is only

available from midnight to midnight local time on Australia day .
Michael Owen, President WIA, said that all Australian amateurs are
encouraged to get on air on the 26th and use the AX prefix fully. "It's
a great opportunity to honour our national day in this special way".

Call CQ CQ CQ using AX instead of VK prefixing your call sign as
recognition that the prefix means something special to us all.
Wireless Institute of Australia - http://www.wia.org.au

JUAN FERNANDEZ :
Svein/LA6IKA will be active as CE0Z/LA6IKA between Jan 22 to 29th.
20, 15 et 10 m, CW et PSK. QSL vía home call.

6494. 2007 CQ DX Marathon

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-01-19 17:18:43 UTC
From: K1XN
Topic: 6494 Message: 6494

The deadline for submission of logs for the 2007 CQ DX Marathon is
January 31, 2008.
Official rules, CQ country list, submission forms and more information
is available at
the official DX Marathon Web Site: www.dxmarathon.com
<http://www.dxmarathon.com>. A list of logs received
as of January 18th, 2008 is on the web site. High claimed scores will
be posted
shortly after the submission deadline.

Look for official results and announcement of winners in an upcoming
issue of
CQ Magazine.

73, John, K9EL
DX Marathon Administrator

Apologize for having to change the time table schedule
Due the short time allowed, we couldn’t inform mor quickly.
They are 21,340 MHz untill 1600 UTC.

The operator takes lists of callsigns in SSB, before switching to SSTV in mode Scottie 2
Serge F6AML said the last log uploading had been done to day at Jan 20th at 1052z
More and more for the last two dayw we need your warm messages on our guesr book
73
J5C team
Forwarded with 73 by Maurice, F5NQL
Nos excuses pour avoir modifié les horaires SSTV; nous n’avons pu l’ annoncer plus rapidement.
Ils sont dans ce mode jusqu’à 1600 utc (21,340 MHz)
Prise de liste d’indicatifs en SSB avant de basculer en Scottie2.
Serge, F6AML indique que la dernière mise à jour du Carnet de trafic en ligne a été faite ce jour 20 janvier à 1052z
Pour les deux jours, nous avons besoin de plus en plus de vos messages sur notre livre d’or.

6497. VP6DX - The latest info...

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-01-20 20:04:56 UTC
From: K1XN
Topic: 6497 Message: 6497

VP6DX - The latest info... <http://dx-is.com/news/?p=173>

Hi all
We did not sail this noon. There is a Typhoon off the northern tip of NZ whose track is not certain. If it takes it normal path and bends west toward Australia, we will sail tomorrow. If not, we will probably wait another day. It is overcast here from the edge of the storm, and does not look inviting. Needless to say, we all agree that we would much rather watch a typhoon on TV in port than try to sail through it!

There are several buffer days built into the schedule, another example showing these people know what they are doing. The schedule calling for us to sail at noon today would have gotten us to Mangareva Friday, and we would have waited at anchor until Tuesday for all of you to arrive. Obviously, we can arrive on Saturday, or even Sunday and still have enough time to unload and wait for you to arrive.

The day was spent sorting and moving some things around. I have my hands on the case with the laptops, and some of the cases intended to hold K3 radios, and I am sorting through them a little at a time. The rest of the cases are in one giant block on the aft deck sandwiched between Diesel bladders and some Petrol barrels. We will dig into these, weather permitting, while enroute.

The crew sorted through the cables stored in the "Lazarette" and moved the Cat 5 reels out to where I could climb down and get at them while under way, but, until I unearth the tools and connectors, there wont be any point in that step. Pretty much all of the cables I shipped are in the lazarette, and thats all the feedlines, all the beverage lines, all the beverge feedline and control cable, and all the radial wire.

[Owner Nigel Jolly (left) with the captain of the Braveheart, his son Matt (right)]
The ship is loaded completely, there is no space for anything more. There is no room to sort and stage cases & boxes. What will happen is that we will burn the diesel fuel that is in the bladder tanks on deck & it will all be burned before we reach Mangareva. When we arrive, as many as 10 of the bladder tanks will be unloaded and stored on Mangareva. I hope they all will, and for certain, the ones on the helicopter deck where our cases are stored will be offloaded. This will make a reasonably clear space to sort things out. It will NOT be completely clear as there are a couple dozen barrels of petrol, as well as some of the tables and related items still present.

[some gasoline supply for the generators]

We have discussed, or more accurately, Nigel and the caption (his son, Matt) discussed and I listened about the landing spot and the landing process. The anchorage and landing spot MAY turn out to just off of the north east tip of the island rather than a few hundred meters west like we all have been thinking.
In any case, it is intended that we arrive about dawn, and circle the island and look before dropping anchor. Once the anchor is down, the two boats - one a new one with quite a lot of load capacity - will be set over the side and unloading will proceed. Nigel says that with normal weather, that he will have ALL of our equipment, including tents and generators on shore by noon!. They will then begin setting up the tents..
The loading and unloading process is a bit different than we have visualized, I think. On the Braveheart, they will collect 2 or 3 of the largest cases, or a collection of smaller items into a sling bag that is several cubic meters. That will be lifted over the side by winch and set into the waiting boat. No manhandling of gear to get it off the ship. At the shore, the boats will be able to fully ground, and depending on which (one is an outboard, the other a jet boat), will be set prow or stern on shore and we lift cases & boxes out while standing on a stable shoreline and with the boats stable aground.
Of course, weather can drastically affect this. If the seas are rough, it will take longer...
If the seas allow, they will take the small boat inside the lagoon where we can use it to move items - and people- between camps. The lagoon is not "clear" and the boat will have to follow a circuitous route each time, and will be significantly affected by tides.
The outer shoreline is a steep coral bank, and is not suited for walking, and even less suited for moving material. Braveheart is supplying two wagons for use moving material along the inner shore. The inner shore is rarely a beach, more commonly is a coral cliff a couple of feet above water. The route is along the top of that cliff.
With the crowding on Braveheart enroute from Mangareva to Ducie, we will be limited in what we can pre-stage, but, with their ability to get EVERYTHING to shore in a few hours, this is less critical.
We will stop at Pitcairn in the middle of the night just long enough to unload some medical and mechanical supplies they need. We drop anchor and they come out to us in a longboat & collect a sling full of items, and we then get under way again
Enough for now
see you all at Mangareva
73
Robin, ZL/WA6CDR

From: Oreste D'Anzilio, IZ8EDJ iz8edj@...

This year, the Strange Radio Team is celebrating the 5th anniversary of its founding 5 very successful years that we would like to celebrate as festively as we can returning to the SRT's birthplace, the venerable archeological and tourist site of Paestum, south of Salerno in Italy. SRTers and all ham radio operators are invited, and we are expecting, as usual for this annual meeting, outstanding guests of international renown, and some very important DXers and other highly competent ham radio personalities.

The meeting will be a convivial and a first-ever social affair, with great care having been taken to choose the finest venues and hotels, with a Gala Evening with some fine music and dancing.

The backdrop will be the golden sands and shady pine groves of Paestum, perfect for optimal radio connections, a few minutes from the splendid Cilento and Diano Valley National Park, the second largest in Italy an ideal place for a few days of relaxation and gastronomical delights such as the typical Mediterranean specialties of the famous water-buffalo mozzerella and nationally renowned local species of artichokes.

The events will take place at the fine 4-star Best Western Hotel Esplanade located barely 150 meters from the sea, with private beach and within short distance of the archeological site with its National Archeological Museum. With its big subtropical garden and swimming, it's a true oasis of peace. The hotel is also ideally located for excursions to the Isle of Capri, Pompei, Padula, the Pertosa Grotto and the Cilento Park.

Program Saturday April 14th :
14,00 Arrival and registration of the participants
14,30 Opening work session with welcome speech by Giuseppe Pacifico, IK8WCQ ARI of Salerno President;
14,45 N8S Swains Dxpedition 2007 by Hrane Milosevic, YT1AD (The Winner of World Wide Dxpedition Trophy);
15,15 The IOTA of the future by Mauro Pregliasco, I1JQJ;
15,45 The new solar cycle is beginning by Mario Ambrosi, I2MQP;
16,00 VP6DX - Ducie Island Dxpedition 2008 by Leszek Fabjanski, SP3DOI & Krystyna Fabjanska, SP3HDB;
16,45 Logbook of The World by Norman Fusaro, W3IZ;
17,15 Beyond the DXCC by Mario Ambrosi, I2MQP;
17,30 Coffee Break;
18,00 Contest expedition low cost by Mauro Tomazzi, IN3QBR;
18,30 TX5C - Clipperton Atoll Dxpedition 2008 by John P Kennon, N7CQQ;
19,15 IQ1IM/P Gallinara Isl. EU 083 by Rblob Radio Group;
19,30 Correlation between the Antarctic's problems and worldwide polution by Nuccio Meoli, I0YKN;

19,45 Recap and history of 5 great SRT years, its successes and experiences by Oreste D'Anzilio, IZ8EDJ Strange Radio Team Coordinator;
20,00 Closing work session
21,00 Gala dinner

On Sunday April 13th, the following awards will be attributed:

The ancient Posidon Trophy by the section of ARI Salerno
At the same time will be taking place a Civil Protection demonstration, along with reports, elaborated by some members of the section, on the detection and effects of seimic events.

The participation fee of 120,00 euros for person includes:

the Gala Dinner on Saturday evening 50,00 euros;
Sunday luncheon on the 13th 35,00 euros;
hotel accomodations at 35,00 euros a night and eventually the supplementary fee of 20,00 euros for a single room.

During the event the following will be present : Norman Fusaro W3IZ, Mauro Pregliasco I1JQJ and Mario Ambrosi I2MQP for all those who wish information on, or would like to request the following awards: DXCC, WAS, WAZ, CQ DX, CQ DX FIELD, IIA with the special guest appearance of Joe Arcure, W3HNK the top QSL Manager.

For reservations contact

For Italian OM: Mrs Autilia Lenza IZ8FFQ - via J.F.Kennedy,69-84015 Nocera Superiore (SA). tel.casa 081-5145248, cell. 3926035052, e-mail iz8ffq@...

Outside Italian OM: Strange Radio Team HQ (srt@...) by, and

Hi all

J5C, quite the end of a pretty story.

This morning at 0800 z the last J5C sigs were sent.

Now they are picking all of the gear ar personnal belongings to board at Bubaque Pier at 1230 z or so, after a last African meal.

They are now coming back France after a marvelous radio aventure.

Thanks to all of you for your kind support and having helped us to broke some levels as 60 000 QSO or kept our DXpedition RTTY QSO's record

More info to follow here or on _www.J5C.eu_ (http://www.J5C.eu) website.

Thanks again

Topic: 687 Message: 6506

The "planning" phase has finally ended! The expedition is underway!

Last week on Sunday Eric WA6HHQ of Elecraft Radio flew from Aptos to Long Beach California in his Cessna, along with the K3 radios to be used on VP6DX.

K3 delivery #1
K3 delivery #2
K3 delivery #3

Robin WA6CDR met Eric at Long Beach for the hand-off. A new customs carnet for the radios and a few other items was prepared and stamped by Homeland Security during the next few days. Robin flew from Los Angeles via the Cook Islands to Auckland New Zealand Thursday night with these items. Over the weekend Robin met with the crew and master of the "Braveheart" to inventory all loaded equipment and acquire locally the last items (e.g., beverage antenna supports). All the air and sea freight shipments from the USA and Germany of the last two months were delivered to the "Braveheart" on time, and the ship was ready to set sail.

Unfortunately, Mother Nature had other plans: a typhoon passing through the region. Good planning includes contingency planning. The "Braveheart" crew had built contingency time into their travel schedule to Mangareva, French Polynesia. The extra day's delay in departing New Zealand should not cause any trouble: the "Braveheart" will arrive at Mangareva around Feb 1 or 2, several days before the remainder of the operating team.

The ship is stuffed full of DXpedition equipment! Diesel fuel burned during the transit to Mangareva will be drawn off fuel bladders on the deck, freeing up some space. We will be cramped for space when the remaining 12 operators join the crew!

Photos are on the website, check
http://ducie2008.dl1mgb.com/pictures/index.php?imgdir=Preparation

2. Costs, cash flow and donors:

The background topic for today's news release is cash. Many expeditions, including this one, ask the DX community for financial assistance. Ducie Island, a remote and uninhabited location which can only be reached by sea, certainly involves greater expenses. But how much greater?

The costs (US$ at current exchange rates) for equipping and executing the VP6DX expedition total about $330,000:

* $155,000 -- Sea transportation to/from Ducie Island, and costs for operating the ship while we are on the island (29 days), food, use of shelter & some generators.
* $140,000 -- hardware: radios, amplifiers, antennas, computers, spares, etc.
* $23,000 -- shipping, insurance
* $10,000 -- gasoline, diesel, fuel containers, consumable items.

These costs do not include air transport and lodging for the operators; each operator pays his own way to/from Mangareva Atoll, French Polynesia.

Almost all of the costs ($305,000 to date) must be paid or committed before we arrive at the island. So where does the cash come from?

* $83,000 -- operator donations
* $55,000 -- loaned/donated hardware
* $30,000 -- clubs and organization donations to date
* $12,000 -- individual donations to date
* $125,000 -- debt (interest-free loans)

The last figure is the scary one! This is sunk cash, spent or obligated before the first QSO is made, which the funders expect to be returned. About $90k is tied up in hardware which we hope to use on future expeditions. And we are budgeting another $25k of expenses after departing the island for shipping, refurbishment, QSLing expenses, etc.

With this much money at risk for a major expedition, the pressure is on us to meet not only the on-the-air expectations of DXers worldwide, but also to work to raise the remaining cash.

Please consider supporting the VP6DX project with a donation. If you choose to support the VP6DX project financially with a donation, we promise:

* to do our best to deliver a first-rate, high quality expedition: to work DXers efficiently, with balance given to each region of the world, to each mode, and to each band.
* to use your money wisely, to account for it transparently and according to professional standards, and to report back to you as to how it was used.
* to give priority to your QSL requests and LOTW confirmations.

Because of the importance of "early cash" in reducing debt, donations of US$100 or more received prior to Feb 5 (our departure from Mangareva Atoll to Ducie Island) will be listed on the QSL card.

Donations can be made as follows:

* PayPal (in either US$ or Euro) on the VP6DX website here: http://ducie2008.dl1mgb.com/howtohelp/paypal/index.php

* check (US$) mailed to

K3NA
Eric Scace

Radio Expeditions LLC
13 Harvard St #3
Charlestown, MA 02129, USA

* USA donors over $100 may make a directed gift to the Northern California DX Foundation, designated for the VP6DX project, and receive a 501(c)3 tax credit. Send these gifts to

W6OSP
Bruce Butler
4220 Chardonnay Court
Napa, CA 94558

We would be delighted if DX editors would publish this information bulletin as widely as possible and DXers bring it to the attention of their clubs and fellow DXers.

Thank you for your support. See you on the air real soon!

Hi friends
The End of the J5C aventure.
After a last african meal, along with Daniel, 6W 7RP an dis XYL Murielle at the Sakar airport, while the Senegalese customs officers were doing the controls, they took off to Paris, on Jan 22nd late at night.
They are all in good health, and all very proud to have put J5 in so numerous of your logs.
They are all freezed, except N6OX and N2WB who are now living a new major Dxpedition in the sun " Clipperton 2008".
Now the post dxpedition works has begun.
- QSL card design,
- Checking of the log book (complete log online at _www.j5c.eu_ (http://www.j5c.eu/))
- And for Frank, F5TVG the first sortings of your cards.
We have to signal the very efficient job done by our three pilots, F5AGB, F6AML et F4TTR.
By the way, we must inform you about the dealings of the frustated foolish, which (yes I say WHICH, not who!) go on the clusters and sign SWL-@.
On Jan 22nd he put information against Serge F6AML or usurping his callsign.

Of course, in any case, Serge, one of the J5C pilots, didn't wrote that
F6AML 7000.0 J5C I qrmed others and got 53 QSOs 1729
22-Jan-2008
F6AML 14000.0 J5C check mycall at J5C log 53 QSO 1729
22-Jan-2008
But he was the target here:
SWL-@ 3523.0 F6AML See his call J5C log crazy man1657 22 Jan 2008
SWL-@ 14200.0 F6AML Quel est l'interet de vos 53 Q1754 22 Jan 2008c
SWL-@ 1800.0 F6AML Total 53 QSO with J5C hi 1853 22 Jan 2008
If you have that on your PC or laptop, please forward to the junkbox.
People take always a mask, and when they leave the nature, they are affraid to show their real face.
(N. Boileau)
More information to follow in shape of assessment.
73
Maurice, F5NQL.
Bonjour à tous
J5C, ca y est l'aventure est terminée.
Après un dernier repas africain pris avec Daniel, 6W7RP et Murielle à l'aéroport de Dakar, pendant que les douaniers sénégalais opéraient les dernières formalités, ils sont tous maintenant à la maison, bien gelés.
Pour N6OX, et N2WB une autre aventure est déjà dans les tuyaux avec Clipperton 2008.

L'équipe se prépare maintenant à réaliser les travaux post expédition
- Conception de la carte QSL,
- Contrôles du log (totalité en ligne sur _www.J5C.eu_ (http://www.j5c.eu/)
)
- Pour Frank, F5TVG premières opérations de tri des QSL reçues
- etc ...
Saluons aussi le travail des stations pilotes, F5AGB, F6AML et F4TTR.
A ce sujet, nous devons vous signaler que l'imbécile de service s'est manifesté cette fois ci sur les clusters.
Personne n'aura été dupe de la faible culture radio amateur de celui qui signe SWL-@.
A défaut de signer d'un indicatif qu'il ne possède vraisemblablement pas, il a envoyé beaucoup d'informations soit à Serge F6AML, soit en se faisant passer pour lui
Si vous avez lu des insanités de ce style, chacun a bien entendu compris que Serge F6AML n'y est pour rien. De grâce mettez çà à la poubelle, et encore ; est ce que ça mérite même une poubelle ?.
SWL-@ 3523.0 F6AML See his call J5C log crazy man1657 22 Jan 2008
SWL-@ 14200.0 F6AML Quel est l'interet de vos 53 Q1754 22 Jan 2008c
SWL-@ 1800.0 F6AML Total 53 QSO with J5C hi 1853 22 Jan 2008

6508. HAM SHACK RENTAL IN V9 LAND

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-01-24 12:35:42 UTC
From: K1XN
Topic: 6508 Message: 6508

If you would like to operate from V8 in the future, keep the following in mind.

Hi John,

It had been a while since we last wrote to each other. I have now just built a new Dx Station called 'Tungku Lodge' which is available for Dxpeditions, Contests or just for Visiting and Ham Radio Operating from Brunei (V8). It is a bungalow located at the side of my house and about 10 minutes drive from the airport and the city. Do look up my site at Http://www.tungkulodge.blogspot.com/

It has a 40 ft tower with a Mosley Ta-53-M, transceivers, Katsumi keyers, vertical antennas for all bands - 10 meters to 80 meters including WARC as well as a full wave dp for top band.

The lodge is self contained fully airconditioned with 3 beds, kitchennet and shower as well as a covered terrace. I provide self cooking breakfast and airport transfers. Do look up my site and contact me for any interested Hams to operate here. Ham liscences can be arranged in advance at an extra cost. Thank you and looking foward to hear from you, 73.

de Ambran, *V85SS*.

6509. 160 METER CONTEST

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-01-24 12:45:39 UTC
From: K1XN
Topic: 6509 Message: 6509

From: "Larry Makoski" <Makos327@...>

We are offering a second edition of our special 160M sprint which is now going to be an annual event a day or two before the January CQWW 160M Contest. We were pleased with the response (22 logs showing 51 different participants) to our initial offering last year and feel it is something our members really like. It is also an opportunity to do some final 160M testing before the CQ Contest. Some members don't believe QRP and simple wire antennas work well on 160M. This also provides a chance for them to prove themselves wrong. QRP does work well on 160M just as on any other band, even with simple small wire antennas.

RULES specific to this sprint:

Date and time:
Friday, January 25, 2007 from 0130-0330Z which is Thursday evening here in the USA

Bands Used This Sprint:
160 meters only (1810 kHz ± 3kHz)

Entry Deadline:
All entries must be postmarked or email dated before 2400Z on Jan 31, 2008.

73 de Larry W2LJ

6510. GEAR FOR SALE

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-01-24 13:53:25 UTC
From: K1XN
Topic: 6510 Message: 6510

I have a mint condition Yaesu FT-920 (HF + 6 meters) for sale. I bought this radio new from HRO Atlanta in February, 2003, but shortly thereafter purchased a 1000MP Mark V Field that is my primary radio. The FT-920 has sat virtually unused since I bought it five years ago, most of the time in the box. I have the box, manual, hand mic, power cord, etc. This radio works perfectly and has the FM board installed. No other mods or filters have been installed. I am asking $900 firm for this radio and will meet anyone from Atlanta in Cartersville (I live in Calhoun) to deliver the radio.
I am first offering the radio to SEDXC members before listing it elsewhere.
Please email me with any questions.
73,
Bill AB4BJ

6512. ICPO Bulletin (January 24-February 01, 2008)

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-01-24 23:14:00 UTC
From: Dave Raycroft
Topic: 6512 Message: 6512

I.C.P.O. Bulletin (January 24-February 01, 2008)
Islands, Castles & Portable Operations.
Listing is by calendar date (day/month/year)
==========

15/01/2008: Gildas, TU5KG will be maritime mobile in the Southern Indian Ocean as follows: January 15th to February 15th in the Kerguelen area; February 15th to March 15th in the Crozet area; March 15th to April 15th in Kerguelen area. Gildas may be active as FT5XR in Port aux Francais, Kerguelen Island (AF-048, DIFO FT-011, WLOTA LH-0439) around March 15th. QSL via F4EFI, direct or bureau. [F4EFI]

24/01/2008: John, KX7YT will be active in his spare time from Dhaka, Bangladesh between January 24th and March 11th. He hopes to renew his S21YV licence and to operate mainly SSB, PSK31 and RTTY, with some SSTV and CW. He also plans to participate in the CQ WW WPX RTTY and the ARRL SSB DX Contests. QSL via KX7YT, direct or bureau. Logs will be uploaded to LoTW. [425 DX News]

25/01/2008: Look for BY4JN/4 to be active from Tianheng Island (AS-150) January 25-28th. Expect activity on 80-15 metres SSB and CW. QSL via BG4JUU. [425 DX News]

25/01/2008: Christophe, F4AQG/p will be QRV January 25-26th from the Ch?teau de Valmousse (WW Loc. JN23OO), canton [county] of Pelissanne (DDCF 13-51), Department Bouches-du-Rh?ne/13, Province of C?te-d'Azur (DPF 20). Activity will be on 40m and/or 20m running 100W with vertical antenna. QSL via home call, direct or bureau. [Radioamateur.org]

26/01/2008: Jim, W7EJ will be active as CN2R, a Single-Op/High-Power entry from Morocco, during the CQ 160-Meter CW Contest (January 26-27th). QSL via W7EJ. [NG3K]

26/01/2008: Operators Rasto/OM3BH, Jozef/OM3GI and Tibi/OM3RM will be active as CT9M diromg the CQ 160-Meter CW Contest from Santo da Serra, Madeira Island (AF-014, DIP MA-001 for the Portuguese Islands Award, WLOTA LH-0053), as a Multi-Op entry. QSL via CT3EE. [NG3K]

26/01/2008: Toze/CT1GFK, Manuel/CU1CB, Goncalo/CT1GPQ, Antonio/CU8AS and Hermann/HB9CRV will be active as CU8A from Flores Island (EU-089, DIP AZ-008 for the Portuguese Islands Award, WLOTA LH-0947) in the Multi-Single category of the CQWW 160m CW Contest. QSL via CT1GFK, bureau is ok. [DXNL]

26/01/2008: Pedro, CX5BW, reports that a team of CX operators will use the special callsign CW0TOP during the CQ World-Wide 160-Meter CW DX Contest as a Multi-Op entry. Operators mentioned are: CX2AQ, CX3AL, CX4DX, CX5BW, CX6VM and possibly CX7CO. QSL via CX6VM. [OPDX Bulletin]

26/01/2008: Operator Valery, RD3AF will be active as EF8M in the CQ 160-Meter Contest (January 26-27) from the Canary Islands (AF-004), as a Single-Op/All-Band entry. QSL via RX3DU. [NG3K]

26/01/2008: Nodir, EY8MM will be active as a Single-Op/High-Power (+ Cluster) entry from Tajikistan during the CQ 160-Meter Contest (January 26-27). QSL via K1BV. [NG3K]

26/01/2008: Jean-Marie, F5NLX/p will be QRV January 26th until the morning of January 27th, for the REF HF CW Contest, from the Castle of Boigne (DFCF 73-036), Department Savoie/73, Province of Rh?ne-Alpes (DPF 22). Look for him on 40 metre CW at 0700-1000 UTC, then QSY to 40m SSB for friends who are not QRV CW. QSL via home call, direct or bureau. [Radioamateur.org]

26/01/2008: Look for Ray, WQ7R to be active as HQ9R from Roatan Island (NA-057, WLOTA LH-1671), Honduras, for the CQ 160-Meter CW Contest as a Single-Op/Low-Power entry. Outside of the contest look for him to be QRV as HR9/WQ7R. QSL HQ9R via K5WW. QSL HR9/WQ7R via AI4U. [NG3K]

26/01/2008: Seth, SM7XBI will be active again as J79XBI from Dominica (NA-101) between January 26th and March 3rd. He plans to operate on all bands, SSB only. QSL via home call, bureau preferred. [425 DX News]

26/01/2008: Look for Maria Teresa, JW/IN3TCH (RTTY) and Mauro, JW/IN3SAU (SSB) from the JW5E club station at Longyearbyen, Spitsbergen Island (EU-026, WLOTA LH-0125) from January 26th to February 3rd. QSL via IN3SAU. [425 DX News]

26/01/2008: Jim, KA3UNQ/p (ARLHS member #278) plans to activate several lighthouses on January 26th from the State of Delaware, New Castle county. He will try to activate Marcus Hook Rear Range Light (ARLHS USA-474), Cherry Island Front (ARLHS USA-1149) and Rear Range (ARLHS USA-165) lights. Activity is planned for 1400 UTC to approx 1900 UTC on 80, 40, 20m SSB (3990, 7210, 14270 +/-). QSL via home call (CBA w/SASE) or via the bureau for DX. [ARLHS & KA3UNQ]

26/01/2008: Look for Lars, DF1LON to be active as LX7I from Eschdorf, Luxembourg, during the CQ 160-Meter CW Contest as a Single-Op entry. QSL via LX2A (www.lx2a.com/). [NG3K]

26/01/2008: Look for Ivan, LZ1PM to be signing LZ9W from the contest team location near Breznik, Bulgaria, for the CQ 160-Meter CW Contest as a Multi-Op entry. QSL via LZ1PM, direct or bureau. [NG3K]

26/01/2008: Operators Juha/OH1JT, Pasi/OH1MM, Timo/OH1TM, Mika/OH2JA, Ari/OH5DX and Tomi/OH6EI will be active as OH0Z, a Multi-Op entry, from Riddarklint hill, Mariehamn, Aland Island (EU-002, WLOTA LH-1373) during the CQ 160-Meter CW Contest (January 26-27th). QSL via W0MM, direct or bureau. [NG3K]

26/01/2008: Look for contest team OK2KRT to be QRV from Valasska Bystrice, Czech Republic, during the CQ 160-Meter CW Contest as a Multi-Op entry. QSL via OK2KRT. [NG3K]

26/01/2008: Operators Draho/OK2BXE, Dan/OK2BXU and Vlad/OK2CVH will be active as OL7T from Prerov, Czech Republic for the CQ 160-Meter CW Contest as a Multi-Op entry. Note that OL7T is the contest call of club station OK2KJU (ok2kju.nagano.cz/). QSL via OK2KJU. [NG3K]

26/01/2008: The RK3AWL A.R.C. will be active as RL3A from Zelenograd, Russia, during the CQ 160-Meter CW Contest as a Multi-Op entry. Operators mentioned are Max/RV3BA, Yury/RL3FT, Alex/UX0LL, Ross/UA3ASZ, and others. For the first night they will have their 2 element antenna at 315-135deg(W5) and the second night the antenna will be positioned at 270-90deg. So if any USA stations are plannig to work LP or QRP, there is more of a chance to work them during the first night, because they get more noise from 270deg than 315deg. QSL via W3HNK. [NG3K]

26/01/2008: The UA2 Contest Club will be active from Kaliningrad as RW2F for the CQ 160-Meter CW Contest, as a Multi-Op entry. QSL via DK4VW, direct or bureau. [NG3K]

26/01/2008: A team of operators will be active as a Multi-Op entry from Bosnia & Herzegovina for the CQ 160-Meter CW Contest. QSL via T98U or OE1EMS. [NG3K]

26/01/2008: Ozer, TA2RC will be QRV from Izmit-Kocaeli, Turkey, during the CQ 160-Meter CW Contest (January 26-27th) as a Single-Op/Low-Power entry. QSL direct or via the bureau. [NG3K]

26/01/2008: Siggi, TF3CW will be active from Seltjarnarnes, Iceland (EU-021, WLOTA LH-2975), during the CQ 160-Meter CW Contest as a Single-Op/Single-Band (40m) entry. QSL via LX1NO. [NG3K]

26/01/2008: With the occasion of the REF HF CW Contest 2008 (January 26-27th), the ED 86 will use the special call sign TM2OP. This call (F2OP) was that of the youth club and arts centre of Poitiers, without interruption from 1963 to 1994. Since 1994, F8KOP (Radio club de la Vienne) is the call sign of the ED 86. QSL via F8DYD, direct or via the French REF bureau. [F8DYD]

26/01/2008: Team RW3WWW will be active January 26th as UE3WDA and RA3WP/p from RDA areas KU-22 (Medvensky), KU-23 (Obojansky), KU-26 (Pristensky) and KU-29 (Solntsevsky), Kurskaya oblast (KU). QSL via RW3WWW, direct or bureau. [RX3RC]

26/01/2008: Look for Steve, VK6VZ to be active from western Australia (OC-001, WLOTA LH-1520) for the CQ 160-Meter CW Contest (January 26-27th) as a Single-Op entry. QSL via QRZ.com. [NG3K]

26/01/2008: Art, N3DXX will be active as VY2/N3DXX in the CQ 160-Meter Contest from Prince Edward Island (NA-029, CIsA PE-001), as a Single-Op entry. QSL via home call. [NG3K]

26/01/2008: Look for Bruce, XW1B to be QRV from 'The Farm' near Vientiane, Laos, during the CQ 160-Meter Contest as a Single-Op/High-Power entry. QSL via E21EIC direct preferred, bureau ok. [NG3K]

27/01/2008: Zrinko (Zik), VE3ZIK, will be once again active from Bilice, Croatia, between January 27th and February 1st. Activity will be mostly during the evening hours on 40/30/20 metres, CW and Digital modes (RTTY, PSK31 and PSK63). QSL via DO7ZZ, DARC bureau OK. QSL E-mail requests at (zik -at- tiscali.de). [OPDX Bulletin]

27/01/2008: Dick, AD7AF will be QRV as E51WWA from Muri Beach, Rarotonga Island (OC-OC-013), South Cook Islands from January 27th to February 7th. Activity will be on the HF bands, CW and SSB with 100W. QSL via AD7AF, direct (QRZ.com). [NG3K]

27/01/2008: Lars, MM0DWF will be active from Husvik (an old whaling station) located on South Georgia Island (AN-007) as VP8DIF from January 27th to February 28th. Activity will be on all bands, depending on his work schedule. QSL via DJ9ZB, direct or bureau. Further information can be found at: www.lars-boehme.de/vp8dif/index.html [RSGB IOTA]

29/01/2008: Tip/N4SIA (KG4AS via N4SIA) reports that he and Bill/W4WV (KG4WV via W4WV), Stu/K4MIL (KG4SS via K4MIL) and Emmett/KD4OS (KG4OS via KD4OS) will be going to GTMO (NA-015, WLOTA LH-0358) and arriving on January 29th. They will stay for 2 weeks. The team will be erecting a new Force 12 and a new windom antenna, plus make some repairs to other equipment. They plan to be on the air on all bands. They are hoping to have a special event station up on "Marine Hill" with the callsign KG4DD. More info is forthcoming. [OPDX Bulletin]

29/01/2008: Tom, K0GKD will be QRV as PJ2/K0GKD from Signal Point, island of Curacao (SA-006, also count for WLOTA LH-0942) between January 29th and February 4th. Look for activity on all bands. QSL via home call. [CCC]

31/01/2008: Antonio/CU8AS and Hermann/HB9CRV will be active as CU7T between January 31st and February 5th from Cedros at the north coast of Faial Island ((EU-175, DIP AZ-007, WLOTA LH-1830, ARLHS AZ0-020, TWLHD WLH CU-007). They will work in CW/RTTY/PSK31 using K2/100 radios, 500 watt amps and a HB9CV antenna. QSL via CT1GFK, direct or bureau. [DXNL]

31/01/2008: Operators George/K8GG, Gary/KD9SV and George/W8UVZ will be operating from the island of Bonaire (SA-006, WLOTA LH-1279) as PJ4/homecall from January 31st to February 8th. Operating time will be concentrated on 160 metres, 80 metres and the 30/17/12 metre bands. QSL via operator's home call. [OPDX Bulletin]

01/02/2008: A team of operators have planned a DXpedition to Moela Island [Ilha da Moela (S?o Paulo)] (SA-071, DIB #38 for the Islands of Brazil Award), between February 1-8th, using the call sign PW2M. Team members mentioned are Rolf/PY1RO, Joe/PY2EJ, Luiz/PY2OC, Alex/PY2WAS, Fred/PY2XB, Junior/PY2ZA, with administrative support by Andre/PY2MTV and Eder/PY2XAT. QSL Manager will be AI4U for foreign operators and PY2AA for Brazilian operators. There is a lighthouse (ARLHS BRA-043, TWLHD WLH PY-031, WLOTA LH-1335, WW Loc. GG65UW) on Moela Island and such an operation was granted after a Brazilian Navy's permission. Activity will be from 2m up to 160m. [4X4-2238]

01/02/2008: Toby, SM4XDJ will be active as S21XJ from Dhaka, Bangladesh for a few weeks starting February 1st. He will operate SSB and digital modes during his evening hours and the weekends. QSL via SM4XIH. On-line logs will be available at: fittest.nu/ [425 DX News]

01/02/2008: Mike/JA6EGL, Yu/JE6DND and Hiro/JA6KYU will be active as T88SM, T88HK and T88HS from Koror Island, Palau Islands (OC-009), February 1-3rd. They plan to operate CW and SSB on 80-10 metres. QSL via home calls (direct only). [425 DX News]

01/02/2008: Jim, W9VNE will be QRV from the VP5JM 'Hamlet' on Providenciales Island (NA-002), Turk and Caicos Islands, as VP5/homecall betweeen February 1-6th. His main focus is to participate in the FOC Marathon (a members only event - February 2-4th) on CW. Jim also knows that some prefix hunters will want to exchange reports as well, so he will be pleased to give any prefix hunter a report too. QSL via W9VNE to: Jim Danehy, Box 54482, Cincinnati, Ohio 45254 USA. [Southgate ARC]

Be sure to check Bill's (NG3K) web site for updated CQ 160-Meter CW Contest activity at: ng3k.com/Misc/cq160c2008.html
==========
LOOKING AHEAD -

09/02/2008: Look for Bruce, XW1B to be QRV from 'The Farm' near Vientiane, Laos, during the CQ WW RTTY WPX Contest (February 9-10th), as a Single-Op/All-Band entry. QSL via E21EIC direct preferred, bureau ok. [NG3K]

10/02/2008: Dick, AD7AF will be QRV as E51WWA from Mauke Island (OC-083), South Cook Islands, between February 10-21st, including a Single-Op/Low-Power entry in the ARRL DX CW Contest (February 16-17th). Outside the contest Dick will be active on the HF bands, CW and SSB with 100W. QSL via AD7AF, direct (QRZ.com). [NG3K]

11/02/2008: Operators Paul/N4PN (J79PN), Charlie/NF4A (J79PC), Don/W9IU (J79IU), Jim/WI9WI (J79WI) and Kevin/WN9O (J79KM) will be active February 11-19th from the island of Dominica (NA-101). Their main focus will be on the ARRL DX CW Contest (February 16-17th) using the call sign J7DX, a Multi-Multi entry. Activity outside of the contest will be on all HF bands using CW and SSB. They will concentrate heavily on 160m, 80m and the WARC bands. QSL J7DX via W9IU and QSL J79WI, J79IU, J79KM, J79PN, and J79PC via home calls. [NG3K]

11/02/2008: Ray, K9DUR/p will be active February 11-16th from Dauphin Island (NA-213, USi AL-002S, Mobile county), Alabama. Look for activity around the usual island and IOTA frequencies. QSL via home call, direct or bureau. [RSGB IOTA]

15/02/2008: Look for Jean-Claude, F5IL to be active as TM5ICE (WAP-127) from February 15-29th, from his QTH in the Eure department/27 (Normandy). Mainly on digital modes, RTTY and PSK31. Active also in CW, for the DDFM award hunters, and a little SSB. QSL via F5IL, direct (SAE + Postage) or via the REF bureau. [F5NQL]

16/02/2008: Look for Bruce, XW1B to be QRV from 'The Farm' near Vientiane, Laos, for the ARRL DX CW Contest (February 16-17th), as a Single-Op/All-Band entry. QSL via E21EIC direct preferred, bureau ok. [NG3K]

18/02/2008: Fran?ois, F8DVD will be active February 18 to March 2nd from Macon, France, for the Antarctic Activity Week, using the special call TM8ANT (WAP-014). QRV on all HF bands, CW and SSB. QSL via F8DVD, direct (SAE + postage) or via the REF bureau. [F5NQL]

20/02/2008: Geoff, W0CG and Cindy will be QRV as PJ2DX from Signal Point, island of Curacao (SA-006, also count for WLOTA LH-0942) between February 20-26th. Look for activity on all bands and modes. QSL via home call. [CCC]

23/02/2008: Activation of Honeymoon (NA-034, USi FL-017S, Pinellas county), Florida. The Mid Florida DX Association will be holding a Special Event Station in memory of Founder and 1st Club President Dan W2NDP SK. Dan became a SK in August 2006. Dan was an avid DXer for over 45 years. His loss is felt by to the entire Amateur community locally and world wide. Dan started operating Honeymoon Island in 2003 while a member of STARC (Sheriff's Tactical Amateur Radio Communications). Later Dan and several other members operated from Gasparilla Island (NA-069) in addition to Honeymoon Island (NA-034). This is a one day operation on February 23rd. using the special call sign N2D. Operators mentioned are Tony/N2MFT, Steve/KS4WA and Budd/N4WBJ. Bands will be 20 metres, 15 metres and maybe 17 metres (depending on propagation) and the IOTA frequencies will be used +/- QRM. QSL via W4FDX, direct or bureau. No E-QSL! Website: www.w4fdx.com/ [RSGB IOTA]

01/03/2008: Look for Larry, XW1A to be active from Vientiane Province, Laos, for the ARRL DX SSB Contest (March 1-2nd), as a Single-Op/High-Power entry. QSL via E21EIC, direct preferred but bureau ok. [NG3K]

05/03/2008: Geoff, W0CG and Cindy will be QRV as PJ2DX from Signal Point, island of Curacao (SA-006, also count for WLOTA LH-0942) between March 5-18th. Look for activity on all bands and modes. QSL via home call. [CCC]

06/03/2008: Members of the Palos Verdes Amateur Radio Club will be operating as K6PV from the settlement of Two Harbors on Santa Catalina Island (NA-066, USi CA-016S, Los Angeles county), California, between 2200z March 6th to 2300z March 10th. Principal operations will be on 20m, 40m and 75m SSB. QSL direct to K6PV (QRZ.com). More info at: www.palosverdes.com/pvarc [RSGB IOTA]

25/03/2008: Geoff, W0CG will be QRV as PJ2DX from Signal Point, island of Curacao (SA-006, also count for WLOTA LH-0942) between March 25th and April 1st. Look for activity on all bands and modes. QSL via home call. [CCC]

18/05/2008: The radio-club of St-Etienne (F5KRY) will be active from the Ch?teau des Cornes d'Urf?, Department Loire/42, Province of Rh?ne-Alpes (DPF 22) on European day, May 18th. It has never been activated on HF and VHF, it will thus be a first. They invite you to come to discover the history and some photographs on the web site at: radioamateur42.over-blog.com/ [F0EXF]

18/06/2008: A group OM's from the UBA sections GNT, WLD, TRA and DNZ will be QRV June 6th to July 5th from the Chalet Bars?la and the campground Mittagsspitze in Triesen (WW Loc. JN47TC), Liechtenstein, with the call HB0/ON4IPA using SSB, CW and RTTY on all HF bands 160m-10m. Operators mentioned are Eddy/ON6ZV, Martin/ON4PO, Jose/ON5SD, Fernand/ON6UF, Peter/ON4TO, Noel/ON4APU, Rene/ON6OM, Bart/ON3BA, Michel/ON3SMS and Matihieu/ON8DB. The catering will be done by Carine/ON6ZV's XYL and Micheline/ON6OM's XYL. QSL via ON6ZV, direct or bureau. Detailed information about the DXpediton and associated award can be found at: www.on6om.be/hb0-on4ipa/ [UBA HF News]

04/09/2008: Viaceslav, LY4F will be active as PJ2/LY4F from Signal Point, island of Curacao (SA-006, also count for WLOTA LH-0942) September 4-18th, including a Single-Op/All-Band/High-Power entry in the WAE DX SSB Contest (September 6-7th) using the call sign PJ2F. Outside of the contest look for activity on all bands and modes. QSL via LY1FF, bureau preferred. [CCC]

==========

SPECIAL EVENTS -

19/01/2008: Special event station HG550REX will be aired from January 19th to December 31st. In the "Renaissance Year 2008", the members of HA5KKC (Bajcsy Radio Club, Budapest) and HA8KVK (J?noshalma, Town Radio Club) will operate with this special call to remember the ascending to the throne by the most popular king Matthias Corvinus 550 years ago. QSL via HA5GY, via HA QSL bureau is ok. You can find a brief info about our king at: www.mathiasrex.com/ENG/2-historia/index.htm [HA0HW]

21/01/2008: GB100BOS will be active January 21-27th celebrating Birkenhead's role as the birthplace of scouting. It was on 24 January 1908 that Lord Baden Powell publicly inaugurated the Scout Movement as an organisation following his experimental Scout camp on Brownsea Island. The station will be active on 15, 17, 20, 80 and 2 metres at various times throughout the week from locator IO83LJ. [GB2RS]

01/02/2008: Special event station 8J8SSF will be aired February 1-11th to celebrate the 60th Sapporo Snow Festival. The Sapporo Snow Festival (Sapporo Yuki Matsuri) is held during one week every February in Hokkaido's capital Sapporo. The festival is best known for the ice sculpture competition attracting artists from around the world, competing to create the largest and most elaborate artworks from ice and snow. QSL via the JARL bureau. [JJ1WTL/AC6IM]

01/02/2008: Members of the Turkish group called SWAT (Special Wireless Activity Team) will be active February 1-15th as TC800NH to celebrate the 800th anniversary of the Turkish folk hero Nasreddin Hoca. Look for

activity mainly on 40/20/17 metres, CW and SSB. QSL via TA1HZ. [OPDX Bulletin]

U.S.A. Special event station information can be found at:
www.arrl.org/contests/spev.html

ANTARCTIC NEWS

From Dominik, DL5EBE -
I was asked by several people about who was the operator of the recent activities at R1ANP (Progress) and R1ANC (Vostok) and if I were handling the QSL cards. According to Oleg, UA1PBA, from ALCI in Capetown these operations were done by Wally Mykitenko's (RU1ZC) son Aleksej, UA1ZCK. QSL therefore shall be directed to RU1ZC.

Dominik, DL5EBE reported that he has found some quite interesting news in the latest EOS edition of the American Geophysical Union (AGU) about a new map of Antarctica that provides the most geographically accurate, true-color, high resolution views of the continent to date. The Landsat Image Mosaic of Antarctica (completed by researchers from NASA, the U.S. Geological Survey, the U.S. National Science Foundation, and the British Antarctic Survey) is a realistic nearly cloudless satellite view of the continent, piecing together 1100 Landsat images. For more details visit:
lima.usgs.gov -or-
www.nasa.gov/vision/earth/lookingatearth/lima_press_conf.html

- All the WACA and WADA awards documentation has been updated at:

Hi friends
9XØR PRESS RELEASE II
RWANDA DXPEDITION MARCH 2008

Dates of 9X0R dxpedition will be between March 16th and
March 27th . A survey was added to our web to know
which bands and modes are more needed
from Rwanda. We are still working on the configuration
of the stations so survey results will be helpful for us.
Visit www.9x0r.com for full details.

Las fechas de la dxpedicion 9X0R, seran entre el 16 y el
17 de marzo. Hemos añadido una encuesta en nuestra web
para conocer las bandas y modos mas necesitados de Ruanda.
Todavia estamos trabajando en la configuracion de las estaciones
por lo que los resultados de la encuesta nos seran de gran ayuda.
Toda la informacion esta disponible en www.9x0r.com

Antonio Gonzalez EA5RM

From: Oreste D'Anzilio, IZ8EDJ _iz8edj@strangeradioiz8edj@s_
(mailto:iz8edj@...)

This year, the Strange Radio Team is celebrating the 5th anniversary of its
founding
5 very successful years that we would like to celebrate as festively as we
can
returning to the SRT's birthplace, the venerable archeological and tourist
site
of Paestum, south of Salerno in Italy. SRTers and all ham radio operators
are
invited, and we are expecting, as usual for this annual meeting, outstanding
guests of international renown, and some very important DXers and other
highly
competent ham radio personalities.

The meeting will be a convivial and a first-ever social affair, with great
care
having been taken to choose the finest venues and hotels, with a Gala
Evening
with some fine music and dancing.

The backdrop will be the golden sands and shady pine groves of Paestum,
perfect
for optimal radio connections, a few minutes from the splendid Cilento and
Diano

Valley National Park, the second largest in Italy an ideal place for a few days
of relaxation and gastronomical delights such as the typical Mediterranean specialties of the famous water-buffalo mozzerella and nationally renowned local species of artichokes.

The events will take place at the fine 4-star Best Western Hotel Esplanade located barely 150 meters from the sea, with private beach and within short distance of the archeological site with its National Archeological Museum. With
its big subtropical garden and swimming, it's a true oasis of peace. The hotel
is also ideally located for excursions to the Isle of Capri, Pompei, Padula,

the Pertosa Grotto and the Cilento Park.

Program Saturday April 14th :
14,00 Arrival and registration of the participants
14,30 Opening work session with welcome speech by Giuseppe Pacifico, IK8WCQ ARI
of Salerno President;
14,45 N8S Swains Dxpedition 2007 by Hrane Milosevic, YT1AD (The Winner of World
Wide Dxpedition Trophy);
15,15 The IOTA of the future by Mauro Pregliasco, I1JQJ;
15,45 The new solar cycle is beginning by Mario Ambrosi, I2MQP;
16,00 VP6DX - Ducie Island Dxpedition 2008 by Leszek Fabjanski, SP3DOI & Krystyna Fabjanska, SP3HDB;
16,45 Logbook of The World by Norman Fusaro, W3IZ;
17,15 Beyond the DXCC by Mario Ambrosi, I2MQP;
17,30 Coffee Break;
18,00 Contest expedition low cost by Mauro Tomazzi, IN3QBR;
18,30 TX5C - Clipperton Atoll Dxpedition 2008 by John P Kennon, N7CQQ;
19,15 IQ1IM/P Gallinara Isl. EU 083 by Rblob Radio Group;
19,30 Correlation between the Antarctic's problems and worldwide polution by Nuccio Meoli, I0YKN;
19,45 Recap and history of 5 great SRT years, its successes and experiences by
Oreste D'Anzilio, IZ8EDJ Strange Radio Team Coordinator;
20,00 Closing work session
21,00 Gala dinner

On Sunday April 13th, the following awards will be attributed:

The ancient Posidon Trophy by the section of ARI Salerno
At the same time will be taking place a Civil Protection demonstration, along
with reports, elaborated by some members of the section, on the detection and
effects of seimic events.

The participation fee of 120,00 euros for person includes:

the Gala Dinner on Saturday evening 50,00 euros;
Sunday luncheon on the 13th 35,00 euros;
hotel accomodations at 35,00 euros a night and eventually the supplementary
fee
of 20,00 euros for a single room.

During the event the following will be present : Norman Fusaro W3IZ, Mauro
Pregliasco I1JQJ and Mario Ambrosi I2MQP for all those who wish information
on,
or would like to request the following awards: DXCC, WAS, WAZ, CQ DX, CQ DX
FIELD, IIA with the special guest appearance of Joe Arcure, W3HNK the top
QSL
Manager.

Hello my friend,
For your DX News:
YN2S - Andrei Stchislenok will be in CQ WPX RTTY SOAB. QSL via LoTW, via
direct or via W3HNK.
Before the Contest (Feb 3rd - Feb 8th, 2008) I will be active on all bands
as H7/NP3D using RTTY, CW, PSK31 and SSB. QSL via LoTW, via direct or via
W3HNK.
One station from every Continent (six altogether) who worked YN2S and
H7/NP3D most times on different bands using different modes will receive a special
T-shirt from Nicaragua with imprinted callsigns. (We sent those T-shirts from
Honduras back in 2006 as HQ4R)

Topic: 6514 Message: 6514

Hi friends
News #8 - 2008, January 23rd
2008 Ducie Island Expedition: VP6DX (for immediate release)
Highlights:
... WA6CDR arrives in New Zealand ...
... Braveheart departs for Mangareva ...
... Background information:
... costs and cash flow ...
... donors of US$100 or more, received by Feb 5, to be honored on QSL card
...
1. Recent events:
The "planning" phase has finally ended! The expedition is underway!
Last week on Sunday Eric WA6HHQ of Elecraft Radio flew from Aptos to Long Beach California in his Cessna, along with the K3 radios to be used on VP6DX.

Robin WA6CDR met Eric at Long Beach for the hand-off. A new customs carnet for the radios and a few other items was prepared and stamped by Homeland Security during the next few days. Robin flew from Los Angeles via the Cook Islands to Auckland New Zealand Thursday night with these items. Over the weekend Robin met with the crew and master of the "Braveheart" to inventory all loaded equipment and acquire locally the last items (e.g., beverage antenna supports). All the air and sea freight shipments from the USA and Germany of the last two months were delivered to the "Braveheart" on time, and the ship was ready to set sail.
Unfortunately, Mother Nature had other plans: a typhoon passing through the region. Good planning includes contingency planning. The "Braveheart" crew had built contingency time into their travel schedule to Mangareva, French Polynesia. The extra day's delay in departing New Zealand should not cause any trouble: the "Braveheart" will arrive at Mangareva around Feb 1 or 2, several days before the remainder of the operating team.
The ship is stuffed full of DXpedition equipment! Diesel fuel burned during the transit to Mangareva will be drawn off fuel bladders on the deck, freeing up some space. We will be cramped for space when the remaining 12 operators join the crew!
Photos are on the website, check
http://ducie2008.dl1mgb.com/pictures/index.php?imgdir=Preparation
2. Costs, cash flow and donors:
The background topic for today's news release is cash. Many expeditions, including this one, ask the DX community for financial assistance. Ducie Island, a remote and uninhabited location which can
only be reached by sea, certainly involves greater expenses. But how much greater?
The costs (US$ at current exchange rates) for equipping and executing the VP6DX expedition total about $330,000:
$155,000 -- Sea transportation to/from Ducie Island, and costs for operating

the ship while we are on the island (29 days), food, use of shelter & some generators.
$140,000 -- hardware: radios, amplifiers, antennas, computers, spares, etc.

$23,000 -- shipping, insurance,
$10,000 -- gasoline, diesel, fuel containers, consumable items.
These costs do not include air transport and lodging for the operators; each operator pays his own way to/from Mangareva Atoll, French Polynesia.
Almost all of the costs ($305,000 to date) must be paid or committed before we arrive at the island. So where does the cash come from?
$83,000 -- operator donations
$55,000 -- loaned/donated hardware
$30,000 -- clubs and organization donations to date
$12,000 -- individual donations to date
$125,000 -- debt (interest-free loans)
The last figure is the scary one! This is sunk cash, spent or obligated before the first QSO is made, which the funders expect to be returned. (About $90k is tied up in hardware which we hope to use on future expeditions.) And we are budgeting another $25k of expenses after departing the island for shipping, refurbishment, QSLing expenses, etc.
With this much money at risk for a major expedition, the pressure is on us to meet not only the on-the-air expectations of DXers worldwide, but also to work to raise the remaining cash.
Please consider supporting the VP6DX project with a donation. If you choose to support the VP6DX project financially with a donation, we promise:
-- to do our best to deliver a first-rate, high quality expedition: to work DXers efficiently, with balance given to each region of the world, to each mode, and to each band.
-- to use your money wisely, to account for it transparently and according to professional standards, and to report back to you as to how it was used.
-- to give priority to your QSL requests and LOTW confirmations.
Because of the importance of "early cash" in reducing debt, donations of US$100 or more received prior to Feb 5 (our departure from Mangareva Atoll to Ducie Island) will be listed on the QSL card.
Donations can be made as follows:
-- PayPal (in either US$ or Euro) on the VP6DX website here:
http://ducie2008.dl1mgb.com/howtohelp/paypal/index.php
(http://ducie2008.dl1mgb.com/howtohelp/paypal/index.php)
-- check (US$) mailed to
K3NA
Eric Scace
Radio Expeditions LLC
13 Harvard St #3
Charlestown, MA 02129, USA
-- USA donors over $100 may make a directed gift to the Northern California DX Foundation, designated for the VP6DX project, and receive a 501(c)3 tax credit. Send these gifts to
W6OSP
Bruce Butler
4220 Chardonnay Court

Napa, CA 94558
Thank you for your support. See you on the air real soon!
We would be delighted if DX editors would publish this information bulletin as widely as possible and DXers bring it to the attention of their clubs and fellow DXers.

Communiqué numéro 8, 23 janvier 2008.
Ile DUCIE, VP6DX:
Principales informations :
... WA6CDR arrive en Nouvelle Zélande ...
... Le Braveheart part pour Mangareva ...
... Informations de dernière minute, coûts, liquidités ….
... Liste des parrains à 100 $ ou plus au
1. Dernières nouvelles:
Le plan d’expédition est finalisé. L’expédition est “en route”.
La semaine dernière, dimanche, Eric WA6HHQ de la Societé Elecraft Radio a amené avec son Cessna personnel, les K3 qui seront utilisés sur Ducie , VP6DX. , d’Aptos à Long Beach Californie.
Robin WA6CDR a rencontré Eric à Long Beach. Un nouveau carnet de transit en douane a été préparé pour les transceivers et quelques autres accessoires. Ils a été contrôlé et sera estampillé par la Homeland Security dans les prochains jours.
Robin est ensuite parti de Los Angeles pour Auckland, Nouvelle Zélande,, via les îles Cook. Robin a consacré tout le reste de son week end en contacts avec l’équipage et le Capitaine du "Braveheart", pour finaliser l’inventaire de ce Qui reste à charger et à acheter sur place (ex des supports pour les beverage)Tout le matériel affrété par air ou mer depuis les USA, et l’Allemagne a déjà été livré au "Braveheart" au cours des deux derniers mois.
Le bateau est prêt à prendre la mer.
Pourtant la nature a eu son mot à dire.
Un typhon a affecté la région. Un bon plan tient compte de ces aléas.
L’équipage du Braveheart s’était réservé une fourchette de décalage au cas où, dans le planning de la traversée Mangareva, Polynésie Française. Le jour de décalage sur le départ de Nlle Zélande, n’affectera pas le voyage et l’ arrivée à Mangareva est prévue le 1er ou le 2 février.

Le bateau est plein à ras bord de matériel de l'expédition. Les bidons de fuel utilisés pendant le voyage vers Mangareva seront débarqués, libérant ainsi de la place sur le pont.
Chaque cm² a son utilisation et on ne sait pas où on mettra les 12 opérateurs quand ils rejoindront le bord.
Des photos sont disponibles sur :
http://ducie2008.dl1mgb.com/pictures/index.php?imgdir=Preparation
1. Coûts, liquidités et parrains:
Le principal souci aujourd'hui concerne les liquidités beaucoup d' expéditions, y compris celle ci, demandent à la communauté DX de les assister financièrement
Ducie, une île isolée et inhabitée, qui ne peut être atteinte que par mer implique encore plus de dépenses. Mais combien ?
Le coût total de l'expédition, équipement, transport et réalisation, est estimé à 330 000 dollars
Dont :
- $ 155 000, transport par mer aller retour pour Ducie, l' immobilisation du navire pendant 29 jours, la nourriture, les abris et quelques groupes électrogènes.
- $ 140 000, matériel radio amplis antennes PC, casuel etc..
- $23,000 – affrètement et assurance,
- $10,000 – gasoil , Bidons à fuel, consommables, etc.
-
Ces frais ne comprennent pas les frais de transport et hébergement des opérateurs. Chaque opérateur paie son propre déplacement jusqu'à Mangareva, Polynésie Française.

La plupart des factures d'un montant de $305,000, estimé à ce jour doivent être réglée avant d'arriver à Ducie.
Aujourd'hui ces frais sont couverts par :
- $83,000 – subventions et dons des parrains
- $55,000 – Prêt ou don de matériel.
- $30,000 – Parrainages de clubs de DX'ers et autres organisations Radio-Amateur.
- $12,000 – Dons individuels
- $125,000 – Compte débiteur ;(non compris les frais bancaires).
-
Cette dernière ligne est celle qui nous effraie le plus.
Nous espérons ne pas en arriver à tout annuler. (Il est vrai que 90 000$ de matériel pourrait être réutilisé dans d'autres expéditions.)
Il restera enfin à trouver $25k après le départ de l'île pour le fret de retour, la rénovation de certains matériels, les cartes QSL etc.
Avec cet énorme risque financier, la pression est à son maximum, et ne provient pas seulement de l'envie de satisfaire la majeure partie des DXers du monde entier, mais surtout de réunir les fonds manquants.
Nous vous demandons de réfléchir à votre possible aide à VP6DX
Si vous le faites, nous nous engageons :
- à faire tout notre possible pour la réussite de cette expédition en qualité, efficacité de trafic avec un trafic équitable entre toutes les parties du monde dans chaque bande et mode .

- A utiliser votre argent de la manière la plus transparente possible selon les standard de la profession bancaire et à vous informer en détail de l’usage fait.
- A donner priorité à vos demandes de QSL et confirmations par LOTW .
- A cause de l’importance du cash immédiat qui réduit les frais bancaires, tout don de 100$ et plus reçu avant le 5 février (date de départ pour la Polynésie Française), verrra son auteur cité sur la carte QSL.
3 - Comment donner:
- PayPal (indifféremment en dollars USA our Euros) à partir de l’ outil en place sur le site de VP6DX à :
- _http://ducie2008.dl1mgb.com/howtohelp/paypal/index.php_ (http://ducie2008.dl1mgb.com/howtohelp/paypal/index.php)
- Chèques rédigés en Dollars , A, et envoyés à : K3NA, Eric Scace, Radio Expeditions LLC, 13 Harvard St #3, Charlestown, MA 02129, USA
- les donneurs américains (100$ et plus) peuvent le faire via le compte spécial à la Northern California DX Foundation, sur le compte VP6DX project . Ils recevront un cradit d’impot 501(c)3 tax credit.
- Les autres dons peuvent être envoyés à : W6OSP, Bruce Butler, 220 Chardonnay Court, Napa, CA 94558
MERCI D4AVANCE POUR VOTRE AIDE;. See you on the air real soon!

We have received another portion of QSOs logged by Petrus
<http://3y0e.com/in-the-log/>, 3Y0E until *January 24th*.

Important note: due to amount of e-mails we receive with log queries
(i.e. I'm not in the log, correct my call, put me in the log please
etc.), we would like to ask kindly to refer to *this post regarding log
issues <http://3y0e.com/in-the-log/logging-queries/>*. We also would
like to repeat that *none of missing entries nor suffix corrections
etc.* in the log may be corrected without a good proof a QSO took a
place (i.e. recording of a genuine QSO) and we cannot refer to any
issues like those until Petrus comes back to RSA from Bouvet Island with
his notes and logbook. All queries will be revised then and all
operators concerned will be contacted with exact info of their logbook
entries status. Thank you for understanding.

Ok. I just arrived in the Cook Islands today. Hope to be on the air on Sunday. The information is correct, except that there will be no E51WWA logs on LOTW until late March at the earliest. I have not yet begun the ARRL process of obtaining a "key" for E51WWA. QSL cards for E51WWA will not be printed until the first half of March when I am back in the states.

I will be back again in Cambodia operating as XU7XRO from February 20th until the 26th. QTH will be Sihanouk Ville (Kompong Som) and like my operation last year the QSL Manager is Graham, M5AAV. Direct QSLs preferred but bureau cards will also be answered. Operation on CW/SSB and Digimodes.

I have not publicised it yet so if you would please pass it around the usual channels.

So 73 for now from Borneo where at 7pm in Kota Kinabalu it is presently 29c with light rain.

All the best - John 9M6XRO - ISWL 9M6-6982

Hi Bill,

As I said last year, wife Cathy (W5HAM)years ago said, I
can operate any contest from anywhere, "as long as it is warm and
there is a beach". So first it was 2 years in Aruba (P40DX), then 5
years on Ambergris Key, Belize (V31FB), and now for 2008 will I
will be on ST. Kitts, West Indies.

I will be active on St. Kitts, West Indies (IOTA
NA-104)from October 22 - 31, 2008. Active on 6-160 Meters
SSB,
including CQWW SSB Contest. The QTH is mountain top with
a 330
Degree view. Callign will be V4/W5JON.

Equipment will be:
ICOM IC-7000
RM Italy KL-400 Amplifier (400 Watts)
Alpha Delta 10-160 Meter Dipoles

3 Element Yagi on 6 Meters.

Please feel free to share this information with anyone you wish.

Thanks again and 73,

John Abbruscato W5JON

Hi Bill

Just purchased my flight to YN for ARRL DX CW 2008.

I will be operating from the YN2N QTH (http://www.yn2n.com).
This is the QTH where Mike K9NW operated the 2007 CQ WW CW
contest.

I arrive the evening of 14 FEB and depart the morning of 18 FEB.
I'll be SOAB-LP 160-10m in the ARRL DX CW contest as H7/K9GY.
Logs will be loaded to LOTW although direct QSL via CBA is ok
too.

CQ CONTEST!

RESCUE RADIO: ACCIDENT HITS 3Y0E DXPEDITION

Problems for the DX-pedition operating from Bouveit Island. The Ohio Penn D-X newsletter has received a report that Petrus Kritzinger, 3Y0E, whose callsign is being used for the operation is occupied with an emergency situation. Word is that one of the team members has been bitten by an elephant seal and Petrus, who is the medic on the Island is currently looking after that unidentified person. Its not known how critical the bite is.

In a related development, ZS6DXB who is the Pilot station and Media Officer for the 3Y0E has announced that due to high QRM from Europe and a lot of requests from people with restricted licenses, they have
moved 3Y0E operating frequency. 3Y0E is now on 14.260 MHz working split 5 to 10 kHz up the band. (OPDX)
Tks Amateur Radio Newsline Report 1589 - January 25, 2008

RADIO RECORDS: WA1ZMS AND W4WWQ GO 114 KM ON 241 GHZ

A pair of United states hams are now the likely distance holders for a contact on the 241Gigahertz band.

At 01:24 U-T-C on January 31st, Brian Justin, WA1ZMS portable 4 operating from Grid Square FM07 made contact with Peter Lascell, W4WWQ, also operating portable 4 from Grid Square EM96. That's a distance of 114.4km and beating out the old record of 79 km by 35.4 Km.

WA1ZMS says that the QSO was over 2 years in the making with several failed attempts at even shorter distances during that time period. He says that the key to success this time was the very driest of winter air that may only take place one day a year in his part of the country. The mode used for the contact was CW. (WA1ZMS)
Tks Amateur Radio Newsline Report 1589 - January 25, 2008

AUSTRALIA

Subject: [WIA-NEWS] WIA Awards Manager Resigns

It is with regret that the Board of the WIA announces the resignation of Mal Johnson VK6LC from the position of National WIA Awards Manager, a position he has held since January 2001, citing personal reasons and views.

During his tenure Mal continually developed the awards system including a suite of highly sought after Certificates. Mal’s dedication to the amateur radio community lead to him being awarded the inaugural Chris Jones Award at the WIA AGM in Parkes in 2007. The contents of Mal’s awards web site and the certificate details are being incorporated into the new WIA web site which is under development.

Freed of his award responsibilities Mal will be able to spend more time on air enjoying his contesting and DXing.From 31st January the Awards Office in Perth will be closed and future enquiries should be directed the WIA National Office, P.O. Box 2175 Caulfield Junction, Victoria 3161.

Tks Gianni I1HYW

CAMBODIA:
Hi Pete

Here's a little item for the DX-Newsdesk :

I will be back again in Cambodia operating as XU7XRO from February 20th until the 26th. QTH will be Sihanouk Ville (Kompong Som) and like my operation last year the QSL Manager is Graham, M5AAV. Direct QSLs preferred but bureau cards will also be answered. Operation on CW/SSB and Digimodes.

I have not publicised it yet so if you would please pass it around the usual channels.

So 73 for now from Borneo where at 7pm in Kota Kinabalu it is presently 29c with light rain.

All the best - John 9M6XRO - ISWL 9M6-6982

Tks Pete’s DX Desk

GACW KEY DAY

The GACW KD is not a competition or contest but an event to encourage all
amateur radio to bring out his old manual and no electronic keys and make as
many QSOs as they can with other participants.

Date: Starting last February saturday each year. 1800Z 23/Feb/2008 to 0600Z
24/Feb/2008 - 12 hours period.

Time: 1800 Saturday till 0600 UTC Sunday.

Frequencies: Near but always over 3530 - 7030 - 14030 - 21030 and 28030 kHz.

WARC: The QSOs in the WARC bands are allowed but there is no specific
recommendation on frequencies to use.

Mode: A1A - CW, straight key, bugs, maniflex, sedeswipers, and no-electronic
key only.

CALL: CQ KD - CQ GACW KD, etc.

Exchange: Greetings and RST plus your GACW #. Non GACW members send KD.

If you made more than 10 QSOs you are invited to vote for 3 different
stations with a special very good sending. SWL are invited to send his log
and vote too.

The "GACW KEY DAY" will be awarded to the 5 most voted stations.

Logs. Simple list using log book format, etc.

Deadline: Not later than the 31st of March.

Logs can be sent via e-mail as text-file to:

guillev@v2r. com.ar

copy to:

AUSTRALIE

Subject: [WIA-NEWS] Le WIA Awards Manager, quitte son poste:
Communiq2/
Cest avec regret que le Conseil d’Administration du Wireless Institute of Australia a accepté la démission, pour raisons personnelles, de Mal Johnson VK6LC, de sa fonction de manager général pour les Diplômes délivrés par le WIA. Il était en poste depuis 2001.
Pendant son mandat il a continué à développer le système des diplômes, avec une idée très élevée de ce que doivent être ces certificats.
Il est à l’origine de la création Chris Jones Award , en place depuis l’ Assemblée Générale du WIA tenue Parkes en 2007.
Les pages personnelles de Mal, sur les diplômes ont été intégrées sur le site du WIA, en cours de développement.

Malgré l’importance et le temps consacré aux diplômes, Mal trouvait encore le moyen de participer à des concours et à chasser le DX.
A partir du 31 janvier, tous les services exécutés dans le passé par Mal seront transférés au WIA Awards Office , WIA National Office, P.O. Box 2175 Caulfield Junction, Victoria 3161.

Wireless Institute of Australia - http://www.wia.org.au

GACW KEY DAY

Le GACW KD ,est pas une compétition mais une rencontre destinée à encourager les OM à ressortir leurs pioches et réaliser des QSO à l’ancienne .

Date: Du Samedi 23/Fév./2008 à 1800Z à 0600Z le dimanche 24/Fév./2008 - 12 heures de trafic.

Fréquences: au plus proche de 3530 - 7030 - 14030 - 21030 et 28030 kHz, mais toujours au dessus.
WARC: QSO autiorisés sans recommandation particulière pour les fréquences.
Mode: A1A - CW, pioches, double contacts, straight key, bugs, maniflex, sideswipers. Pas de keyers électroniques .

Appel : CQ KD - CQ GACW KD, etc.

Echange : Bienvenue et RST . Les membres du GACW envoient leur identifiant GACW les autres envoient KD.
Si vous faites plus de 10 QSO, vous acquerrez trois votes différents à attribuer aux trois stations qui vous auront semblé pratiquer la meilleure CW.
Les écouteurs sont invités à envoyer des reports et un log.
Vos comptes rendus, liste et éventuellement liste des votes “bonne CW” avvant le 21 mars, par e-mail à :
guillev@v2r. com.ar
avec copie à :

28 January 2008

The team behind 3Y0E is proud to have another world first from a DX'peditition. On the 24th of January 2008, Petrus 3Y0E did an exclusive radio interview with a commercial radio station in the Falken Islands. 3Y0E.com is now proud to present you with a copy of the interview on the website.

3Y0E is also coming to an end. The team is scheduled to be picked up from Bouvet Island on February 12, 2008. This date may change however due to weather conditions and the speed of the ship or any other urgent matter beyond our control. Feel free to follow the movements of the ship at the following website:
http://www.sailwx.info/shiptrack/shipposition.phtml?call=ZSAF

3Y0E.com have received to date 28 170 visits with 85 604 page views since December 19, 2007. We would like to remind people that 3Y0E is only active on 20 meters phone and normal operating frequency is 14.260 MHz with a split of 5 KHz up. We also urge people to contribute to the donation fund that was set up to equip Petrus with his own equipment on his next journey that is just around the corner to another rare DXCC! Please visit the 3Y0E.com website and click on the donation bottom.

We would also like to congratulate all the people that have made it in the log to date and wish all others good luck in working 3Y0E before he goes QRT. There will be regular logbook updates so please visit the 3Y0E.com website on a regular basis to check if you are in the log.

Thank you all for the wonderful support to date!
73 and good hunting to all!

G3TXF is planning on a brief return visit to *St Barts*.
The last operation as *FJ/G3TXF* was nearly ten years
ago (Oct 98) - see the 1998 QSL above. With St Barts
having recently become a new DXCC entity, it's probably
a good idea to revisit FJ.

This *CW-only 40m-10m *operation as *FJ/G3TXF* will be
from early Thursday 31 January (or just possibly late
Wednesday evening 30 January) through to early Tuesday
morning 5 February 2008.

[Sorry, but there will be *no* online logs during this
one-man-band operation, nor will there be any
E-mail access -- tnx!]

QSL via G3TXF

Hi folks,
For the past few weeks I have been cross posting
messages from this group to my West Tennessee DX
Association group on Yahoo.
I also have been placing the WTDXA DXer NEWSLETTER
on the WTDXA group Yahoo site for all to read or download.
This is a ummary of what is happening in the coming weeks.
This info is taken from my K1XN DX ALERT list and text is
taken form info sent to me or from the various DX Bulletins as
posted to the internet.
Some of you might like to have or read the WTDXA Newletter
and you may do so my going to the WTDXA group on Yahoo.
Here is the email link: WTDXA@yahoogroups.com
You may copy and send the WTDXA DXer NEWSLETTER to
your friends and fellow DXers if you think they would like to have
it. They may also get it from the web site.
I post the new issue each Friday.
Enjoy.

Tks Jean Paul, F8BJI for the information
Congratulations

Entity: Belize (V3)
QTH: South Water Caye, IOTA NA-180
Call: V31JZ/p
Dates: February 22-26, 2008
Opr: Art Phillips, NN7A / V31JZ
QSL route: via NN7A direct or via ARRL bureau
Reported by: NN7A
V31JZ/p: IOTA NA-180 -- February 22-26, 2008
Art Phillips, NN7A, will operate as V31JZ/p from South Water Caye, Belize
(IOTA NA-180) from February 22-26, 2008. This will be a one-person operation
using a 100 watt transceiver with vertical and wire antennas. Operation will be
mostly cw on 40-10 m including WARC bands, with some 80 m and 160 m. Some
ssb on 20 m and 15 m IOTA frequencies is possible, conditions permitting. No
skeds, please.
Operation will be from a cottage on the beach using battery and solar power.
The 15-acre coral sand island is about 15 miles (24 km) southeast of
Dangriga along the Belizean barrier reef, longest in the Western Hemisphere. It is
shaded by coconut palms and mellowed by soft Caribbean breezes.
NA-180 was opened as a new IOTA by Art and Mike Sharp, NG7S / V31RL, in
February, 1993. This will be Art's 7th operation from South Water Caye, and his
13th trip to Belize since 1988. He has also operated as V31JZ from the
Turneffe Islands (NA-123), Ambergris Caye (NA-073), and numerous places on the
Belizean mainland.
QSL direct via NN7A (Art Phillips, P.O. Box 73, Eckert, CO 81418 USA), or
via the ARRL bureau. Bureau cards sent to Belize cannot be answered (there is
no active V3 bureau). There will be no on-line logs, and email contact will
not be possible while on the island.
Tks Art, NN7A:

A new Solar Cycle 24, information and propagation forecast is now online by
VE3EN
http://www.solarcycle24.com/ (http://www.solarcycle24.com/)
Tks SWARL

FRANCE - ST Barth remaining
Nigel, G3TXF will be on Saint Barthelemy Island (NA-146, DIFO FJ-001, WLOTA LH-0377) from Jan 31st to February 5th.
40 to 10 CW only.
Callsign under CEPT rules as FJ/G3TXF See :
www.g3txf.com/dxtrip/FJ-08/FJ-08.html (http://www.g3txf.com/dxtrip/FJ-08/FJ-08.html)
Tks John K1XN
FRANCE – SAINT MARTIN and maybe Saint Marteen:
I plan a FS/ and PJ7/ activity from 15 to 22 February, mainly in CW, from IOTA NA-105 (St. Martin-St. Maarteen).
I will operate 'holiday style' but hope to be on the air 7-10 hour a day with Elecraft K1 + amp 100W, wire antennas and a Buddipole.
I will try to update this page and online log from FS location, if I can get an Internet connection there.
http://f5iyj.com/
QSL as op's indications.
Tks Phil, F5IYJ and blog

FRANCE – French Castles:
Saturday Feb 2nd, François, F5JNE and Claude, F5MCC wil be active as F5JNE/p fom the castle of Turgy DFCF 10025 , in the city of Turgy, zip code CP 10210 , and canton of DDCF 10-07
Department Aube/10 and province Champagne-Ardennes.
As usually starting around 0700 utc, 80 then 40m, CW/SSB
QSL bureau preferred ans swl cards welcome.
Amitiés
François, F5JNE
Tks François

COCOS ISLAND, NA-012 press release:

The DXpedition of the week is going to Cocos Island (Isla del Coco, NA-012) also known as Treasure Island. Everything will take place like planned though the original license holder will not take part in the DXpedition himself. The change of the TI9K license holder from TI2KAC to TI7WGI (co-organizer) was no problem and all preparations for the team of twelve are well underway. YL Yamini,VU2YAM, Oscar,EA1DR, Carlos,EA1IR, Fred,DH5FS, Norbert,DJ7JC, Guenter,DL2AWG, Arno,OE9AMJ, Andy,DH8WR/EA2CRX, Manfred,HS0ZEU/DL2EBR, Joe,AA4NN, Charles,W4GMY, and Craig,K9CT, will be on the air as TI9K from Feb 6-14. They will run up to seven stations simultaneously with at least one digi-mode station operating MixW 2.18, PSK and all other digital modes. Another station will work also via EME (2m/70cm). Operation takes place in CW/SSB/RTTY/ PSK on 6-160m including 60m. The antennas for the six stations include: 5 band Spiderbeam, AV 640 verticals, HF6V, 4 squares for 40m/30m/20m, verticals and dipoles for 160m/80m/60m. The team appreciates any dona-tions and the QSL manager EA2CRX confirms QSLs direct or via bureau. An online log will be published on their website after the expedition ends. You can find all necessary information about this DXpedition including an EME schedule at: http://www.ti9.eu.com

These are the frequencies TI9K will use (in MHz):
CW SSB RTTY PSK
160m 1.815* 1.845 1.838 1.838 * also 1.830 in CW for EU
80m 3.515 3.794 3.590 3.580
40m 7.015 7.089 7.038 7.035
30m 10.110 10.135 10.140 10.140
20m 14.015 14.205 14.080 14.070
17m 18.076 18.155 18.100 18.100
15m 21.015 21.260 21.080 21.080
12m 24.910 24.950 24.920 24.920
10m 28.015 28.495 28.120 28.120
6m 50.100 50.120 50.080 50.080

Bonjour à tous:
J5C
Jean Paul, F8BJI a transmis le résultat des QSO RTTY de J5C à Don, G3OZF, qui rassemble ces records depuis des années
Le record précédent est pulvérisé de plus de 5000 QSO et établi à : 8948 QSO
Hi Friends
Le tableau comparatif est en ligne sur le site de 3B7c à _http://www.3b7c.com/_ (http://www.3b7c.com/) , click Dxpedition records.
Merci Jean Paul, F8BJI pour l' information
Félicitations.

Belize (V3)
QTH: South Water Caye, IOTA NA-180
Indicatif : V31JZ/p
Dates: 22-26 février , 2008
Opr: Art Phillips, NN7A / V31JZ
QSL: via NN7A directe or via ARRL bureau
Origine : NN7A
V31JZ/p: IOTA NA-180 -- February 22-26, 2008
Art Phillips, NN7A, sera V31JZ/p depuis South Water Caye, Belize (IOTA NA-180) du 22 au 26 février, 2008.
Expédition personnelle.
QTH dans une propriété près de la plage. Alimentation électrique par batterie et panneaux solaires.
Transceiver 100 watts et antennes verticales et filaires.
CW principalement de 40 à 10m WARC incluses, avec tentatives sur 80 et 160m.
Intervention autour des fréquences IOTA sur 15 et 10m en SSB possible.
Pas de prise de sked.
NA-180 a été inauguré par Art et Mike Sharp, NG7S / V31RL, en février 1993.
C'est la 7ème expéedition d'Art à cet endrout.
QSL directe via NN7A (Art Phillips, P.O. Box 73, Eckert, CO 81418 USA), ou via le bureau ARRL . Ne rien envoyer à Belize dont le ureau ne fonctionne pas.

Un nouveau site d'information et prévisions de proâgation cycle 24 a été mis en ligne par VE3EN à :
http://www.solarcycle24.com/ (http://www.solarcycle24.com/)

FRANCE - ST Barth rappel
Nigel, G3TXF sera FJ/G3TXF , depuis Saint
Barthélemy (NA-146, DIFO FJ-001, WLOTA LH-0377)., du 30 janvier au 5
février.
CW only de 40 à 10m.
Pas de log en ligne.
Voir : t www.g3txf.com/dxtrip/FJ-08/FJ-08.html
Merci K1XN
FRANCE SAINT MARTIN (et aussi St Marteen):
Je prépare une activité (principalement CW) depuis le IOTA NA-105 avec les
indicatifs PJ7/F5IYJ et FS/F5IYJ du 15 au 22 février 2008 UTC.
Ce sera une activité "light" : la radio n'est pas l'objet principal du
voyage. Je pense réserver un mi-temps au trafic.
Matériel prévu : Elecraft K1 + ampli 100W + antennes filaires + Buddipole. J'
essairai de mettre à jour cette page avec le log en ligne depuis FS/ mais
sans garantie. tout dépendra de la connexion internet sur place
http://f5iyj.com/ (http://f5iyj.com/)
Merci Phil et blog

France, Châteaux :
De François, F5JNE
Samedi 2 février en compagnie de Claude F5MCC je serai F5JNE/p depuis le
château de Turgy DFCF 10025 commune du même nom CP 10210
et canton de Chaource DDCF 10-07 . Aube/10 et Champagne Ardennes.
A partir de 0700 ut, 80/40m, CW/SSB,
QSL bureau de préférence, cartes écouteurs bienvenues.
Amitiés
Merci François

6535. QSL INFORMATION

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-01-30 09:45:35 UTC
From: K1XN
Topic: 6520 Message: 6535

Hi John,
first the list has to be added by following calls:

EA8ID
EA8GK
OK/DJ6QT
PP5/DJ6QT
W8/DJ6QT
K6H
W7NG/WG

ON4UN - only via ON4UN
ZW5B - only via PY5EG/PY2OMS
HK0HEU - only via HK0HEU

The main problem is, that I have worked under
other peoples callsign but I confirm only the
QSOs I have done, date and year would be
good after the callsign.

I have no logs under LoTW

I QSL direct SAE + 3$ US (I'm sorry about high postage in DL)
or SASE or SAE + IRC
if not enough postage I return the card via buro

---
a few of the calls I hold where given to other Ops
a second time:

XT2AC
4X0A
6Y5X
8Q7CC
8Q7BP
9L1SL

If you have some more questions feel free to ask me!

73

Walter, DJ6QT

(I'm not a Mgr. - I confirm only the QSOs I made)

Hi friends

HAÏTI

From Yannick, HH2FYD, through Rafik, F5CQ's mailbox

Yannick, HH2FYD (F6FYD) has scheduled a radio week end on the Cow island
(L'île à Vache), NA-149, GL FK38, on Feb 2nd & 3rd, 2008.

20m SSB, may be digit.

QSL via Yannick, F6FYD

Stay tuned; that's only a project. Yannick's Internet link in Petionville is
uncertain so he could go (or not) without any confirmation.

Web info page and Online log for all Yannick HH2FUD's traffic at :
http://www.cdxc.org/dxp/2007-HH2FYD/hh2fyd-fr.htm
(http://www.cdxc.org/dxp/2007-HH2FYD/hh2fyd-fr.htm) and
_http://www.cdxc.org/dxp/2007-HH2FYD/searchlog_hh2fyd.php_
(http://www.cdxc.org/dxp/2007-HH2FYD/searchlog_hh2fyd.php)

73's Rafik

Tks Yannick and Rafik

BONAIRE:

From Bill/NG3K

Hi Bill,

Would you add us onto the list for ARRL CW? The call is PJ4M,
QTH Bonaire, NA. Category is M/2. PJ4M QSL via N4GG.
Operators will be W9RE, N5OT, W4OC and N4GG. From 12-19
February it will be PJ4/homecall, QSL via homecall except for
the weekend.

Thanks and 73

Hal

N4GG

Bonsoir à Tous

HAÏTI:

de Yannick, HH2FYD (F6FYD) , via Rafik, F5CQ.

Maurice,

J'ai eu Yannick au 600 dimanche soir et il a prévu d'aller le week-end prochain sur l'île à Vache:
IOTA NA-149, GL: FK38
Trafic prévu sur 20 mètres, SSB, peut être numériques..

Il devait me confirmer son activité par mail mais son accès à Internet depuis Pétionville est plutôt aléatoire...

73's Rafik

Surveillez les clusters:

Page Info et Log en ligne pour tout le trafic de Yannick, HH2FYD :

Merci Yannick et Rafik

BONAIRE

De Bill/NG3K

Hi Bill,

Du 12 au 19 février 2008, W9RE, N5OT, W4OC et N4GG seront P/JHC, depuis Bonaire .

particiâtion à l'ARRL DX CW , indicatif PJ4M, catégorie M/2.

QSL PJ4M via N4GG
Les autres via indicatifs d'origine.

Thanks and 73

Hal

N4GG

Merci Bill, NG3K

Hi friends

From MDXClub and Ant, IZ8CCW

CE6TBN, HA1AG, RA0FU and RV1CC are planning to operate from Ascension Island SA-043 as XR7A between 2 and 6 February and from Wager Island SA-053 as XR7W between 9 and 12 February.

QSL via HA1AG.

During our Patagonian trip I am trying to update my travelblog at _WWW.ha1ag.wordpress.WWW_ (http://www.ha1ag.wordpress.com) (depends on internet availability)

The operators will focus on 30-40-20m bands. Due to the high number of expeditions being active in this timeframe we can not give exact operating freqeuncies. We try to avoid VP6 QRM from SA'053 as much as possible.

Due to the weather situation around SA-053 delays are possible.

I hope to work you all, please spread the info

Don't forget to inform us about any change in your e-mail address.

Bonsoir à tous

Du MDXClub et Ant, IZ8CCW

CE6TBN, HA1AG, RA0FU et RV1CC sont attendus sous indicatif XR7A, depuis l'île Ascension (SA-043) , du 2 au 6 février et sous indicatif XR7W, depuis l'île Wager (SA-053) du 9 au 12 février 2008.

QSL via HA1AG.

pendant ce périple en Patagonie Zoli essaiera d'envoyer des info autant que faire se pourra selon disponibilité des liaisons Onternet, sur son blog à : WWW.ha1ag.wordpress.penda

Trafic principalement sur 30, 40 et 20m .

Compte tenu du grand nombre d'expéditions en cours nous ne donnons pas de fréquences et nous essaierons d'éviter tout QRM depuis SA-053, avec l'expédition à Ducie, VP6DX.

Compte tenu de la météo et de l'état de la mer autour de SA-053, lle débarquement pourra être différé.

on vous espère sur nos log et merci de diffuser l'information.

I've heard a just couple reports for some of his being out.

I worked him several places his last trip and sent
him several bucks. All QSL's in one envelope.
He was prefering no dollars for pilferage fears so
I am waiting as well, to see if mine actually made it.

He worked a lot of Q's from a lot of places and no QSL'ing
till he returned home so I am sure it will take quite a bit
of time to catch up, even if he has help! This one may take
a while.

Yes...K2FF received them direct in less than 60 days after the operation.
Actually included them in a 12 Sep 07 DXCC submission...already credited and
back in hand.

6546. 3Y0E DX NEWS

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-01-31 10:30:15 UTC
From: K1XN
Topic: 6327 Message: 6546

We just received another log update from Petrus. Now, *the online log <http://3y0e.com/in-the-log/>* contains QSO's logged until *Jan. 29th*. We noted Petrus worked quite a number of NA stations this time, including even West Coast (!), and there was a surprising, real pipe-line propagation towards Poland. SP-stations dominated like 70% of all QSOs logged on Jan. 29th. In addition, there was a number of Scandinavian stations that managed to get into the log, too.

We would like to congratulate *Tom, LA4LN <http://3y0e.com/2007/12/19/press-release-2/>*, who made it as well. Without his help and efforts, Petrus couldn't get his 3Y0/B license.

We received quite a few questions from US stations asking Petrus to operate a bit longer for the NA-stations. We did pass this request several days ago. Unfortunately he replied saying propagations often closes down too quickly. He tends to close his rtx down when he doesn't hear any responses to his calling CQ for a long time. He usually checks the band in next 30-60 minutes and starts calling CQ again. If nobody responds, he usually goes QRT since propagation seems to be over.

Once northern hemisphere Spring comes a bit closer, conditions may slightly change and European and North American stations may experience better openings towards Bouvet island like it happened on Jan. 29th. We were also told, Petrus really enjoys his first ham radio experience very much. He noticeably tends to extend operating times and really gets excited with working you guys :-)

Before bringing to a close, we'd like to add we are quite surprised with Petrus' results under such miserable conditions (the SSN value is 0 for most of his activity period so far! Now, a newly born sunspot appeared on the Sun's surface) with a barefoot power and simple vertical antenna. In addition, all those sub-antarctic locations show one thing very clearly again: how to learn to operate in pipe-line shaped conditions, waiting for a right spot for your location to make just a few calls and finally get into the log.

I am pleased to be part of a group of stateside hams
supporting K2PT, Radar a Marine in Baghdad, get on the air.
YI9PT should be qrv in the next week. We are in the
process of acquiring an amp and low band antennas.
Radar just received the IC7000 loaned by ICOM. NCDXF
and INDEXA provided funding for purchasing a
SteppIR 2 element beam and other basic station gear.
There are several other hams in the green zone and
we hope this station to be a club effort involving several
nationals and Iraqi hams.

6557. QSL route for EM0C

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-01-31 20:05:33 UTC
From: Stephen Emlyn-Jones
Topic: 6557 Message: 6557

During the WPX Contest in March 1982 !! I worked on 10 metres ssb the station EM0C.
Apparently the QSL route was via either UK0CAA or UA0KCL neither of whom I can currently trace.
Can anyone give me a current address/call sign so that I can try & obtain a card even at this late stage.
Many thanks.

I.C.P.O. Bulletin (January 31-February 08, 2008)
Islands, Castles & Portable Operations.
Listing is by calendar date (day/month/year)
==========

30/01/2008: Look for Tom M1EYP/p to be active every day from January 30th to February 9th from The Cloud summit (SOTA G/SP-015, 343m, 1 point, WW Loc. IO83WE), Southern Pennines region. QRV on 7.032 MHz CW only. QSL via home call. [SOTA Alerts]

31/01/2008: Antonio/CU8AS and Hermann/HB9CRV will be active as CU7T between January 31st and February 5th from Cedros at the north coast of Faial Island ((EU-175, DIP AZ-007, WLOTA LH-1830, ARLHS AZ0-020, TWLHD WLH CU-007). They will work in CW/RTTY/PSK31 using K2/100 radios, 500 watt amps and a HB9CV antenna. QSL via CT1GFK, direct or bureau. [DXNL]

31/01/2008: Nigel, G3TXF is planning on a brief return visit to Saint Barthelemy Island (NA-146, DIFO FJ-001, also count for WLOTA LH-0377). "The last operation as FJ/G3TXF was nearly ten years ago (October 1998). With St. Barts having recently become a new DXCC entity, it's probably a good idea to revisit FJ. This CW-only 40m-10m operation as FJ/G3TXF will be from early Thursday 31 January (or just possibly late Wednesday evening 30 January) through to early Tuesday morning 5 February 2008. [Sorry, but there will be no online logs during this one-man-band operation, nor will there be any E-mail access -- tnx!]". Further info at www.g3txf.com/dxtrip/FJ-08/FJ-08.html [K1XN]

31/01/2008: Masa, JA6GXK will be active again as JD1BMM from Minami-Torishima (OC-073) between January 31st and February 19th. He will operate in his spare time, concentrating on North America and Europe on the low bands. QSL via home call. [425 DX News]

31/01/2008: Operators George/K8GG, Gary/KD9SV and George/W8UVZ will be operating from the island of Bonaire (SA-006, WLOTA LH-1279) as PJ4/homecall from January 31st to February 8th. Operating time will be concentrated on 160 metres, 80 metres and the 30/17/12 metre bands. QSL via operator's home call. [OPDX Bulletin]

01/02/2008: A team of operators have planned a DXpedition to Moela Island [Ilha da Moela (S?o Paulo)] (SA-071, DIB #38 for the Islands of Brazil Award), between February 1-8th, using the call sign PW2M. Team members mentioned are Rolf/PY1RO, Joe/PY2EJ, Luiz/PY2OC, Alex/PY2WAS, Fred/PY2XB, Junior/PY2ZA, with administrative support by Andre/PY2MTV and Eder/PY2XAT. QSL Manager will be AI4U for foreign operators and PY2AA for Brazilian operators. There is a lighthouse (ARLHS BRA-043, TWLHD WLH PY-031, WLOTA LH-1335, WW Loc. GG65UW) on Moela Island and such an operation was granted after a Brazilian Navy's permission.

Activity will be from 2m up to 160m. [4X4-2238]

01/02/2008: Toby, SM4XDJ will be active as S21XJ from Dhaka, Bangladesh for a few weeks starting February 1st. He will operate SSB and digital modes during his evening hours and the weekends. QSL via SM4XIH. On-line logs will be available at: fittest.nu/ [425 DX News]

01/02/2008: Mike/JA6EGL, Yu/JE6DND and Hiro/JA6KYU will be active as T88SM, T88HK and T88HS from Koror Island, Palau Islands (OC-009), February 1-3rd. They plan to operate CW and SSB on 80-10 metres. QSL via home calls (direct only). [425 DX News]

01/02/2008: Jim, W9VNE will be QRV from the VP5JM 'Hamlet' on Providenciales Island (NA-002), Turk and Caicos Islands, as VP5/homecall betweeen February 1-6th. His main focus is to participate in the FOC Marathon (a members only event - February 2-4th) on CW. Jim also knows that some prefix hunters will want to exchange reports as well, so he will be pleased to give any prefix hunter a report too. QSL via W9VNE to: Jim Danehy, Box 54482, Cincinnati, Ohio 45254 USA. [Southgate ARC]

02/02/2008: Wade, AA8LL, will be active as AA8LL/4 from Cedar Keys (NA-076), Florida, February 2-5th. Activity will be holiday style on 40-15 metres, mostly CW on the IOTA frequencies and RTTY. He will try to get Liz/K8LIZ/4 (his XYL) to operate some SSB. QSL direct or by the bureau to AA8LL. Logs will also be uploaded to the LoTW. [OPDX Bulletin]

02/02/2008: Fran?ois/F5JNE and Claude/F5MCC will be active February 2nd as F5JNE/p from the Castle of Turgy (DFCF 10-025), in the City of Turgy (CP 10210), canton [county] of Chaource (DDCF 10-07), Department Aube/10 and province Champagne-Ardennes (DPF 08). As usual starting around 0700 UTC, 80 then 40m, CW and SSB. QSL via bureau preferred and SWL cards are welcome. [F5NQL]

02/02/2008: Yannick, HH2FYD/F6FYD will be active as HH2FYD/6 from Cow Island [?le ? Vache] (NA-149, Grid FK38) from 1600 UTC February 2nd to 2300 UTC February 5th. QRV mainly on 20m SSB (14260 kHz +/-). QSL via Yannick, F6FYD. Web info page and online log for all of Yannick HH2FUD's contacts at: //www.cdxc.org/dxp/2007-HH2FYD/hh2fyd-fr.htm and www.cdxc.org/dxp/2007-HH2FYD/searchlog_hh2fyd.php [F5NQL]

02/02/2008: Look for Jim, KA3UNQ to be QRV February 2nd as KA3UNQ/p from the Fenwick Island (Not IOTA, USi DE-002S, Sussex County), Delaware, and Lighthouse (ARLHS USA-283, TWLHD WLH K-059, WLOTA LH-1147). QRV from 1430-1930 UTC on 3990, 7210, 14310 and 18125 kHz (+/- 10 kHz for QRM). QSL via home call with SASE to CBA on QRZ.com. [ARLHS]

02/02/2008: Marco/CE6TBN, Zoli/HA1AG, Yuri/RA0FU and Vlad/RV1CC are planning to operate from Ascension Island [Isla Ascenci?n] (SA-043, DICE ICE-704) as XR7A between February 2-6th and from Wager Island (SA-053) as XR7W between February 9-12th. During our Patagonian trip Zoli will be trying to update his travelblog at www.ha1ag.wordpress.com/ (depends on internet availability). The operators will focus on the 30, 40 and 20m

bands. Due to the high number of expeditions being active in this timeframe they can not give exact operating freqeuncies. They will try to avoid VP6 QRM from SA-053 as much as possible. Due to the weather situation around SA-053 delays are possible. QSL via HA1AG. [F5NQL]

03/02/2008: Andrei, EW1AR-NP3D will be active February 3-11th from Nicaragua as H7/NP3D. He also plans to operate as a Single-Op/All-Band entry in the CQ WW WPX RTTY Contest (February 9-10th) as YN2S. Before the contest (February 3-8th) he will be active on all bands using RTTY, CW, PSK31 and SSB. QSL via LoTW, via direct or via W3HNK. Logs will also be uploaded via LoTW on daily basis if Internet does not fail. One station from each Continent (six altogether) who works YN2S and H7/NP3D the most times on different bands and modes will receive a special T-shirt from Nicaragua with imprinted call signs. (We sent those T-shirts from Honduras back in 2006 as HQ4R) [NG3K]

03/02/2008: Team RZ1CXO will be active February 3rd as RZ1CXO/p from RDA districts LO-15 (Slantsy City) and LO-34 (Slantsevsky area), Leningradskaya oblast (LO for Rossija award, #136). QSL via home call, direct or bureau. [RX3RC]

04/02/2008: Goose, W8AV, will be active as PJ2/W8AV from the island of Curacao (SA-006, WLOTA LH-0942) between February 4-18th. Activity will be CW and possibly some RTTY. Goose says, "Since I will be vacationing with my wife there, I will be active as much as I can during that time frame. I will also be one of the operators of PJ2T in the 2008 ARRL DX CW Contest." [OPDX Bulletin]

05/02/2008: Gwyn, G4FKH will be active as 3B8/G4FKH from Mauritius Island (AF-049) between February 5th and March 14th. He will operate holiday style with 100 watts and a dipole on 10-40 metres, CW only. QSL via home call. [425 DX News]

06/02/2008: TI9K is the callsign for the February 2008 DXpedition to Isla del Coco (NA-012). The operators will be Oscar/EA1DR, Carlos/EA1IR, Andy/DH8WR (EA2CRX), Baldur/DJ6SI, Norbert/DJ7JC, Guenter/DL2AWG, San/K5YY, Carlos/TI2KAC and Anthony W4OI (HK1AR). They plan to be active from February 6-14th with 7 stations on 160-10m (plus 60m and 6m) CW, SSB, RTTY and possibily PSK31, plus one EME-station. QSL via EA2CRX, direct or bureau. Further information can be found at: www.ti9.eu.com/ [425 DX News]

06/02/2008: Rick, KT7G and Jake, N7WO will be active on 160-6 metres as V31TB and V31WO from Belize between February 6-19th. They will operate from the QTH of V31MD and to participate in the CQ WW WPX RTTY Contest (February 9-10th) as V31TB and in the ARRL DX CW Contest (February 16-17th) as V31WO. They will focus on RTTY for the first week and on CW for the second week. QSL via home calls and possibily LOTW. [425 DX News]

06/02/2008: Ed, K3IXD will be active as ZF2XD from the Cayman Islands (NA-016, Grid EK99) between February 6-11th, including the CQ WW WPX

RTTY Contest (February 9-10th), as a Single-Op/All-Band/Low Power entry. Outside the contest look for ZF2XD on 80-10m SSB and digital modes. QSL via K3IXD, direct (Ed Steeble, 202 Huntington Rd, Summerville, SC 29483, USA) or by the bureau. [K1XN & The GOLIST]

07/02/2008: Rick, NE8Z will be active as HC1MD from Tumbaco, Ecuador between February 7-14th and February 21-27th (with an in between side trip to Rio de Janeiro, Brazil, PY1/NE8Z). He plans to operate CW and SSB on 80-10 metres. QSL via K8LJG. [425 DX News]

==========

LOOKING AHEAD -

09/02/2008: Look for Dennis, WA2USA to be active as WA2USA/4 from Dauphin Island (NA-213) February 9-18th. The call sign K4D will also be used. QRV all HF bands, near the usual IOTA and Island frequencies, CW and SSB. QSL both calls via WA2USA, direct or bureau. Website at: www.wa2usa.com/dauphinBB.htm [RSGB IOTA]

11/02/2008: Ulf, DK5TX will be active February 11-17th as PA/DK5TX from Goeree Overflakkee (EU-146). QRV on 2m (SSB/slow-CW), 6m (SSB/slow-CW) and 10-80m (SSB/slow-CW/RTTY). QSL via home call, bureau preferred or direct (QRZ.com). Email request for a bureau card can be made to dk5tx@... instead of sending a QSL. [RSGB IOTA]

12/02/2008: Operators Mike/W9RE, Mark/N5OT, Don/W4OC and Hal/N4GG will be active from the island of Bonaire (SA-006, also count for WLOTA LH-1279) as PJ4/homecall from February 12-19th on all bands. They will also participate in the ARRL DX CW Contest (February 16-17th) as a Multi-2 entry, using the call sign PJ4M. QSL via the individual operators home call. QSL PJ4M via N4GG. [NG3K]

14/02/2008: Tadeusz (Ted)/SP3IPB + xyl, Agnieszka/SQ3WN, Janusz/SP6IXF + xyl and Przemek/SP7VC will be QRV February 14-16th as FS/homecalls from the island of St. Martin (NA-105, DIFO FS-001, WLOTA LH-0711) and between February 17-26th as FJ/homecalls from St. Barthelemy Island (NA-146, DIFO FJ-001, WLOTA LH-0377). The plan is to operate from 7 to 28Mhz including WARC bands CW/SSB/RTTY. There will be no online logs during expedition. Logs will be aviable on the web after the expedition. [4X4-2238 & 4Z4DX]

14/02/2008: Eric, K9GY will be active as H7/K9GY from the QTH of YN2N (www.yn2n.com/) located near Granada, Nicaragua, from February 14-18th, including a Single-Op/All-Band/Low-Power entry in the ARRL DX CW Contest (February 16-17th). He will be QRV 160-10m during and outside of the contest. Logs will be loaded to LOTW although direct QSL via CBA is ok too. [NG3K]

15/02/2008: Philippe, F5IYJ will be active as FS/F5IYJ from St. Martin (NA-105, WLOTA LH-0711) February 15-22nd. He might also go and operate as PJ7/F5IYJ from Sint Maarten. Expect Philippe to operate holiday style and to concentrate on CW. Details will be available at f5iyj.com/; QSL via home call. [425 DX News]

19/02/2008: Willy/ON5AX and xyl Magda/ON3AX will be QRV from: New Zealand as ZL/ON5AX between February 19-27th; Lord Howe Island as VK9ALH from March 23-30th; and Australia as VK4/ON5AX between April 2-7th. Equipment: Alinco DX70 transceiver 100W, groundplane antenna designed and made by Tony ON4CEQ. QRV on CW, SSB and PSK31. QSL via ON5AX or ON3AX. [UBA HF News]

20/02/2008: Geoff, W0CG and Cindy will be QRV as PJ2DX from Signal Point, island of Curacao (SA-006, also count for WLOTA LH-0942) between February 20-26th. Look for activity on all bands and modes. Geoff will also be active on 6 metres, using a FT-100 and Cush-Craft yagi at 85 feet, fed with 7/8 inch hardline. No amp for six. QSL via home call. [CCC & N8OFS]

20/02/2008: John, 9M6XRO (ISWL 9M6-6982)will be back again in Cambodia operating as XU7XRO from February 20th until the 26th. QTH will be Sihanouk Ville (Kompong Som) and like my operation last year the QSL Manager is Graham, M5AAV. Direct QSLs preferred but bureau cards will also be answered. John will be active on CW/SSB and Digimodes. [Pete's-DX-Newsdesk]

22/02/2008: Art, NN7A will operate as V31JZ/p from South Water Caye, Belize (NA-180) from February 22-26th. This will be a one-person operation using a 100 watt transceiver with vertical and wire antennas. Operation will be mostly CW on 40-10m including WARC bands, with some 80m and 160m. Some SSB on 20m and 15m IOTA frequencies is possible, conditions permitting. No skeds, please. Operation will be from a cottage on the beach using battery and solar power. QSL direct via NN7A (Art Phillips, P.O. Box 73, Eckert, CO 81418 USA), or via the ARRL bureau. There will be no on-line logs, and email contact will not be possible while on the island. [F5NQL]

21/04/2008: Mark, M0MJH will be active as MJ0MJH from the isle of Jersey (EU-013, also count for WLOTA LH-0818) from 0900 UTC April 21st to 1600 UTC April 25th. Look for activity on all bands and modes. There is also the possibility of activity from Les Minquiers (EU-099) at some point during the trip but exact date not yet known. QSL via M0MJH, direct or bureau. [RSGB IOTA]

02/05/2008: After 6 years, the members of IOCAGroup will be activate again between May 2-10th from the island/lighthouse of Susac (EU-016, CIA-46, IOCA CI-109, MIA MC-400 / ARLHS CRO-011, TWLHD WLH 9A-025, WLOTA LH-1430, CRO-064). Crew: Daki/9A2WJ, Boki/9A3KB, Emir/9A6AA, Fredy/DE0MST, Sven/DF9MV, Robert/DK1ROB and Mathias/DL5MFL will be active under 9A0CI on HF + 50MHz, all modes. Also, during that activity some of them will use home call (9A6AA/p, 9A/DF9MV, ...). QSL via operators instructions. [DE0MST]

24/07/2008: Operators: Colin/G3VCQ, Peter/G3PHO, Andy/M0GAV, Tim/2E0TJX, Sharon/M3VCQ, Steve/M1ERS, Trevor/M0TWS and Jack/2E0JTL will be active as MM3M from the Isle of Arran (EU-123, IOSA CL-01, SCOTIA CS-14) from July 24-28th, IOTA Contest included (July 26-27th). This will be their fourth entry from Arran into the IOTA Contest. They will

also be activating the Isle of Pladda (EU-123, IOSA CL-07, SCOTIA CS-12) July 25th and 26th. QSL via G3VCQ, direct (QRZ.com) or bureau. Further infomation will be posted at: www.sheffield-live.co.uk/ [RSGB IOTA]

22/10/2008: John, W5JON will be active as V4/W5JON from the island of St. Kitts (NA-104), October 22-31st. Activity is planned for 6-160m SSB, including an entry in the CQWW DX SSB Contest (October 25-26th). The QTH is mountain top with a 330 degree view. Equipment will be IC-7000, RM Italy KL-400 Amplifier (400 Watts), Alpha Delta 10-160 metre dipoles and a 3 element yagi on 6 metres. QSL via home call (QRZ.com). [NG3K]

==========

SPECIAL EVENTS -

February sees the annual Guiding event, Thinking Day on the Air. This is held on the 16th and 17th, not the 22nd as stated in the latest RadCom. Many special event and club callsigns will be aired during that weekend. Further details of Thinking Day on the Air can be found on the web at: www.guides-on-the-air.co.uk [GB2RS]

01/02/2008: During the entire month of February there will be 26 stations using the ES90 call sign prefix on the bands to commemorate 90 years of the Estonian Republic. During this period Vello, ES1QD will be active as ES90M from Muhu Island (EU-034, WLOTA LH-2725). Look also for ES90G and ES90J. QSL ES90M and ES90G via ES1QD. QSL ES90J via ES1GE. [Pete's-DX-Newsdesk]

01/02/2008: Zoli, HA3HK will operate as HG1848I from February 1st to December 31st to commemorate the 160th anniversary of the Hungarian Revolution (1848-49). QSL only direct via HA3HK SAE and 2 IRC or 2 USD required. Check QRZ.com for information on the relevant award. [425 DX News]

01/02/2008: Special event station 8J8SSF will be aired February 1-11th to celebrate the 60th Sapporo Snow Festival. The Sapporo Snow Festival (Sapporo Yuki Matsuri) is held during one week every February in Hokkaido's capital Sapporo. The festival is best known for the ice sculpture competition attracting artists from around the world, competing to create the largest and most elaborate artworks from ice and snow. QSL via the JARL bureau. [JJ1WTL/AC6IM]

01/02/2008: Members of the Turkish group called SWAT (Special Wireless Activity Team) will be active February 1-15th as TC800NH to celebrate the 800th anniversary of the Turkish folk hero Nasreddin Hoca. Look for activity mainly on 40/20/17 metres, CW and SSB. QSL via TA1HZ. [OPDX Bulletin]

01/02/2008: GB0WW will be active during February from near Weedon in Northamptonshire. The site is the location of the memorial to the birth of radar. This was discovered on 26 February 1935 by Robert Watson Watt and Arnold Wilkins. GB0RDF will also operate from Borough Hill in Daventry where radar experiments were carried out. [GB2RS]

01/02/2008: The ISWL Club Call signs in use during February 2008 will be:
GX4BJC /A - Operated from Bream, in Gloucestershire, by Chris - G0SDD. (WAB Square = SO60-GLR & IOTA = EU-005).
MX1SWL /A - Operated from Towcester, in Northamptonshire, by Phil - G4DMS (ISWL Rallies Manager). (WAB Square = SP65-NHM & IOTA = EU-005).
All QSL Info is on www.iswl.org.uk or www.qrz.com or via www.eQSL.cc
NO LOTW!
ISWL Awards are available to all Hams and SWL's - see www.iswl.org.uk
eQSL.cc cards ARE accepted for their awards. [Pete's-DX-Newsdesk]

09/02/2008: This year, the team composed of the French pilot Sebastien LOEB and his co-pilot Daniel ELENA have won the World Rallies Championship (WRC), for the 4th consecutive time. To honour them, a team of hams from the French Saone et Loire area will be active on HF, VHF and UHF, all modes between February 9th and 23rd, using the special call sign TM4WRC. QSL via F4ELU. [F5NQL]

U.S.A. Special event station information can be found at:
www.arrl.org/contests/spev.html

COCOS ISLAND, NA-012 press release:

The DXpedition of the week is going to Cocos Island (Isla del Coco, NA-012) also known as Treasure Island. Everything will take place like planned though the original license holder will not take part in the DXpedition himself. The change of the TI9K license holder from TI2KAC to TI7WGI (co-organizer) was no problem and all preparations for the team

of twelve are well underway. YL Yamini/VU2YAM, Oscar/EA1DR, Carlos/EA1IR, Fred/DH5FS, Norbert/DJ7JC, Guenter/DL2AWG, Arno/OE9AMJ, Andy/DH8WR-EA2CRX, Manfred/HS0ZEU-DL2EBR, Joe/AA4NN, Charles/W4GMY, and Craig/K9CT, will be on the air as TI9K from Feb 6-14. They will run up to seven stations simultaneously with at least one digi-mode station operating MixW 2.18, PSK and all other digital modes. Another station will work also via EME (2m/70cm). Operation takes place in CW/SSB/RTTY/PSK on 6-160m including 60m. The antennas for the six stations include: 5 band Spiderbeam, AV 640 verticals, HF6V, 4 squares for 40m/30m/20m, verticals and dipoles for 160m/80m/60m. The team appreciates any donations and the QSL manager EA2CRX confirms QSLs direct or via bureau.
An online log will be published on their website after the expedition ends. You can find all necessary information about this DXpedition including an EME schedule at: www.ti9.eu.com/
These are the frequencies TI9K will use (in MHz): CW - 1.815 (also 1.830 CW for EU), 3.515, 7.015, 10.110, 14.015, 18.076, 21.015, 24.910, 28.015, 50.100 MHz; SSB - 1.845, 3.794, 7.089, 10.135, 14.205, 18.155, 21.260, 24.950, 28.495, 50.120 MHz; RTTY - 1.838, 3.590, 7.038, 10.140, 14.080, 18.100, 21.080, 24.920, 28.120, 50.080 MHz; PSK - 1.838, 3.580, 7.035, 10.140, 14.070, 18.100, 21.080, 24.920, 28.120, 50.080 MHz.

==========
HP - Jay Mills, K1YJ, is now operating from Panama under the HP3AK call sign. QSL via Jack, W4JS direct or through the W4 bureau. [DXNL]

J5C - The J5C crew has smashed the RTTY QSO number, in a dxpedition as compiled by Don, G3OZF. This record is established now at 8,948 QSO?s. The Records sheet is available on the past St Brandon webpage at: www.3b7c.com/ then "click" DXpedition Records. Congratulations! [F5NQL]

LU - From Horacio LU4DXU: "I send this mail to inform you that LU2ZD Primavera Base [Army] (IOTA AN-016, AA LU-13, WAP ARG-09) just arrived and George is on the air !!!!! Last Tue 29, we test propagation and reports and he is working with the Rombic and Amplifier !!!! He was 59 over the States and 56/7 into EA8 so at the time that he appears we can WKD on 7 MHz, yesterday we were talking in his private about reports and our amateur language. So he is very hapy to do this." QSL LU2ZD via LU4DXU (QRZ.com). [F5PFP]

/MM - Wet Squares, UT1FG/MM "Master of the MV "GREENWING" Yuri is again QRV on 6M up to the end of July. Always has radio switched to 50.1110. Underway now from Japan/JA8 to Guayamas, Mexico/XE4, Feb 17-20th; Panama Canal/HP1 March 1-2nd; Algiers/7X5 March 15-20th. Yuri has QSL's on board and will be working on them in his spare time. [N8OFS]

YI - I am pleased to be part of a group of stateside hams supporting K2PT, Radar a Marine in Baghdad, get on the air. YI9PT should be qrv in the next week. We are in the process of acquiring an amp and low band antennas. Radar just received the IC7000 loaned by ICOM. NCDXF and INDEXA provided funding for purchasing a SteppIR 2 element beam and other basic station gear. There are several other hams in the green zone and we hope this station to be a club effort involving several nationals and Iraqi hams. All QSL requests go to N4XP. Check out our new website at: www.stafford-dx-association.org . 73, Don N1DG (for the Stafford DX Association).

A new Solar Cycle 24, information and propagation forecast is now online by VE3EN at: www.solarcycle24.com/

DATES: The "5th SRT DX Convention" organized by the Strange Radio Team (SRT) will take place in the ancient Italian city Paestum near Salerno on Apr 12/13. Information about the registration and the convention: www.strangeradioteam.com/

Not indeed !!
I saw the numbers of the pinout as you said on the YAesu manuals hix3.
But I wild like to know about:
- It is cable type 1/1 as pin 1 to pin 1, pin 2 to pin 2, etc...
- If there is not pins crossing.
- If all pins are used, if Not, wich one ?

K1XN <golist@...> a écrit :
We just received another log update from Petrus. Now, *the online log
* contains QSO's logged until *Jan. 29th*.
We noted Petrus worked quite a number of NA stations this time,
including even West Coast (!), and there was a surprising, real
pipe-line propagation towards Poland. SP-stations dominated like 70% of
all QSOs logged on Jan. 29th. In addition, there was a number of
Scandinavian stations that managed to get into the log, too.

We would like to congratulate *Tom, LA4LN
*, who made it as well.
Without his help and efforts, Petrus couldn't get his 3Y0/B license.

We received quite a few questions from US stations asking Petrus to
operate a bit longer for the NA-stations. We did pass this request
several days ago. Unfortunately he replied saying propagations often
closes down too quickly. He tends to close his rtx down when he doesn't
hear any responses to his calling CQ for a long time. He usually checks
the band in next 30-60 minutes and starts calling CQ again. If nobody
responds, he usually goes QRT since propagation seems to be over.

Once northern hemisphere Spring comes a bit closer, conditions may slightly change and European and North American stations may experience better openings towards Bouvet island like it happened on Jan. 29th. We were also told, Petrus really enjoys his first ham radio experience very much. He noticeably tends to extend operating times and really gets excited with working you guys :-)

Before bringing to a close, we'd like to add we are quite surprised with Petrus' results under such miserable conditions (the SSN value is 0 for most of his activity period so far! Now, a newly born sunspot appeared on the Sun's surface) with a barefoot power and simple vertical antenna. In addition, all those sub-antarctic locations show one thing very clearly again: how to learn to operate in pipe-line shaped conditions, waiting for a right spot for your location to make just a few calls and finally get into the log.

6561. 2008 Ducie Island Expedition: VP6DX DX NEWS

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-02-01 10:32:21 UTC
From: K1XN
Topic: 6561 Message: 6561

Robin WA6CDR reports from the M/V Braveheart that, as a result of the typhoon that passed through the area, seas were somewhat rough immediately after departure from New Zealand. The ship slowed down to 5-7 knots, but in the last few days sea conditions have improved dramatically. The weather has become mild, traveling over calm seas with a small long swell.

Robin has been working on cables and other pre-assembly tasks that can be completed on board ship before the expedition reaches Ducie Island. For relaxing, an Elecraft K3 radio, amplifier and tuner has been attached to a wire antenna strung over the ship from bow to stern. With 500 W power output, Robin has been enjoying good low band propagation. During the WW 160 CW contest last weekend many top band signal from Europe went into the log. Robin also reports the Braveheart crew is "superb", and the operators will have to be very disciplined to avoid putting on weight from all the good food!

As of early Jan 30 Wed (GMT) the M/V Braveheart was at 28? S 145? E, about 1000 km SSE of Tahiti. This ship is on schedule, planning to arrive at Mangareva Atoll this coming Saturday/Sunday.

The remaining 12 operators will be leaving their home countries during the next three days, converging on the Sofitel Hotel in Papeete, Tahiti, capital city of French Polynesia on Feb 3 Sun-Feb 4 Mon. On Feb5 Tue 1500z the operators depart Tahiti for Mangareva.

Once at Mangareva, the operators will immediately board the ship, clear immigration/customs, and depart. During the passage to Ducie Island, the M/V Braveheart will make a midnight call at Pitcairn Island to drop off medical supplies. Longboats from Pitcairn will come along side in the dark to take the delivery to shore, and the ship will depart immediately thereafter. This stop will not delay the schedule for Ducie Island: we will still arrive at Ducie in the pre-dawn darkness of Feb 9 Sat (weather permitting).

6562. 3Y0E QSL UPDATE

Hello everyone

I've been in contact with Volker ZS1Y today.

Petrus and Volker will be on air tomorrow (Feb 2) @ 10:00z - 14260Mhz. This is a new timeframe for Petrus, so we shall see what it brings.

If conditions are not so good between them both, they've agreed to QSY to 21240Mhz thereafter.

So this is a heads up for anyone with prop conds during this time. I guess this won't be helpful to any US hams, but for readers of this board, outwith US, it could be of benefit..

That's all the news i have. Please do pass this on to anyone you can think of who may have good conds at this particular time.

May i also reiterate that Petrus CQ's more than we all think, at various times of the day - if he hears nothing, he goes QRX, returns, CQ's and tries agn. Keep 14260 programmed into your TX's!!

Hi friends
FRENCH POLYNESIA
Received from Rafik, F5CQ, his QSL manager.
Bonjour Maurice,

Freddy FO5RU shut down his station on Jan 18th 2008. Now he’s back home in Metropolitan France and anew F5IRO, since Jan 23rd.
His complete logbook had been uploaded on his Internet web page at :
http://www.f5cq.net/dxp/2007-FO5RU/fo5ru-fr.htm
(http://www.f5cq.net/dxp/2007-FO5RU/fo5ru-fr.htm)
The QSL cards are under printing and Rafik waits for them for some ten days.
Be patient quite a bit Thank you.
73 de Rafik, F5CQ

USA:
ON THE AIR: CELEBRATING GEORGE WASHINGTON'S BIRTHDAY

And with the upcoming birthday of the United States first president soon to be here, the Eastern Washington DX Club will sponsor special event station W7G. The event celebrates the birth of President George Washington and runs from February 21st to the 23rd. A special commemorative QSL card will be available to those making contact. (Press release)

Tks Amateur Radio Newsline Report 1590

HAM RADIO IN SPACE: ARISS NEEDS MORE GROUND MONITORING STATIONS
ARISS -- Amateur Radio on the International Space Station is looking to expand the international network of ground stations that help support manned ham radio in space. New ground stations should be capable of relaying ISS amateur radio sessions with schools. They will also serve as back up communications relays should they be needed.

Locations worldwide will be considered, but of greatest interest is the need for stations in Central America, South America, the Falkland Islands, Western Australia, Canada, and Alaska.

If you or your club would like to be considered for selection as one of the new ARISS telebridge stations, please send an email with details about your station and your direct contact information to _ARISS-telebridge@..._

(mailto:ARISS-telebridge@...) . (ARISS)

6578. Bouvet DX NEWS

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-02-04 14:06:51 UTC
From: K1XN
Topic: 6578 Message: 6578

Good news arrived from Bouvet isl. today. Another vessel
passing by 3Y0E dropped some equipment for the team and
finally the iridium issues got solved. Petrus sent us another
log update immediately. Now the online log <http://3y0e.com/in-the-log/>
contains all
contacts logged until *Feb. 1st*. We may expect another log
update later today or tomorrow. Stay tuned.

On behalf of the team

Stan SQ8X

6579. Antarctic Activity Week

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-02-04 15:29:12 UTC

Topic: 6579 Message: 6579

I.C.P.O. (Islands, Castles & Portable Operations)
UPDATE -
==========
Antarctic Activity Week (18-24 February) is almost ready to start and
several Special Event stations are already on the air together with
other IPY callsigns, among other World Wide calls already credited to
celebrate the 2008 Antarctic Event joint with the International Polar
Year "IPY". On the WAP web site www.waponline.it , by clicking the
appropriate window marked "Antarctic Activity Week", you can get the
whole list of participants to the 5th Edition of AAW. Just not to forget
that WAP references are qualifying for different kind of Awards, (check
"WAP Awards" banner, at the left side of WAP home page). [Gianni i1HYW]
==========

Hi friends

DUCIE Island:
Highlights:

... Full operator team meets in Papeete, Tahiti, French Polynesia ...
... Only one suitcase missing ...
... Busy Monday ...
... Early flight Tuesday ...
... Frequency adjustments ...
... New Pictures ...
Yesterday many operators converged on the Air Tahiti Nui check-in counter at Los Angeles Airport: Carsten, Tonno, Eric, Harry, Andy, Andre, and Dietmar. They boarded the TN 021 flight to Papeete, on time and uneventful. After 8.5 hours they were greeted at the airport by other operators who arrived on different flights earlier in the day: Les, Robert, Milt... and by local Polynesian radio operators William FO5JV, Michel FO5QB and Dani FO5QJ.
Andre DL8LAS failed to discover his suitcase at baggage claim in Tahiti. Although promised for this morning's delivery, it in fact is still in Los Angeles. It will travel to Tahiti tonight, but arrive two hours later than the team's departure to Mangareva. Andre is presently visiting shops in Papeete to get some clothing for the trip to Ducie.
Our Polynesian friends brought us to the hotel, where we soon crashed into the horizontal position for some well-deserved sleep. Some of the European operators had been traveling for more than 30 hours.
Finally the operators are all in one place -- except Robin, who is waiting for us aboard the "Braveheart", now on anchor in Mangareva. Sleep was short: after five hours came a beautiful sunrise, over the lagoon. Temperature stands at 26C.
In a few minutes the team meets for breakfast, and later this morning will explore Tahiti with our Polynesian friends. This afternoon includes a lunch and team planning meeting.
Tomorrow morning at 4am local time we leave the civilized hotel resort life for the airport once more, this time to fly to Mangareva and to the "Braveheart".
Frequencies:
After a review of reports from Europe and North America, VP6DX will move the 75m SSB transmit frequency to 3781 kHz. The 160m CW transmit frequency also moves to 1826.3 kHz.
New Pictures
In the DXpedition section of our gallery you find pictures about the journey of the team.

Bonjour à tous

DUCIE VP6DX:
Infos :

Dernières nouvelles:
Hier, beaucoup d'opérateurs ont déjà rejoint l'équipe aux guichets de Air
Tahiti Nui à l'aéroport de Los Angeles: Carsten, Tonno, Eric, Harry, Andy,
Andre, et Dietmar.
Ils ont voyagé sur le TN 021 flight vers Papeete, et sont arrivés sans
encombre.
Après 8 heures et demie de vol, ils ont été accueillis par les autres
opérateurs arrivés par d'autres vols un peut plus tôt dans la journée . Les,
Robert, Milt... et par les radioamateurs locaux, William FO5JV, Michel FO5QB et

Dani FO5QJ.
Andre DL8LAS n’a pas retrouvé ses bagages à Tahiti. On les lui a promis pour ce matin, en réalité ils sont restés à LA. Ils vont être transportés la nuit prochaine mais arriveront deux heures après e départ pour Mangareva. André fait les boutiques pour acheter des vêtements de rechange pour Ducie.
Nos amis Polynésiens nous ont amenés à l’hôtel, ou nous nous sommes affalés en position horizontale pour une petite sieste Certains opérateurs européens ont du faire quelques 30 heures de vol effectif.
Finalement tout le monde est là, sauf Robin, qui nous attend à bord du "Braveheart", maintenant à l’ancre à Mangareva.
La nuit fut courte. Après cinq heures, nous avons assisté à un merveilleux lever de soleil sur le lagon. La température est constante à 26C.
Dans quelques minutes nous prendrons notre petit déjeuner et partirons visiter Tahiti avec nos amis FO. Cet après-midi, il y aura un regroupement et un briefing avant le Sur
Demain matin à 4 heures locales nous quitterons notre hôtel « civilisé » pour l’aéroport o un dernier vol nous amènera à Mangareva et ensuite, embarquement sur le "Braveheart".
Fréquences :
Après étude des informations reçues d’Europe et d’Amérique du Nord, VP6DX transmettra en 75m SSB sur 3781 kHz. La fréquence 160m CW a été aussi dplacée sur 1826.3 kHz.
Nouvelles photos :
Sur _http://ducie2008.dl1mgb.com/news/index.php_ (http://ducie2008.dl1mgb.com/news/index.php) , section DXpedition , nouvelles photos de notre voyage.
Info du site de l'expédition
Merci VP6DX Team

5ème semaine Antarctique:

La 5ème Semaine Antarctique, se tiendra du 18 au 24 février 2008. De par le monde, de nombreuses stations spéciales seront sur l’air de même que les stations sp »ciales Année polaire Internationale (IPY)
Sur le site web du WAP à _www.waponline.it_ (http://www.waponline.it/) , , cliquez sur "Antarctic Activity Week", et vous obtizndrez la liste des participants à cette 5ème édition, avec leurs références donant les points pour les différents diplômes (Voir "WAP Awards" , sur le côté gauche de la page d’ accueil.
Merci Gianni I1HYW

FRANCE – Saint Barthélémy FJ
Patrick, F6CMH, sera actif depuis Saint Barth (NA 146), sous indicatif FJ/F6CMH, du 13 au 22 mars 2008 .
Principalement en SSB sur 20 et 40m.
QSLvia F6CMH

Merci Radioamateur.org

From: K1XN
Topic: 6586 Message: 6586

FROM CDXA Club member AA4NN in Costa Rica:We have the license permission from the ministry of telecommunications--the 'top dog' has signed off on it. You need to tell the gang our callsign will be TI9KK, not TI9K as previously issued for us. There is a huge gotcha, however, because for a new call sign license there must be at least a 5 day wait in order to publish the permission in some official paper or whatever. So...big delay here. Today a group of us--not me because I will have work assignments here--will take a bus to San Jose for the 5 hour ride. They will stay overnight in order to be at the ministry early Monday to try and convince the officials to waive the wait period. This may work; may not. At best, it could be Wednesday before we can even leave for Cocos. The boat Captain is aware of this and will stand by, of course.

6587. Alaska "Counties"

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-02-05 21:56:35 UTC
From: Bob Main
Topic: 6587 Message: 6587

Anybody have a clue what is accepted as the correct "county" names for Alaska? I spent some time this today searching and not having much luck. DXBase uses, as an example, "Central", but if I go to County Hunters.com they have "4th (C)". Another site has "Fourth Judicial District", which I also tried as "4th Judicial District". All of these for the same "county".

I have an ADIF file that I have been trying to import and have 10 QSOs that I can't get accepted because of the "county" names in Alaska. Just about ready to delete the "counties" and move on to bigger and better things.

Thanks,
Bob

6588. RE: [GOLIST] Alaska "Counties"

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-02-05 22:51:45 UTC
From: Karl Renz
Topic: 6587 Message: 6588

Hi Bob,

Alaska is divided up into 4 Judicial districts at least this is what is used for county hunting. There was an article on the CH blog sometime ago which went into detail. Try KL1V, Kent. He is a big time CH who also does mobile work putting out counties. His email is KR@... AK is also divided up into sometype of "counties" but most are in the boon docks.

Join in on 7188 or 7056.5 for plenty of county hunter activity.

I am down to 3 left for the entire 3079 and I will be going out soon putting out counties from my mobile.

Gud luck.

Bonjour à tous:
Info concours de Davide, IW1DQS et Bill, NG3K:
David hello.
Je serai actif ce week-end (9-10) dans le CQWPX RTTY depuis la station
concours “MI CASITA" (NP3U).
QSL NP3U via WP4U, buro ou direct avec SASE et IRC.
Saludos amigo David y bona fortuna, chao.
73' Carlos(WP4U)
Merci DAVIDE IW1DQS

Concours : ARRL DX CW (Feb 16-17, 2008)
Origine: N2TTA (n2tta@...)
Indicatif : NP2S
DXCC : Iles Vierges USA
Catégorie : Mono opérateur toutes bandes
CQ : 8
QSL via : W3HNK
Opérateur: N2TTA

Notes: Sur place du 12 au 19/02. En dehors du concours,
NP2/N2TTA.
Toutes QSL y compris NP2S via W3HNK

Concours : CQ WW WPX , SSB (29-30 Mar, 2008)
Oriigine : DL7BC (_dl7bc@..._ (mailto:dl7bc@...))
Indicatif : CN2BC
DXCC : Maroc
Catégorie : Mono opérateur toutes vandes basse puissance.
CQ : 33
QSL via : DL7BC

Operateur : DL7BC (=CN2BC)

Merci Bill, NG3K

TI9 dxpédition
De AA4NN n membre du CDXA Club, Costa Rica:
Nous avons reçu la licence signée du Ministre des Télécommunications.
L'indicatif final attribué est TI9KK (et nous TI9K comme prévu).
Et inconvénient nous oblige a refaire toute notre publicité et publications officielles , pour lesquelles 5 jours d'attente sont obligatoires.
et il nous faudra bien 5 jours pour cela.*
Aujourd'hui un premier groupe a pris le bus pour San Jose (5 heures de trajet). Ils passeront la nuit pour être de bonne heure au Minisère lundi matin à la première heure, et tenter de convaincre l'Administration de supprimer le délai d'attente.Ca peut marcher (ou non).
Au mieux nous pourrions partir pour Cocos, mercredi.
Le capitaine a été avisé et attend bien sur.
[WTDXA]

Meilleure Dxpédition de l'année 200 en VHF.
Would you read the correct information:

RESULTATS du VOTE pour la meilleure DXPEDITION VHF de l'ANNEE 2007.

Voir la rubrique SPECIAL News sur www.MMMonVHF.de

1er , Meilleure Dxpédition 2007
OH8K (VHF-Op.: OH8MSM, OH6JW, OH6ZZ et OH6HFX)

2nd - PJ4EME (VHF-Op.: PE1L et PA3CNX (maintenant PJ4NX))
3ème - 3X5A (VHF-Op.: AA7A et KC7V)

Kind regards from Frank DL8YHR (main sponsor of the Trophy) and Jani, HA5CRX, in the name of the MMMonVHF-Team (http://www.MMMonVHF.de)

Merci Frank, DL8YHR and Guy, DL8EBW.

Saint Barthelemy – FJ:
Bonsoir à tous.
Bill More,NC1 a confirmé la validation pour le DXCC de l'opération TO5FJ.
Je commencerai à répondre aux QSL dans une couple de semaines.
Pour ceux qui veulent la carte en direct et qui ne l'auraient pas encore demandée, faites le rapidement car une augmentation des tarifs postaux est prévue le premier mars.
SVP pas d'enveloppe prétimbrées. Voir la rubrique spécifique pour les QSL sur ma page à :
t http://www.f6exv.org/

Thanks

Hello World,

I got the information that all members and equipment is loaded and that the Braveheart is on its way to Ducie Island (thanks WA6ZVP). Maybe you can hear them when they work with /MM. Reports are always welcome. We would be delighted if DX editors would publish this information as widely as possible and DXers bring it to the attention of their clubs and fellow DXers. An update of the website follows this evening (Germany).

UA4WHX: Vlad and his helpers are still mailing cards for his
African and Middle East activity in 2005 and 2007. The cards
are hand written so it takes a very long time, but he says they are
working very hard to get them done. The backlog is greater
than their efforts. He says, "Volunteers to come and fill them
out are more than welcome here."

6597. QSL ROUTING INFORMATION

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-02-06 18:28:18 UTC
From: K1XN
Topic: 6597 Message: 6597

Hi Golisters,
As all of you know, I make attempts to confirm all the Qsl routes listed in the Golist. Also, as you all know, this is an impossible goal to reach. It seems of late that the confirmation replies are coming in much slower or not at all.
In future weekly data files you will see in the notes statements like "Does not Answer Confirmation Requests". This means that the manager has not responded to numerous email or snail mail requests. Another note will be "Did not receive a confirmation Reply". This means no response to my initial confirmation request.
I certainly hope that the managers that have these messages in the notes respond to your qsl requests, but it does make me wonder. You can feel confident that even though the manager has not responded to my request, that he/she is the correct routing for the listed call sign. If I have doubts, I will not list the route in the Golist. Of course some routes change from year to year and the Golist record could be out of date. This is the reason I do the confirm routine everyday and that replys from the managers is important to me.
Keep the faith, it will all work out in the long run.

6598. Bouvet DX NEWS

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-02-06 18:29:22 UTC
From: K1XN
Topic: 6598 Message: 6598

6 February 2008

3Y0E is rapidly approaching the end of operations - was it really Dec 19, 2007 Petrus ZS6GCM made fame with his Bouvet callsign?
This was never a full blown Dxpedition with all the state of the art equipment being used. Just newly licensed Petrus, with a joint South African/Norwegian research team on Bouvet, using a borrowed IC-735 and 4BTV vertical. He did fantastically well.

All good things must come to end. Petrus has been in constant contact recently, and informs the team he will break camp and go QRT from Bouvet Island on Saturday, Feb 9 2008.
Upon his arrival home, 3Y0E will be staying with Rhy ZS6DXB for two weeks. During this time Petrus will provide access to all videos/images he took whilst on Bouvet. Stan SQ8X has some very important news about this, which will be included on site sometime Friday.

This morning at 06:30UTC, true to his word, Petrus was heard calling CQ for JA/VK. Unfortunately, he reports HF conditions were awful.
To date, 3Y0E has made over 1400 QSO's from Bouvet Island. The team thinks this is a remarkable achievement from one so new to amateur radio. Until Feb 9, Petrus will remain calling on 142 60 MHz, with a split of "up 5?. Generally, he transmits from approx 17z onwards, until he hears no more.
So, with only a few more days to go, 3Y0E and the team congratulate everyone who has made contact with the fifth most wanted DXCC. Logbook issues/errors will be looked at closely once Petrus himself is back home. Stay tuned for this...

Everyone associated with 3Y0E would again like to thank individual donors who very kindly donated to Petrus to enable him to gain some radio equipment of his own. All monies donated have now made it possible for Petrus to purchase a beam for his next Dxpedition! Thank you!

3Y0E.com has now over 35,000 unique visits, with over 105,000 page views. We thank everyone who has added their input to the site.
* You may be interested to view the ship steaming towards Bouvet to collect the team

"OPEN UKRAINE RTTY CHAMPIONSHIP'2008"
RULES

1. Date: 01-02.March.2008.
The CONTEST consist of 2(two) parts: LOW BAND (1,8 &
3,5 MHz) and HIGH BAND (7, 14, 21 & 28 MHz).

2. Time: LOW BAND part includes 2(two) rounds: the First round
is from 22:00 - 23:59 UT (March,01), the Second - from
00:00 - 01:59 UT (March,02).
HIGH BAND part: 08:00 - 11:59 UT (March,02).

3. Bands: 1,838 - 1,842 MHz; 3,580 - 3,620 MHz; 7,035 - 7,045 MHz;
14,070 - 14,112 MHz; 21,080 - 21,120 MHz; 28,080 -
28,200 MHz.

4. Mode: RTTY (BAUDOT).

5. Call: CQ UKR.
Attention! Repeated QSO with the same participant is
permitted on different bands and in each round of
LOW BAND-part.

6. Exchange: Two letters - the abbreviation of region (state, canton,
province, land, uyzd, district, county, lan, etc.) +
serial number starting from 001.
For example:
Poltava region (Ukraine)-PO001; Ancona (Italy)-AN021;
Alsace (France)-AL035; Gotlands lan (Sweden)-GO123.

7. Scoring: 2 points for each contact on HIGH BAND-part and for each
contact in each round LOW BAND-part + 10 points for new
region (province, canton, district, etc.) on each bands
of HIGH BAND-part and on each bands and in each round of
LOW BAND-part.

8. Classes: A - SOMB, one transmitter;
B - MOMB, one transmitter;
C - SOSB 1,8 MHz, one transmitter;
D - SOSB 3,5 MHz, one transmitter;
E - SOSB 7,0 MHz, one transmitter;
F - SOSB 14,0 MHz, one transmitter;
G - SOSB 21,0 MHz, one transmitter;

H - SOSB 28,0 MHz, one transmitter.

For single band participants are allowed to sign in one
SOSB class of LOW BAND contest part and in another one
SOSB class in HIGH BAND part of contest separated.
Please mark you choice in the log!

9. Final scoring: For classes A and B - Total score is the sum of all bands
results;
For classes C,D,E,F,G and H - the score is single band
result.

10. Awards: There are Diploma and medal "CHAMPION OF UKRAINE
RTTY'2008"
for the first, second and third place of A and B classes;
There are Diploma "OPEN UKRAINE RTTY CHAMPIONSHIP'2008"
for the first, second and third place of C,D,E,F,G and H
classes and Awards "UKRAINE" for top ten of all classes.

11. Logs: Cabrillo format is preferred. LOG need your personal info,
class, address; full QSO data, eg: band, mode, date, time,
your call, send exchange, station call, received exchange.
Follow is an example of LOG file.

All participants in any class must send his log as one
file - "call.log" or "call.cbr", for example ux0ff.log,
oh2lu.cbr...
And as well a summary sheet. Comments, anecdotes and
suggestions will be welcomed!
LOGs entries must be postmarked or E-mailed
by 03.April.2008.

12. Note: All logs will be cross-checked by special computer
software. We are going to use for the final Result ONLY
QSOs which have QSO time declination no more than 2
minutes.

Please don't forget to correct Your computer's clock
before
the Contest!

We are going to use for the final Result ONLY QSOs
confirmed
by received LOGs! Please send Your LOG even if You made
only
a few QSOs.

All participants regardless of category must remain on the
band at least 10 minutes after changing bands, quick QSY
to another bands is permitted only for category B
(multi-op)
to work new region (province, district). QSOs made during

10-minute rule on another band and which are not new
regions
will be removed from the LOG without penalty.

All stations can use the spotting network (like DX
Cluster).
Self-spotting techniques is not allowed for all classes.

This contest is supported by "MixW2" software:
www.mixw.net

For "RTTY by WF1B" users:
you can download special converter to make you LOG in
Cabrillo:
www.qrz.ru/contest/attachment.phtml?soft=62
Don't forget to read manual to this converter before
contest!

If your RTTY software don't support log format for this
contest, please make modification using follow example
of CABRILLO LOG for "OPEN UKRAINE RTTY CHAMPIONSHIP":

START-OF-LOG: 2.0

From: K1XN
Topic: 6600 Message: 6600

TI9KK Cocos Island 2008 is on!

I have just received the following good news from Carlos, TI8II:

/Subject: TI9KK/
/Hello Friends:/
/Few minutes ago this morning I talk with the Director of Control Nacional of Radios and he say after review few matters and put rules on the table,the licence for Cocos Island is issue as TI9KK only for 7 days,bigining the day of departure,that means they only have a 5 days operation,because all most 2 days traveling on maritime mobile,due this trouble,and to avoid any more confusion,in few weeks we have a meeting to set-up a new rules and regulations in this matter,at the present time we agree by phone,about any licence for TI9 have to be 3 or 4 months in advance,team leader have to be TI,any licence for TI9 has to be issue on for 7 days,and trips to the Island only twice a year,one on Febrary and the second time by the end of the year(maybe October or December)so that's the latest news from here./

/I will take this opportunity,to say once again,as a ham radio and dxer,all foreign DX stations are very welcome,many many things are saying in DX pages and the cluster,some is true and some parts are just BS,from people who don't know any thing about this matter,any way last world ......TI9KK is ON!!!!!!/

/Best regard for each one,73.............Carlos/

When he got home last spring he was saying not to send currency, just IRCs, with one IRC covering up to 7 cards if I recall.

He wanted at least one QSL card for a "personal touch" to QSLing, but after that, just list the calls worked and other QSOs on a sheet of paper. I sent one QSL and all my other QSL labels on one sheet.

I sent 4 IRCs covering 33 QSOs with 6 or 7 entities, and I'm still waiting. I suspect it'll be a year or more before I get 'em, but I'm not worried.

Dear DX Publicists,

For our upcoming operation on Christmas Island, East Kiribati,
Bill N7OU will sign T32OU and Bob W7YAQ will sign T32YA. For
the ARRL DX CW Contest we will use T32OU. QSL to the home calls.

As I wrote before, we'll be operating Feb. 12-26, 160-10m,
mainly CW with some RTTY and SSB, and using 100w rigs and
vertical antennas.

73 and cu on the bands,
Bill N7OU

Dear EME friends,
In honour of Josep Prats,EA3DXU, who passed away in October 2007,
EA3BB, EA3AYX, EA3EZG, EA3AEN, EB3JT, EA3XU organize an expedition
to the initial location from where Jose Maria first worked EME in
1985, San Salvador de Guardiola, 70 kms from Barcelona.
The expedition is supported by many EA operators working VHF-UHF
and EME. Pau, EA3BB (Josep's brother) has rebuilt part of Josep's
original expedition station and plans to operate JT65 on 144.141MHz
during the DUBUS and REF contest of Feb. 9 and 10, using the
special call ED3DXU. Periods and more details as well QSL INFO :
http://www.mmmonvhf.de/latest.php?id=1177

DL1YMK 2008 Moonbounce DXpedition to Uruguay
Hi Gang, just to let you know that everything is settled now for
this year's EME DXpedition. Monika & myself will be operating from
the 1st of May to the 12th of May from Uruguay using the callsign
DL1YMK/CX, as licensed by the Uruguayan telecom authority URSEC.
We have been struggling for nearly a year to get a fully legal high
power permit for operating from CX on 70 cm, 23 cm and 13 cm
moonbounce. MORE: _http://www.mmmonvhf.de/latest.php?id=1176_
(http://www.mmmonvhf.de/latest.php?id=1176)
Tks MMM VHF and Guy, DL8EBW.

HC – ECUADOR & BRAZIL:
Rick,NE8Z, will be QRV in CW on 80-10m from Tumbaco/Ecuador signing

HC1MD from Feb 7-14 and from Feb 21-27. In between he will show up
as PY1/NE8Z from Rio de Janeiro from Feb 15-20.
K8LJG is the QSL manager for both calls.
Tks DXNL

5th Antarctic Activity Week (18-24 Feb.)

Hello Folks,

Yuri Mirolyubov RK3DSW operator at Molodezhnaya Base-1987 as 4K1A, will be
active as RK3DSW/ANT (WAP-65), during the 5th AAW (18-24 Feb.) and will
operate
SSB, CW, RTTY & PSK31 on all bands. QSL via bureau or direct via:
Yuri O. Mirolyubov RK3DSW
Box 57 Elektrostal 144000 Russia

Note: All the Special Stations active during the AAW, are not operating from
Antarctica, but from their home QTH, to celebrate Antarctica, this year also
in
the spirit of the International Polar Year. Purpose of the A.A.W. is to
improve
Worldwide interest around Antarctic Continent and its related matters, to
understand and share what the Nations and Organizations are doing in
research
and to protect this still non contaminated corner of the world, to share a
message of peace WW.

Amis de l'EME ,
En l'honneur de Josep Prats,EA3DXU, décédé en octobre 2007,
EA3BB, EA3AYX, EA3EZG, EA3AEN, EB3JT, EA3XU organisent une expédition sur le site utilisé par Josep en 1985, pour sa première activité EME à, San Salvador de Guardiola, 70 kms de Barcelone.

Le frère de Josep, a restauré la plupart du matériel utilisé alors. Ils espèrent intervenir dans les prochains concours du DUBUS et du REF-Union les 9 et 10 février, en mode JT65, sur 144.141 MHz.
Indicatif : ED3DXU.
Tous les détails sur :
http://www.mmmonvhf.de/latest.php?id=1177
(http://www.mmmonvhf.de/latest.php?id=1177)
Merci MMM VHF and Guy, DL8EBW.

L'expédition Moonbounce 2008 de DL1YMK 2008 en Uruguay.
Hi Gang,
Juste pour dire que tout est prêt.
Monika et moi même seront actifs du 1er au 12 mai, avec l'indicatif délivré par les autorités uruguayennes URSEC., DL1YMK/CX,
Puissance maximum autorisée par les autorités CX sur 70 cm, 23 cmet 13 cm moonbounce.
Détails : _http://www.mmmonvhf.de/latest.php?id=1176_
(http://www.mmmonvhf.de/latest.php?id=1176)
Merci MMM VHF and Guy, DL8EBW.

HC – EQUATEUR & PY BRESIL:
Rick, NE8Z, sera QRV en CW sur 80 à 10m depuis Tumbaco/Equateur, avec l'indicatif HC1MD , du 7 au 14 février et du 21 au 27 février.
Entre temps il sera PY1/NE8Z depuis Rio de Janeiro, du 15 au 20 février.
QSL manager pour les deux indicatifs : K8LJG.
Merci DXNL

5ème Semaine Antarctique:
Bonjour à tous
Yuri Mirolyubov RK3DSW (ex opérateur de la Base Molodezhnaya en 1987 indicatif 4K1A) sera actif sous indicatif RK3DSW/ANT (WAP-65), pendant la semaine antarctique (18 au 24 février) en SSB, CW, RTTY & PSK31 , toutes bandes.
QSL via bureau ou direct via:
Yuri O. Mirolyubov RK3DSW
Box 57 Elektrostal 144000 Russie

Note:
Toutes les stations spéciales intervenant dans la Semaine antarctique, ne sont pas actives depuis l'Antarctique. Beaucoup opèrent depuis leur propre

QTH.
L’objet de cette semaine est de célébrer l’Antarctique, et aussi pour
cette année de célébrerl’Année Polaire Internationale.
Le but est également d’encourager tout un chacun de par le monde à s’
interesser à tout ce qui touche le continent Antarctique, pour mieux comprendre les
activités partagées par les états et les organismes de recherche et de
protection de cet environnement , pas encore trop pollué.
C’est aussi u message de paix au monde.

I.C.P.O. Bulletin (February 07-15, 2008)
Islands, Castles & Portable Operations.
Listing is by calendar date (day/month/year)
==========

07/02/2008: Rick, NE8Z will be active as HC1MD from Tumbaco, Ecuador between February 7-14th and February 21-27th (with an in between side trip to Rio de Janeiro, Brazil, PY1/NE8Z). He plans to operate CW and SSB on 80-10 metres. QSL both calls via K8LJG. [425 DX News]

07/02/2008: Jean Pierre, F6FQX is currently active from Costa-Rica as TI2/F6FQX until February 29th. QRV 10123 or 14023 kHz, every day from 1330 - 1400 UTC, CW only. QSL via home call. [F5NQL]

07/02/2008: Vlad, UA4YA will be active February 7-9th as UA4YA/p from RDA districts CU-14 (Kozlovsky) and 18 (Marinsko-Posadsky), Republic of Chuvashia (oblast CU for Rossija award, #097). QSL direct or bureau. [RX3RC]

07/02/2008: Operators Bernd/DK7TF, Karl/DL4FP and Rudi/DK7PE of the "Lufthansa Amateur Radio Club" (LARC) will become QRV February 7th from Cambodia as XU7DLH with two transceivers and wire antennas, if possible also on 160m. Their stay will last for about one week. QSL via DK7TF, direct or bureau. [DX Newsletter]

08/02/2008: The Mitsubishi Electric Tokyo HAM Club (JM1YGG) will be going on a DX vacation, with 17 club members and their families (total of 20 people) to Fiji (OC-016). They will depart from Narita on February 7th and expect to be QRV February 8-10th as 3D2/JM1YGG on all HF bands including 160m and 6m. Operators mentioned are JA1BAB, JA1RNO, JA1RTG, JH1JNV, JI1EOP, JJ1EWN, JQ1EFI, JQ1LCW, JR1KHM, 7L3IJK, JN2AMD, JA3RAF, JF3IPR and JR3OET. QSL via JM1YGG. [DX World of Ham Radio]

08/02/2008: Adolfo, EA7TV reports he will operate as EA7TV/p from the two El Rompido lighthouses ARLHS SPA-271 and SPA-337) February 8-10th. QSL via home call, direct or bureau. [425 DX News]

08/02/2008: Bernhard, DL2GAC, is globetrotting again: First he will show up as VU2BMS from Cochin in India, February 8-22nd. He will then fly to Honiara, Guadalcanal Island (OC-047, also count for WLOTA LH-0086) where he will reactivate his old call sign H44MS between March 5th until April 27th. As usual Bernhard confirms all QSL cards via bureau or direct very reliably after his return home. [DX Newsletter]

09/02/2008: Operators BA4TB, BD4TH, BD4TBC, BG4TBJ, BG4TQX and BG4TTM will be active as B4TB during the CQ WW RTTY WPX Contest (February 9-10th), as a Multi-Single entry. QSL via BA4TB. [NG3K]

09/02/2008: Look for Yuris, YL2GM to be QRV as D4C from the MonteVerde contest station, Mindelo, Ilha do S?o Vicente (AF-086 LH-1976), as a Single-Op/All-Band/High-Power entry during the CQ WW RTTY WPX Contest. QSL via IZ4DPV, direct or bureau. [NG3K]

09/02/2008: Dej, E21YDP will be active from Thailand as a Single-Op/All-Band entry during the CQ WW RTTY WPX Contest. QSL via QRZ.com. [NG3K]

09/02/2008: Heijo, DJ1OJ will be QRV as EA8OM from Tenerife (S-012 for the Spanish Islands Award, WLOTA LH-1276), Canary Islands (AF-004), during the CQ WW RTTY WPX Contest (February 9-10th), as a Single-Op/All-Band/Low-Power entry. QSL via home call. [NG3K]

09/02/2008: Valery, RD3AF will be QRV as EF8M from Las Palmas Gran Canaria (DIE S-005 for the Spanish Islands Award, WLOTA LH-0969) Canary Islands (AF-004) during the CQ WW RTTY WPX Contest (February 9-10th), as a Single-Op/All-Band/High-Power entry. QSL via RX3DU. [NG3K]

09/02/2008: Bruno, F4FIU/p will be active February 9th, weather permitting, from the Mill of Orsinval (DMF 59-059 New One!), Department Nord/59, Province of Nord Pas de Calais (DPF 16). QRV 80 and 40 meter SSB. QSL via home call, direct or bureau. [Radioamateur.org]

09/02/2008: Look for Fran?ois/F5JNE and Gerard/F6ICG to be active February 9th from the Castle of Pont-Chevron (DFCF 45-044), City Ouzouer-sur-Tr?z?e (CP 45250) and canton [county] of Briare (DDCF 45-05), Department Loiret/45, Province of Centre (DPF 07). As usual starting around 0700 UTC, 80/40m, CW/SSB. QSL via bureau preferred and SWL cards are welcome. [F5NQL]

09/02/2008: Patrick, F8DYD will be active February 9th as F8DYD/p from the Castle La Tour des Douves (DFCF 86-040, WW Loc. JN06DN), commune of Poitiers (CP 86000), canton [county] of Poitiers 6th (DDCF 86-36), Department Vienne/86, Province of Poitou-Charentes (DPF 19). QRV 80 and 40m, mainly SSB. QSL via home call, direct or bureau. [F8DYD]

09/02/2008: Costantino, HI3CCP plans to be QRV as HI3C from Loma del Toro, Dominican Republic (NA-096, WLOTA LH-2974) during the CQ WW RTTY WPX Contest (February 9-10th), as a Single-Op/Low-Power entry. QSL via ON4IQ. [NG3K]

09/02/2008: Ted, HI3TEJ will be active as HI3T from the Dominican Republic (NA-096, WLOTA LH-2974) during the CQ WW RTTY WPX Contest (February 9-10th), as a Single-Op/All-Band/Low-Power entry. QSL via ON4IQ. [OPDX Bulletin]

09/02/2008: Operators Rick/KI1G, Pat/NG1G, Matt/WE1H, Carlos/WP4U, Bill/N1HRA and Davide/IW1DQS will be QRV as NP3U from the Mi Casita Contest Station (NP3U), island of Puerto Rico (NA-099, USi PR-006S, WLOTA LH-2802) during the CQ WW RTTY WPX Contest (February 9-10th), as a Multi-2 entry. QSL via WP4U, direct or bureau. [NG3K]

09/02/2008: Look for Juha, OH9MM to be QRV from the Riddarklint hill, Mariehamn, Aland Islands (EU-002, WLOTA LH-1373) as OH0Z during the CQ WW RTTY WPX Contest, as a Single-Op/All-Band entry. QSL via W0MM, direct or bureau. [NG3K]

09/02/2008: John, T77CD, will be active during the CQ WW RTTY WPX Contest (February 9-10th). QSL only direct to I0MWI. [OPDX Bulletin]

09/02/2008: Team RK4YYY will be active February 9-10th as UE4YWI/m from RDA districts CU - 23, 19, 26, 17, 25, 11, 13, 05, 15, 27, 15, 13, 05, 22, 23, 02 and CU-03, Republic of Chuvashia (oblast CU for Rossija award, #097). QSL via RX4YY, direct or bureau. [RX3RC]

09/02/2008: Look for Dennis, WA2USA to be active as WA2USA/4 from Dauphin Island (NA-213) February 9-18th. The call sign K4D will also be used. QRV all HF bands, near the usual IOTA and Island frequencies, CW and SSB. QSL both calls via WA2USA, direct or bureau. Website at: www.wa2usa.com/dauphinBB.htm [RSGB IOTA]

09/02/2008: Look for Bruce, XW1B to be QRV from 'The Farm' near Vientiane, Laos, during the CQ WW RTTY WPX Contest (February 9-10th), as a Single-Op/All-Band entry. QSL via E21EIC direct preferred, bureau ok. [NG3K]

10/02/2008: Dick, AD7AF will be QRV as E51WWA from Mauke Island (OC-083), South Cook Islands, between February 10-21st, including a Single-Op/Low-Power entry in the ARRL DX CW Contest (February 16-17th). Outside the contest Dick will be active on the HF bands, CW and SSB with 100W. QSL via AD7AF, direct (QRZ.com). [NG3K]

10/02/2008: Odd-Egil, LA8AW will once again be active as JW8AW from Spitsbergen Island (EU-026, also count for WLOTA LH-0125 between February 10-18th. QRV all bands 160-10m, mostly CW. QSL via home call. [OPDX Bulletin]

10/02/2008: Operators John/K3CT and John/K3TEJ will be QRV as KP2/homecall from the island of St. Croix (count for WLOTA LH-2477), US Virgin Islands (NA-106) between February 10-20th, including a Multi-2 entry in the ARRL DX CW Contest (February 16-17th) as KP2M. Outside the contest look for them to be active on HF, with emphasis on 160m and the WARC bands. QSL via home calls. QSL KP2M via AI4U. [NG3K]

10/02/2008: The final countdown for the VP6DX Ducie Island (OC-182) team (Dietmar/DL3DXX, Ben/DL6FBL, Carsten/DL6LAU, Andy/DL8LAS, Tonno/ES5TV, Eric/K3NA, Milt/N5IA, Harry/RA3AUU, Leszek/SP3DOI, Robert/SP5XVY, Cliff/SV1JG, Andy/UA3AB and Robin/WA6CDR) has started. The team expects to reach the island at the local sunrise on February 9th and to be QRV not earlier than the local night on the 11th. They plan to set up seven stations on two widely separated locations, with one 26m-tall vertical for 160m, five 4-Squares (80, 40 and 30m), five vertical dipole arrays (20, 17, 15, 12 and 10m) and one 5-element Yagi for 6m. Actual QRT time will be dictated by weather and sea forecasts; if conditions are good, operations will end February 28th. An expedition

to Ducie Island (OC-182) is being organized to take place in February 2008. QSL via DL6LAU, direct only (Carsten Esch, Drosselweg 3, 21376 Salzhausen, Germany). Bureau card requests will be accepted only through the Online QSL Request System, which can be used for direct cards as well (see www.vp6dx.com for full information on QSLing). All of the remaining QSOs will be confirmed automatically via the bureau after 8-12 months. Details on how to contribute, news, on-line logs and much more can be found at: www.vp6dx.com/ [425 DX News]

11/02/2008: Andr?, ON7YK (C56YK) and Jose, ON4LAC (C56JC) will be QRV from Kerr Serign, Banjul, The Gambia (WW Loc. IK13PM) between February 11th and March 6th. Plans are to operate on 80-10 metres, with some activity on 160 and 6 metres as well. Expect C56JC to focus on PSK and RTTY. QSL via the information at QRZ.com. [F5NQL & 425 DX News]

11/02/2008: Operators Paul/N4PN (J79PN), Charlie/NF4A (J79PC), Don/W9IU (J79IU), Jim/WI9WI (J79WI) and Kevin/WN9O (J79KM) will be active February 11-19th from the island of Dominica (NA-101). Their main focus will be on the ARRL DX CW Contest (February 16-17th) using the call sign J7DX, a Multi-Multi entry. Activity outside of the contest will be on all HF bands using CW and SSB. They will concentrate heavily on 160m, 80m and the WARC bands. QSL J7DX via W9IU and QSL J79WI, J79IU, J79KM, J79PN, and J79PC via home calls. [NG3K]

11/02/2008: Ray, K9DUR/p will be active February 11-16th from Dauphin Island (NA-213, USi AL-002S, Mobile county), Alabama. Look for activity around the usual island and IOTA frequencies. QSL via home call, direct or bureau. [RSGB IOTA]

11/02/2008: Ulf, DK5TX will be active February 11-17th as PA/DK5TX from Goeree Overflakkee (EU-146). QRV on 2m (SSB/slow-CW), 6m (SSB/slow-CW) and 10-80m (SSB/slow-CW/RTTY). QSL via home call, bureau preferred or direct (QRZ.com). Email request for a bureau card can be made to dk5tx@... instead of sending a QSL. [RSGB IOTA]

11/02/2008: Rob, VE4GV will be active as VE4GV/6Y5 from Ochos Rios, Jamaica (NA-097, WLOTA LH-0214) February 11-18th, ARRL DX CW Contest included. He plans to operate CW, SSB and possibly digital modes on 10-80 metres. QSL via home call. [425 DX News]

12/02/2008: Look for Mark, M0DXR to be active as 6Y5/M0DXR from the island of Jamaica (NA-097, WLOTA LH-0214), February 12-25th, ARRL DX CW Contest (February 16-17th) included as a Single-Op/All-Band/Low-Power entry. Outside the contest Mark will be active on all bands. QSL via home call. [NG3K]

12/02/2008: Jos?, ON4LAC will be in The Gambia as C56JC, between February 12th to March 5th. He will focus on PSK and RTTY modes which were, unless we are mistaken, never actived from C5. Some SSB too, except when Andr?, C56YK will be using this mode. QSL via home call. [F5NQL]

12/02/2008: Members of the Rhein Ruhr DX Association Contest Team, namely Falk/DK7YY, Ulf/DL5AXX, Tom/DL5LYM and Frank/DL8WAA will be active as CT9L from Santana, Madeira Island (AF-014, MA-001 for the Portuguese Islands Award, WLOTA LH-0053) during the ARRL DX CW Contest (February 16-17th), as a Multi-2 entry. Between February 12-18th they will be QRV as CT3/homecall. QSL CT9L via DJ6QT, direct or bureau. QSL others via their home calls. [NG3K]

12/02/2008: Slavo, SP2JMB reports he will be active as EA8/SP2JMB from Isla de Tenerife (DIE S-012 for the Spanish Islands Award, WLOTA LH-1276), Canary Islands (AF-004), February 12-19th. He will operate CW and SSB on 80-10 metres. QSl via home call, direct or bureau. [425 DX News]

12/02/2008: Look for Yuri, N2TTA to be QRV February 12-19th as NP2/N2TTA from the island of St. Croix (NA-106, WLOTA LH-2477), including a Single-Op/All-Band entry in the ARRL DX CW Contest (February 16-17th). Outside the contest look for activity on all bands/modes. QSL both calls via W3HNK. [NG3K]

12/02/2008: Operators Mike/W9RE, Mark/N5OT, Don/W4OC and Hal/N4GG will be active from the island of Bonaire (SA-006, also count for WLOTA LH-1279) as PJ4/homecall from February 12-19th on all bands. They will also participate in the ARRL DX CW Contest (February 16-17th) as a Multi-2 entry, using the call sign PJ4M. QSL via the individual operators home call. QSL PJ4M via N4GG. [NG3K]

12/02/2008: Bill/N7OU (T32OU) and Bob/W7YAQ (T32YA) will be operating from Christmas Island (OC-024), Eastern Kiribati, from February 12-26th, including a M/S entry in the ARRL DX CW Contest using the call sign T32OU. They will be using 100w and verticals on 160-10m, mostly CW, but some SSB and RTTY. QSL via home calls. [F5NQL]

12/02/2008: Look for Yuri, VE3DZ to be active from Belize as V31?? (call pending) between February 12-18th. He will also participate in the ARRL DX CW Contest (February 16-17th) as a Single-Op/All-Band entry. QSL via home call, direct or bureau. [NG3K]

13/02/2008: Russell, G5XW will be active as CN2XW between February 13-23th from various parts of Morocco, from the Atlas Mountains across to the coast. He hopes to manage to get to IOTA group AF-065 during this time. Equipment will be mininum as this is a backpacking holiday. QSL direct to home call. [425 DX News]

13/02/2008: Koya/JI5RPT (JD1BLY), Motoaki/JE1EKS (JD1BMO) and Iseki/JM1WBB (JD1BMP) will be active from Chichijima Island (AS-031, WW Loc. QL17CB, JCG#1007), Ogasawara, on 160m to 6m + Satellite CW/SSB/DIGI + 2m WSJT EME from February 13-28th. The team will have 1st time 2m EME 500Watts license during in this expedition. They plan to focus on 160m, 80m and 2m EME. They also plan to be active in the ARRL DX CW Contest (February 16-17th) as a Single-Op/All-Band entry. QSL via home calls. Further information on their web site at: www.ji5rpt.com/ogasawara2008/jd1-2008.php [NG3K]

13/02/2008: Operators Stan/AC8W (PZ5WW), Hank/K8DD (PZ5DD), Jim/KB8TXZ (PZ5TX) and Jay/W5JAY (PZ5AY) will be QRV from the QTH of Ramon, PZ5RA in Paramaribo, Republic of Suriname, from February 13-18th. They also plan a Multi-Single entry in the ARRL DX CW Contest (February 16-17th) using the call sign PZ5WW. Look for activity on 160-10m and WARC bands. QSL PZ5DD and PZ5WW via K8DD. QSL PZ5AY via W5JAY. QSL PZ5TX via KB8TXZ. [NG3K]

14/02/2008: Tadeusz/SP3IPB + xyl Agnieszka/SQ3WN, Janusz/SP6IXF + xyl and Przemek/SP7VC will be QRV February 14-16th as FS/homecalls from the island of St. Martin (NA-105, DIFO FS-001, WLOTA LH-0711) and between February 17-26th as FJ/homecalls from St. Barthelemy Island (NA-146, DIFO FJ-001, WLOTA LH-0377). The plan is to operate from 7 to 28Mhz including WARC bands CW/SSB/RTTY. There will be no online logs during expedition. Logs will be aviable on the web after the expedition. [4X4-2238 & 4Z4DX]

14/02/2008: Eric, K9GY will be active as H7/K9GY from the QTH of YN2N (www.yn2n.com/) located near Granada, Nicaragua, from February 14-18th, including a Single-Op/All-Band/Low-Power entry in the ARRL DX CW Contest (February 16-17th). He will be QRV 160-10m during and outside of the contest. Logs will be loaded to LOTW although direct QSL via CBA is ok too. [NG3K]

14/02/2008: Operators Mario/DJ2MX, Simon/DJ4MZ, Manfred/DJ5MW, Matt/DK4YJ and Chris/DK9TN will be active as HB0/homecall between February 14-18th. The group plans to be active during the ARRL DX CW Contest as HB0/N0MX as a Multi-2 category. QSL via their home call sign (except for HB0/N0MX: QSL via DJ2MX). The DXpedition Web site is at: www.dk9tn.de/2008/hb0 [OPDX Bulletin]

15/02/2008: Philippe, F5IYJ will be active as FS/F5IYJ from St. Martin (NA-105, WLOTA LH-0711) February 15-22nd. He might also go and operate as PJ7/F5IYJ from Sint Maarten. Expect Philippe to operate holiday style and to concentrate on CW. Details will be available at f5iyj.com/; QSL via home call. [425 DX News]

15/02/2008: Look for Yoshi AB2ST/KH2, Toshi KB3LTB/KH2 and Toshi KG6WTW/KH2 to be QRV from the island of Guam (OC-026, USi GU-003S, WLOTA LH-0064), February 15-17th. Activity will be on HF, all bands. QSL all calls via JF1TEU, direct or bureau. [NG3K]

15/02/2008: Look for Dave, WJ2O to be active as VP5/WJ2O from Jodi's Hamlet on Providenciales Island (NA-002), Turks and Caicos Islands from February 15-22nd, including a Single-Op entry in the ARRL DX CW Contest (February 16-17th). QSL via home call. [WJ2O]

Be sure to check Bill's (NG3K) web site for updated CQ WW RTTY WPX Contest activity at: ng3k.com/Misc/cqrjwpx2008.html

TI9KK start 08.02.2008 - end 14.02.2008
Travel time 40 hours departure to the island from Playa del Panama

06.02.2008
Arrival from the island in Playa del Panama 16.02.2008.
Planned 7 days QRV with 6 station 24 Hours on air.
Special note for RTTY and PSK31 operators: Please limit your QSO exchange to report and callsign ONLY. [TI9KK Website]
==========
LOOKING AHEAD -

16/02/2008: A team of operators will be active from Luxembourg as LX7I during the ARRL International DX CW Contest (February 16-17th) as a Multi-2 or Multi-Single entry. QSL via LX2A (www.lx2a.com/) [NG3K]

18/02/2008: Yuri Mirolyubov, RK3DSW operator at Molodezhnaya Base (1987) as 4K1A, will be active as RK3DSW/ANT (WAP-065), during the 5th AAW (February 18-24th) and will operate SSB, CW, RTTY and PSK31 on all bands. QSL via bureau or direct via: Yuri O. Mirolyubov RK3DSW, Box 57 Elektrostal 144000, Russia.
Note: All the Special Stations active during the AAW, are not operating from Antarctica, but from their home QTH, to celebrate Antarctica, this year also in the spirit of the International Polar Year. Purpose of the A.A.W. is to improve Worldwide interest around Antarctic Continent and its related matters, to understand and share what the Nations and Organizations are doing in research and to protect this still non contaminated corner of the world, to share a message of peace WW. [I1HYW]

22/02/2008: Wong, VR2KW will be active from the Foshan Amateur Radio Club (Grid OL63NA), using the club call BY7PP on February 22nd and 23rd. QRV on 50-144-432-EME, using 2x6ele Max 100W on 6m; 2x9ele Max 300W (main band) on 2m; and 2x20ele Max 70W on 70cm. QSL via BA7NQ (QRZ.com). [MMMonVHF]

26/02/2008: Ulli, DL2AH plans to be active holiday style as VP8/DL2AH from Pebble Island, Falkland Islands (SA-002), between February 26th and March 13th. QRV 40-10m with FT897 and Windom antenna, using mainly SSB with some RTTY. QSL via DL2AH, direct (QRZ.com) or by the bureau. [NG3K]

05/03/2008: Bernhard, DL2GAC, will be QRV as H44MS from Honiara, Guadalcanal Island (OC-047, also count for WLOTA LH-0086), March 5th to April 27th. As usual Bernhard confirms all QSL cards via bureau or direct very reliably after his return home. [DX Newsletter]

13/03/2008: Patrick, F6CMH will be active from Saint Barthelemy Island (NA-146, DIFO FJ-001, WLOTA LH-0377) between March 13th and 22nd. QRV mostly 40 and 20m SSB. QSL via home call. [F5NQL]

20/03/2008: Jack, F6BUM (www.f6bum.net) will be active again as 3W3M from Vietnam between March 20th and April 2nd. He plans to operate SSB and CW with 100 watts into a vertical antenna from the following three islands: March 20 (1000 UTC) - March 23 (0600 UTC) from Con Cô (AS-185, new one); March 25 (0800 UTC) - March 28 (0600 UTC) from Phu Quoc (AS-128); March 29 (1000 UTC) - April 2 (0600 UTC) from Dao Con

(AS-130). Expect activity on 40, 30, 20, 17, 15, 12 and 10 metres. QSL via F6BUM, direct or bureau. [425 DX News]

22/03/2008: Ben, DO1BEN will be active March 22-28th as OZ/DO1BEN from Lolland Island (EU-029, DIA SJ-015 for the Danish Islands Award, WW Loc. JO54QV). QRV on all HF bands. QSL via home call, direct (QRZ.com) or bureau. [RSGB IOTA]

29/03/2008: Hart, DL7BC will be active from Morocco as CN2BC during the CQWW WPX SSB Contest (March 29-30th) as a Single-Op/All-Band entry. QSL via DL7BC. [NG3K]

01/04/2008: Club Radio Amateur de Quebec members will be active as VC2VQ in order to celebrate the 400th anniversary of the foundation of Quebec City. Activities will start from April 1st to April 30th on 14.150, 7.070, 3.780 MHz. QSL via the bureau. [RAQ]

06/06/2008: Patrick, ON7ARQ will spend his holidays on the Island of Elba (EU-028, IIA LI-001, MIA MI-022 WLOTA LH-0609), June 6-16th, using the call sign IA5/ON7ARQ. QRV on HF-20m/50W/dipole + 6m/10W/Vertical + 2M/20W/4ele + 0.7m/5W/Vert. + 0,23m/2W/16ele, ATV/23cm/2W or 20W/16ele, with TS50 kenwood HF+ITU FT817+FT290+FT690. The weekend QRV in VHF Contests. QSL via home call, direct of bureau. [F5NQL]

29/11/2008: Bernd, VK2IA will be active as VK9AA during the CQWW DX CW Contest (November 29-30th) from Cocos (Keeling) Island (OC-003) as a Single-Op/All-Band entry. QSL via DL8YR. [NG3K]
==========
SPECIAL EVENTS -

09/02/2008: This year, the team composed of the French pilot Sebastien LOEB and his co-pilot Daniel ELENA have won the World Rallies Championship (WRC), for the 4th consecutive time. To honour them, a team of hams from the French Saone et Loire area will be active on HF, VHF and UHF, all modes between February 9th and 23rd, using the special call sign TM4WRC. QSL via F4ELU. [F5NQL]

09/02/2008: The Swedish Heathkit Club, SK7XN located in Huskvarna, Sweden, will be QRV February 9th (0700z-1800z) for Heathkit Activity Day and to celebrate the birth of Howard Anthony. Look for activity on 3.540, 3.700, 14.040 and 14.287 MHz. A special QSL card will be available by sending a direct request to: Swedish Heathkit Club, Mats Gunnarsson, Baldersgatan 6, Ljungby SE-341 33, SWEDEN. The Swedish Heathkit Club web site can be found at: www.heathkit.se/ [SK7XN]

15/02/2008: Look for Jean-Claude, F5IL to be active as TM5ICE (WAP-127) from February 15-29th, from his QTH in the Eure department/27 (Normandy). Mainly on digital modes, RTTY and PSK31. Active also in CW, for the DDFM award hunters, and a little SSB. QSL via F5IL, direct (SAE + Postage) or via the REF bureau. [F5NQL]

U.S.A. Special event station information can be found at:
www.arrl.org/contests/spev.html

6 METERS & UP -

- The MMM VHF Website users have voted and named as the best VHF
dexpedition of the year 2007, the MS/2m OH8K team, (Op. VHF- OH8MSN,
OH6JW, OH6ZZ and OH6HFX) for their MS/2m activities from the grid: KP04.
The complete log for the MS2m ativities since 1999 is online at:
http://kotisivu.dnainternet.net/mmaamaha/allqsos.txt
2nd place: PJ4EME (Op. VHF- PE1L and PA3CNX (now PJ4NX)
3rd place: 3X5A Team (Op. VHF- AA7A and KC7V) [F5NQL]

- ARRL Creates Fred Fish Memorial Award
On motion of Mr. Isely, seconded by Mr. Fallon, it was VOTED that the
following resolution be adopted:

WHEREAS, a group of dedicated 6-meter-band operators has created, documented, and spespecified an award for working all 488 grid squares within the continental United States, and
WHEREAS, this group has presented this information to ARRL for the purpose of sponsoring this award as a logical capstone to the VUCC program, and
WHEREAS, it is believed that confirming QSOs with all 488 USA grid squares was accomplished only by the late Mr. Fred Fish, W5FF;
NOW, THEREFORE, BE IT RESOLVED, that the ARRL establish the Fred Fish Memorial Award, and
FURTHERMORE, that this dated and serial-numbered award be given to any amateur radio operator who confirms on 6 meters all 488 grids of the contiguous states, and
FURTHERMORE, that the #1 award be issued posthumously to Fred Fish, W5FF, and presented to his wife Lee Fish, K5FF. [QRZ.com]

- In honour of Josep Prats, EA3DXU, who passed away in October 2007, operators EA3BB, EA3AYX, EA3EZG, EA3AEN, EB3JT and EA3XU organize an expedition to the initial location from where Jose Maria first worked EME in 1985, San Salvador de Guardiola (Grid JN01), 70 kms from Barcelona. The expedition is supported by many EA operators working VHF-UHF and EME. Pau, EA3BB (Josep's brother) has rebuilt part of Josep's original expedition station and plans to operate JT65 on 144.141MHz during the DUBUS and REF contest (February 9-10th), using the special call ED3DXU. Periods and more details as well QSL info: http://www.mmmonvhf.de/latest.php?id=1177 [F5NQL]

- Michael DL1YMK reports that everything is settled now for this year's EME DXpedition to Uruguay. Monika & myself will be operating from May 1-12th from Uruguay using the callsign DL1YMK/CX, as licensed by the Uruguayan telecom authority URSEC. We have been struggling for nearly a year to get a fully legal high power permit for operating from CX on 70 cm, 23 cm and 13 cm moonbounce. Further info at: http://www.mmmonvhf.de/latest.php?id=1176 [F5NQL]
==========
- Paul, F6EXV reports that Bill Moore NC1L has approved the TO5FJ operation valid for DXCC. He will start answering cards within a couple of weeks. For whoever wants to QSL direct and has not sent cards yet, please do so rapidly, as there will be a postal increase on March 1st. Please do _*not*_ use seld-addressed _*STAMPED*_ enveloppes, and refer to my webpage for QSL directions and log online at www.f6exv.org/ [F5NQL]

- Greenland gets 5MHz. The Greenlandic telecom administration has announced seven 5MHz frequencies for OX operators to use SSB, CW and digimodes. ey now have 5260, 5280, 5290, 5368, 5373, 5400 and 5405 kHz. [GB2RS]
==========
CHURCHES AND CHAPELS ON THE AIR -
You have heard of lighthouses on the air, mills on the air, and even mines on the air.

Well, G3XYF is co-ordinating Churches and Chapels on the air (CHOTA).
The date this year is Saturday 13 September, 2008.
Planning is starting now, so if you are interested in participating
please contact John, G3XYF by email to: (g3yxf -at- btconnect.com.)

From: K1XN
Topic: 6607 Message: 6609

Hi Ron,
As of right now, I do not have any idea when/if the RAC
call book will be available. I tried to contact the company in
Germany, but have not received any reply.
It really looks as if the powers of RAC are not interested
in staying in business. Their actions are really a puzzle
to me.
John

Due to ship schedule change, I already QRT. On Friday

morning, we will ship to OENO, then Gambier.

VP6PR contacted over 10,000 QSO! Many thanks to

Pitcairner.

From Gambier, I would like to operate FO/KH0PR.

But only solar power at my accommodation

So, I think my operation will be limited.

Best regards,

(07Feb2008 YOSHI)

I.C.P.O. (Islands, Castles & Portable Operations)
UPDATE -
==========

3B8 MAURITIUS & 3B9 RODRIGUES -
Jose, ON4LAC will be QRV from Mauritius Island (3B8, AF-049) October 18th to November 6th and from Rodrigues Island (3B9 AF-017) November 7th to December 12th. Jose is waiting to receive his call signs from ICTA. QSL via his home call. [K1XN & GoList]

FO - GAMBIER ISLANDS -
Yoshi, JJ8DEN has gone QRT from Pitcairn island and is now heading for Oeno, then Gambier. He plans to be QRV from the Gambier Islands (OC-063) as FO/KH0PR, but only with solar power at his accommodation making for limited operation. QSL via JJ8DEN (Yoshitake Izumi, 7 Minami-24 Nishi-1 Obihiro-city, Hokkaido 080-0011 JAPAN) with SASE 2US$ or 1IRC, Envelope 115*140 or more. [JJ8DEN]

FT/X - KERGUELEN ISLAND -
Gwenael, F4EFI reports that Gildas, TU5KG will be in the Kerguelen island area (FT5XR/mm) February 15th and 16th to refuel the ship. He plans to be active from the base Port aux Francais, Kerguelen Island (AF-048, DIFO FT-011, WLOTA LH-0439) as FT5XR during this period if the weather is good to land, not as last time. QSL via F4EFI, direct or bureau. [F4EFI]

- Get ready for HAM RADIO 2008 in Friedrichshafen!
The Friedrichshafen Ham Radio event will take place from June 27 - 29, 2008.
The new webpage is online (www.hamradio-friedrichshafen.de/html/de/). You will find all relevant and up-to-date information concerning HAM RADIO 2008, hints for accomodation, registration for IARU societies/officials, useful information in general, the IARU Officials' Program etc. Any questions should be directed to the DARC International Affairs Committee. [K1XN & GoList]

6615. Kosovo to Be Independent Feb. 17

Yahoo group: GOLIST (2007 — 2010)

From: K1XN
Topic: 6615 Message: 6615

Serbia: Kosovo to Be Independent Feb. 17

By DUSAN STOJANOVIC -- 8 hours ago

BELGRADE, Serbia (AP) --- The Serbian minister for Kosovo said Friday that his government has information that the province's Albanian leadership will declare independence on Feb. 17.

Slobodan Samardzic said in a statement that "the government of Serbia is receiving relevant information" that Kosovo's government will "illegally declare unilateral independence of Kosovo on Sunday, Feb. 17." He did not specify the source of information.

The Kosovo Albanian leadership has said that it will declare independence from Serbia "in a matter of days," but has never specified the exact date.

Serbia strongly rejects the statehood of Kosovo even though the southern province has not been under its control since NATO's bombing in 1999 to stop a crackdown against the Kosovo Albanian separatists.

Samardzic's statement was issued after a meeting with a senior European Union official, Stefan Lehne, who was in Belgrade to clarify the bloc's plans to send an EU policing and administrative mission to Kosovo.

Serbia has rejected the EU mission, saying it would be a prelude to the province's independence.

Samardzic said that Serbia will not sign any cooperation agreement with the EU, arguing that it would amount to "the signature for the independence of Kosovo."

The Serbian government has been deadlocked over its ties with the EU. Nationalist Prime Minister Vojislav Kostunica's faction rejects closer ties with the EU because of the Kosovo issue, while the pro-Western groups allied to President Boris Tadic advocate quick Serbian integration into the bloc.

The United States and most EU nations support Kosovo's independence, saying they would recognize the province's statehood soon after it is declared by Kosovo Albanians.

6616. VP6DX QRV by Feb 10

VP6DX QRV by Feb 10
<http://hamspirit.wordpress.com/2008/02/08/vp6dx-qrv-by-feb-10/>

I just got the message from Roger (WA6ZVP) that he had
a QSO with Milt (N5IA). The Braveheart is about 100 miles
away from Ducie Island. The team expects to arrive at the
island at daybreak Friday.They are a day ahead of the
nominal timeline so we expect them to be operational at
Feb 10th. Stay tuned!

6618. Looking for TI9MOT QSL

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-02-09 23:32:47 UTC
From: Daniel
Topic: 6618 Message: 6618

Hi folks

Since 2003 I'm waiting for a QSL card from the TI9MOT DXpedition. QSL via TI6MOT or TI2MOT, who knows exactly.

I've send 5 envelopes with everytime $$2 in it. NO response. eMail is also NOT working.

Does anybody knows more or can help??

Daniel, HB9DDS

6619. Alaska "Counties"

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-02-10 04:08:19 UTC
From: nx0x@aol.com
Topic: 6587 Message: 6619

Bob,

Not sure if anyone has answered your question or not. I've had so many emails this week as I've not been on the computer, I have been deleting them fairly quickly and yours caught my eye to read.

To answer your question:

1st district = Southeast
2nd district = Northwest
3rd district = South Central
4th district = Central

As per what is "accepted" it depends where you are referring to. I log under DX4WIN and they use the word names. As per USA-CA (CQ's County award) they use more the district numbers but they will take it either way. Bottom line is whatever way you log it just keep it all the same. names, districts ect...

Hope that helps.....

73,
Brian - NX0X

Anybody have a clue what is accepted as the correct "county" names for Alaska? I spent some time this today searching and not having much luck. DXBase uses, as an example, "Central", but if I go to County Hunters.com they have "4th (C)". Another site has "Fourth Judicial District", which I also tried as "4th Judicial District". All of these for the same "county".

I have an ADIF file that I have been trying to import and have 10 QSOs that I can't get accepted because of the "county" names in Alaska. Just about ready to delete the "counties" and move on to bigger and better things.

Thanks,
Bob

Topic: 6520 Message: 6621

Hi John !

Thanks for your message. Sorry, I was QSY to Bucharest/Romania for three
weeks -- that's the reason for this delay in answering your mail.

Concerning the list of stations for which I manage their QSLs, for 2008
it is a little bit shorter as follows:

4L1MA ON4RU ALL CONTACTS - Direct+SASE <2$/1irc>|2IRC
SV9/ON4RU ON4RU ALL CONTACTS - Direct+SASE <2$/1irc>|2IRC
YB1BAD ON4RU ALL CONTACTS - Direct+SASE <2$/1irc>|2IRC
YE1AA ON4RU ALL CONTACTS - Direct+SASE <2$/1irc>|2IRC

I'm no longer QSL Manager for other calls.

Thanks for understanding and see you soon on the bands,
73 MAR , ON4RU

UPDATE -
==========
Helsinki
February 11, 2008

FIRST BATCH OF FJ/OH2AM CARDS RELEASED TODAY

Due to a printing error on the front of the full-color FJ/OH2AM card, the entire batch was rejected upon arrival of the coveted cards in Finland.

Another batch of QSLs was printed and they arrived in Finland over this past weekend, February 10, and the first cards were already released today. All direct requests should be out by March 15.

Sorry for any inconvenience. The ARRL will start processing St. Barthelemy cards on April 1, so we are still on top of the matter.

From: K1XN
Topic: 6629 Message: 6629

From: "[IZ8CCW]" <iz8ccw@...>

Dear all,

Last Friday we successfully arrived to Caleta Tortel after abt 450 km driving on gravel roads on very mountainous terrain. We boarded our boat Jorge Montt and left for Wager Island. Due to the bad weather conditions in the Messier Channel we had to stay overnight in a protected bay. We arrived to Wager Island on Saturday noon. We quickly set up the antennas at the tideline and the pileups started. At around 1800 the rain started too and was followed by gale force winds. The tents were deformed by the wind and even the ?all weather proof?tents could not resist the sheer pressure of water and soon we were all soaked. Food, clothes, everything. In the meantime our boat sought protection from the elements in a protected bay in Byron Island. By 2000 local we lost contact with them too. We spent the rest of the night trying to operate, communicate with the CE Navy and protect ourselves from the rain and wind. At 9 AM we had to reduce operation to minimum to
spare gasoline for emergency communication. At 1 PM we were told by the CE Navy base to leave the island immediately and seek refuge. I had a last frenetic hour on 17m running EU at 5q/min rates under a piece of plastic hand keying on my knee and paperlogging until the captain gave the final order to leave. At that moment we had 2400 QSOs from XR7W in the log. Crossing the channel again at the Pe?as Golf was horrifying. We got back to Tortel by 5AM Sunday morning. After obtaining the necessary documentation to Roger we left Tortel at 11AM. Everything was ?fine? until 1930 when near to a small place called Bahia Murta our rented/borrowed van slipped of the gravel road and hit a rock frontally and turned upside-down. The car was frontally damaged and we were first taken to a nearby village called Rio Tranquillo which had a first aid outpost where our injuries were inspected and we were immediately sent to Coyhaique abt 200 km away in an ambulance car, the nearest place with a hospital.

There we were inspected more thoroughly and xrayed. Vlad RV1CC was diagnosed with a broken left upper arm, Marco CE6TBN with cuts and bruises and a broken rib, Yuri RA0FU with cuts and me with a broken finger (not cw!), a broken rib and am suffering from compression on the torax bone. The question this morning was if Vlad had to be operated here or can be flown home to SPB. I feel very lucky to survive that accident and I hope we all get the fit-to-fly (sic!) clearance asap.

Of course our first priority at the moment is to get out from Coyhaique. The damage in car, equipment and additional costs are estimated in excess of 11k euro. Some photos were taken, as soon as I will a bit more fit, I will publish them somewhere. If you can and want to contribute to lessen this damages please feel free to contact me via this email. Please feel free to

circulate this info bulletin.

This expedition took us to the most difficult places in non-Antarctic Chile and it frustrates me that we missed the very last step.

73!

De: "[IZ8CCW]" <_iz8ccw@..._ (mailto:iz8ccw@...) >

Cher tous
Vendredi dernier nous sommes arrivés sans encombre à Caleta Tortel après environ 450 km de routes de montagne empierrées.
Nous avons embarqué le matériel et sommes partis pour l'île Wagner.
A cause de la mauvaise météo dans le Messier Channel nous avons du passer une nuit à l'abri dans une crique. Nous sommes arrivés à Wagner le samedi midi. Nous avons installé rapidement les antennes et les pile ups sont partis très vite.
A 1800 la pluie a commencé et le grand vent s'est levé.
Les tentes (même celles garanties tempêtes) n'ont pas résisté à la pression du vent et nous avons été vite trempés de même que les vêtements de rechange et la nourriture et tout le reste.
Pendant ce temps notre bateau était à l'abri dans une anse protégée de l'île Byron, mais à 2000 nous avons perdu contact avec lui.
Nous avons passé le reste de la nuit à essayer de trafiquer et de communiquer avec la Marine chilienne et nous protéger des éléments déchaînés.
A 0900 nous avons réduit le trafic au minimum pour économiser le gas oil et le réserver pour les communications d'urgence.
A 0100 la Marine chilienne nous a donné l'ordre de quitter Wagner sans délai et de chercher refuge ailleurs.
Nous avons cependant pu avoir une ouverture sur l'Europe dans la bande des 17m, avec des pointes de 5 QSO/minute, avec un petit manip sur mon genou et un log papier. U moment de quitter Wagner nous avions 2400 QSO pour XR7W.
Retraverser le détroit à Peñas Golf fut terrible.
Nous étions de retour à Tortel à 5AM le dimanche matin.
Après avoir obtenu les documents nécessaires, nous quittions de nouveau Tortel à 11AM.
Tout allait bien jusqu'à 1930 quand près du village de Bahia Murta, notre combi a dérapé sur les pierres et fini sa course contre un rocher avant de se

retourner.
Le véhicule était très endommagé à l’avant.
Nous avons été transportés dans au village de Rio Tranquillo où nosz blessures ont été inspectées dans un service médical local; nous avons tout de suite été transférés, par ambulance, à l’hôpital le plus proche à 200km de là à Coyhaique .
Les premières radios ont décelé :
Vlad RV1CC, fracture de l’humérus gauche.
Marco CE6TBN , coupures, contusions multiples et une côte cassée.
Pour moi (ce7/ha1ag), un doigt cassé, (pas celui de la cw), et un début d’ enfoncement de la cage thoracique.
La question est de savoir si Vlad sera opéré ici ou s’il pourra reprendre l’ avion et se faire opérer plus tard à St Petersbourg.
Je pense que nous avons eu beaucoup de chance de nous en tirer comme ça ; nous espérons être de nouveau sur pied le plus rapidement possible
Naturellement notre première priorité sera de quitter rapidement Coyhaique.
Nous avons estimés les dommages au véhicule et nos pertes à environ 11 000 euros.
On a pris quelques photos ; je les publierai quand je serai remis .
Si vous souhaitez nous aider, vous pouvez m’écrire à ha1ag@yahoocom.
C’était une expédition difficile dans une zone du Chili hors antarctique et nous sommes frustrés d’avoir raté le dernier épisode.

This expedition took us to the most difficult places in non-Antarctic Chile and it frustrates me that we missed the very last step.

6633. RAC CD INFORMATION

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-02-14 00:31:14 UTC
From: K1XN
Topic: 6633 Message: 6633

Hi folks,
I just received a phone call from the owners of
Radio Amateur Call Book and we had a very good
discussion about the RAC business. He has offered
to send to me a shipment of current CD,s for my
users. I have committed to the order and I do not
even know the final cost to me after shipping from
Germany.
I believe that I will still be able to hold to the discount
that I give to you each year and will continue with the
FREE shipping to customers in the USA. For orders outside
of the USA shipping will remain at $5.00 per CD.
I will as in the past, remove the CD from the standard jewel
case and place it into a slim jewel case to lessen the cost of
shipping the CD.
If you are interested in purchasing the latest RAC CD then please
place your order on the Secure order form on the Golist web site.
Credit cards will not be charged until I know the final cost of the
CD and have them in stock for shipment.
RAC in Germany apologizes for the delay in the availability of the
CD to the American market.
I am working on arrangements with RAC to avoid delays of the CD to
my users in the future.

14 February 2008

"Another hoax"

People love gossiping rising up excitement before things may happen. But such situations may lead to misunderstandings and certainly -- learning some wrong information. We just experienced another hoax that hit ZS8-preparations.

The team of 3Y0E has been alarmed today some unconfirmed news of unknown origin are hitting some top dx bulletins with details of next Petrus' activity from ZS8 -- Marion Island.
Remembering recent problems caused by sharing unconfirmed news regarding 3Y0E activity bringing dx chasers to misunderstanding, we would like to clarify that we cannot take any responsibility for any gossips and hoax news spreading across the world.

*****We suggest all dx news and bulletins publishers to verify any news regarding ongoing preparations and further arrangements of ZS8-activity received with us before publishing them to avoid sharing incorrect news again. Avoid hoaxes, please.... ****

We would like to clarify that Petrus Kritzinger ex 3Y0E, currently ZS6GMC/mm is set as a team leader for another shift of scientific team going to Marion Island for 1 year.
The arrangements for his activity from ZS8 are in progress now. Currently we try to collect some equipment for Petrus to make his ZS8 activity more complex, delivering another most wanted DXCC entity you at high level.

We would like to ask once more for being aware of publishing wrong news regarding this operation. A brand new, ZS8-dedicated site is under construction now. Its web address will be published soon and more news regarding any further activity of Petrus will be announced right there.
On behalf of the team...

Hi Don
Thank you for the order. I hope to have the order from Germany in
the next 7 to 10 working days.
When the shipment arrives I will make the announcement. I will start
filling orders at that time and then make the charges to the credit card as
I work the orders. We will see how this works. Tell others I have an
order coming in. If I sell out and still have orders, I will try and make
another order from Germany.
If this is successful, then maybe I can work something out with RAC
in Germany.

CQ Announces Expansion of WPX Award Program
Digital Modes Added Along with New Bands

(Hicksville, NY, Feb. 14, 2008) -- CQ magazine and WPX Awards Manager Steve Bolia, N8BJQ, have announced several changes to the WPX Award program in response to feedback from program participants. The changes, effective immediately, add new bands and create a new Digital WPX Award.

Under the new rules, contacts on all bands between 160 and 6 meters will count for WPX award credit. In addition, new band endorsements will now be available for 5 MHz, 10 MHz, 18 MHz, 24 MHz and 50 MHz contacts. A separate Digital WPX Award has also been added, for contacts made on RTTY, PSK and other keyboard modes, with 300 confirmed prefixes required for the basic level of the award. Digital-mode contacts will also count toward the existing Mixed award, as will those prefixes worked on the newly added bands.

Details on these and other changes will be published in the March 2008 issue of CQ magazine and are posted along with the March issue highlights on the CQ magazine website at < http://www.cq-amateur-radio.com>.

The WPX Award Program recognizes amateurs for making confirmed contacts with the many callsign prefixes used by radio amateurs around the world. Top achievers are eligible for the WPX Honor Roll and the WPX Award of Excellence. General information and complete rules are available on the CQ website at <http://www.cq-amateur-radio.com/awards.html>.

CQ magazine sponsors a variety of operating awards and on-air competitions to encourage amateur radio operators to sharpen their operating skills and to recognize those reaching high levels of achievement.

From: K1XN
Topic: 6643 Message: 6643

Hi folks,
I have just completed another conversation with the
managing owner of RAC-Germany. He advised that my
order of CD's will be shipped Friday via DHS to me.
I will be looking for them in 7 to 10 working days from
Friday. I will post an announcement on this reflector when
arrive. I will start filling the orders immediately at that time.
This will take me a couple of days as I have to first process
the credit card roders, then package, label and send to the
post office the CD's.
Our conversation also produced an agreement to work
together for the remainder of this year on the remaining
product releases. The next release will be in May (this release
will probably be skipped due to the late availability of the current
RAC CD. (I have alot of these to move). The last release of this
year will be in November. I will firm up release dates later next
month and provide the reflector the info for those that wish to place
an order for the future releases.
Please make your friends and fellow club members aware that the
RAC is available at a discount from your provider (the Golist).
New clients are certainly welcome. You do not have to be a Golister to
order the RAC CD from me now or in the near future.
More info later.....

==========

11/02/2008: Stefan, DL1MUC reports that Karlheinz, DK2WV will be active from Rwanda as 9X0W, February 11-21st. QRV holiday style using a IC-706, low power, dipoles, wires and maybe a small amplifier. QSL 9X0W via DK2WV, direct or bureau. [DL1MUC]

14/02/2008: Tadeusz/SP3IPB + xyl Agnieszka/SQ3WN, Janusz/SP6IXF + xyl and Przemek/SP7VC will be QRV February 14-16th as FS/homecalls from the island of St. Martin (NA-105, DIFO FS-001, WLOTA LH-0711) and between February 17-26th as FJ/homecalls from St. Barthelemy Island (NA-146, DIFO FJ-001, WLOTA LH-0377). The plan is to operate from 7 to 28Mhz including WARC bands CW/SSB/RTTY. There will be no online logs during expedition. Logs will be aviable on the web after the expedition. [4X4-2238 & 4Z4DX]

14/02/2008: Rich, K2WR will be active February 14-17th from the Isle of Jersey (EU-013, WLOTA LH-0818) using the call sign MJ0AWR. He also plans a Single-Op/All-Band/High-Power entry in the ARRL DX CW Contest as GJ2A. QSL both calls via K2WR. [NG3K]

14/02/2008: Eric, K9GY will be active as H7/K9GY from the QTH of YN2N (www.yn2n.com/) located near Granada, Nicaragua, from February 14-18th, including a Single-Op/All-Band/Low-Power entry in the ARRL DX CW Contest (February 16-17th). He will be QRV 160-10m during and outside of the contest. Logs will be loaded to LOTW although direct QSL via CBA is ok too. [NG3K]

14/02/2008: Operators Mario/DJ2MX, Simon/DJ4MZ, Manfred/DJ5MW, Matt/DK4YJ and Chris/DK9TN will be active as HB0/homecall between February 14-18th. The group plans to be active during the ARRL DX CW Contest as HB0/N0MX as a Multi-2 category. QSL via their home call sign (except for HB0/N0MX: QSL via DJ2MX). The DXpedition Web site is at: www.dk9tn.de/2008/hb0 [OPDX Bulletin]

15/02/2008: Philippe, F5IYJ will be active as FS/F5IYJ from St. Martin (NA-105, WLOTA LH-0711) February 15-22nd. He might also go and operate as PJ7/F5IYJ from Sint Maarten. Expect Philippe to operate holiday style and to concentrate on CW. Details will be available at f5iyj.com/; QSL via home call. [425 DX News]

15/02/2008: Gwenael, F4EFI reports that Gildas, TU5KG will be in the Kerguelen island area (FT5XR/mm) February 15th and 16th to refuel the ship. He plans to be active from the base Port aux Francais, Kerguelen

Island (AF-048, DIFO FT-011, WLOTA LH-0439) as FT5XR during this period if the weather is good to land, not as last time. QSL via F4EFI, direct or bureau. [F4EFI]

15/02/2008: Look for Yoshi AB2ST/KH2, Toshi KB3LTB/KH2 and Toshi KG6WTW/KH2 to be QRV from the island of Guam (OC-026, USi GU-003S, WLOTA LH-0064), February 15-17th. Activity will be on HF, all bands. QSL all calls via JF1TEU, direct or bureau. [NG3K]

15/02/2008: Look for Dave, WJ2O to be active as VP5/WJ2O from Jodi's Hamlet on Providenciales Island (NA-002), Turks and Caicos Islands from February 15-22nd, including a Single-Op entry in the ARRL DX CW Contest (February 16-17th). QSL via home call. [WJ2O]

16/02/2008: Look for operators Johnny/LA5IIA, George/N2GA and Tony/N2UN to be active as 4U1UN during the ARRL DX CW Contest (February 16-17th) as a Multi-Op entry. QSL via HB9BOU. ADDED NOTE: Johnny/LA5IIA was active this past weekend in the CQ WPX RTTY Contest. Also QSL via HB9BOU. [OPDX Bulletin]

16/02/2008: Operators Krassy/K1LZ, Hrane/YT1AD, Rasa/YU1RL, Mladen/YU7NU, George/6Y5GC and David/KY1V will be active from Hopewell, Jamaica (NA-097, WLOTA LH-0214), during the ARRL DX CW Contest as a Multi-Single entry. QSL via OH3RB, direct or bureau. [NG3K]

16/02/2008: Juan, CO8TW, will be active from Santiago de Cuba, Cuba (NA-015, also count for WLOTA LH-0032) during the ARRL DX CW Contest (February 16-17th) as a Single-Op/Single-Band (20m)/Low-Power entry. QSL via HB9SVT. The log will be online after the contest at: www.qsl.net/co8tw/ [OPDX Bulletin]

16/02/2008: Radiogrupo Sur members Hector/CX2DDP, Gustavo/CX7AT, Daniel/CX9AU, Alex/CX8BR, Bert/CX3AN and Luis/CX3AW will be signing CV5K from Montevideo, Uruguay for the ARRL DX CW Contest as a Multi-Single entry. QSL via CX2ABC [NG3K]

16/02/2008: Girts, YL2KL will be QRV as D4C from the MonteVerde contest station, Mindelo, Ilha do S?o Vicente (AF-086 LH-1976), as a Single-Op/All-Band/High-Power entry during the ARRL DX CW Contest WPX Contest (February 16-17th). QSL via IZ4DPV, direct or bureau. [NG3K]

16/02/2008: Heijo, DJ1OJ will be QRV from the Canary Islands (AF-004) as EA8OM during the ARRL DX CW Contest (February 16-17th), as a Single-Op/All-Band/Low-Power entry. QSL via home call. [NG3K]

16/02/2008: Grupo DX Gran Canaria operators Manuel/EA8ZS, Antonio/EA8BQM, Manuel/EA8BEX, Felix/EA8AVK, Marino/EA8DP and Juan/EA8CAC will be active as EA8ZS in the ARRL DX CW Contest from Sta. Maria de Guia, Las Palmas, Gran Canaria Island (AF-004, DIE S-005 for the Spanish Islands Award, WLOTA LH-0969) as a Multi-Single entry. QSL via EA8ZS. [NG3K]

16/02/2008: Operators Norman/K1DG, Antonio/EA5BY, Juan/EA5FID, Yuri/EA5GTQ and Juan/EA5RS will be active as EE5E during the ARRL DX CW Contest (February 16-17th) as a Multi-Single entry. QSL via the LoTW. QSL is also "OK" via K1DG. [OPDX Bulletin]

16/02/2008: Nodir, EY8MM will be QRV from Tajikistan during the ARRL DX CW Contest (February 16-17th), as a Single-Op/Single-Band (80m)/High-Power entry. He needs KS, LA, ND, NE, WY on 80m. QSL via K1BV. [NG3K]

16/02/2008: Willy, F0ESV/p will be active February 16th from the Castle of Moncel (DFCF 54-001, WW Loc. JN29WD), canton [county] of Conflans en Jarnisy (DDCF 54-11), Department Meurthe-et-Moselle/54, Province of Lorraine (DPF 14). QRV on 2m only (144.254 Mhz +/- QRM), starting around 0800 UTC. QSL via home call, direct or bureau. [Radioamateur.org]

16/02/2008: Look for J-Fran?ois, F8BMN/p to be active February 16th from the Castle Desandroin (DFCF 59-116), located in Fresnes-Sur-Escaut (CP 59970), canton [county] of Conde sur Escaut (DDCF 59-19), Department Nord/59, Province of Nord Pas de Calais (DPF 16). QRV on 80 and 40m, with dipoles and 100W. QSL via bureau preferred, or email at (f8bmncontact59 -at- aol.com). [F8BMN]

16/02/2008: Operators Keith/GM4YXI and Chris/GM3WOJ will be active from Scotland (EU-005, also count for WLOTA LH-1234) as GM7V during the ARRL DX CW Contest (February 16-17th) as a Multi-2 entry. QSL via M0CMK. [OPDX Bulletin]

16/02/2008: Operators Andrea/IK4VET, Roberto/IK4XCL, Alessio/IZ4EFN and possibly others will be active as IO4T during the ARRL DX CW Contest (February 16-17th) as a Multi-Single entry. QSL via IZ4JMA direct. [OPDX Bulletin]

16/02/2008: A team of operators will be active from Luxembourg as LX7I during the ARRL DX CW Contest as a Multi-2 or Multi-Single entry. QSL via LX2A (www.lx2a.com/) [NG3K]

16/02/2008: Members of the Radio-Club Electrans (CSAM) will be active from their F6KHM club station as TM6M during the ARRL DX CW Contest (February 16-17th) as a Multi-? entry. QSL via F4DXW. Operators mentioned are: F1AKK, F5MUX, F5TTU and F8DBF. [OPDX Bulletin]

16/02/2008: Look for Mark, K0EJ to be active from St. Kitts/Nevis (NA-104) as V49A during the ARRL DX CW Contest, as a Single-Op/All-Band/Low-Power entry. Outside of the contest he will be QRV as V44/K0EJ on all bands. QSL via V44NK. [NG3K]

16/02/2008: Kurt, W6PH will be QRV as VP9/W6PH from the QTH of VP9GE in Hamilton Parish, Bermuda (NA-005, WLOTA LH-0201), during the ARRL DX CW Contest as a Single-Op/All-Band/Low-Power entry. QSL via home call, direct only. [NG3K]

16/02/2008: Look for Bruce, XW1B to be QRV from 'The Farm' near Vientiane, Laos, for the ARRL DX CW Contest (February 16-17th), as a

Single-Op/All-Band entry. QSL via E21EIC direct preferred, bureau ok. [NG3K]

17/02/2008: Look for Yu, 7K3BKY to be active February 17-21st as AI4GN/AH0 from Saipan Island, Northern Mariana Islands (OC-086), including an entry in the ARRL DX CW contest (Sunday only). QRV all bands and modes outside of the contest. QSL via 7K3BKY, bureau preferred. [NG3K]

19/02/2008: Gerd/DJ4KW (V31YN/p) and Gisela/DK9GG (V31GW/p) will be active from the Blue Marlin Lodge, South Water Caye (NA-180), Belize, between February 19-26th. Look for them to be QRV on all bands and modes.QSL via home calls, direct or bureau. [425 DX News]

19/02/2008: Willy/ON5AX and xyl Magda/ON3AX will be QRV from: New Zealand as ZL/ON5AX between February 19-27th; Lord Howe Island (OC-004) as VK9ALH from March 23-30th; and Australia (OC-001) as VK4/ON5AX between April 2-7th. Equipment: Alinco DX70 transceiver 100W, groundplane antenna designed and made by Tony ON4CEQ. QRV on CW, SSB and PSK31. QSL via ON5AX or ON3AX. [UBA HF News]

20/02/2008: Geoff, W0CG and Cindy will be QRV as PJ2DX from Signal Point, island of Curacao (SA-006, also count for WLOTA LH-0942) between February 20-26th. Look for activity on all bands and modes. Geoff will also be active on 6 meters, using a FT-100 and Cush-Craft yagi at 85 feet, fed with 7/8 inch hardline. No amp for six. QSL via home call. [CCC & N8OFS]

20/02/2008: John, 9M6XRO (ISWL 9M6-6982)will be back again in Cambodia operating as XU7XRO from February 20th until the 26th. QTH will be Sihanouk Ville (Kompong Som) and like my operation last year the QSL Manager is Graham, M5AAV. Direct QSLs preferred but bureau cards will also be answered. John will be active on CW/SSB and Digimodes. [Pete's-DX-Newsdesk]

22/02/2008: Phil/G3SWH and Jim/G3RTE will be active as 8R1PW from Georgetown, Guyana, February 22-29th. They will operate CW only on 160-10 meters, and will concentrate on the low bands, and on 30, 12 and 17 meters (activity on 160m is possible, but will depend upon QRN and site conditions). Propagation permitting, they plan to have two stations on the air for as many hours every day as is possible. QSL via G3SWH, direct or bureau (for on-line requests for bureau cards please use the form at www.g3swh.org.uk/form.html). Logs will be available on www.g3swh.org.uk after the expedition, and will be uploaded to LoTW about one year later. [425 DX News]

22/02/2008: Wong, VR2KW, will be active from the Fo-Shan Amateur Radio Club (Grid OL63NA), using the club call BY7PP on February 22nd and 23rd. QRV on 50-144-432-EME, using 2x6ele Max 100W on 6m; 2x9ele Max 300W (main band) on 2m; and 2x20ele Max 70W on 70cm. QSL via BA7NQ (QRZ.com). [MMMonVHF]

22/02/2008: Jean Mary, F8CHM will sign FR5EZ from Reunion Island (AF-016, DIFO FR-001 for the French Overseas Islands Award, WLOTA LH-1812 between February 22nd and March 21st. QRV on all HF bands plus 50 MHz, using CW and SSB. QSL via home call. [F5NQL]

22/02/2008: Art, NN7A will operate as V31JZ/p from South Water Caye, Belize (NA-180) from February 22-26th. This will be a one-person operation using a 100 watt transceiver with vertical and wire antennas. Operation will be mostly CW on 40-10m including WARC bands, with some 80m and 160m. Some SSB on 20m and 15m IOTA frequencies is possible, conditions permitting. No skeds, please. Operation will be from a cottage on the beach using battery and solar power. QSL direct via NN7A (Art Phillips, P.O. Box 73, Eckert, CO 81418 USA), or via the ARRL bureau. There will be no on-line logs, and email contact will not be possible while on the island. [F5NQL]

Be sure to check Bill's (NG3K) web site for updated ARRL DX CW Contest activity at: ng3k.com/Misc/adxc2008.html
==========
LOOKING AHEAD -

23/02/2008: Look for Tom/N1GN, Bill/NE1B and Karney/W2AFC to be active as C6ANM from New Providence Island [Nassau] (NA-001, WLOTA LH-1115) during the CQ 160-Meter SSB Contest (February 23-24th) as a Multi-Single entry. QSL via LoTW. [NG3K]

24/02/2008: Kevin, M0XLT reports that the Craven Radio Amateur Group will be active February 24th as MX0BCQ/A and will activate WAB square SD84 YSN. QRV on HF and VHF. QSL via the information at QRZ.com under MX0BCQ. [Pete's-DX-Newsdesk]

24/02/2008: Bill, W8EB will be active February 24th to March 23rd as PJ7/W8EB from the island of Sint Maarten (NA-105). QRV holiday style on 160-10 meters, using SSB, CW, RTTY and PSK-31. Bill will also participate in the ARRL DX SSB Contest (March 1-2nd) as PJ7B, a Single-Op/All-Band/Low-Power entry. All QSL requests via W8EB. [NG3K]

01/03/2008: Operators Tom/N1GN and Bill/NE1B will be active as C6ANM from New Providence Island [Nassau] (NA-001, WLOTA LH-1115) during the ARRL DX SSB Contest (March 1-2nd) as a Multi-Single entry. QSL via LoTW. [NG3K]

01/03/2008: Dave, G3TBK will be QRV from Kingstown, island of St. Vincent (NA-109, WLOTA LH-0492, WW Loc. FK93JD) as J88DR for the ARRL DX SSB Contest (March 1-2nd), a Single-Op/All-Band/Low-Power entry. Outside the contest for the following week he will be QRV CW/SSB/RTTY/SSTV on all bands. QSL via G3TBK. [NG3K]

01/03/2008: Look for Naran, JT1BV to be active from Ulaanbaatar, Mongolia, in the ARRL DX SSB Contest (March 1-2nd) as a Single-Op/All-Band/High-Power entry. QSL direct only (QRZ.com). [NG3K]

09/03/2008: Naran, JT1BV will be active from Ulaanbaatar, Mongolia, in the CQ WPX SSB Contest (March 29-30th) as a Single-Op/All-Band/High-Power entry. QSL direct only (QRZ.com). [NG3K]

11/03/2008: Bob/W4OWY (V25WY) and Mark/W9OP (V25OP) will be active from the V26B superstation located at Gunthroppes, island of Antigua (NA-100, WLOTA LH-1118, WW Loc. FK97BC) from March 11-17th. QRV on 160-10m, using CW, SSB and RTTY. QSL via their respective home calls. [W4OWY]

26/03/2008: John, W5JON will be active again as V31FB on Ambergris Caye (NA-073), Belize, from March 26-31st. QRV on 6-160 meter SSB, including a Single-Op/All-Band entry in the CQ WPX SSB Contest (March 29-30th). Equipment will be ICOM IC-7000, RM Italy KL-400 Amplifier (400 Watts), Alpha Delta 10-160 Meter Dipoles and 3 Element Yagi on 6 meters. QSL via home call. [NG3K]

27/03/2008: Dave, W5CW will be active March 27th to April 9th as VP5/W5CW from the VP5JM 'Hamlet' on Providenciales (NA-002), Turks & Caicos Islands, including a Single-Op/All-Band entry in the CQWW WPX SSB Contest (March 29-30th) using the special call VQ58V. Outside the contest Dave will be QRV 160-6m (including WARC bands), using CW and SSB. On 6m they will use a M2 7 element yagi at 30 feet (Grid FL31VS). All QSLs via W5CW. [NG3K]

01/04/2008: Club Radio Amateur de Quebec members will be active as VC2VQ in order to celebrate the 400th anniversary of the foundation of Quebec City. Activities will start from April 1st to April 30th on 14.150, 7.070, 3.780 MHz. QSL via the bureau. [RAQ]

01/04/2008: All radio amateurs in the Province of Quebec will be able to use special prefixes during the entire month of April. Look for VA2 stations to use the prefix VG2 and VE2 stations will use VX2. The special prefixes are to celebrate the 400th anniversary of the foundation of Quebec City. Information on this anniversary event can be found at www.quebec400.gc.ca/pc-ch-eng.cfm [RAC]

24/05/2008: Naran, JT1BV pans to be active from Ulaanbaatar, Mongolia, in the CQ WPX CW Contest (May 24-25th) as a Single-Op/All-Band/High-Power entry. QSL direct only (QRZ.com). [NG3K]

05/07/2008: The Cofresi Radio Club (WP4NRT) will take part in the annual World Lighthouse On The Air Contest (WLOTA) as WP4NRT/L, July 5th (0600 UTC) to July 6th (1200 UTC), from Los Morrillos lighthouse (ARLHS PUR-002, TWLHD WLH KP4-004, WW Loc. FK67JW) located in Cabo Rojo at the southwest section of Puerto Rico Island (NA-099, also count for WLOTA LH-2802). QRV 10-80m, using SSB, PSK-31, AND RTTY. QSL via WP4NRX, with S.A.S.E. (Luis Montalvo WP4NRX, Parc Puerto Real House 606 1st St., Cabo Rojo, PR 00632 USA). Please NO E-QSLS! [QRZ.com]

MESSAGE: (#1737) XR7W team accident
AUTHOR: Zoli Pitman
DATE: February 12, 2008 at 15:28 UTC

Dear all,

Last Friday we successfully arrived to Caleta Tortel after abt 450 km driving on gravel roads on very mountainous terrain. We boarded our boat Jorge Montt and left for Wager Island. Due to the bad weather conditions in the Messier Channel we had to stay overnight in a protected bay. We arrived to Wager Island on Saturday noon. We quickly set up the antennas at the tideline and the pileups started. At around 1800 the rain started too and was followed by gale force winds. The tents were deformed by the wind and even the ?all weather proof?tents could not resist the sheer pressure of water and soon we were all soaked. Food, clothes, everything. In the meantime our boat sought protection from the elements in a protected bay in Byron Island. By 2000 local we lost contact with them too. We spent the rest of the night trying to operate, communicate with the CE Navy and protect ourselves from the rain and wind. At 9 AM we had to reduce operation to minimum to spare gasoline for emergency communication. At 1 PM we were told by the CE Navy base to leave the island immediately and seek refuge. I had a last frenetic hour on 17m running EU at 5q/min rates under a piece of plastic hand keying on my knee and paperlogging until the captain gave the final order to leave. At that moment we had 2400 QSOs from XR7W in the log. Crossing the channel again at the Pe?as Golf was horrifying. We got back to Tortel by 5AM Sunday morning. After obtaining the necessary documentation to Roger we left Tortel at 11AM. Everything was ?fine? until 1930 when near to a small place called Bahia Murta our rented/borrowed van slipped of the gravel road and hit a rock frontally and turned upside-down. The car was frontally damaged and we were first taken to a nearby village called Rio Tranquillo which had a first aid outpost where our injuries were inspected and we were immediately sent to Coyhaique abt 200 km away in an ambulance car, the nearest place with a hospital.

There we were inspected more thoroughly and xrayed. Vlad RV1CC was diagnosed with a broken left upper arm, Marco CE6TBN with cuts and bruises and a broken rib, Yuri RA0FU with cuts and me with a broken finger (not cw!), a broken rib and am suffering from compression on the torax bone. The question this morning was if Vlad had to be operated here or can be flown home to SPB. I feel very lucky to survive that accident and I hope we all get the fit-to-fly (sic!) clearance asap.

Of course our first priority at the moment is to get out from Coyhaique. The damage in car, equipment and additional costs are estimated in excess of 11k euro. Some photos were taken, as soon as I will a bit more fit, I will publish them somewhere. If you can and want to contribute to lessen this damages please feel free to contact me via ha1ag@... . Please feel free to circulate this info bulletin.

This expedition took us to the most difficult places in non-Antarctic Chile and it frustrates me that we missed the very last step.

73!

zoli ce7/ha1ag from Coyhaique, Chile

Ducie Island - VP6DX - News #15- 2008 Feb 14

Here are the first words from the island via Iridium:

Operations began Feb 11/0500z with a little "cooking session" to check out the stations and available antennas. After several days of hard work, it was relaxing to make some QSOs. With another big construction day ahead on Feb 12, the cooking session ended at 11/0930z. The cooking session worked 1034 QSOs.

Continuous operations began Feb 12/0300z. Over 10,000 QSOs (excluding the cooking session) were logged in the first 16 hours. First day total was 17026 raw QSOs (unduped). Peak clock hour rate was 1069 QSOs (seven stations).

QSO #20,000 was worked at Feb 13/0618z. QSO #30,000 was worked at Feb 13/2313z. Reduced operations occurred during daylight as more antennas were completed. The second day's total was 14,301 raw QSOs.

Two short breaks in operations occurred this evening around 14/0400-0500z to allow the M/V Braveheart to receive weather fax. Depending on the position of the ship, some of our transmitters can interfere with the fax receiver.

Online Log
****

The Online Log is now available! It could happen that not all QSOs are in the database because of difficulties in transferring the data from the island to the server.

There is a small bug in the online log script which sometimes shows not all bands in the table. We are working on that problem.

Frequencies
****

Please have a look at the frequency table at:
http://ducie2008.dl1mgb.com/operating/frequencies/index.php.
We adjusted some frequencies. Regarding split operation please always listen carefully what the operator says. [Araucaria mailing list]

6 METERS & UP -

- The Big Island Six Meter Club, NH6P is very active from Keaai, Hawaii. They monitor 50.110 MHz, 24/7. If you hear the KH6HME beacon on 50.061 MHz, please give them a call on 50.110 MHz. The club was formed to promote activity on the Six Meter band on the big island of Hawaii. Charter members include Dean/KH6B, Paul/KH6HME, Fred/W6YM, Bill/KH7E, Fred/KH6FI, and Elmo/EA5BYP. Note: the island of Hawaii counts for several awards - IOTA OC-019, USi HI025S and WLOTA LH-0065. QSL direct only via the information at QRZ.com. [N8OFS]

- Czech Radio Amateurs to get 70 MHz
The Czech Telecommunication Office (CTU) has announced that Czech Amateurs will soon have access to the 70 MHz band.

They plan to issue 20 special permits for 70.2-70.3 MHz with 10 Watts ERP.

The permits will be valid until 31 Dec 2008.

Serbia: Kosovo to Be Independent February 17, 2008
By DUSAN STOJANOVIC -- February 08, 2008

BELGRADE, Serbia (AP) --- The Serbian minister for Kosovo said Friday that his government has information that the province's Albanian leadership will declare independence on Feb. 17.

Slobodan Samardzic said in a statement that "the government of Serbia is receiving relevant information" that Kosovo's government will "illegally declare unilateral independence of Kosovo on Sunday, Feb. 17." He did not specify the source of information.

The Kosovo Albanian leadership has said that it will declare independence from Serbia "in a matter of days," but has never specified the exact date.

Serbia strongly rejects the statehood of Kosovo even though the southern province has not been under its control since NATO's bombing in 1999 to stop a crackdown against the Kosovo Albanian separatists.

Samardzic's statement was issued after a meeting with a senior European Union official, Stefan Lehne, who was in Belgrade to clarify the bloc's plans to send an EU policing and administrative mission to Kosovo.

Serbia has rejected the EU mission, saying it would be a prelude to the province's independence.

Samardzic said that Serbia will not sign any cooperation agreement with the EU, arguing that it would amount to "the signature for the independence of Kosovo."

The Serbian government has been deadlocked over its ties with the EU. Nationalist Prime Minister Vojislav Kostunica's faction rejects closer ties with the EU because of the Kosovo issue, while the pro-Western groups allied to President Boris Tadic advocate quick Serbian integration into the bloc.

The United States and most EU nations support Kosovo's independence, saying they would recognize the province's statehood soon after it is declared by Kosovo Albanians.
==========
Adam, VP8DKF - KC4/K2ARB is pleased to report that they have received the logs for KC4USV McMurdo Station for the period October 2004 through February 2007. Among the operators during that period were Mike Poole KE6ZYK and Charles Dowdell N2TYQ.

All stations wishing to confirm a QSO or submit an SWL signal report are invited to do so via Larry K1IED at his address as found on QRZ.com.

All QSOs will soon be uploaded to LOTW as well. [VP8DKF - KC4/K2ARB]

From the CQ Newsroom...

CQ Announces Expansion of WPX Award Program
Digital Modes Added Along with New Bands

(Hicksville, NY, Feb. 14, 2008) -- CQ magazine and WPX Awards Manager Steve Bolia, N8BJQ, have announced several changes to the WPX Award program in response to feedback from program participants. The changes, effective immediately, add new bands and create a new Digital WPX Award.

Under the new rules, contacts on all bands between 160 and 6 meters will count for WPX award credit. In addition, new band endorsements will now be available for 5 MHz, 10 MHz, 18 MHz, 24 MHz and 50 MHz contacts. A separate Digital WPX Award has also been added, for contacts made on RTTY, PSK and other keyboard modes, with 300 confirmed prefixes required for the basic level of the award. Digital-mode contacts will also count toward the existing Mixed award, as will those prefixes worked on the newly added bands.

Details on these and other changes will be published in the March 2008 issue of CQ magazine and are posted along with the March issue highlights on the CQ magazine website at <www.cq-amateur-radio.com>.

The WPX Award Program recognizes amateurs for making confirmed contacts with the many callsign prefixes used by radio amateurs around the world. Top achievers are eligible for the WPX Honor Roll and the WPX Award of Excellence. General information and complete rules are available on the CQ website at <www.cq-amateur-radio.com/awards.html>.

CQ magazine sponsors a variety of operating awards and on-air competitions to encourage amateur radio operators to sharpen their operating skills and to recognize those reaching high levels of achievement. [CQ Newsletter]

Mike,
Remember that just because I have that special note in the database,
it does
not mean that the listed manager is not the correct one. It means that
this manager
has not provided me with a confirmation of this record. In all
probability this
is the correct routing. Hopefully managers with such a special note in
the data
files, will confirm Qsl cards for those deserving.

Thank for the clarification, John. I guess I didn't understand the
meaning of your note.in the database I also saw that F6EWM isn't on
QRZ.com. I guess I'll be patient!

There's an address for F6WEM in the IK3QAR manager database (google it).

Dick,
I am trying to hold the price at $37.50 with free USA
shipping. Don't know what my shipping charges from
Germany are yet.
If interested, use the Web secure order form please.
Thanks Dick

From: K1XN
Topic: 6657 Message: 6657

News #16- 2008 Feb 15
Directly from Ducie Island: /

ARRL DX CW contest starts soon. VP6DX will participate in a limited fashion:

* On the CW contest bands 160, 80, 40, 20 15 and 10, we probably will not be at the "normal" frequencies. Operators will pick a frequency based on band conditions. Each operator will make his own decisions about split vs simplex operation, depending on the situation at the time.
* We will answer ALL callers (USA/VE and others), and send our contest exchange and log the exchanges received from contest participants.
* We won't be chasing multipliers and will not be able to handle pass requests. If another band is open at all, we should have a signal there. Quick QSYs to check non-open bands are time-consuming (manual filter and antenna changes) and not a good use of our time on the island.

Meanwhile, other radios will be on non-contest bands and band segments; e.g., 20m SSB or 30m RTTY. These non-contest segment operations will continue as they have the last few days: split operations, with priority to difficult propagation paths.

We anticipate no 20m RTTY or 40m SSB during the contest.

The contest ends at Feb 17/2359z and it will be late afternoon (4pm) here. 40m will be just opening to Europe, and the low bands will open during the next three hours.

/
Comparison 80m CW / 75m SSB

The VP6DX team asks for reports about the signals produced on 80m CW and 75m SSB, especially the comparison between CW and SSB at the same time of the day/night. Please send us your observations via the contact form on our homepage http://ducie2008.dl1mgb.com/contactus/index.php.

Online Log

The second update of the online log is available. There are 47,534 QSOs in our database, last QSO dating 2008-Feb-15 06:14:19 UTC.

QSO Statistics

QSO Statistics are available on our website. Have a look at http://ducie2008.dl1mgb.com/qsostatistics/index.php to see different statistics which are based on the log database.

6658. RAC CALL BOOK UPDATE

Hi folks,
I now have firmed up the price for the RAC CD and it will remain at $37.50 with free shipping to USA and $5.00 shipping to rest of the world.
I will start processing the orders received today to expedite the shipping when the CD's arrive. They are to be shipped via air from Germany today.
Look for your invoices to be coming out today.
John K1XN

6659. K3PD -> K3IRV

6662. Search Tool For Antarctic Bases Using Google Earth

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-02-17 00:25:26 UTC
From: Dave Raycroft
Topic: 6662 Message: 6662

I.C.P.O. (Islands, Castles & Portable Operations)
UPDATE -
==========
Just to inform the Antarctic Chasers that Alex Shovkoplyas VE3NEA, did develop a nice tool to search Antarctic Bases using Google Earth. This program is available right now on WAP website by the appropriate window to the right of the Home page. Follow the instruction and when you have downloaded the file WADA.kmz , click on it. The link opens it in Google Earth (if you have Google Earth installed on your P.C. otherwise, you should have to install it first).

On www.waponline.it/ if you check "News & Information" you will get more details.

On behalf of the whole family of Antarctic chasers we would like to express our appreciation to Alex VE3NEA for delivering such a nice and useful tool. [73 Gianni I1HYW on behalf of WAP Staff.]

Hello fellow hams,

We have had one of our group drop out from the dxpedition to Mozambique this July. So we are looking for one or two that would like to join up with us.

We plan on arriving in Maputo on the 16th of July where we will be picked up by the folks at the Blue Anchor Inn where we will be operating from this July.
They will take us back to the airport on the 31st of July for our return home.

The web site is up at www.tdxs.net/The web site is up at www.tdxs.net/<WB you might like to become a member of our group let me hear from you.

Frosty

¨Possible remaining:

Colombia, HKØ San Andres Island DXpedition

March 1 - 6, 2008
Latitude/Longitude: 12º 58N, 81º 68W
IOTA NA-033
A group of six members of the Texas DX Society plan to operate from San Andres Island, Colombia
from March 1-6, 2008.
This will include participation in the ARRL International DX Contest (Phone)

on March 1-2.
The group will use two separate stations with beam and vertical antennas.
After the contest, operators will use individual callsigns on SSB, CW and
digital modes on major HF bands.
Callsign assignments are pending.
Operators will be: Cal, WF5W, Paul, W5PF, Bill, K5WAF, Keith,NM5G, Chuck,
W5PR & Jim, N4AL.

QSL Manager - W5PF
Please provide a SASE or SAE + US$1 for foreign addresses
to speed our response.
Please do not QSL via the HK bureau!

Logs will be uploaded to the ARRL LoTW.

Online Log Search page will be available at a later date.
Tks Texas DX Society (_http://www.tdxs.net/_ (http://www.tdxs.net/))

Hello fellow hams,

Un des op&érateurs prévus pour la prochaine expédition a déclaré forfait.
Nous sommes à la recherche d’un ou deux opérateurs qui voudraient bien se
joindre à nous.

Nous avons prévu une arrivée à Maputo le 16 juillet d'où nous serons récupérés par le personnel devant nous conduire à l'Hôtel Blue Anchor , d'où nous serons opérationnels.
La fin du séjour est prévue le 31 juillet date prévue pour l'avion de retour.

La page web est prête à _www.tdxs.net/c9.html_ (http://www.tdxs.net/c9.html)

Prenez connaissance des informations ; si vous pensez pouvoir être l'un des nôtres, faites le nous savoir.

From: Ullmar Qvick, SM5-1252:

Hello Dave:

I am afraid you have forwarded a politically biased message which is in contradictions to the interests of ham radio. I would like to reply:

Since the Belgrade government is not in power in Kosova/Kosovo, it is the United Nations Mission in Kosovo (UNMIK) that has been issuing licenses for this country - today becoming independent - so the matter in not in the hands of Belgrade. As simple as that. Dr Milosevich, YT1AD, tries to throw sand in our eyes with his political message. But the days of Belgrade rule in Kosova are gone... Nothing can be turned back to old days. Dr Milosevich's message is to be seen as part of the Belgrade propaganda campaign in this matter. He is completely biased. I wish the Kosovar hams and foreign friends operating from there the best of luck!
Ullmar SM5-1252
Translator of Albanian, author of books and booklets on the Albanian question and the Balkans.

NOTE: I only forward the news as it comes in. There may be slight editing of the contents, but the main news item remains intact. I am not a politcally biased person, nor want to spread any untruths in my bulletins. My appologies for the above news item if it seemed unappropriate, but the above is exactly the way it way sent to me.
[VA3RJ]

==========
3A - Carlos, EA1DVY will be active from Monaco from 23 February to 3 March as 3A/EA1DVY. Will be mainly on topband SSB, around 1843. Also will participate in the CQ WW 160 DX SSB (Feb.23/24) and ARRL internacional DX SSB (March 1/ 2). QSL via EA1DVY. [Pete's-DX-Newsdesk]

Don't forget to inform us about any change in your e-mail address.

TO5FJ, cartes QSL:

Bonjour Maurice
TOUTES les demandes reçues jusqu'à Samedi dernier inclus ont été répondues... Je suis donc à jour, pour les directes...
Le bureau viendra après, quand le flot des demandes directes se tarira... J'en reçois encore une trentaine par jour...
73
Paul

De F5NQL :

Instructions QSL:

SVP envoyer avec votre demande une enveloppe SAE et des fonds suffisants pour le retour, sous la forme qui vous convient.
Pour la Communauté Européenne : 1 IRC valide ou 1 USD., ailleurs, 1 IRC valide ou 2 USD (désolé mais envoyer une carte hors de la communauté coûte plus d'1 dollar).

Les cartes accompagnées de fonds insuffisants pour le retour, recevront QSL via le bureau.
Les aides complémentaires sont les bienvenues , mais pas obligatoires.

Les demandes groupées ne posent aucun problème pour autant qu'elles soient accompagnées des fonds suffisants pour le retour.

Les cartes via bureau sont en principe délivrées par le bureau du REF, une fois par mois. Ne pas oublier de faciliter la tâche des volontaires qui les trient en inscrivant très clairement : Via F6EXV.

TNX de Georges 9Q1EK
http://www.ve2ek.blogspot.com/

K1XN <golist@...> a écrit :
We just received another log update from Petrus. Now, *the online log
* contains QSO's logged until *Jan. 29th*.
We noted Petrus worked quite a number of NA stations this time,
including even West Coast (!), and there was a surprising, real
pipe-line propagation towards Poland. SP-stations dominated like 70% of
all QSOs logged on Jan. 29th. In addition, there was a number of
Scandinavian stations that managed to get into the log, too.

We would like to congratulate *Tom, LA4LN
*, who made it as well.
Without his help and efforts, Petrus couldn't get his 3Y0/B license.

We received quite a few questions from US stations asking Petrus to
operate a bit longer for the NA-stations. We did pass this request
several days ago. Unfortunately he replied saying propagations often
closes down too quickly. He tends to close his rtx down when he doesn't
hear any responses to his calling CQ for a long time. He usually checks
the band in next 30-60 minutes and starts calling CQ again. If nobody
responds, he usually goes QRT since propagation seems to be over.

Once northern hemisphere Spring comes a bit closer, conditions may
slightly change and European and North American stations may experience
better openings towards Bouvet island like it happened on Jan. 29th. We
were also told, Petrus really enjoys his first ham radio experience very
much. He noticeably tends to extend operating times and really gets
excited with working you guys :-)

Before bringing to a close, we'd like to add we are quite surprised with
Petrus' results under such miserable conditions (the SSN value is 0 for
most of his activity period so far! Now, a newly born sunspot appeared
on the Sun's surface) with a barefoot power and simple vertical antenna.
In addition, all those sub-antarctic locations show one thing very
clearly again: how to learn to operate in pipe-line shaped conditions,
waiting for a right spot for your location to make just a few calls and

finally get into the log.

Topic: 6671 Message: 6671

My good friend Jim, G3RTE and I will be active from Georgetown, Guyana between February 22nd and 29th 2008 as 8R1PW.

As there have been two operations from Guyana in 2007 which used mainly SSB, our activity will be on CW only on all bands 160-10 meters. Propagation and QRN permitting, we plan to have two stations on the air for as many hours every day as is possible. Our main objective is to work as many European, North American and ROTW stations on as many bands as possible.

QSL via G3SWH, either direct with SAE and adequate return postage (recommended), via my web site <www.g3swh.org.uk/form.html> for a bureau reply or via the bureau. There is more information at www.g3swh.org.uk/8r1pw.html.

We look forward to working as many of you as possible.

Hi friends
De Tony, F8ATS :
French Expedition to SCILLY Islands, EU-011, IN69UV, update
The crew will include :
f5ogg phil/ssb,cw, f6her andré/ssb,cw, f4evr franco/ ssb, f8ats tony/
ssb,cw

Callsign : M/F5KEE/p (or eventually /m)
The first activity will happen on May 15th from Penzance, in79jx, and the
Lizard lighthouse, both on 144 MHZ (50w and 2x4el) and 40m (50w with battery
and mobile vert antenna).
Between 2000 and 2230 = or less.
On May 16th, onboard to Scilly and we hope to be QRV same day in the
evening.
Between May 15 until May 18th, focus on VHF and up CW/SSB.
You can ask for skeds at _f8ats@..._ (mailto:f8ats@...) , until
May 11th.
On the other days the traffic will be shared HF and VHF and up , from
IN69UV, and the Scilly Lighthouse LH0408.
End of the expedition on May 23ed in the morning.
On the way they will be either F5KEE/p or /m and M/F5KEE/p or /m from IOTA
EU-005 England mainland.
QRGwill be given in time.
qsl via buro or direct to f8ats tony (see qrz.com)
Dont forget SAE + 1 valid new IRC or 1 USD for CEE and 1 valid new IRC or 2
USD for elsewhere.
73

tony f8ats

De Rogaciano, PY1NEZ :
Good evening, friends!
I am sending you a last hour information received from PT2OP, as follows:
" PT2OP, Orlando, will be operating ZV8M from Marajó Island (not valid for
IOTA) and Salvaterra, Soure and Joanes lighthouses, in the State of Pará (North
of Brazil).

Bonjour à tous
Iles Scilly, EU-011, WLOTA LH-408

je viens comme prévu te donner des nouvelles de notre expé sur iota eu-011 en locator in69uv.
les opérateurs seront

f5ogg phil ssb,cw
f6her andré ssb,cw
f4evr franco ssb
f8ats tony ssb,cw

nous arriverons sur Penzance le jeudi 15 au soir,et il sera en notre possibilité d activer le locator in79 depuis la falaise et depuis un phare celui de" lizard lighthouse"...
notre activité sera sur vhf avec 50 watts et deux fois 4 éléments et sur 40m avec 50 watts sur une batterie annexe avec la verticale du mobile...
et ce, de 21heures en gros jusqu à 23h30 plus ou moins activité....

Puis on cessera les transmissions pour aller nous reposer.
le lendemain matin nous prendrons le bateau pour les îles Scilly.en fonction des activités et des divers aménagements nous pourrons être qrv sur les bandes basses le soir même.
le trafic sera concentré sur les vhf et uhf tout le week end du vendredi 16 au soir et jusqu au dimanche 18 au soir, en ssb et cw.
Ne pas hésiter à me donner des skeds pour la vhf et uhf , à mon adresse e-mail _f8ats@..._ (mailto:f8ats@...) ..
Pour les autres jour de la semaine, car le trafic sera ensuite partagé avec tous les autres opérateurs, s il y a des opérateurs libres en semaine nous seront heureux de pouvoir les satisfaire pour ce carré locator in69uv et le phare de Scilly qui porte le même nom et la référence LH 0408....

les qrg ne sont pas encore définies mais des qu elles le seront je te les communiquerai.

récapitulatif:

m/f5kee/p en eu-005 (Angleterre)
trafic depuis l Angleterre le jeudi 15 au soir depuis la falaise en in79jx et le phare de lizard
Puis, trafic du 16 mai au 23 au matin depuis eu-011 et phare 0408 Scilly en in69uv .

qsl via buro ou directe à f8ats, tony ..toutes les infos sur qrz.com

Pour les stations françaises,via bureau ou directe enveloppe self adressée affranchie 20g, pour les autres stations les demandes devront êtres accompagnées des nouveaux irc en cours de validité voir de green stamps .

73 du team m/f5kee/p..

tony f8ats

Mon Feb 18, 2008 1:38 pm (PST)
Mon ami Jim, G3RTE et moi même seront actifs depuis Georgetown, Guyana , du
22 au 29 férier 2008.
Comme il y a eu deux opérations depuis le Guyane utilisant principalement la
SSB, npous nous focalioserons en HF de 160 à 10m en CW.
Selon la propagation et le QRN, nous aurons deux stations actives le plus
longtemps possible chaque jour.

Notre principal objectif est de contacter le plus de stations possibles en
Europe et Amérique du Nord, de même que dans le reste du monde.

Indicatif : 8R1PW.

QSL via G3SWH, directe avec SAE et mpontant du retour par poste (voir
<www.g3swh.org.www.g3swh.or> pour les réponses via bureau)

Plus d'informations en général sur :
www.g3swh.org.www.g3swhwww. (http://www.g3swh.org.uk/8r1pw.html) .

We look forward to working as many of you as possible.

73 for now and TIA

Hi friends
---- Original Message -----
From: KEVAN PUGH - 2E0WMG

Hi Pete

I will be active with 2J0WMG in Jersey EU-013 between 20-26th March along
with
Mark M0MJH (MJ0MJH).

We also hope to activate Les Minquiers Reef EU-099 during our trip.

The QSL route will be via our home calls as on QRZ.com.

Could you please include us in your DX lists.

Best regards

Kevan 2E0WMG

(PS: 2U0WMG QSL Cards in the pipeline, better late than never eh)
Tks Kevan and Pete's DX desk

AFGHANISTAN - T6
Ross, VK1UN, getting qrv on EME soon from Afghanistan (MM57) on 2m
and 6m EME. The old YA prefix is no longer in use, so T6 is now the
official prefix of Afghanistan. Ross, T61AA has been active on
20m SSB today, for approx 60 minutes. His QTH is Faizabad.
Ross is ex-VK1UN/VK8UN, 4W6UN and EX1UN. LATEST NEWS de Mike, K6MYC,
dated 2008-02-16: HE IS JUST GETTING GOING ON 2M EME AND SOON 6M
EME WILL BE THERE FOR UP TO 2 YEARS. TOKYO HI PWER AMP FOR HF/6M
AND ALSO A NEW ACOM FOR HF AND 6M. SMALL ANT ON 2M NOW 2 X 8 ELE
BUT WILL GROW AS WX PERMITS !

tks to MMM VHF and Guy, DL8EBW.

6674. RAC CALL BOOK NEWS

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-02-20 18:00:02 UTC
From: K1XN
Topic: 6643 Message: 6674

Hi folks,
Well, I am slowly getting caught up. Orders for the RAC call book have
been coming in very steadily and I am now up to date with them. Invoices
for all those with Credit card payments have been sent out. Almost all
of this
order has been promised, so if you know of someone who would like this
issue of RAC, let them know right away as they will be gone soon.
I have not received any shipping info, but I feel sure they were shipped
last Friday. I am expecting them the last of this week or early next week.
I am getting the labels ready so processing will take place just as
soon as
they arrive.

Hi friends

F6KOP ARS in Corsica:

IOTA : EU-014, DIFM :TK-001 :

Between May 3rd to 10th, look for a F6KOP, Provins ARS members crew, to be active from Corsica.

Among them are : Thierry, F4TTR, Bruno, F5AGB, Bernard, F9IE, Jean Paul, F8BJI and Jean-Luc, F6BIV.

Callsign : TK7C:

They will be active from 80 to 10m, modes CW, SSB, and digitals.

QSL via Bernard, F9IE .

- If direct (SAE + postage, - 1 valid IRC or 1$ for the European Community (EEC) or 1 IRC or 2$ elsewhere -). Bernard's address is ok in all of the major callbooks and QSL managers data bases.

- If bureau, via the French Ref-Union bureau (please only this bureau).

The crew is looking for a 6th operator, able, if possible, to traffic in the three modes CW/SSB//DIGIT.

If interested, get in touch with Thierry, F4TTR, CBA, QRZ, Buck, French callbook, by snail mail or _f4ttr@..._ (mailto:f4ttr@...) , or with Franck, F4AJQ., _f4ajq@..._ (mailto:f4ajq@...) .

Don't forget to inform us about any change in your e-mail address.

Bonjour à tous:

F6KOP en Corse:

Du 3 au 10 mai 2008, quelques membres du RC de Provins, F6KOP, seront actifs en Corse, sous indicatif TK7C.

L'équipe se compose de Thierry, F4TTR, Bruno, F5AGB, Bernard, F9IE, Jean Paul, F8BJI et Jean-Luc, F6BIV.

Activité toute bandes de 80 à 10m, en CW, SSB, modes numériques.

QSL via Bernard, F9IE.

- Directe (SAE + frais de retour poste, - timbre pour les F, 1 IRC en cours de validité ou 1$ pour la CEE et 1 IRC ou 2$ ailleurs -

- Via le bureau du REF-Union (svp, uniquement ce bureau).

L'équipe recherche un sixième opérateur, polyvalent si possible, CW, SSB, modes numériques.

Prendre contact avec Thierry, F4TTR, nomenclature ou _f4ttr@..._ (mailto:f4ttr@...) , ou Franck, F4AJQ., _f4ajq@wanadoo.fr_ (mailto:f4ajq@...)

6679. ICPO Bulletin (February 21-29, 2008)

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-02-21 23:25:39 UTC
From: Dave Raycroft
Topic: 6679 Message: 6679

I.C.P.O. Bulletin (February 21-29, 2008)
Islands, Castles & Portable Operations.
Listing is by calendar date (day/month/year)
==========

F6FYD/HH2FYD - Yannick will leave Haiti early next month. He will try to go to St. Martin (FS/F6FYD) on Saturday March 8 to 9 and then he will go to St. Barthelemy until March 12 and back to St. Martin and France. QSL via home call. [F6AJA]

22/02/2008: Phil/G3SWH and Jim/G3RTE will be active as 8R1PW from Georgetown, Guyana, February 22-29th. They will operate CW only on 160-10 meters, and will concentrate on the low bands, and on 30, 12 and 17 meters (activity on 160m is possible, but will depend upon QRN and site conditions). Propagation permitting, they plan to have two stations on the air for as many hours every day as is possible. QSL via G3SWH, direct or bureau (for on-line requests for bureau cards please use the form at www.g3swh.org.uk/form.html). Logs will be available on www.g3swh.org.uk after the expedition, and will be uploaded to LoTW about one year later. [425 DX News]

22/02/2008: Wong, VR2KW, will be active from the Fo-Shan Amateur Radio Club (Grid OL63NA), using the club call BY7PP on February 22nd and 23rd. QRV on 50-144-432-EME, using 2x6ele Max 100W on 6m; 2x9ele Max 300W (main band) on 2m; and 2x20ele Max 70W on 70cm. QSL via BA7NQ (QRZ.com). [MMMonVHF]

22/02/2008: Jean Mary, F8CHM will sign FR5EZ from Reunion Island (AF-016, DIFO FR-001 for the French Overseas Islands Award, WLOTA LH-1812 between February 22nd and March 21st. QRV on all HF bands plus 50MHz, using CW and SSB. QSL via home call. [F5NQL]

22/02/2008: Art, NN7A will operate as V31JZ/p from South Water Caye, Belize (NA-180) from February 22-26th. This will be a one-person operation using a 100 watt transceiver with vertical and wire antennas. Operation will be mostly CW on 40-10m including WARC bands, with some 80m and 160m. Some SSB on 20m and 15m IOTA frequencies is possible, conditions permitting. No skeds, please. Operation will be from a cottage on the beach using battery and solar power. QSL direct via NN7A (Art Phillips, P.O. Box 73, Eckert, CO 81418 USA), or via the ARRL bureau. There will be no on-line logs, and email contact will not be possible while on the island. [F5NQL]

23/02/2008: Carlos, EA1DVY will be active February 23rd-March 3rd from Monaco as 3A/EA1DVY. Will be mainly on topband SSB, around 1843. Also will participate in the CQ WW 160 DX SSB (February 23-24th) and ARRL Internacional DX SSB (March 1-2nd). QSL via EA1DVY. [Pete's-DX-Newsdesk]

23/02/2008: Siso, HK3W will be active from Colombia as 5K3W during the CQ 160-Meter SSB Contest (February 23-24th) as a Single-Op/Low-Power entry, using a dipole and 100w. QSL direct only. [NG3K]

23/02/2008: Nick, G3RWF reports that he will be returning to Uganda between February 23rd and March 22nd. This will largely be a holiday style operation, using the call sign 5X1NH. QSL via home call. [NG3K]

23/02/2008: Look for Tom/N1GN, Bill/NE1B and Karney/W2AFC to be active as C6ANM from New Providence Island [Nassau] (NA-001, WLOTA LH-1115) during the CQ 160-Meter SSB Contest (February 23-24th) as a Multi-Single entry. QSL via LoTW. [NG3K]

23/02/2008: Operators Stefano/IK2QEI, Matt/IK2SGC and Saaid/CN8WW will be QRV as CN3A from Safi, Morocco, for the CQ 160-Meter SSB Contest, as a Multi-Single entry. QSL via I2WIJ. [NG3K]

23/02/2008: Costantino, HI3CCP plans to be QRV as HI3C from Loma del Toro, Dominican Republic (NA-096, WLOTA LH-2974) during the CQ 160-Meter SSB Contest as a Single-Op/Low-Power entry. QSL via ON4IQ. [NG3K]

23/02/2008: Ted, HI3TEJ will be active as HI3T from the Dominican Republic (NA-096, WLOTA LH-2974) during the CQ 160-Meter SSB Contest (February 23-24th), as a Single-Op/Low-Power entry. QSL via ON4IQ. [OPDX Bulletin]

23/02/2008: Look for Siso, HK3W to be QRV from Colombia in the CQ 160-Meter SSB Contest, using a dipole antenna, as a Single-Op/Low-Power entry. QSL via the information at QRZ.com and also via LoTW. [F5NQL]

23/02/2008: Look for Raffaele, IH9YMC to be QRV from Pantelleria Island (AF-018, IIA TP-001, MIA MI-124, WLOTA LH-0041, WW Loc. JM56XT), African Italy, as a Single-Op/Low-Power entry in the CQ 160-Meter SSB Contest. QSL direct only. [NG3K]

23/02/2008: Pier, W1NA will show up as IH9/W1NA from Pantelleria Island (AF-018, IIA TP-001, MIA MI-124, WLOTA LH-0041), in the CQ 160-Meter SSB Contest, as a Single-Op/High-Power entry. QSL via home call. [NG3K]

23/02/2008: Look for Philippe, LX2A to be QRV from Eschdorf, Luxembourg, as LX7I for the CQ 160-Meter SSB Contest, as a Single-Op entry. QSL via LX2A. [NG3K]

23/02/2008: Activation of Honeymoon (NA-034, USi FL-017S, Pinellas county), Florida. The Mid Florida DX Association will be holding a Special Event Station in memory of Founder and 1st Club President Dan W2NDP SK. Dan became a SK in August 2006. Dan was an avid DXer for over 45 years. His loss is felt by to the entire Amateur community locally and world wide. Dan started operating Honeymoon Island in 2003 while a member of STARC (Sheriff's Tactical Amateur Radio Communications). Later Dan and several other members operated from Gasparilla Island (NA-069) in addition to Honeymoon Island (NA-034). This is a one day operation on February 23rd. using the special call sign N2D. Operators mentioned are Tony/N2MFT, Steve/KS4WA and Budd/N4WBJ. Bands will be 20 metres, 15

meters and maybe 17 meters (depending on propagation) and the IOTA frequencies will be used +/- QRM. QSL via W4FDX, direct or bureau. No E-QSL! Website: www.w4fdx.com/ [RSGB IOTA]

23/02/2008: Loof for Jukka, OH4MFA to be active from Kustavi Island (EU-096) February 23-24, including an entry in the CQ 160-Meter SSB Contest. Outside the contest he will be QRV using CW on 20, 30 and 40 meters with 100W and vertical antennas. QSL via home call, direct or bureau. [RSGB IOTA]

23/02/2008: Look for Frans, ON4LBN/p to be active February 23rd from the Castle Bel Air (BCA reference NM-027 for the Belgium Castles Award), located at 5030 Yvoir. QRV 80 and 40 meter SSB. QSL via home call, direct or bureau. [ON4LBN]

23/02/2008: Boris, RW9TP will be active February 23-24th as RW9TP/9 from RDA district BA-69 (Salavatsky area), Republic of Bashkortostan (designation 'BA' for Rossija award, Oblast # 84). QSL via home call, direct or bureau. [RX3RC]

23/02/2008: Tom, KC0W will be active from St. Helena Island (AF-022) as ZD7X during the CQ 160-Meter SSB Contest (February 23-24th) as a Single-Op/Low Power entry. QSL via W0MM (see QRZ.com). [NG3K]

24/02/2008: Kevin, M0XLT reports that the Craven Radio Amateur Group will be active February 24th as MX0BCQ/A and will activate WAB square SD84 YSN, for the "Worked All Britain" and ISWL "Monitor" awards. QRV on HF and VHF. QSL via the information at QRZ.com under MX0BCQ. [Pete's-DX-Newsdesk]

24/02/2008: Bil, W8EB will be active February 24th to March 23rd as PJ7/W8EB from the island of Sint Maarten (NA-105). QRV holiday style on 160-10 meters, using SSB, CW, RTTY and PSK-31. Bil will also participate in the ARRL DX SSB Contest (March 1-2nd) as PJ7B, a Single-Op/All-Band/Low-Power entry. All QSL requests via W8EB. [NG3K]

24/02/2008: Timo, OH1NOA, will be active from Costa Rica as TI5/OH0NOA, February 24-25th. Bands and modes of activity were not provided. QSL via LoTW. [OPDX Bulletin]

25/02/2008: Willi, DJ7RJ will be active from Crete (SV9, EU-015, MIA MGC-005, WLOTA LH-1400) from February 25th to March 15th. He plans to operate CW and SSB on 160-10 metres. QSL via home call. [425 DX News]

26/02/2008: Ulli, DL2AH plans to be active holiday style as VP8/DL2AH from Pebble Island, Falkland Islands (SA-002), between February 26th and March 13th. QRV 40-10m with FT897 and Windom antenna, using mainly SSB with some RTTY. QSL via DL2AH, direct (QRZ.com) or by the bureau. [NG3K]

27/02/2008: Sigi, DL7DF with his XYL Sabine will be on a DX holiday to Kenya from February 27th to March 11th. The location will be Diani Beach at the coastline of Kenya. QRV as 5Z4HW (holiday style) on 160-10m CW, SSB, RTTY and SSTV. Sigi will use an IC735 and linear TY900, R7 vertical

and 18m tower for 160 and 80m. QSL via home call, direct or bureau. [NG3K]

28/02/2008: Operators Mike/W1USN, Bob/AA1M and Scott/W1SSR will be operating as V4/homecall from the island of St. Kitts (NA-104) starting February 28th until March 2008. They will be using CW, SSB and PSK on 160m to 10m. QSL via CBA. [OPDX]

Be sure to check Bill's (NG3K) Web site for updated CQ 160-Meter SSB Contest activity at: ng3k.com/Misc/cq160s2008.html
==========
LOOKING AHEAD -

01/03/2008: Tom, W2SC will be QRV as 8P1A in the ARRL DX SSB Contest (March 1-2nd) from Barbados (NA-021, also count for WLOTA LH-0999), as a Single-Op/All-Band/High-Power entry. QSL via NN1N. [NG3K]

01/03/2008: 12 members of the Southeastern DX Club will be operating TI50DX (Tango India Five Zero Delta Xray) during the upcoming ARRL DX SSB Contest (March 1-2nd) from Costa Rica. This activity is part of the celebration of the SEDXC's 50th anniversary. QSL via N4NX (William T Barr, 355 Westerhall Ct., Atlanta, GA 30328 USA). Look for the operators to be using their individual call signs prior to the contest. [NG3K]

01/03/2008: Charlie/K1XX and Marty/W1MD (V26F) will be active from Antigua (NA-100, WLOTA LH-1118) for the ARRL DX SSB Contest (March 1-2nd) as V26X, a Multi-Single entry. QSL via K1XX. [NG3K]

05/03/2008: Bernhard, DL2GAC, will be QRV as H44MS from Honiara, Guadalcanal Island (OC-047, also count for WLOTA LH-0086), March 5th to April 27th. As usual Bernhard confirms all QSL cards via bureau or direct very reliably after his return home. [DX Newsletter]

06/03/2008: Rosel, DL3KWR and Hardy, DL3KWF will be active again as CT3/DL3KWR and CT3/DL3KWF from Madeira Island (AF-014, DIP MA-001, WLOTA LH-0053) between March 6-20th. They plan to operate mostly CW and digital modes on 12, 17 and 30 meters. Hardy will try also in RTTY and PSK-31. QSL via home calls. E-mail requests for bureau cards can be sent to: dl3kwr -at- darc.de or dl3kwf -at- darc.de respectively. [425 DX News]

06/03/2008: Members of the Palos Verdes Amateur Radio Club will be operating as K6PV from the settlement of Two Harbors on Santa Catalina Island (NA-066, USi CA-016S, Los Angeles county), California, between 2200z March 6th to 2300z March 10th. Principal operations will be on 20m, 40m and 75m SSB. QSL direct to K6PV (QRZ.com). More info at: www.palosverdes.com/pvarc [RSGB IOTA]

18/03/2008: Ulli, DL2AH will be active holiday style as CE0Z/DL2AH from Isla Robinson Crusoe (DICE ICE-004, WLOTA LH-0153) Juan Fernandez Archipelago (SA-005), March 18th to April 7th. Activity will be mainly 40-10m SSB and RTTY using a FT897 and Windom antenna. QSL via DL2AH,

direct (QRZ.com) or by the bureau. [NG3K]

20/03/2008: Kevan, 2E0WMG and Mark, M0MJH will be active from the Isle of Jersey (EU-013, WLOTA LH-0818) as 2J0WMG and MJ0MJH, respectively, between March 20th and 26th. They also hope to activate Les Minquiers Reef (EU-099) during their trip. Note: If heard or worked, 2J0WMG is valid for the ISWL's Monitor Award. The QSL route will be via our home calls as on QRZ.com. [Pete's-DX-Newsdesk]

20/03/2008: Jack, F6BUM (www.f6bum.net) will be active again as 3W3M from Vietnam between March 20th and April 2nd. He plans to operate SSB and CW with 100 watts into a vertical antenna from the following three islands: March 20 (1000 UTC) - March 23 (0600 UTC) from Con Cô (AS-185, new one); March 25 (0800 UTC) - March 28 (0600 UTC) from Phu Quoc (AS-128); March 29 (1000 UTC) - April 2 (0600 UTC) from Dao Con (AS-130). Expect activity on 40, 30, 20, 17, 15, 12 and 10 meters. QSL via F6BUM, direct or bureau. [425 DX News]

24/03/2008: Harry, W6DXO will be active holiday style from St. John, U.S. Virgin Islands (NA-106) as KP2/W6DXO between March 24-28th. Focus will be on 20-10 meter SSB, with some CW. There is also the possibility of operation on 40 meters. QSL via KF6JOQ. [NG3K]

24/03/2008: Operators Bill/KX4WW, Vic/W4VIC, Noll/W9RN and Bruce/W4OV will be active March 24th to April 1st as VP5/homecall from Seaview Villa, Providenciales Island (NA-002), Turks & Caicos Islands. QRV all bands and modes, including an entry in the CQ WPX SSB Contest (March 29-30th) using the special contest call sign VQ59W. QSL VQ59W via KX4WW direct only with SASE or $1 (Bill Walker, 1024 Vanderploeg Drive, Chesapeake, VA 23320 USA) - NO eQSL. QSL VP5/KX4WW via LOTW or direct only with $1 or SASE - NO eQSL. QSL VP5/W4VIC via LOTW or home call, direct or bureau - NO eQSL. QSL VP5/W9RN via home call, direct or bureau. QSL VP5/W4OV via home call, direct or bureau. Further information can be found at: vadxcg.com/VQ59W.htm [NG3K]

03/05/2008: Look for Provins ARS (F6KOP) crew members to be active from Corsica (EU-014, DIFM TK-001, MIA MCO-001, WLOTA LH-1390), May 3-10th. Operators mentioned are Thierry/F4TTR, Bruno/F5AGB, Bernard/F9IE, Jean Paul/F8BJI and Jean-Luc/F6BIV. They will use the call sign TK7C and be QRV 80-10m using CW, SSB and digital modes. QSL via F9IE, direct or bureau. [F5NQL]

24/05/2008: Jim, N6TJ will be active from the Canary Islands (AF-004) as EE8Z during the CQ WPX CW Contest (May 24-25th), as a Single-Op/All-Band entry. QSL via VE3HO. [NG3K]

24/05/2008: Operators OH0/PA2A (Steve), OH0/PA2AM (Wim), OH0/PA0VHA (Hans), OH0/PA3BAG (Jack), OH0/PA3ALK (Wil) and OH0/PB5A (Teun) will be active May 24th to June 6th from Aland Island (EU-002, also count for WLOTA LH-1373). QRV 160-10m, with three stations running at the same time, using SSB, CW, RTTY and PSK31. They will also participate in the CQ WPX CW Contest (May 24-25th). QSL via home calls, or direct only to

PA0VHA (H. Vernhout, Ph. de Goedestraat 54, 3132 XR Vlaardingen, The Netherlands). Please no eQSL!! Further info can be found at: www.pa2am.nl/aland/index.htm [PA2AM]

09/06/2008: Ric, DL2VFR plans to be active from various locations of Iceland (EU-021, WLOTA LH-2975) using the call signs TF1/, TF5/ and TF6/homecall between June 9-19th. He also plans to activate Hrisey Island (EU-168) from 1800z June 10th to 1200z June 12th. QRV 80-10m using CW, SSB and RTTY. QSL via DARC bureau to home call. Further information at: www.iota-expedition.com/ice08/ice08.html [DL2VFR]

16/07/2008: From Frosy, K5LBU/C91CF - We have had one of our group drop out from the dxpedition to Mozambique this July. So we are looking for one or two that would like to join up with us. We plan on arriving in Maputo on July 16th where we will be picked up by the folks at the Blue Anchor Inn (WW Loc. KG64IE) where we will be operating from this July. They will take us back to the airport on July 31st for our return home. QRV 160-6 meters on CW, SSB, PSK and RTTY. Operators mentioned are Frosty/K5LBU (C91CF - QSL via K5LBU), Tom/NQ7R (C91TK - QSL via NQ7R), Jay/W5SL (call sign pending), Bill/NZ5N (call sign pending) and Hal/ZS6WB (call sign pending). The web site is up at ww.tdxs.net/C9.html so check it out and if you think you might like to become a member of our group let me hear from you. [K5LBU/C91CF]

17/07/2008: Franz, DL3PS and others will be active from various sections of Iceland as TF/homecall and TF7/homecall between July 17th and August 5th. Their plan is to visit Heimaey Island, Vestmannaeyjar [Westman Islands] (EU-071, WLOTA LH-0976), the Coastal Islands (EU-168) and the main island (EU-021, WLOTA LH-2975). QSL via home call(s), by the bureau is preferred. Stay tuned... Web site for this activity can be found at: www.iceland-dxpedition.de/ [RSGB IOTA]

6M & Up

Hello dear EME-Freaks at the MMM-USER:
We want to inform you that Isao, JM1WBB, who will be avaiable as JM1BMP from QL17cc nowadays was so kind and passed MMMonVHF the EME-LOG up to 21st 0815 UTC because their own homepage is not available in europe. Please visit http://www.mmmonvhf.de/latest.php?id=1123 and find the calls which completed QSOs and the latest infos around the JD-activity!

[MMMonVHF]

20/02/2008: Ross, VK1UN is getting QRV on EME soon from Afghanistan (Grid MM57) on 2m and 6m EME. The old YA prefix is no longer in use, so T6 is now the official prefix of Afghanistan. Ross, T61AA has been active on 20m SSB today, for approx 60 minutes. His QTH is Faizabad and will be there for up to 2 years. Ross is ex-VK1UN/VK8UN, 4W6UN and EX1UN. Present equipment is a Tokyo high power amplifier for HF/6m and also a new Acom for HF and 6m. Small antenna on 2m now (2x8ele), but will grow as weather permits. QSL via the information at QRZ.com. [F5NQL]

20/06/2008: Operators Jim/K4BI, Mario/K2ZD, Meredith/K8BBN and Daphne/N2TIN will be on a 6 meter only DXpedition to Cayman Islands (NA-016), June 20-July 8th. QRV with 50.095/B beacon and listening on 50.105 USB. Equipment will be FT-100D, Acom-1000 1KW amplifier and M2-5 element yagi at 48 feet. They will be using the call sign ZF2BI or ZF2ZD (still undecided). QSL via operator's instructions. [N8OFS]

05/08/2008: Dirk, ON4IMM will be on a holiday DXpedtion August 5-16th to a location new L'Epine, Ile de Noirmoutier (EU-064, DIFM AT-020 for the French Islands Award, WLOTA LH-1224, WW Loc. IN86UX) using the call sign F/ON4IMM. Focus will be on 144MHz meteor scatter, using IC-746 and RF Solutions 10 element yagi. Mode will be FSK441 - CQ with QSY frequency, main frequency will be 144.370MHz. Outside the meteor shower, Dirk will be QRV on the HF bands. QSL via home call, direct or bureau. [MMMonVHF]

AC6V, Silent Key -
(by N6MD 2008-02-16 22:33:18)
Sad News from Oceanside, CA and the Palomar Amateur Radio Club (San Diego Section). Rod Dinkins, AC6V has become a silent key. Rod was a well-known author of Amateur Radio Books, and creator of www.ac6v.com
He is survived by his XYL, Karla.
Our sincere condolences to Rod's family and friends.
==========
Kosova and Adding New Countries to DXCC

Feb 19, 2008 16:53 ET
Bill Moore, NC1L

Naturally there are many questions about the DXCC status of Kosova, and whether or not it will be added to the DXCC list.

The DXCC rules, which were modified in 2000 to better handle inclusion to DXCC, are clear on how additions can be made:

For inclusion in the DXCC List, conditions as set out below must be met. Listing is not contingent upon whether operation has occurred or will occur, but only upon the qualifications of the Entity.

Political Entities, Geographical Entities, Special Areas

#1, Political Entities is the category with which we are concerned with respect to Kosova.

1. Political Entities:

Political Entities are those areas which are separated by reason of government or political division. They generally contain an indigenous population which is not predominantly composed of military or scientific personnel.

An Entity will be added to the DXCC List as a Political Entity if it meets one or more of the following criteria:

a) The entity is a UN Member State.

b) The entity has been assigned a callsign prefix bloc by the ITU. (The exceptions to this rule are international organizations, such as the UN and ICAO. These Entities are classified under Special Areas, 3.a); and Ineligible Areas, 4.b).) A provisional prefix bloc assignment may be made by the Secretary General of ITU. Should such provisional assignments not be ratified later by the full ITU, the Entity will be removed from the DXCC List.

c) The Entity contains a permanent population, is administered by a local government, and is located at least 800 km from its parent. To satisfy the "permanent population" and "administered by a local government" criteria of this sub-section, an Entity must be listed on

either (a) the U.S. Department of State's list of "Dependencies and
Areas of Special Sovereignty" as having a local "Administrative Center,"
or (b) the United Nations list of "Non-Self-Governing Territories."

New Entities satisfying one or more of the conditions above will be
added to the DXCC List by administrative action as of their "Event
Date."

So, Kosovo will be added to the DXCC list if it becomes a member of the
UN, or (2), if it receives a prefix bloc from the ITU. The third
condition does not apply. The date upon which either (a) or (b) occurs
will be the event date. [ARRL]

Bonjour à tous

Rappel possible :

MADAGASCAR - AF-013
30 mars au 17 avril 2008
Franck F4DBJ, sera actif à Madagascar , l'indicatif 5R8HT.
Il sera à IVATO. Il prévoit également d'être actif depuis l'île aux nattes, AF-090..

FRANCE - REUNION - FR, AF-016
03 au 31 mars 2008
Jean-Pierre F5HIJ sera sur l'île de la
Réunion (AF-016), à Bernica près de Saint-Paul, avec l'indicatif FR/F5HIJ.
Il utilisera un FT-897 avec un dipôle 2x20 mètres. Vous pourrez l'écouter particulièrement aux alentours de 18H-20Hz.

Corse - TK7C, par le RC de Provins, F6KOP
L'équipe recherche toujours pour son expédition en Corse du 3 au 10 mai 2008, un sixième opérateiur, si possible capable de trafiquer en CW/SSB/numériques.

Prendre contact avec Thierry F4TTR _f4ttr@..._
(mailto:f4ttr@...) ou Franck, _F4AJQ@..._ (mailto:F4AJQ@...)

Clipperton DX Club - CDXC - Convention annuelle:

Nous vous rappelons que la prochaine convention du C.DX.C aura lieu près du Futuroscope de POITIERS (86), le weekend du 20 et 21 septembre 2008.
Plus d'informations à suivre.

Merci Clipperton DX Club et Jean-Paul, F8BJI

Please share with the DX community --

VK4 - John K8UP and Marsha N8FE will be visiting their new granddaughter and son James VK4TJF family. They received licenses before the Aussie government announced that you could operate with just the VK4 prefix and your home license. Listen for John VK4AIJ and Marsha VK4AII . They will be QRV holiday style from March 3 to 13, 2008 on 10, 15 and 20 meters SSB. Logs will be uploaded to LoTW but they are avid card collectors and will answer 100%. QSL via N8FE info on QRZ.

Date: 2008-02-24 10:11:20 UTC
From: K1XN
Topic: 6685 Message: 6685

IMPORTANT INFO:
I have been given permission by the Tristan da Cunha government to visit Tristan for an extended stay. Tristan will be my next DX location!!! I hope to operate from Tristan for a period of 4 - 6 months. As I have been from St. Helena, I will be VERY active putting Tristan on the air.

My next planned DX locations after Tristan will be the three islands of South Sandwich, South Orkney & South Georgia. My goal is to activate each island for at least two weeks straight. This three island DXpedition is in the planning stages right now. I hope to stage this whole operation out of the Falkland Islands

The TX5C Dxpedition will operate as *FO5A/mm* from the Shogun while on route to Clipperton Atoll. The expected departure date is March 28th, but it is also possible the team will be able to leave a day earlier on the 27th. Part of the French team is already in San Diego with other members coming in from points around the US and Canada. The team expects to be together on the 26th.

Date: 2008-02-24 10:14:34 UTC
From: K1XN
Topic: 6687 Message: 6687

The official 2008 ARRL Field Day Web page <http://www.arrl.org/FieldDay>
is up and running. The page includes a summary of available resources,
with links to Field Day forms and rules, logos and reference links.
There is also a link for ordering commemorative Field Day T-shirts, pins
and other supplies. ARRL Sales and Marketing Manager Bob Inderbitzen,
NQ1R, said supplies will begin shipping in early March, but it's not too
early to place a pre-order now. Radio clubs are encouraged to order early.

6688. 3D2AG/P Logs

Date: 2008-02-24 16:29:13 UTC
From: Bob Main
Topic: 6688 Message: 6688

According to their website http://www.3d2ag.fr.tc/ they were supposed to upload the logs by mid-February. I just checked and they posted an update a couple days ago, but no mention of the logs. I would like to know I am in the logs before I send a card and etc. When I go to the log and enter my call I get something that isn't English so no clue what it says. I figure it either is telling me that I'm not in the log or that they haven't been uploaded yet.

Anybody have any guesses/ideas?

From: "hank.k8dd" <hank.k8dd@...>

It appears that the post office has started returning envelopes
to P.O. Box 88 as undeliverable. The box will be emptied
tomorrow and I'm calling the post office to see what's up.
Please hold off sending envelopes for PZ5DD and PZ5WW
until March 15, 2008.

Both logs will go up on LoTW as soon as the 30 days has
passed from the last contact ..... assuming the ARRL will
give us certificates for both.

6692. DUCIE NEWS

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-02-25 13:37:46 UTC
From: K1XN
Topic: 6692 Message: 6692

News #21- 2008 Feb 25
Highlights:
... Fireworks at Ducie Island ...
... VP6DX breaks record for largest number of contacts on an expedition ...
... Other band and mode contact records also broken ...
... Pileups remain large ...
... Long path contacts made on 160m band with Ducie Island ...
... Description of stations ...
... New Pictures online ...

On 2008 February 25 Monday at 0437z, after 13 days 7 hours and 37 minutes of continuous operation, RA0ALM contacted the Ducie Island expedition on the 10 MHz band for the expedition's 168,723rd contact.

According to documents maintained by Jari Jussila OH2BU, this contact breaks the record for the largest number of contacts made by any radio expedition. The record was previously held by the Five Star DX Association's expedition to the Comoros Island (D68C) during 2001 Feb 8-28.

A few moments later, the pre-moonrise starry skies above Ducie Island sparkled with a barrage of flares launched from the deck of the M/V Braveheart in celebration. The thirteen operators and six Braveheart crew congratulated each other with handshakes, hugs, and some strong coffee. But deep pileups of European and North American stations were still calling. Soon the seven on-duty operators were back in front of the radios, while the others crept off to their cots to catch up on sleep in the cool of the evening.

The Ducie Island expedition has broken other expedition records in recent days, including:

*

* largest number of RTTY contacts, previously held by the Swains Island N8S expedition of 2007 April.
* largest number of SSB (voice) contacts, previously held by the Comoros Island D68C expedition.
* largest number of contacts on the 40m band, previously held by the Libya 5A7A expedition of 2006 November.
* largest number of contacts on the 30m band, previously held by the St Brandon Island 3B7C expedition of 2007 September.
* largest number of contacts on the 17m band, previously held by the Swains Island N8S expedition.
* largest number of contacts with North America, previously held by the Comoros Island D68C expedition.
* largest number of contacts with South America, previously held by

the Peter the First Island 3Y0X expedition of 2006 February.
* largest number of contacts with Africa, previously held by the Rodrigues Island 3B9C expedition of 2004 March-April.

As this message was transmitted by Iridium satellite from Ducie Island, the expedition contact total crossed 170,000 contacts... and continues to increase at about 415 contacts per hour. Most contacts now entering the logs are with European stations during their morning twilight period. In an hour or so the focus will shift to North and South America, east Asia and the Pacific, where it will remain until dawn at Ducie Island.

Long path contacts on 160m with Ducie Island

Earlier, we reported that a contact on the 160m band had been made with A45XR in Oman, at the opposite side of the planet from Ducie Island. This contact occurred on Feb 18 near Ducie Island sunrise. All of the stations contacted in Europe were in their late afternoon, with the sunset terminator approaching.

On Feb 21 a series of long path 160m contacts were made between Ducie Island and stations in Ukraine and southern European Russia. Eleven stations were worked during 1345-1430z. Signals were best on the 225 (Ukraine) or 195 degree (Russia) beverages and inaudible in other directions, confirming a long path route with very little or no skew.

Contacts with southern European Russia used a path from Ducie Island south-southwest over Antarctica, then north across the southern Indian Ocean (Heard Island, Mauritius), across the Persian Gulf and Iran into Russia. These paths are 23000 to 24000 km long.

For the Ukraine, signals followed a south Pacific Ocean path into the Southern Ocean below New Zealand and Australia, then near the Maldives, the Persian Gulf, and finally towards the Ukraine.

During the same time period, a station in the Moscow City oblast was also contacted. This signal clearly arrived on the short path, crossing over Scandinavia.... Signals were loud on 015 degree beverage antenna and was barely audible on the 195 antenna.

Scandinavia and northwest Russia stations looking for a 160m contact with Ducie Island should check this time for a short path opening. Stations in Ukraine and southwest Russia should look for the long path.

During the hours leading up to and including this long/short path opening to Europe, Oman, Mongolia, and Tajik stations were also contacted on their short path directions.

Of course, we looked for the same opening the following morning, but without success. The 160m operator team will keep checking through the final day of operations. Departure from Ducie Island, now scheduled for February 28 Thursday at 2000z, has been delayed by 1-2 hours so that a final attempt can be made to work more eastern and northern European

stations during this unique opening.

6693. RAC CALL BOOK UPDATE

Yahoo group: GOLIST (2007 — 2010)

6698. RAC CALL BOOK UPDATE

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-02-26 14:44:27 UTC
From: K1XN
Topic: 5275 Message: 6698

Hi folks,
I have now worked all the orders that I have received
as of this morning. All orders have been invoiced and sent
to you via email. If you have not received an Invoice, please
contact me so I can find out why!!
I will complete the packaging of the CD's this afternoon and
they will be ready to goto the post office Wednesday morning.
If you or a friend still need/want a copy of this RAC issue,
please check the availability of the CD on the web site. If the
RAC is still showing as an option, then I still have one in stock.
If it has been removed, then all my inventory has been sold. Email
me for getting on the list for future releases.
Thanks
John K1XN

6700. DUCIE NEWS

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-02-26 21:19:57 UTC
From: K1XN
Topic: 6692 Message: 6700

News #22- 2008 Feb 26

Highlights:

... First LOTW credits for VP6DX contacts on ARRL server ...
... Station and camp disassembly begins ...
... One more record claimed ...

Late yesterday, Feb 21, the Ducie Island expedition submitted over data for over
seven thousand VP6DX contacts to the ARRL robot. These contacts were with over 900 stations whose owners made financial contributions of at least five US dollars to the expedition through Feb 24.

The submission has been accepted and processed by the robot, and these contacts

are ready for matching by the donors.

Meanwhile, on Ducie Island, the operator team and crew of the Braveheart have begun the first phase of disassembly and off-loading. On today's schedule to be

disassembled and removed from the island:

* All antennas for 20 through 6 meters at both east and west camps.
* The 30m antenna at the west camp, and the 40m 4-square at the east camp.
* Two operating positions and the shift supervisor workstation at the east camp.
* The technical workstation.
* A portion of the camp infrastructure for meals, cooking, washing, etc.

No on-air operating will occur during the daylight period today, as all hands are needed to complete the work of disassemble, packing, transfer to the ship, and storage for the sea journey.

Tonight (beginning as early as Feb 27 Wednesday 0300z) a more limited on-air operation is possible, if the operators have time and energy remaining. Five operating positions at two sites and transmit antennas for 160 through 30 meter

bands will be available.

At Feb 27 Wednesday 1445z on-air operations will again shut down for a second day of deconstruction. At the end of Thursday local time the entire east camp will have been removed from the island. The west camp, with single element verticals for 160, 80/30 and 40m, and possible one beverage (045) will remain, along with three operating positions. This equipment will be staffed by a skeleton overnight crew, on-air from about Feb 28 Thursday 0330-1430z. Most operators will sleep on the "Braveheart", as there will be no camp facilities on

the island.

Early Thursday morning (Ducie Island time), around 1400z, the ship's crew and operators will return to the island to pack and remove all remaining antennas, equipment, etc. The on-air phase of the Ducie Island expedition will end at that point.

This will be the last press release from Ducie Island. A log update was submitted to the website about one hour ago. A final log update, together with a press release containing final statistics, will be transmitted from the Braveheart once we have departed.

We would be delighted if DX editors would publish this information as widely as possible and DXers bring it to the attention of their clubs and fellow DXers.

6701. V26CC DX NEWS

From: m0ajt chris.m0ajt@...

From 1st to 14th March I will be on Antigua signing V26CC.
I will be active in BERU contest from Cable & Wireless site
located at Boggy Peak on top of highest hill on the island.

Outside of contest I will be active from the hotel, mainly CW
with some SSB.

I will be using FT900AT, 100 watts into Butternut multiband vertical.

73,
Chris, M0AJT.

6703. LAST DUCIE DX NEWS

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-02-27 12:18:58 UTC
From: K1XN
Topic: 6703 Message: 6703

Late yesterday, Feb 21, the Ducie Island expedition submitted over data for over seven thousand VP6DX contacts to the ARRL robot. These contacts were with over 900 stations whose owners made financial contributions of at least five US dollars to the expedition through Feb 24. The submission has been accepted and processed by the robot, and these contacts are ready for matching by the donors.

Meanwhile, on Ducie Island, the operator team and crew of the Braveheart have begun the first phase of disassembly and off-loading. On today's schedule to be disassembled and removed from the island: * All antennas for 20 through 6 meters at both east and west camps.* The 30m antenna at the west camp, and the 40m 4-square at the east camp.* Two operating positions and the shift supervisor workstation at the east camp.* The technical workstation.* A portion of the camp infrastructure for meals, cooking, washing, etc. No on-air operating will occur during the daylight period today, as all hands are needed to complete the work of disassemble, packing, transfer to the ship, and storage for the sea journey.

Tonight (beginning as early as Feb 27 Wednesday 0300z) a more limited on-air operation is possible, if the operators have time and energy remaining. Five operating positions at two sites and transmit antennas for 160 through 30 meter bands will be available. At Feb 27 Wednesday 1445z on-air operations will again shut down for a second day of deconstruction. At the end of Thursday local time the entire east camp will have been removed from the island. The west camp, with single element verticals for 160, 80/30 and 40m, and possible one beverage (045) will remain, along with three operating positions. This equipment will be staffed by a skeleton overnight crew, on-air from about Feb 28 Thursday 0330-1430z. Most operators will sleep on the "Braveheart", as there will be no camp facilities on the island. Early Thursday morning (Ducie Island time), around 1400z, the ship's crew and operators will return to the island to pack and remove all remaining antennas, equipment, etc. The on-air phase of the Ducie Island expedition will end at that point.

This will be the last press release from Ducie Island. A log update was submitted to the website about one hour ago. A final log update, together with a press release containing final statistics, will be transmitted from the Braveheart once we have departed.

6712. ICPO Bulletin (February 28-March 07, 2008)

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-02-28 23:39:06 UTC
From: Dave Raycroft
Topic: 6712 Message: 6712

I.C.P.O. Bulletin (February 28-March 07, 2008)
Islands, Castles & Portable Operations.
Listing is by calendar date (day/month/year)
==========

25/02/2008: Chad, WE9V will be active as PJ2/WE9V from Signal Point, Curacao (SA-006, WLOTA LH-0942, WW Loc. FK52KG) between February 25th and March 4th. QRV 160-6m, including a Single-Op/All-Band/High-Power entry in the ARRL DX SSB Contest (March 1-2nd). He will be monitoring 50.110MHz USB 24/7 and will be using a FT-100 at 100W into a Cushcraft 5 element yagi up 85 feet on 6m. QSL via home call, direct or bureau or LoTW. [NG3K]

27/02/2008: Colin, WA2YUN is on work assignment on Wake Atoll (OC-053, USi OI-012S, WLOTA LH-2293) for an extended period. He will be operating as time permits as WA2YUN/KH9. QSL via K2PF. [K2PF]

28/02/2008: A group of six members of the Texas DX Society plan to operate from San Andrés Island (HK0, NA-033, WLOTA LH-2990) using HK0/homecalls, February 28th to March 5th. This will include an entry in the ARRL International DX Contest (March 1-2nd) using the special contest call 5J0E. The group will use two separate stations with beam and vertical antennas. After the contest, operators will use individual call signs on SSB, CW and digital modes on major HF bands. They will make a extra effort on RTTY all bands and 160m. Operators mentioned are Cal/WF5W, Paul/W5PF, Bill/K5WAF, Keith/NM5G, Chuck/W5PR, and Jim/N4AL. W5PF is the QSL Manager for all call signs used. After the operation logs will be uploaded to LoTW. Further information can be found at: www.tdxs.net/hk0.html [TDXS & OPDX Bulletin]

28/02/2008: Jean Claude, (J28JA) and Mala, J20MD are going to the Arta Piton (about 800m asl), over the Goubhet Gorges, in Djibouti on February 28th. They will set up an 83 meter round loop. At nignt they will try to be active on 80 and 160m QRP. Activity will last until the evening of February 29th. QSL J28JA via F5JFU and QSL J20MB via F4FMI. [F5NQL]

28/02/2008: Operators Mike/W1USN, Bob/AA1M and Scott/W1SSR will be operating as V4/homecall from the island of St. Kitts (NA-104) starting February 28th until March 2008. They will be using CW, SSB and PSK on 160m to 10m. QSL via CBA. [OPDX]

28/02/2008: Roberto, IV3IYH will be active as H7/IV3IYH from Nicaragua, February 28th to March 11th, including an entry in the ARRL DX SSB Contest (March 1-2nd) as HT2N. Outside the contest activity will be mostly CW with and emphasis on 12, 17, 30 meters and the low bands. QSL both call signs via IK2ILH, direct or bureau. E-mail requests for bureau cards can be sent to ik2ilh@... [425 DX News]

29/02/2008: Look for RA1OTA/6 to be active February 29th, starting around 0700 UTC, from RDA district CN-22 (Shalinsky area), Republic Chechnya (CN). QSL via home call, direct or bureau. [RA9FDR]

29/02/2008: Team RK3IWT will be active February 29th as RK3IWT/p from o.Peschanyy Island (RR-22-New One, not IOTA), located in RDA district TV-20 (Ves'egonsky area), Tverskaya oblast (TV for "Rossija award", oblast #126). Operators mentioned are Dima/UA3IAB, Sasha/UA3IHP and Vlad/RV3IB. QRV 40 and 20 meter CW and SSB. QSL via RV3IB. [RA9FDR]

01/03/2008: Operators David/KY1V, Mike/K9NW and Tony/W4OI will be a Multi-Single entry in the ARRL DX SSB Contest from the 6Y1V QTH in Hopewell, Jamaica (NA-097, WLOTA LH-0214). QSL via OH3RB, direct preferred but bureau is ok. [NG3K]

01/03/2008: Tom, W2SC will be QRV as 8P1A in the ARRL DX SSB Contest (March 1-2nd) from Barbados (NA-021, also count for WLOTA LH-0999), as a Single-Op/All-Band/High-Power entry. QSL via NN1N. [NG3K]

01/03/2008: Expect BU2AI to operate again as BU2AI/9 from the Matsu Islands (AS-113) and Tungchu-Tao lighthouse (ARLHS TAI-032) from March 1-20th. He operates CW and SSB in his spare time, and during his first activity (February 5-19th) he made some 1200 QSOs. QSL via home call, direct or bureau. Please visit bu2ai.tripod.com/BU2AI-9-Matsu-2008.htm for updates. [425 DX News]

01/03/2008: Operators Tom/N1GN and Bill/NE1B will be active as C6ANM from New Providence Island [Nassau] (NA-001, WLOTA LH-1115) during the ARRL DX SSB Contest, as a Multi-Single entry. QSL via LoTW. [NG3K]

01/03/2008: Jose, CT3DZ will be active as from Madeira Island (AF-014, DIP MA-001 for the Portuguese Islands Award, WLOTA LH-0053), as a Single-Op/Single-Band(80m)/High-Power entry in the ARRL DX SSB Contest. QSL via the bureau, LoTW or eQSL. [NG3K]

01/03/2008: Miguel, CT3IA will be QRV from Madeira Island (AF-014, DIP MA-001 for the Portuguese Islands Award, WLOTA LH-0053), as a Single-Op/Single-Band(160)/High-Power entry in the ARRL DX SSB Contest. QSL via the bureau, LoTW or eQSL. [NG3K]

01/03/2008: The Radiogrupo Sur Team will be active as CV5K, a Multi-Single entry in the ARRL DX SSB Contest, from Montevideo, Uruguay. QSL via CX2ABC. Web site: www.radiogruposur.com/ [NG3K]

01/03/2008: Grupo DX Gran Canaria members will be active as EA8ZS during the ARRL DX SSB Contest, as a Multi-Single entry from Santa Mar?a de Gu?a, Las Palmas, Isla de Gran Canaria (AF-004, DIE S-005, WLOTA LH-0969). QSL via EA8ZS, direct or bureau. [NG3K]

01/03/2008: Craig, AH8DX will be active as FJ/AH8DX from St. Barthelemy Island (NA-146, DIFO FJ-001, WLOTA LH-0377) during the ARRL DX SSB Contest, as a Single-Op/All-Band entry. Also QRV RTTY and WARC before and after the contest. QSL via home call (QRZ.com). [NG3K]

01/03/2008: Rich, N6KT will be active from El Junco, Isla de San Cristobal (WLOTA LH-0094), Galapagos Islands (SA-004) as HC8A, a Single-Op/All-Band/High-Power entry in the ARRL DX SSB Contest. QSL via KU9C, direct or bureau. [NG3K]

01/03/2008: Dan, HR2DMR will be QRV for the ARRL DX SSB Contest (March 1-2nd) from El Progreso (WW Loc. EK65CJ), Honduras, as a Single-Op/All-Band/High-Power entry. He will use monobander antennas exclusively. QSL via HR2DMR, direct or by the bureau. [NG3K]

01/03/2008: Operators Marcello/IT9ABY, John/IT9DQM, Sal/IT9HUV and Joe/IT9RBW will be active as IR9Y from Sicily (EU-025, IIA SC-001, MIA MI-107, WLOTA LH-1362) during the ARRL DX SSB Contest, as a Multi-Single entry. QSL via IT9ABY. [OPDX Bulletin]

01/03/2008: Dave, G3TBK will be QRV from Kingstown, island of St. Vincent (NA-109, WLOTA LH-0492, WW Loc. FK93JD) as J88DR for the ARRL DX SSB Contest, a Single-Op/All-Band/Low-Power entry. Outside the contest for the following week he will be QRV CW/SSB/RTTY/SSTV on all bands. QSL via G3TBK. [NG3K]

01/03/2008: Look for Naran, JT1BV to be active from Ulaanbaatar, Mongolia, in the ARRL DX SSB Contest as a Single-Op/All-Band/High-Power entry. QSL direct only (QRZ.com). [NG3K]

01/03/2008: Look for Frans, ON4LBN/p to be QRV on March 1st, 80 and 40m SSB, from the Castle Bel Air (BCA reference NM-027, for the Belgium Castles Award). QSL via home call, direct or bureau. [ON4LBN]

01/03/2008: Kelly, N0VD, will be active from Villa Desert Palm, Bonaire (SA-006, also count for WLOTA LH-1279) as PJ4/N0VD between March 1-8th. This is primarily a business trip so activity will be as time permits. QSL to W3HNK. Kelly is working on building a DX/Contest rental QTH on Bonaire. The Villa Desert Palm Web site can be found at: www.villadesertpalm.com/ [OPDX Bulletin]

01/03/2008: Members of the T49C crew will use the callsign T40C from Cuba (NA-015, WLOTA LH-0032) as their call for the ARRL International DX SSB Contest (March 1-2nd) as a Multi-Op-Single entry from CO2II's QTH. Operators mentioned are: George/CO2II, Oscar/CO2OJ, Bob/CM2KL, Osmany/CM2OY and Winty/CO2WF. QSL via N1KI. [OPDX Bulletin]

01/03/2008: Siggi, TF3CW will put Iceland (EU-021, WLOTA LH-2975) on air during the ARRL DX SSB Contest as a Single-Op/Single-Band(20m) entry. QSL via LX1NO. [NG3K]

01/03/2008: 12 members of the Southeastern DX Club will be operating TI50DX (Tango India Five Zero Delta Xray) during the upcoming ARRL DX SSB Contest (March 1-2nd) from Costa Rica. This activity is part of the celebration of the SEDXC's 50th anniversary. QSL via N4NX (William T Barr, 355 Westerhall Ct., Atlanta, GA 30328 USA). Look for the operators to be using their individual call signs prior to the contest. [NG3K]

01/03/2008: Al, F5VHJ will be QRV as a Single-Op/All-Band/High-Power entry in the ARRL DX SSB Contest (March 1-2nd) using the call sign TO5A from the island of Martinique (NA-107, DIFO FM-001, WLOTA LH-1041). QSL via F5VHJ. [NG3K]

01/03/2008: Chris, M0AJT will be active as V26CC from the island of Antigua (NA-100, also count for WLOTA LH-1118), March 1-14th. He will also be QRV in the BERU (Commonwealth) Contest (March 8-9th) from the Cable & Wireless site located at Boggy Peak on top of highest hill on the island. Outside of contest he will be QRV from the hotel, mainly CW with some SSB, using a FT-900AT, 100 watts into Butternut multiband vertical. QSL via home call. [Pete's-DX-Newsdesk]

01/03/2008: Charlie/K1XX and Marty/W1MD (V26F) will be active from Antigua (NA-100, WLOTA LH-1118) for the ARRL DX SSB Contest (March 1-2nd) as V26X, a Multi-Single entry. QSL via K1XX. [NG3K]

01/03/2008: Operators Rustam/UU2JQ and Eugene/UU5DX will be active from the Ukraine as UU5A during the ARRL DX SSB Contest (March 1-2nd) as a Multi-Single entry. QSL via K2PF. [OPDX Bulletin]

01/03/2008: Look for Kurt, W6PH to be signing VP9/W6PH from the VP9GE QTH in Hamilton Parish, Bermuda (NA-005, WLOTA LH-0201), as a Single-Op/All-Band/Low-Power entry in the ARRL DX SSB Contest (March 1-2nd). QSL via home call, direct only. [NG3K]

01/03/2008: Look for Larry, XW1A to be active from Vientiane Province, Laos, for the ARRL DX SSB Contest (March 1-2nd), as a Single-Op/High-Power entry. QSL via E21EIC, direct preferred but bureau ok. [NG3K]

03/03/2008: Pascal, F5JSD is travelling to China and will visit the Shanghai BY4AA ARC hams. He has a Chinese operator ticket and hopes to be active for one or two hours, on March 3rd, between 0600 and 0900z, from this ARC, using the call sign F5JSD/BY4AA. Probably on 20m CW. Stay tuned and watch the DX clusters. [F5NQL]

03/03/2008: Jean-Pierre, F5HIJ will sign FR/F5HIJ from Bernica, near Saint-Paul, Reunion Island (AF-016, DIFO FR-001 for the French Overseas Islands Award, also count for WLOTA LH-1812), March 3-31st. FT-897 and 2x20m dipole, QRV evenings between 1800 to 2000 UTC. QSL via home call. [F5NQL]

03/03/2008: Nick, G4FAL will be active March 3-10th from the island of St. Kitts (NA-104), including an entry in the RSGB Commonwealth Contest (March 8-9th). His call is likely to be V4/G4FAL, and he plans to operate mainly CW on 80, 40, 20, 15 and 10 meters. QSL via home call. [425 DX News]

03/03/2008: John/K8UP and Marsha/N8FE will be visiting their new granddaughter and son James/VK4TJF and his family in Murrumba Downs, Brisbane, Australia (OC-001, also count for WLOTA LH-1520). They will use the call signs VK4AIJ and VK4AII respectively. QRV holiday style

from March 3-13th on 20, 15 and 20 meter SSB. Logs will be uploaded to LoTW but they are avid card collectors and will answer 100%. QSL via N8FE via the info on QRZ.com. [K1XN & GoList]

03/03/2008: Bill/KE4KQQ, Chris/KI4RVH and Brad/AG4MB will be active March 3-7th as W4U from Ocean Isle Beach (USi NC-011S, Not IOTA, Brunswick county), North Carolina. This activity will also celebrate the "Public Kite Lifted Antenna Demonstration In honor of Gorge Pocock" special event. QRV on or near 28.390, 14.245, 7.250, and 3.900 MHz SSB. They may try some 60 meters on 5.371.5 and 5.403.5 MHz in the evening. QSL via KI4RVH, direct or bureau or eQSL. For Direct QSL in the US please include an SASE and send to KI4RVH. [USi]

05/03/2008: Geoff, W0CG + Cindy and others will be QRV as PJ2DX from Signal Point, island of Curacao (SA-006, also count for WLOTA LH-0942) between March 5-18th. Look for activity on all bands and modes. They also monitor 50.110MHz USB (24/7), with FT-100 at 100W and Cushcraft 5el yagi at 85 feet. QSL via home call. [CCC]

06/03/2008: Rosel, DL3KWR and Hardy, DL3KWF will be active again as CT3/DL3KWR and CT3/DL3KWF from Madeira Island (AF-014, DIP MA-001, WLOTA LH-0053) between March 6-20th. They plan to operate mostly CW and digital modes on 12, 17 and 30 meters. Hardy will try also in RTTY and PSK-31. QSL via home calls. E-mail requests for bureau cards can be sent to: dl3kwr -at- darc.de or dl3kwf -at- darc.de respectively. [425 DX News]

06/03/2008: Bernhard/DL2GAC, and Hermann/DL2NUD will be QRV March 6 to April 4th as H44MS and H44HP respectively from Honiara, Guadalcanal Island (WLOTA:0086, Grid QI90), Solomon Islands (OC-047). They will be QRV on HF and 144MHz EME. The rig on 144MHz will be a single 18el M2 and a BEKO HLV1500 amplifier. Maybe some side-locator will be activated as well. QSL via the information at QRZ.com. [MMMonVHF]

06/03/2008: Members of the Palos Verdes Amateur Radio Club will be operating as K6PV from the settlement of Two Harbors on Santa Catalina Island (NA-066, USi CA-016S, Los Angeles county), California, between 2200z March 6th to 2300z March 10th. Principal operations will be on 20m, 40m and 75m SSB. QSL direct to K6PV (QRZ.com). More info at: www.palosverdes.com/pvarc [RSGB IOTA]

07/03/2008: John, N7CQQ reports that the TX5C Clipperton 2008 team received their Landing Permit from the French Polynesia authorities. The TX5C Dxpedition will operate as *FO5A/mm* from the Shogun while on route to Clipperton Atoll. Departure date is February 28, but it is possible the team will be able to leave on the 27th, arriving on Clipperton (NA-011, DIFO FO-001, Grid DK50) on March 7+-. They are planning to operate 10 days depending on conditions, all bands and modes 160-6m. On 6m they will monitor 50.127MHz USB and use a 4 element yagi. Operators include Bob/N6OX, John/N7CQQ, Dave/K4SV, Bill/N2WB, Arnie/N6HC, Paul/W8AEF, Ann/WA1S, Steve/K6SGH, Al/K3VN, Dave/VE7VR, Jean-Pierre/F5AHO, Joel/F5PAC, Alan/AD6E, Neil/VA7DX, Alan/F6BFH and YL

Danielle, Gerard/F2JD, Jim/F5JY, Maryse/F8FDN, Michel/FM5CD and Laurent/F6FVY. QSL via N7CQQ, direct (P.O. Box 31553, Laughlin, Nevada 89028, USA) or bureau. Keep an eye on the 2008 Clipperton Island DXpedition Web site at: www.clipperton2008.org/ [Pete's-DX-Newsdesk]

Be sure to check Bill's (NG3K) Web site for updated ARRL DX SSB Contest activity at: ng3k.com/Misc/adxs2008.html

==========

LOOKING AHEAD -

11/03/2008: Mustapha, DL1BDF will be active March 11-19th from SU0ARA (EARA ARC) Cairo, Egypt. QRV all HF bands. For the first time there could be some activity on the 80m band (permission is pending). Usually, in Egypt, that band is reserved to the military authorities. QSL via SU1KM. [F5NQL]

11/03/2008: Operators Alex/RA3MR, Artem/RD3MA, Dmitry/RA3MF, Helen (YL)/RV3ACA, Valery/RZ6AU and Serge/UA1ANA will be active March 11-18th from Iceland (EU-021, WLOTA LH-2975). Between March 11-13th they will sign TF/RK3MWL and homecalls/TF. Between March 13-18th they will use the contest call TF4Y for the Russian DX Contest (March 15-16th). Outside the contest focus will be on the low and WARC bands. QSL via RV3ACA. [NG3K]

13/03/2008: Radioclub Pazin (9A7P) members Dragan/9A2SX, Igor/9A3AXX, Hrle/9A6XX and Marko/9A8MM will be active March 13-17th from the island of Corsica (EU-014, DIFM TK-001, MIA MCO-001, WLOTA LH-1390), including an entry in the Russian DX Contest (March 15-16th) as TK/9A8MM. QRV as TK/homecall on 80-10m using TS440S + FT857D, SB-220, 2 laptops, Spiderbeam (20, 15, 10m) and Inv Vee on 40m, 80m. They will be located in the Sisco valley in the north part of the island, just outside Bastia, which is their arrival port. All QSL cards will be sent via bureau as for the previous two operations. You don't have to send your QSL cards to them. More info at: www.rkp.hr/active/index.php?option=content&task=view&id=473&Itemid=90 [Southgate ARC]

14/03/2008: Operators Axel/DH8AK, Sebastian/DO6ELW, Dirk/DK4DJ and Henning/DK9LB will be active as homecall/p from Fehmarn Island (EU-128, O-01 for the German Islands Award) from March 14-21st. They will also activate two lighthouses: Marienleuchte - Old Tower (ARLHS FED-151) and Marienleuchte - New Tower (ARLHS FED-016, WLOTA LH-0637). QRV 80-10m SSB/PSK31 and 2m SSB. QSL via home calls, direct or by the bureau. [RSGB IOTA]

17/03/2008: Alex/YV5SSB, Jose/YV5TX and possibly others will be active as YN2YV from Granada (WW Loc. EK71XU), Nicaragua, March 17-21st. Plans are to have at least two stations 160-10 metres, plus 60 and 6 meters. On 6M they will be using a 3 element quad and iCOM 706-MKIIG, monitoring 50.110MHz. Experienced CW and/or RTTY operators who may be willing to join the team are invited to send an e-mail to 4m5dx@...; further information can be found at: www.yn2yv.4m5dx.info/ QSL via IT9DAA. Logs

will be uploaded to LoTW. [425 DX News]

18/03/2008: Ulli, DL2AH will be active holiday style as CE0Z/DL2AH from Isla Robinson Crusoe (DICE ICE-004, WLOTA LH-0153) Juan Fernandez Archipelago (SA-005), March 18th to April 7th. Activity will be mainly 40-10m SSB and RTTY using a FT897 and Windom antenna. QSL via DL2AH, direct (QRZ.com) or by the bureau. [NG3K]

20/03/2008: Kevan, 2E0WMG and Mark, M0MJH will be active from the Isle of Jersey (EU-013, WLOTA LH-0818) as 2J0WMG and MJ0MJH, respectively, between March 20th and 26th. They also hope to activate Les Minquiers Reef (EU-099) during their trip. Note: If heard or worked, 2J0WMG is valid for the ISWL's Monitor Award. The QSL route will be via our home calls as on QRZ.com. [Pete's-DX-Newsdesk]

20/03/2008: Jack, F6BUM (www.f6bum.net) will be active again as 3W3M from Vietnam between March 20th and April 2nd. He plans to operate SSB and CW with 100 watts into a vertical antenna from the following three islands: March 20 (1000 UTC) - March 23 (0600 UTC) from Con C? (AS-185, new one); March 25 (0800 UTC) - March 28 (0600 UTC) from Phu Quoc (AS-128); March 29 (1000 UTC) - April 2 (0600 UTC) from Dao Con (AS-130). Expect activity on 40, 30, 20, 17, 15, 12 and 10 meters. QSL via F6BUM, direct or bureau. [425 DX News]

22/03/2008: Ed, N1UR and his xyl Christine, KB1PQN will be active from Layang-Layang Island, Spratly Islands (AS-051) between 0800 UTC March 22 and 0000 UTC March 30. They already have licenses for 9M6/N1UR and 9M6/KB1PQN. When the get permission from the Navy, they will apply for a special 9M0 call. QRV 160-10m, using CW and SSB. QSL via K2RET (Bob Tomkovich, Jr., 405 Hemlock Dr., Lanoka Harbor, NJ 08734 USA). Further information can be found at: www.n1urspratly.com/ [NG3K]

23/03/2008: Operators Leigh/WA5ZNU (ZF2NU), Yuki/K6YUU (ZF2UU), Hunter/KI6IMM (ZF2IM) and Becky/K6BEC (ZF2BE) will be active March 23-31st from Seven-Mile Beach on Grand Cayman Island (NA-016, also count for WLOTA LH-1042, WW Loc. EK99HI). Modes will be CW, SSB, PSK, RTTY. Equipment consists of Elecraft K3/100, Cushcraft R6 multi band vertical (20 to 6 meters), 106 foot +/- long wire antenna. The 6m frequency will be 50.110 MHz USB. QSL via the operators home call. Further information, along with updates and frequencies can be found at: wa5znu.org/2008/03/zf2nu/ [N8OFS]

24/03/2008: Ela/DL1TM and Tor/DJ4MG will be active as OZ/homecalls from Ingstrup (JO47UH), Nordjylland Island (EU-171, NJ-001 for the Danish Islands Award), Denmark, March 24-April 10th. QRV on 2m SSB with 100W and 11 element yagi at 16m over ground level. They will also be active in the Nordic Activity Contest. QSL via home calls, direct or bureau. [MMMonVHF]

26/03/2008: John, W5JON will be active again as V31FB from San Pedro, Ambergris Caye (NA-073, WW Loc. EK67AW), Belize, from March 26-31st. QRV on 6-160 meter SSB, including a Single-Op/All-Band entry in the CQ WPX

SSB Contest (March 29-30th). Equipment will be ICOM IC-7000, RM Italy KL-400 amplifier (400 Watts), Alpha Delta 10-160 meter dipoles and 3 element yagi on 6 meters. QSL via home call. [NG3K]

26/03/2008: John, VK6HZ will once again be operating holiday style as VK6ARI from Rottnest Island (OC-164, WLOTA LH-2197) between March 26th and April 4th, including an entry in the 2008 CQ WPX Contest. Equipment will be IC-7000 and Buddiepole. Online log may be available during the trip (he will confirm closer to the time). QSL via home call, direct (John Ferrington, 54 View St., North Perth, WA 6006, Australia) or by the bureau. Further details at: www.vk6hz.com/

27/03/2008: Dave, W5CW will be active March 27th to April 9th as VP5/W5CW from the VP5JM 'Hamlet' on Providenciales (NA-002), Turks & Caicos Islands, including a Single-Op/All-Band entry in the CQWW WPX SSB Contest (March 29-30th) using the special call VQ58V. Outside the contest Dave will be QRV 160-6m (including WARC bands), using CW and SSB. On 6m he will use a M2 7 element yagi at 30 feet (Grid FL31VS). All QSLs via W5CW. [NG3K]

29/03/2008: Helmut, DF7ZS will be active from Santana, Ilha da Madeira (AF-014, DIP MA-001 for the Portuguese Islands Award, WLOTA LH-0053) as CS9L (or CT9L) during the CQWW WPX SSB Contest (March 29-30th) as a Single-Op/High-Power entry. He is also planing some pre and post contest operation, if time permits, as CT3/DF7ZS. QSL via home call, direct or bureau. [NG3K]

30/03/2008: Franck F4DBJ, will be active March 30th to April 17th as 5R8HT from Ivato, Madagascar (AF-013, also count for WLOTA LH-2455). Look for activity 80-10m holiday style. He also plans to be active from Nattes Island (AF-090, WLOTA LH-0100). QSL via home call. [F5NQL]

01/04/2008: Look for Nobby, G0VJG to be active from the island of Montserrat (NA-103, Grid Grid FK86), April 1-3rd, as VP2MAD. QRV on all HF bands, plus 6m, SSB only. QSL via G4DFI, direct only. [NG3K]

12/04/2008: Maarten, PA3GZU will be active from Mindanao Island (OC-130, WLOTA LH-2803, WW Loc. PJ27UH) between April 12th and May 12th using the call sign DU9/PA3GZU. QRV mainly 20m 14.260 MHz USB, 14.070 MHz BPSK31. Maarten is on holiday so he will be QRV when time and conditions let him. Most activity is expected end of April and first week of May. QSL via home call, bureau preferred. [RSGB IOTA]

20/04/2008: Date Correction - Kevan, 2E0WMG and Mark, M0MJH will be active from the Isle of Jersey (EU-013, WLOTA LH-0818) as 2J0WMG and MJ0MJH, respectively, between April 20th and 26th. They also hope to activate Les Minquiers Reef (EU-099) during their trip. Note: If heard or worked, 2J0WMG is valid for the ISWL's Monitor Award. The QSL route will be via our home calls as on QRZ.com. [Pete's-DX-Newsdesk]

02/07/2008: Jim, WB2REM and xyl Pamela will be visiting the VP5JM 'Hamlet' on Providenciales Island (NA-002, WW Loc. FL31VS), July 2-12th.

Jim will sign VP5/WB2REM on all HF bands, plus 6m. He will be monitoring 50.110MHz USB on 6 meters with a IC-7000 (no amplifier), with M2 7 element at 30 feet. QSL via home call, direct or bureau. [N8OFS]
==========
SPECIAL EVENTS -

01/03/2008: The ISWL Club Callsigns in use during March 2008 will be:

GX4BJC /A - Operated from Oxhey, in Hertfordshire, by Dick - M5DIK. (ISWL Council Member & Awards Manager) (WAB Square = TQ19-HFD & IOTA = EU-005).

MX1SWL /A - Operated from Walton on the Naze, in Essex, by Herbie - G6XOU (ISWL Council Member & QSL Bureau Manager). (WAB Square = TM22-ESX & IOTA = EU-005).

The ISWL's WAB Book numbers are: 16316 and 16724.

All QSL Info is on www.iswl.org.uk or www.qrz.com or via www.eQSL.cc NO LOTW!

ISWL Awards are available to all Hams and SWL's - see www.iswl.org.uk for full details.

eQSL.cc cards ARE accepted for our awards. [Pete's-DX-Newsdesk]

01/03/2008: Look for special event station 8J50JARL to be aired March 1st to May 25th to commemorate the 50th JARL Annual General Meeting. Look for activity on all bands. QSL via the JARL bureau. [JJ1WTL/AC6IM]

01/03/2008: Special event station 8N1MOMO will be aired from March 1st to April 5th to celebrate the Koga-city Momo (or Peach) Festival. Look for activity on all bands. QSL via the JARL bureau. [JJ1WTL/AC6IM]

01/03/2008: Clubstation DARC Ortsverband (E20) will air the special call sign DA0HEL during the entire month of March from Helgoland Island (EU-127, N-14 for the German Islands Award, WLOTA LH-0518), with the Special DOK "HEL2008". Other calls that will participate include DF6QC, DL0DWD, DL0IH and DF0IT. QSL via the information for DA0HEL at QRZ.com. [DF6QC]

01/03/2008: Back in March 1978 Vladimir Remek was the first Czechoslovak in space, as well as the first cosmonaut from a country other than the Soviet Union or the United States. To commemorate that event, special station OL30SPACE will be active March 1-30th. QSL via OK1TIR, direct or bureau. Further information at: www.qth.cz/ok1tir/OL30SPACE/tabid/270/language/en-US/Default.aspx [425 DX News]

09/03/2008: Look for special event station 8J6HAM to be aired March 9th for the 7th Nishinihon (or West Japan) Ham Fair, located in Tosu-city, Saga-Prefecture, Japan. Look for activity on all bands. QSL via the JARL bureau. [JJ1WTL/AC6IM]

15/03/2008: TC-SWAT (TC Special Wireless Activity Team) members TA1HZ, TA2IJ and TA3FB will air special event station TC18M to commemorate the Canakkale Naval War Victory of March 18, 1915. They will be on the air from the University Campus, Canakkale, between March 15-18, 2008. QRV mainly on 7, 14 and 21 MHz SSB and CW. There will also be some activity on 2m and 70cm locally. QSL via TA1HZ (P.O.B. 73 Karakoy, 34421 Istanbul, Turkey). Further information at: tcswat.tripod.com/id7.html [TC-SWAT]

U.S.A. Special event station information can be found at: www.arrl.org/contests/spev.html

6M & Up

25/03/2008: Chad, WE9V will be signing PJ2/WE9V from the PJ2T superstation located at Signal Point, Curacao (Grid FK52KG), between February 25th and March 4th. He will be monitoring (24/7) 50.110MHz USB with a FT-100 at 100W into a Cushcraft 5 element yagi up 85 feet. QSL via home call direct, bureau or LoTW. [N8OFS]

07/03/2008: The TX5C Clipperton 2008 team will be QRV on 6m with a 4 element yagi and monitoring 50.127MHz USB from Grid Locator DK50. Keep an eye on the DX clusters. QSL via N7CQQ, direct or bureau. Full information at: www.clipperton2008.org/ [N8OFS]

HQ8R Swan Island 2008 DXpedition Synopsis, QRV in March with grid EK87
LATEST INFO from Bill, NZ5N, dated 2008-02-19:
"I regret to report that 2m EME has been scratched for the Swan Island DXpedition (grid EK87) in March. Boyd had ordered an LA-22 and a pair of 2M28XP's, but the LA-22 got put on back order and he decided to concentrate on 6m (50.127MHz USB) for this trip. We will have an ACOM 1000 amp and a 7 el. beam for a 6m EME effort. Boyd will put up the 2M28XP's from his home QTH on Roatan after the LA-22 arrives, so everyone will be able to work Honduras on 2m, but unfortunately not the EK87 grid. There's still a chance that we will be able to work a few big guns on 2m from Swan, running barefoot on a TS-2000, if we can take along a single yagi of some sort." [NZ5N]
==========
ATLANTIC OCEAN TOUR. Tom, KC0W, who moved to St. Helena Island in early September and has been active as ZD7X, has been given permission by the Tristan da Cunha government to visit Tristan for an extended stay. He is expected to leave St. Helena sometime in late April. So, Tristan will be his next DX location. Tom hopes to operate from Tristan for a period of 4-6 months and plans to be VERY active from Tristan as he was from St. Helena. He states, "My next planned DX locations after Tristan will be the three islands of South Sandwich, South Orkney and South Georgia. My goal is to activate each island for at least two weeks straight. This three island DXpedition is in the planning stages right now. I hope to stage this whole operation out of the Falkland Islands." [OPDX Bulletin]

RUSSIAN DISTRICTS REPORTED ON 160M - Look for Sulejman, RA6PDG to be active from RDA District CN-08 (Urus-matan City), Republic of Chechnya (CN). Also look for RA6PKC to be active from RDA CN-20 (Urus-martanovsky area), Republic of Chechnya (CN). Both stations will be QRV 160m (1900-1905 kHz) every evening around midnight MSK time.

6714. A REOCCURRING PROBLEM

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-02-29 14:48:56 UTC
From: K1XN
Topic: 6714 Message: 6714

Hi folks,
I just worked the special event station HB10DX on 20 meter
RTTY. I had a problem with this call sign and it would not load
into the log book or the RTTY call box. I then noticed that the call
sign they were using was really HB1ODX and not HB0DX. They
were using a slashed letter O instead of a slashed number Zero.
Most loggers and other database type programs will not allow the
use of a Slashed Letter. I don't know if LOTW accepths them or not
as I always use a Slashed Zero in my programs.
I notice that most call signs with the number Zero in the call are using
a slashed letter instead of a number. Even many of the DX bulletins use
this and they should know better.
For people that do not deal with call signs all day long every day, this
is not even a bump in their daily routine, but it will cause everyone a
problem sooner or later.
There are many fonts on the internet that support a real slash zero
and those
who are now using a slash letter should think about changing fonts.
Of course, this is my opinion only and affects no one but myself. I
do feel
better having giving my opinion for a change.
see ya.....
John K1XN

John, is it possible that you could tell me/us what fonts support a slashed Zero? I have used (Alt-0216) and gotten a ?, which I have considered to be a slashed "O".

Dick

Dick,
I just uploaded a zip file of several Windows fonts
with slashed zeros. I use most of these in my databases.
Look for the file on the Golist reflector.

6719. ICPO Update (February 29, 2008)

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-02-29 17:13:47 UTC
From: Dave Raycroft
Topic: 6719 Message: 6719

I.C.P.O. (Islands, Castles & Portable Operations)
UPDATE -
==========
01/03/2008: Fran?ois/F5JNE and Gerard/F6ICG will be active as F5JNE/p
on March 1st from the Castle of Tracy (DFCF 58-089), in the city of
Tracy upon Loire (CP 58150) and canton of Pouily/Loire (DDCF 58-18).
This activity is also valid for Tracy island on the River Loire
(D.I.F.I. reference 58014R for the French Inland Islands Award). As
usually, starting around 0700 UTC on 80/40m, CW and SSB. QSL via bureau
preferred and SWL cards welcome. [F5NQL]

- SPRATLY Island: AS-051
http://www.n1urspratly.com/index.html
The DXpedition will begin approximately 0800Z on March 22, 2008.
Expected shutdown will be 0000Z March 30, 2008.
Operartors, Ed N1UR and Christine, KB1PQN
160 to 6 m, CW & SSB
The 9M0 callsign has been claimed and the announcement is pending.
QSL via: Bob Tomkovich, Jr. - K2RET, 405 Hemlock Dr., Lanoka Harbor,
NJ 08734 USA
www.k2ret.com [K2RET]

- FM/F5LGE: My friend Ren? F5LGE is now QRV from FM (Martinique) 160m
and 80m only CW.
End date: 30 March
Qsl via bureau (home call)
Or direct:
COURGIBET REN?
13 RUELLE CREPION
51240 ST GERMAIN LA VILLE (FRANCE) [NG3K]
==========
- JD1BLY & JD1BMP were QRV 2m EME from JD1 Ogasawara Febr. 19th to
26th from QL17CC - the up to date LOG you be able to find at:
http://www.mmmonvhf.de/upload-news/DL8EBW/LOGS/JD1BMP20080226.txt
The story at MMMonVHF is shifted meantime to REVIEW (click JD1BMP).
[MMMonVHF]

- Since 2003 DF2ZC publishes the 144 MHz EME NewsLetter. This is a
free service for the EME community. Bernd, DF2ZC, informed us,
that the feb-edition of the EME-Newsletter is now available at:
http://www.df2zc.de/newsletter/index.html
The March 2008 issue will be uploaded on 17 March 2008. [MMMonVHF]

ALT-0216 may look to our eyes as a slashed zero,
but it is in fact a Greek letter. To a computer
it isn't a zero, it isn't even a number.

6725. Re: [GOLIST] A REOCCURRING PROBLEM

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-02-29 23:09:29 UTC
From: Dick Flanagan
Topic: 6714 Message: 6725

No, it's a common variant of the lowercase Greek letter phi.

See http://en.wikipedia.org/wiki/Phi_%28letter%29

Technically, the "slashed zero" we're all looking
for isn't a Greek letter at all, but a Greek
symbol appearing in many different mathematical
and technical contexts (e.g., diameter and empty
set and a hundred others), all of which are
basically circles with diagonal lines through
them (and often arguably referred to as "phi").

In all cases they do not represent numeric digits
and will not sort the same as a numeric
zero. The visual representation may also change
depending upon the font that is used to display
them. I learned this lesson when I wrote a
report using what I thought were slashed zeros,
only to have them print in some other font as
some meaningless character I had never seen before.

The lesson to be learned is to find a font where
the actual Arabic number zero is displayed as a
zero with a diagonal line through it. Don't just
find a random character that happens to look like
a slashed zero and assume the computer will
somehow intuit that you want it to treat it as the number zero.

LOL! Well, I have a feeling that the Yahoo Groups gave it the look of "their" zero, Jerry. When I sent it, it was a real zero with a slash through it, not a letter O with a slash through it.

Hey, ya gotta admit that the zero's that Yahoo Groups uses is an ugly zero. Looks more like a small o than a zero.

Dick
W0RAA (Now, when I typed my call, it showed (to me) as a slashed zero. Ten to 1 it will display as WoRAA).

Hi friends
Clipperton :
From the whole team

At sea on Fev 29th, by 26°26 N et 115°03 W , at 1.022 milles to Clipperton.

We sail about 240 milles a day.
We have left San Diego since 48h .
The good forecast to day has followed the bad one of the first day.
A lot of us are not very accustomed of sea travels, so the first day the dining room was strangely deserted by the most of us, because of seasick. A lot of the members stayed in their bunks for long time.
Some, better feeling have set up the vertical antenna o the sundeck.
FO5A/MM has logged 1.100 QSO's.
The 1st F hams were F5HRY/P followed by Françoise
F8ARF.
The temporary post Office was open between 1100 and 1200 and the Souvenir enveloppes and first day cover ones had been stamped, by our “postwoman”
Laurent F6FVY spent all the morning to configure, our 8 log devoted laptops
.
This message came via the Irridium Sat.
We’ll try to inform you as often as possible.

Tks Jean Michel F6AJA, TX5C Pilot.

90TH ANNIVERSARY OF THE ROYAL AIR FORCE - SES GB90RAF
The RAF was formed on 1st April 1918 and RAFARS will be celebrating this 90th anniversary. GB90RAF will be on air from our Cosford HQ from 0800 to 2000hrs on Tuesday 1st April 2008.

70TH ANNIVERSARY OF RAFARS - SES GB70RAF
By co-incidence, this year is the 70th birthday of your society.
GB70RAF will be on air between 26th March and April 6th from a location to be arranged in Dorset.

SPECIAL EVENT STATIONS GB4LRG GB2ASS
The Special Event Stations Long Range Desert Group with the Air Support Signals will be operational from Colerne Airfield, Wiltshire SN14 8QY from the 2nd to the 8th June 2008 on SSB CW on HF and maybe on RTTY and 2m FM.
Stations worked will be sent a QSL card via the RSGB or
Services Bureau, SAE for direct QSL cards.

BELGIUM AIR FORCE ON40BAF SES SCHEDULE.
The Belgium Air Force Amateur Radio Association is celebrating its 40th anniversary. Using the call sign ON40BAF, the station will be operational during 2008. Contact George ON4TJ RAFARS 2186 for further information.

For a ON4BAF Schedule QRV 1st and 3rd Sunday of the month at 1000hrs
Belgium time on 3.723Mhz.
Tks Pete’s DX Deslk.

Bonjour à tous
Clipperton :
De la part de toute l'équipe

En mer le 29 février par 26°26 N et 115°03 W à 1.022 milles de Clipperton.
Nous parcourons environ 240 milles nautiques par jour.
Celà va faire bientôt 48 heures que nous avons quitté San Diégo.
Pour l'instant la météo est excellente, ce qui n'était pas le cas hier
Nous pensons que nous sommes plus ou moins amarinés, car les premières 24
heures
certaines banettes ont été occupées plus que de raison : il n'y avait pas
foule dans le carré où nous
mangeons.

Les plus valides ont installé l'antenne verticale sur le "Sun Deck".
FO5A/MM a déjà réalisé 1.100 QSO.
La première station française contactée a été F5HRY/P suivi de Françoise F8ARF.
Le bureau de poste temporaire a été ouvert de 11H à 12H, et les enveloppes souvenir ont été oblitérées
par la postière de service.
Laurent F6FVY a passé sa matinée à configurer une partie de nos huit ordinateurs de log.
Ce message a été acheminé par la liaison satellite irridium et nous essaierons de vous informer régulièrement
par ce moyen.

Merci Jean Michel F6AJA, Pilote pour l'expédition TX5C.

90ème anniversaire de la ROYAL AIR FORCE – indicatif spécial GB90RAF

The RAF fut constituée le 1er avril 1918.
Le RAFARS célèbre cet anniversaire en mettant sur l'air l'indicatif GB90RAF, depuis Cosford HQ, de 0800 à 2000hrs le mardi 1er avril 2008.

70ème anniversaire du RC : RAFARS – indicatif spécial GB70RAF

Coïncidence le RC de la RAF fête son 70ème anniversaire. Il utilisera GB70RAF entre le 26 mars et le 6 avril 2008, depuis le Dorset.

Indicatifs spéciaux GB4LRG GB2ASS
Le Long Range Desert Group et le Air Support Signals sera actif depuis l'aérodrome Colerne Adans le Wiltshire SN14 8QY, entre le 2 et le 8 juin 2008.
HF, CW/SSB/ETTY et 2m/FM*
QSL via bureau RSGB ou bureau FAFARS. Direct avec SAE.

RC de l'Arme de l'Air Belge:
Le RC de l'Armée de l'Air belge, célèbre son 40ème anniversaire en 2008.

No. Zero looks like a football standing on end (sides squished in). An "oh" looks like a round donut.

Jerry.

6739. TX5C DX NEWS

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-03-01 12:02:55 UTC
From: K1XN
Topic: 6739 Message: 6739

We've been at sea now for two days. The weather is perfect and the seas are quite calm. On our first day out we were visited by a coast guard cutter (see photo section <http://www.clipperton2008.org/dxpedition/photos.htm>) who came along side but did not board the Shogun. The team is in great spirits and we're all well and having a lot of fun.

We put up a vertical antenna mounted on the upper deck with elevated radials yesterday. Within an hour or so we got our Icom ProIII setup and operational in the galley. Bill, N2WB made our first contact on 20 meters as FO5A/MM to VE6OA at 2206utc 2/28/08. By the time we all turned in yesterday evening, we made a total of 1000 contacts on 20ssb and 40cw.

As of 6:00am pst this morning, our position was 27 19 north, 115 20 west, traveling at 9.5 knots.

This morning, we were successful in making our first satellite internet connection and uploaded some initial photos to our photo section and sent and received a few emails. In true ham spirit, we did what they said could not be done...connect to the satellite while in motion. We had an excellent connection and now expect to be able to update our website daily before we get to Clipperton...so keep watching THIS PAGE!!

Many of our team are keeping personal journals which can be accessed via the OPERATORS <http://www.clipperton2008.org/operators/operators.htm> page...just click on any operator's picture to view their journal.

At 2200z, the Shogun and the team were 1000 nautical miles from Clipperton Atoll at 26 04n 114 56w.

6741. New poll for GOLIST

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-03-02 14:36:00 UTC
From: GOLIST@yahoogroups.com
Topic: 6077 Message: 6741

Enter your vote today! A new poll has been created for the
GOLIST group:

A new poll to see how the Qsl Managers or card handlers are doing for YOU in confirming your DX confirmation requests.

How is OH2BH doing in filling all your Qsl requests?

o Has filled every request in a timely manner.
o Has filled every request, but rather slow.
o Has not filled all my requests
o Still waiting for any confirmation with his stations.
o Has never responded to any of my requests.

To vote, please visit the following web page:
http://groups.yahoo.com/group/GOLIST/surveys?id=2345167

Note: Please do not reply to this message. Poll votes are
not collected via email. To vote, you must go to the Yahoo! Groups
web site listed above.

Thanks!

SU0, EGYPT (Possible 80m!). Mustapha, DL1BDF, will be active from the Egyptian Amateur Radio Assembly ARC (EARA) station, SU0ARA, in Cairo, between March 11-19th. Activity will be on all HF bands. For the first time there "could" be some activity on the 80 meters (permission is pending). Usually in Egypt this band is reserved for the military authorities. QSL via SU1KM.

On our third day of our journey, at 1400 UTC on March 1st we were at 23 25.681 N and 113 59.58 W making approximately 10 kts in smooth seas placing us approximately 890 Nm from Clipperton. We are active as FO5A/MM, while underway. Join the excitement; stop by and say hello, we're active on 20 and 40 meters. Plans are to arrive early on March 5th It will take 2 days to set up. Expect activity from TX5C on March 7th.

6753. New poll for GOLIST - OH2BH as a QSL manager

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-03-03 16:50:18 UTC
From: Mike Kirchoff
Topic: 6753 Message: 6753

Yahoo does not like me so I will respond directly relative to OH2BH as a QSL manager. With only one exception, I have always gotten the QSL's eventually, but the wait time is 12 to 36 months. In the case of the one exception, he (probably not actually OH2BH) kept my $2 and sent my card back via the bureau to inform me that he was not keeping a log on the day I worked him.

73,

Mike, W2OO

From: K1XN
Topic: 6739 Message: 6755

This morning at sunrise, our position was 16 24N 111 20 W, approximately 380 nautical miles from Clipperton Atoll. We are expecting to be at the island early in the morning on March 5th. When we arrive at Clipperton, we will circle the island and look for any possible indication that there might be human activity there. If there is, we will need to determine what type of activity is going on. Over the years there have been a variety of reports of the island being used for illicit purposes. But mostly the island is visited from time to time by fisherman and boaters that happen to land.

Most importantly is the level of the surf at the several possible landing spots that we have in mind. We are anxious to attempt a landing near the north part of the island. We want to set up our primary dx antennas on the north shore so we can be in a position to most effectively cover Europe where Clipperton is high on the most wanted list. North America, Oceania and Asia will be easy paths from most spots on the island, so positioning is not as critical. From the usual landing spot, it is a 2 kilometer trek to the north shore under the blazing sun and we want to limit the distance we have to carry our equipment and the time it will take to set up the north shore operating camp. We are planning on making our base camp at Bougaimville where all previous dxpeditions have set up. It is the only place on the island with trees that will provide shade from the hot tropical sun.

Our journey thus far has been pleasant. We've spent the last several days working on our operating schedules, preparing our equipment for loading on the zodiacs, considering the best spots on the island to position our antennas, working on various projects on our computers and sometimes just laying around in the warm south pacific sun. The seas have been very calm and the weather has been ideal. We have been operating as FO5A/mm and have made 4,577 contacts thus far. We've been operating primarily on 20 meters during the day, and 40 meters at night. Our operating position has been active from 5am to 11pm so please try to work us.

Also, be sure to view the personal operator journals available from the Operators page.

From: F5nql@aol.com
Topic: 6757 Message: 6757

Hi friends

Clipperton 2008, fromthe French side of the team.

Onboard of the Shogun.

At sea, March 4th, 2008.

At 9 ,local time by 15°58 N, 111° 14 W. (For memory, Clipperton is by 10°18 N.)

We are a little late and our landing on the atoll is scheduled on March 5th, around 23 local time (around 0700 utc, on March 6th),

The first signals are expected to be sent on March 7th.
We have to land all the gear and set up two sites , one for CW/RTTY operations and another for the SSB.

Last night we were in touch with the first Clipperton life signal, with the visit of a masked booby, which was a long time staid on a mast.

Sometimes the rolling was very heavy so, taking pictures wasn’t often very easy.

The FO5A/MM station has logged about 4.400 QSO’s, but ther's not a permanent activity.
We are using a Multiband vert, (optimised tuning by Jacques F5JY) and an ICOM Pro III .

Pilot stations for TX5C are F6AJA, K4SV, and DL5NAM. QSL via N7CQQ direct, P.O. Box 31553, Laughlin, NV 89028 USA - or via the bureau.
The log will be on LoTW also.

www.clipperton2008.org/

Jean Michel F6AJA, Pilote pour l'expédition TX5C.

Tks, Jean Michel

Rwanda 2008
Bernard F9IE, our well known dexpeditionary operator, member of the Provins ARC/ F6KOP, and late XT2C and J5C ops, has joined the next Rwanda team 9X0R.
March 16 to 27 2008.

http://www.9x0r.com/

Tks Frank, F4AJQ/F6KOP ars

ZD9 - TRISTAN DA CUNHA ISLAND, AF-029
Tom,KC0W, momentarily still active as ZD7X from St. Helena received
permission for entry to Tristan da Cunha (AF-029). When he leaves
St. Helena by the end of April he plans to stay on Tristan for about
four to six months. However this will not be the end of his trip
because he plans to spend two weeks each on the South Sandwich,
South Orkney and South Georgia Islands as well.

CROATIA
9A7OLPC is a special CALL wich will be used for the 70th anniversary of
Lipik stud in which are training throughbred Lippizaner horses!
During the war in 1991. horses were turn off in Serbia and not untill now
they are return in Lipik!

The sign will use amateur radio operators from Lipik till 31st DECEMBER,2008.

QSL via 9A7KM via buro or direct!

Vy 73 de Miro 9A4MF

Bonjour Maurice,

Last TK7C news (May, 3rd to 10th, 2008), by F6KOP ARC.

Laurent F1JKJ, is finally the 6th operator.

3 stations (ex J5C) set up, HF 80/10m, with Acom 1010, Spiderbeams, dipoles and verts.
All the gear will be send to Cosrsica by the ferry along with F1JKJ, except the spiderbeams and masts which will be carriedby the other ops, who will fly to TK.

CW/SSB/Digitals

All the laptops will be netted and the crew will have an Internet access for information and clusters.

Bonne fin de soirée

73 de Thierry F4TTR

Tks Thierry, F4TTR

St VINCENT – J8

J8/DL7AFS and J8/DJ7ZG, Babs and Lot, plan to operate from now until March 20th from St. Vincent. Look for them on 80-6M, mostly RTTY, PSK and SSB. QSL via DL7AFS

Topband from 9Q :

9Q1EK, was spotted on last Saturday morning, around 0450 UTC on 1821.5 .

QSL via SM5DJZ, only direct

From F5LEN's cluster

ROYAL AIR FORCE AMATEUR RADIO SOCIETY
DEFENCE COLLEGE AERONAUTICAL ENGINEERING COSFORD
WOLVERHAMPTON WV7 3EX ENGLAND

VOICE ON THE AIR G8FC/G8RAF
WEB SITE www.rafars.org

TUESDAY 1 APRIL 2008 - 90TH ANNIVERSARY OF RAF FORMATION

2008 is also the 70th anniversary of the year when CARTS (Cranwell Amateur Radio Transmitters Society) became the RAF wide RAFARS and the G8FC licence was issued as the Voice of the Society so the Society's aim is for a major on-air presence to mark all those special anniversaries.

On 1 April 2008, we will attempt to activate every RAF, RFC & FC callsign we have plus every GB-RAF SES we can get.

In addition all the Area Callsign holders, affiliated Clubs and ATC formations are invited to participate.

We hope to plan something similar in combination with RAF Cosford Air Show on 1 June 2008 which has the 90th anniversary as its theme. More on that later.

Confirmed participants for 1 April 2008:
Those that are also AOTA activations will say so on-air on the day.
GB9ØRAF and G8FC / G8RAF from RAF Cosford (RAF celebration)
GB7ØRAF from Dorset (RAFARS celebration from 28 March to 6 April)
GM3RAF from RAF Kinloss for 1 April
G3RAF from Devon 28 March to 6 April except 1 April
GØRFC from Cornwall about 28 March to 6 April
GBØRAF from North East Aircraft Museum (Middleton)
GB1RAF from a WW1 airfield north of the Humber
GB2RAF from RAF Neatishead
2E1RAF from Cumbria
G0RAF from Lincoln (RAF Waddington Club)
GB2AIR from Doncaster Aircraft Museum (previously RAF Doncaster and site of first European aviation meeting in 1909)
G7RAF from Lincolnshire
G3TCQ from South Yorkshire
G3JDY from East Yorkshire
G3HWY from West Yorkshire
G3EKT from North East
G3PSG from Marske by the Sea
RFC & RAF Gunnery School (formerly in North Yorks)
G4PSH/P from Stalham Norfolk Air Cadets
M0KAC from Cumbria (Kendal Air Cadets)
C/S TBN from Ronaldsway, Isle of Man
Several other area calls are expected.
Sad to say G1RAF AND G6RAF are not available for April.

WHERE, WHAT AND WHEN ?
Aiming at 0800 hrs to 2000Hrs GMT. We hope every station will do what they can, when they can on that day, for as long as they can, on as many bands as they can - but only within their resources available.
Extra time or days on-air to spread the word will be great too but we do appreciate that family a & work comes first.

Idea is to first contact each other on the regular net frequencies then to congregate close to them on each band (but not so close as to cause each other QRM) for members and other amateurs to have a go at.

All modes as available.
We hope for a very special QSL Card for GB90RAF. but for the rest of the Society Stations we plan an individualised card with a common Picture / layout.

MANAGEMENT
There is no formal leader for this event because we expect many variations
and we want everyone to have their best shot and have a fun day.
However, if you need a contact - GØDAM Bob is QTHr QRZ.

WHAT CAN YOU DO ?
Take part. Have fun.
If you are associated with any of the invited groups, please pass the
word. We seek maximum exposure - the more the merrier.

Best regards & 73
Bob.

Bonjour à tous

Clipperton 2008 :

De la part de toute l'équipe française à bord du Shogun.

En mer,le 4 mars 2008.
9 heures locales par 15°58 Nord, 111° 14 W. Pour mémoire, Clipperton est par
10°18 N.
Nous avons pris un peu de retard et notre arrivée sur
l'atoll est prévue pour demain mardi 5 mars à 23 heures
locales, soit mercredi 8H France.
Nous ne pensons pas démarrer les opérations avant le
7 mars, il nous faut débarquer tout le matériel et
installer le camp de vie puis les deux camps CW/RTTY et SSB

Cette nuit nous avons eu notre premier signe de Clipperton,
un jeune fou masqué est venu se reposer dans la mature.
Ce matin c'est une frégate qui a survolé le navire, et
depuis quelques instants nous avons la visite de fous masqués.
Par moment le roulis est assez prononcé, et cela relève
du sport pour prendre des images.

La station FO5A/MM approche les 4.400 QSO, mais l'activité
n'est pas permanente. Nous utilisons un ICOM Pro III et une
antenne verticale multi-bandes,
dont les réglages ont été optimisés par Jacques F5JY.

www.clipperton2008.org/

Jean Michel F6AJA, Pilote pour l'expédition TX5C.

Pilot stations for TX5C are F6AJA, K4SV, and DL5NAM. QSL via N7CQQ
direct, P.O. Box 31553, Laughlin, NV 89028 USA - or via the bureau.
The log will be on LoTW also.

Merci Jean-Michel

Rwanda 2008

Bernard F9IE , membre de F6KOP et des dernières expéditions du club en XT2
et J5, a rejoint l'équipe internationale qui sera au Ruanda du 16 au 27
mars 2008.

http://www.9x0r.com/

Merci Frank, F4AJQ/F6KOP ars

ZD9 - TRISTAN DA CUNHA ISLAND, AF-029
Tom,KC0W, est toujours actif depuis Ste Hélène, indicatif ZD7X .
Il a reçu l'autorisation de se rendre à Tristan da Cunha (AF-029).
Après la fin de son séjour en ZD7 (fin avril 2008), il prévoit d'être au
moins 6 mois sur TdC.
Ce ne sera pourtant pas la fin de son pérple qu'il coompte terminer par des
séjours de deux semaines respectivement sur Sud Sandwich, orcades Sud et
South Georgia.

Merci DXNL

Info concours par Bill/NG3K

Concours : CQ WW WPX , SSB (29-30 Mar, 2008)
Origine : n3dxx (art19703@...)
Indicatif : vp2mah
DXCC: Montserrat
Catégorie : mono-op
CQ zone: 8
QSL via : non précisé
Operators: Arthur, n3dxx

Notes: Actif de 160-10m, du 26 au 31 mars.

Merci Bill, NG3K

CROATIE

9A7OLPC est l'indicatif spécial utilisé en Croatie à l'occasion du 70ème anniversaire des écuries de Lipik, fameuses pour l'entraînement de chevaux Lipizans.
Pendant la guerre en 1991, les chevaux avaient été déplacés en Serbie.
Maintenant ils sont de retour à Lipik.

Sur l'air de maintenant à fin décembre.
QSL via 9A7KM via buro ou directe!

Vy 73 de Miro 9A4MF

Merci Miro

Bonjour Maurice,

Dernières nouvelles de TK7C (3 au 10 mai) :

Laurent F1JKJ, à rejoint l'équipe.
Equipements :
Trois stations, toutes bandes HF 80/10m, avec Acom 1010, Spiderbeams, dipôles et verticales. (Trois stations de retour de J5C)

Le matériel transitera par bateau, avec Laurent, F1JKJ, les autres opérateurs et les packs Spiderbeam par avion.

CW/SSB/Numériques

Les PC seront en réseau et l'équipe disposera d'un accès Internet-clusters.

Bonne fin de soirée

73 de Thierry F4TTR

Merci Thierry, F4TTR

Saint VINCENT:

Les dxpéditionnaires bien connus, J8/DL7AFS et J8/DJ7ZG, Babs et Lot, sont à St. Vincent. Jusqu'au 20 mars 2008.
80-6M, principalement en RTTY, PSK et SSB. QSL via DL7AFS

Merci DXNL

6758. SPRATLEY ISLAND DX NEWS

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-03-04 10:51:40 UTC
From: K1XN
Topic: 6758 Message: 6758

Operation Plan

The DXpedition will begin approximately 0800Z on March 22, 2008.
Expected shutdown will be 0000Z March 30, 2008.

There will be a station on 160M or 80M CW from 1030Z -- 1300Z and
2100 -- 2300Z daily. At other times in darkness we will be varying bands
and times.

Sunset in Spratly is 1040Z and Sunrise is 2240Z by the middle of that week.

Since omnidirectional verticals on the beach will be used, be sure
to check long path and short path for the strongest signals.

The operators will be moving bands frequently to take advantage
of any shorter band openings.

Specific transmit frequencies will be selected based on QRM/QRN at Spratly.
The typical DX slots will be used. General Class US frequencies when
possible.

We will be using 100W so if you can hear us at all, give us a call.

6763. RAC LIST FOR FUTURE ISSUES

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-03-04 18:49:58 UTC
From: K1XN
Topic: 6763 Message: 6763

Hi folks,
I am starting a RAC LiST for future Issues.
The next release is due late May/June and the
last issue will be in late November/December
time frame.
If you think you will want either of the two
remaining issues for this year, please send me
an email message with your call sign and the
issues you think you will want to purchase.
This is NOT a commitment to purchase at this
time, but only an indication for me to see if I will
make an order for the remaing issues and how many.
The selling price will remain the same at $37.50 per cd with
free shipping in USA, $5.00 charge for everywhere
else.
As the release time draws near, I will ask you to
complete the order form to complete the purchase.
I will need your Call Sign and email address to get
back in touch with you at the proper time.
Thank you
John K1XN

6776. TX5C DX NEWS

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-03-04 22:13:42 UTC
From: K1XN
Topic: 6635 Message: 6776

At 1400z our position was 12 51 N 110 08 W, approximately 160 nm miles from our destination. The seas continue to be calm with smallish swells, no whitecaps visible. We expect to arrive at Clipperton in 15 hours. N60X is continuing to prepare for our arrival and is anxiously anticipating our landing. He and N7CQQ continue to develop landing and site setup scenarios to implement depending on the conditions we encounter upon arrival.

We continue to operate as F05A/mm and have made 5700 qso's. Last evening was quite active on 40 meters considering it was a Monday after a contest. We appreciate the good wishes we are getting from all our contacts and want everyone to know that the team is very appreciative of your support.

We're almost there so we will be updating this page with new news as it becomes available.

Subject: [GOLIST] RAC LIST FOR FUTURE ISSUES

Hi folks,
I am starting a RAC LiST for future Issues.
The next release is due late May/June and the
last issue will be in late November/December
time frame.
If you think you will want either of the two
remaining issues for this year, please send me
an email message with your call sign and the
issues you think you will want to purchase.
This is NOT a commitment to purchase at this
time, but only an indication for me to see if I will
make an order for the remaing issues and how many.
The selling price will remain the same at $37.50 per cd with
free shipping in USA, $5.00 charge for everywhere
else.
As the release time draws near, I will ask you to
complete the order form to complete the purchase.
I will need your Call Sign and email address to get
back in touch with you at the proper time.
Thank you
John K1XN

6784. TX5C, FO5RU's cards status

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-03-05 07:41:17 UTC
From: F5nql@aol.com
Topic: 6784 Message: 6784

Clipperton TX5C from the French Side
Hi all
To day the ship rolls a lot and many of us suffer the seasick. Theberths are full of ill menn.
At lunch time , there’s no mor seats ocupied.
We have begun to pack our personnals things , in waterproff sacks and boxes.
At this time tne night is very sark : it’s 1800 local time.
I’m part of the 4 men team who will land first to morrow morning at 0600 (1400 utc)
We will first have a reconnaissance of the attoll before setting up the stations and camps.
We have decided to set up first all the installations before sending the first signal.
So wait a more 36 or 48 hours .
A bientôt depuis Clipperton

Alain F6BFH pour toute l'équipe!
Merci Jran Michel, F6AJA.

FO5RU’s QSL cards status
Rafik, F5CQ his QSL manager said yesterdayevening :
All the answers to direct cards reveived up Marth 4th, 2008, for Freddy, FO5RU are mailed.
The first bureau cards answers will be sent to the REF-Union, Qsl bureau mid m
March .
Among the claimings, 5 cards wasn’t for contacts with FO5RU. These cards will be returned to the senders, via the bureau.
According to the cluster spots, it seems that these QSO’s were made with FO5RH instead of FO5RU

Please note :
FO5RU via Rafik, F5CQ, direct or via the French Ref-Union bureau.
FO5RH, via Alain F2HE, direct or via the French Ref-Union bureau.
And for each one, nothing via the CORA (Tahiti) bureau.
73's Rafik

Don't forget to inform us about any change in your e-mail address.

TX5C –
Bonjour à tous,

Aujourd'hui le bateau bouge beaucoup, à nouveau les bannettes sont occupées et à l'heure des repas, tous les sièges ne sont pas occupés.
Nous commençons à conditionner nos affaires dans des sacs étanches.

Il est actuellement 18h et il fait nuit noire. Dans 6heures nous serons à Clipperton.

Je fais partie des 4 premiers qui vont débarquer demain matin dès le lever du jour vers 6h (15hFrance).
Nous allons faire une reconnaissance pour voir où nous allons établir les camps.

Mais l'activité ne démarrera qu'une fois tous les camps radios et de vie montés. Donc, pas vraiment encore de jour ni d'heure précise... A priori pas avant 36 ou 48 h après.

A bientôt depuis Clipperton

Alain F6BFH pour toute l'équipe!
Marci Jean Michel, F6AJA

Cartes QSL de FO5RU
De Rafik, F5CQ
Bonjour Maurice,

Toutes les cartes QSL via direct de Freddy FO5RU ont été postées aujourd'hui.
Les quelques cartes déjà reçues via bureau sont remplies et partiront au service QSL du REF avec mon prochain envoi courant mars.

Parmi les cartes reçues, cinq d'entre elles ne correspondent pas à des crénaux horaires ou FO5RU trafiquait.
Au vu des cluster's, il s'agit sans doute de QSO avec Alain FO5RH.
Ces cartes sont sans valeur de confirmation et je les retournerai à leurs titulaires par le bureau.

Les demandes pour FO5RH sont à adresser à Alain F2HE en direct ou par le service QSL du REF exclusivement mais pas par le CORA.

73's Rafik

Hi friends
few news... but great news !!!

FR/G Glorioso.....
After many years of effort the permissions have been delivered.
This operation can take place, probably, early of May. To start
between May 5th to 9th for some weeks. For the moment the operators
are Pascal F5PTM, Freddy F5IRO, Spéphane F6KIN, David F8CRS,
Yves-Michel F5PRU and may be 3 others. They try to have 3 or 4
stations. The sponsors are welcomme, please contact Didier F5OGL.

If some ones are interisting to see the (probably) most
complete QSL collection (28 different QSL) from Glorioso,
have a look at

http://lesnouvellesdx.fr/galerie/galerie2.php?page=eparsesqsl&pfx=FRG
Some cards are still needed like FR5ES/G, FR5HG/G, FR5KH/G.

And good luck for FR/G

Best wishes

The Web page _http://glorieuses2005.free.fr/index-fr.htm_
(http://glorieuses2005.free.fr/index-fr.htm) , will be updated as soon as possible by
Rafik,
F5CQ.
More info to follow.
Tks Jean-Michel, F6AJA.

CLIPPERTON :
The TX5C Dxpedition dropped anchor at 0645z. After 6 days and 4 hours at
sea, we have arrived at Clipperton Atoll! Our position is 10° 18.67'N 109°
12.42'W in 240 feet of water.
We are on Clipperton Atoll! It's 0133z as we write this. We had a
successful landing and have loaded quite a bit of our camp gear to the island. Our
base camp is set up and we're all tired but full of enthusiasm! In the morning
we will begin the construction of our operating stations on the north side
of the island exactly where we had hoped to be able to land. We are excited
about this as this location will provide the best paths for us to work the
world. We will update this page in the morning in more detail but we wanted you
all to know we are safe and are on the island.

SAINT MARTIN, SAINT BARTHELEMY, HAITI (Ile à Vache- NA149)

Subject: QSY FS/FJ
From Yannick, HH2FYD/F6FYD
Hi folks,
Except last minute restreint, my trip in the Caraïbes Island is finalized as follow :
- Saturday March 8th morning until Sunday 9th, I'll be FS/F6FYD from Saint Martin (Access to the Radio-Club permision is asked and pending)

- Monday March 10th to Thursday 13th morning, St Barthelemy, FJ/F6FYD or under the St Barth ARC,callsign, FJ5KH.
Focus outside Americas.
I'll leave definitively Haïti on March 26th, so I'll try to be active once again from l'Ile a Vache NA149 between Marc 21st to 23rd.
73
Yannick
F6FYD HH2FYD (NA096) / HH2FYD/6 (NA149)
Tks Rafik, F5CQ.

MARTINIQUE:

Rene F5LGE is FM/F5LGE until March 30. He is active only CW on 80 and 160m. QSL direct or via bureau.
Tks Jean-Michel, F6AJA

ALBANIA
George EC2ADN and Kepa EA2DCF will be ZA/hc from March 15 to 22.
They will be active on 10, 20 (14.184) et 40 (may be also on 17 and 30m). QSL preferably via the bureau.

Tks Jean-Michel, F6AJA

MICRONESIA & PALAU, remaining
Three members of Yamato Club JA1ZEK, Mat JA1JQY, Sasi JA1KJW and Kuni JA8VE, will operate from Yap (OC-012), Micronesia as V63JQ(JA1KJW), V63JY(JA1JQY), V63VE(JA8VE) between April and April 15.
They will being three transiver (IC726, K2 and FT850) and one small amplifier(ALS500M).
Antennas are SPIDERS(20m-15m), HEX(15m-10m) and dipoles(160m-30m).
They can operate multiple bands on same time.
Both V63JQ and V63JY will operate CW, V63VE will operate SSB and RTTY.
V63JQ interested in 160m.
QSL information;
V63JQ and V63JY via their home call.
V63VE via JF1OCQ

After V63 operations they will QSY to Palau (OC-009).
They will be active between April 16 and April 19 as T88JY(JA1JQY), T88KJ(JA1KJW) and T88VE(JA8VE).

Their activates will be same as V63 operation.
This time all QSL via their home call.
Tks Toshi, JA3ELY,

JAMAICA:

Hi Bill,
Hope all is well with you! I have an upcoming DX trip I wanted to share with you for the ADXO site. I will be active as K3TRM/6Y5 from March 14 - 23. Activity will be on 80-10M SSB, CW & RTTY, including the first approved operation on 60M. QSLs are good via my home call SASE, bureau or LOTW. Additional information will be available on my website http://www.k3trm.com/.

Thanks es 73,
Frank, K3TRM
Tks Bill, NG3K

CORSICA :

Hello Bill,

I will go to Corsica very soon. I will take my radio with me. So here is a little information form my trip.

Best 73 de Anne, OH2YL

TK/OH2YL will be active form Corsica on 16-22 March. Operator Anne/ YL.
HF
bands SSB/CW, OSL via OH2YL.

Tks Bill, NG3K

PIRATE ??
From time to time appears on the HF bands the callsign 8P6MT.
No expedition announces were spread in the past about this callsign.
The most part of the QSL managers data bases administrators community know apparently nothing about this station.
However if 8P6MT is not a pirate, any information and especially about the QSL cards managing is welcome.
Tks , F5NQL (f5nql@...)

Forwarded with 73 by

them to include their address on the mailing list at : _f5nql@..._ (mailto:f5nql@...) .

If you don't want to receive these message anymore, please ask to be removed of the mailing list, same way.

Don't forget to inform us about any change in your e-mail address.
Bonjour à tous.
Peu de nouvelles mais quelles bonne nouvelle...!!!

FR/G GLORIEUSES.
Après tant d'années d'effort et de reports, les autorisations sont enfin arrivées.
L'expédition aux Glorieuses se tiendra sans doute début mai.
Le départ est prévu entre le 5 et le 9 et nous partons pour plusieurs semaines.
Pour l'instant l'équipe est composée de Pascal F5PTM, Freddy F5IRO, Spéphane F6KIN, David F8CRS, Yves-Michel F5PRU et sans doute trois autres opérateurs.
Nous essaierons d'avoir trois ou quatre stations.
Les parrains sont les bienvenus, pour cela le contact est :
Didier F5OGL (_f5ogl@..._ (mailto:f5ogl@...))

Si certains d'entre vous sont intéressés appréciez la collection quasi complète de toutes les QSL des précédentes expéditions aux Glorieuses (28 cartes différentes) sur le site géré par Jean Michel, F6AJA, les Nouvelles DX (_http://lesnouvellesdx.fr/galerie/galerie2.php?page=eparsesqsl&pfx=FRG_ (http://lesnouvellesdx.fr/galerie/galerie2.php?page=eparsesqsl&pfx=FRG))
Pourmémoire, Jean Michel recherche toujours quelques cartes manquantes , telles FR5ES/G, FR5HG/G, FR5KH/G.

And good luck for FR/G

Best wishes

La page WEB _http://glorieuses2005.free.fr/index-fr.htm_ (http://glorieuses2005.free.fr/index-fr.htm) , sera mise à jour dès que possible, par Rafik,
F5CQ.
A suivre
Merci Jean-Michel, F6AJA.

CLIPPERTON :
L'expédition TX5C a mouillé l'ancre ce 5 mars à 0645z.
Après 6 jours set 4 heures de navigation nous sommes arrivés à Clipperton, 10° 18.67'N 109° 12.42'W et 80m de tirant d'eau.
Ca y est nous y sommes, nous sommes le 6 mars et il est 0133z.
Nous avons débarqué sans encombre et avons commencé à équiper notre camp de base, sur l'atoll.
Note camp de base est opérationnel maintenant, nous sommes tous très

fatigués, mais pleins d’enthousiasme.
Dans la matinée nous installerons les stations sur le côté nord exactement à l’endroit prévu pour le débarquement.
Nous sommes anxieux du résultat car cet endroit est celui qui procure en théorie, les meilleurs possibilités de propagation pour la planète entière.
Attendez des mises à jours de notre site dans la matinée.
Nous sommes tous en pleine forme.

(http://www.clipperton2008.org/dxpedition/TX5C_dxpedition.htm)
TX5C BASE CAMP

CARAÏBES FRANCAISES,

FS/FJ,

Bonsoir à Tous,

Sauf contrainte de dernière minute, je serais actif le week-end prochain depuis St Martin et St Barthélemy selon le calendrier ci-dessous :

- Samedi 8 AM - dimanche 9 : depuis St Martin , je devrais signer FS/F6FYD (j'attends la confirmation d'accès au radio-club)
- Lundi 10 au jeudi 13 matin : depuis St Barthélémy, avec FJ/F6FYD ou indicatif du radio-club de St Barthélemy

Je favoriserai le trafic en dehors du continent américain.

Quittant définitivement Haïti le 26 mars prochain, je vais essayer d'être de nouveau actif depuis l'Ile a Vache NA-149 entre le 21 et le 23 mars.

Yannick
F6FYD HH2FYD (NA096) / HH2FYD/6 (NA149)
Merci RAFIK, F5CQ

MARTINIQUE:

Rene F5LGE est FM/F5LGE jusqu’au 30 mars . CW exclusivement sur 80 et 160m.
QSL directe ou bureau.
Merci Jean-Michel, F6AJA

ALBANIE
George EC2ADN et Kepa EA2DCF seront ZA/hc du 15 au 22 mars.
10, 20 (14.184) et 40 (et peut être également sur 17 et 30m.)
QSL de préférence via bureau URE.
Merci Jean-Michel, F6AJA

MICRONESIE et PALAU rappel
Trois membres du Yamato Club JA1ZEK, Mat JA1JQY, Sasi JA1KJW et Kuni JA8VE, seront sur Yap (OC-012), Micronésie sous indicatifs V63JQ(JA1KJW),

V63JY(JA1JQY), V63VE(JA8VE) , du 9 au 15 15.
Trois transceivers (IC726, K2 and FT850) et un ampli 500w (ALS500M).
Antennes SPIDERS(20m-15m), HEX(15m-10m) et dipôles (160m-30m).
Il seront présents de temps en temps sur plusieurs bandes à la fois.
Tandis que V63JQ et V63JY seront en CW, V63VE sera en SSB ou RTTY.
V63JQ apparaîtra aussi sur 160m.
QSL;
V63JQ et V63JY via HC.
V63VE via JF1OCQ

Ils quitteront la Micronésie pour PALAU où ils seront actifs ensuite avec les indicatifs T88JY(JA1JQY),
T88KJ(JA1KJW) et T88VE(JA8VE), du 16 au 19 avril. Les activités seront les mêmes qu'en V3
Cette fois ci, toutes les QSL via HC, y compris pour JA8VE.
Merci Toshi, JA1ELY

JAMAIQUE

Hi Bill,
Je serai actif depuis la Jamaïque sous indicatif K3TRM/6Y5 du 14 au 23 mars.
80-10M SSB, CW & RTTY, , y compris sur 60m.
QSL HC, SASE, bureau, ou LOTW.
Plus d'info : http://www.k3trm.com/.

Thanks es 73,
Frank, K3TRM
Merci Bill/NG3K

CORSE:

Ann, OH2YL sera TK/OH2YL, sera active depuis la Corse (EU-014), du 1 au 22 mars. Bandes HF, CW/SSB.
QSL via OH2YL.

Merci Bill/NG3K

PIRATE ??
De temps en temps l'indicatif 8P6MT, apparaît sur les bandes.
Jamais d'annonces dans le passé pour ses activités.
La plupart des administrateurs des principales bases de données QSL managers, semble tout ignorer de cette station.
Cependant si 8P6MT, n'est pas un pirate, toute information et en particulier, celle indiquant « QSL via » sera la bienvenue.
Merci, F5NQL (f5nql@...)

Retransmis avec ses amitiés par :

I.C.P.O. Bulletin (March 06 - 14, 2008)
Islands, Castles & Portable Operations.
Listing is by calendar date (day/month/year)
==========

TX5C DXPEDITION NEWS (March 06, 2008) - "We are on Clipperton Atoll! It's 0133z as we write this. We had a successful landing and have loaded quite a bit of our camp gear to the island. Our base camp is set up and we're all tired but full of enthusiasm! In the morning we will begin the construction of our operating stations on the north side of the island exactly where we had hoped to be able to land. We are excited about this as this location will provide the best paths for us to work the world. We will update this page in the morning in more detail but we wanted you all to know we are safe and are on the island." [clipperton2008.org]

FR/G GLORIOSO ISLANDS (AF-011) - After many years of effort the permissions have been delivered. This operation can take place, probably, early of May. To start between May 5th to 9th for some weeks. For the moment the operators are Pascal/F5PTM, Freddy/F5IRO, Sp?phane/F6KIN, David/F8CRS, Yves-Michel/F5PRU and may be 3 others. They try to have 3 or 4 stations. The sponsors are welcome, please contact Didier, F5OGL. [F6AJA]

SPRATLY UPDATE (March 22-30) -
"We now have Navy permission. Info posted on website (www.n1urspratly.com). We will be using 9M6/N1UR for both stations. Looking for any donations possible to help defray the significant Extra Baggage charges to Spratly. Lots of coax and wire going over to put the best TX and RX possible with our limited budget.
We will be updating the site regularly as we are getting closer. Not sure if we will be able to post updates from Spratly itself but we will try. 73 Ed N1UR/BY" [NG3K]

06/03/2008: Randy, W6SJ will be active as C6AWS from Grand Bahama Island (NA-080, WLOTA LH-0527), March 6-12th. He plans to operate holiday style with an emphasis on 30, 17 and 12 metres, "as there seems to be special interest in them". QSL via home call. [425 DX News]

06/03/2008: Rosel, DL3KWR and Hardy, DL3KWF will be active again as CT3/DL3KWR and CT3/DL3KWF from Madeira Island (AF-014, DIP MA-001, WLOTA LH-0053) between March 6-20th. They plan to operate mostly CW and digital modes on 12, 17 and 30 meters. Hardy will try also in RTTY and PSK-31. QSL via home calls. E-mail requests for bureau cards can be sent to: dl3kwr -at- darc.de or dl3kwf -at- darc.de respectively. [425 DX News]

06/03/2008: Mike, DL3FCG plans to be active from Helgoland Island (EU-127, N-14 for the German Islands Award, WLOTA LH-0518) as homecall/p, March 6-12th. QRV on all HF bands using CW, SSB, RTTY and PSK31. QSL via home call, direct or bureau. [RSGB IOTA]

06/03/2008: Adolfo, EA7TV will be active as EA5/EA7TV from Tabarca Island (EU-093, DIE E-006 for the Spanish Islands Award, WLOTA LH-1779), March 6-9th. Expect him to operate mainly on 20 and 40 meters. QSL via home call, direct or bureau. [425 DX News]

06/03/2008: Bernhard/DL2GAC, and Hermann/DL2NUD will be QRV March 6 to April 4th as H44MS and H44HP respectively from Honiara, Guadalcanal Island (WLOTA:0086, Grid QI90), Solomon Islands (OC-047). They will be QRV on HF and 144MHz EME. The rig on 144MHz will be a single 18el M2 and a BEKO HLV1500 amplifier. Maybe some side-locator will be activated as well. QSL via the information at QRZ.com. [MMMonVHF]

06/03/2008: Babs/DL7AFS and Lot/DJ7ZG are currently as J8/homecalls (since March 2) from the island of St. Vincent (NA-109, WLOTA LH-0492, Grid FK93). The activity will end on March 20th. QRV 80-6 meters, mostly SSB, RTTY and PSK. QSL via DL7AFS, direct or bureau. [F5NQL]

06/03/2008: Members of the Palos Verdes Amateur Radio Club will be operating as K6PV from the settlement of Two Harbors on Santa Catalina Island (NA-066, USi CA-016S, Los Angeles county), California, between 2200z March 6th to 2300z March 10th. Principal operations will be on 20m, 40m and 75m SSB. QSL direct to K6PV (QRZ.com). More info at: www.palosverdes.com/pvarc [RSGB IOTA]

07/03/2008: John, N7CQQ reports that the TX5C Clipperton 2008 team received their Landing Permit from the French Polynesia authorities. The TX5C Dxpedition will operate as *FO5A/mm* from the Shogun while on route to Clipperton Atoll. Departure date is February 28, but it is possible the team will be able to leave on the 27th, arriving on Clipperton (NA-011, DIFO FO-001, Grid DK50) on March 7+-. They are planning to operate 10 days depending on conditions, all bands and modes 160-6m. On 6m they will monitor 50.127MHz USB, 50.107MHz CW and use a 4 element yagi. Operators include Bob/N6OX, John/N7CQQ, Dave/K4SV, Bill/N2WB, Arnie/N6HC, Paul/W8AEF, Ann/WA1S, Steve/K6SGH, Al/K3VN, Dave/VE7VR, Jean-Pierre/F5AHO, Joel/F5PAC, Alan/AD6E, Neil/VA7DX, Alan/F6BFH and YL Danielle, Gerard/F2JD, Jim/F5JY, Maryse/F8FDN, Michel/FM5CD and Laurent/F6FVY. QSL via N7CQQ, direct (P.O. Box 31553, Laughlin, Nevada 89028, USA) or bureau. Keep an eye on the 2008 Clipperton Island DXpedition Web site at: www.clipperton2008.org/ [Pete's-DX-Newsdesk]

08/03/2008: Amos 4Z4WR/m and Dov 4Z4DX/m will activate Holyland areas on 14265 kHz. Starting March 8th, in the morning, probably around 0600-0700 UTC. They will be QRV during the whole day. Main target will be in BS region: E-24, F-25, G-26, H-26, H-27, G-27, H-28, G-28, J-28, K-28, L-28, L-27. On the way back they will pass via BS: K-27, 26, L-26, 25, 24, 23, 22, 21. YN: L-21, 20, 19. L-19-BL, YN: M-19, 18. BL: M-17, L-17, K-17. There may be some changes. Conditions may be ok to AS, EU, AF. QSL via home calls. [4X4JU]

08/03/2008: Yannick, F6FYD/HH2FYD will leave Haiti early next month. He will try to go to St. Martin (FS/F6FYD) March 8th to 9th and then he will go to St. Barthelemy (FJ/F6FYD) until March 12th. QSL via F6FYD, direct or bureau. [F6AJA]

08/03/2008: Klaus, DK9LO will activate R?m? Island (EU-125, NS-001 for the Danish Islands Award) as OZ/DK9LO between March 8th and 21st. Look for him to be QRV 80-10m, conditions permitting. QSL via home call, direct or bureau and eQSL. [RSGB IOTA]

08/03/2008: Radio Amateurs of Canada HQ call sign VA2RAC will be on the air this weekend for the BERU Contest (March 8-9th), operated by Claude/VE2FK located in St-Rene de Matane, Quebec. QSL via the information for VA2RAC at QRZ.com. [VE2FK]

11/03/2008: Operators Alex/RA3MR, Artem/RD3MA, Dmitry/RA3MF, Helen (YL)/RV3ACA, Valery/RZ6AU and Serge/UA1ANA will be active March 11-18th from Iceland (EU-021, WLOTA LH-2975). Between March 11-13th they will sign TF/RK3MWL and homecalls/TF. Between March 13-18th they will use the contest call TF4Y for the Russian DX Contest (March 15-16th). Outside the contest focus will be on the low and WARC bands. QSL via RV3ACA. [NG3K]

11/03/2008: Mustapha, DL1BDF will be active March 11-19th from SU0ARA (EARA ARC) Cairo, Egypt. QRV all HF bands. For the first time there could be some activity on the 80m band (permission is pending). Usually, in Egypt, that band is reserved to the military authorities. QSL via SU1KM. [F5NQL]

11/03/2008: Bob/W4OWY (V25WY) and Mark/W9OP (V25OP) will be active from the V26B superstation located at Gunthroppes, island of Antigua (NA-100, WLOTA LH-1118, WW Loc. FK97BC) from March 11-17th. QRV on 160-6m, using CW, SSB and RTTY. They plan to be very active on 50.110MHz USB using an OMNI-7 at 100W with 3 element yagi at 40 feet. QSL via their respective home calls. [W4OWY]

13/03/2008: Patrick, F6CMH will be active from Saint Barthelemy Island (NA-146, DIFO FJ-001, WLOTA LH-0377) between March 13th and 22nd. QRV mostly 40 and 20m SSB. QSL via home call. [F5NQL]

13/03/2008: Yannick F6FYD/HH2FYD, will be back to Haiti (NA-096, WLOTA LH-0343) as HH2FYD from March 13-26th. Before leaving for France he will again activate Ile a Vache (NA-149) from March 21-23rd as HH2FYD/6. QSL via F6FYD, direct or bureau. [F6AJA]

13/03/2008: Radioclub Pazin (9A7P) members Dragan/9A2SX, Igor/9A3AXX, Hrle/9A6XX and Marko/9A8MM will be active March 13-17th from the island of Corsica (EU-014, DIFM TK-001, MIA MCO-001, WLOTA LH-1390), including an entry in the Russian DX Contest (March 15-16th) as TK/9A8MM. QRV as TK/homecall on 80-10m using TS440S + FT857D, SB-220, 2 laptops, Spiderbeam (20, 15, 10m) and Inv Vee on 40m, 80m. They will be located in the Sisco valley in the north part of the island, just outside Bastia, which is their arrival port. All QSL cards will be sent via

bureau as for the previous two operations. You do not have to send your QSL cards to them. More info at: www.rkp.hr/tk [Southgate ARC]

14/03/2008: Frank, DL2SWW and his xyl Gabi, DF9TM will be active from Ruegen Island (EU-057, O-07 for the German Islands Award) as DL2SWW/p, March 14-16th. QSL via DL2SWW, direct or bureau. [RSGB IOTA]

14/03/2008: Operators Axel/DH8AK, Sebastian/DO6ELW, Dirk/DK4DJ and Henning/DK9LB will be active as homecall/p from Fehmarn Island (EU-128, O-01 for the German Islands Award) from March 14-21st. They will also activate two lighthouses: Marienleuchte - Old Tower (ARLHS FED-151) and Marienleuchte - New Tower (ARLHS FED-016, WLOTA LH-0637). QRV 80-10m SSB/PSK31 and 2m SSB. QSL via home calls, direct or by the bureau. [RSGB IOTA]

14/03/2008: Frank, K3TRM will be vacationing in Lucea, Jamaica (NA-097, WLOTA LH-0214, WW Loc. FK08VK) March 14-23rd and will be active as K3TRM/6Y5 on 80-10m SSB, CW and RTTY. He has applied for 60 meter privileges, so this might be the first activation of Jamaica on 60 meters. Equipment consists of an Icom 706MkIIG, LDG Electronics AT-100Pro antenna tuner, and Alinco DM-330MV power supply. WriteLog v10 is used for logging and a K1NU interface for rig control. A 5-band Spiderbeam will be used for 20-10m, including the WARC bands. On the low bands, including 30m, he will be using a G5RV and a 60m dipole. QSL via home call, direct or bureau. [NG3K]
==========
LOOKING AHEAD -

From Bill, VK4FW - "There is a chance I will be active late next week for 4 days from Fraser Island (OC-142)..... My wife is slowly on the mend and we will visit the island to have a few days away from the hospital rat race so I will take an antenna. I will be only barefoot so it will primarily be a CW operation when time permits. I would like to alos take this oportunity to thank all those wonderful people who have sent us their kind thoughts over the last months. My wife is especially grateful to the many who sent personal emails ..... regards Bill VK4FW".

15/03/2008: George/EC2ADN and Kepa/EA2DCF will be active from Albania as ZA/homecalls from March 15-22nd. They will be QRV on 10, 20 (14.184MHz) and 40 meters (may be also on 17m and 30m). QSL via home calls, preferably via the bureau. [F6AJA]

16/03/2008: Anne, OH2YL will be active as TK/OH2YL, March 16-22nd, from the island of Corsica (EU-014, DIFM TK-001 for the French Islands Award, MIA MCO-001 for the Mediterranean Islands Award, WLOTA LH-1390). QRV on all HF bands, using SSB and CW. QSL via home call. [NG3K]

26/03/2008: This year is the 70th birthday of RAFARS. GB70RAF will be on air between March 26th and April 6th from a location to be arranged in Dorset. [Pete's-DX-Newsdesk]

26/03/2008: Franz/DL9GFB as VP2EFB and Jan/DJ8NK as VP2ENK will be active from the island of Anguilla (NA-022) during the period of March 26th to April 6th, including an entry in the CQWW WPX SSB Contest (March 29-30th). QRV 160-10m using CW, SSB, RTTY and PSK. The final decision about equipment is yet to be made, but for sure we will have a quarter wave for 75/80m and an inverted L for 160m, 2 stations with linears. The QTH is in the north of the island at "Island Harbour", overlooking the sea. QSL via home calls, direct or bureau. [DJ8NK]

26/03/2008: Look for Art, N3DXX to be active March 26-31st from the island of Montserrat (NA-103) using the call sign VP2MAH, including a Single-Op entry in the CQWW WPX SSB Contest (March 29-30th). QRV 160-10 meters. QSL via home call. [NG3K]

28/03/2008: Special event stations G0RFC from Cornwall and G3RAF from Devon will be aired between March 28th and April 6th as part of the RAFARS celebrations. QSL via the RSGB bureau. [Pete's-DX-Newsdesk]

29/03/2008: Look for Jorge, EA9LZ to be active from Ceuta during the CQWW WPX SSB Contest (March 29-30th) as either EA9LZ or EE9Z, a Single-Op/All-Band entry. QSL via EA9LZ (QRZ.com). [NG3K]

29/03/2008: Operators Edwin/HI3K, Tino/HI3CCP and Dani/EA4ATI will be active as HI3C from Lomas del Toro (Lomadeltoro Contest Team's HI3CCP station) in Santiago, Dominican Republic (NA-096, WLOTA LH-2974) during the CQ WPX SSB Contest (March 29-30th), as a Single-Op/All-Band/Low-Power entry. QSL via ON4IQ. [OPDX Bulletin]

01/04/2008: The RAF was formed on 1st April 1918 and RAFARS will be celebrating this 90th anniversary. GB90RAF will be on air from our Cosford HQ from 0800z to 2000z on Tuesday April 1st.
"2008 is also the 70th anniversary of the year when CARTS (Cranwell Amateur Radio Transmitters Society) became the RAF wide RAFARS and the G8FC licence was issued as the Voice of the Society so the Society's aim is for a major on-air presence to mark all those special anniversaries. On 1 April 2008, we will attempt to activate every RAF, RFC & FC callsign we have plus every GB-RAF SES we can get. In addition all the Area Callsign holders, affiliated Clubs and ATC formations are invited to participate. We hope to plan something similar in combination with RAF Cosford Air Show on June 1st which has the 90th anniversary as its theme. Confirmed participants for 1 April 2008 (those that are also AOTA activations will say so on-air on the day): GB90RAF and G8FC / G8RAF from RAF Cosford (RAF celebration); GB70RAF from Dorset (RAFARS celebration from 28 March to 6 April); GM3RAF from RAF Kinloss for 1 April; G3RAF from Devon 28 March to 6 April except 1 April; G0RFC from Cornwall about 28 March to 6 April; GB0RAF from North East Aircraft Museum (Middleton); GB1RAF from a WW1 airfield north of the Humber; GB2RAF from RAF Neatishead; 2E1RAF from Cumbria; G0RAF from Lincoln (RAF Waddington Club); GB2AIR from Doncaster Aircraft Museum (previously RAF Doncaster and site of first European aviation meeting in 1909); G7RAF from Lincolnshire; G3TCQ from South Yorkshire; G3JDY from East Yorkshire; G3HWY from West Yorkshire; G3EKT from North East; G3PSG from

Marske by the Sea RFC & RAF Gunnery School (formerly in North Yorks); G4PSH/p from Stalham Norfolk Air Cadets; M0KAC from Cumbria (Kendal Air Cadets); C/S TBN from Ronaldsway, Isle of Man; and several other area calls are expected. Sad to say G1RAF AND G6RAF are not available for April. We hope for a very special QSL Card for GB90RAF, but for the rest of the Society Stations we plan an individualised card with a common Picture / layout. QSL management - There is no formal leader for this event because we expect many variations and we want everyone to have their best shot and have a fun day. However, if you need a contact - G0DAM Bob is QTHr QRZ. [Pete's-DX-Newsdesk]

03/04/2008: The Radio Club of Raismes Arthur Musmeaux (F5KAZ) will animate a holiday for the students and staff of the University of Valenciennes on April 3, 2008. Club members will be active using the special call sign TM0FAC on HF on 20, 40 and 80 meters and on VHF on the adjoining repeaters. For each QSO special QSL card will be sent. [UBA HF News]

26/04/2008: Members of Macclesfield and District Radio Society, namely Keith/G3VKF, Ray/M1REK, Adrian/2E0DOD, Andy/G1DDU and Alan/G0JNJ, will be active from the Isle of Jura (IOSA NH21, SCOTIA CS28), Inner Hebrides (EU-008) as GS4MWS/P between April 26th and May 3rd. QRV on, or near, the usual island and IOTA frequencies. The main IOTA meeting frequency is 14.260MHz. Other ones on SSB are 28.560, 28.460, 24.950, 21.260, 18.128, 7.055 and 3.755MHz. The CW frequencies are 28.040, 24.920, 21.040, 18.098, 14.040, 10.115 and 3.530MHz. No specific frequency has been nominated for 7MHz CW but it is recommended that operations should include a frequency above 7.025 when the band is open to North America. QSL via 2E0DOD, direct or bureau. Further info at: www.gx4mws.com/ [RSGB IOTA]

26/04/2008: To celebrate the Football European Championship 2008, the Austrian Radio League (OVSV) and the Union of Swiss Short Wave Amateurs (USKA), are inviting all radio amateurs and SWLs world wide to participate and obtain this limited time Award. As of April 26th until June 30th special stations (Sonderstationen) in Austria with a special call sign OE2008 AAA to OE2008ZZZ and special stations in Switzerland HB2008 AA to HB2008 ZZ will be QRV on all bands. Depending on the Award Class, (Bronze, Silver, Gold) a predetermined number of contacts with these special stations (Sonderstationen) must be made. Only one contact per band with the same station will be accepted. All Amateur Radio Bands are permissible. All transmitting modes, SSB, CW, Digital, Mixed and QRP (max 10 Watt) are permitted with the exception of Packet Radio and Echo Link. QSL Manager is: HB9DTE (Pirmin Kuehne, Postfach 159, CH-3210 Kerzers, Switzerland). Further information can be found at: eurodiplom2008.oevsv.at/ [OE1HMC]

24/05/2008: A Mini Dxpedition to Piel Island (EU-005) by members of the CQ CQ Portable Group, UK, will take place May 24th and 24th using the special call sign GB0PIA. Operators mentioned include John/M0JFE, Ian/2E0EDX, Brian/2E0OYG, Nathan/2E0OCC, Greg/2E0RXX, Sean/2E0BAX and

Liam/M3ZRY. They plan to be QRV 160m, 80m, 40m, 20m, 17m, 15m, 12m, 10m, 6m, 2m, and 70cm. Of course band conditions will determine which will be used. Piel Island lies half a mile (1 km) off the southern tip of the Furness Peninsula in the administrative county of Cumbria. It is located at 54.4'N, 3.10'W (WW Loc. IO84JB). It is one of the Islands of Furness in northern England. Further information, along with updates, can be found at: www.hamuniverse.com/pielislanddxpedition.html [M0JFE]

02/06/2008: The Special Event Stations Long Range Desert Group (GB4LRG) with the Air Support Signals (GB2ASS) will be operational from Colerne Airfield, Wiltshire SN14 8QY from June 2-8th on SSB CW on HF and maybe on RTTY and 2m FM. Stations worked will be sent a QSL card via the RSGB or Services Bureau, SAE for direct QSL cards. [Pete's-DX-Newsdesk]

15/06/2008: Larry, K5JYD reports that he will be able to activate the Point Bolivar lighthouse (ARLHS USA-069), Texas, for 3 or 4 days in June after Ham-Com (June 13-14th), using an OHR 20m QRP rig and an end fed wire for 20m, CW of course. He is not a member of ARLHS, but will be there. QSL via home call, direct or bureau. [K5JYD]

30/07/2008: Cezar/VE3LYC and Ken/G3OCA will activate Finger Hill Island (NA-194) and Paul Island (NA-205), between July 30th and August 4th. They intend to operate for three days from each island, with two stations on the air from 40-6m, CW and SSB. These island groups have only been activated once, 14 and 13 years ago, respectively. Since only 6-7% of the IOTA members have them confirmed, both groups are on the most wanted list. Islands have been checked and confirmed to satisfy IOTA activation criteria by the IOTA Program Manager. Call signs will be VE3LYC/VO2 (Cezar) and VO2/G3OCA (Ken). QSL via VE3LYC, direct or by the bureau (G/GM/GW/GI stations can confirm via G3OCA). [VE3LYC]

22/09/2008: The Sands Contest Group (MS0SCG) will be operational from the Isle of Jura (IOSA NH21, SCOTIA CS28), Inner Hebrides (EU-008), September 22-29th. The location will be Jura House on the edge of the island. Dates are yet to be fully confirmed but we hope to be on the air from Monday to Monday this time, so taking in a full weekend. Modes and bands will be confirmed nearer the time but this year we expect to cover most of them. Further information can be found at: m0scg.blogspot.com/ [MS0SCG]

==========

SPECIAL EVENTS -

06/03/2008: Special event station 8J3GOSE is currently active until August 31st to celebrate the 50th anniversary of Gose-city, Japan. QSL via the JARL bureau. [JJ1WTL/AC6IM]

06/03/2008: Milan, 9A7KM will air special event call sign 9A70LPC until December 31st to commemorate the 70th anniversary of Lipik stud in which are training throughbred Lippizaner horses. During the war in 1991 horses were turned over to Serbia and not until now they are returned to Lipik. QSL via 9A7KM, bureau preferred. [F5NQL]

06/03/2008: Clubstation DARC Ortsverband (E20) will air the special call signs DA0HEL and DL0IH during the entire month of March from Helgoland Island (EU-127, N-14 for the German Islands Award, WLOTA LH-0518, WW Loc. JO34WE), with the Special DOK "HEL2008". Peter/DF6QC will use his own call and his other calls DL0DWD and DF0IT, with DOK E20 reference. QSL via the information for DA0HEL at QRZ.com. [DF6QC]

06/03/2008: The radio club OSA in Antwerpen (member of the UBA) will activate the special call sign ON70REDSTAR during 2008. A special QSL card will be available. The Red Star Line was a Shipping Company that operated on lines from Antwerp to North America between 1873 and 1934. In that period over 3 million immigrants travelled with that line to the USA and Canada. During 2008 a special exhibition is held in the Antwerp Shipping Museum around the Red Star Line. Note: The radio club OSA will also activate on a regular basis the call sign ON9BD from the Lightship Westhinder III (ARLHS BEL-027) , a museum ship located in the old harbour of Antwerp. QSL both call signs via ON4OSA, either via bureau or direct (QRZ.com). [ON7SS-OO9O]

09/03/2008: Look for special event station 8J6HAM to be aired March 9th for the 7th Nishinihon (or West Japan) Ham Fair, located in Tosu-city, Saga-Prefecture, Japan. Look for activity on all bands. QSL via the JARL bureau. [JJ1WTL/AC6IM]

U.S.A. Special event station information can be found at:
www.arrl.org/contests/spev.html

FO5RU?s QSL cards status -
Rafik, F5CQ his QSL manager said:

All the answers to direct cards reveived up Marth 4th, 2008, for Freddy, FO5RU are mailed.

The first bureau cards answers will be sent to the REF-Union, Qsl bureau mid March.

Among the claimings, 5 cards wasn?t for contacts with FO5RU. These cards will be returned to the senders, via the bureau.
According to the cluster spots, it seems that these QSO?s were made with FO5RH instead of FO5RU

Please note:
FO5RU via Rafik, F5CQ, direct or via the French Ref-Union bureau.
FO5RH, via Alain F2HE, direct or via the French Ref-Union bureau.

And for each one, nothing via the CORA (Tahiti) bureau. [F5NQL]

QSLs received direct: 1A0KM, A45WD (YO9HP), AP2TN (DJ9ZB), CE0Z 2006 (F6AJA), DP1ANF (RK1PWA), E4/OM2DX (OM3JW), HL8KSJ (RK1PWA), R1ANF/p (RK1PWA).

QSLs received bureau: 9U9Z, 9K2HN, FS/K1XM (KQ1F, e-mail request), J39A (KQ1F, e-mail request), P29KPH (via N5FTR), P29SS (N5FTR), P40W (N2MM), P40L (K5WW), S01R (EA5TM), S9SS (N4JR), S92RI (CT1APE), TO2FG (F6HMJ), TO4T, TO5BG (F5XX), TX5NK (DJ8NK), TZ2T (ON4LN), TZ6DX (K4DX), TZ6NG (NE9Z), V55O/p (DJ4LK), VP2MZM (K2DM), VP5MM (YU1FW).

QSLS received LoTW: 8P9P, EA8NL, ES1A, DL1MGB, K6IDX, N5TU, PW2M, VE3UKR, VP6DX, VY1RAC, W6KY, ZV5A.
==========
Tris (VP8ROT-MM0TJR) will leave Rothera in about one month unfortunatly but the new radio officer is also an amateur radio operator. Ian G0VZM is expected under VP8ROT. [F5PFP]

Howard Booth VK2AMD (G2AS) reaches 100 in March - Well known Australian operator and former Sheffield Amateur Radio Club member Howard Booth, VK2AMD will be celebrating his 100th birthday on March 6th, 2008. Full story at: www.southgatearc.org/news/march2008/howard_booth_vk2amd.htm [Southgate ARC]

From: K1XN
Topic: 6802 Message: 6802

Today has been very busy under challenging conditions. It is extremely hot and we are quite aware of the dangers extreme heat can bring. Hence, our number one concern is the health and safety of our team members. Yet, we have completely unpacked all our equipment from Shogun and moved all the gear off the beach and into the two operating camps. We have spent the day constructing our two operating camps, CW and SSB. The CW camp is nearly finished, the SSB camp should be finished tomorrow.

..stay tuned.

HH Haiti

Jan HH4/K4QD and Don HH4/AF4Z will be at the Northwest Haiti Christian Mission www.nwhcm.org from 24 March to 4 April. They will operate 80-10M on CW, SSB and RTTY as time permits. The will also participate in the CQWW WPX SSB contest. QSL to home calls (K4QD & AF4Z). Operators prefer direct or LoTW, but BURO OK.

As dawn broke over Clipperton Atoll, our team is already beginning to put the final touches on our camps. It is a bit hotter this morning than yesterday but the breeze seems to be building. Our main challenge continues to be the heat and humidity as with most south pacific dxpeditions. We are committed to having our CW and SSB stations operational sometime today and will be on the air most likely starting this evening.

UPDATE -
==========
From Jean-Michel, F6AJA (Received March 08, 2008 20:00 UTC) -

I do not have information on line but on the site of Clipperton and
certain redundancy of information made by American radio hams, following
telephone calls... It seems that they suffer much from the heat (average
43?C, 109.5?F). Everyone is OK but that with considerably slow down the
assembling of the stations.

Starting is expected this night towards 0200z (3h local). [F6AJA]

6809. TX5C last news – Hot

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-03-08 21:05:12 UTC
From: F5nql@aol.com
Topic: 6809 Message: 6809

TX5C last news – Hot
Turns out it was very much yesterday today than it was the day before. The clouds that were present at dawn disappeared by 7am allowing for the full force of the south pacific sun to express itself. By 10:30am, it was 110 degrees at our base camp and hotter at the CW station. The heat has compounded our work load and Arnie, N6HC had his hands full dealing with sunburns and mandatory work and water breaks every 30 minutes to ensure each team member's safety. By 1pm the heat was so intense our work pace drew to a crawl. With safety being our main concern, we cut back our work loads until it was bearable later in the day to resume. By mid afternoon, some cloud appeared and we were able to continue erecting our antennas and complete our operating stations. Both the cw and ssb camp are very near completion. the few antennas remaining to be erected at daybreak.
More from F5NQL:
According to some closer friends of crew members, by satellite, they will send their first signals around 2000 utc.
Have a thought for Bob N6OX who sprained his anckle to day.

Forwarded with 73 by
Maurice, F5NQL

Bonsoir à tous
TX5C dernières nouvelles – Hot
Tout le monde s’y est mis aujourd’hui ausssi intensément qu’hier.
Les nuages qui étaient présents à l’aube se sont dissipés vers 7 heures du matin permettant ainsi au soleil du Pacifique de taper très dur. A 10h30 du matin la température au camp de base était de 110° (43.33 Celsius) et encore plus au camp CW.
La chaleur a compliqué notre travail et Arnie, N6HC a ses mains brulées par le soleil et le travail doit s’arrêter toutes les 30 minutes pour douche et baignade afin d’assurer la sécurité de chacun.
A 1 heure la chaleur était si intense que nous avons du nous arrêter , marchant tous quasiment à quatre pattes

La sécurité est notre principale préoccupation, aussi avons-nous cessé le travail pour le reprendre plus tard dans des conditions raisonnables
En milieu d »’après midi des nuages sont réapparus et nous avons pu reprendre la mise en place des antennes et finir d’assembler les stations.
Les camps SSB et CW sont quasiment prêts. Le reste des antennes sera monté à la tombée du jour.
Note de F5NQL:
Selon certains amis proches de certains membres de l’expédition, info par satellite, les premiers signaux devraient être envoyés vers 2000 utc.
Enfin nous aurons rous une pensée por Bob, N6OX qui s’est foulé une cheville.

Retransmis avec ses amitiés par :
Maurice, F5NQL,

6811. East Timor 4W6 DX NEWS

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-03-09 10:27:14 UTC
From: K1XN
Topic: 6811 Message: 6811

The Union de Radioaficionados Espa?oles, URE, the Spanish Amateur Radio League, is proud to announce a project in East Timor to take place in June 2008.URE's Radiosolidarity Department will organize an Amateur Radio DXpedition, combined with activities to promote Amateur Radio including the donation and setting up of a complete amateur radio station at the University of Dili. It is hoped that by operating alongside students and teachers of the Electrical Engineering and other departments it will be possible to sow the seeds of future amateur radio activity of a permanent nature in East Timor.

This new project will take place in cooperation with the University of Dili, located in the capital of East Timor. We don't yet know the callsign that will be used; whether it will be a special one for the occasion, hopefully 4W6R, the callsign of the University (4W6UTL) or the callsign of one of the operators (4W6ERC).

The group that will take part in the activity is made up of the following experienced operators:

EA1QF Angel (team leader)
EA3CUU Pere
EA4DB (ex-EA4BPJ) Jose
EA4KA Eugene
EA5BWR Txema
CT1ERC Jose

QSLs will be via EA4URE.

A complete station (Kenwood TS690 + Mosley TA63M + G5RV + rotor) will be donated to and installed at the University of Dili for use of the students and teachers of the Electrical Engineering Department or anyone else who might be interested in Amateur Radio. Another station will be set up, temporarily, at the team?s lodgings in order to have two stations (CW and SSB) operating permanently during the 15 days of operation. Time will be spent on other modes (RTTY, etc) and special attention will be paid to operation on six meters.

The majority of this project's funding is provided by the Alicante Provincial Government and by URE. The rest of the budget, at this time, will be down to the operators although we have already received news of some small but useful donations. We would be very grateful if individuals and organisations could consider making contributions to this project at any time, including after the operation. Please bear in mind the following two considerations.

The objective of this project is to contribute to the development of a very young country and to promote amateur radio activity by East Timor

nationals.

The DXpedition is part of the activity is intended to achieve 30,000 plus QSOs in spite of the limitations imposed on us. We feel able to achieve this due to the very considerable experience of our six-man team of proven DXpedition operators

6813. 20 METER DX WINDOW - 14.195

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-03-09 13:42:39 UTC
From: K1XN
Topic: 6813 Message: 6813

Hi folks
It seems that Nino, IT9RYH, is going to continue to cause
interference on
14.195 on a daily basis claiming that it is his frequency ONLY.
Sure wish TX5C would drop down to 14.165 and listen up from 14.190 to
14.205 or some such split. I think this might be the best solution for all
DXpeditions. Maybe even tlransmit out of USA band and listen on the
frequecies
mentioned. Might prove to be benificial for DXers world wide.
Just my thoughts on this, anyone have an opinion??

Bob,
Mayotte's not all that rare. Nigel G3TXF was there in 2006, as were a couple of other guys at a different time and all were fairly easy to work. A couple of DL-land hams are going there for a few days in June. FH is much easier than FR/G, FR/T and FR/E.

Bob,
Mayotte's not all that rare. Nigel G3TXF was there in 2006, as were a couple of other guys at a different time and all were fairly easy to work. A couple of DL-land hams are going there for a few days in June. FH is much easier than FR/G, FR/T and FR/E.

Why some locals don't "make him an offer he can't refuse" is quite beyond me. Unless *he's* the one who's known to make said offers, which might explain a lot.

> Sure wish TX5C would drop down to 14.165 and listen up from 14.190
> to 14.205 or some such split.

For Clipperton, don't worry about it. 20 closes between US and Europe long before it closes between the US and Clipperton. Anybody with a decent yagi with good front-to-back specs shouldn't have a problem since Italy's off the back of the beam for most of us, and they should be down -20dB or better.

> I think this might be the best solution for all DXpeditions.
> Maybe even tlransmit out of USA band and listen on the frequecies
> mentioned. Might prove to be benificial for DXers world wide.

Originally, of course, that's how 14195 came into being - it WAS below the US band limit of 14200 (at the time), and they'd listen up for stateside. In this case, the problem isn't a barrage of NA callers, it's the choice of QRV by the DX station.

The worst situation is when the DX station has propagation to both Europe and North America, and where N.A. has to beam over Europe to reach the DX (or close enough). Why DXpeditions aren't working around this well-known problem is quite beyond me.

I'd also love to see DXpedition planners start to "agree" on a part of 40m SSB above 7125 to use as a new DX window on that band (when possible - some entities outside of Zone 2 allow it now, anybody in Zone 2 has it already and everybody will have it next year).

I agree with Peter's comments, but please remember that not every DXer has a yagi. Many, including some DXpeditions, use verticals and dipoles.

From: K1XN
Topic: 6802 Message: 6821

Just as we were about to begin operating yesterday at noon Clipperton Time, the sky opened up and for the next two and a half hours both the CW and SSB tents had their hands full plugging leaks in the tents, protecting the station equipment, rescuing antennas that had been toppled by the nearly 50 mph gusts that accompanied the rains and hoping that the lightning wouldn't hit our verticals. After three grueling days, we were set back yet again by mother nature. But the good news is that we're operating and filling our logbooks with q's. We're planning on beginning uploading the logs very shortly. As soon as we do, we'll make the announcement on this page.

0530z: The logseach pages are going to be updated shortly with the logs from the first full day of operations. Total qsos are 17,263.

Enter your vote today! A new poll has been created for the
GOLIST group:

A new poll to see how the Qsl Managers or card handlers are doing for YOU in confirming your DX confirmation requests.
How is KU9C doing in filling all your Qsl requests?

* Has filled every request in a timely manner.
* Has filled every request, but rather slow.
* Has not filled all my requests
* Still waiting for any confirmation with his stations.
* Has never responded to any of my requests.

o Has filled every request in a timely manner.
o Has filled every request, but rather slow.
o Has not filled all my requests
o Still waiting for any confirmation with his stations.
o Has never responded to any of my requests.

To vote, please visit the following web page:
http://groups.yahoo.com/group/GOLIST/surveys?id=2349053

Note: Please do not reply to this message. Poll votes are
not collected via email. To vote, you must go to the Yahoo! Groups
web site listed above.

Thanks!

From: K1XN
Topic: 6825 Message: 6825

The VP6DX team did this and it has started a trend. Several upcoming DXpeditions are going to do this also.
*" If you are in the log, you will be asked for a minimum donation of USD 5,00 or EURO 3,50 via PAYPAL".
* I am in favor of sending donations to DXpeditions and I think all DXers should send a donation if they work them, however, it appears it is now becoming a Requirement for receiving a Qsl Card.
How do you feel about this new policy about Qsl confirmations?
John K1XN

John:

This is not totally correct. If you are in the log and want a card sent direct to your home, they are asking for $5 minimum. If you want it via the bureau, there is no cost. Here is the verbatim wording:

==========
* Please do NOT send a paper QSL card! You do NOT need to send a paper QSL card nor a letter in the mail.
* Go to the website www.vp6dx.com. Click "Online QSL Request" on the left
side menu. Follow the procedures to submit your claimed QSOs.
* After entering your claimed QSOs, you may choose to:
o Receive your cards via the bureau at a later date. No financial donation to the VP6DX project is required. You are finished. Please do not send
any cards to us.
o Receive your QSLs mailed direct to your home ("premium on-line QSL
request service").
==========

You do not have to use Pay-Pal. A check or bank draft will work just fine. Check the link to their site.

Goodness, give me a break...the operators are not even over their jet lag from what was a model DXpedition...including their QSLing OPTIONS! "It appears it is now becoming a Requirement for receiving a QSL card" is an absolutely false statement. That it appears to be a "great option" would be a more appropriate way to look at it. Even "major" DXpeditions have what, 20 or less individuals on the team? Trust me, they have DONE THEIR PART. All the other THOUSANDS (like me) sitting at home working them as many times possible need to do our part :-) But please tell the whole truth...in that VP6DX provides for the standard buro & direct QSLing methods...PLUS, another highly proficient streamlined direct method. I would LOVE to see their QSL stats after a few years have passed.

- How many hams did the online contribution QSL method?
- How many hams did the standard mailing with money/IRC?
- How many hams did the online buro QSL method?
- How many confirmed via LOTW only?

Thanks for the opportunity to comment.

I don't really agree with it, John, but it is the wave of the future. Their web site offers the electronic transfer of funds and a request for your QSL via the web as an option. I chose to send the traditional way and included a donation in my envelope. If they wanted to discourage paper QSLs, they should have had that more predominately displayed and emphasised on their web site. It may have been their intention to do so, but in my view, it wasn't promoted strongly enough. So . . . my envelope sits with thousands of others (many with donations inside) with the implication we caused them a lot of extra work. What happened here was a lack of communication. I don't think they are saying you have to donate to get a card, but rather that they strongly prefer you send the postage and QSL request electronically. I like getting real QSLs, and they are providing them.

Other than this little bump in the QSL road, I have nothing but positive things to say about the DXpedition. The best one I can ever recall.

I think this is a great idea! I don't have to send a card, BURO
responses are free and only Direct responses require a nominal
donation. If I want a direct response from a DXpedition, I would
typically send an IRC for the return, at least two dollars as a
donation and it would cost me another dollar for my card and the DX
postage to send it to them.

Under the new procedures I can both request a QSL and make a donation
on-line with no postage involved on my end. If I'm too lazy for any
of that, I can simply wait for the confirmation to show up on LOTW.

This new system also benefits the expedition by streamlining their
QSL chores. Win-Win.

Not sure I'm crazy about the idea... but in some way it makes good sense. If I send a "paper" QSL, along with 3 GS (this is Germany), the postage and a SARE.... I've got $3 in it when it hits the mail box. For an extra couple of bux, I'm spared the expense and all the follderoll with printing labels, envelopes and the lot.

On the other side of the pond, I don't expect anyone there needs another US QSL (we are one DXCC entity), so the card I send will probably end up in the round file anyway.

I'm not so sure about the precident it sets... you will pay for a QSL. I'd be far more in favor of going back to mailed (as a postcard) QSL's...*if* you could still do it for a couple of cents.

John,

I am 100% in favor of this QSL practice. It saves me time and effort. Besides I always put a contribution in the envelope with my QSL request to major DXpeditions anyway so I'm very happy to have the option of doing it online.

You are wrong about there being a requirement to donate to get a card. There has not been a requirement to donate to any of the recent DXpeditions who have offered online QSL requests. All that I am aware of have said they will also respond to direct and bureau requests.

Specifically the VP6DX online request allows you to get a direct card with a minimum of a $5 donation. If you mail a direct request to Germany it will cost 3 green stamps for return postage, a 90 cent Air Mail stamp on the envelope, 20 cents for nested metric envelopes, and about 10 cents for your QSL card. That's $4.20 total cost and you have to hope nobody steals the cash on the way to the manager.

If you don't want to contribute to VP6DX, you can still request a bureau card online. It will eventually come via the bureau, just the same as if you send them a card without return postage. I really don't understand what the complaint is.

Hi Guys,

I am also in favour of donations. However, I am so over QSL's and expeditions as the return rate for direct QSL is very very low, even when including us$3.00 - $us4.00 or 2 IRC's. This is becoming a very expensive hobby here in VK, it would appear that it will now cost around $10 to receive a QSL, and thats if it returns the first time. A donation is exactly that a donation on what a person can afford not a pre-requisite, if it is going to be a set dollar amount then perhaps it is now time to accept electronic QSL. If an individual or group goes on an expedition then they accept that it is their cost not that of the entire amateur population, it is not about making a profit or paying for their expedition but merely doing a service to the amateurs.

It is sure good to see some opinions expressed on this reflector .
The reflector sits idle much to long and needs discussions like this
one to make it interesting.
Now so you all don't misunderstand, I am also in favor of this new
practice of the transfer of funds to DXpeditions electronically. It is
safer and immediate. I have been advocating a system much like this
to Qsl Manager for several years.
When LOTW was introduced, there was a fear that this would cause
a real financial hardship to DXpeditions if they used the service. They
would see less financial support from the DX community. VP6DX operation
has shown that the new system will work and work very well. I also think,
like another responder, that announcing that the DXpedition does not need
your paper Qsl along with the method of confirming your contact, should be
made early on in the press release phases of the operation.
The Ducie operation also maintained a very active web site and updated
with daily information and news. I sure hope that this activity catches
on like
it appears the donation process has.
The Ducie DXpedition, I believe, is the best organized, managed and
executed
DXpedition that I have witnessed in my 50 years chasing DX. I hope it
becomes
the standard for all serious DXpeditions in the year to come.

I'm very much in favor of this. I can get a buro card for free - don't even have to send mine in,just request it on line. Donating $5 is reasonable for a card sent quickly, not at all out of line iwth what my actual costs would have been.

This will have more QSLs to send out than 3Y0X, and will likely get them out quicker. I thought 3Y0X did a great job getting the cards out fast, but these guys should better even that effort.

I think it is a smart way to do things for major dxpeditions

From: J A Sheffield
Topic: 6825 Message: 6838

The DX Teams do all the really hard work. They must recruit participants; plan the trip; find or finance up-front funding; collect and pack equipment, food, medical supplies, etc.; arrange transportation and lodging enroute and at the DX location; setup and tear down multiple stations, antennas, tents, support equipment, etc.; spend many sleepless hours in God-forsaken locations, tolerating many varieties of insects or other pesky creatures (including some of us who refuse to listen before we transmit); operating nearly 24 hours a day; and many other tasks that I'm sure I'm too ignorant to recognize. All this effort so we, from the comfort of our homes, sitting on our fat butts, can claim credit for another new entity, band or mode.

I believe the efforts of the DX Teams gives them the right to establish the procedures for QSLs. Read and understand the rules, select the option that best suits you, and quit complaining.

Hi John
I am applying a new service for direct requests, the idea comes from the web VP6DX, but it is much easier.
I do not know if you will be able to publish information in your GOLIST?
73 Corrado

from my page in QRZ.COM:

PAYPAL REQUEST FOR DIRECT QSL:

- With this Service you will automatically receive a real printed QSL card via DIRECT to your address, without sending your own QSL card, postage or SAE and avoiding risks of losses.

- Before choose this option check carefully the log online !!!!!

- If you are in the log, you will be asked for a minimum donation of USD 5,00 or EURO 3,50 via PAYPAL to the email address: it9daa[at]gmail[dot]com

- Copy/Paste your QSO(s) under NOTES in your PAYPAL payment or send the list, with a separate email, not forget to include your postal address.

- If the requested QSL is already printed, will be mailed after 10 days maximum from your payment.

- Your donation, as always, will help 4M5DX Group to finance future activities.

- For multiple requests (more of one DX Call) send first a email to receive info.

- THIS IS NO E-QSL SYSTEM !

John
I don't think the idea of requiring payment goes with the "amateur radio" status we enjoy.
I prefer joining dx origin's that support dxpeditions and send them a donation if you
Enjoy their efforts. These guys endure a lot to make this kind of trip and work almost around
The clock while there..

Subject: [GOLIST] The NEWEST DXPEDITION QSL PRACTICES

The VP6DX team did this and it has started a trend. Several upcoming DXpeditions are going to do this also.
*" If you are in the log, you will be asked for a minimum donation of USD 5,00 or EURO 3,50 via PAYPAL".
* I am in favor of sending donations to DXpeditions and I think all DXers should send a donation if they work them, however, it appears it is now becoming a Requirement for receiving a Qsl Card.
How do you feel about this new policy about Qsl confirmations?

I sent mine the old fashioned way, along with a good donation before I realized I could do it easier online. In theory, I like this a lot -- but I don't like the fact that there's a minimum amount over and above postage/envelope costs. What if the next guys want $6? Is that worth it? Is $7? Is $10? Is $20?

For those of us fortunate enough to be able to make a donation (and wish to do so), this is a great system and I hope it's here to stay. For less-fortunate DXers on low or fixed incomes (or those who simply choose a direct QSL reply but without donating), I do believe that option should be available as well.

What I think a donation over-and-above postage should get you, other than goodwill, is an expeditied processing of your Q's to LoTW.

On our 2nd day of operation, qso's now total 30,225. Operations on March 10th continued without any significant interruptions from mother nature (finally!). Good pile-ups were seen on all operating frequencies. Yesterday we focused on European openings per our operating plan where Clipperton is high on the most wanted list. Paths to the USA are open almost all the time on a variety of bands so we really want to focus on Europe and other hard to reach areas when propagation is possible. This is why we landed on the north side of the island in the first place. So we know the USA operators will understand why at certain times we are operating only Europe or outside the USA.

When the paths are open to EU, we're hearing all of Europe extremely well, very strong signals. We're finding that our Q rates rise significantly when stations call only once or twice and use complete calls. Signals are so strong, with no qsb or noise on our end, that we can often quickly pick out several complete calls and work more stations. If we all work together, we can get more people in our logs.

Hi friends
Clipperton, from the French pilot
Hi
few news but we think that all is FB as they are all working a lot.
This mail came few hours ago.
==========
Hi

To day March 10.
All is fine « onboard ».
The ham op's and stations are working very hard.
The scientists have discover a lot of things of interest on and under the lagoon.
The forecast is very uncertain and at least once a day, we suffer heavy rain with strong wind.
==========

The log is updated from time to time (once a day) :

> How do you feel about this new policy about Qsl confirmations?
> John K1XN

I find it interesting that no one has quoted the ARRL policy on "required donations" for QSLs:

"Finally, the concept of obtaining a QSL card at no charge is a long-held tradition in ham radio and DXCC, and we endeavor to continue this tradition. QSL managers handling cards for DXCC submission must make cards available if adequate postage is supplied. Postage can be supplied by sending International Reply Coupons (IRCs), direct funds, or SASEs. We consider it an ethics violation if cards can only be claimed through payment of a fee; thus, we will not accept cards for DXCC credit for which a fixed charge is made."

(from the ARRL Electronic QSL Policy at http://www.arrl.org/news/stories/2002/03/07/100/)

In my opinion, the VP6DX policy meets the ARRL requirements, but (in some areas) just barely. It does establish a minimum donation that exceeds postage alone, but it also has a "free via the bureau" option so that paying the fixed fee is not the only way to obtain a card. And you can also send for a card with $3 or one IRC, so there is a direct option that is "postage only."

I think it would have been better if instead of requiring a minimum payment of $5, they had split the payment into a required portion (say $3, to cover postage costs plus PayPal fees) and an optional donation. I'll bet that most of us would have included a moderate donation, often exceeding the "required" amount in the current model, especially considering that we don't have to supply the postage to get the request there.

Q's now total 40,573. Yesterday we had three major thunderstorms that tore up the camp. Generators in both the SSB and CW camps went down and took repairs to get back up. Winds toppled antennas and they had to be repaired. We lost our 15 meter SVDA in the SSB camp which was destroyed by the winds. We will attempt to straight out or replace the broken aluminum today. Two of our CW keyers went down and we cannot repair them. So our operators are sending cw the good old fashioned way but it's reducing our q rate. Morale is high and despite the weather we are all working as hard as we can. The thunderstorms are also causing our noise levels in the night to be extremely high. These thunderstorms have been increasing in size and frequency for the past several days. Although they blow through in about 15 minutes, they dump on average about an inch of rain or more and are accompanied by very strong gusting winds.

6850. RAC CALL BOOK CD CURRENT and FUTURE ISSUES

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-03-13 14:00:39 UTC
From: K1XN
Topic: 6850 Message: 6850

Hi folks,
This is the last call for any one to order the Winter 2008 RAC call book cd.
The few copies that I have left will be shipped back to Germany on Monday 3/17.

I will be continue with the RAC LIST for the May/June issue until April 1st.
I will then order only the amount of cd's that will fill the orders indicated by the
May/June list. I will not be stocking any of the cds.

The Nov/Dec list will remain open until September 1st. I will then order the
amount of cd's indicated by that list. I will not be stocking this issue either.

Now is the time to place your order for the Current Issue WINTER 2008 and to
get on the RAC LIST for future Issues. Use the Secure order form on the Golist
web site at http://golist.net/

Anyone have any info on ZK3DU, FO5A/mm direct address or manager?

The F0 operation, I believe, involved the guys who are operating TX5C but as a maritime mobile.

Thanks in advance

Dave, W8QW

I.C.P.O. Bulletin (March 13 - 21, 2008)
(Islands, Castles & Portable Operations)
Listing is by calendar date (day/month/year)
==========

13/03/2008: Jenchieh Hsing, BU2AI is currently active as BU2AI/9 from Nangan Island and Beigan Island, Matsu Islands (AS-113), until March 20th. He operates CW and SSB in his spare time, and during his first activity (February 5-19th) he made some 1200 QSOs. QSL via home call, direct or bureau. Please visit bu2ai.tripod.com/BU2AI-9-Matsu-2008.htm for updates. [425 DX News]

13/03/2008: Patrick, F6CMH will be active from Saint Barthelemy Island (NA-146, DIFO FJ-001, WLOTA LH-0377) between March 13th and 22nd. QRV mostly 40 and 20m SSB. QSL via home call. [F5NQL]

13/03/2008: Yannick F6FYD/HH2FYD, will be back to Haiti (NA-096, WLOTA LH-0343) as HH2FYD from March 13-26th. Before leaving for France he will again activate Ile a Vache (NA-149) from March 21-23rd as HH2FYD/6. QSL via F6FYD, direct or bureau. [F6AJA]

13/03/2008: Radioclub Pazin (9A7P) members Dragan/9A2SX, Igor/9A3AXX, Hrle/9A6XX and Marko/9A8MM will be active March 13-17th from the island of Corsica (EU-014, DIFM TK-001, MIA MCO-001, WLOTA LH-1390), including an entry in the Russian DX Contest (March 15-16th) as TK/9A8MM. QRV as TK/homecall on 80-10m using TS440S + FT857D, SB-220, 2 laptops, Spiderbeam (20, 15, 10m) and Inv Vee on 40m, 80m. They will be located in the Sisco valley in the north part of the island, just outside Bastia, which is their arrival port. All QSL cards will be sent via bureau. You do not have to send your QSL cards to them. [Southgate ARC]

14/03/2008: Frank, DL2SWW and his xyl Gabi, DF9TM will be active from Ruegen Island (EU-057, O-07 for the German Islands Award) as DL2SWW/p, March 14-16th. QSL via DL2SWW, direct or bureau. [RSGB IOTA]

14/03/2008: Operators Axel/DH8AK, Sebastian/DO6ELW, Dirk/DK4DJ and Henning/DK9LB will be active as homecall/p from Fehmarn Island (EU-128, O-01 for the German Islands Award) from March 14-21st. They will also activate two lighthouses: Marienleuchte - Old Tower (ARLHS FED-151) and Marienleuchte - New Tower (ARLHS FED-016, WLOTA LH-0637). QRV 80-10m SSB/PSK31 and 2m SSB. QSL via home calls, direct or by the bureau. [RSGB IOTA]

14/03/2008: Frank, K3TRM will be vacationing in Lucea, Jamaica (NA-097, WLOTA LH-0214, WW Loc. FK08VK) March 14-23rd and will be active as K3TRM/6Y5 on 80-10m SSB, CW and RTTY. He has applied for 60 meter privileges, so this might be the first activation of Jamaica on 60

meters. Equipment consists of an Icom 706MkIIG, LDG Electronics AT-100Pro antenna tuner, and Alinco DM-330MV power supply. WriteLog v10 is used for logging and a K1NU interface for rig control. A 5-band Spiderbeam will be used for 20-10m, including the WARC bands. On the low bands, including 30m, he will be using a G5RV and a 60m dipole. QSL via home call, direct or bureau. [NG3K]

15/03/2008: Rick, AI5P will be active from the Pacific between March 15th and April 16th as follows: AI5P/KH2 Guam Island (OC-026, WLOTA LH-0064) from March 15-23rd; V73PX Kwajalein Atoll (OC-028), Marshall Islands, from March 24 to April 5th; and AI5P/KH0 Northern Mariana Islands (OC-086) from April 6-16th. He might participate in the CQ WW WPX SSB Contest from V73. QSL for all calls via AI5P. [425 DX News]

15/03/2008: Paul F2YT, will be active as F2YT/p from many DFCF Castle references in French Departments 01,42,43,69,73 between March 15th and 22nd. Watch for spots on the clusters. Activity is planned for 40 and 20 meter CW and SSB. QSL via home call, direct or bureau. [F6FNA]

15/03/2008: Look for Fran?ois/F5JNE and Gilles/F4FGJ to be active March 15th as F5JNE/p from the Castle of Mardilly, located in the City of Savigny sur Clairis (CP 89150), Canton of Cheroy (DDCF 89-11). They will be QRV on 80 and 40m using CW and SSB. QSL via home call, direct or bureau. [F5NQL]

15/03/2008: The Radio Club Varennois F5KEK/p will activate the Ch?teau des ?cherolles (DFCF 03-069), located in La Fert? Harterive (CP 03340), Department Allier/03, Province of Auvergne (DPF 03) starting in the morning of March 15th. QRV on 3.703 MHz (+/-) and 7.060 MHz (+/-). QSL via F5KEK, direct or bureau. [F1SVV]

15/03/2008: Philippe, F5MSB/p will be active the morning of March 15th from French Castle reference DFCF 09-013 and French Mill reference DMF 09-003. Both references are new ones for the French Castles and French Mills Awards. Department Ari?ge/09, Province of Midi-Pyrenees (DPF 15). QSL via home call, direct or bureau. [F6FNA]

15/03/2008: Freddy, F8CKS/p will be active March 15th from the Castle Mirabel (DFCF 24-093), commune of Marnac (CP 24220), canton of St. Cyprien (DDCF 24-32), Department Finist?re/24, Province of Brittany (DPF 06). QRV 80 and 40 meters. QSL via home call, direct or bureau. [F8CKS]

15/03/2008: Javier/HR2J and crew will be active as HQ8R from Swan Island (aka Isla Grande - Isla Santanilla) (NA-035, WLOTA LH-0061, WW Loc. EK86KB), Honduras, between March 15-23rd. Operators include WQ7R/HR9 Ray, KC4CD/HR2 Lane, HR2DX Antonio, HR2DMR Daniel, HR7REA Ramon, HR2J Javier and HR2PAC Pedro. They are planning to operate two PHONE stations one CW and one digital modes in RTTY and PSK31 (total of four stations) with 10 operators on 160-10m + 6m (50.127MHz USB). QSL via HR2RCH (Radio Club de Honduras, PO Box 273 San Pedro Sula, Cortes, HONDURAS). Further information can be found on their web site at: www.hondurasdx.com/ [NG3K]

15/03/2008: George/EC2ADN and Kepa/EA2DCF will be active from Albania as ZA/homecalls from March 15-22nd. They will be QRV on 10, 20 (14.184MHz) and 40 meters (may be also on 17m and 30m). QSL via home calls, preferably via the bureau. [F6AJA]

16/03/2008: Andreas, DL7ZZ reports that a German team is planning a DXpedition to Nouakchott, Mauritania, between March 16-30th. The current team of operators are: Rich/DK8YY, Rene/DL2JRM, Ralf/DL3JJ, Ingolf/DL4JS, Dan/DL5SE and Andreas/DL7ZZ. The operating location will be nearby the Atlantic Ocean, so there will be enough space for their antenna systems especially for the low bands. The team is expecting their license very soon. QRV 160-10m with 3 stations on the air; 2 with amplifiers. For operations on the low bands 2 verticals (V160 and V80) will be errected, and on 40m they will use 2 phased verticals. For 30-10 meters, they will set up 2 beams, and for the digital station there will be another groundplane. They will try to have an online log available that will be updated daily via I-net or pactor. QSL via DH7WW, direct or bureau. No eQSL! Further information can be found at: www.5t2008.de/ [OPDX Bulletin]

16/03/2008: Alessandro, IK4ALM will be active as 6W/IK4ALM from Senegal, March 16-27th. He plans to operate holiday style on 10-40 meters with 100 watts to a groundplane antenna. QSL via home call, direct or bureau. [425 DX News]

16/03/2008: John/9M6XRO and Steve/9M6DXX will operate as 9M6XRO/P (CW and RTTY) and 9M6DXX/P (SSB) from Labuan Island (OC-133) on March 16th and 17th, with a high-power station (400W) and antennas close to the ocean. The antennas are a Butternut HF6V for 10-80m, a dipole for 17m and an inverted-L with 42ft vertical section for 80m. No antennas for 12m or 160m. QSL 9M6XRO/P via M5AAV, direct or bureau. QSL 9M6DXX/P either via M5AAV (direct or bureau) or direct to Steve Telenius-Lowe, WDT 527, 88905 Kota Kinabalu, Sabah, Malaysia. Added note: ISWL Members please note that John is a member, so if worked or heard, all his operations count for the Monitor award. [425 DX News & Pete's-DX-Newsdesk]

16/03/2008: A multinational team of 10 operators will be active between March 16th and March 27th from Rwanda with the call sign 9X0R. QRV from 6 to 160 meters (including WARC bands) using CW, SSB and RTTY with 3 stations at the same time in different bands and modes. Although the expedition is not primarily targeting the 6 meter band, Gianfranco/I0ZY will do daily checks of the band between 1800 and 2000 UTC on 50.137 MHz USB. Operators mentioned are Roberto/EA2RY, Gerard/EA3EXV, Javi/EA5KM, Toni/EA5RM (team leader), Manuel/EA7AJR, Ruben/EB5ESX, Javi/EC4DX, Massimo/I8NHJ, Fabrizio/IN3ZNR and Dimitri/UY7CW. Suggested frequencies: CW - 1.824, 3.504, 7.004, 10.104, 14.024, 18.074, 21.024, 24.894, 28.024 MHz; SSB - 1.845, 3.795, 7.065, 14.195, 18.145, 21.295, 24.945, 28.495 MHz; and RTTY - 7.035, 10.140, 14.080, 18.100, 21.080, 24.920, 28.080 MHz. QSL via EA5RM (Antonio Gonzalez, P.O. Box 930, 03200 Elche, Spain). Further information, updates and logs at: www.9x0r.com/ [EA2RY]

16/03/2008: Anne, OH2YL will be active as TK/OH2YL, March 16-22nd, from the island of Corsica (EU-014, DIFM TK-001 for the French Islands Award, MIA MCO-001 for the Mediterranean Islands Award, WLOTA LH-1390). QRV on all HF bands, using SSB and CW. QSL via home call. [NG3K]

17/03/2008: Alex/YV5SSB, Jose/YV5TX and possibly others will be active as YN2YV from Granada (WW Loc. EK71XU), Nicaragua, March 17-21st. Plans are to have at least two stations 160-10 metres, plus 60 and 6 meters. On 6M they will be using a 3 element quad and iCOM 706-MKIIG, monitoring 50.110MHz. Experienced CW and/or RTTY operators who may be willing to join the team are invited to send an e-mail to 4m5dx@...; further information can be found at: www.yn2yv.4m5dx.info/ QSL via IT9DAA. Logs will be uploaded to LoTW. [425 DX News]

17/03/2008: Red, W6ALC will stay in China for three weeks starting on March 17th. He has the permission to operate from the contest station B7P in Foshan, Guangdong, China (WW Loc. OL63na). Red also plans to visit the new club station (Fo-Shan Amateur Radio Club) BY7OK in Foshan. QSL via operator's instructions. [DX Newsletter]

18/03/2008: Ulli, DL2AH will be active holiday style as CE0Z/DL2AH from Isla Robinson Crusoe (DICE ICE-004, WLOTA LH-0153) Juan Fernandez Archipelago (SA-005), March 18th to April 7th. Activity will be mainly 40-10m SSB and RTTY using a FT897 and Windom antenna. QSL via DL2AH, direct (QRZ.com) or by the bureau. [NG3K]

18/03/2008: Look for JS6RRR/JS6 and JI3DST/JS6 to be active March 18-24th from Miyako-Jima (AS-079, also count for WLOTA LH-0249). Side trips to Ikema-jima and Kurima-jima are also being planned. QSL via bureau. [425 DX News]

19/03/2008: Operators Peter/K8PT and Craig/K3PLV will be operating from the Isle of Man as MD/K8PT and MD/K3PLV at the contest station of GD6IA (www.gd6ia.com/) located near Peel City, March 19-21st. They will then trek on to Jersey (EU-013, WLOTA LH-0818) and operate as MJ/K8PT and MJ/K3PLV from March 22-27th. QSL via their home call signs. For more additional information, please check the Web page at: home.roadrunner.com/~crahill/ [OPDX Bulletin]

19/03/2008: Masa, VK1ANU (JO2SLZ) will be active as VK9ANU from Norfolk Island (OC-005) between March 19th and April 2nd. He will operate CW and SSB on 80-10 meters, with 100 watts into wire beams for the high bands and vertical antennas for the low bands. He will also participate in the CQ WW WPX SSB Contest. QSL via JO2SLZ. [425 DX News]

20/03/2008: Jack, F6BUM (www.f6bum.net) will be active again as 3W3M from Vietnam between March 20th and April 2nd. He plans to operate SSB and CW with 100 watts into a vertical antenna from the following three islands: March 20 (1000 UTC) - March 23 (0600 UTC) from Con C? (AS-185, new one); March 25 (0800 UTC) - March 28 (0600 UTC) from Phu Quoc (AS-128); March 29 (1000 UTC) - April 2 (0600 UTC) from Dao Con (AS-130). Expect activity on 40, 30, 20, 17, 15, 12 and 10 meters. QSL via F6BUM, direct or bureau. [425 DX News]

20/03/2008: Operators Fabio/I4UFH, Massimo/IZ4DPV and Santos/CT1DVV will be active March 20th to April 2th from the D4C Monteverde Contest Station, Mindelo, Ilha do S?o Vicente (AF-086, WLOTA LH-1976), including a M/? entry in the CQ WW WPX SSB Contest (March 29-30th). QSL via IZ4DPV (Mr. Massimo Cortesi, P.O. Box 24, 47100 Forli'-Centro, Italy). [NG3K]
==========
LOOKING AHEAD -

25/03/2008: Mike, WA2VQW reports that the W2RZS amateur radio club will be active as TO5RZ from Villa Natanya, Colombier, Saint Barthelemy Island (NA-146, DIFO FJ-001, WLOTA LH-0377, WW Loc. FK87NW) from March 25th to April 1st. QRV on 160-10m using CW, SSB and RTTY (including WARC bands), plus an entry in the CQWW WPX SSB Contest (March 29-30th). QSL via W2RZS, direct or bureau. [NG3K]

28/03/2008: Look for Ron, VA3RVK to air special call sign VB3E during the period of March 28th and May 27th. He will mainly use this call sign for the CQ World Wide SSB Contest (March 29-30th) and the CQ World Wide CW WPX Contest (May 24-25th). QSL via VA3RVK, direct (Ron Vander Kraats, 9 Jopling Avenue South, Islington, ON M9B 3P4, Canada) or via the VE3 QSL bureau. [RAC]

29/03/2008: Operators Stefano/IK2QEI, Matt/IK2SGC and Saaid/CN8WW will be active from the Kingdom of Morocco as 5D5A during the CQ WW WPX Contest (March 29-30th) as a Multi-Single entry. QSL via I2WIJ, direct or bureau. [NG3K]

29/03/2008: Operators Bill/SV5AZP, Panos/SV5AZK, Mike/SV5DDP, Steve/SV5DKL, Stelios/SV5DZR, Giota/SV5FRB, Denis/SV5FRD, Sarris/SV5KJC and Yannis/SV5KKJ will be signing SX5P during the CQWW WPX SSB Contest (March 29-30th) from Rhodes [aka Rodos] Island (MIA MGD-028, WLOTA LH-0045), Dodecanese Islands (EU-001) as a Multi-Multi entry. QSL via SV5FRD, direct preferred but bureau ok. [NG3K]

29/03/2008: Ray/VP2E and Gordon/N5AU will be QRV as VP2E from the island of Anguilla (NA-022) during the CQWW WPX SSB Contest (March 29-30th) as a Muti-Single entry. They will be testing some new antennas. QSL via N5AU, direct only. [NG3K]

29/03/2008: Adhi, YB3MM will be active as YB3MM/9 from Menjangan Island (OC-022), Indonesia, during the CQWW WPX SSB Contest (March 29-30th) as a Single-Op/All-Band/Low-Power entry. QSL via IZ8CCW, direct or bureau. [F5NQL]

29/03/2008: Operators Trent/VK4TI, Tony/VK3TZ and Laurie/VK4VCC will be active from Vanuatu, New Hebrides (OC-035) during the CQWW WPX SSB Contest (March 29-30, 2008) as a Multi-Two entry, using the call sign YJ0AX. QSL TBA NA and Europe. [NG3K]

12/04/2008: Special event station W0S will be aired April 12th and 13th to commemorate the 96th Anniversary of the Titanic Disaster. Operators Dave "SAP" Beckler/WA0SAP, Rich Vogt/KB9YZE, Al Gallo/W0ERE, and Rod Kittleman/K0ADI organized this Special Event Station along with Mary

Kellogg, part owner of the World?s Largest Titanic Museum in Branson, Missouri. They will be QRV HF, SSB/CW, packet, Dstar and 2m. QSL via operator's instructions. You can visit the website of the museum at www.titanicbranson.com/ [F5NQL]

18/04/2008: World Ham Radio Day will be held on April 18th and the French IARU Society the REF-Union, and their Associated members will sponsor a lot of activities like traffic, Shows on the air, elmering and how to do and so on. Keep an ear on the bands. Announced stations that will be on the air are: F5REF (Ref-Union), F8UFT (French CW Society) and F8AFH (French Ham Society for disabled). [F5NQL]

01/05/2008: Members of the The Nanaimo Amateur Radio Association (VE7NA) will air the special call sign VE7NARA from May 1-30th to celebrate the clubs 60th Anniversary. The Nanaimo Amateur Radio Association is made up of members of the community stretching from Courtenay to Duncan on Vancouver Island (NA-036, CIsA BC-001, also count for WLOTA LH-0858). QSL via VE7FCO. [RAC]

17/05/2008: Eddie/VK4AN, his son Raj/VK4FRAJ and others (pending) plan to be active from Malolo Lailai Island, Mamanuca Group (OC-121) as 3D2A from May 17-31st. QRV 160-6m using CW, PSK31, RTTY and SSB. Focus will be on digital modes and the WARC bands, plus an entry in the CQWW WPX CW Contest (May 24-25th). QSL via VK4AN, direct/bureau/LoTW. Assistance and Supporters appreciated - work to get Photo QSL posted direct from the Island. [NG3K]

24/05/2008: K0S Strange Antenna Challenge - The Strange Antenna Challenge, k0s, takes place over the entire Memorial Day Weekend. Starting at 1000 UTC May 24th and running to 2400 UTC May 25th. OUR antennas are NOT permitted to be constructed of wire or metal pipe. Past antennas have included such items as metal folding chairs, chicken wire, fences, trampolines, ladders, and trucks. We intend to remain in the general class portion of all bands used. In the past, we have spent the most time on 20 or 40 meters. NON-k0s stations may use any antenna they wish. Additional info and updates may be found at www.n0ew.org/k0s/ [QRZ.com]

01/06/2008: Eric, SM1TDE reports that Market Reef/OJ0 (EU-053, ARLHS MAR-001, TWLHD WLH OJ0-001, WLOTA LH-0542) will be activated by a Swedish team during the first week of June, 2008. They plan to be QRV 160-2m, CW/SSB/RTTY/WSJT, also active on satellites. Callsign(s), operators as well as QSL-routes TBA. Stay Tuned! [NG3K]

01/07/2008: This summer, Icom U.K. is to sponsor a unique radio station on the outskirts of Kent. In fact this special station called Red Sands Radio will be 8.5 miles offshore from Whitstable on the North coast of Kent in an old WWII Army Sea Fort on the Red Sands. The radio station, which will be on-air from early July, will be broadcasting to 1,000's of listeners in Kent on 1278kHz and via the Internet at www.redsandonline.co.uk/ . As part of the sponsorship agreement, Icom UK are planning to operate an Amateur Radio special event station. Ofcom

has issued GB0RSR the special call sign for this occasion. Icom will be broadcasting on HF using an IC-756PROIII in the evening and on VHF/UHF in the day. Icom UK also plan to conduct D-Star transmissions into a repeater system and the Internet. A vertical antenna will be affixed to the stanchions on the Southern Gun Tower roof to support the communications. For more details of this unique station including operating times and frequencies stay tuned to this website www.icomuk.co.uk/ or www.hamlife.co.uk/ [Southgate ARC]

25/07/2008: A new SX5C DXpedition from the Radio Amateur Association of Greece in end of July 2008 - The following Greek hams: Cliff/SV1JG, Spiros/SV1RC, George/SV1RP, Nikiforos/SV1EEX, Theodoros/SV1GRM, Sotirios/SV1HER and Daniel/SV1JCZ will activate the rocky islet Strogili (EU-001, GIOTA DKS 001) with lighthouse ham activation of the islet. Lighthouse named Ipsili (WLOTA LH-0237, ARLHS GRE-053). Timeline July 25th to August 4th. All the above hams are also members of the Radio Amateur Association of Greece. Also they will issue an expanded list of equipment that we will bring along but this will be announced soon! A ham friend who would operate on 2m EME as long as he/she would carry along his/her equipment will be very welcome! Up to then the team is looking for donation for the time of mission like 2m power amplifiers/longer beams etc. Please contact Sotirios, SV1HER in this case. [MMMonVHF]

==========

SPECIAL EVENTS -

11/03/2008: Poland is divided into 16 provinces, 379 districts and 2478 municipalities. A newly born award programme, the PGA (Polskie Gminy Award), is issued for contacts made with stations operating from the various "gminy" (municipalities). Special event stations SN0PGA (QSL via SP9YJC) and SP0PGA (QSL via SP2FAP) will be active on March 11 to May 15 and March 15 to April 15 respectively. Further information at www.qrz.com/callsign/SP0PGA [425 DX News]

15/03/2008: TC-SWAT (TC Special Wireless Activity Team) members TA1HZ, TA2IJ and TA3FB will air special event station TC18M to commemorate the Canakkale Naval War Victory of March 18, 1915. They will be on the air from the University Campus, Canakkale, between March 15-18, 2008. QRV mainly on 7, 14 and 21 MHz SSB and CW. There will also be some activity on 2m and 70cm locally. QSL via TA1HZ (P.O.B. 73 Karakoy, 34421 Istanbul, Turkey). Further information at: tcswat.tripod.com/id7.html [TC-SWAT]

U.S.A. Special event station information can be found at: www.arrl.org/contests/spev.html

==========

6M & UP -

10/03/2008: Look for Jay, W4SL to be signing VP5/W5SL from the well-known VP5JM 'Hamlet' located on Providenciales Island (NA-002, WW Loc. FL31VS), Turks & Caicos Islands, between March 10th and 20th.

Activity is expected on all bands, possibly including 6 meters (50.110 and/or 50.125 MHz) with a Flex 5000 running 100 watts to a M2 7 element yagi at 30 feet. QSL via home call. [VP5JM Web Site & N8OFS]

11/03-17/03: V25OP: Antigua Grid:FK97BC 50.110MHz USB OMNI-7 100W 3el yagi @ 40' QSL W9OP direct or bureau. [N8OFS]

11/03-17/03: V25WY: Antigua Grid:FK97BC 50.110MHz USB OMNI-7 100W 3el yagi @ 40' QSL W4OWY direct or bureau. [N8OFS]

16/03/2008: 9X0R, Rwanda - Although the expedition is not primarily targeting the 6-meter band, Gianfranco/I0ZY will do daily checks of the band between 1800 and 2000 UTC on 50.137 MHz USB. QSL EA5RM direct. [N8OFS]

17/03-21/03: YN2YV: Granada, Nicaragua Grid:EK71XU IC706-MKIIG 3el quad QSL IT9DAA direct or bureau. [N8OFS]

01/06/2008: Eric, SM1TDE reports that Market Reef/OJ0 (EU-053) and lighthouse (ARLHS MAR-001, TWLHD WLH OJ0-001, WLOTA LH-0542, Admiralty C4472) will be activated by a Swedish team during the first week of June, 2008. They plan to be QRV 160-2m, CW/SSB/RTTY/WSJT, also active on satellites. Callsign(s), operators as well as QSL-routes to be announced. Stay Tuned! [NG3K]

TL8DV - Central African Republic - Postponed.
Those of you waiting with some anticipation for TL8DV to be QRV in April and May now have a chance to develop your quality of patience. We just found out yesterday that our originally planned April - May 2008 trip to the Central African Republic has been scrubbed. It is a long story and one I can't go into on email / web sites but bottom line is we will not be there. I'll discuss some of the details when I make my TL8DV presentation this weekend in Lafayette. It appears as though this is a long-term postponement, not a cancellation. As (if) plans develop for our future trip(s) to TL8, I will of course let you know. Jean and I are disappointed in this turn of events but there is nothing we can do about it. More to follow - 161 de W1DV/TL8DV [NG3K]

From: F5nql@aol.com
Topic: 6859 Message: 6859

Hi Friends

CLIPPERTON , from their French Pilot F6AJA:
Hi
This a digest of some messages received in my mailbox :
We are all very tired.
The climate is very trying, with such a heat. The temperature is always between 35 à 45°C (45 to 113 F) at noon and there's at least heavy rain once a day.
Because of the former problems happended when we landed and set up the camps and now the weather , we are now all exhausted and boiled.
The Daily tropical storms are very hard.
We don't count anymore the times where we were wet and wet before returning to our tents, when leaving the traffic positions.

For the traffic :
On the lower bands the signals received are so weak and the background noise so heavy that we have sometimes to spend quite a minute to log a QSO completly. Imagine what can be the logging rate in such conditions.
Some ones have sent some unfriendly comments on the clusters. It's very easy to critisize when seated in a comfortable armchair at home. We are not sure that those pseudo hams could be able to do better things under our traffic conditions.
So, we will begin to unset the camps on Friday (local) and we will go onboard on Saturday (local)

Updated log, uploaded:

Last QSO in database 2008-03-13 01:00:04

DX and Contest news from Bill, NG3K :
CENTRAL AFRICA

Hello Bill,

I pulled this off a reflector I subscribe to for CW enthusiasts. Looks like we'll have to wait a while for Dave's TL8 operation.

Keep up the good work.

73,
Bob W4VQ

Greetings to all:
Those of you waiting with some anticipation for TL8DV to be QRV in April and May now have a chance to develop your quality of patience. We just found out yesterday that our originally planned April - May 2008 trip to the Central African Republic has been scrubbed. It is a long story and one I can't go into
on email / web sites but bottom line is we will not be there. I'll discuss some
of the details when I make my TL8DV presentation this weekend in Lafayette. It appears as though this is a long-term postponement, not a cancellation. As (if) plans develop for our future trip(s) to TL8, I will of course let you
know. Jean and I are disappointed in this turn of events but there is nothing we
can do about it.

Don't forget to inform us about any change in your e-mail address.

Bonjour à tous

CLIPPERTON:
De son pilote français, Jean Michel, F6AJA
Bonjour,

Je vous un digest des différents messages reçus ici ce matin

Nous sommes tous bien fatigués. ClimaT très éprouvant avec grosses chaleurs (35 à 45°C en milieu de journée) et pluie tous les jours.

Avec la chaleur plus les PB de débarquement on est crevés.

nous essuyons chaque jour un voir plusieur orages tropicaux accompagnés de vents trés violents.
Nous ne comptons plus les fois où nous avons tout retrouvé trempés dans la tente.

Sur les bandes basses, les signaux sont si petits et le bruit de fond si important qu'il faut
parfois plus d'une minute avant de réussir à prendre un call complet.Je vous laisse imaginer la cadence ainsi obtenue...
J'ai vu quelques uns des commentaires sur le cluster, facile de critiquer, je les invite tous à venir voir s'ils feraient mieux,eux si bien installés dans leurs fauteuils...

Bref, ns commençons à démonter Vendredi (local) et rembarquons Samedi (local).

Le log en ligne a été émis à jour:

Last QSO in database 2008-03-13 01:00:04
Total QSOs in Database 50853

Bands: 10M-2208 12M-3093 15M-7336 17M-7728 20M-9551 30M-4724 40M-8949 80M-6051 160M-1213 |
Modes:PH-23887 CW-25156 RTTY-1810

Voilà donc un résumé de la situation

Amitiés

Jean Michel F6AJA, Pilote pour TX5C

INFO DX et CONCOURS par Bill/NG3K :
REPUBLIQUE CENTRAFRICAINE

Bob W4VQ a transmis un message passé par Dave W1DV sur un forum >CW.
73,

Bob W4VQ

Meilleures salutations à tous.
Ceux qui attendent avec quelque impatience que TL8DV soit QRV en avril et mai ont la chance de tester leur patience;
Nous venons d’apprendre que ce déplacement a été annulé. C’est une histoire trop longue à expliquer par mail ou sur un site web, mais ce qui est sûr c ‘ est que nous ne seront pas là.
Il semble cependant que ce ne soit pas une annulation totale mais un report très long dans le temps.
Dès que la préparation de nos futurs déplacements en TL sera de nouveau d’ actualité, je vous le ferai savoir.
Jean et moi même sommes très déçus, mais nous ne pouvons rien faire de plus pour l’instant.
Plus d’info à venir.
161 de W1DV / TL8DV

Rag,

Clipperton is UTC - 7 hours, but since they just say "morning"
it is hard to calculate.

Clipperton Sunrise is around 1330z. And their webpage actually says, "We
will be stopping operation at dawn Clipperton time on Saturday March 15th."
Key here being "DAWN."

Hi friends
Antarctica:
A large Russian Antarctic Expedition did start last March 13th , at 8.00
leaving from Cape Town, South Africa, on board of "Academician Fedorov" on
a route to Antarctica. Planned goals are the following:
Station Progress, Station Mirnyj, Station Molodezhnaya, Station
Novolazarevskaya.
There is a plans for visiting 2 more Antarctic bases including possibly
Maitri Base.
Leading of Expedition is Valey Sushkov RW3GW who did replace Yuri Zaruba
UA9OBA actually very busy. The Team includes the head of film-radioexpedition
Michael Botchkarev (ex: UAØXB).
Callsign used will be R1ANT, while from on board of "Academician Fedorov "
they will use R1ANT/MM. Special QSL VIA RW3GW the general producer and the
author of the project " Antarctica".
Dates and more details at "News & Information" page, hosted at WAP web
site: _www.waponline.it_ (http://www.waponline.it/)
Changes in program can be possible on the way on, depending on logistic &
weather conditions.
Info source: _www.qrz.ru_ (http://www.qrz.ru/)

Bonjour à tous

Antarctique:
Une importante expédition rtusse vers l'<antarctique a débuté le 13 mars à
0800, quand elle a quyitté "Academician Fedorov".
Ils font route vers l'Antarctique.
Le planning des étapes comprend les étapes suivantes :

Station Progress, Station Mirnyj, Station Molodezhnaya, Station Novolazarevskaya.
Ils essaieront de visiter deux autres stations polaires, dont, si possible la Base Mait.
Le Chef d'expédition est Valey Sushkov RW3GW qui a remplacé Yuri Zaruba UA9OBA trop occupé par la mission scientifque.
L'équipe a accueilli le chef cameraman Michael Botchkarev (ex: UAØXB).
L'indicatif utilisé sera R1ANT, et à bord du Academician Fedorov " ils ajouteront /mm.
QSL spéciale via RW3GW le'auteur et le producteur général du projet the " Antarctica".
Détails sur le site de l'expédition aux pages "News & Information" , page, hébergées par le WAP à : _www.waponline.it_ (http://www.waponline.it)
Noter que le programme pour des raisons de météo et logistique, peut être modifié à tout moment.

5T DXpedition 2008

March 18th 2008

After long 3 days without news from the crew now here the latest.

Antennas:
All antennas now ready to use and the crew is on air from 160m to 10m.
Any problems with the 160m inverted-L antenna are removed and we hope we can bring up a good signal around the globe.
For 80m the crew has build a new inverted-L antenne and mount this.
All stations now are running but we only can operate from 5T with legal limit only 100W all bands.
We hope we can get a permission to make more power next days. We will inform you.

Team:
All crewmembers are in fine shape after a little time to acclimatize from 5 degree in germany to 45 degree and hot sun in Mauritanie.

Log:
Now the Pactor is running well and we hope to update the log daily.
For the 5T Crew is DX-Cluster or Internet not available
Please remember: Maretanie is one of the poorest Countries of the world.
It is not Europe not America it is just Africa.

Hi folks,
I have been having communications with RAC Germany and
it now appears that I will be able to get future releases in timely
manner. Every effort will be made to make sure the delays of the
RAC cd's are not repeated
The last shipment from Germany took 7 working days and I think
this will be a normal shipping time.
The next release will be mid May (exact dates not know at this time)
and should be available at the end of May. I will be making the May
order in April so that I can receive the first shipments from the factory
as soon as possible. Costs will remain the same as this past issue.
I am still maintaining the RAC LIST for the May/June and Nov/Dec
RAC issues. If you have not yet got on the list for one or both of these
issues, do so ASAP. At this time I do not plan on keeping a stock of this
cd's, but that may change if my proposals get accepted.
To get on the RAC LIST, just send me an email and in the messate tell
which or both issues you want and make sure I have your call sign and
valid email address. I will confirm your order with you prior to the
release
date of the issue and invoice from your confirmation.
Thanks to all for your support.

John,
If I may, I would highly suggest you provide a direct email address to
you rather than have people reply on the reflector that they want the
next RAC. The last time you posted an announcement such as this the
reflector was full of replies such as "I want it" and "me too" etc, etc.
Many of us opened our email program to find it full of these sort of
postings on the GOLIST reflector. There are 359 members of this
reflector and I suspect all 359 of us don't need to know that Joe Ham in
Ant Hill, AZ, wants the next RAC.
Thank you for hearing my gripe.

Hi folks,
If you have changes to your listing that needs to be made in RAC,
send me
an email with all the information that should be changed.
I can get this info to the proper people now to get the changes made in
a timely manner. Soon you will be able to make these requests online at
the new web site that is under construction. When the site is ready, I will
pass the link on to you.

6881. ZS8T DX NEWS

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-03-18 20:24:09 UTC
From: K1XN
Topic: 6881 Message: 6881

Building on the success of the 3Y0E Bouvet Island operation, Petrus wanted to take his amateur radio activity to the next level. Having more time to effectively plan the operation from Marion Island as ZS8T work began to set a team together that could rise above the high standards that were set during the 3Y0E Bouvet Island operation.

The ZS8T team consists of the following people:

Press Officer/Logistical Support - *Rhy ZS6DXB
*
Finance/Logistical Support - *Don N1DG
*
Finance Support - *Tom N4XP
*
QSL manager - *Emil LZ3HI
*
Website construction - *Christian DL6KAC
*
Website construction - *Col MM0NDX
*
ZS8T.net's design + graphics - *Stan SQ8X
*

One of the first tasks was to start work on a website that could take DX'pedition websites to a new standard. Chris DL6KAC, Col MM0NDX and Stan SQ8X really stood up to the challenge and created an interactive website that will change the future of DX'pedition websites. The team has built in a unique news cluster into the site that you can subscribe to that will enable you to receive all the latest news from the team behind ZS8T direct. Please register to the website on the following link: http://zs8t.net/newsletter/

The second challenge was to obtain better radio gear that was used during 3Y0E.

The ZS8T team is proud to announce the following principle sponsors to the ZS8T operation; these principal sponsors were strategic in getting the hardware needed for ZS8T. Without these sponsors ZS8T would never off made it out of the harbor...

ICOM America donated an IC7000

Spiderbeam donated a 5 band HD yagi

NCDXF donated funds to obtain an Ameritron AL80 Amplifier, with a SteppIR Vertical.

Tigertronics donated a Signalink USB digital interface

Mr. Emil LZ3HI at Gold Print Services donated all QSL cards and QSL management services

INDEXA, GDXF, GMDX, EUDXF, Chiltern DX Club, Clipperton DX Club, 5B4WN.com, *David Topp W5BXX, *Mile Hi DXA, Aurum Telemedia, Funkamateur, Passau DX Club, Danish DX Group, DXXE and EUDXF made financial donations to offset costs. Donations from kind individuals during 3Y0E, we are pleased to announce some of that money helped offset the cost of radio equipment now being used on Marion Island. It also greatly assisted with shipping costs to South Africa.

The team behind ZS8T would like to thank each and every organization and individual that has contributed to date in making the operation a full success.

Petrus ZS6GCM has also undergone extensive training and will be active on the following bands 160, 80, 40, 30, 20, 17, 12 and 10 meters. He will be active on the following modes: SSB, CW and RTTY. A detailed timetable with frequencies and modes will be made available closer to the QRV date. Petrus will also be communicating with Rhy ZS6DXB on a regular basis, and you can expect regular updates with photos and even the possibility of videos from the Island as the year progresses. ZS8T will be uploaded to LOTW on completion of the operation.

Without any further ado please join us on a life changing journey to Marion Island, official website address: http://zs8t.net <http://zs8t.net/feed/>

Within ZS8T.net you will find an abundance of information, discussions, images/movies and enough viewing to entice you into working Petrus. The entire ZS8T Team would be delighted if you joined us in following Petrus by subscribing to the RSS-feed <http://zs8t.net/feed/> at http://zs8t.net/feed/ or our ZS8T-newsletter <http://www.feedburner.com/fb/a/emailverifySubmit?feedId=1791100&loc=en_US> at http://zs8t.net/newsletter/

John does have a direct address - it's in the From: field of every message he sends to the reflector. At least that's the way I see it on Yahoo! Mail, Eudora and Thunderbird. I can't speak for other E-mail clients (like Outlook).

The reflector is setup so that all replies go to the reflector, not anyone's personal address.

6884. Re: [GOLIST] RACNEWS

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-03-19 02:43:27 UTC
From: Alan Zack
Topic: 6874 Message: 6884

If I click REPLY or REPLY ALL the address is GOLIST@yahoogroups.com which is the reflector address. I use Outlook Express and this is the only address that shows up. I do notice, that in some past emails, the email address golist@... does show up. I believe this is John's direct, private email. But, either way, if someone clicks on REPLY it will go to the reflector and be seen by everyone.

Its not a big deal. I can always hit DELETE but it is just a little frustrating to go thru 20 emails in a row saying they want their name added to the CD order list. In the last round of ordering I went to John's web site and placed my order on-line using his order form. This way he has all the info he needs to complete the order. I feel this is much more effective and causes less SPAM than hitting REPLY and saying "I want it too" to 359 people on the reflector and leaving John to figure out who it is that wants to place the order then having to research the guys address, credit card info on file, etc.

To each his own and I highly respect your opinion to do it either way.

Alan,
I would change the reflector to RETURN TO SENDER, but since I
do not own the Golist reflector, I do not have access to make those
changes to the settings. I am but a user like everyone else.
Sorry that I can not change the way it works on this issue.

6890. ICPO Bulletin (March 20 - 28, 2008)

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-03-20 19:14:18 UTC
From: Dave Raycroft
Topic: 6890 Message: 6890

I.C.P.O. Bulletin (March 20 - 28, 2008)
Islands, Castles & Portable Operations
Listing is by calendar date (day/month/year)
==========

13/03/2008: A large Russian Antarctic Expedition began March 13th, at 0800 UTC leaving from Cape Town, South Africa, on board the 'Academician Fedorov' on route to Antarctica. Planned goals and dates are the following: Progress Station from March 23-30th (AN-016, AA U-03, WAP RUS-11); Mirny Station from April 4-6th (AN-016, AA U-07, WAP RUS-07); Molodezhnaya Station from May 14-16th (AN-016, AA U-06, WAP RUS-08); and Novolazarevskaya Station from April 20-24th (AN-016, AA U-08, WAP RUS-09). There are plans for visiting 2 more Antarctic bases including possibly Maitri Station (AN-016, AA VU-02, WAP IND-03). Leader of the expedition is Valey Sushkov, RW3GW who did replace Yuri Zaruba, UA9OBA who is very busy. The Team includes the head of film-radioexpedition Michael Botchkarev (ex: UA0XB). Call sign used will be R1ANT, while from on board of 'Academician Fedorov' they will use R1ANT/MM. Special QSL via RW3GW (Val Sushkov, Box 2007, Lipetsk 398005, Russia) the general producer and the author of the project "Antarctica". Dates and more details at the News & Information page, hosted at WAP (www.waponline.it/). Changes in the program can be possible on the way, depending on logistic and weather conditions. Stay Tuned! [I1HYW]

17/03/2008: Carlos, N4THW is going to return to Al-Falluja, Iraq, and should be active again as YI9HW on 160-10m soon. Length of stay is unknown at this time. QSLs via his home call N4THW (QRZ.com). [DX Newsletter]

20/03/2008: Jack, F6BUM (www.f6bum.net) will be active again as 3W3M from Vietnam between March 20th and April 2nd. He plans to operate SSB and CW with 100 watts into a vertical antenna from the following three islands: March 20 (1000 UTC) - March 23 (0600 UTC) from Con C? (AS-185, new one); March 25 (0800 UTC) - March 28 (0600 UTC) from Phu Quoc (AS-128); March 29 (1000 UTC) - April 2 (0600 UTC) from Dao Con (AS-130). Expect activity on 40, 30, 20, 17, 15, 12 and 10 meters. QSL via F6BUM, direct or bureau. [425 DX News]

20/03/2008: Operators Fabio/I4UFH, Massimo/IZ4DPV and Santos/CT1DVV will be active March 20th to April 2th from the D4C Monteverde Contest Station, Mindelo, Ilha do S?o Vicente (AF-086, WLOTA LH-1976), including a M/? entry in the CQ WW WPX SSB Contest (March 29-30th). QSL via IZ4DPV (Mr. Massimo Cortesi, P.O. Box 24, 47100 Forli'-Centro, Italy). [NG3K]

20/03/2008: Joan/EA3GHZ, Enrique/EA5EOR and Dina/EC5BME will operate SSB and CW as EA6/homecall from Isla de Ibiza (DIE E-023, LH-0958), Balearic Islands (EU-004), from March 20-24th. They will have two

complete stations, and will concentrate on 160, 80, 40 and 30 meters from 1800 UTC until the early morning hours. QSL via home calls, direct or bureau. [425 DX News]

20/03/2008: Look for Augusto, I2JJR/HB9TZA to be active as IC8/I2JJR/P, from the island of Ischia (EU-031, IIA NA-001, MIA MI-042, WLOTA LH-0689) from March 20-24th. Weather permitting he will try to activate some castles counting for the DCI award, such as Castello Aragonese di Ischia (DCI reference NA-019), which is located close to his hotel. Activity will be on 80-6m, using IC7000, AH4, and 9m vertical. QSL via I2JJR, direct or bureau. [I2JJR/HB9TZA]

20/03/2008: Three operators from the Aegean DX Group, namely Alexandros/SV8CYR, Vassilis/SV8CYV and Vagelis/SV5CJQ will be active as SX5AI from Agathonisi Island (EU-001), March 21-26th. This island also counts for GIOTA DKS-063. They plan to operate SSB and digital modes on 20, 40 and 80 meters, plus 10 and 6 metres SSB if the bands are open. All of the QSOs will be confirmed automatically via the bureau. Direct requests should be sent to SV8CYV. [425 DX News]

20/03/2008: Operators Sarla/VU2SWS, Nandu/VU2NKS (ARLHS member #1548), Milind/VU2IZO and Basappa/VU2NXM plan to activate the Chaul/Korlai Fort lighthouse (ARLHS IND-081, Admiralty F0568, NGA 27928) Activity will be from March 20-23rd, starting 1130 UTC on 14.260, 21.260, 7.040, and 28.500 MHz. The lighthouse is located in the Northern Maharashtra region and Mumbai (Bombay) Area (WW Loc. MK68KM). QSL via operators instructions. [K2JXW]

22/03/2008: Ed, N1UR and his xyl Christine, KB1PQN will be active from Layang-Layang Island, Spratly Islands (AS-051) between 0800 UTC March 22 and 0000 UTC March 30. Navy permission to operate from Layang-Layang has been granted. They will be using the call sign 9M6/N1UR for both stations. QRV 160-10m, using CW and SSB. QSL via K2RET (Bob Tomkovich, Jr., 405 Hemlock Dr., Lanoka Harbor, NJ 08734 USA). Further information can be found at: www.n1urspratly.com/ [NG3K]

22/03/2008: Dieter, DK2AT will spend his holidays near the capital Dublin, Ireland (EU-115, also count for WLOTA LH-2484), from March 22-30th. He will be active as EI/DK2AT using CW and SSB with a FT-897 with 100 watts to a 10m vertical. QSL via home call, direct or bureau. [DX Newsletter]

22/03/2008: Satrting around 0700 UTC, on April 22nd, look for Fran?ois/F5JNE along with Claude/F5MCC, to be active as homecall/p, from the Castle of Montchevreuil (DFCF 10026), in the City Les Loges Margueron (CP 10210) and Canton of Chaource (DDCF 1O-07). Department Aube/1 and Province Champagne-Ardennes (DPF 08). As usually, CW/SSB, 80m then 40m. QSL via bureau preferred, SWL cards welcome. [F5NQL]

22/03/2008: Ben, DO1BEN will be active March 22-28th as OZ/DO1BEN from Lolland Island (EU-029, DIA SJ-015 for the Danish Islands Award, WW Loc. JO54QV). QRV on all HF bands. QSL via home call, direct (QRZ.com) or

bureau. [RSGB IOTA]

23/03/2008: Michael, DG3NDN will be active March 23-28th from Liechtenstein as HB0/homecall. Look for activity on 80m/20m, SSB only. QSL via home call, direct or bureau. [DX Newsletter]

23/03/2008: Willy/ON5AX and xyl Magda/ON3AX will be QRV from: Lord Howe Island (OC-004) as VK9ALH from March 23-30th; and Australia (OC-001) as VK4/ON5AX between April 2-7th. Equipment: Alinco DX70 transceiver 100W, groundplane antenna designed and made by Tony ON4CEQ. QRV on CW, SSB and PSK31. QSL via ON5AX or ON3AX. [UBA HF News]

23/03/2008: Operators Leigh/WA5ZNU (ZF2NU), Yuki/K6YUU (ZF2UU), Hunter/KI6IMM (ZF2IM) and Becky/K6BEC (ZF2BE) will be active March 23-31st from Seven-Mile Beach on Grand Cayman Island (NA-016, also count for WLOTA LH-1042, WW Loc. EK99HI). Modes will be CW, SSB, PSK, RTTY. Equipment consists of Elecraft K3/100, Cushcraft R6 multi band vertical (20 to 6 meters), 106 foot +/- long wire antenna. The 6m frequency will be 50.110 MHz USB. QSL via the operators home call. Further information, along with updates and frequencies can be found at: wa5znu.org/2008/03/zf2nu/ [N8OFS]

24/03/2008: Jan HH4/K4QD and Don HH4/AF4Z will be at the Northwest Haiti Christian Mission (www.nwhcm.org/), Haiti (NA-096, WLOTA LH-0343), from March 24th to April 4th. They will operate 80-10m on CW, SSB and RTTY as time permits. The will also participate in the CQWW WPX SSB contest. QSL to home calls (K4QD & AF4Z). Operators prefer direct or LoTW, but the bureau is OK. [K4QD]

24/03/2008: Harry, W6DXO will be active holiday style from St. John, U.S. Virgin Islands (NA-106) as KP2/W6DXO between March 24-28th. Focus will be on 20-10 meter SSB, with some CW. There is also the possibility of operation on 40 meters. QSL via KF6JOQ. [NG3K]

24/03/2008: Ela/DL1TM and Tor/DJ4MG will be active as OZ/homecalls from Ingstrup (JO47UH), Community of Lokken, Nordjylland Island (EU-171, NJ-001 for the Danish Islands Award), Denmark, March 24-April 10th. They will work with two stations using SSB on 160/80/40/20/15m and using PSK31 on 40m/20m. Antennas they will use will be a spiderbeam, a 160m loop and a DK9SQ loop. They will also be active on 2m SSB with 100W and 11 element yagi at 16m above ground level. They will also participate in the Nordic Activity Contest. QSL via home calls, direct or bureau. Further information can be found at http://dj4mg.dyndns.org/ [MMMonVHF]

24/03/2008: Operators Bill/KX4WW, Vic/W4VIC, Noll/W9RN and Bruce/W4OV will be active March 24th to April 1st as VP5/homecall from Seaview Villa, Providenciales Island (NA-002), Turks & Caicos Islands. QRV 160-10m, all modes, including an entry in the CQ WPX SSB Contest (March 29-30th) using the special contest call sign VQ59W. QSL VQ59W via KX4WW direct only with SASE or $1 (Bill Walker, 1024 Vanderploeg Drive, Chesapeake, VA 23320 USA) - NO eQSL. QSL VP5/KX4WW via LOTW or direct only with $1 or SASE - NO eQSL. QSL VP5/W4VIC via LOTW or home call,

direct - NO eQSL. QSL VP5/W9RN via home call, direct. QSL VP5/W4OV via home call, direct. Further information can be found at: vadxcg.com/VQ59W.htm [NG3K]

25/03/2008: Mike, WA2VQW reports that the W2RZS amateur radio club will be active as TO5RZ from Villa Natanya, Colombier, Saint Barthelemy Island (NA-146, DIFO FJ-001, WLOTA LH-0377, WW Loc. FK87NW) from March 25th to April 1st. QRV on 160-10m using CW, SSB and RTTY (including WARC bands), plus an entry in the CQWW WPX SSB Contest (March 29-30th). QSL via W2RZS, direct or bureau. [NG3K]

25/03/2008: Geoff, W0CG will be QRV as PJ2DX from Signal Point, island of Curacao (SA-006, also count for WLOTA LH-0942) between March 25th and April 1st. Look for activity on all bands and modes. QSL via home call. [CCC]

26/03/2008: Stig, LA7JO plans to be back in Nepal as 9N7JO, on and off between March 26th to June 30th. He will leave Nepal at the end of June, with his assignment there ending. Since January, 2005 he has made 77,000 QSOs as 9N7JO, on SSB, CW, PSK31 and RTTY, from 160-6m. QSL direct, info at: www.qsl.net/la7jo/9n7jo.html [MMMonVHF]

26/03/2008: Csaba (DH7KU, HA7XQ), will be active holiday style from Luxembourg during the Easter holiday as LX/DH7KU, March 26-28th. He will be using a QRP-99 IV TRX from KNE (about 10W) and dipole antennas for 40m and 20m. QSL via DK0UN. [NG3K]

26/03/2008: John, W5JON will be active again as V31FB from San Pedro, Ambergris Caye (NA-073, WW Loc. EK67AW), Belize, from March 26-31st. QRV on 6-160 meter SSB, including a Single-Op/All-Band entry in the CQ WPX SSB Contest (March 29-30th). Equipment will be ICOM IC-7000, RM Italy KL-400 amplifier (400 Watts), Alpha Delta 10-160 meter dipoles and 3 element yagi on 6 meters. QSL via home call. [NG3K]

26/03/2008: The VK6 DX Chasers Club, a sub-group of the Northern Corridor Radio Group, is pleased to announce its next island expedition to Faure Island (OC-206), in Shark Bay, Western Australia. The group will be active from the island between March 26th and April 1st, using the call sign VK6FAU. Activity will be SSB, CW and the Digital modes on 80-6 meters. They will also try 160m. QSL via VK6NE, direct or bureau. Full details can be found at: vk6fau.wordpress.com/ [OPDX Bulletin]

26/03/2008: John, VK6HZ will once again be operating holiday style as VK6ARI from Rottnest Island (OC-164, WLOTA LH-2197) between March 26th and April 4th, including an entry in the 2008 CQ WPX Contest. Equipment will be IC-7000 and Buddiepole. Online log may be available during the trip (he will confirm closer to the time). QSL via home call, direct (John Ferrington, 54 View St., North Perth, WA 6006, Australia) or by the bureau. Further details at: www.vk6hz.com/ [OPDX Bulletin]

26/03/2008: Franz/DL9GFB as VP2EFB and Jan/DJ8NK as VP2ENK will be active from the island of Anguilla (NA-022) during the period of March

26th to April 6th, including an entry in the CQWW WPX SSB Contest (March 29-30th). QRV 160-10m using CW, SSB, RTTY and PSK. The final decision about equipment is yet to be made, but for sure we will have a quarter wave for 75/80m and an inverted L for 160m, 2 stations with linears. The QTH is in the north of the island at "Island Harbour", overlooking the sea. QSL via home calls, direct or bureau. [DJ8NK]

26/03/2008: Look for Art, N3DXX to be active March 26-31st from the island of Montserrat (NA-103) using the call sign VP2MAH, including a Single-Op entry in the CQWW WPX SSB Contest (March 29-30th). QRV 160-10 meters. QSL via home call. [NG3K]

27/03/2008: Filip/ON4AEO and Kath/ON7BK together with radioclub Secunda members Gert/ZS6GC, Sid/ZS5AYC, Lucas/ZS6ACT, Tom/ZS6TMO, Adele/ZR6APT, Edwin/ZS5BBO, Janet/ZS5JAN, Steffi and Elna will be QRV from the Katse Dam in the Kingdom of Lesotho as 7P8FC between March 27 and April 1, 2008. Expected frequencies are: SSB - 1.845, 3.780, 7.063, 14.185, 18.136, 21.290, 24.930 and 28.490 MHz; RTTY - 3.590, 7.040, 14.084, 18.104, 21.084, 24.924 and 28.084 MHz; and PSK - 7.038, 14.072, 18.102, 21.072, 24.922 and 28.122 MHz. The QSL route is via ON4CJK, direct or bureau. Further information and updates available at: www.7p8fc.be/index.htm [NG3K]

27/03/2008: Svein, LA9JKA (JX9JKA) will be "very active" from Jan Mayen (EU-022, Grid IQ60) from March 27th through October 8th. He plans to operate SSB and digital modes on 160m-70cm, plus 2m EME. QSL via home call. [F5NQL]

27/03/2008: Operators Kuny/W1FPU (7L1FPU), Satoshi/N2QP and Masashi/KH0TL will be active as homecall/p from Saipan, Northern Mariana Islands (OC-086) from March 27th-31st. They will also participate in the CQWW WPX SSB Contest (March 29-30th) as AH0BT, a Multi-Single or Multi-Two entry. QSL KH0/N2QP direct, with SAE and 1 IRC or 1USD (Satoshi Kouya, 2-7-5 Iwamoto-cho, Chiyoda, Tokyo 101-0032 Japan). QSL KH0/W1FPU and AH0BT via 7L1FPU, direct or bureau. QSL KH0TL via 7L1FFH, direct or bureau. [NG3K]

27/03/2008: Dave, W5CW will be active March 27th to April 9th as VP5/W5CW from the VP5JM 'Hamlet' on Providenciales (NA-002), Turks & Caicos Islands, including a Single-Op/All-Band entry in the CQWW WPX SSB Contest (March 29-30th) using the special call VQ58V. Outside the contest Dave will be QRV 160-6m (including WARC bands), using CW and SSB. On 6m he will use a M2 7 element yagi at 30 feet (Grid FL31VS). All QSLs via W5CW. [NG3K]

28/03/2008: Operators BV8BC, BV8BQ, BV8SE and BX8AD will be active March 28-31st as BV9O from Orchid Island [Lan Yu] (AS-155, also count for WLOTA LH-0626). QSL via BV8BC. [425 DX News]
==========
LOOKING AHEAD -

29/03/2008: Gia, 4L4WW will be active from Obcha, Georgia, as 4L0A during the CQWW WPX SSB Contest (March 29-30th) as a Single-Op/High-Power entry. No bands were mentioned. QSL via EA7FTR. [NG3K]

29/03/2008: Members of the Radio Club "Varazdin" (9A1HDE/9A7A) will be active as 9A60A from March 29th to December 31st to celebrate the 60th anniversary of their Radio Club. First activity is scheduled to take place during the CQ WW WPX SSB Contest (March 29-30th). QSL via 9A7A. [OPDX Bulletin]

29/03/2008: Look for Philippe, LX2A to be active from Luxembourg as LX7I during the CQ WPX SSB Contest (March 29-30th) as a Single-Op/All-Band entry. QSL via LX2A. [NG3K]

29/03/2008: Gordon, N5AU will be QRV as VP2E from the island of Anguilla (NA-022) during the CQWW WPX SSB Contest (March 29-30th) as a Muti-Single entry. He will be testing some new antennas. QSL via N5AU, direct only. [NG3K]

05/04/2008: Starting April 5th for six days, look for Chris to be active as M0DOL/p and GX4KPT from Holy [aka Lindisfarne] Island (EU-120) and the Lindisfarne Castle. CASHOTA reference for Lindisfarne Castle will be given on-air. QSL both calls via M0DOL. [F5NQL]

18/04/2008: Yoshi, JE2EHP will be active from Guam Island (OC-026, USi GU-003S, also count for WLOTA LH-0064) as K1HP/KH2 between April 18th and 21st, using SSB and CW on all HF bands plus 6m. QSL via JE2EHP, bureau preferred. [JE2EHP]

09/05/2008: Gian Paolo, IW0EFA with several other Military Hams will be activate from the Military Airport of Viterbo using the call sign II0ALE (Italy Italy Zero Aviation Light Army) on May 9th and 10th. Look for them to be active on all HF bands 80-10m, propagation permitting. QSL via the bureau. Direct requests can be sent to IW0EFA (QRZ.com). [IW1DQS]

24/05/2008: Operators OH0/PA2A (Steve), OH0/PA2AM (Wim), OH0/PA0VHA (Hans), OH0/PA3BAG (Jack), OH0/PA3ALK (Wil) and OH0/PB5A (Teun) will be active May 24th to June 6th from Aland Island (EU-002, also count for LH-1373). Activity will be on 160-2m, with three stations running at the same time, using SSB, CW, RTTY and PSK31, including an entry in the CQ WPX CW Contest (May 24-25th). They will also be on 6m and 2m during aurora, tropo or ES. QSL via home calls, or direct only, with SAE, to PA0VHA (H. Vernhout, Ph. de Goedestraat 54, 3132 XR Vlaardingen, The Netherlands). Further info can be found at: www.pa2am.nl/aland/index.htm [PA2AM]

21/07/2008: The KL7DX IOTA DXpedition to Chuginadak Island (NA-234 New One!, Grid AO52) is planned to take place from July 21-27th. At the moment, team members include Yuri/N3QQ, John/KE7V and Yuri/UA9OBA. The team will try to make as many as possible 2-way radio contacts with IOTA Island Chasers on all HF bands including 6 meters. As of right now, they

are in the final planning stages for Chuginadak Island (Islands of Four Mountains group) NA-234 Amateur Radio DX-pedition. Estimated Dates: Landing on or around July 21st, 2008, Departure on or around July 27th, 2008. QSL via AC7DX (QRZ.com). Further information can be found at na-234.com/index.html [na-234.com]

04/09/2008: Satoshi, N2QP will be active as KH0/N2QP from Saipan, Northern Mariana Islands (OC-086), September 4-8th, including an entry in the All Asian DX Phone Contest (September 6-7th). QSL KH0/N2QP direct, with SAE and 1 IRC or 1USD (Satoshi Kouya, 2-7-5 Iwamoto-cho, Chiyoda, Tokyo 101-0032 Japan). [N2QP]

==========

SPECIAL EVENTS -

22/03/2008: Special stations II0IGU (QSL via IK0JFS), II0IDP (via IS0SDX), II1ICS (via I1SAF), II1IGG (via I2AZ), II7ICT (via IZ7EDQ), II8ICN (via IZ8FAV) and II9ICF (via IT9MRM) - all representing former coast radio stations of the Italian Navy - will be active March 22-30th for the Italian Navy Coastal Radio Stations Award (digilander.libero.it/assoradiomarinai/coastal08/home.htm). [425 DX News]

26/03/2008: This year is the 70th birthday of RAFARS. GB70RAF will be on air between March 26th and April 6th from a location to be arranged in Dorset. [Pete's-DX-Newsdesk]

28/03/2008: The past fifteen years have witnessed the emergence of new challenges in the security environment. As a result, the frequency of NATO summit meetings has increased. From the founding of NATO until 1990 - over forty years - there were ten summit meetings. The following sixteen years saw eleven more. In total, twenty-one summit meetings have taken place. Between April 2-4th, the next summit meeting will in Bucharest, Romania. To mark this event, look for special event station YO22NATO to be on the air between March 28th and April 9th. Activity will be on all bands and different modes. QSL via YO3KAA, direct (QRZ.com) or bureau. [OPDX Bulletin]

28/03/2008: Special event stations G0RFC from Cornwall and G3RAF from Devon will be aired between March 28th and April 6th as part of the RAFARS celebrations. QSL via the RSGB bureau. [Pete's-DX-Newsdesk]

U.S.A. Special event station information can be found at: www.arrl.org/contests/spev.html

==========
* The summits in Finland (127) and Poland (222) will be added the SOTA programme effective on April 1, 2008. Current SOTA activities are announced at: sotawatch.sota.org.uk/activations.php or sotawatch.sota.org.uk/spots.php [DX Newsletter]

* We are very close to the SP DX Contest 2008 (April 6-7). This year it is a very special contest edition: 75th Anniversary of the SP DX Contest (for the first time organized in 1933). Celebrating the SP DX Contest Jubilee, Polish Amateur Radio Union and SP DX Club are sposnsorig a special jubilee award: SP DX Contest - 75th Anniversary Award. Please look at the award rules. The award is free for all licensed operators and SWLs. Please visit www.spdxcontest.info/ [SP8AJK]

* MMAA 2007 RESULTS. Ed, PY4WAS, President of the CWJF, reports that on March 17th, at 2100z, the CWJF Web site will publish the results of the 2007 Manchester Mineira All America CW Contest at: www.powerline.com.br/cwjf . The CWJF group hopes amateur radio operators will participate in this year's event. [OPDX Bulletin]

* Very shortly a new Argentine Antarctic Award will be launched by Radio Club Rio de la Plata. Name of the Award is WAAB (Worked Argentine Antarctic Bases). Radio Club Rio de la Plata will provide through Horacio LU4DXU the rules and a list of the Bases which qualify for the Award, and it will be add on the World Wide Antarctic Award pages at: (www.waponline.it/WapAwards/tabid/61/Default.aspx) on WAP web site. [LU4DXU]
==========
March 18, 2008:
Bouvet Island, Petrus Kritzinger ZS6GCM sets out to yet another unique amateur radio venture that many DX'ers around the world can only dream about. Petrus will be QRV from Marion Island #6 on the DX Magazine 2007 Most Wanted List as ZS8T. ZS8T is expected to be QRV by May 2008 dependent on work load.

Building on the success of the 3Y0E Bouvet Island operation, Petrus wanted to take his amateur radio activity to the next level. Having more time to effectively plan the operation from Marion Island as ZS8T work began to set a team together that could rise above the high standards that were set during the 3Y0E Bouvet Island operation. The ZS8T team consists of the following people:
- Press Officer/Logistical Support - Rhy ZS6DXB.
- Finance/Logistical Support - Don N1DG.

- Finance Support - Tom N4XP.
- QSL manager - Emil LZ3HI.
- Website construction - Christian DL6KAC.
- Website construction - Col MM0NDX.
- ZS8T.net's design and graphics - Stan SQ8X.

One of the first tasks was to start work on a website that could take DX'pedition websites to a new standard. Chris DL6KAC, Col MM0NDX and Stan SQ8X really stood up to the challenge and created an interactive website that will change the future of DXpedition websites. The team has built in a unique news cluster into the site that you can subscribe to that will enable you to receive all the latest news from the team behind ZS8T direct. Please register to the website on the following link: zs8t.net/newsletter/

- The second challenge was to obtain better radio gear that was used during 3Y0E. The ZS8T team is proud to announce the following principle sponsors to the ZS8T operation; these principal sponsors were strategic in getting the hardware needed for ZS8T. Without these sponsors ZS8T would never off made it out of the harbor...
- ICOM America donated an IC7000.
- Spiderbeam donated a 5 band HD yagi.
- NCDXF donated funds to obtain an Ameritron AL80 Amplifier, with a SteppIR Vertical.
- Tigertronics donated a Signalink USB digital interface.
- Mr. Emil LZ3HI at Gold Print Services donated all QSL cards and QSL management services.
- INDEXA, GDXF, GMDX, EUDXF, Chiltern DX Club, Clipperton DX Club, 5B4WN.com, David Topp W5BXX, Mile Hi DXA, Aurum Telemedia, Funkamateur, Passau DX Club, Danish DX Group, DXXE and EUDXF made financial donations to offset costs.
- Donations from kind individuals during 3Y0E, we are pleased to announce some of that money helped offset the cost of radio equipment now being used on Marion Island. It also greatly assisted with shipping costs to South Africa.
The team behind ZS8T would like to thank each and every organization and individual that has contributed to date in making the operation a full success.

Petrus ZS6GCM has also undergone extensive training and will be active on the following bands 160, 80, 40, 30, 20, 17, 12 and 10 meters. He will be active on the following modes: SSB, CW and RTTY. A detailed timetable with frequencies and modes will be made available closer to the QRV date. Petrus will also be communicating with Rhy ZS6DXB on a regular basis, and you can expect regular updates with photos and even the possibility of videos from the Island as the year progresses. ZS8T will be uploaded to LOTW on completion of the operation.

Without any further ado please join us on a life changing journey to Marion Island, official website address: http://zs8t.net/ . Within ZS8T.net you will find an abundance of information, discussions,

images/movies and enough viewing to entice you into working Petrus. The entire ZS8T Team would be delighted if you joined us in following Petrus by subscribing to the RSS-feed at zs8t.net/feed/ or our ZS8T-newsletter at zs8t.net/newsletter/ [SQ8X]

ZS8T ? Marion Island <http://zs8t.net>

Preparations in progress
<http://feeds.feedburner.com/%7Er/ZS8T/%7E3/255181718/>

Posted: 20 Mar 2008 05:47 PM CDT

Last weekend some members of the ZS8T team gathered in Cape Town, South Africa at David's ZS1BCE <http://www.qrz.com/callsign/ZS1BCE> to assemble all the equipment before loading it on SA Agulhas <http://www.sailwx.info/shiptrack/shipposition.phtml?call=ZSAF>.

Thanks to fantastic efforts of *our sponsors <http://zs8t.net/donorssponsors/>*, everything arrived in time, coming to South Africa from different parts of the world via Fed Ex, UPS and such.

Rhy ZS6DXB spend entire days with Petrus ZS6GCM/1 on antennas' construction, installing software for digimodes, and the most crucial, explaining all of important things regarding operation on IC-7000, the power amplifier, Signalink card etc. to Petrus.

Meeting at David?^(TM)s ZS1BCE
<http://zs8t.net/wp-content/uploads/ct_shack1.jpg>

Checking the amplifier?? <http://zs8t.net/wp-content/uploads/ct_shack2.jpg>

??and the IC-7000 with CI-V and such?? And remember: Petrus won't use this zoo frequency ;-) <http://zs8t.net/wp-content/uploads/ct_shack3.jpg>

PA <http://zs8t.net/wp-content/uploads/ct_pa.jpg>

Dancing with the ant, Rhy ZS6DXB
<http://zs8t.net/wp-content/uploads/ct_spider.jpg>

80-40m vertical SteppIR <http://zs8t.net/wp-content/uploads/ct_steppir.jpg>

80-40m vertical SteppIR <http://zs8t.net/wp-content/uploads/ct_steppir2.jpg>

Petrus himself having a glass of wine to celebrate the trip to Marion Island. Table Mountains over Cape Town in background.
<http://zs8t.net/wp-content/uploads/ct_petrus.jpg>

Petrus was amazed at the new possibilities he will have down there in ZS8. He has been listening very carefully, asking very good questions that helped him to learn faster. Nevertheless, unlike on Bouvet island, this time his stay in Marion will have a huge advantage: he will be able to get instant support regarding the rig from the team.

All the radio equipment has been double checked as there is no place for mistakes and failures at Marion Island... And Petrus' departure comes faster than you might think...

All the guys at David's had a glass of wine to celebrate forthcoming departure for Marion Island. We just wonder, was it this wine <http://images.winecommune.com/lotImage/801366556.jpg> that they have had there? :-)

<http://feeds.feedburner.com/%7Ef/ZS8T?a=55VKjCF>

From: F5nql@aol.com
Topic: 6898 Message: 6898

Hi friends
Directly from Rafik, F5CQ, Official Webmaster for the upcoming GLORIOSO 2008.
The new website is now open and available at :
http://glorieuses2008.free.fr/ (http://glorieuses2008.free.fr/)

It’s the continuationof the GLORIOSO 2005, but still alive, have a look on it as often as possible.
The Sponsor page is also open and the adresses have been updated.
So are alsso the useful links.
The Guestbook has the same shape and the messages are now all readable even those put on the former Glorioso 2005.
The pilots for this Dxpedition to the 4th rank in the most wanted countries are :
Erurope : Jeff F6AOJ
North America East coast : Floyd N5FG
VK - ZL : Lee ZL2AL
We are awaiting the confirmation for Asia (Toshi JA1ELY et Mike UAØMF)
The dxpedition is always needing a pilot for the North America West coast.
For our friends in USA, the sponsorrings and other personnal contributions are under : Floyd N5FG’s duties.
73's Rafik

FINLAND :
Jussi, OH6ZZ, is happy to announce upcoming pedition to water square JP91 on 7th June 2008. Jussi will be from a boat on lowest part of # (JP91OA..JP91SA) ab 70km from land abt 10..12h. Big problem will be weather because only 3...4 days earlier he do know if it's possible to start trip, waves can be high and wind blowing middle of the sea.
Equipment will be TS2000, TS790, GS35, 3CX800 + 2x 8el short yagis.
More info later: _http://www.mmmonvhf.de/latest.php?id=1344_ (http://www.mmmonvhf.de/latest.php?id=1344)

***
ALAND Isl:

Jussi, OH6ZZ, will be trying as well to activate OH0 (KO09) after the JP91-Gig on 8th June 2008. Jussi will sign OH6ZZ/0 from KO09CX on 8th june on 2m MS. Equipment will be TS2000, TS790, GS35, 3CX800 + 2x 8el short yagis. More info and details later here at MMMonVHF:
http://www.mmmonvhf.de/latest.php?id=1345

***

FRENCH GUYANA

We are happy to pre-announced our upcoming 144 EME activity from FY
French Guyana EME operation expected from May 1st until May 7th.
The callsign was confirmed two days ago and is TO3EME. The location will
be Ile Royale / Les iles du Salut / French Guyana IOTA SA-020, GJ35,
so on HF we should be operating SSB IOTA freq or PSK31 usual freqs.
We should have an array of 4 short yagis and some more power than our
6V7A & J79DI previous expeditions. 2 element beam and 100w on 6m.
Jacques F1BCS and Jean-marc F1HDI News and a Google-Earth KMZ-File at:

GLORIEUSES 2008:
De Rafik, F5CQ, Official Webmaster for the upcoming GLORIOSO 2008.
Bonjour à Tous,

Le site est maintenant public à :
http://glorieuses2008.free.fr/

Il est dans la continuité de la version 2005.
L'essentiel est maintenant à jour mais je continue à actualiser ce qui en a encore besoin, en particulier les sponsors et les liens utiles.
Le livre d'or reste le même et j'ai déjà trouvé des messages.

Les pilotes sont :
Europe : Jeff F6AOJ
Amérique côte Est: Floyd N5FG (Floyd se charge aussi des dons et contributions pour les USA)
VK - ZL : Lee ZL2AL

Je n'ai pas encore les réponses pour Japon et Asie :
En principe Toshi JA1ELY et Mike UAØMF
Ni pour l'Amérique côte Ouest où nous n'avons pas eu de volontaire.

[Forwarded with permission]

From: "Bernie McClenny, W3UR" <bernie@...>
To: bernie@...
Date: Fri, 21 Mar 2008 09:41:24 -0400
Subject: [The Daily DX] E7 Bosnia and Herzegovina

On August 8, 2007 the International Telecommunications Union (ITU) replaced the callsign series prefix block of Bosnia and Herzegovina (BiH) from T9 to E7. Effective today at 2300Z (March 22 1200 AM in Bosnia and Herzegovina) Amateur Radio operators from BiH will begin using their new E7 callsigns. T93Y (soon to be E73TW), Boris Knezovia, says the Communications Regulatory Agency issued only two and three letter callsigns suffixes. Applications for one letter suffixes can be applied for starting April 14th and hopefully being issued in late May 2008. More details (in Bosnian) can be found at http://www.cra.ba/bs/public-affairs/pressr/default.aspx?cid=4822. This should generate a lot of interest on the bands late tonight and early tomorrow. See you in the Pileups!

NEWS RELEASE

For more information, contact:
Richard Moseson (W2VU)
Editor, CQ Amateur Radio
(516) 681-2922 / w2vu@...

FOR IMMEDIATE RELEASE: March 21, 2008

Kosovo Added to CQ DX Awards Country List Effective 2/17/08

(Hicksville, NY) March 21, 2008 -- Kosovo is being added to the list of countries and territories recognized for CQ DX awards, effective immediately, CQ DX Awards Manager Billy Williams, N4UF, announced today.

Verifications for contacts made on or after February 17, 2008 are acceptable for CQ DX Award credit. CQ DX Honor Roll members with 335 or more credits should update by May 31st for highest placement in Honor Roll listings.

The new 339 entity maximum will appear on CQ DX Honor Rolls to be prepared in early June. CQ DX Honor Roll listings prepared in early April will be based on a 338 maximum count.

All Kosovo contacts will count for field KN on applications for the CQ DX Field Award.

Kosovo's status has been the subject of some controversy in the amateur radio community as well as the world community, as the ARRL declared that special operations from there on February 17 will count as Serbia, not Kosovo, in terms of DXCC credit. The United States and many European countries immediately recognized Kosovo's independence. However, Russia and China are opposed to it and Russia has threatened to veto any U.N. action to recognize Kosovo as an independent nation.

"We are aware that the ARRL has not yet added Kosovo to the DXCC list," explained CQ magazine Editor Rich Moseson, W2VU. "The League says it is waiting for Kosovo to become a member state of the United Nations or be issued a callsign block by the International Telecommunications Union (ITU), a U.N. agency. However, because of geopolitical issues far beyond the realm of amateur radio, it is unlikely that the United Nations or the ITU will act on Kosovo in the near future, even though the United States and many other countries have granted it recognition."

"Because it is CQ's policy to grant credit for contacts with 'new' entities as of the date that their status changes," Moseson continued, "we have

decided not to wait for U.N. action, but to follow the lead of the United States and other countries that have recognized Kosovo's independence, and to grant credit for contacts made with stations in Kosovo as of its independence day, February 17, 2008."

(NOTE: This action does not affect the country list for the CQ WW DX Contest. CQWW rules state that its country list is composed of those entities on the DXCC list and the WAE (Worked All Europe) award list. If the WAE Committee decides to add Kosovo to its list, it will automatically be added to the CQWW list.)

6903. Auto Complete Call Entry

Yahoo group: GOLIST (2007 — 2010)

Maybe my old brain is failing, but didn't the GOWin bring up the QSL info as soon as a recognizable call was typed in, without me having to hit <Enter>? I seem to remember that it then changed to requiring <Enter> but was later fixed. Well, I've had to hit <Enter> since about two or three updates ago. What changed?

Joe,
A couple of versions back, the program was changed to have the
lookup modified. So a selection was added. Instant or not instant.
Goto the toolbar at the top of the screen and click on OPTIONS.
You should see this drop down menu

For instant lookup, make sure the tick mark is there,
for hit with enter, NO tick mark.
Check this out Joe and see if this fixes this issue for
you.
Let me know.

6908. Re: [GOLIST] Auto Complete Call Entry

Yahoo group: GOLIST (2007 — 2010)
Date: 2008-03-23 20:36:44 UTC
From: Alan Zack
Topic: 6903 Message: 6908

Did someone hijack your GOLIST web site? I just tried to download the latest issue of the QSL Mgr database. When I clicked on DOWNLOAD in the GOWin window (as I have done a 1000 times before) it took me to some marketing list.
Anyone else seeing this?
